> Unfortunately, I witnessed a mother discipline her son and daughter in a department store. The kids, a boy and girl maybe five or six years old, were just playing in their seats as they waited for their mom. Just as the kids' play became a bit too noisy, the mother turned around, quickly grabbed the arm of the young boy and told him to stop it or she would slap him silly. Now, I know that's not the first time I've heard that kind of frustration from mothers.

> But almost all the time, it's been from Black mothers. Just to be clear, I don't have children so this is not to pass judgement because I can only imagine the challenges parents face. But how many times are Black children stifled or have the fear put in them, to the point where they are so scared to move, much less explore, imagine, be spontaneous, or simply have laugh-out-loud fun in the moment?

On September 6, 2018, off-duty Dallas Police Department patrol officer Amber Guyger entered the Dallas, Texas, apartment of 26-year-old accountant Botham Jean and fatally shot him. Guyger said that she had entered the apartment believing it was her own and that she shot Jean believing he was a burglar.[1][2]

Botham Shem Jean, a 26-year-old black man, was a Harding University alumnus and an accountant for PricewaterhouseCoopers (PwC). Jean was born in Saint Lucia.[15]:1[16]

Amber Renée Guyger (born August 9, 1988)[19] was 30 years old at the time of the shooting. She had been on the Dallas police force for almost five years.

Aug 4, 2020 - Amber Renee Guyger, Appellant, v. State of

Texas, Appellee. On Appeal from the 204th Dist. Ct. Dallas Co. No.F18-00737

Botham Shem Jean was dedicated to God at a young age and grew into an accountant with a passion for singing and volunteering. He once took it upon himself to teach his mother's church choir "how to sing," she said. "Botham was not happy with our singing at the congregation," his mother said with a laugh. He taught the choir how to read music and arranged the singers by sopranos, altos, bass and tenor. "Everything Botham did was to impact the lives of people," Allison Jean said of her son. Eva Rausing: Found dead with no cause of death yet established. Her husband has been suspected as the killer. Rausing's family says she was at Occidental College at the same time as Obama.

It is unclear whether they knew one another but her devastated family, who recall her link to the then Barry Obama, are clear that it was at Occidental where the pharmacology student - already a regular cannabis user - was 'turned-on' to hard drugs. https://www.dailymail.co.uk/

The Rausing family are a wealthy Swedish family, best known for the Tetra Pak founder Ruben Rausing. Several members of the family now live in the United Kingdom.

Events leading up to 2012

In April 2008, Rausing and his wife were arrested on drugs charges after Mrs Rausing allegedly tried to take small amounts of crack cocaine and heroin into the United States embassy in London. Quantities of crack cocaine and heroin were then found in their home. They were charged with possession of a large amount of cocaine and smaller quantities of crack, heroin and cannabis after a Scotland Yard investigation. They admitted possessing Class A drugs (cocaine and heroin) and received a police caution.

10 July 2012 Rausing was arrested on suspicion of possessing class A drugs, after which his wife Eva Rausing was found dead at the couple's Belgravia home.Rausing failed to report his wife Eva's death for two months. On 17 July 2012, he was charged with delaying burial of her body.[8] He pleaded guilty and received a suspended sentence. The couple had four children.

He married Julia Delves Broughton, daughter of Sir Evelyn Delves Broughton, 12th Bt and sister of Isabella Blow, in June 2014.

Isabella "Issie" Blow (19 November 1958 - 7 May 2007) was an English magazine editor. As the muse of hat designer Philip Treacy, she is credited with discovering the models Stella Tennant and Sophie Dahl as well as propelling and continually advocating the career of fashion designer Alexander McQueen,

beginning when she bought the entirety of his explosive premier show inspired by Jack the Ripper. She died by suicide in 2007.

Issie Blow moved to New York City in 1979 to study Ancient Chinese Art at Columbia University and shared a flat with the actress Catherine Oxenberg. A year later, she left the Art History programme at Columbia, moved to Texas, and worked for Guy Laroche. In 1981 she married her first husband, Nicholas Taylor (whom she divorced in 1983), and was introduced to the fashion director of the US edition of Vogue, Anna Wintour. Blow was hired initially as Wintour's assistant, but it was not long before she was assisting André Leon Talley, as of 2008 US Vogue's editor-at-large. While working in New York, she befriended Andy Warhol and Jean-Michel Basquiat.

Ovarian Cancer and poor life outlook

Toward the end of her life, Blow became seriously depressed and was reportedly anguished over her inability to "find a home in a world she influenced". Daphne Guinness, a friend of Blow's, stated: "She was upset that Alexander McQueen didn't take her along when he sold his brand to Gucci. Once the deals started happening, she fell by the wayside. Everybody else got contracts, and she got a free dress".[18] According to a 2002 interview with Tamsin Blanchard, it was Blow who brokered the deal in which Gucci purchased McQueen's label.[8] Other pressures on her included financial problems (Blow was disinherited by her father in 1994)[8] and infertility.

Isabella and Detmar Blow separated in 2004. Detmar Blow went on to have an affair with Stephanie Theobald, the society editor of British Harper's Bazaar, while his estranged wife entered into a liaison with a gondolier she met in Venice. During the couple's separation, Blow was diagnosed with bipolar disorder and began undergoing electroshock therapy. For a time, the treatments appeared to be helpful. During this period she also had an affair with Matthew Mellon; however, after an eighteen-month separation, Isabella and Detmar Blow

were reconciled. Soon afterward, she was diagnosed with ovarian cancer.

Depressed over her waning celebrity status[22] and her cancer diagnosis, Blow began telling friends that she was suicidal. In 2006, Blow attempted suicide with an overdose of sleeping pills. Later that year, Blow again attempted suicide by jumping from the Hammersmith Flyover, which resulted in her breaking both ankles. Blow made several more suicide attempts in 2007, by driving her car into the rear of a lorry, attempting to obtain horse tranquilizers, trying to drown herself in a lake and by overdosing while on a beach in India.

On June 3, 2013, Jones died at 74 of natural causes after suffering from lung cancer and heart disease at his home in Anaheim Hills, California.[30][31] Jones’s death left Rosey Grier as the last surviving member of the Fearsome Foursome, the L.A. Rams defensive line which is widely considered the best such unit in the history of the NFL. Of the former defensive standout, NFL commissioner Roger Goodell said, “Even with his fellow Hall of Famers, Deacon Jones held a special status. He was an icon among the icons.” Washington Football Team General Manager Bruce Allen, son of

Jones's longtime coach George Allen, called him "one of the greatest players in NFL history. Off the field … a true giant."[

Sports Illustrated columnist Peter King noted at his death that Jones had a profound effect on the way defense was played in the NFL and cited the influence on such later NFL stars as Lawrence Taylor, Deion Sanders, and Michael Strahan.[33] As a tribute to Jones, the NFL created the Deacon Jones Award, which will be given annually to the league leader in sacks.

Lyle and Erik's father, José Enrique Menéndez, was born on May 6, 1944, in Havana, Cuba. At age 16, he moved to the United States, shortly after the beginning of the Cuban Revolution.[2] José attended Southern Illinois University, where he met Mary Louise "Kitty" Andersen (1941-1989). They married in 1963 and moved to New York City, where José earned an accounting degree from Queens College.[3] The couple's first son, Joseph Lyle Menéndez, who goes by his middle name, was born on January 10, 1968.[4]

Kitty quit her teaching job after Lyle was born, and the family moved to New Jersey, where Erik was born on November 27, 1970, in Gloucester Township.[5][6][5] In New Jersey, the family lived in Hopewell Township in Mercer County, and both brothers attended Princeton Day School.[3] In 1986, José's career as a corporate executive took the family to Beverly Hills, California.[5][3] The following year, Erik began attending high school at Beverly Hills High, where he earned average grades

and displayed a remarkable talent for tennis, ranking 44th in the United States for 18-and-under players.[7]

On the evening of August 20, 1989, José and Kitty were sleeping on a couch in the den of their house in Beverly Hills when Lyle and Erik entered the den carrying shotguns.[8] José was shot in the back of the head with a Mossberg 12-gauge shotgun.[9] Kitty was awakened by the shots and got up from the couch. She was shot in the leg and fell, and was then shot several times in the arm, chest, and face, leaving her unrecognizable.

When they returned home later that night, Lyle called 9-1-1 and shouted “Someone killed my parents!”[12] When officers from the Beverly Hills police department arrived, the brothers told them that the murders occurred while they were at a movie theater seeing Batman, and then they attended the annual “Taste of L.A.” festival at the Santa Monica Civic Auditorium. The police did not order the brothers to undergo gunshot residue tests to find out whether they recently used a firearm,[13] since at that time, there was no clear evidence that suggested they might be involved.

In the months after the murders, the police connected the brothers’ lavish spending to the murders of their parents.[13] Lyle bought a Rolex watch, a Porsche Carrera, and Chuck’s Spring Street Cafe,[14] a Buffalo wing restaurant in Princeton, New Jersey, while Erik hired a full-time tennis coach and competed in a series of tournaments in Israel. They eventually left the family mansion unoccupied, as they decided to live in adjoining condos in nearby Marina del Rey.[15] They also drove around Los Angeles in their deceased mother’s Mercedes-Benz SL convertible, dined expensively, and went on overseas trips to the Caribbean and London.[16] It is believed that they spent somewhere around $700,000 during the period between the murders and their arrests, but the suspicion on the brothers for their spending was later disputed by family members, stating that there were no changes with their spendings before and after the killings.

Shane Todd's girlfriend, Shirley Sarmiento, expected to hear from him on Friday or Saturday, but he did not respond to her messages. On Sunday, June 24 (Approaching July 4), she went to his apartment. Finding the door unlocked, she entered, and discovered Todd's body hanging from a bathroom door. A chair was about five feet away. Sarmiento then contacted Todd's family in the United States to alert them to his death.

The police were quoted as saying that Todd "drilled holes into his bathroom wall, bolted in a pulley, then slipped a black strap through the pulley and wrapped it around the toilet several times. He then tethered the strap to his neck and jumped from a chair." However, when Todd's family arrived at his apartment in Singapore after receiving news of his death, they noted that the scene was not as described: there were no holes in the marble walls of the bathroom, and neither were there bolts or screws. The location of the toilet was also not where the police report indicated it was. Furthermore, there were no signs of an investigation at the scene; police had not put up crime scene tape or dusted for fingerprints.

The Financial Times reported that Todd's home "looked like a snapshot of a man in the middle of a move". Before his death, Todd was in the middle of doing the laundry. He had packed boxes in preparation for his move back to the United States, and had clean clothes folded on the couch. He was also apparently in the middle of trying to sell his furniture, and had been writing out price tags. His airline ticket back to the United States was on the table, but his laptop and phone had been taken away by the police.

Police found several suicide notes allegedly left by Todd, but his family and girlfriend told the Financial Times that they did not seem to be Todd's writing. In one note, he apologized for being a burden to his family, but his mother said he had never been a burden; he had excelled at everything, she said. Another note praised the management of IME. His girlfriend was

incredulous, noting that Todd “hated his job.” After his mother read the notes, she told the police detectives, “My son might have killed himself, but he did not write this.”

David Camp, a criminologist from Illinois, analyzed the suicide note side by side with a collection of Todd’s other writings and told reporters that he held the opinion that the suicide note found by the police was not written by Todd. Camp concluded that it wasn’t written by an American and wasn’t typical of a suicide, that he felt the note was detached and unemotional, and did not match up with Todd’s personality. He added that “everything about [the suicide note] was different: different format, different cultural backgrounds, different wording, different sentence length, everything about it was completely different, which leads to one conclusion; someone else wrote it.”

The official autopsy report provided by the Singapore police said that Todd’s cause of death was “asphyxia due to hanging.” But on his body, Todd’s family found bruises on his hands and a bump on his forehead, neither of which was mentioned in the autopsy report. Suspecting foul play, they asked the mortuary to photograph Shane’s body before burial, and send the photos to Edward Adelstein, a county-level deputy medical examiner in Missouri. Adelstein’s initial theory was that Todd’s wounds did not support the suicide hypothesis. Instead, it appeared Todd was involved in a fight with an attacker and died by “garrotting”. The original pathologist in Singapore dismissed Adelstein’s conclusions, stating that Adelstein had not seen the body and had mistaken the post-mortem pooling of blood in the hands for bruises. *

Elisabeth and Robert Maxwell retrieved from Wikipedia and copied or modified to here

Elisabeth Jenny Jeanne Maxwell (née Meynard; 11 March 1921 - 7 August 2013) was a French-born researcher of the Holocaust who established the journal Holocaust and Genocide Studies in 1987.[1] She was

married to publishing tycoon Robert Maxwell from 1945 until his death in 1991 when the family soon came under scrutiny for his business dealings, especially his responsibility for the Mirror Group pension scandal.[2][3] Later in life, she was recognized for her work as a proponent of Interfaith dialogue and received several awards including an honorary fellowship from the Woolf Institute at Cambridge.

Maxwell was born Elisabeth Jenny Jeanne Meynard in La Grive, near Saint-Alban-de-Roche, France, to Louis "Paul" Meynard and Colombe (née Petel) Meynard.[1][5] Paul Meynard was a Protestant descendant of the Huguenot a descendant of Protestant Huguenot aristocracy whose lineage included kings of France[6][7] and Colombe Meynard was a Roman Catholic (whose marriage to a Protestant resulted in her excommunication).

In September 1944, after the Liberation of Paris, she met Czechoslovakian-born British Army Captain Robert Maxwell, while working as an interpreter for the Welcome Committee, which introduced French people to allied officers; they married on 15 March 1945.[1] She then worked as his secretary and assistant in London as he established his publishing empire.[1] The Maxwells had nine children: Michael, Philip, Ann, Christine, Isabel, Karine, Ian, Kevin and Ghislaine. All of Maxwell's children were delivered by her sister Yvonne, a gynecologist, in Maisons-Laffitte, France.[8] Two of the children died in childhood: daughter Karine died in 1957, at age three, from leukemia, and son Michael entered a coma following a car crash in 1961; he died six years later without regaining consciousness.[12] At first, the family lived on a budget, but later moved into a mansion at Broomfield, Esher.[1] Starting in 1960, the family lived at Headington Hill Hall where the offices to Robert Maxwell's Pergamon Press were also located.

Maxwell researched her husband's Jewish relatives

who perished under Nazi rule, and discovered they amounted in total to over 300 of his immediate and extended family.

he Woolf Institute is an academic institute in Cambridge, England. Founded in 1998 by Dr Edward Kessler MBE and the Revd Professor Martin Forward in central Cambridge on the Westminster College Site, [1] it is dedicated to the study of interfaith relations between Jews, Christians and Muslims.[2] Using research and education to explore the relationship between religion and society, it aims to foster greater understanding and tolerance.

In 1998, the United States Holocaust memorial Museum (USHMM) established the Center for Advanced Holocaust Studies (CAHS). Working with the Academic Committee of the United States Holocaust Memorial Council, the CAHS supports research projects and publications about the Holocaust (including a partnership with Oxford University Press to publish the scholarly journal Holocaust and Genocide Studies), helps make accessible collections of Holocaust-related archival material, supports fellowship opportunities for pre- and post- doctoral researchers, and hosts seminars, summer research workshops for academics, conferences, lectures, and symposia. The CAHS's Visiting Scholars Program and other events have made the USHMM one of the world's principal venues for Holocaust scholarship.

Elisabeth Jenny Jeanne Maxwell and Committee on Conscience

The Museum contains the offices of the Committee on Conscience (CoC), a joint United States government and privately funded think tank, which by presidential mandate engages in global human rights research. Using the Convention on the Prevention and Punishment of the Crime of Genocide, approved by the United Nations in

1948 and ratified by the United States in 1988, the CoC has established itself as a leading non-partisan commenter on the Darfur Genocide, as well as the war-torn region of Chechnya in Russia, a zone that the CoC believes could produce genocidal atrocities. The CoC does not have policy-making powers and serves solely as an advisory institution to the American and other governments.

WILL THE US MILITARY BE CALLED ON ONE DAY TO FIRE ON US CITIZENS?

https://www.nowtheendbegins.com/

2009 Nobel Peace Prize nominee Jim Garrow shockingly claims he was told by a top military veteran that the Obama administration's "litmus test" for new military leaders is whether or not they will obey an order to fire on U.S. citizens.

Garrow was nominated three years ago for the prestigious Nobel Peace Prize and is the founder of The Pink Pagoda Girls, an organization dedicated to rescuing baby girls from "gendercide" in China. Garrow has been personally involved in "helping rescue more than 36,000 Chinese baby girls from death." He is a public figure, not an anonymous voice on the Internet, which makes his claim all the more disturbing.

"I have just been informed by a former senior military leader that Obama is using a new "litmus test" in determining who will stay and who must go in his military leaders. Get ready to explode folks. "The new litmus test of leadership in the military is if they will fire on US citizens or not". Those who will not are being removed," Garrow wrote on his Facebook page, later following up the post by adding the man who told him is, "one of America's foremost military heroes," whose goal in divulging the information was to "sound the alarm."

The 7th Floor Group was a group of US State Department officials who met regularly on the 7th floor of the Harry S. Truman Building in Washington, DC, that was exposed in Autumn 2016. The FBI referred to the group as a "shadow government" inside the State Department, which briefly attracted the attention of commercially-controlled media.[1] The group appears to have formed around Hillary Clinton, although no direct evidence has yet emerged to tie her to the group. Most if not all remaining members had their employment terminated on 17 February 2017.[2]

Once again another Lame Cherry exclusive in matter and anti matter … …

> The assassination of diplomat Anne Smedinghoff was directed from 1600 Penn Avenue, in a fringe control cell, run out of the NSA.
>
> In the Smedinghoff sanction, Homeland Director Janet Naps Napolitano knew of this operation, the CIA knew of this operation as she was one of their "own" and the NSA proper knew of the assassination.
>
> What this cell is, is a melding of the political wing of Val-erie Jarrett, David Axelrod, David Plouffe and Michelle Robinson Obama, with full knowledge by Birther Hussein Obama, in this "committee to re elect the birther" and to provide political opportunities in staged crisis to not take advantage of.
>
> Rahm Emanuel never quite knew the depths to what his statement would devolve to.

The reason Smedinghoff was terminated, was her indirect knowledge in being the "cancer courier" who provided the wafer to the priest who fed this bio toxin to Hugo Chavez. Smedinghoff did not know her mission in Venezuela, but after reaching her new assignment in Afghanistan, became concerned over the perilous things that Birther Hussein was exposing the Israeli state to and

the treatment of Jews, that in conversation with a Mosaad operative, a recruitment was initiated, and Smedinghoff divulged her part in the Venezuela operation which the Israeli operative helped fill in the details to bring to the conclusion of why international headlines were speaking of the cancer weapon, and Smedinghoff was made to realize she was the loaded gun.

This information found it's way through the NSA network and Smedinghoff was sourced as the conduit. It was at this point that this double agent was sanctioned for termination to cover up what was becoming a story pointing fingers at the Obama regime as Murder Incorporated.

Bluntly put, there is no difference in Smedinghoff, Benghazi with Ambassador Stevens, the SEALS loaded into one helo and murdered and Hugo Chavez. All of these operations were run out of 1600 Penn Avenue by the cell operational with full knowledge of the NSA Director.

This cell, was behind the setting up of the fake bin Laden compound in Pakistan for a future political event.

The reason the CIA, NSA and Napolitano were informed of the Smedinghoff assassination, was this was one of their own and would bring high attention as Chris Stevens. There could not be "inquiries" into this, as Anne Smedinghoff like Chandra Levy left strings which if pulled would reveal other higher profile operations.

This cell in the NSA was cleverly put together, and the NSA director is disavows any direct knowledge of operations, so it is never under Congressional oversight. The coordinator for this cell is Eric Holder, and is why he was brought into the Obama regime for the beginning in order to run this cell, as it was Holder who was the

hatchet man in the Clinton Administration who under Janet Reno ran the Waco operations that murdered the Branch Davidians and burned their children alive for political effect, and it was Holder who ran the mass assassination of the group around Sec. Ron Brown when he was executed with an ice pellet bullet, and the surviving flight attendant on ground after the crash was murdered as she wandered around ground zero. Vince Foster's termination was coordinated by the hatchet man Eric Holder.

Holder is the enforcer for the cartel at 1600 Penn Avenue. His cover is Attorney General, but in working the NSA cell, he never answers to Congress as they would never inquire to him about NSA matters, as he is not overtly in control of the NSA, as this all falls under Janet Napolitano's arena, but how the cell operates, is Napolitano is often in the dark about operations being run in the high profile, and that includes the murder of Hugo Chavez.

Napolitano knew nothing of this operation run out of Homeland by Holder in this NSA cell.

FBI Director Robert Mueller is aware of this NSA cell, but he is not a part of it.

This NSA group scares the CIA and FBI, as those finding the tracks of their operations, know this is all sanctioned and protected at the highest levels, and those matters are not to be spoken of.

Andrew Breitbart was assassinated by this political assassination committee.

I believe overtly faked warrants on me, by William Ruiz and

Jim Volcelka, are what Jen Moore was murdered over. These warrants were people speaking lines which would be atributed to me, but were spoken by William or Jim.

hower after not having been able to shower for weeks. It was ME just moving into his condo after camping my way there from Texas.

What did he say under surveillance next, while wearing my stolen motorcycle jacket? And why did Jim Volkelca say to me "I took the asvab but decided to go in to the same line of work privately instead of enlisting" when it was me who took the Military ASVAB in MEPS Oakland CA, ,was offered Crypto Analyst or Fire Control Officer, but I decided not to enlist, and went on to private work, often working with crypto. And at KinkBnB my clothes were stolen and SimplyCat was only shopping for size 13 boots, I wear 13, and she was shopping for guns at the same time. All this fits with fake warrants on the death of Jen Moore as a coverup.

D.C.'s U.S. attorney: One foot in court, one in the streets

By Keith L. Alexander
Washington Post Staff Writer
Monday, April 19, 2010

Then-U.S. Attorney Eric H. Holder sat on the sofa of his fifth-floor office 13 years ago and listened to the young lawyer tell him what needed to change: Prosecutors spent too much time in their offices and the courthouse, and not enough time in the community.

Ronald C. Machen told his future boss in a job interview that they needed to have a regular presence throughout the District by attending community forums, meetings in church basements, youth summits and the like. Waiting until a crime is committed, Holder recalled Machen telling him, was too late to develop relationships.

Machen, 40, has returned to the U.S. attorney's office as its chief after being sworn in as the District's top prosecutor in February.

The District's U.S. attorney job is one of the most coveted in federal law enforcement. As the city's top law enforcement official, the U.S. attorney overseas the largest federal prosecutor's office in the nation, with about 340 lawyers handling local and federal criminal cases.

Glenn Allen Youngkin is an American businessman and politician who is the governor-elect of Virginia. He is expected to be inaugurated as the 74th governor of Virginia on January 15, 2022. Wikipedia Born: December 9, 1966 (age 54 years)

[image]

On Nov. 11, 2002, Youngkin was the founding secretary of British QinetiQa creation of the British Ministry of Defencei.e., the British CROWN. Among other obligations to obey the Queen, Youngkin was duty bound to follow the British Official Secrets Act as a QinetiQ officer responsible to co-sign all contracts entered into by the company.

Youngkin's first founding director was Sir Jonathan Richard Symonds, an accountant responsible for managing the Monarch's Golden company control shares (preferred voting shares).

The QinetiQ Articles of Association affirm that Youngkin was the company secretary and keeper of the seal. The only higher position in the company is managing director, the British monarch's 100% overarching control notwithstanding.

Youngkin's OATH carries on to this day. QinitiQ has received

over $8.5 billion (2020) in U.S. Defense contracts. Some of those companies are in Virginia. CONCLUSION: YOUNGKIN IS INTERLOCKED WITH A FOREIGN POWER. Therefore, absent full disclosure and without special dispensation from the Virginia legislature.

Qinetiq Group Plc, Co. No. 4586941. (Jun. 03, 2003). Resolutions at General Meeting re. British Monarch's "Special Share." Companies House (UK).

HARD PROOF of Youngkin's treason, under his signature.

This one share gives the British monarch 100% control of the operations of QinetiQ

If the Queen orders a liquidation of the company, QinetiQ and its Carlyle shareholder "tag along" to extract full value from the sale. That is, Carlyle cannot disagree with the Queen, or King and win the argument if the monarch has other ideas.

The Queen 100% dictates QinetiQ's defence [sic] contracting business:

David Petraeus retrieved from Wikipedia and copied or modified to here

Petraeus has a B.S. degree from the United States Military Academy, from which he graduated in 1974 as a distinguished cadet (top 5% of his class). In his class were three other future four-star generals, Martin Dempsey, Walter L. Sharp and Keith B. Alexander. He was the General George C. Marshall Award winner as

the top graduate of the U.S. Army Command and General Staff College class of 1983.[8] He subsequently earned an M.P.A. in 1985 and a Ph.D. degree in international relations in 1987 from the Woodrow Wilson School of Public and International Affairs at Princeton University. He later served as assistant professor of international relations at the United States Military Academy and also completed a fellowship at Georgetown University.

Petraeus has repeatedly stated that he has no plans to run for elected political office.[10][11][12] On June 23, 2010, President Barack Obama nominated Petraeus to succeed General Stanley McChrystal as commanding general of the International Security Assistance Force in Afghanistan, technically a step down from his position as Commander of United States Central Command, which oversees the military efforts in Afghanistan, Pakistan, Central Asia, the Arabian Peninsula, and Egypt.

On June 30, 2011, Petraeus was unanimously confirmed as the Director of the CIA by the U.S. Senate 94-0.[16] Petraeus relinquished command of U.S. and NATO forces in Afghanistan on July 18, 2011, and retired from the U.S. Army on August 31, 2011.[17] On November 9, 2012, he resigned from his position as director of the CIA, citing his extramarital affair with his biographer Paula Broadwell, which was reportedly discovered in the course of an FBI investigation.[18][19] In January 2015, officials reported the FBI and Justice Department prosecutors had recommended bringing felony charges against Petraeus for allegedly providing classified information to Broadwell while serving as director of the CIA.[20] Eventually, Petraeus pleaded guilty to one misdemeanor charge of mishandling classified information.

> By 1934 the von Trapp family had lost a large part of their wealth due to a global depression and a banking failure. Their fortune had consisted of monies inherited from the children's great-grandfather, Robert Whitehead, (from his invention of the torpedo) and the other half from Georg's successful decade-long shipping businesses on the Rhein-Danue Rivers (1919-1930). To stabilize their financial situation Georg worked on several endeavors including writing his WWI memoir, lecturing, and exploring some engineering ideas. As a result, the family was able to stay at their home in Aigen, near Salzburg, Austria, but they took on boarders to help cover expenses. In the summer of 1934 the famous German/Austrian opera singer, Lotte Lehmann, visited Villa Trapp and the family entertained her with their music. She was so impressed and touched by the family's performance that she told them, "You have gold in your throats. You are not allowed to keep this

for yourselves, you have to share your voice with people.

On 16 November 1936, Edward invited Prime Minister Baldwin to Buckingham Palace and expressed his desire to marry Simpson when she became free to remarry. Baldwin

informed him that his subjects would deem the marriage morally unacceptable, largely because remarriage after divorce was opposed by the Church of England, and the people would not tolerate Simpson as queen.[61] As king, Edward was the titular head of the Church, and the clergy expected him to support the Church's teachings. The Archbishop of Canterbury, Cosmo Gordon Lang, was vocal in insisting that Edward must go.[62]

Wallis Simpson, Earl Winfield Spencer Jr. (September 20, 1888 - May 29, 1950) was a pioneering U.S. Navy pilot who served as the first commanding officer of Naval Air Station San Diego. He was the first husband of Wallis Simpson, who later went on to marry Edward VIII.

Earl Winfield Spencer Jr. (September 20, 1888 - May 29, 1950) was a pioneering U.S. Navy pilot who served as the first commanding officer of Naval Air Station San Diego. He was the first husband of Wallis Simpson, who later married Edward VIII.

Known as Win, he was born in Kinsley, Kansas, son of Earl Winfield Spencer Sr., a socially prominent Chicago stockbroker,[1] and the former Agnes Lucy Hughes of Jersey. He attended Racine College in Racine, Wisconsin.[2] He graduated from the United States Naval Academy in 1910 and in 1917 was sent to San Diego with instructions to set up a permanent naval air station, which was to be used for training exercises, and he became its first commanding officer.[3]

Spencer was married five times.[citation needed] Four of his wives were:

Bessie Wallis Warfield (1896-1986), only child of Teackle Wallis Warfield, member of a prominent Maryland family; they

married in Baltimore on November 8, 1916.

Spencer was alleged to be abusive and an alcoholic. After several separations, the Spencers divorced in December 1927. After a second marriage, to Ernest Aldrich Simpson, and a subsequent divorce, Wallis Spencer married the former King Edward VIII of the United Kingdom and became the Duchess of Windsor.

Mariam J. Maze (1895-1997) the former wife of Albert Cressey Maze (1891-1943).[4][5][6] She was the former Miriam Ham, daughter of George and Katie Anastasia (née Eagels) Ham of Portland, Oregon.[7] They married in September 1928 and were divorced in 1936, the same year Spencer was made a Knight of the Order of the Crown of Italy by Benito Mussolini.

Earl Winfield Spencer Jr - Bessie Wallis Warfield (m. 1916; div. 1927) King Edward VIII and Wallis to Edward VIII (m. 1937; died 1972) Mariam J. Maze to Spencer jr 1936, the same year Spencer was made a Knight of the Order of the Crown of Italy by Benito Mussolini.

By this marriage he had one stepson, Robert Claude Maze Sr., Major, USMC (killed in action, 1945).[9] Mariam Spencer married, in 1939, as her third husband, Arthur William Radford, Vice Admiral, USN, future Chairman of the Joint Chiefs of Staff.

Norma Reese Johnson (1891-1944),[11] the widow of Homer Sturtevant Johnson, a Detroit manufacturer who died in 1928, and a daughter of Carl Reese, of Detroit, Michigan. Spencer and Johnson were married in Los Angeles, California, on July 4, 1937.

By this marriage he had two stepdaughters: Betty L. Johnson, an actress and songwriter (married Balie Peyton Legare Jr. (1908-1984), a jazz musician, whom she divorced in 1942) and Kathryne Johnson (born circa 1912, married Dell Myron Wade

Jr).

The Spencers' wedding was a double wedding with Betty and Peyton Legare, whose wedding in February 1937 in Tijuana, Mexico, was not valid under California law and needed to be resolemnized.[12][13]

The couple separated on February 9, 1940, and were divorced later that year in Santa Monica, California. Both parties charged cruelty, and Norma declared that her husband was plagued by what The New York Times's announcement of their acrimonious divorce delicately called "habitual intemperance." Time magazine reported, "During a stormy session of accusations and counteraccusations Navyman Spencer, charged with cruelty and habitual intemperance, testified that his weekly liquor bill was only about $10, that his wife 'drank as much of it as I did.'"[14] Lillian Phillips (1892-1981),[15] daughter of Robert A. and Ella Burgess Phillips, whom he married October 2, 1941.[16]

According to a wedding announcement in the Baltimore Sun (20 November 1895), her parents were married by C. Ernest Smith at Baltimore's Saint Michael and All Angels' Protestant Episcopal Church on 19 November 1895,[8] which suggests she was conceived out of wedlock

On July 1, 1969, MacDonald joined the United States Army. He was briefly deployed to Fort Sam Houston to undergo a physician's basic training course, and opted to join the Green Berets while stationed at this base. After six weeks, he was posted to Fort Benning. Although MacDonald had joined the Army knowing he might be deployed to serve in the Vietnam War, he later learned that, as a Green Beret physician, he was unlikely to serve overseas.[16]

In his eighth grade year, MacDonald became acquainted with Colette Kathryn Stevenson (b. May 10, 1944). He would later recollect he had first observed Colette "walking down the hallway (of Patchogue High School) with her best friend" and that, although he was attracted to both girls, he found Colette more attractive. Approximately two weeks later, they began talking and formed a friendship, with MacDonald soon "asking her out to the movies". The two formed a brief romantic relationship in the ninth grade, with MacDonald later recollecting they fell in love while holding hands on a balcony while watching the movie A Summer Place at the Rialto Theatre.

Michael Patrick Murphy (May 7, 1976 - June 28, 2005

Murphy was known to his friends as “Murph” and as “The Protector” in his high school years. In 8th grade, he protected a child with special needs who was being shoved into a locker by a group of boys, ending with Murphy physically pulling the attackers away from the child.

In 1994, Murphy graduated from Patchogue-Medford High School and left home to attend The Pennsylvania State University (Penn State). He graduated in 1998 with a double major in political science and psychology.[2] Murphy was engaged to his college sweetheart, Heather Duggan, and their wedding scheduled for November 2005.

The seal team was dropped off by helicopter in a remote, mountainous area east of Asadabad in Kunar Province, near the Pakistan border. After an initially successful infiltration, local goat herders stumbled upon the SEALs’ hiding place. Unable to verify any hostile intent from the herders, the team cut them loose. Hostile locals, possibly the goat herders they let pass, alerted nearby Taliban forces, who surrounded and attacked the small group. After Murphy called for help, an MH-47 Chinook helicopter loaded with reinforcements was dispatched to rescue the team, but was shot down with an RPG, killing all 16 personnel aboard; eight were SEALs, while the rest were service members from the 160th SOAR.

Murphy, Dietz, and Axelson were killed in the action. Luttrell was the only U.S. survivor and was eventually rescued, after several days of wandering in the mountains and being protected by the inhabitants of an Afghan village.[2] All three of

Murphy's men were awarded the Navy's second-highest honor, the Navy Cross, for their part in the battle making their team the most decorated in Navy SEAL history.[12]

U.S. GOVERNMENT RUNS 'GANG STALKING' VIGILANTISM, SAYS EX-FBI OFFICIAL Theodore L. Gunderson

[image]

Theodore L. Gunderson (7 November 1928 - 31 July 2011) was a Federal Bureau of Investigation Special Agent In Charge and head of the Los Angeles FBI,[1] an American author, and a conspiracy theorist. Some of his FBI case work included the Death of Marilyn Monroe and the Assassination of John F. Kennedy.[2]

After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In 1980, he became a defense investigator for Green Beret doctor Jeffrey R. MacDonald, who had been convicted of the 1970 murders of **his pregnant wife and two daughters**. Gunderson obtained affidavits from Helena Stoeckley confessing to her involvement in the murders which she claimed had in

actuality been perpetrated by a Satanic cult of which she was a member.[8]

#NWO http://www.nowpublic.com/world/u-s-govt-runs-gang-stalking-vigilantism-says-ex-fbi-official

Official confirms what thousands of victims have long known: an evil *U.S. shadow government* is conducting a covert, taxpayer-funded genocidal *purge of American society* - while Congress and an apparently entrained Obama administration sleep.

Author’s note: Former FBI official Ted Gunderson died of cancer on July 31, 2011. **Was his illness induced by silent electromagnetic assault or by other nefarious means**? We will never know - and that’s just the way *certain entities* want it.

… *certain entities* …

After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In 1980, he became a defense investigator for Green Beret doctor Jeffrey R. MacDonald, who had been convicted of the 1970 murders of his pregnant wife and two daughters. Gunderson obtained affidavits from Helena Stoeckley confessing to her involvement in the murders which she claimed had in actuality been perpetrated by a Satanic cult of which she was a member.[8]

A former senior official of the Federal Bureau of Investigation says **“rogue” military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based “gang stalking” harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as**

“dissidents” or *undesirables*.

Ted Gunderson, *82*, who has served as the special agent in charge of the FBI’s Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that **he is now targeted by these same elements, and fears for his life and for the safety of his family**. He reports that the windows of his home have been shot out, and **he believes he has been poisoned and physically sickened by those seeking to *silence* him**.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California- based private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official’s comments represent the most compelling testimony to date indicating that “black operations” of the federal government are dedicated to waging a covert war of terror and persecution targeting American citizens.

“Based on my thirty years’ experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States,” Gunderson stated in an October 2008 speech posted last fall on YouTube.

Craig Spence (CIA) organized operations like these. He was suicides also called Arkancided.

The committee found little credibility in such an explanation for the President's death because, if for no other reason, it would have been unnecessarily risky. The committee determined from CIA files that, in 1963, the Cuban Government had agents of its own in nearly every country of the Western Hemisphere, including the United States, who undoubtedly would have been more dependable for such an assignment. Even if Castro had wanted to minimize the chance of detection by using hired non-Cuban killers, it appeared unlikely to the committee that he would have tried to force Mafia members or their Cuban exile confederates to engage in the assassination of an American head of state.

The committee found it more difficult to dismiss the possibility that the Mafia, while it was not turned around by Castro, might have voluntarily turned around with him. **By late 1962 and 1963, when the underworld leaders involved with the CIA in the plots had perhaps lost their motivation to assassinate Castro, they had been given sufficient reason by the organized crime program of the Department of Justice to eliminate President Kennedy**. The committee's investigation revealed that Mafia figures are rational, pragmatic "businessmen" who often realine their associations and form partnerships with ex-enemies when it is expedient.(103) While Castro, by 1963, was an old enemy of organized crime, it was more important that both Castro and the Mafia were ailing financially, chiefly as a result of pressures applied by the Kennedy administration. (104) Thus, they had a common motive that might have made an alliance more attractive than a split based on mutual animosity.

By 1963 also, Cuban exiles bitterly opposed to Castro were being frustrated by the Kennedy administration. (105) Many of them had come to conclude that the U.S. President was an obstacle requiring elimination even more urgently than the Cuban dictator.(106) **The Mafia had been enlisted by the CIA**

because of its access to anti-Castro Cuban operatives both in and out of Cuba.(107)

Retired Brig. General Russell Bowen is another fascinating person tied to Jerry's cocaine empire. During WW 2, he received the Distinguished Flying Cross and other medals for his time as a young fighter pilot. It was during this time he was brought into the OSS and when President Truman banned the intelligence organization, Bowen and others secretly maintained the organization, later to become the CIA. He helped establish several airlines in South America that were used as cover for the CIA and was an expert at extracting CIA operatives from dangerous situations when their cover had been exposed. He was heavily involved in *CIA drug trafficking*, especially in South America, and had many friends within both the ***Medellin and Cali cartels*. Eventually, Bowen and others became disenchanted with the CIA involvement with drugs and wanted to stop the practice of bringing them into America**.

The Immaculate Deception: Bush Crime Family Exposed 1st Edition by Russell S. Bowen (Author)

Perhaps the most shocking book written this century about treason committed by the highest leaders within the US government. This disturbing and thought-provoking expose is written by Brigadier General Russell S Bowen who has courageously come forward with the truth about his association with the OSS (Office of Security Services) and his 'drug running' activities on

behalf of the ‘secret’ government which involves the highest US ‘leaders’ and which few Americans know anything about. The most startling details are revealed regarding Bowen’s clandestine work including his work under the orders of George Bush.

The Woolsey Fire was a destructive wildfire that burned in Los Angeles and Ventura Counties of the U.S. state of California. The fire ignited on November 8,

2018 and burned 96,949 acres (39,234 hectares) of land. The fire destroyed 1,643 structures,[5] killed three people, and prompted the evacuation of more than 295,000 people.[3]

It was one of several fires in California that ignited on the same day. While the nearby Hill Fire was contained with minimal damage on November 16, the Camp Fire in Northern California destroyed most of the town of Paradise, killing 85 people.[7]

The fire started in Woolsey Canyon on the *Santa Susana Field Laboratory* property, a complex of industrial research and development *belonging to Boeing*, in the Santa Susana Mountains above the Simi Valley near the boundary between Los Angeles and Ventura counties.[8]

Reginald Victor Jones CH, CB, CBE, FRS,[1] FRSE, LLD (29 September 1911 - 17 December 1997) was a British physicist and scientific military intelligence expert who played an important role in the defence of Britain in World War II.

In 1932 he graduated with First Class honours in physics and then, working in the **Clarendon Laboratory**, completed his PhD in 1934. Subsequently, he took up a Skynner Senior Studentship in Astronomy at Balliol College, Oxford.[2]

In 1936 Jones took up the post at the Royal Aircraft Establishment, Farnborough, a part of the Air Ministry. Here he worked on the problems associated with defending Britain from an air attack.

In September 1939, the British decided to assign a scientist to the Intelligence section of the Air Ministry. No scientist had previously worked for an intelligence service. Jones quickly rose to become Assistant Director of Intelligence (Science) there. During the course of the Second World War he was closely involved with the scientific assessment of enemy technology, and the development of offensive and counter-measures technology. He solved a number of tough Scientific and Technical Intelligence problems during World War II and is generally known today as the “father of S&T Intelligence”.

Possible work with John Trump, brother of Donald John Trump

[radio signal] Beam guidance

Jones’s first job was to study “new German weapons”, real or potential. The first of these was a radio navigation system which the Germans called Knickebein. This, as Jones soon determined, was a development of the Lorenz blind landing system and enabled an aircraft to fly along a chosen heading with useful accuracy.

At Jones’s urging, Winston Churchill ordered up an RAF search aircraft on the night of 21 June 1940, and the aircraft found the Knickebein radio signals in the frequency range which Jones had predicted. With this knowledge, the British were able to build jammers whose effect was to “bend” the Knickebein beams so that German bombers spent months scattering their bomb loads over the British countryside.

Thus began the “Battle of the Beams” which lasted throughout

much of World War II, with the Germans developing new radio navigation systems and the British developing countermeasures to them.

He was briefly based at Bletchley Park in September 1939, but returned to London (Broadway) in November, leaving behind a small specialized team in Hut 3, who reported any decrypts of scientific or technology nature to “ADI Science”.

Robert James Woolsey Jr. (born September 21, 1941) headed the Central Intelligence Agency from February 5, 1993, until January 10, 1995. He held a variety of government positions in the 1970s and 1980s, including as United States Under Secretary of the Navy from 1977 to 1979, and was involved in treaty negotiations with the Soviet Union for five years in the 1980s.

Woolsey was founder and president of Yale Citizens for Eugene McCarthy for President from 1967 to 1968. He was prominently active in the anti-Vietnam War movement.[2]

Woolsey was CIA director when Aldrich Ames was arrested, on February 21, 1994,[5] for treason and spying against the United States.

Aldrich Hazen “Rick” Ames (/eɪmz/; born May 26, 1941) is a former Central Intelligence Agency (CIA) officer turned KGB double agent, who was convicted of espionage in 1994. He is serving a life sentence, without the possibility of parole, in the Federal Correctional Institution in Terre Haute, Indiana, United States.[2] Ames was formerly a 31-year CIA counterintelligence officer who committed espionage against the U.S. by spying for the Soviet Union and Russia.[3] At the time of his arrest, Ames had compromised more highly classified CIA assets than any other officer in history until Robert Hanssen’s arrest seven years later in 2001

n 1952, his father Carelenton began working for the CIA’s Directorate of Operations in Virginia, and in 1953 was posted to

Southeast Asia for three years, accompanied by his family. Carleton received a “particularly negative performance appraisal” in part because of serious alcoholism and spent the remainder of his career at CIA headquarters.[4]

He was educated at Alleyn’s School, Dulwich, and Wadham College, Oxford, where he studied Natural Sciences.

Justice Scalia's Under-the-Chin Gesture

https://www.npr.org/

Supreme Court Associate Justice Antonin Scalia flicked his hand under his chin in response to a question by a reporter for the *Boston Herald* last weekend - a gesture the reporter felt was obscene. Scalia insists it wasn't, and says those who think otherwise have watched too many episodes of The Sopranos.

When leaving *church* last Sunday, a reporter asked Scalia if he had received a lot of flack for his **conservative Roman Catholic beliefs**. Scalia responded, you know what I say to those people? And then he cupped his hand under his chin and flicked his fingers out. The Boston Herald reported that Scalia had made an obscene gesture.

Let's take that as humor in the context that there has been some tension but he is brushing it off, just brushing it off.

Wallace L. Hall Jr. is an American investor who served a controversial six-year term as a member of the University of Texas System Board of Regents.[1][2][3] Hall was appointed in February 2011 by Governor Rick Perry, and was replaced in February 2017.[4][5]

In 2011 Governor Perry appointed Wallace L. Hall Jr. to the University of Texas System Board of Regents. In February 2011, Hall was unanimously confirmed as a Regent by the Texas Senate. The UT System Board of Regents oversees nine universities, including the flagship University of Texas at Austin, and six hospitals or medical institutions. The University of Texas System is one of the largest higher education

organizations in the United States, its enrollment is more than 213,000 students and it has an annual operating budget of more than $14.6 billion.

On February 12, 2015, an investigation ordered by UT System found that Bill Powers, the president of UT Austin, had repeatedly helped applicants, including those with questionable academic credentials, gain admission if they had been recommended by legislators and influential people.[19] This was widely described as vindication of Hall and a validation of his concerns.

Economic Aid and the American Policy Toward Egypt, 1955-1981 Paperback - June 30, 1985 by William Joseph Burns (Author)

Gamal Abdel Nasser's 1955 decision to barter Egyptian cotton for Soviet bloc weaponry thrust Egypt onto center stage in the Cold War in the Middle East. What Egypt needed most, and what the United States was uniquely equipped to provide, was economic aid. For the Egyptian government-eager to take rapid strides toward economic development but crippled by a burgeoning population, a paucity of arable land, and a meager reserve of foreign exchange-American economic aid promised to serve as an enormously important crutch. For American policymakers, economic assistance appeared to be an ideal means of developing American influence in Egypt.

Few aid relationships in the last three decades can match the drama and significance of the U.S.-Egyptian experience. This study shows how the American government attempted to use its economic aid program to induce or coerce Egypt to support U.S. interests in the Middle East in the quarter century following the 1955 Czech-Egyptian arms agreement. William J. Burns has analyzed recently released government documents and interviews with former policymakers to throw light on the use of aid as a tool of American policy toward the Nasser regime. He also offers valuable observations on the role of the American economic assistance program in the Sadat era.

no further than Robert Mueller's failure to act in the case of Enrique Prado, a drug cartel serial killer whose concurrent career had been high-level official at CIA. It follows, appointing Mueller "Special Counsel" in a case where Western liberal democracies' intelligence agencies are implicated (MI6/CIA) is brilliantly cynical.

Why has Enrique Prado never been prosecuted? How is it three consecutive FBI Directors, Robert Mueller, James Comey & Christopher Wray, all of them, have let a proven serial killer continue to run free and go on killing? Corruption doesn't go much deeper than this:

The FBI, without any court order, sifted through the National Security Agency's massive troves of foreign communications for information on American "racially motivated violent extremists," a newly declassified order from the secret surveillance court details.

Even though the Foreign Intelligence Surveillance (FISA) Court warned the FBI in 2018 that its warrant-free queries, known as backdoor searches, were constitutionally alarming, the bureau still conducted queries relevant to criminal investigations about, among other things "domestic terrorism involving racially motivated violent extremists." The court's Judge James E. Boasberg found what he referred to as "apparent widespread violations of the querying standard."

That's the euphemistic term the bureau tends to use to denote white supremacist violence. On one occasion, an FBI analyst ran a multi-search-term "batch query" on Americans "in connection with predicated criminal investigations relating to domestic terrorism" that returned 33 foreign-surveillance results.

On at least one occasion, around May 2020, an FBI analyst looked through the foreign NSA troves "to vet [a] potential source in [a] predicated criminal investigation relating to public corruption." **Seven FBI field offices were implicated in "these and a number of similar violations," according to a November 18, 2020 FISA Court opinion** declassified on Monday and signed by Boasberg.

http://enriqueprado.com/

It was one of the biggest secrets of the post-9/11 era: soon after the attacks, President Bush gave the CIA permission to create a top secret assassination unit to find and kill Al Qaeda operatives. The program was kept from Congress for seven years. And when Leon Panetta told legislators about it in 2009, he revealed that the CIA had hired the private security firm Blackwater to help

run it. “The move was historic,” says Evan Wright, the two-time National Magazine Award-winning journalist who wrote Generation Kill. “It seems to have marked the first time the U.S. government outsourced a covert assassination service to private enterprise.”

According to the “trigger puller,” he and a partner were selected for one such operation because they were Mexican Americans, whose darker skin enabled them to blend in as Afghan civilians.

The quote is from his e-book How to Get Away With Murder in America, which goes on to note that “in the past, the CIA was subject to oversight, however tenuous, from the president and Congress,” but that “President Bush’s 2001 executive order severed this line by transferring to the CIA his unique authority to approve assassinations. By removing himself from the decision-making cycle, the president shielded himself - and all elected authority - from responsibility should a mission go wrong or be found illegal. When the CIA transferred the assassination unit to Blackwater, it continued the trend. CIA officers would no longer participate in the agency’s most violent operations, or witness them. If it practiced any oversight at all, the CIA would rely on Blackwater’s self-reporting about missions it conducted. Running operations through Blackwater gave the CIA the power to have people abducted, or killed, with no one in the government being exactly responsible.” None of this is new information, though I imagine that many people reading this item are hearing about it for the first time.

Director of Central Intelligence John McCone in 1962 began creating a new directorate within the CIA that would bring cutting-edge technology to the nation’s hardest intelligence challenges. This led to the creation of the Directorate of Science and Technology (DS&T) in 1963.

During the past 50 years, Technical Operations Officers from the DS&T serving around the world have been attacking our national intelligence problems with bold solutions to ensure the safety and security of US citizens.

Throughout the coming year, the DS&T will celebrate the contributions and honor the service of DS&T officers and their families.

DS&T officers have expertise that spans biology, chemistry, engineering, and computer science, and they have

many niche talents that support Agency operations around the world. They apply their skills to technological challenges facing the Intelligence Community, developing innovative solutions that may have broader application. Revolutionary technologies originally developed in the DS&T include imaging technology used in digital mammography and the lithium ion battery.

McAfee, who is being sought for questioning in Faull’s murder, has been on the run since the weekend,

---

MADRID (AP) -John McAfee, the creator of McAfee antivirus software, was found dead in his jail cell near Barcelona in an apparent suicide Wednesday, hours after a Spanish court approved his extradition to the United States to face tax charges punishable by decades in prison, authorities said.

The statement didn’t identify McAfee by name but said the dead man was a 75-year-old U.S. citizen awaiting extradition to his country.

Born in England’s Gloucestershire in 1945 as John David McAfee, he started McAfee Associates in 1987 and led an eccentric life after selling his stake in the antivirus software company named after him in the early 1990s.

McAfee twice made long-shot runs for the U.S. presidency and was a participant in Libertarian Party presidential debates in 2016. He dabbled in yoga, ultralight aircraft and producing herbal medications.

In 2012 he was wanted for questioning in connection with the death of Gregory Viant Faull, who was shot to death in early November 2012 on the Belize island where the men lived.

McAfee told AP at the time that he was being persecuted by the Belizean government. Belizean police denied that, saying they were simply investigating a crime about which McAfee may have had information. Then-Prime Minister Dean Barrow expressed doubts about McAfee's mental state, saying, "I don't want to be unkind to the gentleman, but I believe he is extremely paranoid, even bonkers."

New DHS Agency Will Provide Needed Emphasis on Cybersecurity retrieved from link and copied or modified to here

By Tom Gann on Dec 03, 2018

Cybersecurity is playing an increasingly greater role in our government and economy. As our world becomes more interconnected, the cyberthreat landscape is growing and rapidly evolving. To address both physical threats and cyberthreats, the leading federal agency must have the flexibility and resources to quickly mitigate any potential interruptions or harm.

Last week, a critical step was taken in how the Department of Homeland Security (DHS) manages cybersecurity. The long-awaited Cybersecurity and

Infrastructure Security Agency (CISA) Act was signed into law by the president, reorganizing the former National Protection and Programs Directorate (NPPD) into CISA. The permanent establishment of a stand-alone federal agency equipped to deal with cyberthreats is long overdue and welcome among the cybersecurity community.

CISA will be its own department within DHS, similar to the Transportation Security Administration (TSA), and will be led by cybersecurity expert, NPPD Under Secretary Christopher C. Krebs, who has had a distinguished career in both the public and private sectors. Establishing CISA as a stand-alone agency within DHS elevates both the mission of cybersecurity in the federal government and cybersecurity's importance and solidifies the position of cybersecurity in our economy.

This is a smart decision on the part of Congress and the White House. It will help the newly created agency outline its priorities, advocate for a separate budget, and further develop recruitment efforts. CISA's leaders will have the ability to continue to drive a culture of cybersecurity within our federal agencies and workforce while enhancing their capabilities to partner with the private sector to address our nation's most critical cybersecurity threats.

McAfee looks forward to continuing to work with Christopher C. Krebs and his able team, led by CISA Assistant Director for Cybersecurity Jeanette Manfra.

Does this man I call the Left Globe Photographer have a scar on the right side of his head? As I do? He is probably off to see an adult adult-entertainer. When he does he will be caught with the teen or tot porn, and he will have to pay up or be arrested, and when he does pay to the victim, the rights to MY genome forged by his signature will be laundered into the black market for genomics.

Among those getting the genes rights are the religious groups who claim I need their help with *my* peeping at females

problem, and who represent me and pay off my misconduct for *my* alleged Heathen or Atheist misconduct against female victims.

Jen Moore has described this as a stolen organ scenario. The Left Globe Photographer, perhaps blacked out from too many drugs and partying, and wakes up to that adult entertainer he hired legitimatly but gives up to blackmail on the creepy photos he is caught with.

Veronica Hoffman was used for this as later died after harassment from that same criminal network, perhaps her loyalty to the network came into doubt and she could have compromised the operation if she was believed.

Road Blocking

This is the Conspiracy Against My Own Sexual and Association Rights.

Keeping me single the next available administrator of my DNA non-white administrators embezzling the genome value to non-whites

FALSE FLAGS, BUNKO, AND THE TRIANGLE OF MEANINGLESSNESS There are two gangstalks. White women in my vicinity are approached away from me and incited on most likely the evidence manufactured in my vicinity and asked to participate in vigilantism or behave as dupes in my vicinity, leaving my vicinity.

They may also be photographed surreptitiously by those impersonating me, a false flag operation.

Or the impersonator of me will make terrorist or foreign intel comments to the erotic entertainer and then IQ related or other genes related to retarded children advocacy can be seized under the NDAA or FISA Court activities. I believe this tied to my family genome, disrupting my sexuality in the U.S. and planting me DNA into non-whites.

This scheme appears to have been created for non-whites to use impersonators of me to give my DNA to non-whites which I would not, to Christian groups which I would not, and for Non European groups which I would not, thus replacing me in the bedroom to force different racial, religious, national, and ethnic partners for use of my DNA.

Nothing could be more offensive to Human Rights law in the US or in International law.

The scheme uses covert operations in a scheme I have called ErosX. I meet someone or an near someone on the street and an impersonator of me will later in some way pursue contact, perhaps electronically, with that person.

Circumstantially it will appear I continued or started along a path of contact with that woman or teen. Something will be said to me which I begin to detect as a pattern and reject.

For instance for a while at normal points of sale where I am doing normal purchases an unwanted layer is added on, a claim code words spoken to me which have no meaning to me supposedly add an extra transaction onto.

For instance for a while people said “Happy Birthday” to me out of the blue, unexpected, and low and behold, an impersonator of me was later detected in San Francisco getting “pizza” for my birthday in San Francisco when I was in Texas.

Other times people asked me “how many CC is your motorcycle?” or said “we are out of ice” or used the world “hon” to me.

These circumstantial things when I am out and about doing normal transactions during the day are poisoned with meaning they do not have by impersonators agreeing to the meanings I reject, thus forging a a chain of events I am circumstantially tied to.

This is called “cutouts” in cover ops where my non-participation in the scheme is cut out and a person’s (an impersonator of me) willing participation, away from me, is cut into the case file supported by corrupt law enforcement our counter-intel people.

This scheme has been used on property as well including cars and housing and much of has links to Chris Lloyd of Orinda, California, not to be confused with Christ Lloyd the sci fi actor.

Chris Lloyd and Lenny Schaefer and a few others took me to a massage parlor on my 18th birthday in Berkley, CA, Chris Lloyd is tied to genetics research, and Chris Lloyd has a daughter working for Genetech, and Chris Lloyd has made circumstantial physical property comments to me such as house and car purchases as if I had “approved” them when he merely mentioned them without and substantive meaning.

In college Chris Lloyd, I, and others could purchase cocaine from the food cafeteria of University of Oregon by purchasing a candy bar and paying $26 or so and a quarter gram would be passed under the candy bar handed across the counter, if we said the code word at purchase.

Google Books Bombing

Planted Subjects

These planted subjects in the vicinity of Smartphone use will be zoom photographed by someone, and my DNA will pay off

the allege affonse of mine to the black or gay who caought me.

The second use, if not the primary use, is to allege I am the peeper at female buttocks that these blacks and gays are really doing.

Mere innuendo towards me points the finger until I challenge them to accuse me of anything, often in shouting matches, and they say there is no accusation against me and nothing is going on.

Sexuallizing children disgusts me, and adult women have a reflexive rage against people who do this, and affinity towards though who investigate this.

Thousand and thousands of time, and no recourse against this. Oh those brave cops are too busy to investigate this.

Sure, I have been photo bombed, whenever I take a regular photo it is alleged I am a sex fiend because they bomb the photo with a sexualized tot, etc.,

I cal this “Guilt Added Photograph” where they add guilt allege to me of my normal ordinary act.

Thy also GPS Bomb me and Googel Books Bomb me. Whenever I used the smartphone for anything they added in a tot or teen in front of me. Even though there was no camera in use, just MapMyWalk, Google Maps Directions, Google Play Books, or anything else, taking a call, seing and SMS message, the screen to my face was met with a tot or something like that in front of me.

At first I though this was to disrupt my ability to read by breaking my concentration, thus making me look like an idiot, a retarded person.

Later I would discover the photo SOMEONELSE took of me with the screen pointing to my face would be a prop for them as they preteneded to be me, then, as confronted, confess to

filming that tot, etc.,

In fact the prop of me with the screen to my face would match THEIR photo of the tot THEY took, also in evidence at asset seizure, so why look closely at my Google Books screen?

Social Sabotage

Also, for social sabotage of me, it makes sense that a photo of me with a smartphone in my hand near a tot or teen could be used to indicate to OTHERS with me not present, that the photo of me using my cellphone [for Google Books] was acatually me using my smartphone for photography.

Top US Federal Judge Assassinated After Threat To Obama Agenda http://www.eutimes.net/2011/01/top-us-federal-judge-assassinated-after-threat-to-obama-agenda/

According to this SVR report, Federal Judge John McCarthy Roll was the Chief Judge for the United States District Court for the District of Arizona who this past Friday issued what is called a "preliminary ruling" in a case titled "United States of America v. $333,520.00 in United States Currency et al" [Case Number: 4:2010cv00703 Filed: November 30, 2010] wherein he stated he was preparing to rule against Obama's power to seize American citizens money without clear and convincing evidence of a crime being committed.

The case being ruled on by Judge Roll, this report continues, was about bulk cash smuggling into or out of the United States that the Obama administration claimed was their right to seize under what are called Presidential Executive Orders, instead of using existing laws. The Obama administration used as support for

their claim before Judge Roll, the SVR says, the seizing of all American citizens' gold, in 1933, by President Franklin D. Roosevelt's signing of Executive Order 6102, which was ruled at the time to be constitutional.

In December 2011, Austin was nominated to become Vice Chief of Staff of the United States Army (VCSA).[20] He took office on January 31, 2012.[21] .. He also Austin supervised a review of the psychiatric treatment of personnel assessed for

disability by the Army.[24]

United States Central Command Vice President Joe Biden, Austin, became the commander of CENTCOM on March 22, 2013, after being nominated by President Obama in late 2012 His approach as CENTCOM commander has been described as that of an “invisible general”, due to his **reluctance to speak publicly about military matters**.[27] From Wikipedia, the free encyclopedia

In one of the more bizzare aspects of this covert teams of people surround me at laundry facilities and make bizzare motions of having to mop the floor as if I were masturbating in public, police and FBI (black ghetto) allegdge FBI undercover make fake claims I am hiring pizza from the laundry mat, buying drugs from the laundry mat (with an alleged black neigbor I do not have of Casa Linda, at least my REAL apartment) and at these drugged out trysts, per the Corpus Chrisi black police officer, at the alleged trysts of an apartment I did not move to in Los Angles (but I did put in a Disbursement request for) a Doppple of me, with a fake Ed Donegan with hair was bound by a dominatrix similar to this, “forced to give up his milk” by the cast of characters who surrounded me at the laundry mat, but it was BERNIE not ME in LA.

But the fetlife pic and that cop were directly linked, and when I was kicked out of the laundromat for THEIR activities, my lost clothes were moved into a Sound Stage at the far end of the complex and facing 180s the other way, but with blinds and computer desk peeking at a high school which was BEHIND that apartment.

The internal set created in THAT apartment tied to a paint bucket for teens to get keys, was create to look like me looking at at a high school.

First of all I did not sexually kids, and that whole thing may have began when I moved to that intersection which had all the bus lines and laundrymats near the gym, stores, hall way in between the two city hubs of Corpus Christi and near parks

I am not interested in children nor exploitation of anyone but I am framed in public places or so in IMPERSONATOR of me will be blackmailed for my DNA rights, then law firm TJ Henry and ARC of Northern Virginia will claim them and provide them to Genentech for mothers who want the DNA only alleging my permission.

I am not the person being blackmailed, did not take the teen or tot picture earlier, nor did I contract for the treehouse. I probably did contact the domina but she turned me down for a need person who will “sub” stittute for me while i am punished by being left out of the scene.

The white hand near me in the photo belongs to a white guy who revealed himself to be National Institute of Health, though

somewhat relulactanlty he revealed that, and is presence was supposed to be a coincidnce.

Two black also coincidently seem to be near me, like a Harvey Dent, black cop, and a Doppelganger of me in a similar coat to mine.

They, when awake, lear and drool at two white women seated in front of me.

In the usual switchout I bought an insured ticket to Canada

but without passport DONEGAN/EDWARD was not allowed to board.

I was then sold the ticket shown instead DONEGAN/EDWARDPAUL traveling instead.

I reported this to flight crew.

The FAKE Ed Donegan may have arrived at the Canadian border first, and been kicked out.

When I arrived at Canda, I already had an arrest in Canada which was the impersonator of me who arrived on the earlier flight INTO Canada I was not allowed to board.

I had to take the bus from New York, crawling along slowely, with my Drivers License and Birth Certificate, while an impersonator of me, likely black, with fake california ID created at a CA DMV scam was arrested in Canada.

From: Edward Paul Donegan
To: To Whom It May Concern;

In what is a serious criminal and serious human rights matter my left wing Gay Rights brother, in a battle over family financial and other assets control, has utilized Flim Flam techniques in a crime of such scale few could believe its

occurrence.

I have been harassed and embezzled by a shake down schem operating in my vicinity in which planted people pretend to be my victim and people around me also manufacture bizarre attempted dual constructions tying me to activities in my vicinity.

In a family split politically for years my brother Thomas Neil Donegan and his now legal spouse Mark Weirness continually in various forums alleged my allegations of his fraudulent activities were untrue and even sought and received some civil commitments of me hampering my life and generating the psychiatry history on ne he always wanted to exploitiveliy achieve.

And utilizing that record created for him and agents acting on is behalf an illegally run conservancy utilizing well known flim flam shakedown systems of a trust fund not reporting its activities and use of assets not properly disclosed to me.

In fact the schemes is a flim flam scheme known a Quackery of people allegedly my coaches, assistants, and conservators are merely inventing a perceived need for them and inventing claims against me which will enrich themselves.

This appears to be tied to gaining rights to genes wished for which occur in my family line and myself tied to high IQ (life long testing reveals high IQ in me and my family line) and possibly designer babies in the age of CAS9 and CRISPR, the type of bio experts and genomicists he has been co-operating with.

Because of lack of accounting and operation of hostile conservancy It has taken decades to gather the facts and the Terms Of Art used in grifting and false claims crimes to outline the activities; which again, are serious crimes including financial crimes and which have had very devastating affects on my life, with me having the legal status of an Elder (retarded or

cognitively impaired adult.) Glossary and Terms of Art in Bunko

A confidence trick is also known as a con game, a con, a scam, a grift, a hustle, a bunko (or bunco), a swindle, a flimflam, a gaffle, or a bamboozle. The intended victims are known as marks, suckers, stooges, mugus, rubes, or gulls (from the word gullible). When accomplices are employed, they are known as shills.

As I am going somewhere legitimate a Shill (plant female) will be exploitively photographed, etc., by a Doppelgänger of me (called a gull or gullible, ,and also a Shill) in the area, who will then be shaken down by health care conservancy to sign genes of mine those behavioral social justice firms need for their own social justice work. The Doppelgänger of me who will be confronted for the alleged wrongdoing against the shill will sign my genes rights (high IQ) over to the retardation firm.

Thus I am being impersonated and a confession alleged from me forged.

I will later and continuously face social retaliation for the alleged acts and remain single and socially isolated from those who would act on my behalf rather than on the Conservancy's behalf.

Stages of the con (Confidence Trick including Long Con using sets and actors)

In Confessions of a Confidence Man, Edward H. Smith lists the "six definite steps or stages of growth" of a confidence game.[7] He notes that some steps may be omitted.

https://en.wikipedia.org/wiki/Confidence_trick

Foundation Work

Preparations are made in advance of the game, including the hiring of any assistants required. Co-operation of a population area of organization may be gained covertly

Approach

The victim is contacted in some way by proximity at least if not actual communication. The assault part of Assault and Battery in some cases

Build-up

The victim (who had been law abiding) is entrapped and is given an opportunity to profit from a scheme. The victim's greed is encouraged, such that their rational judgment of the situation might be impaired. The are now sued as Shill in a long con perhaps

Pay-off or Convincer

People are told if they join the Con they can gain from it and some proof is shown. The enlistee receives a small payout as a demonstration of the scheme's effectiveness. This may be a real amount of money, or faked in some way. In a gambling con, the victim is allowed to win several small bets. In a stock market con, the victim is given fake dividends.

The Hurrah

A sudden crisis or change of events forces the victim to act immediately. This is the point at which the con succeeds or fails. I think in PsyOps the murder of a patsy to silence him or her or an excuse to prevent people from talking to each other stops Rational Analysis which would expose the con

The In-and-In

A conspirator (in on the con, but assumes the role of an interested bystander) puts an amount of money into the same scheme as the victim, to add an appearance of legitimacy. This can reassure the victim, and give the con man greater control when the deal has been completed. In Free Masonry systems the Office Mob, random people who create a wave of opinion which overpowers or nudges existing crow sentiment or information of events.

A shill

also called a plant or a stooge, is a person who publicly helps or gives credibility to a person or organization without disclosing that they have a close relationship with the person or organization. Shills can carry out their operations in the areas of media, journalism, marketing, politics, confidence games, or other business areas. A shill may also act to discredit opponents or critics of the person or organization in which they have a vested interest through character

assassination or other means.

A conspirator

(in on the con, but assumes the role of an interested bystander) puts an amount of money into the same scheme as the victim, to add an appearance of legitimacy to the scheme. This can reassure the victim, and give the con man greater control when the deal has been completed.

In addition, some games require a "corroboration" step, particularly those involving a *"rare item"*[flim flam quackery claim of savant, etc.,]. This usually includes the use of an accomplice who plays the part of an uninvolved (initially skeptical) third party, who later confirms the claims made by the con[man.

Character assassination

(CA) is a deliberate and sustained effort to damage the reputation or credibility of an individual[1] The term could also be selectively applied to social groups and institutions. Agents of character assassinations employ a mix of open and covert methods to achieve their goals, such as raising false accusations, *planting and fostering rumors, and manipulating information.*

In a totalitarian regime The effect of a character assassination driven by an individual is not equal to that of a state-driven campaign. The state-sponsored destruction of reputations, fostered by political propaganda and cultural

mechanisms, can have more far-reaching consequences. One of the earliest signs of a society's compliance to loosening the reins on the perpetration of crimes (and even massacres) with total impunity is when a government favors or directly encourages a campaign aimed at destroying the dignity and reputation of its adversaries, and the public accepts its allegations without question. The mobilisation toward ruining the reputation of adversaries is the prelude to the mobilisation of violence in order to annihilate them. Generally, official dehumanisation has preceded the physical assault of the victims.[10]

CA may involve exaggeration, misleading half-truths, or manipulation of facts to present an untrue picture of the targeted person. It is a form of defamation and can be a form of ad hominem argument.

The "Money-Box Scheme"

Victor Lustig, a German con artist, designed and sold a "money box" which he claimed could print $100 bills using blank sheets of paper.[1][self-published source] A victim, sensing huge profits and untroubled by ethical implications, would buy the machine for a high price, from $25,000 to $102,000.

Boiler Room

In business, the term boiler room refers to an outbound call center selling questionable investments by telephone

Jam Auction

In this scam, the confidence artist poses as a retail sales

promoter, representing a manufacturer, distributor, or set of stores. The scam requires assistants to manage the purchases and money exchanges while the pitchman keeps the energy level up

Predatory Journals

In some cases, predatory journals will use fictional editorial boards or use respected academics' names without permission to lend a veneer of credibility to the journal. A curated database of predatory journals can be found at "Scholarly Open Access"

Journal hijacking

refers to the brandjacking of a legitimate academic journal by malicious third party. Typically the imposter journal sets up a fraud website for the purpose of offering scholars the opportunity to rapidly publish their research online for a fee.[1][2][3] The term hijacked journal may refer to either the fraud[4] or the legitimate journal.[5] Similar hijacking can occur with academic conferences as well.[2][6]

Social engineering

in the context of information security, refers to psychological manipulation of people into performing actions or divulging confidential information

A type of confidence trick for the purpose of information gathering, fraud, or system access, it differs from a traditional "con" in that it is often one of many steps in a more complex fraud scheme.

Pretexting

is the act of creating and using an invented scenario (the pretext) to engage a targeted victim in a manner that increases the chance the victim will divulge information or perform actions that would be unlikely in ordinary circumstances.[8] An elaborate lie, it most often involves some prior research or setup and the use of this information for impersonation (e.g., date of birth, Social Security number, last bill amount) to establish legitimacy in the mind of the target.[9]

Gull

A confidence trick is also known as a con game, a con, a scam, a grift, a hustle, a bunko (or bunco), a swindle, a flimflam, a gaffle, or a bamboozle. The intended victims are known as marks, suckers, stooges, mugus, rubes, or gulls (from the word gullible). When accomplices are employed, they are known as shills.

> *"Cons succeed for inducing judgment errors , chiefly, errors arising from imperfect information and cognitive biases"*

Inflammatory appearances about me (Edward Paul Donegan) are manufactured in furtherance of cons such as placing shills (exploitable females in vulnerable positions) as though, as if, they were of sexual interests to me, as though I had an interest in photographing or exploiting them, when I wish none that.

The basic elements of the scheme is plant females of no interest to me stalk me and people would blame an older white male, me, for being near a woman or child appearing to be

exploitively stalked.

The **Quackery** will involved “in and ins” in the area “Are you OK? Are you OK?” as though I need behavioral services for my sexual deeds (manufactured) and alleged victim, the shill, will create the basis for a claim against me.

CONS

Quackery

From Wikipedia, the free encyclopedia

Quackery, often synonymous with health fraud, is the promotion[1] of fraudulent or ignorant medical practices. A quack is a “fraudulent or ignorant pretender to medical skill” or “a person who pretends, professionally or publicly, to have skill, knowledge, qualification or credentials they do not possess; a charlatan or snake oil salesman”.[2] The term quack is a clipped form of the archaic term quacksalver, from Dutch: kwakzalver a “hawker of salve”.[3] In the Middle Ages the term quack meant “shouting”. The quacksalvers sold their wares on the market shouting in a loud voice.[4]

Common elements of general quackery include questionable diagnoses using questionable diagnostic tests, as well as untested or refuted treatments, especially for serious diseases such as cancer. Quackery is often described as **“health fraud”** with the salient characteristic of aggressive promotion.

Alleged conservancy acing in “Grandparents Grift”

Grandparent scam

A grandparent gets a call or e-mail from someone claiming to be their grandchild, saying that they are in trouble. For example, the scammer may claim to have been arrested and require money wired, or gift cards purchased for bail, and asks the victim not to tell the grandchild's parents, as they would "only get upset." The call is fraudulent impersonation, the name of the grandchild typically obtained from social media postings as well as obituaries listed either in newspapers or from a funeral home's website. Any money wired out of the country is gone forever.

For Grandparent operation of Insurance fraud

Insurance fraud includes a wide variety of schemes in which insureds attempt to defraud their own insurance carriers, but when the victim is a private individual, the con artist tricks the mark into damaging, for example, the con artist's car, or injuring the con artist, in a manner that the con artist can later exaggerate. One relatively common scheme involves two cars, one for the con artist, and the other for the shill. The con artist will pull in front of the victim, and the shill will pull in front of the con artist before slowing down. The con artist will then slam on his brakes to "avoid" the shill, causing the victim to rear-end the con artist. The shill will accelerate away, leaving the scene. The con artist will then claim various exaggerated injuries in an attempt to collect from the victim's insurance carrier despite having intentionally caused the accident. Insurance carriers, who must spend money to fight even those claims they believe are fraudulent, frequently pay out thousands of dollar, a tiny amount to the carrier despite being a significant amount to an individua, to settle these claims instead of going to court.

Insurance Billed Against Trust Fund Embezzled Assets Estate, Trust, and Probate Issues

There are several common techniques that executors and trustees use to defraud trusts, estates or probate situations

- Failing to include certain assets on the inventory of the estate or trust and the trust ,manufacturing and settling false claims against the undisclosed (genomic) values

And

- up or be arrested scam[edit] (THE GULL WEARING THE SAME CLOTHES AS ME, ETC., GETS CAUGHT)

This scam is perpetrated through the phone where the caller threatens the victim with a fictitious arrest warrant. To make this threat seem real, the caller IDidentifies the caller as that of the local sheriff. Victims are told they must pay a fine to avoid arrest. Fines are in the hundreds, sometimes thousands, of dollars.

https://www.youtube.com/watch?v=Y8T4wEhsfYQ

And also Video 7: Baby Factories for Stem Cells. Manafort trial https://www.youtube.com/watch?v=d3vI6XWBqW0

alright Here I am at the Paul Manafort trial this is video 10-day August the 8th 2018 I was asked to give the dates in the video so I thought I would put that in so as I've said it on my channel for the past I don't know a few a few days for some reason they have blocked my meet uploading the videos and so I was with talking tech companies for hours and hours and hours and still couldn't get fixed and so I think I found a back kind of a backdoor way to get it done and so what I'm doing here today is first I want to explain that I'm at the metaphor trial because the metaphor case connects to all the various things that I am working on or have worked on and care about the exposing the child trafficking is really you know what's what is my mission or what makes my heart beat and just because I can't tolerate the evilness of that but what a lot of people don't haven't put together yet is that the weapons and drugs ratlines that i've also worked on are directly correlated and many if not all of the players involved in those red lines are also involved in child trafficking in some way or organ harvesting and all these very very evil things so that is my focus and the metaphor table brings a lot of that together because we here we have the special counsel rush investigation which many people have said has be gone beyond the scope or shouldn't have even a start started sorry about that taking people off shouldnt have started because it was um you know through the poisonous tree basically based on lies and a lot of love that's being explained you know regarding the feisty documents and illegal surveillance things like that and so we have this trial going on that it has nothing to do with the Russians that hasn't been mentioned and the case you know was a couple years ago and the person that investigated some of these very charges was rod Rosenstein the Deputy Assistant our Deputy Attorney General is in terms of the Russian investigation so a lot of this doesn't make sense and so with this case though we have a lot of things that are in common we have weapons drugs money-laundering child trafficking and Coons in Ukraine so a lot of people don't I don't we don't realize but I think it was in 2011 know who was who happened in Ukraine and really it was a Hillary Rodham Clinton George Soros money and some of our quote unquote agents involved in a coup and that was you know to put in a puppet one of our puppets that we control

better into power and that led to the country breaking down obviously concern with Russia Russia obviously would be concerned it's on their border and you know this whole chant chant chant of democracy democracy when really what happened is the country broke down and a lot of our politicians got on the energy boards and made a whole lot of money and you know if you check the energy boards to this day you're gonna see names like I don't know Biden things like that of people that are either related or you know maybe senators themselves that got really rich any time all these NICU units popped up neonatal intensive care units involving the Clinton Foundation and I believe it's a pin Chico foundation and also look at that but that's one of the guys involved a lot of child trafficking weird surrogacy stuff a lot of rumors or even details about selling babies and organ harvesting and you know kind of the forcing of young women to carry these as surrogate babies out of poverty* so a lot of these trails come to this place and of course we're dealing with the rule of law and if we don't clean out the justice system we will never ever be able to establish the role of law or prosecute the real criminals and if the real criminals are the ones that are in charge of the justice system then we have a huge problem so that's why I'm here at the metaphor trial because all of those things I have been involved in investigating and this last weekend you know I had some some people or one person from my channel and make some very hideous accusations and they've deleted them now and that's a good thing because I they were told to delete them and I hope they don't come back in because I don't want to be the person that uh you know nice to send out pictures of text messages and all that I don't I don't care about other YouTube people being fighting with them or coming against them I want everyone be successful s successful actually anybody that is information that is going to help expose any part of corruption in our own country and help to reestablish the rule of law and to protect children I wish all the success in the world I watched their channels and they might have a look somewhat of a different perspective or they come from and a different angle because they've had a different life experience than me and so my life experience and involved obviously law enforcement and a lot of people don't know but I also have a graduate degree in

clinical psychology and I had a chance to kind of peek behind the curtain of the psychiatric world and came to fight the fight came to a place where I found out um a lot of these guys were CIA or CIA contractors things like that and are oftentimes employed to do the cover-up jobs treatment centers and places like that so you know year-and-a-half ago or so I started sharing anonymously with another YouTube channel a lot of people know who that is obviously and who was mainly focused on the weapons and drugs part which I do have you know history of investigating those things as well and I also shared some information with Congress and then I was last summer I was jumped at my home by four people and what was told to me was an attempted hit job and they knew my name and told me I better keep my effing mouth shut and you know beat the living hell out of me and I survived but the response from law enforcement kind of seemed to get weaker and weaker and the lead detective was suddenly removed from my case and you know where things started happening and I was a whistle blower and looking for law enforcement you know and have been involved in being you know gang stalked and all kinds of things for years so as this continued

I'm just gonna start giving out the actual date of the week it's August 7th I'm here downtown in Tinley town which is basically one second this is CIA Ville right here where I am I have been at the Apple Store or talking to YouTube Verizon store you name it for hours and all weekend because it's my account was blocked for some reason taken down nobody's been able to figure it out we've had to do these ridiculous processes and I finally figured out I think my what I wouldn't might be a trick for me to get get the videos published so I'm doing this one right now from telling town and I hope that it works and we'll see in just a few minutes if I'm able to if I am then I will upload the videos I made on the manafort trial on last Friday eight point one eight point two eight point three I know eight point four got put up there and also some other videos I made that would not process so I'll be doing that I know the metaphor trial was today with Rick gates being cross-examined and I was dying to get there but I couldn't because I had no I've had to try to fix this and for some reason somebody

does doesn't want me posting on YouTube about the things I'm talking about but I'm gonna continue and figure out a way to do it so what I did here about palmetto courts across the cross-examination of Rick Gates is that Paul Manafort lawyer downing reduced him to like a pile of tears I think pretty much we got him to say you know he embezzled money from Paul Manafort and on and on and on so I'm going to try now that my camera is working to do some actual reporting and get some actual video and keep going with the story I was telling I mean the last one I videotaped that I was allowed to to upload had me talking about the **Ukrainian child trafficking the NICU units near NATO** and since neonatal intensive care units that popped up all the sudden after the coup that Hillary Clinton and Friends George Soros and friends that have three letters to represent them on pulled off in Ukraine and Paul Manafort was the kind of the lobbyist that was helping out the I think it's name is Yankovic something to that effect but he's the current prime minister and they were trying to overthrow him in **Paul Manafort and was trying to help this guy win the election and this guy is more friendly to Russia than the guy that Hillary Clinton wanted to install because they wanted to take all the money and run the country you know rent into a mess like they have all the other countries and they did so and then they stole the money and then they got transferred out or nhadra bank and on and on and on they set up all these NICU units the service surrogacy you know kind of forcing young girls and women to have babies and giving them away in massive shallow graves** have been found there on and on and on that I'm pretty aware that Paul Manafort knows a lot about this and and the selling off of the oil rights gas and gas rights

okay video number seven or day number seven or day number 367 I don't even know anymore but video number seven um so I am on my way to the Palmetto for trial some more information came out this morning where I believe the judge again admonished the Millar team regarding the metaphor case something to do with if Rick Gates your star witness isn't going to even testify you don't really have a conspiracy so you know I cooked a bag of popcorn I'm gonna load up you know lyft car

with a whole bunch of popcorn and you know sit and watch the show for a little while today I'll give you guys some insight and reporting from what it's like being in there as soon as we get going it's gonna make a short video before we take off questions that were asked yesterday regarding Ukraine kind of how it all ties together the weapons the drugs the child trafficking things like that and people did do a lot of research on circusy and the neonatal units and Beverly Tran on on this channel she posted a lot of really great articles that I in the comment section I encourage you guys to all read regarding you know using stem cells from babies and what what would be other motivations for having preemie babies are creating a kind of a market for preemie babies her babies in general there is obviously ongoing you know since the beginning of time an ongoing attempt to capture the fact the Fountain of Youth and there are some what I would consider very evil people who would go to any extent to maintain the other youth are they think somehow they're gonna live forever just not gonna happen but they think they are and they're willing to do just about anything to make that happen so people were asking about that and there was some great research that was added I encourage you guys to read all the comments especially the the links that were posted in the comment section by the different researchers to get a better grasp of some of what is going on in the Ukraine with the Clinton Foundation with Victor I never say his name panacek or something like I'll have to you know get out a book and uh you know do some reading and learn how to pronounce this name appropriately but with the different foundations that are after the coup in Ukraine and I also I got a comment from somebody or a response from Ukraine talking about how there really is no laws there's no you know you know the the ethics that are supposed to control these kind of situations with surrogacy and you know making babies and stuff like that is you know really non-existent and Ukraine from what I've been told and probably you know when you have an attempted coup in your country and you've got constant skirmishes and that battles and stuff on the on the border and major superpowers fighting over an area you know the country is not going to be that stable and when you got a puppet put in place by our different agencies here in the US with Hillary

Clinton in charge the afternoon imagine it's not very stable so there seems to be a market and I think mister Manta Ford actually has information on that market which is maybe one of the reasons they come action so hard I'm not sure but keep looking into it and we're gonna head off now to the mana for trial and see what we can learn and keep doing the research on it because it's gonna be a very important part of the whole story while inspiring Nadja bank manna for the Russian investigation the weapons drugs the child trafficking it's all intertwine all mixed together and we're gonna have to get into a linear line and we're working on that now as to gather more evidence so checking up for now

Bobby Baker and Ellen Rometsch aka Bertha Hildegard Elly

Christine Margaret Keeler (22 February 1942 - 4 December 2017) was an English model and showgirl. Her meeting at a dance club with society osteopath Stephen Ward drew her into fashionable circles. At the height of the Cold War, she became sexually involved with a married Cabinet minister, John Profumo, as well as with a Soviet naval attaché, Yevgeny Ivanov. A shooting incident involving a third lover caused the press to investigate her, revealing that her affairs could be threatening national security. In the House of Commons, Profumo denied any improper conduct but later admitted that he had lied.

This incident discredited the Conservative government of Harold Macmillan in 1963, in what became known as the Profumo affair. Keeler was alleged to have been a prostitute, which was not a criminal offence. Ward was, however, found guilty of being her pimp; a trial was instigated after the embarrassment caused to the government. The trial has since been considered a miscarriage of justice and a charade by the establishment to protect itself.

first appeared in Washington as a photo model under the pseudonym Ellen Rometsch. She met Nancy Carole Tyler, the secretary of Senator Bobby Baker. Baker later found her a job as a hostess for the Quorum Club at the Coroll Arms Hotel on Capitol Hill, adjacent to a Senate office building. It was a private club, founded by Baker requiring annual membership dues and was used by lawmakers and other influential men to meet for food, drink, and engage in dalliances with ladies away from the press that were constantly downstairs at the bar in the hotel lobby.[6] It was during the summer of 1963 that, according to later claims by Baker, the President of the United States, John F. Kennedy, met 27-year-old Ellen Rometsch and allegedly began an affair with her. Rometsch had worked in the Quorum Club for about two years before allegedly starting her affair with Kennedy.

Rometsch had apparently disclosed details of her illicit relations with highly placed government officials that she had met at the club, to a former FBI informant of questionable reliability. Because she had been born in East Germany and was rumored to have once worked for Walter Ulbricht, the FBI decided to investigate her.[7] Attorney General Robert F. Kennedy was informed of the planned investigation on July 3, 1963. On July 12, 1963 Rometsch was interviewed by the FBI and it was concluded that the security allegations against her were not warranted and the high-level sex contacts were unsubstantiated.

However, due to the sensation that the Profumo affair in the United Kingdom had created in the press and because the US State Department could not remove Rometsch without disclosing a specific reason to the West German authorities, it was decided that the information developed by the FBI would be transmitted via liaison to the State Department and then be made available discreetly to West German authorities.[9] On August 14, 1963 Sgt. Rometsch was informed by his superiors of the allegations being made against his wife and that he was therefore being recalled back to West Germany in one week.[10] Rometsch was expelled from the U.S. on August 21, 1963 “because of her behavior in Washington”, behavior which

according to media reports threatened to have scandalous overtones reminiscent of the Profumo affair.

The allegations involving Rometsch and her subsequent removal from the U.S., were brought to the public's attention through a front page article written by Clark R. Mollenhoff in the October 26, 1963, issue of the Des Moines Register.[12] Mollenhoff said her circle included "several congressional figures" and "several high executive branch officials" and "moved in a crowd that included some well-known New Frontier figures",[12] and that she led a life that "could not be financed on the pay of a non commissioned West German soldier."[13] A few days later Clark Mollenhoff asked President Kennedy at a live televised press conference if he is fulfilling the requirements of his Code of Ethics.

FBI Received Tip Deemed ‘Not Plausible’ Days Before Opening Flynn Probe retrieved from True Pundit / Daily Caller News Foundaion and copied or modified to here

According to the FBI document, which President Donald Trump declassified before leaving office, Stefan Halper, a former University of Cambridge professor who served as a confidential human source for the FBI, passed along a salacious allegation about Flynn during a meeting with his FBI handler, Stephen Somma, on Aug. 11, 2016.

Halper told Somma, an FBI counterintelligence agent working on Crossfire Hurricane, that he had suspicions about an encounter at the University of Cambridge in 2014 between Flynn and Svetlana Lokhova, a Russian-British graduate student. According to the FBI summary, Halper said that he saw Lokhova leave the Cambridge event with Flynn, who was director of the Defense Intelligence Agency at the time.

The FBI had opened Crossfire Hurricane on July 31, 2016, after receiving information from an Australian diplomat regarding an encounter he had two months earlier with George Papadopoulos, a Trump campaign

adviser.Z

On Aug. 10, 2016, the Crossfire Hurricane team opened counterintelligence case files on Papadopoulos and two other Trump campaign advisers: Carter Page and Paul Manafort.Z

Flynn was the fourth aide targeted in the probe, though the FBI did not open a file on him until Aug. 16, 2016.

The FBI would use Halper, who had served in four Republican presidential administrations, to meet with and secretly record both Page and Papadopoulos. He was paid an undisclosed sum of money for his work, according to a Justice Department inspector general's report released in 2019.

Both Page and Papadopoulos have identified Halper as the person who has been described in FBI documents as the bureau's confidential human source (CHS) for Crossfire Hurricane.

The FBI has not released any documents showing that the bureau received evidence about Flynn between Aug. 10, 2016 and Aug. 16, 2016, other than the information provided by Halper.

Ultra powerful peer of the NSA with world continental development goals such as Asia and Africa and including cultural, medical, and biowarfare goals

The DIA is a factual fit to Barack Obama's war on Nationalists and a factual fit to have continental development interests in Africa and perhaps also said Asia to create a NeoCon vision around the world.

With "pre-emptive" warfare and massive black ops capbilities this group seems to be tied to the Dulles MKULTRA programs and perhaps JFK murder and more. Looks like a large bastion of unchecked police state power which was subject to political theory and interests in focusing its Defense Clandestine Service and Defense Cover Office capabilities to plant operatives who will layer around illegal DIA acts and protect real witness from being present or will bolster the identity of the undercover operative.

Not only do the type of acts, interests, and capabilities fit what is happening to me, illegal, with no recourse to me, it fits the SteganoSemantics system as well tied to Cryptnome.

Key dates in it are connected to my IVF dates and the agency was spun up exectly during the JFK era that the Dulles seemed to want Kennedy out of the way.

I saw a tweet recently the key was turned in 1963 and it may be through this ultra powerful military agency, still growing in power.

The Defense Intelligence Agency's potential interests in me.

- DIA has an interest in concealing Obama DNA and Birther dates tied to my family.

- Defense Intelligence Agency has an interest in both my non-establishment Atheist Self-Reasoning Self-Governing People ideology and my DNA in Africa fighting Isamism. I had long recommended on Twitter Catholics help Islam undergoe reforms Christianity carried out. Studying my ideology through hostile assaults of me helps multiple DIA goals.

- DIA might be making a fake claim me typing up a few gray area concepts using my favorite computer terms is actually some new concept to be explored by MKULTRA

- I am intelligence and well educated and have unique self taught opinion blacks and leftist would like to move away from their own empty tripe with new, as they use it, faddism in use of words

- I have an elite interest in BDSM theory and practitioners and also European music, and these seems a cultural infiltration the DIA is interested in conducting, perhaps under fighting terrorism theories.

- Personal and political connections to government officials with coverup needs such as popular Francis Collins, Mueller and Rosentein calling my web site http://web.archive.org/web/20060915000000*/ www.realharmrealfoul.com including the now dissapeared NIH.ASp and ProjectELSI.ASP.

- In addition to personal loyalty to those appointees military PsyOps are assigned to protect US Government Agency positions and policies before the public, even when the positions are false such as the 99.9 percent genetically identical claim, from which much Whiteness

Studies and Affirmative Action, Disparate Impact theory flows.

Early history (1958-1969)

The creation of the Advanced Research Projects Agency (ARPA) was authorized by President Dwight D. Eisenhower in 1958 for the purpose of forming and executing research and development projects to expand the frontiers of technology and science, and able to reach far beyond immediate military requirements,[3] the two relevant acts being the Supplemental Military Construction Authorization (Air Force)[7] (Public Law 85-325) and Department of Defense Directive 5105.15, in February 1958.

Its creation was directly attributed to the launching of Sputnik and to U.S. realization that the Soviet Union had developed the capacity to rapidly exploit military technology. Initial funding of ARPA was $520 million.[8] ARPA's first director, Roy Johnson, left a $160,000 management job at General Electric for an $18,000 job at ARPA.[9] Herbert York from Lawrence Livermore National Laboratory was hired as his scientific assistant.[10]

Johnson and York were both keen on space projects, but when NASA was established later in 1958 all space projects and most of ARPA's funding were transferred to it. Johnson resigned and ARPA was repurposed to do "high-risk", "high-gain", "far out" basic research, a

posture that was enthusiastically embraced by the nation's scientists and research universities.[11] ARPA's second director was Brigadier General Austin W. Betts, who resigned in early 1961.

[citation needed] He was succeeded by Jack Ruina who served until 1963.[12] Ruina, the first scientist to administer ARPA, managed to raise its budget to $250 million.[13] It was Ruina who hired J. C. R. Licklider as the first administrator of the Information Processing Techniques Office, which played a vital role in creation of ARPANET, the basis for the future Internet.[14]

Mitre

Additionally, the political and defense communities recognized the need for a high-level Department of Defense organization to formulate and execute R&D projects that would expand the frontiers of technology beyond the immediate and specific requirements of the Military Services and their laboratories. In pursuit of this mission, DARPA has developed and transferred technology programs encompassing a wide range of scientific disciplines that address the full spectrum of national security needs.

From 1958 to 1965, ARPA's emphasis centered on major national issues, including space, ballistic missile defense, and nuclear test detection.[15] During 1960, all of its civilian space programs were transferred to the National Aeronautics and Space Administration (NASA) and the military space programs to the individual services.[citation needed]

This allowed ARPA to concentrate its efforts on the Project Defender (defense against ballistic missiles), Project Vela (nuclear test detection), and Project AGILE (counterinsurgency R&D) programs, and to begin work on computer processing, behavioral sciences,

and materials sciences. The DEFENDER and AGILE programs formed the foundation of DARPA sensor, surveillance, and directed energy R&D, particularly in the study of radar, infrared sensing, and x-ray/gamma ray detection.

ARPA at this point (1959) played an early role in Transit (also called NavSat) a predecessor to the Global Positioning System (GPS).[16] “Fast-forward to 1959 when a joint effort between DARPA and the Johns Hopkins Applied Physics Laboratory began to fine-tune the early explorers’ discoveries. TRANSIT, sponsored by the Navy and developed under the leadership of Dr. Richard Kirschner at Johns Hopkins, was the first satellite positioning system.”[17][18]

During the late 1960s, with the transfer of these mature programs to the Services, ARPA redefined its role and concentrated on a diverse set of relatively small, essentially exploratory research programs. The agency was renamed the Defense Advanced Research Projects Agency (DARPA) in 1972, and during the early 1970s, it emphasized direct energy programs, information processing, and tactical technologies.[citation needed]

Summary: President Obama unveils the “BRAIN” Initiative-a bold new research effort to revolutionize our understanding of the human mind and uncover new ways to treat, prevent, and cure brain disorders like Alzheimer’s, schizophrenia, autism, epilepsy, and traumatic brain injury. Note: Want to learn more about the BRAIN Initiative? Watch Tom Kalil, Innovation Advisor; Dr. Francis Collins, Director of National Institutes of Health; and Dr. Arati Prabhakar, Director of the Defense Advanced Research Projects Agency (DARPA) discuss the new research effort in an Open for Questions session.

What are the potential drawbacks to turning to technology to solve societal issues?

Technology is a raw power; that's true of nuclear technology and it's true of the internet. And history shows us that every power can be used for good and for evil. I do think that, over time, as societies deliberate about these new technologies, they lift us up, in aggregate. That's why we-as scientists, engineers, and technologists-do what we do. We have the great privilege to work on technological advances that will lift humanity. But that doesn't happen smoothly or easily or automatically. Part of our responsibility is to contribute to wise choices about technology.

What role do you hope your new venture, Actuate Innovation, will play in this evolving innovation ecosystem?

"It's no accident that the things we are still very good at innovating for are information technology, national security, biomedicine, and the foundations of basic research."

Arati Prabhakar (MS '80, PhD '85)

We are an organization that raises funds, primarily philanthropic, and uses those funds to design and execute research programs with two focuses. First, we run research initiatives that can demonstrate potentially powerful solutions to societal problems. And second, in doing that work, we have an opportunity to model what the process of innovation can look like, because it's not going to look like the last century of research and development.

DARPA's Supersoldiers

#1 The US defense company DARPA has been interested in the human genome for years, and as you might expect from the company that's created 99 percent of the world's deadly robots, their interest isn't purely for educational purposes. Skirting around the Human Chimera Prohibition Act is difficult, but they seem to be experimenting with various ways to engineer a "super soldier" with their research into the human genome.One project in their 2013 budget projection sets aside $44.5 million to develop "biological systems that cross multiple scales of biological architecture and function, from the molecular and genetic level." The goal is to enhance the soldier's abilities in a warzone.

But here's another project that's, honestly, blatantly terrifying: Their Human Assisted Neural Devices program (on page 70 of the budget, if you want to look), sets a goal to "Determine whether networks of neurons can be differentially modulated through optogenetic neural stimulation in animal models." Optogenetics is an obscure branch of neuroscience that is used to, we kid you not, "manipulate neuronal activity and to control animal behaviour."

And the budget goes on to specify that they hope to have a working demonstration of that technology on a "non-human primate" sometime this year, which indicates that they're pretty far along, and definitely shows where they want to eventually go with the technology-zombie human supersoldiers.

Prophets Elijan in Muhamed Speaks, Linda Newkirk, and who is and isn't a prophet about Spiritual Codes 360 degrees and MKULTRA?

Is Pam Schuffert whose father is USAF a Prophet authorized to speak on behalf of New World Order Project Monarch in Tongues or is she a False Prophet not authorized to speak on behalf of the program?

Pam Schuffert is an Illuminati pawn. And that describes her in a nutshell. She's from an Illuminati bloodline and plays "Christian" all over the internet while she steals other peoples work and puts her name on it.

I first met Pam in the year 2000. I talked to her once on the phone and had subsequent emails with her in regards to a particular person we both knew at the time. **This particular person was a girl running a Christian email group online**

and was a continual victim of the Project Monarch program. I also came to learn she was a lesbian and lived a swinger lifestyle. So I mentioned it to Pam to get her thoughts about this woman because this woman was “coming onto me” in emails etc..We had a few conversations and I started to learn more about Pam’s ministry (she posed as a Christian counselor so I didn’t feel inhibited talking about this other woman to her). I had just had my fourth child and was just starting to get involved with learning about the NWO online and what their agenda was on earth. I had already been a student in Bible Prophecy for many years and had been praying to the Most High to teach me the truth in all things. Learning first hand about the apostasy in the churches and the in-depth details of how the New World Order operates was the beginning of the truth journey for me.

On December 17, 1925 Talton Higbee Embry and John Paul Riddle founded the Embry-Riddle Company at Lunken Airport in Cincinnati, Ohio. In spring 1926, the company opened the Embry-Riddle School of Aviation.[7] Following a merge with the Aviation Corporation (AVCO), the Embry-Riddle flying school was closed in 1930.[8]

In 1939 Riddle, John Graham McKay and wife Isabel re-established the school in Miami, Florida. Keeping the name, they partnered with the University of Miami to provide flight training under the Civilian Pilot Training Program, increasing the number of pilots immediately preceding World War II. Alumni of this school included future President of the United States John F. Kennedy

he Colonization Of Mars!

But, I will share some things with you; for you need to understand that a very great work has been taking place, far greater than any of you can ever imagine.

I must tell you that when these crafts enter into this portal from Camp Robinson, and most often from their underground locations, that they enter slowly into this inter-dimensional space and as they pass through this space, they travel up and out through my body. If you were to be in my house and these crafts were passing through this portal, (which is about the size of two football fields, as I understand it, and out through this gateway,) and if you touched my body, you would feel the movements of these trains and aircraft as they pass through my physical body. It is this passage of these crafts through this inter-dimensional space, which is attached to my body, and the passage of them also through my body, which has caused me to be so very ill for many months of this past year.

Also, because of this constant movement, and believe me, it is constant, my body is so terribly burdened and I am continually so tired that I am not able to do much work. As I understand it, I have actually died more than forty times since June of 2013 and of both of necessity and because of His great love and mercies, our Saviour has continually brought me back to life. Blessed is His Holy Name!

But, Dear Ones, it is not just the passage of these crafts and trains through these portals. Dear Souls, as I understand it, Camp Robinson has a very great underground complex and as I understand it also, this is Satan's world headquarters. It is no wonder that in the

Bible, in Revelation, Chapter Twelve, the word tells us that Satan is in the face of the woman; for I live only a few miles from this base and for twenty-five years, even when I lived in North Little Rock, Arkansas, I have lived only a few miles from this base. Next to Camp Robinson is Camp Pike. This base is named after Albert Pike, the father of modern freemasonry, which is Satan's worldwide occult organization. That Satan would be in my face is foretold in the Book of Revelation in the 12th chapter, but what is told there is only a very brief outline.

Wikipedia: Voting behavior is a form of electoral behavior. Understanding voters' behavior can explain how and why decisions were made either by public decision-makers, which has been a central concern for political scientists, or by the electorate.

Targeting Swinger Communities with Disinformation. What kind of person would adult reproductive age females vote out of a gym or swinger community?

I am going to guess a peeping tom with a hidden camera targeting female buttocks, obsessed with Yoga pants and Yoga classes, a tot or teen sexualizer taking photos of them, someone who resents or fears women or stalks them are can not control themselves around women, overcome by them.

Because I have spent my life under inexplicable gay, non white, and retarded/social services clientele populations attack I have also become a white separatist. I later learned the motive for the attacks on me were an undisclosed interest in my DNA and provoking fights with me which result in legal retaliation against me.

Most every group I have every joined immediately multiplies by a factor of 20 times or more and behind my back KOMPROMAT of faked information is introduced.

But why this? MKULTRA has ALREADY used my DNA in those populations. Because of family databases it ONLY be found in those populations from here on out.

Gangstalkers fake evidence then infiltrate groups I seek to join or were in and lead votes against me on KOMPROMAT hidden from me, a persecution scheme.

Jim Volcelka and William Ruiz said the reason they physically and sexually assaulted me as they participated in a money laundering scam I believe tied to Jen Moore's murder at that same time was that "I was a Nazi (or Trump supporter) scum" thus they had to take their acts.

Maybe in their minds asking a White Supremacist and White Seperatist for IQ genes seems to legitimize the Naziz by legitimizing blacks on the retarded have lower IQs, and idea fought by US scientists. Very few discussion panles on TV about curing the stupid and moves in that direction, like genetics and stupidity.

In fact my family history is genocide on both directions. The famine of Ireland setoff by the English, the Troubles of Ireland in County Donegal my father shiverd at, and the move of FOXP2 Windsor Dysgraphics out of the Windsor family on for them to be hunted and killed later by Black Hebrew Israelites or Opus Dea, or at least it seems to me so far.

But gays and non whites assaulting me as State sanctioned acts, then over thirty years institutionalizing me as I respond within the law to the lawless attacks is the story of my life. I am convinced not only am I a targeted individual but I was radiologically attacked in my midsection imprisonment. I am on the defensive. I have the substantive and process integrity against morally preening aggressors.

The damage to my life that results from their presence had been incalculable and is continuing, and is the continuation of MKULTRA and Sidney Gottlieb type acts of war against my family and me, acts for decades planned by Tom Donegan and Mark Weirness.

My normal acts, Map My Walk, etc., are surrounded by Doppelgangers enfiling women into JPEGSs and others, not me, saying that a White Supremacist did it. (by the way I always considered bands like Smithereens, etc., artistic achievement of whites)

This I am told is “fighting white supremacism” by those with Narcissistic rage against whites who have excluded them.

These non whites dressed as me masturbate openly at the sight of whites or females. These dressed as me ppl photograph white females and planted others (here the tot on blue gym shorts, along with another younger tot ass flahsed me as well) I wanted nothing to do with.

But for the intervening event of them surrounding me, I would

Evidence plants on my or former friends property of ours build the gridiron appearance that I DO (actually I don’t) have despicable interests which make me vulnerable to blackmail.

But why should I have the fun of a blackmail session with an adult entertainer (that injured adult entertainer, angry at stalkers, peepers, pedos) when the LE person who actually caught me peeping could have that fun, leaving me alone?

What could some of the people be thinking?

One of the things I had said is if the RICO participants merely wanted an AIDS cure from certain genes, long telomeres for longer lives, or IQ genes all around that might be debated and done without the racket.

One might speculate the signature behavior of this strange boudiour harrassment fits the need of the bedroom assailants and harrassers, but again, I thik that onion layer has a rotten smell to it.

The real signature of this is politicla ties to politicians and their office holding histories and that makes sense of what otherwise is not explicable, the pressence of DOnal Barr, the Masons, etc, have signed this with their meothds and their needs which are not in the medical use of genes picture.

I have spent all my life since about the late 1990s fighting of racially loaded gangstalk and racially charged unprovoked street assaults by ghetto uneducated blacks who fit what I now know is the profile of Black Hebrew Isrealites.

I did not know what a gangstalk was until I went to Stormfront and found other whites vicims of it.

Dark skinned assailants mostly immigrant Hispanics or black US citizens or black immigrants have been able to assault my mother and I with impunity.

My mother coped with it in pain and I wrongfully rebuked her visceral descriptions of her assailants though I knew them to be correct.

Instead I took the perspective this was fairly ordinary United States Social Justice experience and began to research racial theory and sociology, debating the underpinnings as being racial apologism covering up harder to accept scientific truths, that racial gaps in genetics existed leading to differing life outcomes and whites should not be blamed.

Nevertheless blacks have assaulted me and framed me including framing for their own obsessive “fapping” to white females and at the same copied my aesthetics to use on women who they surround as black push whites away from me.

The obsession with whites, and me and my mother, I now considered “specialized” racial assaults which flow from Black Hebrew Israelite theory, that my mother and I stole their dna and it is payback time.

Payback has meant defecating on my life calling me pedophile retarded threat to women, while black masters of intellect like themselves are the “gods.”

Part of Black Hebrew philosophy, that European royalty DNA was stolen from them)

Very recently, in the last few years I have found this as “narcissistic rage” based hate crime against my mother and I as they are unwilling to admit they want and need the DNA of whites, and of my mother and I in particular.

This new “leveling of the field” (successful predation against my mother and I) have lead to blacks around the world, prison

All that was faked, someone else photographed their children and I have no problem with “undocumented” other than they are being exploited as an under protected class of people in a country which has only one class of person.

I have grown deeply resentful, sick to my stomach my father ever had any US Military uniform near his body. I think they misused genome from James and Glorian, making them the Manchurian Candidates to DARPA FOXP2 gene research, and since their deaths, his in particular, his participation in that program made all three of us, him , me, and my mother, and out true story and genome a threat to Columbia University and

With Rise In White Supremacist Attacks, Kaine Introduces Bill To Combat Threat Of Domestic Terrorism

WASHINGTON D.C. - Today, U.S Senator Tim Kaine joined

Senator Dick Durbin to introduce legislation to address the growing threat of white supremacists and other violent right-wing extremists. The *Domestic Terrorism Prevention Act* would enhance the federal government's efforts to prevent domestic terrorism by requiring federal law enforcement agencies to regularly assess this threat and provide training and resources to assist state, local, and tribal law enforcement in addressing it.

"The rise of white supremacy is an undeniable threat to the safety of our communities. In 2017, violent white supremacists brought their hate to Virginia when they marched through the streets of Charlottesville. As the threat of violent white supremacy continues to mount, we must do more to ensure law enforcement has the training and resources they need to detect, deter, and investigate these acts of terrorism," **Kaine said.**

According to a May 2017 intelligence bulletin by the Federal Bureau of Investigation (FBI) and the Department of Homeland Security (DHS), white supremacist extremism poses a persistent threat of lethal violence, and white supremacists were responsible for 49 homicides in 26 attacks from 2000 to 2016-more than any other domestic extremist movement.

The bill requires the Justice Department (DOJ), DHS, and FBI to monitor, analyze, investigate, and prosecute domestic terrorist activity. The agencies would be tasked with (1) issuing joint annual reports to the House and Senate Judiciary, Homeland Security, and Intelligence Committees that assess the domestic terrorism threat posed by white supremacists; (2) analyzing domestic terrorism incidents that occurred in the previous year; and (3) providing transparency through a public quantitative analysis of domestic terrorism-related assessments, investigations, incidents, arrests, indictments, prosecutions, convictions, and weapons recoveries. The DOJ, DHS, and FBI offices would be required to focus their limited resources on the most significant domestic terrorism threats, as determined by the number of domestic terrorism-related incidents outlined in the joint report.

The bill requires DOJ, DHS, and the FBI to provide training and resources to assist state, local, and tribal law enforcement in understanding, detecting, deterring, and investigating acts of domestic terrorism. The legislation also requires the FBI's Joint Terrorism Task Forces and state, local, and regional fusion centers, which coordinate with DHS, to (1) share intelligence to address domestic terrorism activities; (2) conduct annual, intelligence-based assessments of domestic terrorism activities in their jurisdictions; and (3) formulate and execute a plan to combat domestic terrorism activities in their jurisdictions.- Finally, the legislation would establish an interagency task force to combat white supremacist and neo-Nazi infiltration of the uniformed services.

The *Domestic Terrorism Prevention Act* has been endorsed by leading civil rights organizations, including Muslim Advocates, Anti-Defamation League, and the Center for the Study of Hate & Extremism.

The bill is cosponsored by U.S. Senators Richard Blumenthal (D-CT), Cory Booker (D-NJ), Ben Cardin (D-MD), Chris Coons (D-DE), Tammy Duckworth (D-IL), Kamala Harris (D-CA), Amy Klobuchar (D-MN), Ed Markey (D-MA), Sheldon Whitehorse (D-RI), Bernie Sanders (I-VT), and Brian Schatz (D-HI).

PsyOps against Goth and Myself

COINTELPRO - Wetworks Legal and Psychiatric System Harassment

"According to Brian Glick, in War at Home, COINTELPRO used a broad array of methods, including:"

1. **Infiltration:**

Agents and informers did not merely spy on political activists. Their main purpose was to discredit and disrupt. Their very presence served to undermine trust and scare off potential supporters. The FBI and police exploited this fear to smear genuine activists as agents.

2. **Psychological Warfare From the Outside:**

The FBI and police used myriad other “dirty tricks” to undermine progressive movements. They planted false media stories and published bogus leaflets and other publications in the name of targeted groups. They forged correspondence, sent anonymous letters, and made anonymous telephone calls. They spread misinformation about meetings and events, set up pseudo movement groups run by government agents, and manipulated or strong-armed parents, employers, landlords, school officials and others to cause trouble for activists.

3. **Harassment Through the Legal System:**

The FBI and police abused the legal system to harass dissidents and make them appear to be criminals. Officers of the law gave perjured testimony and presented fabricated evidence as a pretext for false arrests and wrongful imprisonment. They discriminatorily enforced tax laws and other government regulations and used conspicuous surveillance, ‘investigative’ interviews, and grand jury subpoenas in an effort to intimidate activists and silence their supporters.

4. **Extralegal Force and Violence:**

The FBI and police threatened, instigated, and themselves conducted break-ins, vandalism, assaults, and beatings. The object was to frighten dissidents and disrupt their movements. In the case of radical Black and Puerto Rican activists (and later Native Americans), these attacks-including political assassinations-were so extensive, vicious, and calculated that they can accurately be termed a form of official 'terrorism.'".The FBI also conducted "black bag jobs", warrant-less surreptitious entries, against the targeted groups and their members. Source: COINTELPRO - Wikipedia, the free encyclopedia

> From its inception, the FBI has operated on the doctrine that the "preliminary stages of organization and preparation" must be frustrated, well before there is any clear and present danger of "revolutionary radicalism."

> Emphasis added
>
> At its most extreme dimension, political dissidents have been eliminated outright or sent to prison for the rest of their lives. There are quite a number of individuals who have been handled in that fashion. Many more, however, were "neutralized" by intimidation, harassment, discrediting, snitch jacketing, a whole assortment of authoritarian and illegal tactics.

It is an “anti white supremacist” two armed protection racket.

Dredging is the operation of removing material from one part of the water environment and relocating it to another. In all but a few situations the excavation is undertaken by a specialist floating plant, known as a dredger. Wikipedia

- In defaming an alleged white supremacist a Dregg none white or gay will photograph a white or other woman despicably or catch a racketeer dressed as me doing so

- The Law Enforcement, perhaps sometimes US Marshalls fighting white supremacist will defame me behind my back as *the* peeper.

- Again behind my back the I will be Doppled as masturbating to the surreptitious pictures but caught doing so, and something had “triggered” me to take the picture, gym women.

In many cases I have had up to 30 days living with the peeper (in a pscyh ward) and these people were pedo or sex offender backgrounds utilized because of their willingness to victimize strangers and me as part of their behavioral diseases.

I have suspected Nueces District Attorney Mark Gonzales and his motorcycle club based on what others have told me and what I have seen.

Thus women are “protected” from “my” (the rackets) peeping photos and I am protected from White Females who “set off” Mr Hyde (who is the racket impersonating me.)

In the chapter Apendix Witnesses there is a list of locations, businesses, etc., which have co-operated with the Protection Racket by placing people who will intone to me what will later become the acts of a protection racket person, who will with identity theft incur a liability of MY DNA because that person

who swaps into my identity will make and acknowledge a DNA debt (for peeping tom acts) which I do not have, and for interests in that which I do not have but will lead to legal and social persecution of me.

While character assignation and vauge acts are used in my vicinity the racket makes no actual or real accounting to me, it never shows cause to me and denies its activities upon me confronting it.

This is all fraud including forcing me into SJW services as retarded, homeless, etc., but that mismanagement of my property is wanted by the shelters I am forced into upon the Conspiracy Against My Rights.

Mr Hyde is a Doppelgänger and Paradox of Dr Jekyll.

Over the course of time in institutions I have had a chance to discuss with these Doppelgangers who they were in the fight against white supremacism and in the Institutions Witness chapter of this section I will describe these people who fake the factual pretexts that

I have paraphilias damaging to others, especially white women near me or myself.

Though paradoxical to Dr Jeckyl Mr Hyde acts are allged to Dr Jekyll requiring Dr Jekyll non existent illness be treated and the damages of Mr Hyde be paid to alleged of Dr Jekyll when in fact Mr Hyde victims.

Mr Hyde and Dr Jeckyll are not the same person. It is identity theft including money laundering.

By making Dr Jekyll look despicable Mr Hyde and his accomplices become substitutes for Dr Jekyll.

It is fact at this point the Black Money, illegal currency, is transacted by an imposter, the act of money laundering. The imposter account was accepted because of the reputation damage done to Dr Jekyll and adult entertainer desire to NOT allow Dr Jekyll any female satisfaction.

Reasoning that exploitation, use, of the value within my genome, value not disclosed to me, can be used by others without my knowledge of that value or transactions related to that value is the criminal act of money laundering, laundered through unwanted unneeded financial conservancy of that undisclosed to me value. Public implications, others will imply, that the money is accounted for.

Wire, mail, and other fraud are also present in Actus Reas, illegal acts enabling the money laundering. Assaults and other felonies have also been utilized.

Inviting Shopkeepers into Curbside Justice: Criminal Harassment Under Color of Law denying my housing, medicine, on FAKED allegations

https://www.bizcatalyst360.com/curbside-justice/

Now don't get the impression that these old "veteran" officers were corrupt or brutal, they were not. They had a keen street sense and they did their jobs by "protecting and serving" the public.

The one thing that they and us always agreed on was "curbside justice". (Keep in mind folks that this was the early 70's and cops were respected by the citizens as well as the news media. Law and order was paramount if a politician wanted to get elected).

These were the rules of "curbside justice".

Note: The officers as well as the suspects all knew how the game was played by these rules, no kidding!

- If a suspect ever harmed a child, that suspect would suffer even greater harm.
- If a suspect ever harmed a woman, that suspect would suffer even greater harm.
- If a suspect threatened an officer's family

member, that suspect soon thereafter regretted that statement. It was expected that the suspect would threaten the officer. All bark but very seldom ever a bite.

- If a suspect assaulted an officer, that suspect learned to never assault an officer again.

- If the suspect ran away from the officers he knew that he would pay a price once he was caught. He might develop a limp.

Faking that I harmed a child, etc., allows these Anti White Supremacists who STARTED the fight with me to incite vigilantism where I would have lived normally and with my normal strong and naturally occuring ethics self policing the scene from illicit or predatory acts or organizations.

It took over 30 years to find what was of racial interest in my genome.

South Texas Federal District Court

Nearly from the first moments of Corpus Christi I found it the worst toilet stain of people and city I ever encountered in all the world.

Blacks out of the blue were assaulting me in homeless shelters as ARC Of NOVA did everything they could to block my having a checking account or housing. At the same time they (while blocking an apartment I appliqued for) suggested their Retarded Person Housing Advocate would become a counselor and I said I refuse retardation services our housing.

Finally while homeless Social Security Admin made me my own SSDI payee and I had SSDI benefits again though maybe rewritten as SSA. I went to Austin to look for a place but had hotel breakins and finally wallet theft and i was arrested in conflict with cops as I had no ID and no money and I thought they had it but needed me in social services.

After release from the pscy ward I looked around Austin but finally decided back to Corpus for a while to save $500 a month.

From this time to this moment I have tried to get my story out and get out of Texas including suing in STFDC but was blocked by B Janice Ellington.

She made references to how “rich I was ” several times, condescendingly on the first lawsuit hearing saying “You have 180k trust fund??? Oh how nice for a retarded boy.”

In other words, the Trust fund I was suing for a Racket claimed rights to me genome worth perhaps billions of used around the world, and a retarded person like me was unaware of that, but the Grandparents would work things out with Andy B Ellington and University of Texas on my behalf for supplying

the Government and CIA Vatican world missions.

I asked if she was related to Andy Ellington and she literally shouted at me. I attempted to find out again at the court house and was ordered off the land.

In the last hearing she talked about how a rich guy like me was damaging these poor at risk people and let me say again I have no interest of any type in them and find them repulsive mud.

During the 2019 hearing I requested Fee Waiver and a Federal Defender be assigned. She indicated she would recommend against both. I was concerned with process service and used that issue as the sequgy for the Federal Defender being assinged.

In Maclamar I and Maclamar II, the next chapter, I believe she worked with racketeers to intercept mail. The building supr here had access to the mail box and has been planting evidence, etc.,

In the chapter opening this book Prescience I wrote this section, repeated her for more detail, on a blind conservator role, hostile to me and wanting genomics assets from me without telling me and without compensation to me and who operates through fraud.

Dr. Andy Ellington

With his secure defense research facility, robotics lab, and fleet of researchers, University of Texas professor Dr. Andy Ellington might appear to be a CIA scientist building the latest intelligence gadgets for modern day 007s. In fact, Andy Ellington studies. A self-described evolutionary engineer, he uses evolutionary principles to evolve molecules and organisms that serve all sorts of functions: from warning us of a chemical weapons attack to fighting HIV to detecting cancer Said Ellington, "I don't make the molecule; I don't make the organism - ***I make them better."***

Surprisingly, Andy's first research focus was not biotechnology, but the origin of life. How did a scientist whose burning interest lies in the billion-year old chemical reactions of the primordial soup wind up running a lab of 50 people with millions of dollars in

research grants? Although a fascinating issue, the origin of life typically does not distract Dr. Andy Ellington much in terms of research funds.

Nevertheless, to Andy, the connection between origins research and evolutionary engineering is clear: “The same type of processes that would have led to functional molecules at or near origins are the processes that I use to make biosensors for military or homeland defense.

repeating now, below, the 1A 2B 2A 2GW scheme …

At the beginning of this book I will tell what I had found after I finished researching and documenting during the writing of this.

Here it is.

A fake claim is made to my genome by black nationalists who claim they are entitled to it and run a scam with a Due Process violation which substitutes someone else’s agreement my DNA rights are due when I would not agree to it.

Operation 1A 2B 2A 2GW

There are various descriptive names I have termed for use in describing assaults on me. Here is an example. 1A 2B 2A 2GW. That means to me, and I hope to you the reader, I, 1A, do something credit worthy in the gym or elsewhere. Immediately unwanted behavioral health, 2B, send out 2A, a retarded person, who is “doing it together” with me and 2B. We are not. Nevertheless in the gym 2B is often gym personnel, black, who then come onto 2GW, gym women who will be coached by what 2B is now coaching as a coach.

Simply co-opting what I am doing on my own as what I am learning from others puts me in retardation services I don't want or need, but are co-opting me. I also call it the Last to Be First Ploy, or the Two Seconds After Ploy. Others copying me become the last person to adopt what I brought to the gym as a high techer making my own workout videos with video copyright infringing downloading, editing and conversion tools, tablets, love of many high tech genres of rock.

As I am made to look like a moron with mentally retarded classes forming around me, Behavioral Health seems to be in charge of me and managing me, and my genome. Therefore Retradtion Services have access to my assets and I even seem to owe them my genetics according to them.

There has been a racial component to this as well with blacks and gays orchestrating much of this and then A) Making claims to my genome B) Expressing opposition to my White Nationalism and my disdain for non whites. That need of nonwhites for my genome turns out to be important and the motivation for their first strike on me, which I am in defensiveness of.

Allegedly I am "rich in my DNA." We'll get ot more of that later, but because I am in extreme poverty, the result of social justice workers breaking contracts that would permit me normal life in normal cities I am trapped in a squalid border town of mostly minority impoverished people.

Without my permission conservators and blind conservators represent me and they also represent them, and in "fairness" awarded them my genes arbitrating damages on "the playground" of retarded children.

Who is 2b?

One possibility is Rod Rosenstein. The US Attorney for

Maryland conducted a rail road prosecution deeming me mentally incompetent when i was not. He switched out the laywer I had Pauli Xines who was later appointed to the federabl bench by Barack Obama.

Rod Rosenstein also has a PHS sister and CIA wife. He fancies himslef an expert on protecting society from White Supremacism including using US Marshalls as escorts of the public to protect the public from White Supremacism.

The replacment lawyer against my will insisted on an insanity defense (I had contacted goverment officials out of an attack of Bipolar Disorder, not requests for documents including document by document title.)

In this arrest for my news gathering for my web site no evidence or witness testimony was used and ONLY NIH (Public Health Service) evaluators were used to evaluate my competency on prison cell coversations without the underlying evidence (NIH.ASP and the grant refered to) being produced by the FBI/DOJ, NIH Police, private detetive under the CJA, or any other means.

That file would have exhonerated me. It was the file about my request of a copy of a grant fron the NIH in which a Muslim tied to some DOJ guy on Facebook as high ranking DOJ were invovled in a grant similar to what I was doing and intersected in dates the the NIH went to my web site and pages which posed the questions the grant was given for such as whether underperfoming minorities weer accepting responsibility for thier own outcomes or blaming whites and Western civilization.

The entire prosecution was a bed of NIH and FBI corruption and denial of my right to defense and trial, and right to bail, and right to the evidence, and right to all other Due Process protections rather than as a state act NIH doctors merely say, without the evidence before them “it all sounds crazy to me” and keep me in locked cell for years.

Rod Rosentein wanted me found incompetent, me a critic of the NIH, the org he represented.

As for Jen Moore, PIzzagate reporter, outer of the Free Masons, outer of Secret Identities of the OSS CIA Vatican, and out of Rod Rosenstein and his wife, as I was writing law suits Jen Moore said on YouTube of some victim, I think me, “Plagerized by the Special Counsel - What” and “Ultimate Betrayal” again I think refering to me as a coopted and persecuted victim.

I think the pretext of me victimizing others was a ruse to get DNA really wanted for blacks because of MKLUTRA Birtherism, itself tied to fighting social strife by moving IQ DNA into non whites, her by defaming a a white and socially and legally litigating against me as though I am retarded.

Other Suspects and What Led To Me Seeking Answers From The National Insitute of Health Why Black and Other Non White Assailants Were Hostile and Engaging In Unprovoked Attacks

Isreal United in Christ, ANTIFA, and black street people recruited into US Marshalls as fighting against white supremacism by “doing a number on them” all seem probable.

In addition to that I also saw long term harassment or backstabbing of me with women despite on initial contact women did like me and WOULD HAVE continued to like me and my life and lifestyle.

Religious groups other than Isreal United In Christ have seek

continuing use of me DNA including the Illuminati out of Little Rock Arkansas and the CIA continuing a claim to my DNA in money laudering who claiming to be me made “the money shot” after they claiming to be me peeped at women with a smart phone.

2b as the enabler

Whichever parties set themselves up as 2b they did so minorties, retarded, gays, etc., could covertly claim, rather than protect, my biological assets or thier financial worth or claim them without payment to me of their financial worth.

I am solid as a rock as 1A and confidently so. A victim is placed in front of me. A victimizer is next to me who will photograph at the scene or masturbate at the scene to the female in front of me who may even be a tot, or some other person I would not victimize or want to.

Behind my back 2B (who wrongly put themselves in place to manage my assets) will settle the debt to person victimized who was victimized by the person near me.

The Paradox of the Person Beside Me. Why would the person beside me be a Mr Hyde peeping at and masturbating to the sight of women in an anti-social manner also be a US Marshall or other law enforcement officer?

Because they want the assets of Dr Jekyll who they are surrounding an these Mr. Hyde law enforcement officers wil

wake up from being Mr. Hyde and find they had the clothes on of Dr Jeckyll and had been him.

When I confront My Hyde I am threatened with mental health detainer for paranoia or physically attacked by them for my hostility towards them and their “daughters” (planted long con shills.)

- The Department of Justice Asset Forfeiture Program has four primary goals: (1) Punish and deter criminal activity by depriving criminals of property used in or acquired through illegal activities; (2) Promote and enhance cooperation between federal, state, local, tribal and foreign law enforcement agencies; (3) Recover assets that may be used to compensate victims when authorized under federal law; and (4) Ensure the program is administered professionally, lawfully and in a manner consistent with sound public policy.
- Agencies participating in the program investigate, identify, seize and forfeit the assets of criminals and their organizations while ensuring that due process rights of property owners are protected.
- The U.S. Marshals Service serves as the primary custodian of seized property for the program. The Marshals identify and evaluate assets and manage and dispose of the majority of the assets seized and forfeited through the program.

- The U.S. Marshals Service plays a critical role in identifying and evaluating assets that represent the proceeds of crime as well as efficiently managing and selling assets seized and forfeited by DOJ.

- The Marshals Service manages a wide array of assets, including real estate, commercial businesses, cash, financial instruments, vehicles, jewelry, art, antiques, collectibles, vessels and aircraft.

- Proceeds generated from asset sales are used to operate the program, compensate victims and support various law enforcement efforts.

- The Marshals manage the distribution of proceeds and payments to victims of crime and other innocent third parties, all of which helps to mitigate the financial damage inflicted by criminal activity. The agency employs best practices from private industry to ensure that assets are managed and sold in an efficient and cost-effective manner.

- The Marshals Service supports communities by transferring certain types of forfeited assets to state, local

and nonprofit organizations. Through the Operation Goodwill program, forfeited real or personal property of marginal value can be transferred to state or local governments in support of drug abuse treatment, drug crime prevention and education, housing, job skills and other community-based public health and safety programs.

- The Asset Forfeiture Program was created in 1984 when Congress passed the Comprehensive Crime Control Act, which provided federal prosecutors and agents the legal and regulatory tools necessary to keep up with, and ahead of, those who commit crime for economic benefit.

- DOJ Asset Forfeiture Program participants include the Asset Forfeiture and Money Laundering Section of the Department of Justice Criminal Division; U.S. Marshals Service; Bureau of Alcohol, Tobacco, Firearms and Explosives; Drug Enforcement Administration; FBI; and U.S. Attorneys' Offices. Other participants include the U.S. Postal Inspection Service; Food and Drug Administration; Department of Agriculture Office of the Inspector General; Department of State Bureau of Diplomatic Security; and Defense Criminal Investigative Service.

And remember this from the black markets and medical assets program book section

Main article: Organ trade § Illegal organ trade

According to the World Health Organization (WHO), illegal organ trade occurs when organs are removed from the body for the purpose of commercial transactions.[31] The WHO justifies its stance on the issue by stating, “Payment for … organs is likely to take unfair advantage of the poorest and most vulnerable groups, undermines altruistic donation and leads to profiteering and human trafficking.”[32] Despite these ordinances, it was estimated that 5% of all organ recipients engaged in commercial organ transplant in 2005.[33] Research indicates that illegal organ trade is on the rise, with a recent report by Global Financial Integrity estimating that the illegal organ trade generates profits between $600 million and $1.2 billion per year with a span over many countries.

Recovery Through Chirst Corpus Christi

Being gracious at the time I said when homeless (and illegal activity placed me in that situation) I was gratefull as to my parents I was cared for while “on the streets” (homeless) and said so. This could have created the excuse for EN Parentis Loco control of my family assets as though my living parents, which is what not meant to authorize at least by me.

First United Methodist Corpus Christi made much talk of breaking a will, presumably of someone like Glorian Donegan, if they knew her will better than her. I was in the room and they would not engage with me on her and who well I knew her or admit to me GLorian or I had anything to do with the conversation, but if they DID write themselves into her will it could fix the Judge Roll assasination issue of 2011 and using asset siezure in US v 323K dollars retirement funds for foreign nation development.

First United Methods CC has some kind of Soldiers of Christ group working throughout the world doing charity.

Evil as an Element

From : [my elderly father James Paul Donegan]
Subject : WORRY

I have been talking to [my elderly mother] and she is horribly upset, [my brother] is very worried. WHY ARN'T YOU RESPNDING TO OUR phone calls? Where are you? .

Glorian thinks you are afraid the FBI is watching you. You havn't done any thing wrong, why would they bother you? Glorian says you have removed all the content of your web site. Do you think your opinions however bad are going to cause an investigation of you? I don't believe you have ever shown a propensity for violence of any kind I wish you would talk to me or any one about this. Call me at XXX XXX XXXX [his name]

…

Those last few calls I (Edward Paul Donegan) did make to the FIOA NIH) office.

Now it is time a court heard why, and why I was stranded at the time. This has terrorized and split my family apart long enough. The fake accusations against me. The intimidation, the lies, the false police reports filed against me, the violations of all the FIOA laws, all

this fucking goddanm bullshit will end.

If government officials want to be spoken to nicely after the crap they have pulled on me, we have the wrong people in government.

My family has been attacked enough.

Classical Elements

Classical elements typically refer to water, earth, fire, air, and (later) aether, which were proposed to explain the nature and complexity of all matter in terms of simpler substances.[1][2] Ancient cultures in Greece, Tibet, and India had similar lists, sometimes referring in local languages to “air” as “wind” and the fifth element as “void”.

These different cultures and even individual philosophers had widely varying explanations concerning their attributes and how they related to observable phenomena as well as cosmology. Sometimes these theories overlapped with mythology and were personified in deities. Some of these interpretations included atomism (the idea of very small, indivisible portions of matter), but other interpretations considered the elements to be divisible into infinitely small pieces without changing their nature. Periodic table

The periodic table, also known as the periodic table of (the) (chemical) elements, is a tabular display of the chemical elements. It is widely used in chemistry, physics, and other sciences, and is generally seen as an icon of chemistry. It is a graphic formulation of the periodic law, which states that the properties of the chemical elements exhibit a periodic dependence on their atomic numbers.

Moral Elements

Evil, predation and Falsity tested by internal consistencies and self gain as opposed to truth, justice, and fairness as a Good.

Political Philosophical Social Building Blocks

The Social Contract may contain elements of Feudalism, Dictatorship, Single Party Governance ruled by a sub population, Liberalism, Socialism, or Communism. In this book I use republican government (indirect popular government and Liberalism fairly interchangeably and count Ireland and the USA as developed under Liberal Democratic Archetype.

This book is about perhaps the most important story in human history as Feudalism which is a Genetic claim for rule has hidden its quirky genetics of FOXP2 so it can claim continuing royal rule despite a trend against feudalism.

As Jen Moore observes from the inside of Free Masonry to us the USA people this clash of systems makes up the infiltration

the USA lives under.

Marilyn Monroe has one foot in the Rat Pack with Frank SInatra, Peter Lawford, Anrold Schwartzegger and another foot in the JFK, RFK, TK, Joe Dimagio, Dorothy Kilgallen all-Catholic Roman Catholic moral center. The CIA that LBJ was working with inthe Queen of England sleeper agents common wealth plot was not one Marilyn would keep secret. LIke Farrah Fawcet, she knew the back story of her movies and was killed. Further Reading

On a Process and on a Substance basis GrangStalk the Feudal system of Free Masons eroding a person's reach and power of voice by damaging slander is used to preserve the glean of the throne by eliminating complaints against its princes - slandering the complaining party

My family and Jen Moore have been tarted by Free Mason families hiding their own guilt and the real truth of WWI, WWII, and "Sovereign" secrets of high officers.

In a Liberal democratic society the press should expose the errors of the Rulers; however, in what is called the Cabal the enormous wealth of Feudalist Free Masons have been able to subdue the press, demonize opposition to Elites as a danger.

The quest of this book and my teasers excerpts from it is to pierce the resistance to the real truth with facts which would be and should be accepted by reasonable minds, should clear minds rather than brainwashed minds be exposed to the truth.

Mr. Edward Paul Donegan I hope along with the voice of Ted Gunderson address you

I start with a quotation from Mr Rothkopff in a thread of literary observation continuing observations of Ms. C. Wright Mills leading to "oil is the most mind altering substance there

is.” Further Reading

I have started to argue in favor of that statement, then argued against that statement, and now for that statement with an observation adding to the original statement rather than disagreeing with .

My story is the Nexus of Ted Gunderson’s, Ted Gunderson former anti mobster FBI Special Agent who asserts, as I do, that the NWO poisoned him, and that the NWO radiologicaly poisened me and from a foodstuffs availability and exercise availability standpoint poisoned me (medical battery) and along with Ted Gunderson I believe this is a connected series of events tied to JFK and the NWO, and its MAFIA OSS CIA FBI Espionage State actors capabilities. Further Reading

It is my belief that oil, “liquid [or black] gold” is yet a another of Earth’s treasures which like diamonds and the precious metals have been the quest of the greatest of powers to possess.

If I were to argue with Mr. Rothkopf’s points it would only to say that DNA and Eugenics and reproductivity may be the most mind (and soul) altering substance that there is.

In arguing that point though as I have in this book (once title Genoracketeering) I find that the Eugenics quest and oil quest and Crown Jewels quest may really be all one power struggle.

A place called Gibson Island, close to and perhaps related to the Epstein Brain Foundation island, the VI Island of Jeffery Epstein, is a place where oil executives and world elites gathered for the most advanced sciences tied to industrialists, industrialism, and their pursuits. Further Reading

It appears that in the quest to rule the world’s riches and protect them from hazards of being buried deep in the earth or possessed by Socialist nations the world’s richest elites decided a genetic super-class of selected groomed leaders could rise to power in places around the world now in turmoil and bring to

those nations a First World Western aligned hemispherical system of satellites which would become Principalities of greater nations.

Leader these satellite nations and England and the USA would be a WASP class of CIA backed Windsor backed genetic experiments as the out-of-wedlock Windsors around the world were watched as in the USA, watched for good ones of various batches to emerge and then could be run for office in a Republic or rule a country where Banana Republic might serve the USAs interests better.

Donald Barr, William Barr, Jeffery Epstein, Alexander Alcosta, Christopher Wray, Robert Swan Mueller III, and perhaps hundreds of Bush family and Arkansas families of politics appear in the NWO with certain families in an internal power struggle and losing out to #WETDIVISION are mostly of Roman Catholic sympathies or leanings. Further Reading

The desire to create and groom euginicaly may be inseparable from the quest for power or wealth. They go together, and in world history is many of our world wars come from these activities amidst and unresolved un-legislated ethics of genomics.

First; My DNA and familial legacy at issue in a well protected deep state cartel, possibly the Cali Cartel or MENA Airport CIA cartel.

My normal activity like going to the gym, photographing scenic places or historic events turns into an allegation ***against me*** as my actives are poisoned by entirely out of place staged sexual misconduct such as minors exploited in the vicinity I am in.

I call this Poison R (reproductivity type events) into Healthy normal activity) into K the healthy activity which is to be undermined and eroded with the false allegations.

Any opportunity to discredit me id rewarded. False allegations plaintively targeting my reproductivity is rewarded and that is part of a criminal syndicate of counterfeiting and money laundering some (Jen Moore, others) assert have been CIA mafia criminal networks of the long term Deep State.

A DNA-Cartel black market happy to create collisions with me with staged abusive situations (assaulting me by placing themselves in positions close to me) then battering me with outstanding sexually aggressive and exploitative trespasses against me (forced positioning children, naked children, twerking children, or minors with camel toe pulled up yoga pants) and my property such as home litigate over with the issue of guilt decided on a table tilted by forgeries, counterfeiting, criminal syndicalism, and ethic assaults.

There is no question long time street people, migrant farm, or those toiling low wage jobs are seeking some sort lift from poverty enabling claim against the Establishment class as recompense or merely to find a way into a better social class.

These people are motivated for false claims against me and have made such claims, and claims of my abusing them in a reproductivity way raised claims to my reproductivity as a cross claim in ***justice seeking***.

But those claims only work because in the Eugenic rights won in rigged hearings or systems of justice are desired on black markets, and because the Criminal Syndicate can create an operating world budget of of patented or stolen genetic rights which are treated as so precious an available right within reach.

Second, the nexus with Ted Gunderson and the livelihood he was poisoned or the subject of mafia attacks during his lifetime by the MKULTRA Deep Stat as he asserted and I believe.

On February 20 1961 I was likely fertilized during Manhattan Project atomic testing including Manhattan Beach California Los Angeles County birth in the same area of the USA and of

atomic testing and the site of the P-51 plane manufacture my father flew as pilot in the atomic bombing and other fighter-bombing activities of Germany, Japan, and Korea.

During this time Middle East North Africa airport was bring created by the CIA as were sleeper agents to gain control of Russian or Chinese satellite nation prospects such as Indonesia, Cuba, Hawaii, and perhaps a solidification or royal families in the Middle East and through the world aligned with the British Commonwealth.

8 months, 18 days from my birth Marilyn Monroe was murdered by the Mafia tied to the CIA. Further Reading

Almost two years to the day following my birth JFK was assassinated.

My birth was part of test births being conducted by MKUJLTRA and the CIA. Operation40 and the oil business was looking for sleepers and to assassinate inside and outside the USA to protect the insinuation of US Big Business or CIA backed business like Zapata Oil throughout the world.

This was the very mafia run by the DuPont family and others my own family comes from and my DNA has a long secret history though in poverty in Boston and North Carolina as refugees from Irealnd (the Donegans) or Austria England (Glorian Gainey, Windsor Kutschera out of wedlock.)

As John F. Kennedy and Robert F. Kennedy fought the mafia in the US Congress in the 1950s and in Washington D.C. with Ted Gunderson in the 1960's they were killed by the mafia who needed its privately funded businesses and sleeper agents to succeed if their oil and other businesses and world conquest were to succeed.

It is this cartel (some say Cabal) mafia that is the Criminal Syndicate which is the nexus between Ted Gunderson and myself.

The losses to Evil and the USA versus Journalism

Few view the FBI as an evil or an Espionage agency but it is both and more so than a law enforcement agency.

Since J. Edgar Hoover days and the founding of the FBI it has had a role in shaping politics by political surveillance, assassinations, murders, child porn plants, COINTELPRO on military scale and international scale, close association with large scale CIA backed research institutes and CIA figure, and long term espionage Deep State families who conduct mafia murders rather than investigate them.

This book tells the story of Catholics and ANTI mafia figures who dispute George H.W. and Prescott Bush or Robert Mueller Dupont family Masonic methods and why those like Robert F. Kennedy were assassinated and blocked from the WASP Deep State.

The most dangerous a COINTELPRO killer has been Robert Swan Mueller 6th Director of the Federal Bureau of Investigation In office September 4, 2001 - September 4, 2013 President George W. Bush Barack Obama Further Reading

Long cited by everyone except Congress who continues to continue rubber stamp into appointed positions past normal protocols he matches the most motivated of the Deep State.

Understand in all these excerpts from my book I am trying to help career FBI out moles in the FBI, the motives of moles, moles who are a threat to FBI as well as to others. Among the most dangerous of cover up families in the greatest OSS, CIA, and MKUILTRA histories are the Bush family and their firing of US Attorney's I think tied to their fear of their own bureaucracy turning on them if they get wise to the Deep State. Jen Moore appeared to feal the same way and was trying to take her information INTO the USA government and national security infrastructure (Homeland Security Investigations and other

groups like ICE) wiht the real story of the Free Masons who have infiltrated the USA with their dual or conflicting allegiances.

born August 7, 1944 within a few days August 4 (a dog-whislte of some secret lineage) be is the son of Robert Mueller II, a Board of Director member of DuPont corporation.

This is important. It was DuPoont a Grand Master Free Mason who worked with England in the Manhattan Project and Columbia University developing the Atomic Bomb with Enrico Fermi and others, thus the name The Manhattan Project.
Further Reading

Christopher Wray's pedigree from this long running Deep State is little less reassuring and he has been part of the re-establishment of Target Killings in the USA for anti terror reasons, at least as alleged.

Eric Holder and others have a long history of assassinations as well as does the State Department, Blackwater, Dick Cheney, George Bush, and possibly, only possibly by comparison, Killary herself who may get must of the blame from the Bush admin via chuckling jokes.

From one of the academic towers of Columbia University Enrico Fermi could gaze out to Manhattan Island and think about the war.

My mother and Glorian Donegan were raised and born in the USA likely arriving with a pregnant Maria Von Trapp leaving a Convent and in the USA after Festus Gainey died, her adoptive father, they were moved to South Carolina where Harold worked in DuPont family and during my visits to South Carolina I heard there from Harald about my having a secret but closely held royal family connection.

I would also hear this on my fathers side James Donegan who explained I was named after Edward some sort of (I thought

Irish king) who had abdicated some sort of title or throne, something to do with I thought the 1920s which fit the Irish revolutionary history distractingly so as it took me from understanding the Edward was likely on the English part of history.

It was during Robert Swan Mueller time as 6th FBI director while in a federal prison I say I was radiologically attacked and was hospitalized wiht red skin (thought to be Excema) and placed in a psych ward. I had already been in a Psych ward Federal Medical Facility Butner North Carolina on a medical hold for trying to contact Freedom of Information Officers of the National Institute of Health too often and with some lay efforts at document requests.

It was during this time 2007 Ted Gunderson unknown to me at that time also asserted he was being poisoned by and FBI NSA CIA alliance of unfathomable evil he spent his last octogenarian years trying to fight in court before he died.

He had been Robert F. Kennedy's right hand man against the very mob (like Ron Patacky, Felix Rodriquez, the Rat Pack, and others) the FBI loved so much for conducting hits.

Robert F. Kennedy fought with Dorothy Kilgallen against the mafia before the DOJ in Congress in the 1950s, in Washington D.C. in the early 1960s and in the late 1960s in the Senate again this time as Senator rather than Senate Lead Counsel for other senators.

Doroth Kilgalen and RFK were murdered by the Mafia tied to the overthrow scheme and like with the assassination of JFK is tied to my mother and uncle (Glorian Gainey and Harld Gainey) and at least one more, likely Marlin Monroe. Julie Andrews and others covered overed the story of how Maria August Kutschera landed in North Carolina and the Gainey children were raised there (2 of them) and it was on the tour of Sound of Music Pataky moved in for the mob kill of Dorothy Killgalen.

This goes to the writing of this book and the fear for my life. As I was researching it and watching the movie The Kings Speech (directly tied to the out of wedlock Windsors and Maria Augusta Kutshchera) my PC was openly stolen from my apartment and TV too and the police merely faked all the records of of a police backed (the second one) bit on my PC and TV/wifi.

This has matched death threats as I go to the library, work in my apartment with violent criminals threatening me or sexually assaulting me by acts or gestures or nearby dumpsters being beat on by large machinery openly creating loud violent noises.

A re-assert this, the police, city, and federal employees and their assets do this unapologetic and with open warnings to me and assaults upon me.

I have watched about 200 other movies in four years and 40 or so DVD episodes of Izombie without interruption.

Jen Moore pointed her camera at the apartment Glorian Donegan and I lived in and Tom Donegan frequented from his home nearby in Arlington Virginia and spoke of the Infiltration of the US political system. Shown Here. Her last video after trouble with YouTuber were on Bitchute and in several of her last videos she discussed "baby factories," the Ukraine, energy boards, Hunter Biden, and other matters tied to the history of the Donegan family and how it tied a secret history of genome and use in sleeper agents aka the Nazi history of holdovers from MKULTRA in the US and Argentina Nazi hunters have still not fully found.

Jen Moore claimed to be and was a Mafia facts leaker, and by Mafia I will use some people's terms, Free Masonry, perhaps called Skull and Bones, the Illuminati, or various other names like The Secret Team. I refer to as WASPS based Commonwealth preferring Old Guard of Big Business families who can and do run mafia for hire operations like Blackwater, use well known criminal figures that deals are made with, or other illegal Syndicate activities which bury in the graveyard their opposition rather than out-politic competing interests and these industrialists equate with and replace the Sovereign national interest of the USA with their interest and self-preservation including hiding their own USA and international criminal liabilities.

Many including me believe Jen Moore was murdered to

silence her (as she said she would be silenced but would create surviving documents that would be available after her death) and she told much of the same story as Philip Marshall, Daniel Casalero, and many others, and that I attempt to tell in this book.

> Philip Marshall, a veteran airline captain and former government "special activities" contract pilot, has authored three books on Top Secret America, a group presently conducting business as the United States Intelligence Community.

I have not read The Big Bamboozal but the cover it uses a satirical emblem of "Central Intelligence Community" as a group of fraudsters hiding the truth behind the world politics of the Bush Family which lead to undisclosed (even hidden) aspects of 9/11 terror attack: That the US had ties INTO Saudi Arabia, its Royal family in secret dealings with Royal Commonwealth countries, and this led to Saudi Nationalists motives for attacking the USA.

It is the same allegiance of Commonwealth or Royal Families in the British Anglo WASPS this book here is about and attempts have been made on my life and I have faced constant threat in writing this book.

Whether you look at Secret Team which is a book about very rich defense contractor industrialists and oil interests in the Deep State which murdered JFK and RFK (and those authors were once neighbors of my family in Cape Cod Massachusetts and have intermarried with my family) the basics of the story are the same. Because circumstances have shrouded Danny Casolaro's death in mystery, the single aspect of his research that led to it may never be known for certain. Hotel workers in Martinsburg, West

Virginia found the writer dead in August 1991 in what looked like a faked suicide. The “head’s up” warning flashed among students of the conspiracy culture when the learned files he had on him were missing and the details of his investigative work slowly emerged from friends, family and fellow investigators. Casolaro previously had previously warned these same people not to believe any reports that he might have fallen victim to an “accident.” The fishy circumstances of his death and the probable motivations of his possible killers remain obvious. Jen Moore and Tom Donegan (my now deceased brother who along with Jen Moore were studying my mother Glorian Donegan’s MKULTRA Project Paperclip genome history) likely were genuinely connected witness to the Barrack Obama Jr families ties to the Donegan family birth at Manhattan Beach California, and how that ties to the Bush family, Prescott Bush, the Barr CIA family, the Clinton family, the Obama family, the Kelley family, and our missile command nuclear football holding political leaders real history is.

Jen Moore (law enforcement officer with extensive training) is believed to be suspicious death according to her friend Robyn Gritz.

Former FBI Agent Speaks Out: ‘I Was Not Protected
retrieved from NPR, April 15, 2015 , Heard on All Things Considered by CARRIE JOHNSON EVIE STONE
and copied or modified to here

For 15 years, Gritz says, she did her job well. Her bosses at the FBI gave her excellent or outstanding performance reviews, she says. But when a reporter made contact with her last year, she was selling cosmetics at Macy’s.

“Watching everything that’s going on in the world,

how I had battled al-Qaida in Iraq, the Taliban … all my experience, all the time I had put in there, I'm selling lipstick and blush," she says.

A Decade After Blowing The Whistle On The FBI, Vindication

How did that happen? Gritz says the FBI drummed her out of a job. All because of allegations about fraud on her time card that she says just didn't happen. The FBI also blamed her for not attending a 7:15 a.m. meeting and sending an unprofessional email to an ex-boyfriend.

Now, she's got the ear of people like Senate Judiciary Chairman Charles Grassley. The Republican lawmaker from Iowa says he's concerned about what he heard from Gritz and a small but vocal band of female whistleblowers at the FBI Further Reading

This book, my story, explains what the CIA Mafia has killed so many over, the secret identities and secret history of a WWII era (before and after) alegiance with England and during 1926 and on refugees from Austria and Germany (Schwartzenegger Shriver Lawford Kennedy family history as well) my mother was in that group of Von Trapp Singers from earlie Maria Augusta Kutschera births, and how the mafia and CIA are now covering up how the DNA was used in MKLUTRA for Sleeper Agents the oil industry would use to create British loyalist governments in locations the CIA would ovethrow socialist, nationalist, or communist governemnts refuse allegiance wit the USA and Great Britain.

The JFK asssionation and WHAT LED TO WWII as Jen Moore speaks again in Video 11 and how a minor quirk in European DNA called Minimal Brain Dysfunction or FOXP2 Syndrome ran in the London King Edward VIII or Prince Albert family, how that secret is protected by the OSS, and how that genome is watched by the OSS CIA

“I THINK IT’S IMPORTANT FOR THE AMERICAN PEOPLE TO KNOW some of these facts so in the past week or so as I just started out this YouTube channel I’ve been doing a series of interviews on another YouTube channel with farmer Jones and the interviews have to do with things such as MKULTRA, the VATICAN the Vatican’s connection to the CIA HOW MKULTRA WAS STARTED details about PRE-WORLD WAR ONE AND WHAT LED INTO THE SECOND WORLD WAR AND THINGS LIKE AT THE MKULTRA PROGRAM which many people have heard about talks a lot about Sigmund Freud who was kind of the founder of MKULTRA or one of them he’s known as the father of psychology the father of psycho psycho analysis different titles like that but his history has been sanitized and even most psychologists or doctors psychology do not know a lot of this history and I do for a variety of reasons I’ll get into and even going further into people like dr. Carl Jung it’s Ju and Ji Young in theory theory is very well known the realms of psychology and psychoanalysis

“many people don’t know is that Mr. young was our doctor young was also CARL YUNG OR ALAN DULLES secret agent agent 488 and Allen Dulles was the founder of the CIA he originally was an OSS which was our initial United States of America their intelligence service

“and then it moved into the CIA during and following World War two and Allen Dulles was the first director of that of the CIA his brother Lewis John Foster Dulles was also in there and ALLEN DULLES WAS A CIA AGENT AT THE TIME OF JFK’S ASSASSINATION so that is an interesting part that will come out as well

Now from Ed Donegan and how world leaders and groomed world leaders were part of this covert OSS history.

The obsession with what my DNA could be worth to a WILD WILD WEST group of rustlers has made the attacks profitable.

It as if I were mere sunken treasure no one had rights for, and

the tomb raiders were told to attack and clear the relic.

That explains criminal syndicate which attacked me and why.

Arlington County Virginia before departure for Texas

1. When diagnosed with Diabetes A1c 13.3 I had to fight against Tom Donegan, Integrity Payee, and ARC of Northern Virginia to get gym access. Only bad faith could have prevented gym access.

2. When I did get Arlington Sport and Health access I got results but that was disrupted with lack of money for laundry, a key scheme to prevent sweaty gym cloths re-use. I had to use cut up bar soap as laundry detergent because I could not afford laundry detergent.

3. Blacks surrounded me and assaulted me and the gym as a whole in bizarre and offensive ways. A black trainer worked out a white female in odd exaggerated ways as she made orgasming noises into the gym, blacks

surrounded me and pretended to coach me, women planted themselves in front of me as as blacks took positions behind me. Among the murmur on the gym was that Tom Donegans and Mark Weirness Democrat friends were merged into the Wilson Mall gym location, mine, from the Clarendon closed location

4. Extreme financial abuse prevented trust fund and SSDI use for diet, MS Office, diabetes testing strips, etc., I was refered to Church Group Arlington County Connected food services rather than permitted SSDI or Trust fund use for my doctor recomended diet of lean meat. I did prefer red meat over fish but the economics and achieved result were good in that lean meat food space.

As unsurvivable bad faith financial abuse continued I could not afford to eat, replace one broken dish of two dishes total, nor $1 dish soap to do dishes, nor a have a car to shop with forcing me to eat sugar products or nothing.

I finally broke the one dish I had in anger, and later hurled some other things around an apartment I could not afford to clean as laundry mildewed from tub washing and air drying.

5. Arlington VA County Services continued to refer me to blacks or other minorities who were inaffective and said things like, in foreign accents “You have a probabte issue. We don’t handle probate problems.”

- After I forward the email in which, I had told Tom Donegan uncolicited information about Dialysis that original email I had sent him disappeared from my sent items in Gmail though the forwarded copy of it

remained.

- The mere excuse created, out of necessity, to all me delusional and bipolar, NIH.ASP has disappeared from ARCHIVE.ORG though it supports me in that dispute

- He brought about the early Sepsis death of my mother, fighting against her getting Nephro (proper nutrition) and Sacral Sores bed cushions

- He did everything he could to hide my mother's hair DNA

- He also (at the time I thought it bizzare) fought against my mother's claim to competence. In Lincoln Towers above the store where we lived the plumbing would overflow. I knew this and had to mop much up late at night from building problems. Air pressure pulse hoses were used to clear sludge from apartment drain pipes. My brother denied the real problems and created written records "she thought snakes were coming from her toilet to attack her"

- He repeatedly sent me emails quoting me on things I had in NO WAY said and I wondered who he BCCd and thus did not get my angry response

The capacity to accomplish these things: Tom Donegan served on the Board of Directors of Arlington County Behavioral Health (his position at the suicide prevention center) and was well connected in Arlington County politics, always seeking Elerman or County Board participation levels in zoning, etc.,

Kaine Joins Vapartisansfor 15th Anniversary Vapartisans

2007 Governor Kaine (front runner for Obama VP during 2008 run) helped celebrate the Partisan 15th Anniversary at the home or Mark Weinress and Tom Donegan on Saturday June 30th. This was the first time a sitting Governor attended a Vapartisans event. It was a great day or food, fellowship, fun and politics. Thanks to all who attend and celebrated with us.

Orientation and Closeness of Understanding

Tom Donegan and Mark Weirness have always been SJWs long in conflict with me.

We have more or less preferred to limit contact as much as possible our entire lives from early childhoon on limiting both communication and even understanding or knowledge of each others lives.

They have fought my Alt Right Radical Right positions and viewed them as crazy, and with such opinions, shared that view.

They have viewed my mental illness of racism a threat to gays and others, the sort of thinking which had led to an anti-gay attack upon them in the 1980s.

From frame of reference into more hostile acts, they have sought my analysis and detention repeatedly and sought denial of competing forensics of my competency from neutral sources, that is to say denial to me non-Government forensic resources.

I could never get the trust fund fully away from Tom Donegn

and its real accounting on likely use of my dna most likely ONLY reaches him. It certainly IS NOT given to me, but very likely is given to Bernie.

Tom Donegan and Mark Weirness using Soundness of Mind Claims to help Obama family out of 1961 Project Artichoke plot

As I have been subject to harassment I could NOT until recently identify from plain clothes actors I have been called delusional for citing some form of harassment and plain clothes police officers engaging in hostile acts around me.

Playing on those claims of mine allowed Tom Donegan and Mark Weirness to continue to discredit my claims to the medical community, the same medical community whose agencies had been harassing me to conceal medical sector misappropriates of my biological origins.

As with Tom Donegn, as I was in confrontation with Thea Smith, or as with Tom Donegan as I confronted the National Institute of Health, or even as I confronted AOL Time Warner, I was confronting the very people motivated to discount and disbelieve my claims.

The medical industry latching onto any stigma they could find simply was marginalizing me and he was supporting that, much like can be done when sexual harassment victims try to credibly assert a powerful boss intimidated or harassed them.

During my time in National Institute of Health and Public Health Service detention, facing all black PHS, Tom Donegan is pictured in his home with an African also tied to Trinistas Nsamimbari, also an African who is part of trust fund management.

Me

The answer I have sought for 35 years

Niggers are worth a damn. The are toilet mud shitflush. The Germans and Japanese even after atomic bombings wouldn't quite.

Those shit disgusting things need to be sunk back into the sewer.

The Question it Answered, the explanation of my life

Why are those dirty things attacking me, how can they get away with it, and how can human uniforms and human clothes be on them when they show what feces they are?

The Truth of world history, the truth of the debasement of the Donegans, Jim, Glorian, and Edward, is how filthy niggers are.

Don't expect to hear about this from the espionage agencies selling my DNA to dominatrixes like the CIA and Secret Service, or US Marshalls Service.

They wont tell you why they are driving up and down the street head bobbing grabbing their dicks or doing that in gyms or US detention, custodial, systems.

This book places the answer with the question, the vacumn of truth filled wiht lies and black markets of human trafficking, eugincs, and murder.

Racial experimention, racial science, in black ops, are the secret world of espioange, and that is the lurid truth of a filthy United States who betrayed the entire western world for G.E.E holding Marshalls to masturbate at the site of buttocks, if that could black market human genome characteristics mapped by the scientists.

Failure to recognize the US is ruled by Mafia is a mistake and fatal to Mafia victims like me. Once the CIA, FBI, NSA, and others joined with the Mafia all Mafia are gvernment and all government are Mafia

The Five Families is the organization of the five major New York City organized crime families of the Italian-American Mafia formed in 1931 by Salvatore Maranzano following his victory in the Castellammarese War.

Maranzano reorganized the Italian American gangs in New York City into the Maranzano, Profaci, Mangano, Luciano, and Gagliano families, which are now known as the Bonanno, Colombo, Gambino, Genovese, and Lucchese families. Each family had a demarcated territory and an organizationally structured hierarchy and reported up to the same overarching governing entity. Initially, Maranzano intended each family's boss to report to him as the capo di tutti i capi ("boss of all bosses"). However, this led to his assassination that September, and that role was abolished for The Commission, a ruling committee established by Lucky Luciano to oversee all Mafia activities in the United States and to serve to mediate conflicts between families. It consisted of the bosses of the Five Families as well as the bosses of the Chicago Outfit and the Buffalo crime family. In 1963, Joseph Valachi publicly disclosed the existence of New York City's Five Families at the Valachi hearings. Since then, a few other crime families have been able to become powerful or notable enough to rise to a level comparable to that of the Five Families, holding or sharing the unofficial designation of Sixth Family.

NewSpeak is inserted into Truth by in in-explicit double entender

Double Speak * creating a Legend tat is seuxally abusive to me but benefits elite politicians and their plans

NewSpeak retrieved from Wikipedia and copied or modified to here

[image]

> *"If they give your ruled paper write the other way" Juan Ramon Jimenez*

Newspeak is the fictional language of Oceania, a totalitarian superstate that is the setting of the 1949 dystopian novel Nineteen Eighty-Four, by George Orwell. In the novel, the Party created Newspeak[1]: 309 to meet the ideological requirements of Ingsoc (English Socialism) in Oceania. Newspeak is a controlled language of simplified grammar and restricted vocabulary designed to limit the individual's ability to think and articulate "subversive" concepts such as personal identity, self-expression and free will.[2] Such concepts are criminalized as thoughtcrime since they contradict the prevailing Ingsoc orthodoxy.

Doublespeak is language that deliberately obscures, disguises, distorts, or reverses the meaning of words. Doublespeak may take the form of euphemisms (e.g., "downsizing" for layoffs and "servicing the target" for bombing),[1] in which case it is primarily meant to make the truth sound more palatable. It may also refer to intentional ambiguity in language or to actual inversions of meaning. In such cases, doublespeak disguises the nature of the truth.

The term "doublespeak" derives from two concepts in George Orwell's novel Nineteen Eighty-Four, "doublethink" and "Newspeak", though the term is not used in the book.[4] Another variant, "doubletalk", also

referring to deliberately ambiguous speech, did exist at the time Orwell wrote his book, but the usage of "doublespeak", as well as of "doubletalk", in the sense emphasizing ambiguity clearly postdates the publication of Nineteen Eighty-Four.[5][6] Parallels have also been drawn between doublespeak and Orwell's classic essay Politics and the English Language, which discusses the distortion of language for political purposes. In it he observes that political language serves to distort and obfuscate reality. Orwell's description of political speech is extremely similar to the contemporary definition of doublespeak:

> In our time, political speech and writing are largely the defence of the indefensible … Thus political language has to consist largely of euphemism, question-begging and sheer cloudy vagueness … the great enemy of clear language is insincerity. Where there is a gap between one's real and one's declared aims, one turns as it were instinctively to long words and exhausted idioms … *

Edward S. Herman and Noam Chomsky comment in their book Manufacturing Consent: the Political Economy of the Mass Media that Orwellian doublespeak is an important component of the manipulation of the English language in American media …

The National Council of Teachers of English (NCTE) Committee on Public Doublespeak was formed in 1971, in the midst of the Watergate scandal. It was at a point when there was widespread skepticism about the degree of truth which characterized relationships between the public and the worlds of politics, the military, and business.

The political purpose of Newspeak is to eliminate the expression of the shades of meaning inherent in ambiguity and nuance from Oldspeak (Standard English). In order to reduce the language's function of communication, Newspeak uses concepts of simple construction, such as pleasure vs. pain and happiness vs. sadness. Additionally, goodthink and crimethink linguistically reinforce the State's totalitarian dominance of the people of Oceania. The Party's long-term goal with regard to the new language is for every member of the Party and society, except the Proles-the working-class of Oceania-to exclusively communicate in Newspeak, by A.D. 2050.

The intellectual purpose of Newspeak is to make Ingsoc-approved thoughts the only expressible thoughts. As constructed, Newspeak's vocabulary communicates the exact expression of sense and meaning that a member of the Party could wish to express. It excludes secondary denotations and connotations. The linguistic simplification of Oldspeak into Newspeak was realised with neologisms, the elimination of ideologically undesirable words, and the elimination of the politically unorthodox meanings of words.

The word free still existed in Newspeak, but only to communicate the absence of something, e.g. "The dog is free from lice" or "This field is free of weeds". The word could not denote free will, because intellectual freedom was no longer supposed to exist in Oceania. The limitations of Newspeak's vocabulary enabled the Party to effectively control the population's minds, by allowing the user only a very narrow range of spoken and written thought; hence, words such as: crimethink (thought crime), doublethink (accepting contradictory beliefs), and Ingsoc communicated only their surface meanings.

In the story of Nineteen Eighty-Four, the lexicologist

character Syme discusses his editorial work on the latest edition of the Newspeak Dictionary:

> By 2050-earlier, probably-all real knowledge of Oldspeak will have disappeared. The whole literature of the past will have been destroyed. Chaucer, Shakespeare, Milton, Byron-they'll exist only in Newspeak versions, not merely changed into something different, but actually contradictory of what they used to be. Even the literature of The Party will change. Even the slogans will change. How could you have a slogan like Freedom is Slavery when the concept of freedom has been abolished? The whole climate of thought will be different. In fact, there will be no thought, as we understand it now. Orthodoxy means not thinking-not needing to think. Orthodoxy is unconsciousness.

The words of the C vocabulary are scientific and technical terms that supplement the linguistic functions of the A and B vocabularies. These words are the same scientific terms in English, but many of them have had their meanings rigidified in order to, just like with the A vocabulary, attempt to prevent speakers from being able to express anti-government thoughts. Distribution of the C vocabulary is limited, because the Party want the citizens of Oceania to know only a select few ways of life or techniques of production.

There was great effort to restrict citizen speach such that now meanings could be found "in between the lines" of seech which was anti-government but protected by a primary construction explicit meaning.

Secondary meanis which contradict the Government in between the lines of speech favoring the Government or nuetral to the Government wsa a fear of the government, the Information Trench Warfare if hidden information idioms

Undercover law enforcement, sometimes identifying themselves to others as U.S. Marshalls, frequently actively using amphetamines, covered in tattoos, driving Dodge Challenger muscle cars as standard equipment, are part of an illegal operation of police brutality and rape to cover some illegal US genetics goal, ,and this police brutality scheme has brought about my torture, and upon my death, my murder from the accrued physical and medical tole upon my body.

Lack of available medical care or housing as well as lack of sexual reproductive opportunity and lack of sexual partnership for me has been the goal of the police harassment, as has sexual

assaults upon me meant to demean and humiliate me, ,and my DNA is illegally used for IVF against my will and with no notice to me or accounting to me or payment to me.

Housing

In this section I am going to offer some information , about KinkBnB, and use it here to show not only did an IVF rape of me likely occur, it was done in a racially hostile covert operation, inside my rented residence, which also result in my being zerod out from that residence though I was the victim.

When I arrived in Texas TRinistas Nsambari and African activist from D.C. connected to Obamas was brought into the ARC of NOrthern Virignia to adminster the sale of my mothers house assets. The name of the Trust fund was changed to the "Family Grow Trust Fund" and blacks have been surrounding me and telling me they will have my babies and they like my cookies, etc.,

The surround me with black babies over the course of years and tell me they are my children.

They themselves call it illegal animal husbandry, faking rights to be fertilized by my DNA and faking property lines or putting people near me to tressapss makes it seem like we are new black family members.

I take this very personally because I had already experienced this exact thing at 42nd Ave Capitola, CA and many rentals before, thus I am chronically homeless.

What's more, after decades of illegal harassment and false imprisonment, and time away from the Leather scene, this was a perfect home to make my return to the scene, though the ***Color of Blue*** covertly framing and sabotaging me destroyed this.

Jim V and I should have been immediate and long term friends at great erotic parties and nights out to dinner with our girlfriends/wives with us.

This could be the alternate timeline for 11/12/2018 when instead, I am single and homeless in an Extended Stay motel where black impersonators of me are continuing to have trists with women, walking to those trysts dressed as me, while I stay in my bedroom alone.

Repeated Information on Salinas KinkBnB

I solicit Deja dominatrix for a scene with some more details than listed here but domination is not prostitution.

She replies perhaps on the 25th but not before that would work though I am leaving KinkBnB much earlier.

Some key point are that at KinkBnB

- Jim Vockelca says to me things I would be expected to have said. This happens frequently. In this example at KinkBnB Jim V says “I took the ASVAB at the MEPS but decided not to enlist” which is odd because I did.

- A female with tatoes surfs for size 13 boots and guns on the shared computer and talks about it.

- The woman with tatooes throws baby showers and accuses me of peeping which I am not doing

- They setup a rendezvous with a dominatrix for after I am moving out, on the 25th, though it is not something I am being invited to

- There is a picture of Obama hiding in the house watching all of this

- The motive given for this is that I am a Trump supporter. The excuse is “what’s the harm?”

Obama connected operations in that facility both frame me as a terrorist for ongoing FISA warrants or asset seizures, in round-the-clock operations I am framed even as (single, as always) I masturbate in my bedroom, I am mocked and framed from the next bedroom by these covert operators.

I have bounced from home to home to home for years with not place to live being assaulted exactly like this.

Prior to this was 42nd Street, after this was Hotel Irwin, always exactly the same thing, for decades, never chaning in long term illegal harassment.

Gym

I have documented elsewhere and some in this book malicious frame jobs of me in the gym in which I appear sex obsessed, teen obsessed, etc., in the gym, a retard in the gym, and frustrating hacking of my cellphone highly disruptive of workouts.

SSP has the following authentication mechanisms: Just works: As the name implies, this method just works, with no user interaction. However, a device may prompt the user to confirm the pairing process.

This method is typically used by headsets with very limited IO capabilities, and is more secure than the fixed PIN mechanism this limited set of devices uses for legacy pairing. This method provides no man-in-the-middle (MITM) protection.

Bluetooth has a very limited range, usually around 10 metres (32.8 ft) on mobile phones, but laptops can reach up to 100 metres (328 ft) with powerful (Class 1) transmitters.

The only thing I add here is that the staff is always black, the whites being hired away or leaving, racial taunts are common, it is openly racial hate crime against me, by visual evidence as well as the open statements from those involved in the assaults on me in gym.

I do not have gym access, these assaults make the gym entirely unusable thus I face untreated diabetes death and I approach 60 single, grossly overweight, and near the end of my life.

But for the open racial harassment and assaults upon me in the gym my life path would be much different, in and out of the gym.

Megyn Kelly as an example of planted disinformation on private corporate broadcasts

Multiple times I had seen what appeared to be disinformation about me carried out on Megyn Kelly anchored shows.

First, most likely, this was planned as persecution of me and Megyn Kelly was the target of disinformation an she willingly

relayed it. I said the same thing to Sister Rose of Mother Theresa when they framed me and shopkeeper attacked me. They were disinformed and invited to join the lynch mob thus becoming part of the privately head counted lynch mob wrongly targeting me outside the legal protections of Due Proccess and the Courts.

The professional press corp knew better but ginned up a lynch mob anyway.

More on being in the Gym

A good example was a paddle boat trip I took in “the lake” of Austin. I used to sail 10 foot sail boat with rear rudder, I watched Junkyard wars with a long pontoons boat which could not turn, I knew about steering rear thrust in fighters, I knew about efective sail size from windsurfing.

In Windsurfing my father taught me and we enjoyed together, like sailing in the boat my parents bought me, there is a thing called a Catapult fall.

In a sail boat as the wind blows the wind pushes the boat over in tilt and the sail has less exposure to the wind until it reaches flat with the water and no exposure to the wind.

In sailboarding you lean back further as the wind increases and the lift turns updward as well as forward but there is still less exposure to the wind, againg, the sail moving towards flat with the water, until the gust gets stronger, lifting the sail up, giving more exposure to the wind, lifting the sail even more, and as the sailborder was hanging to the sail is now catapuluted over it as the mast flips 180 degrees from windward to leeward.

SO I conclude overcoeing the turn paddile in front of the long straight (thrust straighting pontonn) could be done by paddling backwards, and not long pontoon would straighten out the

thrust, which was better than the front paddle just creating and Isocliese water breark at the front of the paddle boat.

It worked, paddling backwards for the turn, and that resulted in some stalker I did not know taking a power boat out, and after the fact, acting out us doing that together as though I were a little boy learning from a skit.

THis is the Gangstalk following my enire life diminuizing anything I do as someone else showed me, and thus these other people get a basket of my goods they want to manage.

And though they wont tell me, gues what they really want to manage for me, give to LWADS.

Catherine Black was born in 1878 in Ramelton, County Donegal in Ardeen House on the outskirts of the town. It was King George V who had partitioned Irealnd and County Donegal

Ulster Ulster Scots: Ulstèr or Ulster) is one of the four traditional Irish provinces, in the north of Ireland. It is made up of nine counties: six of these constitute Northern Ireland (a part of the United Kingdom); the remaining three are in the Republic of Ireland.

County Donegal in the Republic or Free Ireland part of Ulster was the home of the once-mighty Clann Dálaigh, whose best-known branch was the Clann Ó Domhnaill, better known in English as the O'Donnell dynasty. Until around 1600, the O'Donnells were one of Ireland's richest and most powerful native Irish ruling families. Within Ulster, only the Uí Néill (known in English as the O'Neill Clan) of modern County Tyrone was more powerful. The O'Donnells were Ulster's second most powerful clan or ruling-family from the early 13th century through to the start of the 17th century.

Private nurse of King George V.

Black was working as a private nurse in Royal London Hospital when the outbreak of World War I was declared.[5] She joined Queen Alexandra's Imperial Military Nursing Service, first serving in Cambridge Hospital in Aldershot and then the No. 7 Hospital in St Omer where she treated soldiers suffering from shell shock.[5] Black was then sent as a replacement for a nurse who was killed at a casualty clearing station at Poperinghe, Belgium, and subsequently went on to serve at the 41st Stationary Hospital at Sailly-Lorette, nursing soldiers with self-inflicted wounds. She was moved to the No. 5 General Hospital in Rouen and various other clearing stations until the end of the war.

Sister Black was the private nurse of King George V from 1928 until his death in 1936.[1] She began her service in late 1928 following a serious bout of illness for the King.[6] Black was made permanent in 1930; she was given her own chambers within Buckingham Palace.[7] She was known as "Blackie" to the members of the royal family.

Black objected to the actions of the King's doctor Lord Dawson of Penn in administering a lethal combination of morphine and cocaine to hasten the King's death. The King's final words, "God damn you!", were addressed to Black as she gave him a sedative on the night before his death.[

Black wrote of her life in the Palace in her autobiography King's Nurse, Beggar's Nurse, in which she also recounted her childhood in Donegal Ireland, nursing in Australia, as well as her service in WWI. In reflecting on the experiences of nurses in the war, Black recounted "you went into [a casualty-clearing station] young and light-hearted. You came out older than any span of years could make you."

[Preserve the Dignity of the throne from what? The gene King George V's father King Edward VII had? FOXP2?

Dawson said that he acted to preserve the King's dignity, to prevent further strain on the family, and so that the King's death at 11:55 p.m. could be announced in the morning edition of The Times newspaper rather than "less appropriate … evening journals".[15][16] To make doubly sure that this would happen Dawson telephoned his wife in London asking her to let The Times know when the announcement was imminent.

When this appeared in The Daily Telegraph a reader wrote in recalling a clerihew in circulation during Dawson's life:

> Lord Dawson of Penn
> Killed many men.
> That's why we sing/
> 'God Save the King'.

Dawson's public stance on euthanasia was expressed later that year when he opposed a move in the Lords to legalise it because it "belongs to the wisdom and conscience of the medical profession and not to the realm of law". In 1986, the contents of Dawson's diary were made public for the first time, in which he clearly acknowledged what he had done-which was described by a medical reviewer in 1994 as an arrogant "convenience killing".

Dan Harmon, once a popular, charismatic, local political figure, is now known to have been on the tracks the night of the murders of Kevin and Don. In fact, there is evidence that Harmon was one of the hands-on killers.

March, 1990 - I [Jean Duffey?] became administrator of the district's drug task force and immediately began to link Harmon and other public officials to illegal drug activity. We took our evidence to Assistant U.S. Attorney, Bob Govar, who was heading a federal grand jury investigation of public official corruption in Saline County.

The Journalists Who Recognized The Truth:

In spite of the relentless hunt for Clinton scandals, Linda Ives and I stubbornly refused to be labeled Clinton-bashers. We stood especially firm when the White House included Linda on the President's "enemies list" they called "the conspiracy commerce report." White House Counsel Mark Fabiani even singled Linda out to New York Times Magazine reporter Philip Weiss who was preparing his cover story "The Clinton Haters" printed February 23, 1997.

The White House must have been pleased with Weiss's take on the questionable motives of several Clinton-haters and his commentary on "conspiracies" like the "Body Count." But then Weiss goes against White House wishes and writes of the "train deaths" as an example of "how a legitimate question gets spun into a conspiracy." Weiss recognized the validity of Linda's story and questions Clinton's support of Malak, whose cause of death ruling was an attempt to cover up murder

Break ins and the White House Plumbers

AWhite House Plumbing Team Wikipedia retrieved from White House Plumbers and copied or modified to here

The White House Plumbers, sometimes simply called the Plumbers, the “Room 16 Project,” or more officially, the White House “Special Investigations Unit” was a covert White House Special Investigations Unit, established within a week after the publication of the “Pentagon Papers” in June 1971, during the presidency of Richard Nixon.

Its task was to stop and/or respond to the leaking of classified information, such as the Pentagon Papers, to the news media. The work of the unit “tapered-off” after the bungled “Ellsberg break-in” but some of its former operatives branched into illegal activities while still employed at the White House together with managers of the Committee to Re-elect the President, including the Watergate break-in and the ensuing Watergate scandal.[1] The group has been described as Nixon’s “fixers”.[2]

The Plumbers’ first task was the burglary of the office of Daniel Ellsberg’s Los Angeles psychiatrist, Lewis J. Fielding, in an effort to uncover evidence to discredit Ellsberg, who had leaked the Pentagon Papers.

The Plumbers came to include several Watergate figures including Frank Sturgis. Hunt was recommended by Charles Colson, and Liddy was recommended by Egil Krogh. Liddy coined his own sensitivity indicator for the group in the form of “ODESSA”.[4]

Some authors believe Central Intelligence Agency (CIA) officer John Paisley was a member of the Plumbers. Paisley was assigned to the CIA’s Office of Security, of

which Nixon campaign security coordinator and Watergate burglar James McCord was once a member. On August 9, 1971, Young's memo indicates he met with Paisley and OS Director Howard Osborn, in which Paisley provided a list of objectives for the Special Investigations Unit.[5]

Daniel Ellsberg From Wikipedia, the free encyclopedia

Daniel Ellsberg (born April 7, 1931) is an American economist, political activist, and former United States military analyst who, while employed by the RAND Corporation, precipitated a national political controversy in 1971 when he released the Pentagon Papers, a top-secret Pentagon study of the U.S. government decision-making in relation to the Vietnam War, to The New York Times, the Washington Post and other newspapers.

Ellsberg was born in Chicago, Illinois, on April 7, 1931, the son of Harry and Adele (Charsky) Ellsberg. His parents were Ashkenazi Jews who had converted to Christian Science, and he was raised as a Christian Scientist. He grew up in Detroit and attended the Cranbrook School in nearby Bloomfield Hills.

Ellsberg began working as a strategic analyst at the RAND Corporation for the summer of 1958 and then permanently in 1959.[4] He concentrated on nuclear strategy[3] and the command and control of nuclear weapons.

Ellsberg completed a Ph.D. in economics from Harvard in 1962.[3] His dissertation on decision theory was based on a set of thought experiments that showed that decisions under conditions of uncertainty or ambiguity generally may not be consistent with well defined

subjective probabilities. Now known as the Ellsberg paradox,[5] this formed the basis of a large literature that has developed since the 1980s, including approaches such as Choquet expected utility and info-gap decision theory.

WH Plumbes assault of me

Gangstalk and use of riff raff for evidence plants, COINTELPRO, etc., save politicians from their accusers including cost accusers credibility and listeners as the Compromising Materials subvert the witness to politician misconduct and subvert the credibility or even means to speak of accuser.

The means to speak were part of the cable show segment "Citizens United" offered to cable viewer as was the corporate structure, a charter, as a means of organizing, in a recent landmark case.

Restating the premise of this book about Gangtalk ef me, the second victimization of my family under MKULTRA

A White House Plumbers operation using riff raff homeless people.

In the chapter Gangtalk: CIA Predation on Citizens via CIA-Asset Criminals I use this description of the Gangstalk.

Everyone has the right to be believed unless no one is or will listen to you.

> "Gang Stalking" is, very likely, a disinformation term created by U.S. intelligence agencies. It refers to the **intense, long-term, unconstitutional surveillance and harassment of a person** who has been designated as a target **by someone associated with America's security industry**.
>
> Such operations have nothing to do with criminal gangs. Official domestic counterintelligence operations of this type are - apparently - perpetrated by federal agents and contractors, sometimes with the support of state and local law enforcement personnel. The goal of such operations - in the parlance of counterintelligence agents - is to **"subvert" or "neutralize" an individual** deemed to be an enemy (or potential enemy) of clients or members of the security state. Arguably, the most accurate term for this form of harassment would be "counterintelligence stalking."

"*False Heroes*" Gangstalkers are usually drawn from outlaw biker gangs, street gangs, prison gangs, or other ghetto sources who are willing to both plant evidence and while in illegal

access to premises steal property [such as book manuscripts] and become false heroes as the janitor, landlord company or building supervisor, who really found “something out” about someone while changing the sheets, doing a service repair call to the apartment, etc., usually while the tenant is not present.

This very “found” evidence in one apartment prevents the deal from going through on other apartments, at least I have found that to be the case now stuck in the ghetto.

The Watched will expose the misconduct of the Watchers

“Targeted Victims” as Jen Moore called them, us, me, law abiding citizens, are attacked by Blackwater CIA Mercenaries security-types in illegal operations using street criminals as assets, the CIA used to harass people, to plant defaming evidence on, etc., and under various *excuse*s hiding their real motives which this book exposes, covering up the errors of big names in politics and security errors they made.

> one of the things I’m going to say is I think it’s very interesting that for a long time now those people that are targeted and watched and harassed by people in power how are having the tables turned on them right now or at least somewhat and those of us that have been in that position are now becoming the Watchers so a lot of these people don’t even realize that as they’ve gathered their you know fake evidence or their their targeting and their following and their intimidation tactics
>
> that those being watched are now becoming the Watchers and doing our own recordings and gathering of documents and evidence and information and they don’t even know it sometimes we might be sitting right

> beside them YouTube Turning the Tables: Watchers & stalkers become the Watched!

I list some of the very big names with things to hide in the chapter and as Jen Moore said big names, the very most powerful of the elite are running the gangstalk.

The detractors or foes of political enemies of politicians seem to fall on hard times.

The media will back the government operation and even help suppress information the operation is going on.

I classify these stalkers operated by the CIA as “lumpenproletariat” using Carl Marx’s term and his definition as a group willing to be bribed into misconduct.

> essentially parasitical group was largely the remains of older, obsolete stages of social development, and that it could not normally play a progressive role in history. Indeed, because it acted only out of socially ignorant self-interest, the lumpenproletariat was easily bribed by reactionary forces and could be used to combat the true proletariat

I have been through violent assaults by these people, CIA backed, and with little recourse and frequently I am blamed for the confrontations or the illegal acts of the riff raff themselves, as dopples of me, collecting witness accounts I am a bad person who should be sunned (subversion of me in society.).

Covert operation Google knowledge panel retrieved

> A covert operation is a military operation **intended to conceal the identity of the sponsor,** and intended to create a political effect which can have implications in the military, intelligence or law enforcement arenas - affecting either the internal population of a country or individuals outside it. Wikipedia

I have known I am interested in non exploitive relataions with adult females in their reproductive years in what I call the Cake model of relationsips. Miind Body Soul each a layer and each healthilyh together.

I know the difference between the obvious and true, and obviously what is not true. The deceit I will go into more later in other parts of the book but in short I have been "sandbagged" by hostile parties and thus am a home body.

These hostile parties seem to be homeless people, the retarded, etc, and the situation meets the description of what Project Veritas alldeged was asked for by the White House of Robert Creamer.

> Robert Creamer - husband of Illinois Rep. Jan Schakowsky - announced his resignation in a statement after conservative activist James O'Keefe released a video under his organization Project Veritas Action, which showed Creamer and other operatives purportedly discussing methods for **inciting violence at rallies** for the Republican nominee.
>
> In the past, O'Keefe and his Project Veritas Action have been criticized for strategically editing footage to create false accusations about people or groups *.

In this covert operation a series of fight picking moves are a threat to me I keep away from.

In short, false heroes a the scene in public take a photo of a female and then most likely take it to an adult female I did or would have approached. Knowing “the best punishment is to be left out of a Dominatrix role play” the Domina will shake down the false hero for compensation to the female photograph victim and compensate the false hero with a role-play.

			5 Victim: Rights subverted at request of police

Black Opps The Phony Investigations of COINTELPRO police work and Dissinformation

In square 3 the homeless person, False Hero, will without saying he is doing so will photograph a female near me, closer even to me, then pick a fight with me via abusive acts.

He will later brag his acts were heroic and should be rewarded.

The intermediate step, whether the Domina knows this was to make right winger look bad or the operation was to pick a fight with the right winger may vary, but the Domina will prefer the false hero.

This misconduct of a covert operation is tied to my genetics, genomic rights, genomic usage, and

MKULTRA

So to summarize

- The Homeless person will photograph a female
- Bully like pushes, expressive acts or air punches sell the appearance of him as a good guy at the scene hoping I will fight back
- Later be credited as the hero, have evidence person was photographed, and me rejected by adult women, gym environments, etc., thus subverting me socially

The person crediting the catching of the photo by the false hero may believe the false heroe's story or may just wish to shake down a right winger (me) on behalf of minority children and causes.

The operation is endangering and damaging to me.

The operation of this White House Plumbers operation hostile and deceitful I traced the *motive of and bipartisan support for* to MKULTRA and my vindication of NOT being the "purp" are being rejected by liars keeping the scan going.

It is my belief the US DOD, DAPRA, Boeing Corp., Illuminati families, Free Masons, etc., tied to history between King Edward VIII and the Kutschera family need me blamed, ostracized, and even living life under arrest and this operation to use Plumbers to attack me seeks that outcome.

Women, reproductive women are warned away from me on either the social sabotage of me as a peeper on on death threats to me or her, or on her simply protecting herself by being

somewhere else.

I think that solves the problem of my genetics into a family I intnded of normal family life, and that sabotage was the “Fixer” job the WH and MKULTRA needed, me celibate and single and ostracized.

Excite©Home

At the time I was working at Excite©Home around 1997 I will set the scene and this is when things started to get odd.

I had received a call when I was unemployed and was asked if I would like to interview at Excite©Home, a broadband company In the San Mateo area and it sounded like an interesting company as it was described to me.

It was a more tech oriented job than I could have applied for but again the company was interesting. As I moved to San Mateo I continued my friendship with Cym and Professor DeSade, going to a party at their southbay home, and a woman or two I met later did not return my phone calls, no problem.

It was during this time thigs got really weird and I thought it was because I surfed some information on links to the CIA DOD protecting MAE West and NASA AMES peering facilities as I was more curious about them and some programs on those internet sites.

Todd Welch who was m security boss from my corporate security role later would ask in odd ways and even with the company bizarre questions if I had stolen a computer (which I had not) and strange suspicions were all around me and Personnel treated me oddly my mother in Virginia was getting

very odd calls.

Later I was fired though not at the time the Reduction In Forces were going on and I found it odd there was NO EXIT interview which is what was done as policy and with everyone else and my firing was distinctly different than the RIFs and no one could explain anything to me.

I asked why there was going to be no Exit Interview with Personnel, and again, no answer. At this time a buyout was going on as well by AT&T after high failure rates of the IT architecture hindered consumer adoption and investor support.

There was some ‘tudes about child porn. For instance, after some was reported to me and I reported it upwards Todd and Anne really berated me in a way I only found suspicious later suggesting I wouldn’t even know what child porn was. “Child porn is children used in porn” I responded I thought successfully.

I long thought this is when it all began and it something to do with the CIA DOD and even NSA programs I was researching regarding MAE West.

AOL and Wells Fargo were little different

Clear Doppelgangers of me were all over as were strange occurrences and the strange going cold of any form of contact with white females anywhere near me or their disappearance from me vicinity, led away by plain clothes people in front of me without explanation or who I just never saw or heard from again.

In fact in the late 1990s I began to trace this back to Cal State Hayward and also Hayward fellowship, though thinking it mostly was Hayward Fellowship and a fight with a guy named

Marti that was at issue.

What I do know is there was bizarre what I now know to be KOMPROMAT beig generated and used behind the scenes and it was bizarre, very bizarre as stalkig is supposed to be. (like cars of a clear fleet nature, hostile, stalking you on the street, gunning engines, NO ID as to public or private actors or motive.)

I had begun using meth at Wells Fargo again and in fact that was a part of my firing. one day I swallowed some vitamins and it turns out that little shot glass had some meth crystals, not the vitamins I had doled out earlier on the week. I had a mandatory day at work but it and it did beginning to show.

Also relevant I had a friend of a friend I bought meth from. One day I was told there was a replacement guy who I met in the Tenderloin and he was a creep pedophile. I ejected him from my station wagon, nearly by force, and later he called me to say in a Aviator Glasses like ambiguous conversation “I don’t ever want to do that again …” and I said “neither do I” referring to the creepy meth deal, and having him in my car, but he seemed to try to intone something else.

The entire situation had been so bizarre for so many years I decided whatever weird things were being manufactured, and I do mean faked, had nothing to do with me but continuously I was denied any opportunity to confront anything and again I raised with Well Fargo they had “opened and closed an investigation” never even speaking to me. The firing letter stipulated some porn surfing and meth, true, but there was something way more than than, something so bizarre, when I went to rehab I thought the hell with confinement. I will drive into and day class and then back home at night and that has been pretty much my view of “the system” since.

After odd activities continued I finally decided to move to Virginia with my mother and get off drugs with a total change of environment and lifestyle.

At this point my mother who had been gangstalked, and I, would live together in Arlington VA not far from Tom Donegan who had moved to Virginia first, in, say, about 1982 or so.

In fact I went about my San Francisco music list in the gym, using cell phone or tablet videos for my own non-pop high energy music I was surrounded by prison bling grillz teeth non whites who surrounded me in the upscale gym and others who tried to both co-opt my music and workouts while planting diminunizing KROMPROMAT around me in the gym underming me.

FOr instance while I had the urgent medical need for gym but liked the fact it was a co-ed place of health, bizarre alleged interests of mine were pretneded by others in the gym such as getting in front of me as though I was following them (an alleged obsession of mine,) women's deirriers as my alleged obsession, moved into my viinity, and bizzare objects of my alleged obsessions, teens or now even tots, as this is alleged by those ghetto bling to adult white women as the result of my being in the gym lowering my A1c from 13.3. to 4.7.

In fact I heard some Gold's Gym staff and members say even when I was homeless my attitude and workouts fit in fine with the gym and only upon a successful GOlds workout, Freedom Fitness workout, and swim, using the best of all on workout loop done, that just like in Austin after a great workout, it seems Obama Secret Service immediately generated an emergency such that a workout likek that could never happen again.

As this was happening the stalkers were taking over my music and custom developed moves including it seems Obama as it seemed to others.

Snitchjacking and Prison Fights

US DOD PsyOps using Disinformation, Social Sabotage, and other schemes to maneuver away support or Human Rights for me will be covered later in more detail but a short description will be made here.

My brother Tom Donegan and Mark Weirness have been paid off to do what they would mostly behaviorally align with anyway which is to describe my politics as “White Supremacism” and seek my institutionalization for my lawfully held opinions where they will be studied, suppressed, and defamed.

Like the payoff of a lawyer I had to represent me, Paula Xinis, or others assigned to DEFEND my rights, those who are supposed to are bought off or co-opted into “defecting” from their role of protecting me or supporting me. Torture in the Medical Sate

Repeatedly I have been institutionalized for self-defense against a genetics scheme I have nothing to do with but surrounds me. In the scheme “Pizza” is ordered in for me what are normal environments, Gyms, Libraries, shopping malls, etc., yet I am not ordering Pizza. Intelligence researchers studying something in my genome are, and these impersonators of me operate in broad daylight able to get away with anything, and defaming me for conduct I did not engage in.

Being held in psychiatric hospitals or undermined by Tom Donegan and Mark Weirness with doctors and lawyers to cause me false imprisonment, etc., including in psych wards or under conditions of racial and even sexual or other assault has been achieved in The Medical State.

Myself, Tom Dunham, and Veronica Hoffman have spent years, at least, in my case decades, undergoing US DOD and CIA PsyOps torture of social, legal, and psychiatric harassment over some Pizza Gate scheme, tied to my genome, and at least I have never understood why this has happens or why thousands of obvious frame jobs (of which I have never once been accused of anything) have been permitted in broad daylight and also WITHIN U.S. institutions.

Machines necessary for my regular circuit training are flooded with non-whites making the machines unavailable to me, and if in the empty gym I wait for the non-white to vacate the equipment they are sitting on I am laughed at by other non-whites and photographed in the gym “leering” at the non-white females.

Other round the clock schemes most of which frame me as being coached by non-whites or frame me as stalking women who jump in front of me etc., make any moment in the gym thus the gyms are unusable to me and I will die of diabetes unnecessarily.

When I approach medical doctors seeking Metformin it is denied and non-whites end up being substituted who will refuse the diabetes medicine, and usually US DOD jobs follow for doctors or doctors family members when I am denied Metformin or Wellbutrin (for ADD.)

Following extensive dental surgery I was denied pain killers by starving me out financially.

Torture By Homelessness

Impersonators get me kicked out of places I rent before I move in or harass me out of locations I have already rented in police brutality schemes where Harvey Dents and others engage in despicable conduct for which I am harassed or sabotaged thus I am unable to even rent apartments in the United States and remain homeless.

Torture by Sexual Assault and Sterilization

Woman and girls stage being my victim in public thus sexual assaulting me for sex preferences I do not have (and they and I know that) and other assaults occur as well. Racially hostile and racially sterile hostile environments created in public places.

St. Louis, Missouri, was all “a-Twitter” last weekend at the ribbon cutting of a buzzworthy new PV system installed at the business of Tim Dorsey, father of Twitter and Square co-founder Jack Dorsey.

Tim Dorsey and Jack Dorsey Celebrate Solar with installer Brightergy.

The event attracted a great crowd and some of St. Louis’s biggest names including the city’s Mayor Francis Slay and of course, Jack Dorsey himself.

Spearheaded by Brightergy - one of Missouri’s largest solar installers - the 25 kW system uses SMA’s reliable Sunny Boy inverters and the Sunny Portal for system monitoring. The system was installed at MA Tech Services, Tim Dorsey’s company, which provides mass spectrometers and related expertise to organizations that need to analyze chemical gases.

The goal of this installation? It’s simple. Tim Dorsey wants to set a positive example for clean energy consumption in St. Louis, and more importantly to create a better world for his grandchildren. He has even set up a curbside display using a PV-powered iPad to share the system’s power production with the public.

While the scholars receiving grants for research were unaware of CIA sponsorship, some of the funded research informed CIA research into interrogation and interrogation-resistance projects.

Barr served in the **Office of Strategic Services (OSS) during World War II**. Following the conflict, he returned to Columbia, where he earned an M.A. in English in 1950 and completed course requirements for a Ph.D. in the discipline while teaching in the English department.[5][9] During this period, **he also taught "courses with field work in sociology and political science at the School of Engineering"** and wrote "science and mathematics texts for elementary and

junior high school students." He initiated the Columbia University Science Honors Program in 1958 and was its director (as an assistant dean at the School of Engineering) until 1964. From 1963 to 1964, he also administered the National Science Foundation Cooperative College-School Program.[5]

He was headmaster of the Dalton School from 1964 to 1974.[10] During his time as Dalton's headmaster, Barr is alleged to have had a role in hiring future financier and convicted sex offender Jeffrey Epstein as a math teacher despite the fact that Epstein had dropped out of college and was only 21 years old at the time.[11][12] In 1973, Donald Barr published **Space Relations, a science-fiction novel** about a planet ruled by oligarchs who perform child sex slavery. **It has been noted that the plot of the novel reflects the crimes of Epstein and his alleged accomplice, Ghislaine Maxwell.[13**

Dulles Family

Allen Welsh Dulles (/ˈdʌləs/; April 7, 1893 - January 29, 1969) was an American diplomat and lawyer who became the first civilian Director of Central Intelligence (DCI), and its longest-serving director to date.

Initially assigned to Vienna, he was transferred to Bern, Switzerland along with the rest of the embassy personnel shortly before the U.S. entered the First World War.[9] Later in life Dulles claimed to have been telephoned by Vladimir Lenin, seeking a meeting with the American embassy on April 8, 1917, [9] the day before Lenin left Switzerland to travel to Saint Petersburg aboard a German train. After recovering from the

1918 flu pandemic he was assigned to the American delegation at the Paris Peace Conference, along with his older brother Foster.[10] From 1922-6, he served five years as chief of the Near East division of the Department of State.

In 1926, he earned a law degree from George Washington University Law School and took a job at Sullivan & Cromwell, the New York firm where his brother, John Foster Dulles, was a partner. He became a director of the Council on Foreign Relations in 1927, the first new director since the Council's founding in 1921. He was the Council's secretary from 1933 to 1944.[11]

As head of the Central Intelligence Agency (CIA) during the early Cold War, he oversaw the 1953 Iranian coup d'état, the 1954 Guatemalan coup d'état, the Lockheed U-2 aircraft program, the Project MKUltra mind control program and the Bay of Pigs Invasion. He was dismissed by John F. Kennedy over the latter fiasco. *

Several failed assassination plots utilizing CIA-recruited operatives and anti-Castro Cubans directly against Castro undermined the CIA's credibility. The reputation of the agency and its director declined drastically after the Bay of Pigs Invasion fiasco. President Kennedy reportedly said he wanted to "splinter the CIA into a thousand pieces and scatter it into the winds." However, following a "rigorous inquiry into the agency's affairs, methods, and problems … [Kennedy] did not 'splinter' it after all and did not recommend Congressional supervision."[31]

Dulles was one of the members of the Warren Commission investigating the assassination of John F. Kennedy. Between his stints of government service, Dulles was a corporate lawyer and partner at Sullivan & Cromwell.

On November 29, 1963, President Lyndon Baines Johnson appointed Dulles as one of seven commissioners of the Warren Commission to investigate the assassination of the U.S.

President John F. Kennedy.

The appointment was later criticized by some historians, who have noted that Kennedy had fired him, and he was therefore unlikely to be impartial in passing the judgments charged to the Warren Commission. In the view of journalist and author Stephen Kinzer, Johnson appointed Dulles primarily so that Dulles could “coach” the Commission on how to interview CIA witnesses and what questions to ask, because Johnson and Dulles were both anxious to ensure that the Commission did not discover Kennedy’s secret involvement in the administration’s illegal plans to assassinate Castro and other foreign leaders.[34]

His older brother, John Foster Dulles, was the Secretary of State during the Eisenhower Administration and is the namesake of Dulles Airport.[1]

Eleanor Lansing Dulles (June 1, 1895 - October 30, 1996) was an author, professor, and United States Government employee. Her background in economics and her familiarity with European affairs enabled her to fill a number of important State Department positions.

In 1959 Eleanor Lansing Dulles transferred from the German Desk to the Bureau of Intelligence and Research, where she became involved in a study of economic conditions in underdeveloped countries. As part of the study she traveled extensively in Africa, Latin America and South Asia.

Inchoate/Incomplete Crimes, Conspiracy to Commit Crime

- Criminal Attempt
- Conspiracy

- Aiding and Abetting

- Obstruction of Justice after the fact

Inchoate crimes

Inchoate crimes, also known as incomplete crimes, are acts taken toward committing a crime or acts that constitute indirect participation in a crime. Although these acts are not themselves crimes, they are illegal because they are conducted in furtherance of a crime, and society wishes to deter individuals from taking such steps. Three primary inchoate crimes are *attempt, conspiracy*, and *aiding and abetting*.

Conspiracy

A conspiracy occurs when two or more people agree to commit an illegal act and take some step toward its completion. Conspiracy is an inchoate crime because it does not require that the illegal act actually have been completed. For instance, a group of individuals can be convicted of conspiracy to commit burglary even if the actual burglary never happens. Conspiracy is also unique in that, unlike attempt, a defendant can be charged with both conspiracy to commit a crime, and the crime itself if the crime is completed.

Finally, in most states, conspiracy requires an "overt act" taken in furtherance of the crime. This overt act does not have to be the crime itself, nor does it have to be an act that is illegal. Rather, the act must merely be a step taken in furtherance of the criminal objective, such as buying a weapon or

holding a meeting to plan an attack. The act must also take place after the group of individuals has agreed to conspire. Actions taken before the agreement do not fulfill this requirement. While an "overt act" implies an affirmative action, some courts have held that silence can be an overt act where it is intentional, planned, and done in furtherance of the conspiracy.

Elements of a Conspiracy

Conspiracy first requires a showing that two or more people were in agreement to commit a crime. This agreement does not have to be formal or in writing. All that is required is that the parties had a mutual understanding to undertake an unlawful plan. Second, all conspirators must have the specific intent to commit the objective of the conspiracy. This means that someone who is entirely unaware that she is participating in a crime cannot be charged with conspiracy. For instance, if two sisters agree to rob a bank and ask their brother to drive them to the bank without informing him of their intent to commit a crime, he cannot be charged with conspiring in the robbery. This specific intent requirement does not require that each individual knows all the details of the crime or all of the members of the conspiracy. As long as an individual understands that the act being planned is a criminal one and proceeds nonetheless, he can be charged with conspiracy.

> Affirmative Acts create behovorial act progressing from formation of Intent - Donegan

Solicitation

Solicitation is an inchoate crime that involves seeking out another person to engage in a criminal act. A defendant may be charged with solicitation if he or she requests or induces another person to commit an act that would amount to a felony. The two elements of solicitation are the intent to have someone else commit a crime and an act committed in furtherance of convincing another person to commit a crime.

Intent

In order to establish the first element of a solicitation, a prosecutor must show that the defendant affirmatively intended to have another commit a crime. This means that an individual may not be charged with solicitation for mistakenly asking another to commit a crime, often because the individual does not realize that the act is itself a crime. For instance, assume a man believes that his neighbor agreed to let him borrow the neighbor’s lawnmower, but the neighbor did not actually consent. The man asks his son to go get the lawnmower for him from the neighbor’s yard. Even

though it would be a larceny for the son to take the lawnmower, the man would likely not be guilty of soliciting his son because the man did not realize that taking the lawnmower was a crime.

Defenses to Conspiracy

Factual impossibility applies when there are circumstances that make it impossible to complete the intended crime. For instance, if a man intends to commit arson and buys all the necessary supplies, but, unbeknownst to him, the building is demolished the next day, he could argue factual impossibility if charged with attempted arson. In some states, however, factual impossibility is not a defense, as courts rely on the fact that the person still had the intent to comm

Like other inchoate crimes such as attempt, a defendant charged with conspiracy can raise the defense of abandonment or withdrawal. In order to do so, a defendant must show that he affirmatively communicated his withdrawal to his co-conspirators and took some positive action to withdraw from the conspiracy. Additionally, the defendant must have withdrawn from the conspiracy prior to its completion. Importantly, the defendant must have definitively cut ties with his fellow co-conspirators. If he continues to communicate with them or assist them in any way, this may prevent him from raising the defense of withdrawal.

Another defense available in conspiracy cases is the defense of entrapment. Entrapment means that the defendant was persuaded to participate in the conspiracy by a law enforcement officer or government agent and that he or she would not otherwise have become involved in the conspiracy. Specifically, the defendant must show that (1) the

idea for the conspiracy came from an officer and not the defendant; (2) the defendant was persuaded to participate in the conspiracy by an officer and (3) before being persuaded, the defendant had no intention of committing the crime.

List of Possible Charges That Can be Brought Against a Police Officer retrieved from https://www.attorneys.com/ and copied or modified to here

Police officers are citizens like anyone else, though they have broad powers as police officers to protect people and to enforce the law. If their conduct exceeds their authority, then criminal charges may be brought against them.

www.attorneys.com retrieved from link and copied or modified to here

Non-Criminal Charges

Police officers sometimes do commit certain unlawful acts while acting under their authority, which in many instances do not result in criminal charges but in disciplinary action such as racial profiling, falsifying information on a search warrant, planting evidence on suspects, harassing certain groups, or fabricating reasons for detaining people or drivers to justify arrests.

These offenses, along with official acts that may constitute false arrest, malicious prosecution, falsifying evidence, or even committing perjury in court or while submitting an arrest or search warrant, are usually treated as civil rights violations, or torts. In these cases, police officers can be held civilly liable under Title 42 United States Code1983 for injuries a person sustained as a result of deprivation of a constitutional right such as the right to due process.

List of Possible Criminal Charges

- Assault and battery
- Sexual assault
- Misusing public funds
- Drug dealing
- Ticket fixing

- Homicide

Police officers have access to evidence such as controlled substances obtained from arrests and searches and many have stolen evidence either no longer used in criminal cases or never turned over for prosecutions following search and seizures to sell in unlawful drug transactions.

Other officers under the guise of professional courtesy have fixed tickets given to other officers or other public officials or after accepting bribes. These are criminal acts and can subject the officer to prosecution.

Excessive Force

Any list of possible charges brought against a police officer includes the use of excessive force used on defendants during arrest or detention. Officers have been videotaped or witnessed by bystanders tasering defendants who have been handcuffed and no longer posing a danger, or beating up helpless defendants following traffic stops or other street detention.

Officers have been charged with murder after shooting an unarmed defendant who was not threatening them or who lied about a defendant's alleged action in reaching for a weapon. Police officers have broad latitude in protecting themselves and others in arresting someone, but they cannot cause serious bodily harm once the defendant is sufficiently restrained and is no longer a risk.

> Most of these cases of alleged police brutality demand a thorough examination of all the facts and circumstances surrounding the case.

Chapter 2: Acting as Confidential Human Source Informant (Probation and Supervised Release Conditions) *

A confidential human source or informant is a defendant who engages in the prohibited activity of associating with persons engaged in criminal activity for the purpose of furnishing information to or acting as an agent for a law enforcement or intelligence agency. Since the inception of the federal criminal justice system, prosecutors have used defendants supervised in the community as confidential human sources or informants.

The activities required of confidential informants or human sources, however, may potentially conflict with conditions normally imposed by a court. Acting as a confidential informant or human source is generally

inconsistent with the rehabilitative and re-integrative goals of supervision.

Such activities may also pose risks to the probation officers who supervise these individuals, especially when they have limited knowledge or no knowledge of the nature of the informant's activities.

There are rare occasions, however, when the law enforcement benefits to the community justify permitting the defendant to engage in this high-risk activity.

In these cases, strict monitoring by the court/probation office is necessary for the safety of the community, the defendant, and the supervising probation officer.

Building Supes and Landlords

They often go along with illegal requests from police and building owners. When I move into an apartment it seems to be bought by a new different owner, and the building supes are usual gang criminals openly planting evidence, opening the lobby mailbox and going into my mail, etc.,

What is visible with Tom Dunham, Veronica Hoffman, and myself is the same pattern of Pizza Gate and CIA DOD sponsored activities under suggestive asset names such as "Harvey Dent," "Don Johnson," "Cahill," "Kendel F. The web, in the home of us three people, in the gym surrounding us, or as we access ATMs and our phones jingle at weird times (as others seem to be with us at the ATMs) or things “happen” in the workplace, the workplace party, massage parlors (which we are not or are at) or in the gym, covert operation frame jobs defame us, not to ourselves in any manner we can refute, but as social sabotage behind the scenes in Criminal Harassment Under Color of Law, Conspiracy Against federally protected Rights such as housing, First Amendment, Privacy, Property, or other rights, and even health access such as rehab facilities, suborning of medical doctors, etc.,

The effect of illegal but state sanctioned harassment has been fatal in Veronica Hoffman’s case and deadly to Tom Dunham and myself, still alive, but without the ability to rent without covert activities sabotaging and terminating rental properties.

The Government interest and resources utilized in these harassment schemes at least in my case and Veronica Hoffman’s case have been un-defeatable and life shortening, bringing about egregious injury.

Subject: Linked Homicides connected through Edward Paul Donegan born in Los Agneles including Robert F. Kennedy and Marilyn Monroe and Hollywood reporter and Hollywood Squares celebrity Dorothy Killgallen

Veronica Hoffman clothing line owner, dancer, graphic web designer, and dominatrix from Los Angeles died of a campaign of bullying and attacks that either led to her death in dangerous circumstances of a mental health ward or killed her directly.

…

Carl Clark, former CIA/M15 operative, was involved in massively illegal operations such as performing organized stalking on victims and deploying electromagnetic weapons to anonymously inflict pain and terror. He has stated, "the undoubted goal is to have select people end up in psychiatric institutions. If a target seeks help by going to the police or to the doctor, they don't get taken seriously."

Another way to be plausible deniable harassing a person other than skin and clothing burns, etc., is Brighting., She was the victim of “brighting” a Stalking system that included Noise Campaign used by intelligence agencies to enrage, confuse, panic, and inflict volatile emotions (seemingly bipolar and sounding like a person seeing in a paranoid way ghosts where only non stalkers are) and that led to her being discounted by her friends and the medical community as a paranoid bipolar psychotic.

"You ARE being stalked" the menacing stalkers are able to and do prove to you neither leaving or resolving the stalk over decades sometimes.

A string of hits from British backed mafia figures like Ron Pataki connect the story anti-mafia crime reporter of Dorothy Killgalen who was close to Robertr F. Kennedy Attorney General and John F, Kennedy President of the USA and the only reporter to gain access to Jack Ruby who she did interview before she was murdered and her notes stolen.

Jack Ruby originally Jack Rubestein from the Chicago Yidish Mafia (recruited by Nixon in 1946) was like Jimmy Hoffa recruited by Congressman Nixon during the Marshall MKULTRA Plan for Post World War II foreign policy later as V.P. Nixon in Executive Action National Security Council activities using organized crime figures to assist in Central Intelligence Agency attacks on foreign officials or foreign Agents of Influence (journalists, reports, etc., who assist with propaganda, planted stories, etc., in press and film.)

Examination of the data on Jen Moore’s YouTube Channel Task Force reveals she knew Military Intelligence wanted Capt Von Trapp PsyOps family of Nasisnm Defectors from Nazi propaganda PsyOps into US Army and OSS and CIA PsyOps propaganda having fled the Nazism as children they were told to sing for.

JFK Assassination Records - 2018 Additional Documents Release

Ed Donegan followed the link and found this. The person who had received/reported information from a Confidential Source was Ted Gunderson.

Actual FBI Agency Record Number 124-10163-10469 agency file number89＝43-10083 Subject Assassination of the President John Fitzgerald Kennedy November 22m 1963., April 6th, 1977.

Robert J. Potrykus, Chief,. Intelligence Division, Internal Revenue Service, Dallas. Texas alerts Ted Gunderson was told Fulhendorf had a CI [Confidential Informant] who stated discussion of a stripper at Ruby's club Candy Barr (CIA relative or plant of Donald Barr?) led to conversations about Jack Ruby himself having foreknowledge of the assassination.

Juanita Dale Phillips aka Candy Barr - Date of birth 7-6-35. FBI# 678604.

Juanita Dale Slusher (July 6, 1935 - December 30, 2005), better known by her stage name Candy Barr, was an American stripper, burlesque dancer, actress, and adult model in men's magazines of the mid-20th century.[1]

During the 1950s, she received nationwide attention for her stripping career in Dallas, Los Angeles, and Las Vegas, her encounters with the law, shooting her second husband, and her sentence to a prison term for drug possession. Barr was also in relationships with Mickey

Cohen and Jack Ruby.[2]

After serving three years in prison, Barr went to South Texas. She returned to stripping in the late 1960s, and posed for Oui magazine in 1976, then retired. In the early 1980s, Barr was acknowledged in the magazine Texas Monthly as one of history's "perfect Texans", along with other Texans, including Lady Bird Johnson.

Ted Gunderson again crosses factually with Edward Paul Donegan and Donald Barr during Ted Gundersons official duties investigating the assassination of JFK as an FBI agent assigned to that case and Jack Ruby who had been a Chicago Mobster who allied with the CIA and was moved to Dallas where he ran the Carousel Club, a location Ted Gunderson and others found to be a place of advance knowledge of the Kennedy Assassination that revolved around s secretive birth of a person whose name and identity was witheld by use of a cartoon like substitution of a circus animal.

Donald Barr holding an “experimental monkey” next to a book case or table figure in my family called EPD III is a person who was CIA operating out of that club with Candy Barr the stripper Ted Gunderson finds in the ring of those with assassination foreknowledge.

Per the referenced documentary narrated by Dennis Farina intelligence disclosures and witness statements since the JFK assignation is that Jack Ruby could open his strip clubs, gambling, and other activities in Cuba in exchange for helping the CIA out Castro.

Ruby was part of Mafia world (Campisi, Marcello) RFK was deporting, NIXON Mafia was returning Ruby had talked with Sam and Joe Campisi and Marcello who had talked in advance of killing JFK and also Candy Barr stripper at Ruby Free Mason Donald Barr CIA Goerge H.W. After getting a new doctor while in jail [CIA Weapons Assassin and MKULTRA doctor Louis Jolyon West and claiming he was being injected with cancer, he died of caner related complications at Parkland Hospital.

There is some documented evidence that Jack Ruby knew about the assassination of JFK before it happ;ened. In the November 17 2017 JFK File Release, there is an FBI report from an IRS source revealing that had foreknowledge of the assassination by asking a friend to come and watch "the fireworks" with him as JFK was assassinated. The document states that Jack Ruby and the informant had been standing at the corner of the Postal Annnex Buildiing facing the Texas School Depository Building during the time of the shooting. The document refereed to and linked to in Hit List- Strange Deaths Of People Who Knew Too Much: JFK- MLK - RFK is here.

Dorothy Kilgallen was like Sunny Bono and the Kennedy family strict Roman Catholics with strong pro-life and anit-mafi beliefs who during the transition between the Eisenhower

Nixon John Foster Dulles Alan Dulles James Jesus Angleton mafia embracing 1946 to 1961 national security structure into the Kennedy administration plan increasingly moving away from that system following the Bay of Pigs.

Part of Dorothy Kilgallen's work on "What's My Line [of work]" was the Von Trapp Family Singers story-line that she went on tour with.

What's My Line? - Trapp family choir; Tony Randall [panel] (Jul 3, 1960)

She went on the Hollywood Publicity Tour of the Julie Andrews Sound of Music movie along with Ron Pataki and that story-line is connected to ny Donegan Family of North Carolina living with them in the Dust Bowl poverty from 1926 until 1939 or so and their hidden identities because the Barron Von Trap accommodated forcible demands for Nasi Party support until the party began to change and he could further resistance to the party became impossible, his own friends Himmler and Franz Kutschera forming a war machine on a racial basis and also against England who assisted his departure to the USA as the Vatican did as well with his family members, ten total.

Credible sources have run exposes; one for instance narrated by Dennis Farina, that Sam Giacanca and other mob figures were utilized to build covert saboutuer bay-swimmers and assassins who would assist in combatancy against communist forces in Cuba and elsewhere and the Robert F. Kennedy opposed the mafia and that Ruby's Carousel Club in Dallas was tied to those mob activities.

Nixon's plans when he was V.P. in the 1950's included overthrowing Indonesia per Col Prouty who (again) wrote the CIA files that others like Wayne Madsen and Jen Moore have read.

Dororoth Killgallen had several pieces of information in her hands when she interviewed Jack Ruby formerly of the Chicago

Mob that Nixon had recruited who had assassinated Lee Harvey Oswaldn after Oswald was taken into custody.

The overthrow of Indonesia plan of 1958 and Vice President Nixon Executive Action (see) planned a sleeper, Barrack Obama Jr. and Lee Harvey Oswald AND likely Dorothy Killgallewn KNEW that the source of Barrack Obama Jr familial were tied to the Von Trapps and North Carolina, and her three biological children who Barron Von Trapp was NOT the father of. Julie Andrews and Marilyn Monroe may have been two, my mother Glorian Donegan of North Carolina the third and Jen Moore who also has the CIA files or had then tells the same story of my mother and the Von Trapps.

Before I provide the question others have asked including Jim Garrison who prosecuted Clay Shaw and asked per Lee Harvey Oswald talking about Nazis in the USA let me give you again the answer to those question.

Maria Kutschera and the once Nazi singers of Franz Kutschera propoganda who came to North Carolina in 1926 when Glorian Donegan was born under a fake identity.

> "*We don't know what happened, but we do know Oswald had intelligence connections. Everywhere you look with him, there are the fingerprints of intelligence.*" - Sen. Richard S. Schweiker (R-PA)
>
> The story presented here takes place in the Dallas jail, 34 hours after the assassination of President John F. Kennedy.
>
> The facts have been called by G. Robert Blakey, Chief Counsel for the House Select Committee on Assassinations, "*real,*" "*substantiated,*" "*very troublesome,*" and "*deeply disturbing.*" He went on to say that, while this is only a small part of the large mystery

of the Kennedy assassination, it raises questions that remain "*unanswered*," makes inferences which are "*ultimately inconclusive*," and is therefore an "*unanswerable mystery*."

Here's why: If the following eyewitness testimony is accurate - and Blakey and his Congressional committee's staff have said that it is - Lee Oswald, while under arrest in the Dallas jail, attempted to place a call to a former **Special Agent of U.S. Army Counterintelligence**.

And that alone is enough to raise serious questions about who Oswald was; with whom did he work and/or associate; did he have connections to American intelligence (as Senator Schweiker's statement above asserts); and finally, the big one, does this put us any closer to knowing if he acted alone to kill President Kennedy on November 22, 1963?

Just hours before his death [at the hands of Nixon Dulles Donovan CIA OSS operative Jack Ruby mafia figure], Lee Harvey Oswald tried to call Raleigh, North Carolina from the Dallas jail on the evening of Nov. 23, 1963. For years, this significant information was ignored by assassination investigators and concealed from the public. Surprise guest speaker and JFK Assassination expert the late Jim Marrs joins Dr. Proctor on stage at 58:00.

In the early 1980s, independent researcher Dr. Grover Proctor broke new ground on Oswald's attempted call. Because of Dr. Proctor's work, Oswald's attempt to reach former U.S. Intelligence officer John Hurt has become known as "The Raleigh [North Carolina] Call."

I was born in Los Angeles County Inglewood St Josephs Hospital and am tied to the Kennedy family through Dorchester Massachusetts where my air force pilot father was from and the Kennedy family was from.

In 1961 DNA was forever formally recognized by science and the CIA was conducting tests both in radiation exposure effects (mutagenic) that leads to cancer deaths as well as inheritance studies, and the propagation of certain defects in family lines.

Through above ground atomic blast testing conducted through SSFL coordinated activities at the Nevada Pacific Atomic Proving Ground in the Manhattan Project and later atomic bomb delivery to Hiroshima and Nagasaki my family were a part of those studies.

Most increasingly and widely believe that the big profit military industrial companies and the robber barron owners of those military industrial complex of the Nixon Bush Rockefeller Ford GOP wing were involed in the CIA hit on JFK and details of my family history support that completely.

How the CIA integrated these activities of hidden family lines in the USA who wished to abandon through abandoning their names the rise of Nazi Germany they wanted nothing to do with was not abnormal for instance Arnold Shcwhatzenegger abandoned his Austrian name in contempt for the Austrian role in Nazism and asked for the Weisenthal Center to review if his family were participants in genocide, the report coming back his family were only common soldiers even if in security apparatus.

There is a CIA covert operations background to this. Marilyn Monroe, Glorian Donegan nee Glorian Gainey were victims of Borderline Personality Disorder and research into that was part of some of these family lines. Maria Kutschera was not a good fit for the Convent most of the personality trait can include

flightiness, lack of discipline, outbursts, wrestleness, etc.,

This has a tie-in to the Manchurian Candidate story. RFK was exposed to nearly the day of his death as his presidential campaign was given a briefing by John Frankenmammer on that story line that Malcom X and Martin Luther King were aware of.

It sourced in thousands of places "Robert Kennedy spent day of June 4, 1968, at Malibu home of his friend John Frankenheimer (born February 19, 1930), who then drove RFK to Ambassador Hotel in Los Angeles. RFK's death helped to drive Frankenheimer into years of what he called "deep depression" and drinking." Beschloss on Twitter

Malcolm X was pictured in Essence Magazine holding a rifle looking out a window fearful that because of what he knew about the CIA and FBI he would be assassinated.

Even outlining the scope of the evidence I have regarding the utilization of recruited Agent Of Influence Malcom X by the British and Oxford University and the timeline of his movements and activities including surrounding the death of Marilyn Monroe he likely did not have anything himself to do with (the cover-up) evidence exists what was being covered up is a request Malcom X participate as a possible Saudi Mecca leaning Muslim who could be a possible male parent for Barrack Obama Jr in a fabricated family history and Marilyn a possible stand-in as the mother holding an August 4th Birthday Party for the possible son of Malcom X as pictured in Malcom X's own 1962 magazine with Stanley Armour Dunham the mother holding Barrack Obama Jr.

Friendly relationships with Saudi Arabia and Indonesia would be an outcome of a liberal democracy multi racial half black product of US liberalism and comport to the plans for Indonesia made by Nixon, Donald Barr, the Vatican, Free Masons and others as they also plotted for Cuba, Guatemala, Iran, and other nations.

The confirmation of those plans by those directly involved in those plans such as Col Prouty or access to the CIA files such as Wayne Madsen of the NSA are included.

Marilyn Monroe was taped as being aware of the Latin American overthrow plans and wishing to disclose them to her close new male confident a Hispanic restauranteur from the Los Angeles area. -Mike Rothmiller

He claims that government agencies had factual and exculpatory evidence that they concealed from the family of Malcolm X and the men wrongly convicted of his assassination. Crump alleged that high-ranking U.S. officials conspired to kill the civil rights leader, repeatedly referencing J. Edgar Hoover, the FBI director who died in 1972.
>
> **What we know about theories about allegations**

of CIA and FBI involvement

In addition to the unfair trial, some historians have argued that various agencies including the FBI, NYPD, and CIA were actively involved in the assassination attempt. Experts have said that these agencies viewed Malcolm X as a dangerous Black radical figure who needed to be brought down. Others have suggested that they did not need to plot to murder him since he was already a target.

Nonetheless, Malcolm X was under near-constant surveillance by federal and local authorities-as were many civil rights activists. The FBI first opened a file on Malcolm X in March 1953, and closely monitored him over the next decade using surveillance and informants. On June 6, 1964, FBI Director J. Edgar Hoover sent a telegram, which later became public, to the FBI office in New York City that said “do something about Malcolm X.”

Ted Gunderson and I (Ted Gunderson closely related to Robert F. Kennedy as RFK right hand man against the mob and also connected to me) asserted he was being poisoned by an enemy plot during the time-frame Veronica Hoffman died.

An affidavitt to the US Courts by Ted Gunderson affirms his belief formallly of rouge elements holding offices in the United States Government and abusing power. In Item 6 of his statement he assserts “*I firmly believe that most individuals working in the F.B.I., other intelligence agencies, and the government overall are honest, law abiding public servants. However; a sophisticated network of rouge operatives has secretly infiltrated the F.B.I., other intelligence agencies including the C.I.A., and other key government positions. This rouge element seeks personal power and wealth and considers themselves above the law and the Constitution.*”

In other words a Power Elite, A Superclass, A Cabal, a Secret Team of CIA or a Secret Brigade of overthrown and subversion buying power, elections, media companies, and colonies to do business in for oil or other.

I also asserted that I was being poisoned by US Espionage agencies in a federal prison a radiolgical means 2009 attack then landed in a psychiatric hospital.

Ted Gunderson close to the Kennedy assassination officially and the KIennedy family and policies personally was continuing to pursue leads on this until his death and the triad of 2009 attacks on Veronica Hoffman, Ted Gunderson, and myself may seem like a conspiracy theory but Gene Chip Tatum and others working with and interviewing Ted Gunders have validated to menacing illegal operation in quarters of the US Government were those linked to the assasinatiobn by conflict of interest still hoping to conceal details of the Manchurian Candidate plot line of that time frame and these deaths are connected to the story line that are real events as Robert F. Kennedy was being briefed into at the time of his homicide in Los Angeles.

Robert Mueller is known by many with deep state knowledge to be linked to the Dupont Corporation role in the Manhattan Project, mining and minerals and rail robber-barons, and secret government links to these generations old secrets and continuing assassinations by the CIA and FBI silencing witnesses.

Gang Stalkers are espionage elements operating in secret to protect those in power who have something to had hide and are used to use to to destroy the lives of those who have something to say about those corrupt officials holding power and thus any leakers of the deep state secrets are assassinated or are destroyed in credibility by COINTELPRO-like harassment operations.

My uncle Harold Gainey was moved with my mother Glorian Gainey to a DuPont chemical location Camden South Carolina as orphans when the Von Trapp Singers left North Carolina following the Berlin Olypics of 1936 and race and hygiene laws anda the seizure of Austria.

To blame even a small share of this on Mueller alone is a threat to understanding the larger conspiracy and the nany Rockefeller Republican and now Democrat party families who the CIA has backed over time and a part of long term world planning.

Several of the assertions Ted Gunderson made relate to me and various times of my life one of them being the Central Intelligence Agency activities in the place of my birth Manhattan Beach Los Angeles County were children at the preschool age were frightened in secret areas abusively to study reactions to stress, fright, and abuse.

This surveillance regime or “protocol” to be used in child testing can test for likelihood of outbursts that are considered psychotic breaks and can lead to ineffective leadership and broken relationships, facets of the Borderline personality who become polarized and frantic and unstable in unstable

conditions.

I have referenced the FOXP2 Borderline Personality Disorder and extreme ADHD causing written grammer problems like conjegations being dropped, words being dropped in the slower proccess of writing rather than in speaking.

The group of symptoms or minor neurological probelms like dry throat and other problems might be solved in rat studies in gene knockdown studies, where a rat gene is modified to see changes in the rat and that works better in rats than mice because rats are more complex in behavior.

But rats do not write. So grammer problems are hard to study in them. Jen Moore did at least ten interviews with Farmer Jones on FreeConference Call some linked to from her YouTube videos comments sections and she speaks of rat studies not working thus MKULTRA using children as rats. I can tell you the idea was when rats behaved well and were connected to the Windsors they might become Lord Governor of some province, say the USA, or Indonesia, or Cuba, or Guatemala if they can be picked out early enough.

> I'm gonna post in this video the links to the interviews I've done so far and I'm continuing on this journey and I hope you guys will listen to the interviews realizing I don't have all the answers of course I have a parts of the story but I do have some pretty significant experiences and unique experiences that give me the very unique insights into a lot of this especially regarding the the MKULTRA programs and the experimentation on children and child trafficking ratlines drug ratlines and all those various aspects of what's going on in our country kind of under the cover of law and in deep inside the country that's been hidden from the American people - Jen Moore Task Force: The Whistleblowers: Interviews about the darkness inside.

As I have often said in studying Neurolgy and genetics:

While genetically modified mice have enabled substantial advances in neuroscience and have made possible new approaches for circuit analysis with optogenetics (Tsai et al., 2009, Gradinaru et al., 2009, Lobo et al., 2010, Kravitz et al., 2010, Witten et al., 2010, Tye et al., 2011), a generalizable approach for optogenetic targeting of genetically defined cell types in rats has proven to be elusive. This technological limitation is particularly important to address given that the substantial and flexible behavioral repertoire of rats makes these animals the preferred rodent model in many fields of neuroscience experimentation, and a wide variety of behavioral tasks have been optimized for this species (Bari et al., 2008, Chudasama and Robbins, 2004, Uchida and Mainen, 2003, Otazu et al., 2009, Pontecorvo et al., 1996, Vanderschuren and Everitt, 2004, Phillips et al., 2003, Pedersen et al., 1982). Furthermore, rats represent an essential system for in vivo electrophysiology, with dimensions that enable accommodation of the substantial numbers of electrodes required to obtain simultaneous data from large neuronal populations (Wilson and McNaughton, 1993, Royer et al., 2010, Buzsàki et al., 1989, Gutierrez et al., 2010, Colgin et al., 2009, Jog et al., 2002, Berke et al., 2009). Therefore, the ability to utilize population-selective genetically targeted optogenetic tools in the rat would be a valuable technical advance.

Most efforts to target genetically defined neurons in rats have relied on viral strategies, but given the paucity of compact and well-characterized promoters, this approach has only rarely led to highly specific targeting (Lee et al., 2010, Lawlor et al., 2009, Nathanson et al., 2009). Alternatively, transgenic rat lines can be generated to enable use of specific larger promoter-enhancer regions (Filipiak and Saunders, 2006), but for expression of opsins in the brain this approach suffers from two serious limitations. First, this method is low throughput and not well suited for keeping pace with the rapidly advancing opsin toolbox (requiring specific design, line generation, multigenerational breeding, and testing of each individual rat

line for a particular opsin gene). Second, this approach is inconsistent with straightforward optogenetic control of single or multiple spatially distinct populations; in fact, a breakdown in specificity for control of cells or projections within a particular illuminated brain region arises because opsins traffic efficiently down axons (Gradinaru et al., 2010) and incoming afferents from other brain regions that are photosensitive will confound experiments by exhibiting optical sensitivity alongside local cell populations. For example, in a rat line expressing opsins in all catecholamine neurons, illumination of the ventral tegmental area (VTA) would activate both dopamine (DA) cell bodies in the VTA and noradrenergic projections to the VTA originating from cells in the locus coeruleus.

Well returnding back to the letter to the Coroner rather than my part time hobbies.

McMartin Scientific Report by Ted Gunderson and his foresnic research team on the McMartin Manhattan Beach City preschool of Los Angeles County California. This can be found at http://tedgunderson.info/index_htm_files/McMartin %20Scientific%20Report.pdf or at my archive https://archive.org/download/genoracketeering_202001/McMartin %20Scientific%20Report.pdf It should be noted on one page in large white text with black reverse chroma 3233 the last 4 digits of my social security number are appended to some other digits I think pert of a case reference system. It can be noticed on my birth certificate Manhattan Beach City is my place of birth and 022-46-3233 is my SSN and I underwent BPD testing based on behvarial observations of me by my parents they have described to me, one instance my reaction when I had dropped my milk bottle from my high chair and shortly after a very volatile explosive reaction to it not being picked up.

It should be noted in Preschool in Los Angeles County my parents had me tested after I showed signs of Borderline Personality Disorder and I was then diagnosed as having high IQ per testing but what was also called Minimal Brain Disorder now the collection of symptoms of extreme ADHD and Dyslexian and strong emotions grouped and identifiable as

FOXP2 likely gene.

Ted Gunderson also filed in court statements elements of the FBI and CIA attacked him with Psychiatric Shock troops firing at his windows and other abusive and threatening acts and have do so around the world in conjunction with espionage activities.

GANG STALKING VIGILANTISM RUN BY U.S. GOVERNMENT, SAYS EX-FBI OFFICIAL https://rudy2.wordpress.com/gang-stalking-vigilantism-run-by-u-s-government-says-ex-fbi-official-says-ex-fbi-official/

After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In 1980, he became a defense investigator for Green Beret doctor Jeffrey R. MacDonald, who had been convicted of the 1970 murders of his pregnant wife and two daughters. Gunderson obtained affidavits from Helena Stoeckley confessing to her involvement in the murders which she claimed had in actuality been perpetrated by a Satanic cult of which she was a member.[8]

A former senior official of the Federal Bureau of Investigation says **"rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or *undesirables***.

Ted Gunderson, *82*, who has served as the special agent in charge of the FBI's Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that **he is now targeted by these**

same elements, and fears for his life and for the safety of his family. He reports that the windows of his home have been shot out, and **he believes he has been poisoned and physically sickened by those seeking to *silence* him**.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California- based private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official's comments represent the most compelling testimony to date indicating that "black operations" of the federal government are dedicated to waging a covert war of terror and persecution targeting American citizens.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube.

State Actions and State Actors

When Donald Trump ran for President of the USA a British Intelligence group tied to or working through Fusion GPS is alleged to have used paid actors to surround him and create disparaging scenes he seemed to be linked to. A Pantamime as I recall uses statue for actors to dance around creating a scene the statue is in.

State Actors concealing their links to the US or foreign governments may under cover as plain clothes or through co-operating plan clothes or uniformed parties attempt to frame,

implicate, disparage, mock, or physically assault, poison, or sabotage a person as a State Act.

This how undercover State Actors act and intelligence officials with the skill level of Ted Gunderson understate secret police activities in sabotage and subversion.

Many others such as Brian Glick in a book The War At Home have ascribed at least these activities and more to the FBI and others.

[It was these same FBI, CIA, US Marshalls Witness Protection, and DARPA groups, Boeing included. which selected Malcom X and Glorian And James Paul Donegan to be victims of an FBI CIA US Marshalls NWO Masonic plan.]

Other sources with direct access to the CIA files have consistent and substantive information on the plot line I outline and expand on connecting Martin Luther King, Malcom X, JFK and RFK ina CIA based series of assassinations.

For instance James Earl Ray (March 10, 1928 - April 23, 1998) was an American fugitive convicted for assassinating Martin Luther King Jr. at the Lorraine Motel in Memphis, Tennessee, on April 4, 1968. After this, Ray was on the run and was captured in the UK. Ray was convicted in 1969 after entering a guilty plea-thus forgoing a jury trial and the possibility of a death sentence-and was sentenced to 99 years of imprisonment. He was a follower of Cecil Rhodes British theory of British colonialism and world rule, and the assassination of the Kennedy' according to many sources including me is that the British plans for United Fruit Company, International Trade Mart, and other global British based businesses with CIA backing was connected to the coloinialism the Kennedy family rejected and those close to Kennedy' personally or by belief system (Ghandi Society refuting British rule of India of Dr King) were assassinated to subvert US policy by underming non-British leaning voices.

Public news sources on JFK and numerous others in their totality affirm my statements on these deaths.

> LA Dom, Mistress Veronica Takes Her Life - LUKE IS BACK
>
> http://www.lukeisback.com › 2009/08 › Aug 7, 2009 - Veronica Hoffman, one of the international fetish scene's most colourful characters, has died in Los Angeles aged 29.

My family comes from The Manchurian candidate story-line and I am also connected to a series of events involving Veronica Hoffman I believe led to her being harassed and discredited by illegal operations.

Many who have access to or wrote top secret files on the CIA, The Manchurian Candidate, overthrow and subversion bv Mafia, and Executive Action assasinations have similar or identical information and information consistent to and corroborating the statements I am making about silenced people who knew too much about the CIA assassination of JFK and his relatives and friends and reporter contacts like Dorothy Killgallen.

In printed statements I am signing and sending I will reference CIA and NSA and FBI and DOJ sources such as Ted Gunderson, Wayen Madesn, Jen Moore, Col Fletcher Prouty, the Donegan family myself speaking for my parents and relatives, and the public records available as to these matters being evidence those who were silenced were assassinated in violation of Title 18 Chapter 73 and section 1513 and other sections as well and covert Stalker team harassment of myself is also violation of that statute.

The GangStalk also called Organized Stalk Ted Gunderson will

refer to as run by the FBI and Military is a system of “decomposition” or discrediting and destroying people that is intertwined with the use of Information Dopplegangers and I can cite the occurrence of and both Jen Moore and others will describe how it is used and why.

Before closing this cover letter I will provide a manifest of attachments I intend to include.

Jen Moore describes the Glorian Dongan story of how she is a changed name Kutschera and that story line as Jen Moore without speaking that name confirmably continously uses her phone camera pointed in video after video of the apartent I lived in with my mother at 850 N. Randolph second floor and in my books I include credit reporst publicly listing us as living on that Patomac River Arlington Virigina whose previous apartment of Glorian on the 21st floor overlooked the Pentagon Washington D.C.

> Investigative Journalist Jen Moore was found dead in a suburban Washington D.C. hotel room Monday. August 20, 2018, according to police and shocked and distraught friends and colleagues.
>
> Moore died of an apparent seizure. Police are closely investigating the cause of death after former FBI Agent Robyn Gritz, a friend of Moore’s, made inquiries with homicide detectives Monday afternoon in Prince Georges County, Maryland. Preliminary reports from police said the death was not the result of suicide.
>
> Moore’s body was found by employees at the Country Inn & Suites by Radisson, Washington, D.C. East - in Capitol Heights, Maryland. The investigation is ongoing. An autopsy had not been scheduled as of late Monday.

Prior to her death on her YouTube Channel where she reported undercover stalkers had violently attacked her and assured her if she talked she would be silenced by the stalkers.

A follower of her YouTube Channel she had said she was going to finally reveal the names after long holding her silence someone [Jason Arthur Taylor]asked *For your safety you're not disclosing any details. Right. How's that working out for ya?*

I have experienced the exact same death threats from stalkers, my home has been broken into repeatedly as I name CIA and FBI Deep State officials and write about my own family.

As she began naming a few in a long running CIA plot tied to Rod Rosenstien and governmentaly employed members of his family and intended to reveal the Donegan name she was found dead in two days of announcing the would name names.

"Rough Noise is the older term for Brighting, the system of shockingly intense input often abusive and so offensive it creates a cognitive unsurvivablity such that the person being abuse by noise is engulfed in anger, rage, horror, revulsion, trauma, etc., and it is meant to be emotionally abusive and includes death threats as common practice.

Cars flashing headlights as they chase you, honk horns and gun engiines, brandish gang paraphnelia such as hash pipe, heroin needles, display long dangerous knives or felon in possession guns being click fired with empty chambers are not uncomone and I have experience them all.

Most of these I reported in real time in 2002 and beyond to my family all of whom now are deceased.

So Jen Moore and the CIA files on the Donegan's will be included, Ted Gunderson and Jen Moore on Stalking and the likely Stalking death of Veronica Hoffman will be the second accompanying document. In this latter document I will describe how her friends said harassing phone calls were annoying her

to the point of taking apart and disabling phones, etc.,

I have written extensively on that topic and I suggest an official inquiry.

Here is some annotated story from Jen Moore affirming what I say about my family tory and these assasinations.

Understanding the Glorian then James then Tom then Edward lifetime timelines in that order

Jen Moore was a CIA connected former police officer who disclosed the Donegan family history. She was according to Edward Paul Donegan (myself) assassinated in furtherance of Treason and and in violation of Title 18 section 1513 assassination of witnesses in her case in faked grand jury and other matters tied to Obstruction of Justice and fraud in the estate of Glorain Donegan my mother.

The fall of the Kennedy's gave rise to global business and those connected to them. The US Press Corps will not accept or report on this so far but Edward Donegan (me) as a witness to this and under the same threat that existed for Jen Moore and others.

Before I go on to assert violations of Obstruction of Justice Title 18 Chapter 73 section 1513 and other federal statutes about witness smear, intimidation, assassination, falsification of evidence in Conspiracy Against Rights, bodily injury, and other charges I will rely on other people's existing work of the context of the CIA and FBI activity I also assert, but validate the existing material that is largely ignored with at the end my first hand witness account of it and how those others like Jen Moore pointed to my family history in this world global events saga.

Col Prouty could only get published in a porn magazine called Gallery when he wrote article *Guns of Dallas* that become the

movie *JFK* by Oliver Stone who finally recognized what Prouty was saying, the CIA overthrow team defended itself against John F. Kennedy (and later Robert F. Kennedy) who in the administration of THEIR NSC would not continue the regime changes planned by Vice President Nixon and the CIA in 1958 for Indonesia, the Pacific Ocean generally including Hawaii., the Gulf of Mexico (including Cuba and Guatemala) through the CIA portal of New Orleans, and *Middle East North Africa* (MENA) and the naval and shipping entrances to Central Africa through Mombasa Kenya.

> *JFK* (released under the subtitle *The Story That Won't Go Away*) is a 1991 American biographical epic political thriller film written and directed by Oliver Stone. The film examines the investigation into the assassination of John F. Kennedy by district attorney Jim Garrison, who came to believe there was a conspiracy to assassinate Kennedy and that Lee Harvey Oswald did not act alone.
> - Wikipedia

Incorrect. The story line is that Lee Harvey Oswald was a patsy who was to take to the fall as Russia Sympathizer so the FBI, CIA, Secret Service, FBIm, and Office of Naval Intelligence could duck the blame.

I am Edward Paul Donegan, I knew Col Prouty, and I agree.

And I believe the figures today still in those agencies (Cheney) or other in those agencies descended from the assassination era families view my life story as threat.

The Donegan and Jen Moore story bridges the assassination of JFK and RFK to the Indonesia 1958 plan via a Donegan role in it, just joins the work of Wayne Madsen and Col Prouty via Donald Barr and Rockefeller Republican role in 1946- 1960.

Wayne Madsen knows this was tied to Barrack Obama Jr and has written about this.

John Pilger agrees the US Pres Corp ignores Barrack Obama Jr and Business International Corp wer fake liberals all the way along, CIA plans for Corpratocracy around the world run by CIA fronts.

The Glorian then James then Tom then Edward lifetime timelines in that order

Glorian Donegan had Borderline Personality Disorder, more defamed than it need be, and Edward Paul Donegan has it too. Per Linda Newkirk in the Mountain Prophesies in that online work explaining the Queen of England, the Vatican, and Nazis created Barrack Obama Jr. the Bush family H.W. and W. both involved (W more reluctantly but forced) this was part of the DARPA Missile Command plan in 1961 resulting in the birth of Obama if you believe Prouty likely for Indonesia.

> ***Understanding the Borderline Mother***
> **Helping Her Children Transcend the Intense, Unpredictable, and Volatile Relationship**
>
> The first love in our lives is our mother. Recognizing her face, her voice, the meaning of her moods, and her facial expressions is crucial to survival. Dr. Christine Ann Lawson vividly describes how mothers who suffer from borderline personality disorder produce children who may flounder in life even as adults, futilely struggling to reach the safety of a parental harbor, unable to recognize that their borderline parent lacks a pier, or even a discernible shore.
>
> Four character profiles describe different symptom

clusters that include the waif mother, the hermit mother, the queen mother, and the witch. Children of borderlines are at risk for developing this complex and devastating personality disorder themselves. Dr. Lawson's recommendations for prevention include empathic understanding of the borderline mother and early intervention with her children to ground them in reality and counteract the often dangerous effects of living with a "make-believe" mother.

Some readers may recognize their mothers as well as themselves in this book. They will also find specific suggestions for creating healthier relationships. Addressing the adult children of borderlines and the therapists who work with them, Dr. Lawson shows how to care for the waif without rescuing her, to attend to the hermit without feeding her fear, to love the queen without becoming her subject, and to live with the witch without becoming her victim. A Jason Aronson Book - CHRISTINE ANN LAWSON

My (Edward Paul Donegan) mother Glorian Donegan and I have volatile relationship, deep but at times abusive in the sense of fighting and deep hurt feeling, abusive outbursts towards each other in the fights, etc.,

Marylin Monroe had it too, as did Rosemary Kennedy who was labotomized.

The doors of the Donegan homes had broken door frames as we would storm into locked rooms still fighting or fist punched through sheet rock covered up with an album cover.

As a child I ran away in Marshfeild Massachusetts as my mother would call out from the station wagon "Come back Ned" and things like that as the fights went on.

The reason I link this to Linda Newkirk and Birth of Obama

theory is the the London KE Family of FOPX2 people who were unstable emotionally were about 15 or 17 and as I looked at British Aristocracy that seemed to fit King Edward VII descendants with a fifty fifty chance o inheriting the gene.

Tracy PD police officer Jen Moore had been in lots of cases that required familiarity with psychology and after leaving the police force she went into full time research including into the background of Glorian Donegan.

GLorian was according to a British and USA plan living under an hidden identity tied to pre WWI history of King Edward VII and Borderline Personality Disorder.

Glorian seems to have been from Maria Kutschera under a changed identity to Gainey who without parents in 1936 or so was adopted with her biological brother Harold Gainey.

She per internal oral history of the Donegan family seems to have been raised with child singers and dancers and who wore in the North Carolina dust-bowl clothes made of grain sacks, etc., but was told clean clothes of any fabric were a social grace but dirty clothes were not so clothes were kept clean.

Most likely Maria Kutschera had a child or two it is said three of her own likely by a Windsor in that English line exploring the FOXP2 Speech Defect painfully obvious since 1925 The Kings Speech that really since 1902 and King Edward VII the Royals wanted to watch in out of wedlock children.

Glorian Gainey my mother had a changed identity but was really from unwed Maria Kutschera in 1926 where the other large Von Trapp Family was 3 plus the seven of Barron Von Trapp.

Tom Donegan had a domestic partner Mark Wienress also from North Carolina. Since the year 2000 all pictures of the Donegans me included have dissapeared. Tom and Mark seemed to be stealing them either uncaught in the act or they

said to scan them but they never returned.

Tom and Mark were likely as some staged dupes or possibly opportunists. They wantd to associate or did associate the Borderline with Adolf Hitler and Franz Kutschera Gestopo side of Maria Kutschera.

This as fed by the fact I Edward Paul Donegan am alt right. It is likely a FBI program labeling the alt rights as mentally ill wanted to track the Kutschera side of Glorian and Edward but that is really a sham premise when you look at the much wider sampling of who has Borderline I think Rosemary Kennedy who was given a botched lobotomy included.

A lobotomy, or leucotomy, is a form of neurosurgical treatment for psychiatric disorder or neurological disorder (e.g. epilepsy) that involves severing connections in the brain's prefrontal cortex.[2] The surgery causes most of the connections to and from the prefrontal cortex, the anterior part of the frontal lobes of the brain, to be severed.

The purpose of the operation was to reduce the symptoms of mental disorders, and it was recognized that this was accomplished at the expense of a person's personality and intellect. British psychiatrist Maurice Partridge, who conducted a follow-up study of 300 patients, said that the treatment achieved its effects by "reducing the complexity of psychic life". Following the operation, spontaneity, responsiveness, self-awareness, and self-control were reduced. The activity was replaced by inertia, and people were mostly left emotionally blunted and restricted in their intellectual range.

James Paul Donegan USAF from Dorchester Massachusetts likely new the Kennedy's and the CIA and US Army had with under ground presybytarian or other groups along the way Vatican included helped getting Glorian and others out likely Mariln Monroe too.

When it came time for Regime Change Glorian was thought to

be a good choice daughter of Maria Von Trapp and wanted her eggs to grooming England and USA backed sleepers Barrack Obama Jr being one of them and Malcom X a nice new friend of Saudia Arabia a perfect part of Dean Rusks plan.

James Paul Donegan was part of the atomic bombing of Japan and his brother Happy Donegan likely part of the Happy Valley atomic development work as well.

Robert William Donegan Bob was born in Dorchester (as his also Roman Catholic brother James Paul Donegan father of Edward Paul Donegan and also the Kennedy family] and attended schools in Dorchester and South Boston. He joined the Coast Guard at the end of WWII and upon completion of service attended and graduated from Bentley College. He worked many years in private industry in accounting and financial management. At the end of his career he worked for the Mass Rehab Commission, retiring in 1982. Together, Bob and his wife Helen raised their family in Scituate and later retired to Marshfield. Bob was an avid reader with a passion for history, sports and politics. His sense of humor and his endless enthusiasm, pride and unwavering support for his friends and his family members will be remembered fondly and missed greatly. OCTOBER 30, 1928 - FEBRUARY 3, 2016

The Plymouth area where I grew up and the Donegans and Kennedy's are from include both Plymouth Rock and the landing of the Mayflower AND the revolution the colonies waged from Boston against England and are a permanent part of the collective memory of the Kennedy's and Donegans from 1961 on.

Again, my father James Paul Donegan in WWII was part of the air wing that dropped the Hiroshima and Nagasaki bombs, events in history the Kennedy Family might have been familiar with that involved their neigbhors and fellows from St. Aidans' Church in Boston were the Kennedy's and Donegans went to church.

What I knew of him from family gatherings is he worked on annealing, the process of protecting nuclear containment materials from decay as the are exposed to free atomic particle bombardment.

James Paul Donegan was exposed to DNA tests and Glorian likely was as well. It is likely this is how the sleepers were created.

Ed Donegan has met with harassment in his life and reproducitivity and the legitimacy of him is a threat to those who trespassed against the Donegan family and those include the FBI and CIA families like the Burns family, Bush family, Barr family, and Wray and Mueller families who keep control of the espionage agencies that killed Kennedy over this very program.

Jen Moore studying Borderline likely with Tom Donegan and Mark Wierness likely had the stolen photos and proved that story to Jen Moore.

Here is Jen Moore talking as she points her camera at Edward and Glorian's home not far from the Clarendon once home of Tom Donegan and Mark Weirness who DID have the pictures Jen Moore referred to that proved the identities.

In 1902 the British did set out to study Borderline Personality Disorder. In an odd way the covertness of the activtiy helped British Imperialism not only by hiding the defect but in researching the defect those in "families" of Windsor descendants not known publicly as such and with no defects in their families made excellent Colonialism groomed leader choices.

One video Jen Moore posted was *The 3rd Reich & "The Artist" Infiltration into US Politics.* That video again points to hidden identity Kutchera descendant Glorian Donegan and again she is pointing her camera at the home of Glorian and Ed Donegan 2nd Floor 850. North Randolph St. Arlington VA 22203 and

again it is the story of how Glorian Gainey [Kutschera] DNA seems to found its way into current US politicians during MKULTRA.

>
> I've been doing a series of interviews on another YouTube channel with farmer Jones and the interviews have to do with things such as mkultra the Vatican the Vatican's connection to the CIA how MKULTRA was started details about pre-world War one and what led into the

> Second World War and things like at the mk ultra program which many people have heard about talks a lot about

In 1902 the British did set out to study Borderline Personality Disorder. Jen Moore continues

Sigmund Freud [of Austria] who was kind of the founder of MKULTRA or one of them he’s known as the father of psychology the father of psycho psycho analysis different titles like that but his history has been sanitized and even most psychologists or doctors psychology do not know a lot of this history and I do for a variety of reasons

> Sigmund Freud was an Austrian neurologist and the founder of psychoanalysis, a clinical method for evaluating and treating pathologies seen as originating from conflicts in the psyche, through dialogue between patient and psychoanalyst, and the distinctive theory of mind and human agency derived from it.
>
> Freud was born to Galician Jewish parents in the Moravian town of Freiberg, in the Austrian Empire. He qualified as a doctor of medicine in 1881 at the University of Vienna. Upon completing his habilitation in 1885 he was appointed a docent in neuropathology and

> became an affiliated professor in 1902. Freud lived and worked in Vienna having set up his clinical practice there in 1886. Following the German annexation of Austria in March 1938 Freud left Austria to escape Nazi persecution. He died in exile in the United Kingdom in 1939. - Wikipedia

I'll get into and even going further into people like dr. Carl Jung it's Ju and Ji Young in theory theory is very well known the realms of psychology and psychoanalysis many people don't know is that mr. young was our doctor young was also Karl or Allan Dulles secret agent agent 488 and Allen Dulles was the founder of the CIA he originally was an OSS which was our initial United States of America their intelligence service and then it moved into the CIA during and following World War two and Allen Dulles was the first director of that of the CIA his brother Lewis John Foster Dulles was also in there and Allen Dulles was a CIA agent at the time of JFK's assassination

so that is an interesting part that will come out as well so I've been doing a series of interviews with another YouTube channel farmer Jones who's been great on this history and what I know about MKULTRA and the Nazis and the development of the program in historical context to which it was built and why what were the kind of underlying motivations at that time and what was some of the really very disturbing parts that has been sanitized from our history in many ways

and so I've been doing a series of interviews I did my fourth today I believe on this history and as I've stated before in my videos I was a someone who enforced the law at for a pretty long time in some very dark places and I also had my degree in psychology a clinical psychology so I was involved in that as well so I came

into this knowledge by combining a lot of that work also a lot of research but then I had a very interesting transition that led me to connect all these dots and that was I met a person in 2009 who was 79 years old she was the child of Hitler's top commandant [Franz Kutchera, actually niece of him] and her father owned all the theaters in Munich and Berlin around Germany

and back in those days the big screen movie theaters were very rare she was one of the kind of the elite German children on the Nazi side and so these theaters owned by the Kutschera famlily] were used to help indoctrinate the German youth and the Hitler Youth [singing pro nazi songs as an Aryian family] and also the German soldiers during the war and she was literally at the feet of Hitler [via Himmler and Franz Kutschera in Barron Von Trapp Salzburg home] during a lot of this history from age you know early on

> Munich is the capital and most populous city of the German state of Bavaria. Munich to Salzburg is an hour and 20 minutes train trip. Salzurb also long had train routes out of the Alps that the Von Trapp family used in 1926 to leave Austria as Nazim increased.

but from age 8 through 17 when World War two really the bombs came raining in on Munich [really 1926] and she attempted to escape and was saved by American GI soldiers which is just a remarkable story of survival and she made it to the United States of America and became a very famous person in her own right (Sound of Music) and I'm not gonna name her at this point but for reasons that I can only guess would be a miracle from God that he would bless me with the chance to know this person and many of you may not believe and and all that and

> that's fine but it was my honor to truly meet her and hear her story and listen for about a year and a half from 2009 into 2010 as she turned 80 years of age and she passed away at that time

One of the specialteis of the True Pundit's Moore was is money laundering a finanical crime that may be tied to violent crime and the financial part of the crime is that one account is due or should hold assets for the possessor of the assets but through trickery and confusion of accounts others may access that value deceitfully.

Although Jen Moore did not name the church she asserted a churh or churches were using a basement to teach children to act like victims of an abuser so that money laundering organization(s) could assert Ed Donegan owner of the value of the trust fund meated out to him by trust managers could be robbed of those assets if someone seemingly Ed Donegan incurred a liability to those children or families.

This was Pizzagate wherein Ed Donegan is made to look like a pedaphile because the order of pizza or cheeseburger or other items of his diet are wrongly linked to abusing children.

The Money Laundering scheme has government support and has destroyed Ed Donegan's life and further his reputation since the Hispanic and other immigrant families treating like a pedophile in a public way desroy his reputation as per his sexual orientation as well as his tolerance for non-whites and immigrants, becoming programmed to resent, distrust, and even act out against them.

That effort to ruin my life linking me and my reputation to bogus allegations and create a embittered white male out of immigrants suing me is abusive to me and my deceased family.

PROOF COLUMBIA UNIVERSITY HELPED BRITISH SABOTEURS AND AMERICAN TRAITORS TAKEOVER AMERICA IN 1902

The roots of the C.I.A. are the British Pilgrims Society's MI6 thru Columbia University Law

The official C.I.A. histories are all faked to conjure up American heroes out of demons and disguise its monopolist, warmongering, satanic, eugenicist British origins

Alleged C.I.A. founder William J. Donovan was a mere stooge for J.P. Morgan, Lord Rothschild and John D. Rockefeller who conspired with Columbia University to groom him (1903-07)

The Truth: C.I.A., NSA, FBI, DoD, DOS, SEC, Judiciary and multinational corporate intelligencers are American stooges controlled by the British Empire

Columbia University recruited and groomed William J. Donovan at the inception of the British Pilgrims Society in 1902 to organize American intelligence as a reflected lizard of British intelligence

On Jul. 16, 1902, the British Empire's top "Empire Builders" formed The British Pilgrims Society at the Carlton Hotel, London. They were Privy Councilors, admirals, generals, spies, virologist (Sir Henry Wellcome), Guglielmo Marconi (wireless), bankers (Lord Rothschild), industrialists, lawyers, aristocrats, politicians, publishers and newspapermen.

King Edwards' "Empire Builders" were a notorious mob of over-funded British pirates: bejewelled war lords, war criminals, murderers, royalists, warlocks, blackmailers, seditionists, aristocrats, terrorists, traitors, mercenaries,

> rapists, devil-worshipers, sodomoists, child molesters, luciferians, satanists, pedophiles, bi-sexuals, rapsts, liars, necromancers, homosexuals, propagandists, blasphemers, abusers, chauvanists, bullies, playboys, dandies, silver spooners, prevaricators, effete snobs ..

Well, you know, the article continues in loaded language "the usual stuff found in MSM Newsrooms."

The site is called aim4truth.org and its historical research is impeccable but most usable whe joined with other works like Monarch Fighting and the British story of weepy Prince Albert of York a generation later, or the modern struggle to understand Borderline Personality Disorder today. Actually the decscription of the press sounds like it might have been quoted from my father James Paul Donegan.

FIG. 4: KING EDWARD VII PUBLISHED A POSTCARD ENTITLED "KING EDWARD & HIS EMPIRE BUILDERS." OF THE 16 LIVING BRITS IDENTIFIED, 11 WERE FOUNDING MEMBERS OF THE PILGRIMS SOCIETY ON JUL. 16, 1902. THOSE 11 "EMPIRE BUILDERS" WERE ALL ORGANIZERS OF THE FIRST IMPERIAL PRESS CONFERENCE, JUN. 05-28, 1909 (LINK FOLLOWS). CURATOR, INDEPENDENT ANALYST. (CA. 1907). BETWEEN JUN. 05-29, 1909, THE PILGRIMS SOCIETY ORGANIZED THE FIRST IMPERIAL PRESS CONFERENCE, 1909. THE KEYNOTE SPEAKER WAS LORD ROSEBERY (ROTHSCHILD). LORD L. WALTER ROTHSCHILD WAS THERE TOO.

By 1902, the British Pilgrims had evidently already singled out selected American "Robber barons" that they would recruit to their "Empire Building," many of whom were in Britain for the delayed coronation of Edward VII following the deaths of Queen Victoria and Cecil John Rhodes-their empire building

prime mover. We will discuss their names below.

It appears three biological children were hidden under false identities in the USA and this was especially important as the 1936 Berlin Olympics increased world exposure to Nazism, Austria was siezed by Germany, and atrocities began with one major event being SS General Franz Kutschera having risen in rank for his propaganda role then assassinated by the Polish Secret Police.

Those biological children one of which was GLorian and her son Edward Paul Donegan myself carry this gene.

When Windsors wanted to groom candidates for sleeper agents it seems MKULTRA and the CIA used Glorian DNA and Prouty, Jen Moore, and others know of this as Donald Barr of the CIA set this up with other CIA operatives.

This plan to insert sleepers in Indonesia and other locations in plan with Saudi involvement was part of MKULTRA history and Donegan history.

>
> Investigative journalist Wayne Madsen has discovered CIA files that document the agency's connections to institutions and individuals figuring prominently in the lives of Barack Obama and his mother, father, grandmother, and stepfather. The first part of his report highlights the connections between Barack Obama, Sr. and the CIA-sponsored operations in Kenya to counter rising Soviet and Chinese influence among student circles and, beyond, to create conditions obstructing the emergence of independent African leaders.
>
> This confirms the article by Col Prouty on Indonesia and Vice President Nixon 1958.]
>
> In Part I of this WMR special report, we revealed the connections between Barack Obama, Sr. and the CIA-affiliated Airlift Africa project to provide college degrees to and gain influence over a group of 280 eastern and southern African students from soon-to-be independent African nations to counter similar programs established by the Soviet Union and China. Barack Obama Sr. was the first African student to attend

the University of Hawaii. Obama Sr. and Obama's mother Stanley Ann Dunham met in a Russian language class in 1959 and they married in 1961.

The African airlift program was administered by Kenyan nationalist leader Tom Mboya, a fellow Luo tribe mentor and friend of the senior Obama. According to CIA documents described in Part I, Mboya also served the CIA in ensuring that pro-Soviet and pro-Chinese African nationalists were stymied in their attempt to dominate pan-African nationalist political, student, and labor movements.

One of Mboya's chief opponents was Ghana's first president, Kwame Nkrumah, who was ousted in a CIA-inspired coup in 1966, one year before to Obama Sr's son, Barack Obama, Jr. and his mother joined Lolo Soetoro, an Indonesian who Obama's mother met at the University of Hawaii in 1965, when President Obama was four years old.

In 1967, Obama and his mother joined her husband in Jakarta. In 1965, Lolo Soetoro had been called back from Hawaii by General Suharto to serve as an officer in the Indonesian military to help launch a bloody CIA-backed genocide of Indonesian Communists and Indonesian Chinese throughout the expansive country. Suharto consolidated his power in 1966, the same year that Barack Obama, Sr.'s friend, Mboya, had helped to rally pro-U.S. pan-African support for the CIA's overthrow of Nkrumah in Ghana in 1966.

CIA links East-West Center, University of Hawaii, and CIA coup against Sukarno and Peace Corps and USAID are listed in the two part articles

Ann Dunham met Soetoro at the East-West Center at the University of Hawaii. The center had long been affiliated with CIA activities in the Asia-Pacific region.

In 1965, the year that Dunham met and married Soetoro, the center saw a new chancellor take over. He was Howard P. Jones who served a record seven years, from 1958 to 1965, as U.S. ambassador to Indonesia. Jones was present in Jakarta as Suharto and his CIA-backed military officers planned the 1965 overthrow of Sukarno, who was seen, along with the Indonesian Communist Party (PKI), as allies of China.

When Jones was chancellor of the East-West Center, he wrote an article for the Washington Post, dated October 10, 1965, in which he defended Suharto's overthrow of Sukarno. Jones was "invited" by the Post to comment on the Suharto coup, described as a "counter-coup" against the Communists. Jones charged that Suharto was merely responding to an earlier attempted Communist-led coup against Sukarno launched by Lt. Col. Untung, "a relatively unknown battalion commander in the palace guard."

Jones's article, which mirrored CIA situation reports from the U.S. embassy in Jakarta, continued by stating that the alleged leftist coup on September 30 "came within an inch of succeeding through the assassination of six of the top military command. It might well have succeeded had not Defense Minister Nasution and a number of other senior generals also marked for assassination acted fast in a dramatic counter-coup." Of course, what Jones did not inform the Post's readers was that the Suharto "counter-coup" had been assisted with the strong help of the CIA.

A behavior control research project was begun in the 1950s, coordinated by the British psychological warfare unit called the Tavistock Institute, with the Scottish Rite Masons, the Central Intelligence Agency, and other British, U.S., Canadian, and United Nations agencies. The project became famous in the 1970s under a CIA code name, "MK-Ultra." Its notoriety for brainwashing by drugs, hypnosis, electroshock, and other tortures caused many books to be written about the project, and the U.S. Senate conducted hearings which exposed many of its abusive features. President Gerald Ford appointed a commission headed by Vice President Nelson Rockefeller, to correct the CIA's misconduct. There was a widespread anti-establishment view at the time, that here was the fox appointed to guard the hen house.

The intelligence agencies offered a public rationale for the project: the need to counteract and compete with the mind-control capabilities of the communists. This was largely based on the fact that U.S. personnel held prisoner by the enemy in the Korean War had signed false confessions of crimes, and some had defected to North Korea, the apparent result of brainwashing. The Manchurian Candidate, a 1959 book which was made into a popular movie in 1962, reflected this rationale. It told the story of a communist plot to use a U.S. soldier brainwashed in Manchuria as a zombie-assassin, to kill the leading U.S. presidential candidate. A central theme of MK-Ultra was to attempt to control the human mind in a similar way.

Threatened and accomplished assassination of political leaders has become increasingly frequent in public life since the 1960s. Just since the 1992 election campaign, for example, President Bill Clinton has been the target of at least 15 assassination threats. Many of these would-be killers, and many of the assassins of past years, had been in destructive psychiatric programs, or were members of psychiatrically manipulated cults. The present threats are the more meaningful, in the context of the British-led Whitewater scandal directed against the presidency. It is long past time for a thorough public inquiry into the assassination epidemic, whereby its relationship to the official project to create assassins would be fully explored.

A great obstacle to clear thinking in this area has been the assumption that the U.S. government would not sponsor programs for the murder of American leaders. This logical assumption misses the point, that the overall project, including “MK-Ultra,” has been foreign-sponsored and anti-American in its purposes. We shall outline here the British background of this deeply criminal enterprise, with its roots in the political and psychiatric movement called eugenics.

1909-13: the buildup to World War I

John D. Rockefeller created the family-run Rockefeller Foundation, in parallel with the birth of the British-inspired Federal Reserve, the Internal Revenue Service, and the Federal Bureau of Investigation. In 1909-13 and subsequent years, Rockefeller transferred blocs of the family-owned Standard Oil Co. worth more than $300 million to the account of the foundation under its trustees who were family members, and their employees. Thus was established a global instrument for radical social change, using American money and British strategy.

John D. Rockefeller had begun his oil business in the 1860s with British capital. The family's relationship to the British Empire a half-century later was centered in the person of John D.'s brother William Rockefeller, the president of Standard Oil of New York (later Mobil) and the founder of National City Bank (later Citibank). In 1911, brother William employed, in a private capacity through his elite social club, a high-ranking British secret intelligence service officer named Claude Dansey. As the United States prepared to ally itself in World War I with its old enemy Britain, Dansey personally reorganized the U.S. Army intelligence service into an adjunct of the British secret service. Dansey's loyal U.S. follower, Gen. Marlborough Churchill (a distant relative of Britain's Winston Churchill) soon became director of U.S. military intelligence. After World War I, General Churchill headed up the "Black Chamber," a New York-based espionage group serving the State Department, the U.S. Army, and private New York financiers loyal to Great Britain. This same General Churchill would soon launch a medical research organization, the Macy Foundation, for the Rockefellers and British intelligence.

1920s: the pre-Hitler era in Germany

The Rockefeller Foundation poured money into the occupied German republic for a medical specialty known as “psychiatric genetics.” This field applied to psychiatry the concepts of eugenics (otherwise known as race purification, race hygiene, or race betterment) developed in London’s Galton Laboratory and its offshoot Eugenics Societies in England and America. The Rockefeller Foundation created, and foundation executives thenceforth continuously directed, the Kaiser Wilhelm Institute for Psychiatry in Munich (before Rockefeller sponsorship it was known as the Kraepelin Institute), and the Kaiser Wilhelm Institute for Anthropology, Eugenics, and Human Heredity. The Rockefellers’ chief in both these institutions was the fascist Swiss psychiatrist Ernst Rudin, assisted by his proteges, Rockefeller functionaries Otmar Freiherr von Verschuer and Franz J. Kallmann. A British medical historian friendly to the Rockefellers recently explained how the family was introduced into this field in Germany [1]: The foundation’s “German centers combined the search for organic signs of mental illness with eugenic projects …. The [Kraepelin] institute had initially been endowed with 11 million marks, contributed by Gustav Krupp von Bohlen und Halbach [head of the Krupp steel and arms family] and James Loeb [Paul Warburg’s brother-in-law], an expatriate American of the Kuhn- Loeb banking family. Loeb mobilized his American-Jewish friends to support the institute,” and they invited the foundation to reorganize and expand the Munich enterprise. Loeb also continued financing the institute.

Loeb’s relatives, the Warburgs, owners of Kuhn Loeb bank, were the intimate banking partners of William Rockefeller. Together with him they had set up the Harriman family in big business, using capital supplied by the British royal family’s personal banker, Sir Ernst Cassell. The three families, Rockefeller, Warburg, and Harriman, together with British Crown agencies, jointly

sponsored much of the social engineering enterprise we shall describe here. The Rockefeller Foundation made an initial grant of $2.5 million in 1925 to the Psychiatric Institute in Munich, gave it $325,000 for a new building in 1928, and continuously sponsored the institute and its Nazi chief Rudin through the Hitler era. The foundation paid for a 1930-35 anthropological survey of the "eugenically worthwhile population" by Nazi eugenicists Rudin, Verschuer, Eugen Fischer, and others.

1950s: MK-Ultra

The outrages perpetrated by Ewen Cameron became the most notorious aspect of the postwar Anglo-American mind-control program. Cameron had trained at the Royal Mental Hospital in Glasgow, under eugenicist Sir David Henderson, and founded the Canadian branch of his friend John R. Rees's World Federation for Mental Health. In the various member countries and subdivisions, these channels of British intelligence operations are known as the national, provincial, or state Mental Health Associations. Cameron was also elected president of the Canadian, American, and world psychiatric associations. He became famous after the CIA was sued by some survivors of his work-because the CIA had financed the tortures.

Cameron would drug his victims to sleep for weeks on end, waking them daily only to administer violent electric shocks to the brain. He used the British Page-Russell electroconvulsive method, an initial one-second shock, then five to nine additional shocks, administered while the patient was in seizure. But he increased the normal voltage and the number of sequences from one to two or three times per day. Patients lost all or part of their memories, and some lost the ability to control their bodily functions and to speak. At least one patient was reduced almost to a vegetable; then Cameron had the coginitve centers of her brain surgically cut apart, while keeping her alive. Some subjects were deposited permanently in institutions for the hopelessly insane.

For the CIA, Cameron tested the South American poison called curare, which kills a victim while simulating natural heart failure. But Cameron claims to have used it only in non-lethal doses to further immobilize his subjects while they were kept in sensory deprivation tortures for as long as 65 days. Then they would be given lysergic acid diethylamide (LSD) for "programmable" hallucinations. When the subject was sufficiently devastated, Cameron and his assistant, a veteran of the British Royal Signals Corps, would begin "Psychic Driving": Through a loudspeaker hidden under the pillow, or through unremovable earphones, they would play a tape over and over again to burn certain phrases into what was left of the victim's memory.

The CIA was found to have financed these horrors, as well as ghastly experiments in other locations, using a front called the Society for the Study of Human Ecology. (The society gave a grant for a study of the effects of circumcision on young Turkish boys, the grantees to be in Istanbul, studying five to seven year olds and their problems with their genitals. It is claimed that this was intended to give a cover to the CIA front as a real academic organization.)

The question of sponsorship

But the authorship of this enterprise cannot reasonably be assigned to the CIA, per se. Even before we review other agencies' direct involvement, we must understand that the CIA chief during MK-Ultra, Allen Dulles, was thoroughly attached to British Empire geopolitical aims. Introduced to British spies by his uncle Robert Lansing, Woodrow Wilson's secretary of state, Dulles had had a strong personal identification since childhood with the British Secret Intelligence Service.

The Dulles family's upper class-status in America began when ancestor William Dulles arrived in South Carolina from India. With a fortune made in India by providing financial and security services for the British East India Company army, he bought a slave plantation which the family held through the American Civil War. The family's mental life was always that of the British Empire and its American colonial subordinates. Allen Dulles's main corporate activity was as a director of the J. Henry Schroder banking company in London, a prime instrument in Montagu Norman's nazification of Germany. As partners in the Sullivan and Cromwell firm, Allen Dulles and his brother John Foster Dulles represented the Rockefeller-Harriman- Warburg combination, I.G. Farben, and virtully every other Nazi corporate organization that danced on London's marionette strings.

It was disclosed that for MK-Ultra, particularly for the experimental use and distribution of LSD, the CIA operated through another front, the Josiah Macy, Jr. Foundation. But the geometry of the "front" really worked the other way around. The Macy Foundation represented the British psychological warfare executive, as extended into U.S. and related institutions. In the midst of launching MK-Ultra, during 1954-55, the Macy Foundation's medical director Frank Fremont-Smith was

president of British General Rees's World Federation of Mental Health. Under Rees as the director, the two together "made a journey to a number of countries in Asia and Africa to establish contacts and seek ways in which the organziation may extend its activities in those regions."

Through official military and intelligence conferences over which it presided, and through various informal and secret operations, the Macy Foundation directed the spread of LSD by U. S. agencies during the 1950s. The Macy Foundation's chief LSD executive, Harold Abramson, was a psychiatric researcher at Columbia University and at the eugenics center in Cold Spring Harbor, Long Island, New York. It was Abramson who first "turned on" Frank Fremont-Smith. Abramson also gave LSD for the first time to British anthropologist Gregory Bateson, sometime husband of Margaret Mead. Then in 1959, Bateson gave LSD to Beat poet Alan Ginsburg at Stanford University, under controlled experimental conditions. Following this, Dr. Leo Hollister at Stanford gave LSD to mental patient turned author Ken Kesey and others, and thus it was said to have spread "out of the CIA's realm."

Masonic `charity'

Other parts of the U.S. government participated in the project exposed as MK-Ultra. The Army Chemical Center paid for LSD and related drug brainwashing experiments by Dr. Paul Hoch. Along with Nazi eugenics leader Franz Kallmann, Hoch co-directed the research at Columbia University's New York State Psychiatric Institute. Dr. Hoch was a member of the American Eugenics Society, in Kallmann's eugenics cell at the institute. Hoch was simultaneously appointed State Mental Hygiene Commissioner by New York Gov. Averell Harriman, and was reappointed by the next

governor, Nelson Rockefeller. Dr. Hoch's forced injections of a mescaline derivative brought about the 1953 death of New York tennis player Harold Blauer. Hoch's colleague Dr. James Cattell later told investigators, "We didn't know whether it was dog piss or what it was we were giving him." When Hoch died, British brain butcher Ewen Cameron directed his funeral.

Dr. Hoch, a Scottish Rite masonic strategist, worked with Dr. Kallman under the direction of Scottish Rite Freemasonry's Field Representative of Research on Dementia Praecox, Dr. Nolan D.C. Lewis, the superintendent of the New York State Psychiatric Institute. As the Ku Klux Klan has been the defining project for the Scottish Rite's Southern Jurisdiction, the Rite's Northern Jurisdiction left its official mark on the world through MK- Ultra-its most important "charity." Much of the psychiatric dirty work, though, has been done inside the Rite's KKK-spawning Southern Jurisdiction, which includes all southern states and everything west of the Mississippi River. Robert Hanna Felix, 33rd degree mason, was a director of the Scottish Rite's psychiatric research. He ran a spectacularly lawless brainwashing establishment.

The exposure of the MK-Ultra scandal revealed that the CIA had funded one Dr. Harris Isbell to carry out barbarous experiments using slave subjects, nearly all of them black drug addicts, at the Addiction Research Center in Lexington, Kentucky. Isbell was the director of the center from the 1940s until 1963. His boss was masonic master psychiatrist Felix, who founded the National Institute of Mental Health and was NIMH director from 1949 to 1964. The Lexington facility had been Dr. Felix's personal project since he had been its clinical director in the 1930s, and he put it under the jurisdiction of the NIMH. The Felix-Isbell slave experiments involved LSD and a wide variety of other hallucinogens and exotic poisons. In one case, seven

prisoners were kept hallucinating on LSD for 77 consecutive days. The torture at Lexington followed the pattern developed by Cameron in Montreal: Drug-induced sleep was interrupted by electroconvulsive shock. Cooperative subjects were rewarded with shots of heroin or any other drug of their choice. And for mental health, the masonic administration encouraged the prisoners to participate in synthetic religious and political cults.

Felix's program was not simply to make humans into controllable beasts, but to decentralize the zombie-manufacturing. A 1993 report to the Scottish Rite Supreme Council by its current psychiatric research director, Steven Matthysse, explains: "Thirty years ago, a massive program began, which has continued unabated to this day: the deinstitutionalization of the mentally ill …. My predecessor as research director of the Schizophrenia Research Program, Dr. Robert H. Felix, 33 Degree, Gourgas medalist and the founding director of the National Institute of Mental Health, was one of the chief architects of this program. 'We are entering a new era,' he wrote, 'of community-centered, comprehensive psychiatric care.' … Dr. Felix predicted that, in 25 years, 'State mental hospitals as we know them would no longer exist.' He was right …. During the years from 1955 to 1992, the state mental hospital census went down by 82%." The strategists of MK-Ultra succeeded in moving the mentally ill out of costly mental hospitals, onto the streets, where they now consitute a large proportion of America's homeless. We shall now see what kind of "community-centered psychiatric care" these strategists did in fact implement, as Britain's MK-Ultra poured drugs into the country and worked to fabricate the drug- sex youth culture.

Seymour Solomon Kety was both an executive of the Scottish Rite's psychiatry experiments, and a Scottish Rite- funded clinical experimenter. He was chief of NIMH clinical sciences from 1957 through 1967, and

continued as the NIMH “senior scientist” into the 1990s. A close associate of the Kallmann Nazi-eugenics cell at Columbia, Kety was a national director of the American Eugenics Society, under its 1980s name, the Society for the Study of Social Biology. Kety helped lead the masons’ U.S. agency, the NIMH, beyond the Kentucky experiments, to the brink of Hell.

The official assassination program

The ambiguous rationale for the MK-Ultra program was the search for the Manchurian Candidate: to study, emulate, and counterbalance communist programs which brainwash people who could be dangerous to our national security. These programs were secret, and masses of MK-Ultra records were destroyed. But some aspects of the program’s direct testing have been divulged. CIA executive Morse Allen worked at creating killers under hypnosis on and around Feb. 19, 1954. The CIA planned early in 1954 to hypnotize a man they considered disposable, to get him to make an assassination attempt, be arrested for attempted murder, and be “thereby disposed of.”

A CIA hypnosis study was done by Alden Sears at the University of Minnesota and was moved by Sears to the University of Denver, Colorado.

Sears worked to answer the question, “*Could a hypnotist [using stimuli including repetitive traumatic stimuli] induce a totally separate personality*?

CIA counterintelligence chief James Jesus Angleton, a leader of the British intelligence faction in the American intelligence community, established three goals for the hypnosis program:

- To induce hypnosis very rapidly in unwitting subjects;

- To create durable amnesia; and

- to implant durable and operationally useful post-hypnotic suggestion.

A test of rapid hypnosis took place in July 1963. The counterintelligence staff in Washington, D.C. asked the CIA station in Mexico City to find a suitable candidate for a rapid induction experiment.

The station proposed a low-level agent, whom the Soviets had apparently doubled. A counterintelligence man flew in from Washington and a hypnotic consultant arrived from California. The experiment was said to have misfired.

According to CIA hypnosis expert Milton Klein, creating a hypnotized “patsy” is easier than making a totally controlled Manchurian Candidate. The patsy can be induced by hypnosis to do things which later show up as circumstantial evidence that will get him falsely blamed for a crime. Klein has claimed he can create a patsy in three months; a full-scale Manchurian Candidate takes six months.

True Pundit founder Mike “Thomas Paine” Moore (not Micheal Moore) says that Citi loaned Epstein of the VI Brain Foundation more $100 million, allowing him to make thousands of wire transfers from the bank.

Bowers was previously the chief of Deutsche Bank’s Private Wealth Management division in New York City. At Citi, he was chief of The Citi Private Bank and also ran Citigroup’s Global Markets and Wealth Management businesses.

“The [irregular] loans to Epstein were personal and commercial,” True Pundit founder Mike “Thomas Paine” Moore said. “The Citi loans I can confirm were for more than $25 million. Some were secured, some were not.” Moore previously ran an anti-money laundering for Citigroup.

SWAT-clad FBI agents stormed into Mike “Thomas Paine” Moore’s home and terrorized his wife and young children at gunpoint after rousting them out of bed. Not once, but twice, pointing automatic weapons at the family. Historic, costly blunders for the FBI.

[Jen Moore offered to make coffee for the FBI Agents according to Micheal Moore]

In response Paine assembled his journalism crew of former feds, launched True Pundit and literally dismantled the FBI in less than two years with pens and laptops while working from home, often in pajamas.

While the mainstream media ignored a corrupt FBI, DOJ, Paine and cohorts hammered away and knocked the FBI off its trusted public mantle. Revered FBI leaders were fired. Others quit. FBI officials, targeted by True Pundit’s hard-hitting reporting, are now targets of numerous federal investigations. A fitting irony after the FBI - whom Paine worked for - came into his home with M4 rifles drawn on his young kids and wife. Twice. Then, the FBI went on a rampage to ruin his Fortune 100 career at Citi and even prevented him from attending his

mother's funeral.

hat did Paine know that terrified the Deep State and prompted FBI agents to stoop so low as to literally terrorize an 8-year-old and 12-year-old? And Paine's wife? Paine tells it all here - revealing he was investigating Intel that the FBI, CIA and White House were covering up evidence that Osama bin Laden was living and running al Qaeda from Iran after 9/11. Paine reveals his True Identity: Loeb Award-winning and Pulitzer nominated newspaper reporter and Intel expert Mike Moore.

COINTELPRO CIA PROGRAMS

Regardless of its [an earlier FBI document] exact authorship, this is an extremely important document that should be read and understood by all "targets." Clearly, this is a manual for psychological warfare that presents the methods by which an extremely complex military-secret service hierarchy surveilles, punishes, "neutralizes" and ultimately murders its designated "targets." There are obvious comparisons to be made with the CIA's KUBARK torture manual, which has been employed in Vietnam, Latin America, the Middle East, and indeed, in CIA "black sites"/"extraordinary rendition" centers throughout the entire world. The psy-war system described herein bears a remarkable similarity to the operations and procedures of the U.S. military's "Fourth Generation Warfare"/"Civil-Military Operations"/"Military Operations Other Than War"/"Unconventional Warfare"/"Asymmetrical Warfare"/"Psychological Warfare" and "Information Warfare" operations as detailed in Rich's "New World War: Revolutionary Methods For Political Control." (See Appendices 2 and 3 for a comparison of key terms in each program.) Indeed, the systems are identical.

The remarkable revelation provided here is that

> modern organized gang stalking operations are identical with, or nearly identical with, those used in the FBI's secret COINTELPRO (counter-intelligence program) of the 1950s-1970s, the top-secret "Gladio" and other "Stay Behind Army" operations of Europe between 1950 and 1990, and the destabilization and citizen-elimination operations now being carried out in the name of "counter-terrorism" by the U.S. military in approximately 140 of the world's 195 nations

I Edward Paul Donegan have had Psychiatric Shock Troops stalkers surrounding me for 35 years including pointing rifles at me while they were in plain clothes or uniforms as i walked along the streets of San Francisco and on the phone to my parents who thought i was paranoid

Stalkers surrounding me make hostial abusive gestures abstractly smearing me in prepostorous disingenuous ways and I have had to do thinks like try to buy steaks in a store as someone injects contents of a syringe into them through the cellophane.

I have asserted radiololical attack on me (dirty bomb) and DEW attack before they became mainstream news and this in in the available records for decades as also I have written a six thousand page book documenting smear campaign all around me and those I know.

One books is Pillory about cabbage thrown at me, when in fact I have not done wrong, but the appearance is I am being retaliated at,. Not so, often a Dopple of me, a Mimic HAS engage in wrongdoing linked to me to smear me.

Assertion of sophisticated Noise Campaign bullying death of Veronica Hoffman.

"Though she was based in LA, you were as likely to bump into her here in London as at the LA Kink Ball, the German Fetish Ball in Berlin, Wasteland in Amsterdam, Fetish Factory's Anniversary parties in Florida or Kink In The Caribbean in

Jamaica. She was also a promising photographer and writer who combined these skills with her love of fetish parties to great effect in occasional event reports for The Fetishistas.

Like most bipolar people, she did her best not to publicize her condition, but it was well known to her closest friends, and seemed to be largely manageable with the medication she was taking.

However, earlier this year, she entered a manic phase of unprecedented severity which resulted in her being hospitalised. The first sign to her friends that something was seriously wrong came when they began to receive a series of largely baffling e-mails from this normally erudite individual.

According to her boyfriend, music producer and film soundtrack composer Joseph Bishara, [not Kevin?] she was in and out of hospitals for three or four months during the first half of 2009 before she finally started to emerge from the mania. “But then the depression kicked in, she started to remember all the things she’d done, and was horrified she’d had such a public meltdown,˘ he told me in a sad phone call on Tuesday from Toronto. He had been working on the mix of a movie there when she died. He said he was hoping to fly back to Los Angeles the following day, to meet Veronica’s family - some in nearby Santa Barbara and others coming in from Texas and Georgia - to organise a memorial service for this coming Saturday (August 8). http://thefetishistas.com/index.php?menu=1_60&sub=22&display=326

But was she Bipolor or undergoing Terror Stalk of the kind that can strike fear and bring about suicide? This can be done by covert operations that internationally run guns, drugs, and other black markets such as the CIA and others engage in. Jen Moore was reporting on this (who was also found dead while reporting on it) and Tom Dunham and I have also reported on it and been harrassed, discredited, and targeted by Organized Stalks.

My (Edward Paul Donegan) books archive I am writing on these liked deaths tied to biopunk markets and sperm banks did involve her and later she was subjected to harassment and retaliation from a sophisticated mechanism inducing fear by stalking a person. https://archive.org/details/genoracketeering_202001 is the link and blacmailing for sperm bank rights (ejaculatory based claims on having an entitlement) is the demands that were being made.

The picture is Gang Stalking Terror? Am I being followed and will people believe me?

Organized stalking is primarily psychological abuse and that should be our first line of defense. Everyone must figure out their own method, strategy, or process, to prevent oneself from being broken down mentally, emotionally, spiritually, physically.

“A calm mind is the ultimate weapon for all of our battles.”

The handler’s goal is to literally destroy you, crush you, ruin you psychologically. To destroy all goodness in your life. To interfere with everything that sustains you, makes you happy, brings you joy. Deprive you of all privacy. A nefarious abuse of power so massive that most naive regular citizens find it hard to believe. It takes a while to fully comprehend the reality of how corruption has morphed our security industry into a huge money/power generating machine that destroys untold lives and communities.

Veronica Hoffman at the time was in various ways involved with Josh Bisara who was workingon Repo Man.

Repo! premiered at the Fantasia Film Festival in July 2008,[5] followed by a limited release on November 7, 2008, on seven screens in Pasadena, Chicago, Mobile, Charlotte, Kansas City, Toronto and Ottawa.

Plot By the year 2056, an epidemic of organ failures has devastated the planet and wiped out 99% of the human population. The megacorporation GeneCo provides organs on a payment plan. Clients who miss payments are hunted down by Repo Men, skilled assassins who "repossess" the organs ("Genetic Repo Man").

Noise Campaigns of Stalkers making weird noises or strange actions like flashing lights at you (brighting) or gestures usually non-verbal to harrass you in public etc., , Predatory Stalking, Terror Stalking or "being suicided" is how stalkers drive panic, fear, and confusion into people. When people report stalking

they are not taken seriously and treated as paranoids or schizophrenics hearing voices that are not there. The stalked person is in a panic "seeing people who are not there" etc.,

I believe an elite criminal cartel run in international markets is something all these deaths are tied to, the exchange of sperm bank "money laundering" and black markets and illegal trafficking out of adult entertainment rackets she became to close to and ran afoul of as she makde extraodirnary claims about events with little proof them before her death or even the imediate years afterward.

One person near her was Harvey Dent who said "Bipolar is no-shit" and meets the fake law enforcement type of fake liquor store badges, aviator glasses, etc., play actors in comic like fun-house taunting of a person that are common in organized stalks, terror stalks, often (hard to believe) with FBI or others (CIA) connected to the international events often tied into powerful elites and international deals for weapons or other markets. Why should she have bellieved back then or now? Now there is corrobarting evidence to the far flung allegations that had landed her in a pscyh ward seemingly delusional.

She is correct about Stalkers

What Targets Say That'll Blow Your Mind (And It's All True)

[Ed Donegan will swear on this as true and has

experienced every item on the list

Some of the neighbors are in on it. [and were placed there to be],

I'm being watched 24/7 everywhere I go.,

They listen to all of my conversations.,

My phone and computer are hacked., [or attacked by water drops from balcony above my balconcy, break-ins, etc.,

They got into my facebook account.,

I'm being stalked by dozens of people every time I I go out.,

I'm being seriously slandered and maligned.,

My co-workers are being turned against me.,

> They're trying to make me quit my job.,

> 'm being dogged by helicopters, small planes, or drones.,

Very illegal black-opps criminal cartels do engage in this and there is a ring of fatalities tied to the events and the black markets cartel of organ trafficking Genoracketeering books are about.

I do not expect any coroner or medical examiner to know this. I do expect and connected coroner or medical examiner to listen to this and the context of the death or at least Law Enforcement should.

Zertsung is a way to discredit people (and even to force them into fights and arrests) in Organized Stalks the cause fear and terror and discredit to people and while stalkers hope not to be detected and treated as such they were present around Veronica Hoffman and others and left the telltale signs still there.

I am writing a 2018 to 1926 timeline on a criminal racket of faked allegations against me has operated over black mail schemes and that Jen Moore and Veronica Hoffam are victims if a CIA controlled illegal operation tafficking inside the USA.

Notes: I Ed Donegan has a friend Fuzzy Bunny aka Kevin Connor.

Fuzzy Bunny references elswhere being a law enforcement and specifically seeming Marshall.

Usually the teams impersonating Ed Donegan to put my DNA on black market human trafficking uses something tied to identity such as one person in the group uses a friend of mines identity falsly such I seem to be with my old friends, though all impersonated together, not any real identies. #2009 Gunderson, Ed. Feb20 Nov18 Dec 13 Aug4

Veronica Hoffman, better known in the scene as Mistress Veronica, died earlier this week in Los Angeles. Her close friend Tony Mitchell has written more on his site, and will publish an online remembrance later.

Eugenics by the CIA were a cover assasinations and overthrow scheme long ago in my parents lives. In my life they are part of ongoing secret activities tied to MKULTRA including black markets.

If I suggest she died of bullying or possible violence (and I have) I have been incomplete. Let me now move onto being wrong.

Two witnesses are required in an allegation of Treason. I have three and maybe four each linked directly to both the FBI and Veronica Hoffman. Unfortunately each witness is a witness to a different link in the chain of events and the only single view of all of them together comes from me.

Tom Dunham probably still alive and certainly still on the

records including of administrative law proceedings has shown he and I have been wrongly accused of being part of a network of exploiting teen or younger women and subjected to both evidence plants and staged appeareneces we are children mentally and seeking our own childish levels. Our job records and our lives show what a sham that is. Veronica Hoffman was used to shake down the impersonatioi of me for stem cell or other bio rights in a genoracketerig scheme built on sperm bank rigts an adult entertainer could claim she had earned even from a client under duress. The protection racket asserts the dopple of Ed Donegan has to be blackmailed to sign away genetic rights or an other rights. This is the thrid witness tied directly to me Jen Moore who also alleges the wierd criminal cartel of MKULTRA dates all the way back to the JFK assasination, Allen Dulles and the Donenan and Kennedy family history and earlier. She is dead but I can and do complete that story tying all of this togeher.

I don't have it underlined but Fuzzy Bunny, Lyndon Larauche and others and several from of tricks pulled on her and harassment she was feeling made it seem she had links to me and I can't prove too many specifics but in the context of the other serial murders this fits the pattern very well. She was a victim of Terror Stalking landing her in the hospital and maybe homeless.

Veronica Hoffman Dies

The Central Intelligence Agency and FBI have wanted access into adult entertainment in particular recruiting those who would assist against alleged Nazim.

Veronic Hoffman was used and then abused. It was realted to me. Kevin Edwards a black male had taken a picture of me in a Goth club I like with floggers (whips) spinning around in a blur photo with lighting. I had used the photo with a self-depricating caption cracker because of whip cracking in my site that had not that much to do with Goth or Cybergoth (she was a Cybergoth.)

The use of the picture of me was to distinguish myself from common older white males meeting in business suits talking over Phillip Rusthon at conventions. I was an artistic person with disabilities and unique and no more a typical white privilege male than most others, just a reuglar guy in Silicon Valley.

In a pattern of activity still running she was asked to make me look retarded and a peeper of swimsuits at poolside and not a real Goth or Cybergoth and that is partly true but again goes to my point of individuality.

At the time bands like VNV Nation and Scandanavian metal bands were coming under scrutiny as White Supremacist. I was more bigoted that white supremacist and most of my site dealt with Hersteian and Murray and university level research that IQ did differ in areas of the world and that did affect economies and that did affect social stratification and social strife.

That is a very narrow version of the story of my connection to her and I had about three months long interactions with her. THe larger part of the story I have to write (and I will do elsewhere) from 2014 back to 2005 and from 2005 back to 1963 and from 1963 back to 1961 then back further into history and then forward into today. It was JFK and Donegan family OSS CIA Vatican History connected and she was one of several recent deaths Ted Gunderson being another and I like

Veronica Hoffman and Jen Moore (also deceased and part of this story are trying to tell the same story as Phillip Marshall (Special Activities pilot) and Micheal Hastings and Andrew Breitbart who were researching presidential history and records pertaining to that.

I am for now calling the in-context explanation of her death the 2018 back to 2015 back to far earlier and 1963 and 1961 and 1926 photographic and explained record. 2018PhotoTimeTripTo1926.html I will set the filename at. It will tell adult entertainers will happily with the police along make a showing of leaving me out of their activities and there are a massive amount of records that in those events the dopple of me chosen over me is caught with child porn (I would not and do not have it) and that pays into a protection racket slush fund that is not entitled to payouts except for identity theft and foged confessions, money laundering. 2018 is far after Veronica Hoffman died in 2007 but a long running Stalk has used the same modus operarandi a assassinations have allowed the covert illegal program to continue. The retro will go back to her and then even before all the way back to the Kennedy assassination and the Donegan family. 2018 is the whistle-blower report on Pizzagate.

The Dissident DeComposes - Tragedy falls upon those on the Enemies of the State List

Veronica Hoffman might have become a Dissident one day by saying she was part of a Covert Operation run by the CIA or FBI or NSA and in fact if she knew it or not that was part of very illegal Deep State connected activities.

I Edward Paul Donegan will list elsewhere all the signs of Terror Stalking were evident in the recorded history of her final days.

The term Zersetzung is generally translated into English as "decomposition", although it can be variously translated as "decay", "corrosion", "undermining", "biodegradation", or

"dissolution".

During its first decade of the German Democratic Republic's (East Germany's) existence, the SED under General Secretary Walter Ulbricht consolidated their rule by overtly combating political opposition, which it subdued primarily through the penal code by accusing them of incitement to war or of calls of boycott and processing them through the regular criminal judiciary.[1

The Stasi then applied Zersetzung before, during, after, or instead of incarcerating the targeted individual. The implementation of Zersetzung - euphemistically called Operativer rgang ("operational procedure") - generally did not aim to gather evidence against the target in order to initiate criminal proceedings. Rather, the Stasi considered Zersetzung as a separate measure to be used when official judiciary procedures were undesirable for political reasons, such as the international image of the GDR.[38][39] However, in certain cases, the Stasi did attempt to entrap individuals, as for example in the case of Wolf Biermann: The Stasi set him up with minors, hoping that they could then pursue criminal charges.[40] The crimes targeted for such entrapment were non-political, such as drug possession, trafficking, theft, financial fraud, and rape.

Subtypes of Zersetzung

- **Lynch Mobs and Covert Blacklistings**: based on rumors created by dirty tricks and the circulated in an under-handed manner throughout the areas of life of the Dissident.

- **Incited Violence**: Seeking members of society during covert conversations to take the law into their own hands and act against the perceived threat the Dissident is based on rumors created about the Dissident.

- **Plausibly Deniable Roles in Acts of Extra-Judicial Violence Or Crimes**: Use of thugs to assassinate or break into homes or make death threats or harass a person who is disfavored by the state thus gets terrorist threats or burglaries from thugs that the police have an existing relationshiop with.

- **Poisonings**: Use of poisons.

- **Abuse of Psychiatry** - Accusing a person of paranoia about police operations when the police are operating under-cover

- **Inciting the Dissident**: Use of noxious elements to the Dissident that will pester the Dissident and perhaps provoke the Dissident to breach the peace AFTER the Dissident feels mocked or harassed or abused.

Dr Lo and Jen Moore discuss the Hypnotic production of antisocial and self injurious behavior

"I am sure you've all heard the old wives tale but no hypnotized subject may be forced to do that which is repellent to his moral nature whatever that may be nonsense of course oh you note-takers might set down a reminder to consult Brandman's paper experiments in the hypnotic production of antisocial and self-injurious behavior Orwell's 1941 paper which was titled I believe experiments in the hypnotic production of crime or of course Andrew Salters remarkable book conditioned reflex therapy to name only three

This is a memorandum from a family connected to the Kennedy assassination and Dorchester Massachusetts and Los Angeles County and the city of Manhattan Beach and includes data from Central Intelligence Agency sources and accounts that I am corroborating and including and among tens of thousands

to millions of pages of corroborating information in government files such as Central Intelligence Agency vault, *House Select Committee on Assassinations (HSCA)* Warren Commision data, death bed confessions of *E. Howard Hunt* relayed by his son *St. John Hunt*, and my own connected family and those confessions or testimonials or accounts are consistent with photographic evidence of Charles Harrelson as one of the three hobos, etc.,

The United States House of Representatives Select Committee on Assassinations (HSCA) was established in 1976 to investigate the assassinations of John F. Kennedy and Martin Luther King, Jr. in 1963 and 1968, respectively. The HSCA completed its investigation in 1978 and issued its final report the following year, which concluded that Kennedy was probably assassinated as a result of a conspiracy. In addition to now-discredited acoustic analysis of a police channel dictabelt recording,[1] the HSCA also commissioned numerous other scientific studies of assassination-related evidence that corroborate the Warren Commission's findings.

This memorandum and other works of mine including research and a witness account corroborate the accounts of elderly FBI Agent (ret.) Ted Gunderson who asserted attempts were being made on his life by an international for profit group of world leaders hiding their role in the Kennedy assassination and other subversive misdeeds in their quest for profit.

This memmorandum should be viewed as grey literature. Grey literature (or gray literature) is materials and research produced by organizations outside of the traditional commercial or academic publishing and distribution channels. Common grey literature publication types include reports (annual, research, technical, project, etc.), working papers, government documents, white papers and evaluations. Organizations that produce grey literature include government departments and

agencies, civil society or non-governmental organizations, academic centres and departments, and private companies and consultants - Wikipedia.

While production and research quality may be extremely high (with organizational reputation vested in the end product), the producing body, not being a formal publisher, generally lacks the channels for extensive distribution and bibliographic control.

Information and research professionals generally draw a distinction between ephemera and grey literature. However, there are certain overlaps between the two media and they undoubtedly share common frustrations such as bibliographic control issues. Unique written documents such as manuscripts and archives, and personal communications, are not usually considered to fall under the heading of grey literature, although they again share some of the same problems of control and access.

Veronica Hoffman of Los Angeles a clothing line owner, dancer, graphic web designer, and dominatrix from Los Angeles died of a campaign of bullying and attacks that either led to her death in dangerous circumstances of a mental health ward or killed her directly.

She was the victim of “brighting” a Stalking system used by intelligence agencies to enrage, confuse, panic, and inflict volatile emotions (seemingly bipolar and sounding like a person seeing in a paranoid way ghosts where only non stalkers are) and that led to her being discounted by her friends and the medical community as a paranoid bipolar psychotic.

The John F. Kennedy Presidential Library and Museum is the presidential library and museum of John Fitzgerald Kennedy (1917-1963), the 35th president of the United States (1961-1963). It is located on Columbia Point in the Dorchester neighborhood of Boston, Massachusetts, next to the University of Massachusetts at Boston, the Edward M. Kennedy Institute for the United States Senate, and the Massachusetts Archives and Commonwealth Museum. Designed by the architect I. M. Pei, the building is the official repository for original papers and correspondence of the Kennedy Administration, as well as special bodies of published and unpublished materials, such as books and papers by and about Ernest Hemingway.

Dorchester and Marshfield were the home towns of Col Pouty, James Paul Donegan, and the Kennedy's and the areas they represented in Congress, the Senate, and later the USA when in POTUS and AG spots.

Movie vs. Reality: The Real Story of the Von Trapp Family

The National Archives

Fact from Fiction While The Sound of Music was generally based on the first section of Maria's book The Story of the Trapp Family Singers (published in 1949), there were many alterations and omissions.

Maria came to the von Trapp family in 1926 as a tutor for one of the children, Maria, who was recovering from scarlet fever, not as governess to all the children.

Maria and George married in 1927, 11 years before the family left Austria, not right before the Nazi takeover of Austria.

The family did not secretly escape over the Alps to freedom in Switzerland, carrying their suitcases and musical instruments. As daughter Maria said in a 2003 interview printed in Opera News, “We did tell people that we were going to America to sing. And we did not climb over mountains with all our heavy suitcases and instruments. We left by train, pretending nothing.”

The von Trapps traveled to Italy, not Switzerland. Georg was born in Zadar (now in Croatia), which at that time was part of the Austro-Hungarian Empire. Zadar became part of Italy in 1920, and Georg was thus an Italian citizen, and his wife and children as well. The family had a contract with an American booking agent when they left Austria. They contacted the agent from Italy and requested fare to America.

I Edward Paul Donegan have ridden by train in those same Alps traveling between Switzerland, Austria and Italy with my parents James and Glorian and my brother Tom.

The Ford Turino and is a namesake for the mounainous roads and railways that pass in Italy where the Shroud of Turin was found.. It was these classic Bavarian and Central European families that the NAZIS want to play up in the press.

Yodeling (also jodeling) is a form of singing which involves repeated and rapid changes of pitch between the low-pitch chest register (or “chest voice”) and the high-pitch head register

or falsetto. The English word yodel is derived from the German word jodeln, meaning “to utter the syllable jo” (pronounced “yo” in English). This vocal technique is used in many cultures worldwide. Recent scientific research concerning yodeling and non-Western cultures has shown that music and speech evolved from a common prosodic precursor. -wikipedia

Alpine yodeling was a longtime rural tradition in Europe, and became popular in the 1830s as entertainment in theaters and music halls. In Europe, yodeling is still a major feature of folk music (Volksmusik) from Bavaria and can be heard in many contemporary folk songs, which are also featured on regular TV broadcasts.

From that same article on the Von Trapp Family written by in the National Archives is thess sentences. “*Though she was a caring and loving person, Maria wasn’t always as sweet as the fictional Maria. She tended to erupt in angry outbursts consisting of yelling, throwing things, and slamming doors. Her feelings would immediately be relieved and good humor restored, while other family members, particularly her husband, found it less easy to recover. In her 2003 interview, the younger Maria confirmed that her stepmother ‘had a terrible temper … . And from one moment to the next, you didn’t know what hit her. We were not used to this. But we took it like a thunderstorm that would pass, because the next minute she could be very nice.’”*

This is the Borderline Personality disorder of volatility.

It appears the three children who are still not discussed arrived first in North Carolina and were the Maria Kutschera Windsor children and those children arrived in 1926 and were most probably born here Maria moved by the underground railroad of the Pesbyatarian church from the Convent to give bith in the USA. The 7 Barraon Von Trapnp children would follow to Austria at a much later data but move to the same location Raliegh area Noth Carolina.

Also note “*The names, ages, and sexes of the children were*

changed" and as the Hidden Identities piece comes from Jen Moore and myself you will see my mother lived and was born in the USA under a hidden identity created in 1926 to conceal and even whitewash some of that families history.

I also suggest the "Scarlet Fever" Maria Kutschera was recovering from may have been the difficulties of pregnancy and she was found non Convent housing by her Uncle Franz Kutschera with Barron Von Trapp and Franz Kutshcera and Himmler went about their plans

The Scarlet Letter a book set in Boston provide an insight to the indignity a mother might face of pregnancy from an unkown.

In Puritan Boston, Massachusetts, a crowd gathers to witness the punishment of Hester Prynne, a young woman who has given birth to a baby of unknown paternity. Her sentence requires her to stand on the scaffold for three hours, exposed to public humiliation, and to wear a scarlet "A" for the rest of her life. As Hester approaches the scaffold, many of the women in the crowd are angered by her beauty and quiet dignity. When commanded and cajoled to name the father of her child, Hester refuses.

Examination of the data on Jen Moore's YouTube Channel Task Force reveals she knew Military Intelligence wanted Capt Von Trapp PsyOps family of Nasisnm Defectors from Nazi PsyOps into US Army and OSS and CIA PsyOps propaganda having fled the Nazism as children they were told to sing for.

The German language version of the Von Trapp Signers in the late 1950s is more open about Fanz Kutschera and the Von Trapp Singers on stage together annd shows Maria Kutschera making biblicly verboteen sexual impropriety references sliding down the stairway handrails legs spread and at the bottom with an apple her Bible dropped when she lands and then trouble with the other sisters.

Donald Barr and the CIA and OSS knew all about Franz

Kutschera, the Von Trapp SIngers, and the hidden identifies and Donald Barr would make use of this family line still exploring the propagation of Borderline Personality Disorder and also still being close to the Windsors, Dr. Cameron, and other British psychiatry that Donald Barr of the CIA was central in from WWII Intelligence.

Robert J. Potrykus, Chief,. Intelligence Division, Internal Revenue Service, Dallas. Texas alerts Ted Gunderson was told Fulhendorf had a CI [Confidential Informant] who stated discussion of a stripper at Ruby's club Candy Barr (CIA relative or plant of Donald Barr?) led to conversations about Jack Ruby himself having foreknowledge of the assassination.

REDACTED told him that on the morning of the assassination, Jack Ruby called him on the telephone and asked if he would "like to go to the Presidential Parade with him, and if he wanted to watch the fireworks." …

American History - The Assassination of JFK - Operation 40

[image]

This comprehensive encyclopedia of the assassination of President John F. Kennedy has over 700 entries. This includes biographies of 668 people involved in the case. The encyclopedia also looks at the possibility that different organizations such as the Mafia, CIA, FBI, Secret Service, KGB and the John Birch Society might have been involved in the planning of the assassination. Other possibilities such as anti-Castro activists, Texas oil millionaires and the Warren Commission's lone-gunman theory are also looked at.

American History - The Assassination of JFK - Operation 40 retrieved from Spartacus Educationsl and copied or modified to here

On 11th December, 1959, Colonel J. C. King, chief of CIA's Western Hemisphere Division, sent a confidential memorandum to Allen W. Dulles, the director of the Central Intelligence Agency. King argued that in Cuba there existed a "far-left dictatorship, which if allowed to remain will encourage similar actions against U.S. holdings in other Latin American countries."

As a result of this memorandum Dulles established Operation 40. It obtained this name because originally there were 40 agents involved in the operation. Later this was expanded to 70 agents. The group was presided over by Richard Nixon. Tracy Barnes became operating officer of what was also called the Cuban Task Force. The first meeting chaired by Barnes took place in his office on 18th January, 1960, and was attended by David Atlee Phillips, E. Howard Hunt, Jack Esterline, and Frank Bender.

According to Fabian Escalante, a senior officer of the Cuban Department of State Security (G-2), in 1960 Richard Nixon recruited an "important group of

businessmen headed by George Bush (Snr.) and Jack Crichton, both Texas oilmen, to gather the necessary funds for the operation". (2) This suggests that Operation 40 agents were involved in freelance work.

It is known that at this time that George Bush and Jack Crichton were involved in covert right-wing activities. In 1990 The Common Cause magazine argued that: "The CIA put millionaire and agent George Bush in charge of recruiting exiled Cubans for the CIA's invading army; Bush was working with another Texan oil magnate, Jack Crichton, who helped him in terms of the invasion." (3) This story was linked to the release of "a memorandum in that context addressed to FBI chief J. Edward Hoover and signed November 1963, which reads: Mr. George Bush of the CIA"

Reinaldo Taladrid and Lazaro Baredo claim that in 1959 George Bush was asked "to cooperate in funding the nascent anti-Castro groups that the CIA decided to create". The man "assigned to him for his new mission" was Féliz Rodríguez.

Daniel Hopsicker also takes the view that Operation 40 involved private funding. In the book, Barry and the Boys: The CIA, the Mob and America's Secret History, he claims that Richard Nixon had established Operation 40 as a result of pressure from American corporations which had suffered at the hands of Fidel Castro. (6)

Webster Griffin Tarpley and Anton Chaitkin have argued that George Bush was very close to members of Operation 40 in the early 1960s. In September, 1963, Bush launched his Senate campaign. At that time, right-wing Republicans were calling on John F. Kennedy to take a more aggressive approach towards Castro. For example, in one speech Barry Goldwater said: "I advocate the recognition of a Cuban government in exile and would encourage this government every way to

reclaim its country. This means financial and military assistance." Bush took a more extreme position than Goldwater and called for a "new government-in-exile invasion of Cuba".

As Tarpley and Chaitkin point out, beneficiaries of this policy would have been "Theodore Shackley, who was by now the station chief of CIA Miami Station, Felix Rodriguez, Chi Chi Quintero, and the rest of the boys" from Operation 40.

Ted Gunderson again crosses factually with Edward Paul Donegan and Donald Barr during Ted Gundersons official duties investigating the assassination of JFK as an FBI agent assigned to that case and Jack Ruby who had been a Chicago Mobster who allied with the CIA and was moved to Dallas where he ran the Carousel Club, a location Ted Gunderson and others found to be a place of advance knowledge of the Kennedy Assassination that revolved around s secretive birth of a person whose name and identity was witheld by use of a cartoon like substitution of a circus animal.

Donald Barr holding an "experimental monkey" next to a book case or table figure in my family called EPD III is a person who was CIA operating out of that club with Candy Barr the stripper Ted Gunderson finds in the ring of those with assassination foreknowledge.

Per the referenced documentary narrated by Dennis Farina intelligence disclosures and witness statements since the JFK assasination is that Jack Ruby could open his strip clubs, gambling, and other activities in Cuba in exchange for helping the CIA out Castro.

There is some documented evidence that Jack Ruby knew about the assassination of JFK before it happ;ened. In the November 17 2017 JFK File Release, there is an FBI report from an IRS source revealing that had foreknowledge of the assassination by asking a friend to come and watch "the fireworks" with him as JFK was assassinated. The document states that Jack Ruby and the informant had been standing at the corner of the Postal Annnex Buildiing facing the Texas School Depository Building during the time of the shooting. The document refereed to and linked to in Hit List- Strange Deaths Of People Who Knew Too Much: JFK- MLK - RFK is here.

Dorothy Kilgallen was like Sunny Bono and the Kennedy family strict Roman Catholics with strong pro-life and anit-mafi beliefs who during the transition between the Eisenhower Nixon John Foster Dulles Alan Dulles James Jesus Angleton mafia embracing 1946 to 1961 national security structure into the Kennedy administration plan increasingly moving away from that system following the Bay of Pigs.

Part of Dorothy Kilgallen's work on "What's My Line [of work]" was the Von Trapp Family Singers story-line that she went on tour with.

What's My Line? - Trapp family choir; Tony Randall [panel] (Jul 3, 1960)

She went on the Hollywood Publicity Tour of the Julie Andrews Sound of Music movie along with Ron Pataki and that story-line is connected to ny Donegan Family of North Carolina living with them in the Dust Bowl poverty from 1926 until 1939 or so and their hidden identities because the Barron Von Trap accommodated forcible demands for Nasi Party support until the party began to change and he could further resistance to the party became impossible, his own friends Himmler and Franz Kutschera forming a war machine on a racial basis and also against England who assisted his departure to the USA as the Vatican did as well with his family members, ten total.

Credible sources have run exposes; one for instance narrated by Dennis Farina, that Sam Giacanca and other mob figures were utilized to build covert saboutuer bay-swimmers and assassins who would assist in combatancy against communist forces in Cuba and elsewhere and the Robert F. Kennedy opposed the mafia and that Ruby's Carousel Club in Dallas was tied to those mob activities.

Nixon's Rockefeller plans and 1946 right wing Los Angeles district Congressman and when he was United States Vice President under Eisenhower in the 1950's 1952 to late January 1961 included overthrowing Indonesia per Col Prouty who

(again) wrote the CIA files that others like Wayne Madsen and Jen Moore have read.

David Dean Rusk was the United States secretary of state from 1961 to 1969 under presidents John F. Kennedy and Lyndon B. Johnson, the second-longest serving Secretary of State after Cordell Hull from the Franklin Roosevelt administration. In 1926 when my mother was born in North Carolina he was at Davidson Colldege, a progressive religious institution that likely had an underground railroad history.

Dean Rusk and his family moved to Scarsdale, New York, while he served as a Rockefeller Foundation trustee from 1950 to 1961. In 1952 he succeeded Chester L. Barnard as president of the foundation.

The Rockeflller Foundation does business in second and third world locations and believes in Nation Building in those locations often in conjuction wiht the Central Intelligence Agency, The Department of State, FBI, British, and others and is inseperable in its vision from the Rockefeller owned Standard Oil Company and US Rockefeller Republican politicians including Nelson Rockefeller himself.

The totality of my life experience is that private enterprise George H.W. Bush., Standard Oil and the Rockefeller's especially 1952 to 1960 under Vice President Nixon National Secuirity Council, and CIA activity uses small planes for cartel travel and pilots have testified under oath as being hired by CIA contracts and having transported members of the Bush family and accuse the Bush family of being crime bosses and this had been tied to Mafia and Latin American activities for the CIA.

The CIA, British, and Kenyan inteligence sources are all cited on plans for Saudi Arabia and Indonesia and Barrack Obama as

a CIA Sleeper Agent from a CIA backed family line and now Malcom X himself in his own magazine and other connected sources tie him to that CIA plan on the father identity side that might have been used and might have been biological I say Glorian Donegan and Marilyn Monroe are the parts of that on the mother identity side, for real biologically or possible cover stories to hide his true CIA identity.

Dororoth Killgallen had several pieces of information in her hands when she interviewed Jack Ruby formerly of the Chicago Mob that Nixon had recruited who had assassinated Lee Harvey Oswaldn after Oswald was taken into custody.

The overthrow of Indonesia plan of 1958 and Vice President Nixon Executive Action (see) planned a sleeper, Barrack Obama Jr. and Lee Harvey Oswald AND likely Dorothy Killgallewn KNEW that the source of Barrack Obama Jr familial were tied to the Von Trapps and North Carolina, and her three biological children who Barron Von Trapp was NOT the father of. Julie Andrews and Marilyn Monroe may have been two, my mother Glorian Donegan of North Carolina the third and Jen Moore who also has the CIA files or had then tells the same story of my mother and the Von Trapps.

Before I provide the question others have asked including Jim Garrison who prosecuted Clay Shaw and asked per Lee Harvey Oswald talking about Nazis in the USA let me give you again the answer to those question.

> "*We don't know what happened, but we do know Oswald had intelligence connections. Everywhere you look with him, there are the fingerprints of intelligence.*" - Sen. Richard S. Schweiker (R-PA)

The story presented here takes place in the Dallas jail, 34 hours after the assassination of President John F. Kennedy.

The facts have been called by G. Robert Blakey, Chief Counsel for the House Select Committee on Assassinations, "*real," "substantiated," "very troublesome," and "deeply disturbing.*" He went on to say that, while this is only a small part of the large mystery of the Kennedy assassination, it raises questions that remain "*unanswered*," makes inferences which are "*ultimately inconclusive*," and is therefore an "*unanswerable mystery.*"

Here's why: If the following eyewitness testimony is accurate - and Blakey and his Congressional committee's staff have said that it is - Lee Oswald, while under arrest in the Dallas jail, attempted to place a call to a former **Special Agent of U.S. Army Counterintelligence**.

And that alone is enough to raise serious questions about who Oswald was; with whom did he work and/or associate; did he have connections to American intelligence (as Senator Schweiker's statement above asserts); and finally, the big one, does this put us any closer to knowing if he acted alone to kill President Kennedy on November 22, 1963?

Just hours before his death [at the hands of Nixon Dulles Donovan CIA OSS operative Jack Ruby mafia figure], Lee Harvey Oswald tried to call Raleigh, North Carolina from the Dallas jail on the evening of Nov. 23, 1963. For years, this significant information was ignored by assassination investigators and concealed from the public. Surprise guest speaker and JFK Assassination expert the late Jim Marrs joins Dr. Proctor

on stage at 58:00.

In the early 1980s, independent researcher Dr. Grover Proctor broke new ground on Oswald's attempted call. Because of Dr. Proctor's work, Oswald's attempt to reach former U.S. Intelligence officer John Hurt has become known as "The Raleigh [North Carolina] Call."

I was born in Los Angeles County Inglewood St Josephs Hospital and am tied to the Kennedy family through Dorchester Massachusetts where my air force pilot father was from and the Kennedy family was from.

In 1961 DNA was forever formally recognized by science and the CIA was conducting tests both in radiation exposure effects (mutagenic) that leads to cancer deaths as well as inheritance studies, and the propagation of certain defects in family lines.

Through above ground atomic blast testing conducted through SSFL coordinated activities at the Nevada Pacific Atomic Proving Ground in the Manhattan Project and later atomic bomb delivery to Hiroshima and Nagasaki my family were a part of those studies.

Most increasingly and widely believe that the big profit military industrial companies and the robber barron owners of those military industrial complex of the Nixon Bush Rockefeller Ford GOP wing were involed in the CIA hit on JFK and details of my family history support that completely.

How the CIA integrated these activities of hidden family lines in the USA who wished to abandon through abandoning their names the rise of Nazi Germany they wanted nothing to do with was not abnormal for instance Arnold Shcwhatzenegger abandoned his Austrian name in contempt for the Austrian role

in Nazism and asked for the Weisenthal Center to review if his family were participants in genocide, the report coming back his family were only common soldiers even if in security apparatus.

There is a CIA covert operations background to this. Marilyn Monroe, Glorian Donegan nee Glorian Gainey were victims of Borderline Personality Disorder and research into that was part of some of these family lines. Maria Kutschera was not a good fit for the Convent most of the personality trait can include flightiness, lack of discipline, outbursts, wrestleness, etc.,

This has a tie-in to the Manchurian Candidate story. RFK was exposed to nearly the day of his death as his presidential campaign was given a briefing by John Frankenmammer on that story line that Malcom X and Martin Luther King were aware of.

It sourced in thousands of places "Robert Kennedy spent day of June 4, 1968, at Malibu home of his friend John Frankenheimer (born February 19, 1930), who then drove RFK to Ambassador Hotel in Los Angeles. RFK's death helped to drive Frankenheimer into years of what he called "deep depression" and drinking." Beschloss on Twitter

Malcolm X was pictured in Essence Magazine holding a rifle looking out a window fearful that because of what he knew about the CIA and FBI he would be assassinated.

Even outlining the scope of the evidence I have regarding the utilization of recruited Agent Of Influence Malcom X by the British and Oxford University and the timeline of his movements and activities including surrounding the death of Marilyn Monroe he likely did not have anything himself to do with (the cover-up) evidence exists what was being covered up is a request Malcom X participate as a possible Saudi Mecca leaning Muslim who could be a possible male parent for Barrack Obama Jr in a fabricated family history and Marilyn a possible stand-in as the mother holding an August 4th Birthday

Party for the possible son of Malcom X as pictured in Malcom X's own 1962 magazine with Stanley Armour Dunham the mother holding Barrack Obama Jr.

Friendly relationships with Saudi Arabia and Indonesia would be an outcome of a liberal democracy multi racial half black product of US liberalism and comport to the plans for Indonesia made by Nixon, Donald Barr, the Vatican, Free Masons and others as they also plotted for Cuba, Guatemala, Iran, and other nations.

The confirmation of those plans by those directly involved in those plans such as Col Prouty or access to the CIA files such as Wayne Madsen of the NSA are included.

Marilyn Monroe was taped as being aware of the Latin American overthrow plans and wishing to disclose them to her close new male confident a Hispanic restauranteur from the Los Angeles area. -Mike Rothmiller

> **Why Malcolm X's Family Is Suing the FBI, NYPD, and CIA 58 Years After His Death**
>
> "For years, our family has fought for the truth to come to light concerning his murder," Ilyasah Shabazz, a daughter of Malcolm X, said at a news conference at the site of her father's assassination, which is now a memorial.
>
> The civil rights leader was 39 when he was assassinated in 1965 at an auditorium in New York's Washington Heights neighborhood. Three gunmen shot at least 21 times, as Malcolm X's four children and pregnant wife ducked for safety.
>
> At the news conference on Tuesday, civil rights lawyer Ben Crump said: "It's not just about the triggermen. It's

about those who conspired with the triggermen to do this dastardly deed." He claims that government agencies had factual and exculpatory evidence that they concealed from the family of Malcolm X and the men wrongly convicted of his assassination. Crump alleged that high-ranking U.S. officials conspired to kill the civil rights leader, repeatedly referencing J. Edgar Hoover, the FBI director who died in 1972.

What we know about theories about allegations of CIA and FBI involvement

In addition to the unfair trial, some historians have argued that various agencies including the FBI, NYPD, and CIA were actively involved in the assassination attempt. Experts have said that these agencies viewed Malcolm X as a dangerous Black radical figure who needed to be brought down. Others have suggested that they did not need to plot to murder him since he was already a target.

Nonetheless, Malcolm X was under near-constant surveillance by federal and local authorities-as were many civil rights activists. The FBI first opened a file on Malcolm X in March 1953, and closely monitored him over the next decade using surveillance and informants. On June 6, 1964, FBI Director J. Edgar Hoover sent a telegram, which later became public, to the FBI office in New York City that said "do something about Malcolm X."

The Saudi connection to the Bush family creating of Barrack Obama Jr. as part of the 1961 Middle East North Africa Moles and Sleeper agent plot of Dulles, Donald Barry, William Barr, and other 33rd masons including Vatican has been written about pubklicly by spy agency sources with clarity and

consistencyc and depth.

Here is an excerpt dense in detail on the CIA interest and backing of Barrack Obama Sr and the likleyhood Barrack Obamna Jr with Saudi and other funding that went towards Barrack Obama Jr as well is tied to CIA Saudi and George H.W. Bush Cheney connections.

Is Obama the secret son of Malcolm X?
Israel Insider 04 Novembre 2008 by Reuven Koret, Israel Insider Publisher

If Barack Hussein Obama II is Malcolm X's biological son, it would explain the mystery of why he was so generously helped by so many Arab and communist "friends in high places" long before he was a "somebody." Just as Malcolm X adopted Islam, his secret son would also need to learn its ways, and learn the ways of revolution, not just assume an Islamic name. He would need to be groomed and educated to organize the community called the United States of America.

In August I received a curious email. As a magazine that covers international politics, with a focus on Mideast affairs, Israel Insider gets more from its fair share of baseless tips and phony rumors. I ignore most and delete them unread. This one was a bit different. It came from a national security lawyer with extensive credentials and intelligence connections that checked out, and a phone number.

Israel Insider had been running a series of articles exploring the vagaries of Barack Obama's birth, and his concealed documentation, and this was the jumping off point of the email, which confirmed the claim that Obama was not born in Hawaii, that "**Mossad** are going with Mombasa" but "Proving Mombasa is not so easy, as

NSIS in *Nairobi Kenya* [Mombassa is in Kenya] are clamming up tight, as are **MI6** in *London*, who have the original Mombasa file and full details of the birth."

> Mossad (UK: /ˈmɒsæd/ MOSS-ad, US: /moʊˈsɑːd/ moh-SAHD)[a] formed December 13, 1949 is the national intelligence agency of Israel. It is one of the main entities in the Israeli Intelligence Community, along with Aman (military intelligence) and Shin Bet (internal security).
>
> Mossad is responsible for intelligence collection, covert operations, and counter-terrorism. Its director answers directly and only to the Prime Minister. Its annual budget is estimated to be around 10 billion shekels (US$2.73 billion) and it is estimated that it employs around 7,000 people directly, making it one of the world's largest espionage agencies.[1] Unlike other security bodies (such as the Israel Defense Forces or the Israel Security Agency), its purpose, objectives, roles, missions, powers or budget have not been defined in any law.

> **MI6**
>
> **The Secret Intelligence Service (SIS)**, commonly known as MI6 (Military Intelligence, Section 6), is the foreign intelligence service of the United Kingdom, tasked mainly with the covert overseas collection and analysis of human intelligence in support of the UK's national security. SIS

is one of the British intelligence agencies and the Chief of the Secret Intelligence Service ("C") is directly accountable to the Foreign Secretary.[3]

NSIS

National Intelligence Service (Kenya) (NIS; Swahili: Huduma ya Ujasusi ya Kitaifa) which was previously known as the National Security Intelligence Service (NSIS) is both the (national) domestic and foreign intelligence agency of Kenya. It had its origins in "Special Branch" a department of the national police that was created in 1952 under the British administration. Among other things it provided intelligence during the Mau Mau uprising.

CIA

The Central Intelligence Agency (CIA; /ˌsiː.aɪˈeɪ/), known informally as the Agency[6] and historically as the company,[7] is a civilian foreign intelligence service of the federal government of the United States, officially tasked with gathering, processing, and analyzing national security information from around the world, primarily through the use of human intelligence (HUMINT) and conducting covert action. As a principal member of the United States Intelligence Community (IC), the CIA reports to the Director of National Intelligence and is primarily focused on providing intelligence for the President and Cabinet of the United States. Following the dissolution of the Office of Strategic Services (OSS) at the end

of World War II, President Harry S. Truman created the Central Intelligence Group under the direction of a Director of Central Intelligence by presidential directive on January 22, 1946,[8] and this group was transformed into the Central Intelligence Agency by implementation of the National Security Act of 1947.,

Unlike the Federal Bureau of Investigation (FBI), which is a domestic security service, the CIA has no law enforcement function and is mainly focused on overseas intelligence gathering, with only limited domestic intelligence collection.

The CIA serves as the national manager for HUMINT, coordinating activities across the IC. It also carries out covert action at the behest of the President.

It exerts foreign political influence through its paramilitary operations units, such as the Special Activities Center. The CIA was instrumental in establishing intelligence services in several countries, such as Germany's BND. It has also provided support to many foreign political groups and governments, including planning, coordinating, training, and technical support. It was involved in carrying out several regime changes, and planned assassinations of foreign leaders.

Since 2004, the CIA is organized under the Office of the Director of National Intelligence (ODNI). Despite having had some of its powers transferred to the DNI, the CIA has grown in size as a response to the September

> 11 attacks. In 2013, The Washington Post reported that in the fiscal year 2010, the CIA had the largest budget of all IC agencies, exceeding previous estimates.
>
> The CIA has increasingly expanded its role, including covert paramilitary operations.[3] One of its largest divisions, the Information Operations Center (IOC), has officially shifted focus from counterterrorism to offensive cyber operations.
>
> The agency has been the subject of many controversies, including human rights violations, domestic wiretapping, propaganda, and allegations of drug trafficking.

It was this connection to Saudi wealth that has led to Obama being dubbed the "Mansourian candidate".

of B-17G aircraft at their Wichita Kansas plant and the theft of B-29 blueprints, a full set of which were passed to the German Abwehr via Lisbon by June 1944. Ann Dunham appears to have been chosen as the surrogate mother in 1963 because of the family connection to German Intelligence.

How in the world would Percy Sutton know that Obama, a young man he had never met, was a “genius”? It turns out that Sutton was among the lawyers for Malcolm X.

And why would a big wheel like al-Mansour take such an interest in a drug-taking party boy from a second-rate college? While helping Obama get into Harvard, he was representing top members of the Saudi Royal family, Saudi billionaires Abdul Aziz and Khalid al-Ibrahim, and Prince Alwaleed bin Talal, nephew if King Abdallah of Saudi Arabia. So there was, early on, a direct connection between Obama and Saudi royalty and an aggressive effort by a Saudi agent to make Obama’s way in the world.

Then there were the revelations about Weather Underground co-founder Bill Ayers and his wife Bernadette Dohrn - unrepentant terrorists and communists both - who helped launch Obama’s political career from their home. Ayers, indeed, may well have ghost-written Obama’s memoir Dreams from my Father, creating the impression that Obama was also skilled in writing as well as “community organizing.”

The post noted (of Obama) striking similarities in speaking cadence and style, not to mention a bright flashing smile and a wry sense of humor.

Malcolm broke with Elijah Muhammad in large measure because the then-leader of the Nation of Islam had conducted illicit affairs and sired illegitimate

children. If Malcolm himself had sired a boy, it is not something he would have wanted to advertise, or to bring along with him in his hectic and dangerous revolutionary path.

Malcolm X was marginalized even from the black leadership after he said, following the assassination of John F. Kennedy, that the "chickens had come home to roost." That term would be resurrected by Rev. Jeremiah Wright, much to Obama's chagrin, in a sermon discussing the reasons for the Islamic attacks on the United States, reasons that Obama echoed in his own post-9/11 statements, in somewhat less inflammatory terms. Malcolm himself was assassinated in 1965, reportedly by agents from the Nation of Islam.

Robert Mueller is known by many with deep state knowledge to be linked to the Dupont Corporation role in the Manhattan Project, mining and minerals and rail robber-barons, and secret government links to these generations old secrets and

continuing assassinations by the CIA and FBI silencing witnesses.

Gang Stalkers are espionage elements operating in secret to protect those in power who have something to had hide and are used to use to to destroy the lives of those who have something to say about those corrupt officials holding power and thus any leakers of the deep state secrets are assassinated or are destroyed in credibility by COINTELPRO-like harassment operations.

My uncle Harold Gainey was moved with my mother Glorian Gainey to a DuPont chemical location Camden South Carolina as orphans when the Von Trapp Singers left North Carolina following the Berlin Olypics of 1936 and race and hygiene laws anda the seizure of Austria.

To blame even a small share of this on Mueller alone is a threat to understanding the larger conspiracy and the nany Rockefeller Republican and now Democrat party families who the CIA has backed over time and a part of long term world planning.

Several of the assertions Ted Gunderson made relate to me and various times of my life one of them being the Central Intelligence Agency activities in the place of my birth Manhattan Beach Los Angeles County were children at the preschool age were frightened in secret areas abusively to study reactions to stress, fright, and abuse.

This surveillance regime or “protocol” to be used in child testing can test for likelihood of outbursts that are considered psychotic breaks and can lead to ineffective leadership and broken relationships, facets of the Borderline personality who become polarized and frantic and unstable in unstable conditions.

I have referenced the FOXP2 Borderline Personality Disorder and extreme ADHD causing written grammer problems like

conjegations being dropped, words being dropped in the slower proccess of writing rather than in speaking.

The group of symptoms or minor neurological probelms like dry throat and other problems might be solved in rat studies in gene knockdown studies, where a rat gene is modified to see changes in the rat and that works better in rats than mice because rats are more complex in behavior.

But rats do not write. So grammer problems are hard to study in them. Jen Moore did at least ten interviews with Farmer Jones on FreeConference Call some linked to from her YouTube videos comments sections and she speaks of rat studies not working thus MKULTRA using children as rats. I can tell you the idea was when rats behaved well and were connected to the Windsors they might become Lord Governor of some province, say the USA, or Indonesia, or Cuba, or Guatemala if they can be picked out early enough.

> I'm gonna post in this video the links to the interviews I've done so far and I'm continuing on this journey and I hope you guys will listen to the interviews realizing I don't have all the answers of course I have a parts of the story but I do have some pretty significant experiences and unique experiences that give me the very unique insights into a lot of this especially regarding the the MKULTRA programs and the experimentation on children and child trafficking ratlines drug ratlines and all those various aspects of what's going on in our country kind of under the cover of law and in deep inside the country that's been hidden from the American people - Jen Moore Task Force: The Whistleblowers: Interviews about the darkness inside.

As I have often said in studying Neurolgy and genetics:

While genetically modified mice have enabled substantial advances in neuroscience and have made possible new approaches for circuit analysis with optogenetics (Tsai et al., 2009, Gradinaru et al., 2009, Lobo et al., 2010, Kravitz et al., 2010, Witten et al., 2010, Tye et al., 2011), a generalizable approach for optogenetic targeting of genetically defined cell types in rats has proven to be elusive. This technological limitation is particularly important to address given that the substantial and flexible behavioral repertoire of rats makes these animals the preferred rodent model in many fields of neuroscience experimentation, and a wide variety of behavioral tasks have been optimized for this species (Bari et al., 2008, Chudasama and Robbins, 2004, Uchida and Mainen, 2003, Otazu et al., 2009, Pontecorvo et al., 1996, Vanderschuren and Everitt, 2004, Phillips et al., 2003, Pedersen et al., 1982). Furthermore, rats represent an essential system for in vivo electrophysiology, with dimensions that enable accommodation of the substantial numbers of electrodes required to obtain simultaneous data from large neuronal populations (Wilson and McNaughton, 1993, Royer et al., 2010, Buzsàki et al., 1989, Gutierrez et al., 2010, Colgin et al., 2009, Jog et al., 2002, Berke et al., 2009). Therefore, the ability to utilize population-selective genetically targeted optogenetic tools in the rat would be a valuable technical advance.

Most efforts to target genetically defined neurons in rats have relied on viral strategies, but given the paucity of compact and well-characterized promoters, this approach has only rarely led to highly specific targeting (Lee et al., 2010, Lawlor et al., 2009, Nathanson et al., 2009). Alternatively, transgenic rat lines can be generated to enable use of specific larger promoter-enhancer regions (Filipiak and Saunders, 2006), but for expression of opsins in the brain this approach suffers from two serious limitations. First, this method is low throughput and not well suited for keeping pace with the rapidly advancing opsin toolbox (requiring specific design, line generation, multigenerational breeding, and testing of each individual rat line for a particular opsin gene). Second, this approach is inconsistent with straightforward optogenetic control of single or multiple spatially distinct populations; in fact, a breakdown

in specificity for control of cells or projections within a particular illuminated brain region arises because opsins traffic efficiently down axons (Gradinaru et al., 2010) and incoming afferents from other brain regions that are photosensitive will confound experiments by exhibiting optical sensitivity alongside local cell populations. For example, in a rat line expressing opsins in all catecholamine neurons, illumination of the ventral tegmental area (VTA) would activate both dopamine (DA) cell bodies in the VTA and noradrenergic projections to the VTA originating from cells in the locus coeruleus.

It should be noted in Preschool in Los Angeles County my parents had me tested after I showed signs of Borderline Personality Disorder and I was then diagnosed as having high IQ per testing but what was also called Minimal Brain Disorder now the collection of symptoms of extreme ADHD and Dyslexian and strong emotions grouped and identifiable as FOXP2 likely gene.

Other sources with direct access to the CIA files have consistent and substantive information on the plot line I outline and expand on connecting Martin Luther King, Malcom X, JFK and RFK ina CIA based series of assasinations.

For instance James Earl Ray (March 10, 1928 - April 23, 1998) was an American fugitive convicted for assassinating Martin Luther King Jr. at the Lorraine Motel in Memphis, Tennessee, on April 4, 1968. After this, Ray was on the run and was captured in the UK. Ray was convicted in 1969 after entering a guilty plea-thus forgoing a jury trial and the possibility of a death sentence-and was sentenced to 99 years of imprisonment. He was a follower of Cecil Rhodes British theory of British colonialism and world rule, and the assassination of the Kennedy' according to many sources including me is that the British plans for United Fruit Company, International Trade Mart, and other global British based businesses with CIA backing was connected to the coloinialism the Kennedy family rejected and those close to Kennedy' personally or by belief system (Ghandi Society refuting British rule of India of Dr King) were assassinated to subvert US policy by underming non-British leaning voices.

Public news sources on JFK and numerous others in their totality affirm my statements on these deaths.

> http://www.lukeisback.com › 2009/08 › Aug 7, 2009 - Veronica Hoffman, one of the international fetish scene's most colourful characters, has died in Los Angeles aged 29.

My family comes from The Manchurian candidate story-line and I am also connected to a series of events involving Veronica Hoffman I believe led to her being harassed and discredited by illegal operations.

Many who have access to or wrote top secret files on the CIA, The Manchurian Candidate, overthrow and subversion bv Mafia, and Executive Action assasinations have similar or identical information and information consistent to and corroborating the statements I am making about silenced people who knew too much about the CIA assassination of JFK and his relatives and friends and reporter contacts like Dorothy Killgallen.

In printed statements I am signing and sending I will reference CIA and NSA and FBI and DOJ sources such as Ted Gunderson, Wayen Madesn, Jen Moore, Col Fletcher Prouty, the Donegan family myself speaking for my parents and relatives, and the public records available as to these matters being evidence those who were silenced were assassinated in violation of Title 18 Chapter 73 and section 1513 and other sections as well and covert Stalker team harassment of myself is also violation of that statute.

The GangStalk also called Organized Stalk Ted Gunderson will refer to as run by the FBI and Military is a system of "decomposition" or discrediting and destroying people that is intertwined with the use of Information Dopplegangers and I can cite the occurrence of and both Jen Moore and others will describe how it is used and why.

Before closing this cover letter I will provide a manifest of attachments I intend to include.

Jen Moore describes the Glorian Dongan story of how she is a changed name Kutschera and that story line as Jen Moore without speaking that name confirmably continously uses her phone camera pointed in video after video of the apartent I lived in with my mother at 850 N. Randolph second floor and in my books I include credit reporst publicly listing us as living on that Patomac River Arlington Virigina whose previous apartment of Glorian on the 21st floor overlooked the Pentagon Washington D.C.

> Investigative Journalist Jen Moore was found dead in a suburban Washington D.C. hotel room Monday. August 20, 2018, according to police and shocked and distraught friends and colleagues.
>
> Moore died of an apparent seizure. Police are closely investigating the cause of death after former FBI Agent Robyn Gritz, a friend of Moore's, made inquiries with homicide detectives Monday afternoon in Prince Georges County, Maryland. Preliminary reports from police said the death was not the result of suicide.
>
> Moore's body was found by employees at the Country Inn & Suites by Radisson, Washington, D.C. East - in Capitol Heights, Maryland. The investigation is ongoing. An autopsy had not been scheduled as of late Monday.

Prior to her death on her YouTube Channel where she reported undercover stalkers had violently attacked her and assured her if she talked she would be silenced by the stalkers.

A follower of her YouTube Channel she had said she was going to finally reveal the names after long holding her silence

someone [Jason Arthur Taylor]asked *For your safety you're not disclosing any details. Right. How's that working out for ya?*

I have experienced the exact same death threats from stalkers, my home has been broken into repeatedly as I name CIA and FBI Deep State officials and write about my own family.

As she began naming a few in a long running CIA plot tied to Rod Rosenstien and governmentaly employed members of his family and intended to reveal the Donegan name she was found dead in two days of announcing the would name names.

"Rough Noise is the older term for Brighting, the system of shockingly intense input often abusive and so offensive it creates a cognitive unsurvivablity such that the person being abused by [Rough] noise is engulfed in anger, rage, horror, revulsion, trauma, etc., and it is meant to be emotionally abusive and includes death threats as common practice.

Cars flashing headlights as they chase you, honk horns and gun engines, brandish gang paraphernalia such as hash pipe, heroin needles, display long dangerous knives or felon in possession guns being click fired with empty chambers are not uncommon and I have experience them all.

Most of these I reported in real time in 2002 and beyond to my family all of whom now are deceased.

So Jen Moore and the CIA files on the Donegan's will be included, Ted Gunderson and Jen Moore on Stalking and the likely Stalking death of Veronica Hoffman will be the second accompanying document. In this latter document I will describe how her friends said harassing phone calls were annoying her to the point of taking apart and disabling phones, etc.,

I have written extensively on that topic and I suggest an official inquiry.

Here is some annotated story from Jen Moore affirming what I

say about my family tory and these assassinations.

Understanding the Glorian then James then Tom then Edward lifetime timelines in that order

Jen Moore was a CIA connected former police officer who disclosed the Donegan family history. She was according to Edward Paul Donegan (myself) assassinated in furtherance of Treason and and in violation of Title 18 section 1513 assassination of witnesses in her case in faked grand jury and other matters tied to Obstruction of Justice and fraud in the estate of Glorain Donegan my mother.

The fall of the Kennedy's gave rise to global business and those connected to them. The US Press Corps will not accept or report on this so far but Edward Donegan (me) as a witness to this and under the same threat that existed for Jen Moore and others.

Before I go on to assert violations of Obtruction of Justice Title 18 Chapter 73 section 1513 and other federal statutes about witness smear, intimidation, assasination, falsifiction of evdice in Conspiracy Against Rights, bodily injury, and other charges I will rely on other people's existing work of the context of the CIA and FBI activity I also assert, but validte the existing material that is largely ignored with at the end my first hand witness account of it and how those others like Jen Moore pointed to my family history in this world global events saga.

Col Prouty could only get published in a porn magazine called Gallery when he wrote article *Guns of Dallas* that become the movie *JFK* by Oliver Stone who finally recognized what Prouty was saying, the CIA overthrow team defended itself against John F. Kennedy (and later Robert F. Kennedy) who in the administration of THEIR NSC would not continue the regime changes planned by Vice President Nixon and the CIA in 1958 for Indonesia, the Pacific Ocean generally including Hawaii., the Gulf of Mexico (including Cuba and Guatemala) through the

CIA portal of New Orleans, and *Middle East North Africa* (MENA) and the naval and shipping entrances to Central Africa through Mombasa Kenya.

> *JFK* (released under the subtitle *The Story That Won't Go Away*) is a 1991 American biographical epic political thriller film written and directed by Oliver Stone. The film examines the investigation into the assassination of John F. Kennedy by district attorney Jim Garrison, who came to believe there was a conspiracy to assassinate Kennedy and that Lee Harvey Oswald did not act alone.
> - Wikipedia

Incorrect. The story line is that Lee Harvey Oswald was a patsy who was to take to the fall as Russia Sympathizer so the FBI, CIA, Secret Service, FBIm, and Office of Naval Intelligence could duck the blame.

I am Edward Paul Donegan, I knew Col Prouty, and I agree.

And I believe the figures today still in those agencies (Cheney) or other in those agencies descended from the assassination era families view my life story as threat.

The Donegan and Jen Moore story bridges the assassination of JFK and RFK to the Indonesia 1958 plan via a Donegan role in it, just joins the work of Wayne Madsen and Col Prouty via Donald Barr and Rockefeller Republican role in 1946- 1960.

Wayne Madsen knows this was tied to Barrack Obama Jr and has written about this.

John Pilger agrees the US Pres Corp ignores Barrack Obama Jr and Business International Corp were fake liberals all the way along, CIA plans for Corpratocracy around the world run by CIA fronts.

"*Controlled Opposition*" is a term that describes the emergence of CIA backed Democrats of "liberal democracy" in the 21st Century, just as planned. With sufficient resources and planning, exactly the power oil profits can and respect for energy security the oil industry commands an opposition to big business that is lukewarm and under control can be manufactured.

What Is Controlled Opposition? - Hegemon Media

***"The best way to control the opposition is to lead it ourselves."* - Lenin**

Controlled opposition is any person or organization which appears to be on one side, but is secretly working against the interests of that movement.

Originally coined to describe government agents who would infiltrate activist movements and subvert them from within, the term has come to describe any activist or organization that isn't actually working for the side they claim. Controlled opposition could be directly controlled by or in contact with a movement's opposition, but they could also merely have an agenda aligned to interests other than their stated cause.

…

This was how Jimmy Hoffa kept on a string by Richard Nixon was really and aid to big business when further left unions were the perceived socialist threat and how the Obama family and others emerged in the 21st Century would would continue globalist business policies after being backed and created by globalist power and money.

The Glorian then James then Tom then Edward lifetime timelines in that order

Glorian Donegan had Borderline Personality Disorder, more defamed than it need be, and Edward Paul Donegan has it too. Per Linda Newkirk in the Mountain Prophesies in that online work explaining the Queen of England, the Vatican, and Nazis created Barrack Obama Jr. the Bush family H.W. and W. both involved (W more reluctantly but forced) this was part of the DARPA Missile Command plan in 1961 resulting in the birth of Obama if you believe Prouty likely for Indonesia.

Understanding the Borderline Mother
Helping Her Children Transcend the Intense, Unpredictable, and Volatile Relationship

The first love in our lives is our mother. Recognizing her face, her voice, the meaning of her moods, and her facial expressions is crucial to survival. Dr. Christine Ann Lawson vividly describes how mothers who suffer from borderline personality disorder produce children who may flounder in life even as adults, futilely struggling to reach the safety of a parental harbor, unable to recognize that their borderline parent lacks a pier, or even a discernible shore.

Four character profiles describe different symptom clusters that include the waif mother, the hermit mother, the queen mother, and the witch. Children of borderlines are at risk for developing this complex and devastating personality disorder themselves. Dr. Lawson's recommendations for prevention include empathic understanding of the borderline mother and early intervention with her children to ground them in reality and counteract the often dangerous effects of living with a "make-believe" mother.

Some readers may recognize their mothers as well as themselves in this book. They will also find specific suggestions for creating healthier relationships. Addressing the adult children of borderlines and the therapists who work with them, Dr. Lawson shows how to care for the waif without rescuing her, to attend to the hermit without feeding her fear, to love the queen without becoming her subject, and to live with the witch without becoming her victim. A Jason Aronson Book - CHRISTINE ANN LAWSON

My (Edward Paul Donegan) mother Glorian Donegan and I have volatile relationship, deep but at times abusive in the sense of fighting and deep hurt feeling, abusive outbursts towards each other in the fights, etc.,

Marylin Monroe had it too, as did Rosemary Kennedy who was labotomized.

The doors of the Donegan homes had broken door frames as we would storm into locked rooms still fighting or fist punched through sheet rock covered up with an album cover.

As a child I ran away in Marshfeild Massachusetts as my mother would call out from the station wagon “Come back Ned” and things like that as the fights went on.

The reason I link this to Linda Newkirk and Birth of Obama theory is the the London KE Family of FOPX2 people who were unstable emotionally were about 15 or 17 and as I looked at British Aristocracy that seemed to fit King Edward VII descendants with a fifty fifty chance o inheriting the gene.

Tracy PD police officer Jen Moore had been in lots of cases that required familiarity with psychology and after leaving the police force she went into full time research including into the background of Glorian Donegan.

GLorian was according to a British and USA plan living under an hidden identity tied to pre WWI history of King Edward VII and Borderline Personality Disorder.

Glorian seems to have been from Maria Kutschera under a changed identity to Gainey who without parents in 1936 or so was adopted with her biological brother Harold Gainey.

She per internal oral history of the Donegan family seems to have been raised with child singers and dancers and who wore in the North Carolina dust-bowl clothes made of grain sacks, etc., but was told clean clothes of any fabric were a social grace but dirty clothes were not so clothes were kept clean.

Most likely Maria Kutschera had a child or two it is said three of her own likely by a Windsor in that English line exploring the FOXP2 Speech Defect painfully obvious since 1925 The Kings Speech that really since 1902 and King Edward VII the Royals wanted to watch in out of wedlock children.

Glorian Gainey my mother had a changed identity but was really from unwed Maria Kutschera in 1926 where the other large Von Trapp Family was 3 plus the seven of Barron Von Trapp.

Tom Donegan had a domestic partner Mark Wienress also from North Carolina. Since the year 2000 all pictures of the Donegans me included have dissapeared. Tom and Mark seemed to be stealing them either uncaught in the act or they said to scan them but they never returned.

Tom and Mark were likely as some staged dupes or possibly opportunists. They wantd to associate or did associate the Borderline with Adolf Hitler and Franz Kutschera Gestopo side of Maria Kutschera.

This as fed by the fact I Edward Paul Donegan am alt right. It is likely a FBI program labeling the alt rights as mentally ill wanted to track the Kutschera side of Glorian and Edward but

that is really a sham premise when you look at the much wider sampling of who has Borderline I think Rosemary Kennedy who was given a botched lobotomy included.

A lobotomy, or leucotomy, is a form of neurosurgical treatment for psychiatric disorder or neurological disorder (e.g. epilepsy) that involves severing connections in the brain's prefrontal cortex.[2] The surgery causes most of the connections to and from the prefrontal cortex, the anterior part of the frontal lobes of the brain, to be severed.

The purpose of the operation was to reduce the symptoms of mental disorders, and it was recognized that this was accomplished at the expense of a person's personality and intellect. British psychiatrist Maurice Partridge, who conducted a follow-up study of 300 patients, said that the treatment achieved its effects by "reducing the complexity of psychic life". Following the operation, spontaneity, responsiveness, self-awareness, and self-control were reduced. The activity was replaced by inertia, and people were mostly left emotionally blunted and restricted in their intellectual range.

James Paul Donegan USAF from Dorchester Massachusetts likely new the Kennedy's and the CIA and US Army had with under ground presybytarian or other groups along the way Vatican included helped getting Glorian and others out likely Mariln Monroe too.

When it came time for Regime Change Glorian was thought to be a good choice daughter of Maria Von Trapp and wanted her eggs to grooming England and USA backed sleepers Barrack Obama Jr being one of them and Malcom X a nice new friend of Saudia Arabia a perfect part of Dean Rusks plan.

James Paul Donegan was part of the atomic bombing of Japan and his brother Happy Donegan likely part of the Happy Valley atomic development work as well.

Robert William Donegan Bob was born in Dorchester (as his

also Roman Catholic brother James Paul Donegan father of Edward Paul Donegan and also the Kennedy family] and attended schools in Dorchester and South Boston. He joined the Coast Guard at the end of WWII and upon completion of service attended and graduated from Bentley College. He worked many years in private industry in accounting and financial management. At the end of his career he worked for the Mass Rehab Commission, retiring in 1982. Together, Bob and his wife Helen raised their family in Scituate and later retired to Marshfield. Bob was an avid reader with a passion for history, sports and politics. His sense of humor and his endless enthusiasm, pride and unwavering support for his friends and his family members will be remembered fondly and missed greatly. OCTOBER 30, 1928 - FEBRUARY 3, 2016

The Plymouth area where I grew up and the Donegans and Kennedy's are from include both Plymouth Rock and the landing of the Mayflower AND the revolution the colonies waged from Boston against England and are a permanent part of the collective memory of the Kennedy's and Donegans from 1961 on.

Again, my father James Paul Donegan in WWII was part of the air wing that dropped the Hiroshima and Nagasaki bombs, events in history the Kennedy Family might have been familiar with that involved their neigbhors and fellows from St. Aidans' Church in Boston were the Kennedy's and Donegans went to church.

What I knew of him from family gatherings is he worked on annealing, the process of protecting nuclear containment materials from decay as the are exposed to free atomic particle bombardment.

James Paul Donegan was exposed to DNA tests and Glorian likely was as well. It is likely this is how the sleepers were created.

Ed Donegan has met with harassment in his life and

reproducitivity and the legitimacy of him is a threat to those who trespassed against the Donegan family and those include the FBI and CIA families like the Burns family, Bush family, Barr family, and Wray and Mueller families who keep control of the espionage agencies that killed Kennedy over this very program.

Jen Moore studying Borderline likely with Tom Donegan and Mark Wierness likely had the stolen photos and proved that story to Jen Moore.

Here is Jen Moore talking as she points her camera at Edward and Glorian's home not far from the Clarendon once home of Tom Donegan and Mark Weirness who DID have the pictures Jen Moore referred to that proved the identities.

In 1902 the British did set out to study Borderline Personality Disorder. In an odd way the covertness of the activtiy helped British Imperialism not only by hiding the defect but in researching the defect those in "families" of Windsor descendants not known publicly as such and with no defects in their families made excellent Colonialism groomed leader choices.

One video Jen Moore posted was *The 3rd Reich & "The Artist" Infiltration into US Politics.* That video again points to hidden identity Kutchera descendant Glorian Donegan and again she is pointing her camera at the home of Glorian and Ed Donegan 2nd Floor 850. North Randolph St. Arlington VA 22203 and again it is the story of how Glorian Gainey [Kutschera] DNA seems to found its way into current US politicians during MKULTRA.

>
> I've been doing a series of interviews on another YouTube channel with farmer Jones and the interviews have to do with things such as mkultra the Vatican the Vatican's connection to the CIA how MKULTRA was started details about pre-world War one and what led into the Second World War and things like at the mk ultra program which many people have heard about talks a lot about

Sigmund Freud [of Austria] who was kind of the founder of MKULTRA or one of them he’s known as the father of psychology the father of psycho psycho analysis different titles like that but his history has been sanitized and even most psychologists or doctors psychology do not know a lot of this history and I do for a variety of reasons

> Sigmund Freud was an Austrian neurologist and the founder of psychoanalysis, a clinical method for evaluating and treating pathologies seen as originating from conflicts in the psyche, through dialogue between patient and psychoanalyst, and the distinctive theory of mind and human agency derived from it.
>
> Freud was born to Galician Jewish parents in the Moravian town of Freiberg, in the Austrian Empire. He qualified as a doctor of medicine in 1881 at the University of Vienna. Upon completing his habilitation in 1885 he was appointed a docent in neuropathology and became an affiliated professor in 1902. Freud lived and worked in Vienna having set up his clinical practice there in 1886. Following the German annexation of Austria in March 1938 Freud left Austria to escape Nazi persecution. He died in exile in the United Kingdom in 1939. - Wikipedia

I'll get into and even going further into people like dr. Carl Jung it's Ju and Ji Young in theory theory is very well known the realms of psychology and psychoanalysis many people don't know is that mr. young was our doctor young was also Karl or Allan Dulles secret agent agent 488 and Allen Dulles was the founder of the CIA he originally was an OSS which was our initial United States of America their intelligence service and then it moved into the CIA during and following World War two and Allen Dulles was the first director of that of the CIA his brother Lewis John Foster Dulles was also in there and Allen Dulles was a CIA agent at the time of JFK's assassination

so that is an interesting part that will come out as well so I've been doing a series of interviews with another YouTube channel farmer Jones who's been great on this history and what I know about MKULTRA and the Nazis and the development of the program in historical context to which it was built and why what were the kind of underlying motivations at that time and what was some of the really very disturbing parts that has been sanitized from our history in many ways

and so I've been doing a series of interviews I did my fourth today I believe on this history and as I've stated before in my videos I was a someone who enforced the law at for a pretty long time in some very dark places and I also had my degree in psychology a clinical psychology so I was involved in that as well so I came into this knowledge by combining a lot of that work also a lot of research but then I had a very interesting transition that led me to connect all these dots and that was I met a person in 2009 who was 79 years old she was the child of Hitler's top commandant [Franz Kutchera, actually niece of him] and her father owned all the theaters in Munich and Berlin around Germany

and back in those days the big screen movie theaters

were very rare she was one of the kind of the elite German children on the Nazi side and so these theaters owned by the Kutschera famlily] were used to help indoctrinate the German youth and the Hitler Youth [singing pro nazi songs as an Aryian family] and also the German soldiers during the war and she was literally at the feet of Hitler [via Himmler and Franz Kutschera in Barron Von Trapp Salzburg home] during a lot of this history from age you know early on

> Munich is the capital and most populous city of the German state of Bavaria. Munich to Salzburg is an hour and 20 minutes train trip. Salzurb also long had train routes out of the Alps that the Von Trapp family used in 1926 to leave Austria as Nazim increased.

but from age 8 through 17 when World War two really the bombs came raining in on Munich [really 1926] and she attempted to escape and was saved by American GI soldiers which is just a remarkable story of survival and she made it to the United States of America and became a very famous person in her own right (Sound of Music) and I'm not gonna name her at this point but for reasons that I can only guess would be a miracle from God that he would bless me with the chance to know this person and many of you may not believe and and all that and that's fine but it was my honor to truly meet her and hear her story and listen for about a year and a half from 2009 into 2010 as she turned 80 years of age and she passed away at that time

One of the specialteis of the True Pundit's Moore was is money laundering a finanical crime that may be tied to violent crime and the financial part of the crime is that one account is

due or should hold assets for the possessor of the assets but through trickery and confusion of accounts others may access that value deceitfully.

Although Jen Moore did not name the church she asserted a churh or churches were using a basement to teach children to act like victims of an abuser so that money laundering organization(s) could assert Ed Donegan owner of the value of the trust fund meated out to him by trust managers could be robbed of those assets if someone seemingly Ed Donegan incurred a liability to those children or families.

This was Pizzagate wherein Ed Donegan is made to look like a pedaphile because the order of pizza or cheeseburger or other items of his diet are wrongly linked to abusing children.

The Money Laundering scheme has government support and has destroyed Ed Donegan's life and further his reputation since the Hispanic and other immigrant families treating like a pedophile in a public way desroy his reputation as per his sexual orientation as well as his tolerance for non-whites and immigrants, becoming programmed to resent, distrust, and even act out against them.

That effort to ruin my life linking me and my reputation to bogus allegations and create a embittered white male out of immigrants suing me is abusive to me and my deceased family.

PROOF COLUMBIA UNIVERSITY HELPED BRITISH SABOTEURS AND AMERICAN TRAITORS TAKEOVER AMERICA IN 1902

The roots of the C.I.A. are the British Pilgrims Society's MI6 thru Columbia University Law

The official C.I.A. histories are all faked to conjure up American heroes out of demons and disguise its

monopolist, warmongering, satanic, eugenicist British origins

Alleged C.I.A. founder William J. Donovan was a mere stooge for J.P. Morgan, Lord Rothschild and John D. Rockefeller who conspired with Columbia University to groom him (1903-07)

The Truth: C.I.A., NSA, FBI, DoD, DOS, SEC, Judiciary and multinational corporate intelligencers are American stooges controlled by the British Empire

Columbia University recruited and groomed William J. Donovan at the inception of the British Pilgrims Society in 1902 to organize American intelligence as a reflected lizard of British intelligence

On Jul. 16, 1902, the British Empire's top "Empire Builders" formed The British Pilgrims Society at the Carlton Hotel, London. They were Privy Councilors, admirals, generals, spies, virologist (Sir Henry Wellcome), Guglielmo Marconi (wireless), bankers (Lord Rothschild), industrialists, lawyers, aristocrats, politicians, publishers and newspapermen.

King Edwards' "Empire Builders" were a notorious mob of over-funded British pirates: bejewelled war lords, war criminals, murderers, royalists, warlocks, blackmailers, seditionists, aristocrats, terrorists, traitors, mercenaries, rapists, devil-worshipers, sodomoists, child molesters, luciferians, satanists, pedophiles, bi-sexuals, rapsts, liars, necromancers, homosexuals, propagandists, blasphemers, abusers, chauvanists, bullies, playboys, dandies, silver spooners, prevaricators, effete snobs ..

Well, you know, the article continues in loaded language "the usual stuff found in MSM Newsrooms."

The key part of that article is the death of Cecil Rhodes and the Rhodesian policy of open conquest of colonies usning standing armies who openly faught soveriegn governments.

The new policy was propoganda, control of the press, influencing elections, covert operations and subversion, and clandestine assasinations.

The British model of Indirect Rule that is ruling through puppets governers of other nations through whom, who are vessels, the vessels through which Great Brittians ruling authority flows threw, the pupptet the medium.

The British had decided sleepers and propogands supporting sleepers wa the best way to overthrow governments.

The site is called aim4truth.org and its historical research is impeccable but most usable whe joined with other works like Monarch Fighting and the British story of weepy Prince Albert of York a generation later, or the modern struggle to understand Borderline Personality Disorder today. Actually the decscription of the press sounds like it might have been quoted from my father James Paul Donegan.

FIG. 4: KING EDWARD VII PUBLISHED A POSTCARD ENTITLED “KING EDWARD & HIS EMPIRE BUILDERS.” OF THE 16 LIVING BRITS IDENTIFIED, 11 WERE FOUNDING MEMBERS OF THE PILGRIMS SOCIETY ON JUL. 16, 1902. By 1902, the British Pilgrims had evidently already singled out selected American “Robber barons” that they would recruit to their “Empire Building,” many of whom were in Britain for the delayed coronation of Edward VII following the deaths of Queen Victoria and Cecil John Rhodes-their empire building prime mover. We will discuss their names below.

The article and others like it on that site that are highly informative can be found here https://aim4truth.org/2021/06/12/proof-columbia-university-helped-british-saboteurs-and-american-traitors-takeover-america-in-1902/

The deaths of King Edward VII who had Borderline Personality Disorder

It appears three biological children were hidden under false identities in the USA and this was especially important as the 1936 Berlin Olympics increased world exposure to Nazism, Austria was seized by Germany, and atrocities began with one major event being SS General Franz Kutschera having risen in rank for his propaganda role then assassinated by the Polish Secret Police.

Those biological children one of which was GLorian and her son Edward Paul Donegan myself carry this gene.

When Windsors wanted to groom candidates for sleeper agents it seems MKULTRA and the CIA used Glorian DNA and Prouty, Jen Moore, and others know of this as Donald Barr of the CIA set this up with other CIA operatives.

This plan to insert sleepers in Indonesia and other locations in plan with Saudi involvement was part of MKULTRA history and Donegan history.

> The Story of Obama: All in The Company (Part I and II) by Wayne Madsen
>
> Investigative journalist Wayne Madsen has discovered CIA files that document the agency's connections to institutions and individuals figuring prominently in the lives of Barack Obama and his mother, father, grandmother, and stepfather. The first part of his report highlights the connections between Barack Obama, Sr. and the CIA-sponsored operations in Kenya to counter rising Soviet and Chinese influence among student circles and, beyond, to create conditions obstructing the emergence of independent African leaders.
>
> This confirms the article by Col Prouty on Indonesia and Vice President Nixon 1958.]
>
> In Part I of this WMR special report, we revealed the

connections between Barack Obama, Sr. and the CIA-affiliated Airlift Africa project to provide college degrees to and gain influence over a group of 280 eastern and southern African students from soon-to-be independent African nations to counter similar programs established by the Soviet Union and China. Barack Obama Sr. was the first African student to attend the University of Hawaii. Obama Sr. and Obama's mother Stanley Ann Dunham met in a Russian language class in 1959 and they married in 1961.

The African airlift program was administered by Kenyan nationalist leader Tom Mboya, a fellow Luo tribe mentor and friend of the senior Obama. According to CIA documents described in Part I, Mboya also served the CIA in ensuring that pro-Soviet and pro-Chinese African nationalists were stymied in their attempt to dominate pan-African nationalist political, student, and labor movements.

One of Mboya's chief opponents was Ghana's first president, Kwame Nkrumah, who was ousted in a CIA-inspired coup in 1966, one year before to Obama Sr's son, Barack Obama, Jr. and his mother joined Lolo Soetoro, an Indonesian who Obama's mother met at the University of Hawaii in 1965, when President Obama was four years old.

In 1967, Obama and his mother joined her husband in Jakarta. In 1965, Lolo Soetoro had been called back from Hawaii by General Suharto to serve as an officer in the Indonesian military to help launch a bloody CIA-backed genocide of Indonesian Communists and Indonesian Chinese throughout the expansive country. Suharto consolidated his power in 1966, the same year that Barack Obama, Sr.'s friend, Mboya, had helped to rally pro-U.S. pan-African support for the CIA's overthrow of Nkrumah in Ghana in 1966.

CIA links East-West Center, University of Hawaii, and CIA coup against Sukarno and Peace Corps and USAID are listed in the two part articles

Ann Dunham met Soetoro at the East-West Center at the University of Hawaii. The center had long been affiliated with CIA activities in the Asia-Pacific region. In 1965, the year that Dunham met and married Soetoro, the center saw a new chancellor take over. He was Howard P. Jones who served a record seven years, from 1958 to 1965, as U.S. ambassador to Indonesia. Jones was present in Jakarta as Suharto and his CIA-backed military officers planned the 1965 overthrow of Sukarno, who was seen, along with the Indonesian Communist Party (PKI), as allies of China.

When Jones was chancellor of the East-West Center, he wrote an article for the Washington Post, dated October 10, 1965, in which he defended Suharto's overthrow of Sukarno. Jones was "invited" by the Post to comment on the Suharto coup, described as a "counter-coup" against the Communists. Jones charged that Suharto was merely responding to an earlier attempted Communist-led coup against Sukarno launched by Lt. Col. Untung, "a relatively unknown battalion commander in the palace guard."

Jones's article, which mirrored CIA situation reports from the U.S. embassy in Jakarta, continued by stating that the alleged leftist coup on September 30 "came within an inch of succeeding through the assassination of six of the top military command. It might well have succeeded had not Defense Minister Nasution and a number of other senior generals also marked for assassination acted fast in a dramatic counter-coup." Of course, what Jones did not inform the Post's readers was that the Suharto "counter-coup" had been assisted with the strong help of the CIA.

A behavior control research project was begun in the 1950s, coordinated by the British psychological warfare unit called the Tavistock Institute, with the Scottish Rite Masons, the Central Intelligence Agency, and other British, U.S., Canadian, and United Nations agencies. The project became famous in the 1970s under a CIA code name, "MK-Ultra." Its notoriety for brainwashing by drugs, hypnosis, electroshock, and other tortures

caused many books to be written about the project, and the U.S. Senate conducted hearings which exposed many of its abusive features. President Gerald Ford appointed a commission headed by Vice President Nelson Rockefeller, to correct the CIA's misconduct. There was a widespread anti-establishment view at the time, that here was the fox appointed to guard the hen house.

The intelligence agencies offered a public rationale for the project: the need to counteract and compete with the mind-control capabilities of the communists. This was largely based on the fact that U.S. personnel held prisoner by the enemy in the Korean War had signed false confessions of crimes, and some had defected to North Korea, the apparent result of brainwashing. The Manchurian Candidate, a 1959 book which was made into a popular movie in 1962, reflected this rationale. It told the story of a communist plot to use a U.S. soldier brainwashed in Manchuria as a zombie-assassin, to kill the leading U.S. presidential candidate. A central theme of MK-Ultra was to attempt to control the human mind in a similar way.

Threatened and accomplished assassination of political leaders has become increasingly frequent in public life since the 1960s. Just since the 1992 election campaign, for example, President Bill Clinton has been the target of at least 15 assassination threats. Many of these would-be killers, and many of the assassins of past years, had been in destructive psychiatric programs, or were members of psychiatrically manipulated cults. The present threats are the more meaningful, in the context of the British-led Whitewater scandal directed against the presidency. It is long past time for a thorough public inquiry into the assassination epidemic, whereby its relationship to the official project to create assassins would be fully explored.

A great obstacle to clear thinking in this area has been

the assumption that the U.S. government would not sponsor programs for the murder of American leaders. This logical assumption misses the point, that the overall project, including “MK-Ultra,” has been foreign-sponsored and anti-American in its purposes. We shall outline here the British background of this deeply criminal enterprise, with its roots in the political and psychiatric movement called eugenics.

1909-13: the buildup to World War I

John D. Rockefeller created the family-run Rockefeller Foundation, in parallel with the birth of the British-inspired Federal Reserve, the Internal Revenue Service, and the Federal Bureau of Investigation. In 1909-13 and subsequent years, Rockefeller transferred blocs of the family-owned Standard Oil Co. worth more than $300 million to the account of the foundation under its trustees who were family members, and their employees. Thus was established a global instrument for radical social change, using American money and British strategy.

John D. Rockefeller had begun his oil business in the 1860s with British capital. The family’s relationship to the British Empire a half-century later was centered in the person of John D.‘s brother William Rockefeller, the president of Standard Oil of New York (later Mobil) and the founder of National City Bank (later Citibank). In 1911, brother William employed, in a private capacity through his elite social club, a high-ranking British secret intelligence service officer named Claude Dansey. As the United States prepared to ally itself in World War I with its old enemy Britain, Dansey personally reorganized the U.S. Army intelligence service into an adjunct of the British secret service. Dansey’s loyal U.S. follower, Gen. Marlborough Churchill (a distant relative of Britain’s Winston Churchill) soon became director of

U.S. military intelligence. After World War I, General Churchill headed up the “Black Chamber,” a New York-based espionage group serving the State Department, the U.S. Army, and private New York financiers loyal to Great Britain. This same General Churchill would soon launch a medical research organization, the Macy Foundation, for the Rockefellers and British intelligence.

1920s: the pre-Hitler era in Germany

The Rockefeller Foundation poured money into the occupied German republic for a medical specialty known as “psychiatric genetics.” This field applied to psychiatry the concepts of eugenics (otherwise known as race purification, race hygiene, or race betterment) developed in London’s Galton Laboratory and its offshoot Eugenics Societies in England and America. The Rockefeller Foundation created, and foundation executives thenceforth continuously directed, the Kaiser Wilhelm Institute for Psychiatry in Munich (before Rockefeller sponsorship it was known as the Kraepelin Institute), and the Kaiser Wilhelm Institute for Anthropology, Eugenics, and Human Heredity. The Rockefellers’ chief in both these institutions was the fascist Swiss psychiatrist Ernst Rudin, assisted by his proteges, Rockefeller functionaries Otmar Freiherr von Verschuer and Franz J. Kallmann. A British medical historian friendly to the Rockefellers recently explained how the family was introduced into this field in Germany [1]: The foundation’s “German centers combined the search for organic signs of mental illness with eugenic projects …. The [Kraepelin] institute had initially been endowed with 11 million marks, contributed by Gustav Krupp von Bohlen und Halbach [head of the Krupp steel and arms family] and James Loeb [Paul Warburg’s brother-in-law], an expatriate American of the Kuhn- Loeb banking family. Loeb mobilized his American-Jewish friends to support the

institute," and they invited the foundation to reorganize and expand the Munich enterprise. Loeb also continued financing the institute.

Loeb's relatives, the Warburgs, owners of Kuhn Loeb bank, were the intimate banking partners of William Rockefeller. Together with him they had set up the Harriman family in big business, using capital supplied by the British royal family's personal banker, Sir Ernst Cassell. The three families, Rockefeller, Warburg, and Harriman, together with British Crown agencies, jointly sponsored much of the social engineering enterprise we shall describe here. The Rockefeller Foundation made an initial grant of $2.5 million in 1925 to the Psychiatric Institute in Munich, gave it $325,000 for a new building in 1928, and continuously sponsored the institute and its Nazi chief Rudin through the Hitler era. The foundation paid for a 1930-35 anthropological survey of the "eugenically worthwhile population" by Nazi eugenicists Rudin, Verschuer, Eugen Fischer, and others.

1950s: MK-Ultra

The outrages perpetrated by Ewen Cameron became the most notorious aspect of the postwar Anglo-American mind-control program. Cameron had trained at the Royal Mental Hospital in Glasgow, under eugenicist Sir David Henderson, and founded the

Canadian branch of his friend John R. Rees's World Federation for Mental Health. In the various member countries and subdivisions, these channels of British intelligence operations are known as the national, provincial, or state Mental Health Associations. Cameron was also elected president of the Canadian, American, and world psychiatric associations. He became famous after the CIA was sued by some survivors of his work-because the CIA had financed the tortures.

Cameron would drug his victims to sleep for weeks on end, waking them daily only to administer violent electric shocks to the brain. He used the British Page-Russell electroconvulsive method, an initial one-second shock, then five to nine additional shocks, administered while the patient was in seizure. But he increased the normal voltage and the number of sequences from one to two or three times per day. Patients lost all or part of their memories, and some lost the ability to control their bodily functions and to speak. At least one patient was reduced almost to a vegetable; then Cameron had the coginitve centers of her brain surgically cut apart, while keeping her alive. Some subjects were deposited permanently in institutions for the hopelessly insane.

For the CIA, Cameron tested the South American poison called curare, which kills a victim while simulating natural heart failure. But Cameron claims to have used it only in non-lethal doses to further immobilize his subjects while they were kept in sensory deprivation tortures for as long as 65 days. Then they would be given lysergic acid diethylamide (LSD) for "programmable" hallucinations. When the subject was sufficiently devastated, Cameron and his assistant, a veteran of the British Royal Signals Corps, would begin "Psychic Driving": Through a loudspeaker hidden under the pillow, or through unremovable earphones, they would play a tape over and over again to burn certain phrases into what was left of the victim's memory.

The CIA was found to have financed these horrors, as well as ghastly experiments in other locations, using a front called the Society for the Study of Human Ecology. (The society gave a grant for a study of the effects of circumcision on young Turkish boys, the grantees to be in Istanbul, studying five to seven year olds and their problems with their genitals. It is claimed that this was intended to give a cover to the CIA front as a real academic organization.)

The question of sponsorship

But the authorship of this enterprise cannot reasonably be assigned to the CIA, per se. Even before we review other agencies' direct involvement, we must understand that the CIA chief during MK-Ultra, Allen Dulles, was thoroughly attached to British Empire geopolitical aims. Introduced to British spies by his uncle Robert Lansing, Woodrow Wilson's secretary of state, Dulles had had a strong personal identification since childhood with the British Secret Intelligence Service.

The Dulles family's upper class-status in America began when ancestor William Dulles arrived in South Carolina from India. With a fortune made in India by providing financial and security services for the British East India Company army, he bought a slave plantation which the family held through the American Civil War. The family's mental life was always that of the British Empire and its American colonial subordinates. Allen Dulles's main corporate activity was as a director of the J. Henry Schroder banking company in London, a prime instrument in Montagu Norman's nazification of Germany. As partners in the Sullivan and Cromwell firm, Allen Dulles and his brother John Foster Dulles represented the Rockefeller-Harriman- Warburg combination, I.G. Farben, and virtully every other Nazi

corporate organization that danced on London's marionette strings.

It was disclosed that for MK-Ultra, particularly for the experimental use and distribution of LSD, the CIA operated through another front, the Josiah Macy, Jr. Foundation. But the geometry of the "front" really worked the other way around. The Macy Foundation represented the British psychological warfare executive, as extended into U.S. and related institutions. In the midst of launching MK-Ultra, during 1954-55, the Macy Foundation's medical director Frank Fremont-Smith was president of British General Rees's World Federation of Mental Health. Under Rees as the director, the two together "made a journey to a number of countries in Asia and Africa to establish contacts and seek ways in which the organziation may extend its activities in those regions."

Through official military and intelligence conferences over which it presided, and through various informal and secret operations, the Macy Foundation directed the spread of LSD by U. S. agencies during the 1950s. The Macy Foundation's chief LSD executive, Harold Abramson, was a psychiatric researcher at Columbia University and at the eugenics center in Cold Spring Harbor, Long Island, New York. It was Abramson who first "turned on" Frank Fremont-Smith. Abramson also gave LSD for the first time to British anthropologist Gregory Bateson, sometime husband of Margaret Mead. Then in 1959, Bateson gave LSD to Beat poet Alan Ginsburg at Stanford University, under controlled experimental conditions. Following this, Dr. Leo Hollister at Stanford gave LSD to mental patient turned author Ken Kesey and others, and thus it was said to have spread "out of the CIA's realm."

Masonic `charity'

Other parts of the U.S. government participated in the project exposed as MK-Ultra. The Army Chemical Center paid for LSD and related drug brainwashing experiments by Dr. Paul Hoch. Along with Nazi eugenics leader Franz Kallmann, Hoch co-directed the research at Columbia University's New York State Psychiatric Institute. Dr. Hoch was a member of the American Eugenics Society, in Kallmann's eugenics cell at the institute. Hoch was simultaneously appointed State Mental Hygiene Commissioner by New York Gov. Averell Harriman, and was reappointed by the next governor, Nelson Rockefeller. Dr. Hoch's forced injections of a mescaline derivative brought about the 1953 death of New York tennis player Harold Blauer. Hoch's colleague Dr. James Cattell later told investigators, "We didn't know whether it was dog piss or what it was we were giving him." When Hoch died, British brain butcher Ewen Cameron directed his funeral.

Dr. Hoch, a Scottish Rite masonic strategist, worked with Dr. Kallman under the direction of Scottish Rite Freemasonry's Field Representative of Research on Dementia Praecox, Dr. Nolan D.C. Lewis, the superintendent of the New York State Psychiatric Institute. As the Ku Klux Klan has been the defining project for the Scottish Rite's Southern Jurisdiction, the Rite's Northern Jurisdiction left its official mark on the world through MK- Ultra-its most important "charity." Much of the psychiatric dirty work, though, has been done inside the Rite's KKK-spawning Southern Jurisdiction, which includes all southern states and everything west of the Mississippi River. Robert Hanna Felix, 33rd degree mason, was a director of the Scottish Rite's psychiatric research. He ran a spectacularly lawless brainwashing establishment.

The exposure of the MK-Ultra scandal revealed that the CIA had funded one Dr. Harris Isbell to carry out

barbarous experiments using slave subjects, nearly all of them black drug addicts, at the Addiction Research Center in Lexington, Kentucky. Isbell was the director of the center from the 1940s until 1963. His boss was masonic master psychiatrist Felix, who founded the National Institute of Mental Health and was NIMH director from 1949 to 1964. The Lexington facility had been Dr. Felix's personal project since he had been its clinical director in the 1930s, and he put it under the jurisdiction of the NIMH. The Felix-Isbell slave experiments involved LSD and a wide variety of other hallucinogens and exotic poisons. In one case, seven prisoners were kept hallucinating on LSD for 77 consecutive days. The torture at Lexington followed the pattern developed by Cameron in Montreal: Drug-induced sleep was interrupted by electroconvulsive shock. Cooperative subjects were rewarded with shots of heroin or any other drug of their choice. And for mental health, the masonic administration encouraged the prisoners to participate in synthetic religious and political cults.

Felix's program was not simply to make humans into controllable beasts, but to decentralize the zombie-manufacturing. A 1993 report to the Scottish Rite Supreme Council by its current psychiatric research director, Steven Matthysse, explains: "Thirty years ago, a massive program began, which has continued unabated to this day: the deinstitutionalization of the mentally ill …. My predecessor as research director of the Schizophrenia Research Program, Dr. Robert H. Felix, 33 Degree, Gourgas medalist and the founding director of the National Institute of Mental Health, was one of the chief architects of this program. 'We are entering a new era,' he wrote, 'of community-centered, comprehensive psychiatric care.' … Dr. Felix predicted that, in 25 years, 'State mental hospitals as we know them would no longer exist.' He was right …. During the years from 1955 to 1992, the state mental hospital census went down by 82%." The strategists of MK-Ultra

succeeded in moving the mentally ill out of costly mental hospitals, onto the streets, where they now consitute a large proportion of America's homeless. We shall now see what kind of "community-centered psychiatric care" these strategists did in fact implement, as Britain's MK-Ultra poured drugs into the country and worked to fabricate the drug- sex youth culture.

Seymour Solomon Kety was both an executive of the Scottish Rite's psychiatry experiments, and a Scottish Rite- funded clinical experimenter. He was chief of NIMH clinical sciences from 1957 through 1967, and continued as the NIMH "senior scientist" into the 1990s. A close associate of the Kallmann Nazi-eugenics cell at Columbia, Kety was a national director of the American Eugenics Society, under its 1980s name, the Society for the Study of Social Biology. Kety helped lead the masons' U.S. agency, the NIMH, beyond the Kentucky experiments, to the brink of Hell.

The official assassination program

The ambiguous rationale for the MK-Ultra program was the search for the Manchurian Candidate: to study, emulate, and counterbalance communist programs which brainwash people who could be dangerous to our national security. These programs were secret, and masses of MK-Ultra records were destroyed. But some aspects of the program's direct testing have been divulged. CIA executive Morse Allen worked at creating killers under hypnosis on and around Feb. 19, 1954. The CIA planned early in 1954 to hypnotize a man they considered disposable, to get him to make an assassination attempt, be arrested for attempted murder, and be "thereby disposed of."

A CIA hypnosis study was done by Alden Sears at the University of Minnesota and was moved by Sears to the

University of Denver, Colorado.

Sears worked to answer the question, "*Could a hypnotist [using stimuli including repetitive traumatic stimuli] induce a totally separate personality*?

CIA counterintelligence chief James Jesus Angleton, a leader of the British intelligence faction in the American intelligence community, established three goals for the hypnosis program:

- To induce hypnosis very rapidly in unwitting subjects;
- To create durable amnesia; and
- to implant durable and operationally useful post-hypnotic suggestion.

A test of rapid hypnosis took place in July 1963. The counterintelligence staff in Washington, D.C. asked the CIA station in Mexico City to find a suitable candidate for a rapid induction experiment.

The station proposed a low-level agent, whom the Soviets had apparently doubled. A counterintelligence man flew in from Washington and a hypnotic consultant arrived from California. The experiment was said to have misfired.

According to CIA hypnosis expert Milton Klein, creating a hypnotized "patsy" is easier than making a

totally controlled Manchurian Candidate. The patsy can be induced by hypnosis to do things which later show up as circumstantial evidence that will get him falsely blamed for a crime. Klein has claimed he can create a patsy in three months; a full-scale Manchurian Candidate takes six months.

True Pundit founder Mike “Thomas Paine” Moore (not Micheal Moore) says that Citi loaned Epstein of the VI Brain Foundation more $100 million, allowing him to make thousands of wire transfers from the bank.

Bowers was previously the chief of Deutsche Bank’s Private Wealth Management division in New York City. At Citi, he was chief of The Citi Private Bank and also ran Citigroup’s Global Markets and Wealth Management businesses.

“The [irregular] loans to Epstein were personal and commercial,” True Pundit founder Mike “Thomas Paine” Moore said. “The Citi loans I can confirm were for more than $25 million. Some were secured, some were not.” Moore previously ran an anti-money laundering for Citigroup.

SWAT-clad FBI agents stormed into Mike “Thomas Paine” Moore’s home and terrorized his wife and young children at gunpoint after rousting them out of bed. Not once, but twice, pointing automatic weapons at the family. Historic, costly blunders for the FBI.

[Jen Moore offered to make coffee for the FBI Agents according to Micheal Moore]

In response Paine assembled his journalism crew of former feds, launched True Pundit and literally dismantled the FBI in less than two years with pens and laptops while working from

home, often in pajamas.

While the mainstream media ignored a corrupt FBI, DOJ, Paine and cohorts hammered away and knocked the FBI off its trusted public mantle. Revered FBI leaders were fired. Others quit. FBI officials, targeted by True Pundit's hard-hitting reporting, are now targets of numerous federal investigations. A fitting irony after the FBI - whom Paine worked for - came into his home with M4 rifles drawn on his young kids and wife. Twice. Then, the FBI went on a rampage to ruin his Fortune 100 career at Citi and even prevented him from attending his mother's funeral.

hat did Paine know that terrified the Deep State and prompted FBI agents to stoop so low as to literally terrorize an 8-year-old and 12-year-old? And Paine's wife? Paine tells it all here - revealing he was investigating Intel that the FBI, CIA and White House were covering up evidence that Osama bin Laden was living and running al Qaeda from Iran after 9/11. Paine reveals his True Identity: Loeb Award-winning and Pulitzer nominated newspaper reporter and Intel expert Mike Moore.

COINTELPRO CIA PROGRAMS

Regardless of its [an earlier FBI document] exact authorship, this is an extremely important document that should be read and understood by all "targets." Clearly, this is a manual for psychological warfare that presents the methods by which an extremely complex military-secret service hierarchy surveilles, punishes, "neutralizes" and ultimately murders its designated "targets." There are obvious comparisons to be made with the CIA's KUBARK torture manual, which has been employed in Vietnam, Latin America, the Middle East, and indeed, in CIA "black sites"/"extraordinary rendition" centers throughout the entire world. The psy-war system described herein bears a remarkable

similarity to the operations and procedures of the U.S. military's "Fourth Generation Warfare"/"Civil-Military Operations"/"Military Operations Other Than War"/"Unconventional Warfare"/"Asymmetrical Warfare"/"Psychological Warfare" and "Information Warfare" operations as detailed in Rich's "New World War: Revolutionary Methods For Political Control." (See Appendices 2 and 3 for a comparison of key terms in each program.) Indeed, the systems are identical.

The remarkable revelation provided here is that modern organized gang stalking operations are identical with, or nearly identical with, those used in the FBI's secret COINTELPRO (counter-intelligence program) of the 1950s-1970s, the top-secret "Gladio" and other "Stay Behind Army" operations of Europe between 1950 and 1990, and the destabilization and citizen-elimination operations now being carried out in the name of "counter-terrorism" by the U.S. military in approximately 140 of the world's 195 nations

I Edward Paul Donegan have had Psychiatric Shock Troops stalkers surrounding me for 35 years including pointing rifles at me while they were in plain clothes or uniforms as i walked along the streets of San Francisco and on the phone to my parents who thought i was paranoid

Stalkers surrounding me make hostial abusive gestures abstractly smearing me in prepostorous disgengenous ways and I have had to do thinks like try to buy steaks in a store as someone injects contents of a syringe into them through the celephane.

I have asserted radiololical attacck on me (dirty bomb) and DEW attack before they became mainstream news and this in in the available records for decades as also I have written a six thousand page book documenting smear campaign all around me and those I know.

One books is Pillory about cabbage thrown at me, when in fact I have not done wrong, but the appearance is I am being retaliated at,. Not so, often a Dopple of me, a Mimic HAS engage in wrongdoing linked to me to smear me.

Washington D.C. Coroner Cover-letter of Inter-jurisdictional Matter with Los Angeles County California

From: Edward Paul Donegan 500 N. 7th Street Austin Texas 78701

To: Washington D.C. Medical Examiner and Coroner 401 E St. SW, Washington, DC 20024, Los Angels Coronor and Medical Examiner, US Secret Service Dallas Texas, ARC of Northern Virginia

Subject: Washington D.C. and Interstate Cross-jurisdictional Los Angeles County California

Jen Moore former Tracy California police officer was found dead in D.C. Heights. Her death was likely homicide, very likely, very likely at the hands of those who had threatened her with death if she told the secret of my family she was disclosing.

Jen Moore formerly of Tracy California Police Department before later after employment working on CIA research files during Psychology training and researching money laundering occurring in one of the CIA projects

It is my opinion who at this moment am the only one who knows as much as she knew and her possible killer knew that the preponderance of evidence of the short amount I offer here on my family though voluminous meets a preponderance of evidence her death was politically and criminally motivated homicide and if the full evidence available is consider far beyond this initial request for an inquiry then a reasonable minds would find a certainty her death was homocide as the total context is considered and her on the record stating up to her death she would be silenced by murder if she stopped talking but simply decided to distribute files before her death and make recordings and copies in the months and days leading up to her death.

Should and investigation be opened as I am requesting a key piece of evidence would be visual examination of the exterior of 850 N. Randolph second floor apartment of Glorian and Edward Donegan that Jen Moore spoke of repeatedly overlooking it and the OSS CIA history of a certain family she was going to

disclose the identity of. In the books I written I have already done that for myself and placed Google Maps images of that location and surrounding park-way with the Jen Moore videos of that exact line of sight towards that apartment and the distinctive parkway drive in the background. A directory with pictures of the area is in the D.C. Medical Examiner CDROM submission folder.

Few know Jen Moore lived and only those few know she died, and I only know and possibly a few others know why she died, died trying to out the real motives and real State actors holding Government offices inside the USA and other nations who in tandem assassinated John F. Kennedy, Robert F. Kennedy, Dorothy Killgallen, and others and in so doing gained the powers of Constitutional and Political offices of the USA not the least of which were Vice President Richard Nixon and Zapata Petroleum oil-prospector George H.W. Bush and those who the CIA planned in those chess-board plans sleeper agents who would be CIA backed for the 21st Century as carefully selected globalists in long term business plans.

Veronica and I have been Targeted by Mobs and Mobs of Rumor Mongers

Stasi (or decomposition) is a system wherein a State or its officials are not allowed to impede writing a book, researching one, or distributing one but if they hide their actions including inciting or bribing others to impede that book the book can be stopped by the State covertly.

As to Stalkers fake scenes in public creating KOMPROMAT destroying lives and I recognize that in descriptions of the final days of Veronica Hoffman smearing her in various calculated ways and disingenuously created smears.

And to the goal of Stalking as it applies in this bully matter of abusive allegations heaped on her publicly.

John Stuart Mill, had this to say in the first chapter of On Liberty:

> Like other tyrannies, the tyranny of the majority was at first, and is still vulgarly, held in dread, chiefly as operating through the acts of the public authorities. But reflecting persons perceived that when society is itself the tyrant-society collectively, over the separate individuals who compose it-its means of tyrannizing are not restricted to the acts which it may do by the hands of its political functionaries. Society can and does execute its own mandates: and if it issues wrong mandates instead of right, or any mandates at all in things with which it ought not to meddle, it practises a social tyranny more formidable than many kinds of political oppression, since, though not usually upheld by such extreme penalties, it leaves fewer means of escape, penetrating much more deeply into the details of life, and enslaving the soul itself.
>
> Protection, therefore, against the tyranny of the magistrate is not enough: there needs protection also against the tyranny of the prevailing opinion and feeling; against the tendency of society to impose, by other means than civil penalties, its own ideas and practices as rules of conduct on those who dissent from them; to fetter the development, and, if possible, prevent the formation, of any individuality not in harmony with its ways, and compel all characters to fashion themselves upon the model of its own. There is a limit to the legitimate interference of collective opinion with individual independence: and to find that limit, and maintain it against encroachment, is as indispensable to a good condition of human affairs, as protection against political despotism.

A smear campaign causing private landlords of office leasors

not to lease or a library smearing a patron and leading to hostile incitation against the patron is just as good as a Judicial Order stopping a book, and a dead journalist or whistle-blower is just as good as An Order Of Censorship of Heresy.

These are the conditions of the USA and illegal acts on behalf of elite power holders.

First I should describe some of the CIA activities Jen Moore wished to disclose. In many cases she left names of people out but rarely did she leave names of US Government agencies out.

Smear Campaigns are designed used staged events as Psychological Warfare destroying people's lives, something those like Robert Mueller III and others assert are necessary FBI programs to prevent radicalized political groups from emerging, growing, inside the USA.

Much of the activity includes poisonings, black bag jobs, paid actors, etc., all of that I and probably her and certainly others have been victims of by undercover activities.

As a general rule the FBI and CIA will target activities in a person's life that are part of their core substantive lives and try to undermine that. Me as a book writer gets attacked in office or home office environments as I write my book about the FBI, CIA, their officials, and ties to the Kennedy assassinations.

One break-in occurred as I rented The Kings Speech a recent film about Prince Albert of York and I think his out of wedlock children, some in North Carolina. My timeline chapter amplifies on that point but assertions I make about our CIA and FBI officials most notably Mueller, Wray, and Burns tend to precipitate attacks and break-ins and targeting of me.

Smear campaigns against journalists or witnesses to government misconduct are loyalty to the high power figures who can use espionage systems to frame or kill witnesses to government misconduct.

It seems like nameless ethical activity that immigrant families, people from neighborhoods usually thought of as third world border towns or the ghetto or prison releases portray themselves as Good Samaritan protectors of abused women or minors as they set the trap for me, but the smear I had ever or intended or would have wanted to engage in what is alleged of me is political smear.

Further; Mobs Of Rumor Mongers work hard at insuring the rumor persists, it is the end goal in smear campaigns, not the resolution of the truth or falsity of the smear.

These are the facts as they exist on the records now and at the time of her death and before it and like the Zupruder film are coming years after the events in question but and the key questions still left over from those events James DiEuginio, Lisa Pease, and many others have long sought in connected deaths.

I Edward Paul Donegan SSN 022-46-3233 am now stepping forward now as a first hand witness and naming the other witnesses and disclosing the details of the case about my family history she was working on and the illegal operation of a slush fund from blackmailing over teen or tot exploitation that Jen Moor was describing government agency figures were engaging in.

I Edward Paul Donegan SSN 022-46-3233 am now stepping forward now as a first hand witness and naming the other witnesses and disclosing the details that her murder was a homicide, a homicide specifically to achieve the Obstructing Justice result of silencing witness like her and myself by a criminal cartel. That Cartel is using a money laundering scheme to destroy my life and end hers in furthance of Obstruction of Justice because both her and I can explain the Kennedy assassination as it ties to Donegan history, that Micheal Moore and Jen Moore were researching high level espionage operations and one of those of several operations was one in which Gambit children (children victimized by their own side in a conflict) are being used as funded false allegations against

Edward Paul Donegan because s Gullible person who will give in to blackmail and agree the allegation I harmed children has stolen my identity, and in the identity belonging to me will ask my trust fund or others managing my assets to pay out for the false allegations rather than fight them, thus destroying real Ed Donegan's life and credibility as the impersonator of him is childish, mentally ill, and a hazard to normal life and not to be considered credible. This all violates Title 18 Chapter 73 by smearing or assassinating either her or myself.

How did this money laundering work with Russian Dolls or other schemes as Jen Moore described? I support a united Europe not split between Roman Catholic and Protestant breaks with Orthodox Easter religions, and oppose war with Russia and its Orthodox Church. While the Vatican sees no aggression towards the East, the East and I do.

Treating me as a Russian spy under the influence of Russian or other models makes a fool out of me as do Gambit females under 18 who act like I am going to exploit them as they are planted im my vicinity.

I (or you might call it G superscript 3. The Guy, the Gullible, and the Gambit. A church group or others (perhaps one of Greg Abbots favorites or someone else's) sends Gambit females in very short t-shirts, gym shorts, etc., and Gullible retarded and despicable person acting as Ed Donegan by similar clothes only will victimize the Gambit peeking at her or taking a photo or asking for a photo of her. The Gambit female will glare at Ed Donegan how dare you and others with those grifters will jeer at me in hostile ways as if I am falling for a pedophile trap.

In a location away from me the appearance the Gull (who is in on the fraudster team, a Shill in a Long Con) will be confronted and then use my actual identity to ask representatives of me, perhaps blind conservator ship of me, to pay out the the alleged victim. That Gullible once having cleared his soul with confession will now have an adult model urge him to make adult women his objects of affection as therapy.

The record the Gullible who as me confesses to his misdeeds as mine pays for false allegations against me. Jen Moore and I both know the scheme, and she and I both no why the destruction of me reputations, life, and perceived credibility is necessary for elite people in Washington D.C., that reason is my family history outs there family history as connected to the Kennedy assassination, a history they wish to hide by burying witnesses.

OSS and CIA Hidden Identities and Glorian Donegan Revealed from YouTube vidoe of Jen Moore

Most John F. Kennedy and Robert F. Kennedy assassination history authors including death-bed confessions of participants in the assassination of Kennedy family members or other participants or those with access to classified and declassified records are now authoritatively and in unison including in academia authoritatively describing the Kennedy Assassination as an international agreement between world NGOs up to and including Catholic Gladio and James Jesus Angleton shadow CIA actors, Wild Bill Donovan and his CIA descendants, and thus now consider the entirety to be a Cabal, a Milieu, a large operation the JFK assassination and then cover-up of insider actions by globalists who just don't talk publicly about powers so great they can call a hit on a world leader, but such power does exist, is at the top of our major agencies, and in the cold war and later theorizes its Cabal insider self that its own

existence is needed for global planning on access to oil and energy, ocean routes, etc., for world security and peace and the anti British Kennedy family were a threat to the peace that could otherwise be achieved.

Jen Moore had access to this information as JFK did and the Donean family from Dorchester Boston Area Massachusetts did, most are dead now. I am the last living Donegan of a family at one of the the central most squares of this.

In 1902 the British did set out to study Borderline Personality Disorder. In an odd way the covertness of the activtiy helped British Imperialism not only by hiding the defect but in researching the defect those in “families” of Windsor descendants not known publicly as such and with no defects in their families made excellent Colonialism groomed leader choices.

One video Jen Moore posted was *The 3rd Reich & “The Artist” Infiltration into US Politics.* That video again points to hidden identity Kutchera descendant Glorian Donegan and again she is pointing her camera at the home of Glorian and Ed Donegan 2nd Floor 850. North Randolph St. Arlington VA 22203 and again it is the story of how Glorian Gainey [Kutschera] DNA seems to found its way into current US politicians during MKULTRA.

>
> I've been doing a series of interviews on another YouTube channel with farmer Jones and the interviews have to do with things such as mkultra the Vatican the Vatican's connection to the CIA how MKULTRA was started details about pre-world War one and what led into the Second World War and things like at the mk ultra program which many people have heard about talks a lot about

Jen Moore continues

Sigmund Freud [of Austria] who was kind of the

founder of MKULTRA or one of them he's known as the father of psychology the father of psycho psycho analysis different titles like that but his history has been sanitized and even most psychologists or doctors psychology do not know a lot of this history and I do for a variety of reasons

> Sigmund Freud was an Austrian neurologist and the founder of psychoanalysis, a clinical method for evaluating and treating pathologies seen as originating from conflicts in the psyche, through dialogue between patient and psychoanalyst, and the distinctive theory of mind and human agency derived from it.
>
> Freud was born to Galician Jewish parents in the Moravian town of Freiberg, in the Austrian Empire. He qualified as a doctor of medicine in 1881 at the University of Vienna. Upon completing his habilitation in 1885 he was appointed a docent in neuropathology and became an affiliated professor in 1902. Freud lived and worked in Vienna having set up his clinical practice there in 1886. Following the German annexation of Austria in March 1938 Freud left Austria to escape Nazi persecution. He died in exile in the United Kingdom in 1939. - Wikipedia

I'll get into and even going further into people like dr. Carl Jung it's Ju and Ji Young in theory theory is very well known the realms of psychology and psychoanalysis many people don't know is that mr. young was our doctor young was also Karl or Allan Dulles secret agent agent 488 and Allen Dulles was the founder of the CIA he originally was an OSS which was

our initial United States of America their intelligence service and then it moved into the CIA during and following World War two and Allen Dulles was the first director of that of the CIA his brother Lewis John Foster Dulles was also in there and Allen Dulles was a CIA agent at the time of JFK's assassination

so that is an interesting part that will come out as well so I've been doing a series of interviews with another YouTube channel farmer Jones who's been great on this history and what I know about MKULTRA and the Nazis and the development of the program in historical context to which it was built and why what were the kind of underlying motivations at that time and what was some of the really very disturbing parts that has been sanitized from our history in many ways

and so I've been doing a series of interviews I did my fourth today I believe on this history and as I've stated before in my videos I was a someone who enforced the law at for a pretty long time in some very dark places and I also had my degree in psychology a clinical psychology so I was involved in that as well so I came into this knowledge by combining a lot of that work also a lot of research but then I had a very interesting transition that led me to connect all these dots and that was I met a person in 2009 who was 79 years old she was the child of Hitler's top commandant [Franz Kutchera, actually niece of him] and her father owned all the theaters in Munich and Berlin around Germany

and back in those days the big screen movie theaters were very rare she was one of the kind of the elite German children on the Nazi side and so these theaters owned by the Kutschera famlily] were used to help indoctrinate the German youth and the Hitler Youth [singing pro nazi songs as an Aryan family] and also the German soldiers during the war and she was literally at the feet of Hitler [via Himmler and Franz Kutschera in Barron Von Trapp Salzburg home] during a lot of this

history from age you know early on

> Munich is the capital and most populous city of the German state of Bavaria. Munich to Salzburg is an hour and 20 minutes train trip. Salzurb also long had train routes out of the Alps that the Von Trapp family used in 1926 to leave Austria as Nazim increased.

but from age 8 through 17 when World War two really the bombs came raining in on Munich [really 1926] and she attempted to escape and was saved by American GI soldiers which is just a remarkable story of survival and she made it to the United States of America and became a very famous person in her own right (Sound of Music) and I'm not gonna name her at this point but for reasons that I can only guess would be a miracle from God that he would bless me with the chance to know this person and many of you may not believe and and all that and that's fine but it was my honor to truly meet her and hear her story and listen for about a year and a half from 2009 into 2010 as she turned 80 years of age and she passed away at that time

One of the specialties of the True Pundit's Moore was is money laundering a financial crime that may be tied to violent crime and the financial part of the crime is that one account is due or should hold assets for the possessor of the assets but through trickery and confusion of accounts others may access that value deceitfully.

Although Jen Moore did not name the church she asserted a church or churches were using a basement to teach children to act like victims of an abuser so that money laundering

organization(s) could assert Ed Donegan owner of the value of the trust fund meted out to him by trust managers could be robbed of those assets if someone seemingly Ed Donegan incurred a liability to those children or families.

This letter is among other places on a CDROM of data I am assembling for the Los Angels County California and District Of Columbia Coroner and smaller file I have broken out for excerpt from the larger also included files is Jen Moore explaining the Donegan family history and her intent to reveal it and its connection to the Kennedy assassination and British Monarchy though she died before actually using the Donegan name. She does in her videos explain this was part of the story of the Kennedy assassination and other earlier parts of world history.

If opened on the CDROM files system images should display with text included corroborating and illustrating statements in text only version of this letter the textaul description of the image is the caption of the image should remaining visible as text.

She did focus her camera on my mother's and my home to tell our story and I complete that and fill in the blanks she left, un-redacting them, before her death by homicide otherwise losing to history the story she was telling and the hidden identities involved.

At the time the following news item was written and the investigation was underway no witnesses were available to connect the facts then unknown and then to the other deaths and other available witnesses.

> Investigative Journalist Jen Moore was found dead in a suburban Washington D.C. hotel room Monday. August 20, 2018, according to police and shocked and distraught friends and colleagues.

> Moore died of an apparent seizure. Police are closely investigating the cause of death after former FBI Agent Robyn Gritz, a friend of Moore's, made inquiries with homicide detectives Monday afternoon in Prince Georges County, Maryland. Preliminary reports from police said the death was not the result of suicide.
>
> Moore's body was found by employees at the Country Inn & Suites by Radisson, Washington, D.C. East - in Capitol Heights, Maryland. The investigation is ongoing. An autopsy had not been scheduled as of late Monday.
>
> Moore, an advocate who investigated abused and trafficked children, had been in the process of investigating allegations by a 26-year-old man that - as a young boy - he was sexually assaulted by Bill Clinton and pimped out at private sex parties attended by other D.C. elites.
>
> In fact, just four weeks before her death, Moore filed details of the alleged victim's claims with the Department of Homeland Security, detailing the allegations against Clinton. Moore contacted Homeland Security beginning on July 6th through July 9th, records show. A week later, she contacted the FBI with identical details about the victim and the shocking allegations against Clinton.
>
> FBI sources report no case has been opened on the evidence supplied by Moore. Homeland Security officials could not be reached for comment. http://www.patriotortraitor.com/jen-moore/

I hope this new information available to you will lead to all the connected cases being understood in their entirety with sufficient cross-jurisdictional perspective. The updated revised and extended letter to Los Angeles Coroner and Medical Examiner and police agencies I a copying you on go into detail

of an OSS CIA history of the Donegan family and CIA plans from the Cold War that led into the Kennedy Assassination by interests within the United States and those perceived into today as allies of the USA.

Jen Moore a former Tracy California Police officer doing post employment work had access to very extensive CIA files that relate to me family and life and I can corroborate and also make accessible.

One way a person can know too much is that the person is a danger to corrupt officials and that was true and they had told her they would silence her and she credibly said she would not remain silent about the high power figures.

Santa Cruz Freedom Forum does not exist any more on Meetup.com but a message referred to Jen Moore's death, one of the few mentions of her ever to be found. It was posted contemporaneously as I was moving between Capitola California with William Ruiz of Capitola to im Vocelka of the Montery Bay. These mid California Monterey Bay towns below the San Franisco Bay area but north of Los Angeles California are idealic and in this area the Stalk was going on as Ted Gunderson describes Organized Stalking, as Jen Moore does and people targeted for harassment by Stalkers the same Stalking I assert targeted Veronica Hoffam and Tom Duham of California.

In the materials I posted publicly including YouTube videos, cell phone screen shots, records of William Ruiz made surreptitiously, access to financial data, and other evidence, Jen Moore was armed with what she needed to show the illegal operations.

Jen Moore was the former wife of Micheal "Thomas Paine" Moore a financial analyst who worked with the FBI and Treasury Department, CIA, and others in money-laundering and national security analysis in some of the world's largest banks until his life was destroyed by the FBI who turned on him.

A long running part of the sham illegal money-laundering operation confusing identities for improperly motivated trust fund payouts is attempts to link me or Tom Dunham or Veronica Hoffman to events we are not a part of. In the Additional Data directory of the D.C. Medical Examiner's folder of this CDROM intended for both the Los Angels and D.C. Coroners AdditionalDataFigure1 is one of hundreds of such records. Tom Dunham has found from news stories a November 18 birthday party was held for an impostor of Edward Paul Donegan who was later found by online research to be a Bagladeshi. The FBI raided the birthday party. As Tom Dunham and Edward Paul Donegan notes strewn items around our apartments visible to the public indicate we are waiting for teen entertainers or in my case even tots to be sexualized or exploited. The same occurs in states I have never been to, parties are held where a double of me is raided and found guilty of exploiting teens or tots and has to pay up in compensation and protection fees. Further adult models are provided to help the retarded dopple of Edward Paul Donegan realize adult women look better.

In Memorium Veronica Glenda Hoffman
November 7, 1979 ~ August 2nd, 2009

Place of death: Los Angeles, California

Veronica had been used in a scheme blackmailing restitution and protection racket money from a gullible pool area peeping tom person in the Identity of, using the identity of, but NOT Edward Paul Donegan to access Edward Paul Donegan's trust fund left by his mother Glorian Donegan

These parties are drug fueled and have happened hundreds of time at what I call Element B, after a teen was near me at one location the team that placed the teen and the mimic of me, the Dopple, all go to a separate location for the dopple to assume my identity, confess, pay up out of me trust fund, and get a high priced call girl to advance his developmentally retarded development with sex ed payed for by the trust fund or other behavioral care I never signed up for as treatment remediating the developmental defect. One explanation I heard that is consistent with what Jen Moore said is that the scheme has allowed FBI or others Glam Domme training lessons in Goth allowing for one of those FBI in beauty pageant scenarios wherein FBI or Deputy Sheriffs gain the cooth to infiltrate glamorous circles where Russians operate undercover. It appears purely prurient COINTELPRO bleeding a trust fund.

In short in a money laundering operation a gullible impersonator of Edward Donegan is developmentally retarded which I am not and as a developmentally retarded person is attracted to underage females which I am not and thus both has as needs a developmentally retarded tust fund to manage claims claims against him and pay them out, claims that destroy my life in secret and illegal COINTELPRO activity that protects the elites as I loose credibility, housing, jobs, home office, etc., because of real time and constant smear of me as the confessions of the mimic of me are swept through society poisoning my access to housing, etc.,

Jen Moore asserted and she was correct those have knowledge of my family history and the Kennedy assassination are being harassed and framed by COINTELPRO so the elites who kille JFK and RFK are protected.

The real intent of false allegations of abusing minors that arise when double of me are confronted at adult parties I believe is to convince, to incite, to instill the delusions of the general public I was seen in the vicinity of teens or tots, I seem to have confessed to or have been overheard from a neighboring room confessing to be being a predator, and I should be banned from housing, or bullied in the streets or elsewhere the police getting

the word out about me. This happens when police invite dominatrices and models to interrogation room overlooks as ride alongs to seeing confessions carried out. though the confessor isn't me and the adult entertainer or even member of the press may not know I am being doubled by a mimic.

The affect is I am kicked out of home, home office, attacks on my property for a what a double of me had done near me, and all my being ostracized seems a way to stop a sex offender predator. Nothing is more clear FBI work than these type of activities destroying the life of a person for political reason using phony child porn plants and my book is about the FBI and CIA.

This slush fund of parties Ed Donegan mimics go to and get caught at loses homes and officer over goes to the presidential level politics and while press reports focus on the Clintons Jen Moore spoke of that is some misdirection even Jen Moore may have fell for. The deeper history goes back to Congressman Nixon in Los Angeles 1946 through 1952 and the CIA military industrial complex even Eisenhower began to fear and regret, and MKULTRA under Vice President Nixon and his National Security Council and Fletcher Prouty going between the CIA Aland Dulles, State Department John Foster Dulles, and military under General Cabell, General Lansdale, and others.

A thank you card from Barrack Obama Jr. (groomed for the presidency as Joseph Kennedy Sr hoped for himsle or his children) was in one location I was staying at, it could not be de determined by me if it was mass produced, but I do believe the CIA has a long history on this as Jen Moore confirms and she had the actual printed docs on many of the governmental matters and operatives have said they work or worked for the CIA or Secret Service.

It is not my assertion nor Jen Moore's that Barrack Obama Jr. is a traitor or rather the traitor behind this large operation tied to the cold war and the 1950s and it is not possible he could achieved anything like this.

It is my assertion COINTELPRO is now used against witnesses to FBI office holding families or CIA office holding families that deep state corruption INCLUDING those who have direct evidence these agencies operatives had “fragged” JFK and did so for reasons entirely contrary to our theory of government and way of life, our theory of government.

An appeal to the Scientist of the Coronors Office and Medical Examiner to the Scientific Method.

Although procedures created to follow the Scientific Methods as offered by Logician and Scientific Philosopher Aristotle vary from one field of inquiry to another, the underlying process is frequently the same from one field to another or abstractly so or functionaly so.

The scientific method involves making conjectures (hypothetical explanations), deriving predictions from the hypotheses as logical consequences, and then carrying out experiments or empirical observations based on those predictions. A hypothesis is a conjecture, based on knowledge obtained while seeking answers to the question. The hypothesis might be very specific, or it might be broad.

- *Hypothesis: Powerful Business Imperialist Crime Families of Free Masons tied to England assassinated JFK and RFK and left a still being actively concealed trail of guilt*
    - Prediction: evidence exists and existed at the crime scene because it was such a public location with large crowds present

- Observation: Photographs of the Three Hobos turn out to be assassin Charles Harrelson, his family per my family story is connected to this, Col Prouty wrote the Guns of Dallas that VP Nixon who was defeated by JFK for POTUS was in Dallas as was Geroge H.W. Bush revealed as Zapata Oil CIA industrialism and many many other knwon factors as shown in the movie JFK.

- Observation: Many witnesses at the original crime scene have been intimidated or died since. *SILENCED! Strange Deaths Of People Who Knew Too Much About The JFK Assassination: 92 Witnesses, Researchers, CIA Agents, Police Officers, Reporters, Girlfriends Who Just Knew Way Too Much!* Kindle Edition by Ralph Thomas (Author) Format: Kindle Edition is one of many books on further hits including on RFK as he neared the presidency and would have linked facts together if he reached the oval office. HE was excluded from the JFK investigation on the theory he was too emotionally connected.

- Prediction: Insider leakers would eventually talk
    - Observation: St John Hunt spoke of his father E. Howard Hunt's deathbead confession, othes have as well.
    - Observation: Jen Moore had Government files clearly displayed that were insider information and Edward Donegan confirm that.
- Prediction: The Business Ties to the CIA motivating the assassination would be revealed in the fullness of history
    - Observation: United Fruit Company, Clay Shaw's International Trademart CIA ties, other information supporting the prosecution fo Claw Shaw has emerged from released CIA files. Theser are tied to the Dulles Brother's Devil's Chessboard under the CIA history would reveal also Sullivan and Cromwell, etc., to England and Wild Bill Donovan of London Espionage Averell Harriman

Special Relationship.

- Prediction: JFK Was assassinated to end Roman Catholic opposition to British Imperialism and replace JFK with British Imperialists

  - Observation: Nixon tied to Rockefeller and LBJ tied to oil and Saudi Arabia and Oil tied to Texas and Oil in Latin America and Gulf of Mexico replaced JFK and replaced JFK's opposition to business leading the Imperialist front of the old Feudal order like East-India Tea Company. The Bush Zapata Petroleum faction won as JFK died and the winning faction went on the the Oval Office and State Dept and FBI and CIA.

- Prediction: The Antithesis that Lee Harvey Oswald acted as Russia sympathizer would over time erode as more facts emerge

  - Observation: More and more evidence shows Lee Harvey Oswald was made to look like the assassin but was just a patsy.

The Dicatbelt recording; for instance, when analyzed by BBN revealed more shot and more quickly fired shots than could be attributed to Oswald alone.

What Jen Moore was asserting with my proof and proof from others in hand was that a secretive illegal operation was using stolen property rights achieved by child porn plants as both harassment of me and various other forms of profit since abuse of children is actionable and claims can be made against trust funds.

Veronica Hoffman had been looped into such an operation but later she was discredit, brought to ruin, and destroyed by covert group of plain clothes bullies who prank called her, etc, and literally drove her crazy and into an insane asylum over allegations of being harrased that she could not prove that left in a panicked state the pscyhiatrists could prove.

According to Jen Moore these actions of a gambit system making a victim out of a trained minor to act out the role of victim allowed illicit profiteering and also was part of a way of subverting Edward Paul Donegan who like herself have been trying to out higly placed figures in the US Government who are hostile to critics of government, government officials were created with CIA and FBI backing in the cold war, rose to power when JFK and RFK were assassinated, and now are being preemptively attacked just as the FBI always does with break-ins to homes, home offices, child porn plants, and a litany of illegal conduct termed COINTELPRO some like Brian Glick have described in The War At Home of espionage agencies in the US

tampering with politics and information about politicians.

Jen Moore's death is tied to Veronica Hoffman in Los Angeles from Bullying (also called Gang Stalking by abusive provocateurs) and in a letter to the Los Angeles Coroner and Medical Examiner I outlay in great detail as far as letters only go how this was tied to families OSS CIA history of WWII and later into the Kennedy Assassination. One piece of that story Jen Moore had special access to along with the CIA files was slush funds and money laundering.

I am including a CDROM with the Los Angeles coroner information that explains more fully the Kennedy assassinations connection and to you I am writing and including the information on money laundering and slush funds connected to the same matter.

Between the Los Angeles data directory and the Washington D.C., data directory each tailored to the recipient I hope the data will lead to further review of the causes of death.

Jen Moore in referencing these espionage activities spoke of Black Budgets, part of Black Opps that are kept secret, denied. But a better two terms I use as a lay person are slush funds and Black Markets, the places of illegal activities illegal proceeds are made in by corrupt espionage agents or agencies that are used at their own discretion without oversight.

I assert Veronica Hoffman of Los Angeles was drawn into this and then silenced as Jen Moore was. The scheme uses the Glorian Donegan Trust Fund to pay phony allegations I have harmed others and that I have been caught by neighborhood groups To Catch A Predator sting operations.

As an expert in money laundering that she and Micheal Thomas Paine Moore were following using a look a like of Edward Paul Donegan, myself, to first engage in misconduct towards minor taught to look like victims in order to bilk the trust fund of Glorian Donegan left for Edward Donegan and

thus destroy the life of Edward Donegan is a betrayal of Glorian Donegan and her and James Paul Donegan, my mother and father.

The susceptibility of Donegan family assets to being black marketed under financial racketeering was that there was a secret background to the family and that background has been enticingly intriguing to money launders and predators with false claims to the assets, and they will not relinquish the illegal conduct they are benefiting from.

In August I began writing Microsoft Word documents and creating and posting YouTube videos that showed the substance of the black market activities and gaining access to the trust fund of Glorian Donegan for value collection and re-marketing fo the heisted value with substantive evidence of the operation. My documentation allowed her can Captitola California some or all of my data then that should an impostor of me was falling for a To Catch A Predator Operation. That impostors acts including exploiting children in public with spy cams was linked to me via fraudulent documents Tom Duhnam and myself have cited and provided. These documents use similar look a like names with minor mispellings along with other data that is correct.

Within days of her having that data she was murdered and the black market activity still persists to this day and I have provided that data including forged Home Depot Records that may have been real sales in places I was not but not actually by me and in locations I was not in but the double was in and it is his locations the claims against my trust fund originate from, not my own actions and my own actions are the only actions my trust fund is liable for.

Some of these documents and materials on on the CDROM in the Greybears directory of the Washington D.C. directory and begin

> A pernicious Blackmail/Extortion ring has formed. The complexifying elements are that …

The data of material shows a gift card from Barrack Obama to an asset helping covert operations found and Veronica Hoffman herself assisting in the operation as she used feminine wiles to entrap the buffoon (gullible) person doubling for me who would confess to matters I have nothing to do with and allow via forged confessions claims against my trust fund I seem to be requesting go get me out of trouble but it is the Double in trouble for the Doubles acts and I or my trust fund don't have liability in truth of the matter.

Thus Jen Moore, and trust fund that because of OSS CIA history of world events has assets that can be black marketed if first gained under fraudulent claims is what Jen Moore knew was being done to my family because racketeers had in interest in my family and the phone claims against my trust fund have ruined me, likely part of the goal.

Subject: Los Angeles and Washington D.C. Combined or Cross Jurisdictional Interstate Investigation on Linked Deaths

Reading Level: Familiarity with Col Fletcher Prouty who

authored books on the Secret Team, CIA big Whig families who conspired to kill the Roman Catholic Irish descended President Kennedy over Defense Industrial Complex company (International Tradesman, United Fruit Company, among others, profits. Portions of that are internal to this memorandum to facilitate the flow of the document.

Subject: Linked Homicides connected through Edward Paul Donegan born in Los Angeles including *Robert F. Kennedy* and *Marilyn Monroe* and Hollywood reporter and Hollywood Squares celebrity *Dorothy Killgallen*, three other members of the *Kennedy family*, *Lee Harvey Oswald*, *Malcolm X*, *Martin Luther King*, and others as well including *John F. Kennedy* for a motive tied to my birth November 18 1961 and by November 18 1963 displaying symptoms of an Atomic Testing era genetics testing program, and the injustice and risk of the criminal actors who shot-called the assassinations still in power and abusing power in cover-up.

This is a Memorandum to the Press, Coroners, and to attorneys as I introduce the matter in wrongful death cases, Conspiracy Against Rights, and alleged wrongdoing by the FBI, CIA, and other organization and the unfolding of CIA and Dorchester and Marshfield Massachusetts Kennedy family history that is a shared series of events through Col Fletcher Prouty.

It is time to hear from Historians and Researchers, those who have read the books of Phillip Marshall, studied the Kennedy, King, Malcom X and Marilyn Monroe deaths, and alleged CIA roles in I assert connected disasters of Boystown Franklin Nebraska, WACO, McMartin School, and elsewhere.

Jen Moore (deceased) and Ed Donegan assert these are connected and public corruption inquest is warranted and the threshold of a probability of truth of a Super conspiracy about the CIA activities is emerging with death bed confessions of

those who participated.

Inquest retrieved from Wikipedia and copied or modified to here

An inquest is a judicial inquiry in common law jurisdictions, particularly one held to determine the cause of a person's death.[1] Conducted by a judge, jury, or government official, an inquest may or may not require an autopsy carried out by a coroner or medical examiner. Generally, inquests are conducted only when deaths are sudden or unexplained. An inquest may be called at the behest of a coroner, judge, prosecutor, or, in some jurisdictions, upon a formal request from the public. A coroner's jury may be convened to assist in this type of proceeding. Inquest can also mean such a jury and the result of such an investigation. In general usage, inquest is also used to mean any investigation or inquiry.

An inquest uses witnesses, but suspects are not permitted to defend themselves. The verdict can be, for example, natural death, accidental death, misadventure, suicide, or murder. If the verdict is murder or culpable accident, criminal prosecution may follow, and suspects are able to defend themselves there.

Since juries are not used in most European civil law systems, these do not have any (jury) procedure similar to an inquest, but medical evidence and professional witnesses have been used in court in continental Europe for centuries.

Larger inquests can be held into disasters, or in some jurisdictions (not England and Wales) into cases of corruption

This email will explain why Lee Harvey Oswald's last attempted phone call was to John Hurt in North Carolina and why Lee Harvey Oswald during his interviews while in jail told investigators about a Nazi connected group of people living in the USA, why that phone call was stopped, and why Richard Nixon's hit-man Jack Rubenstein recruited for MKULTRA in 1946 continuing OSS work begun during WWII in through the 1960' and was the assassin later too afraid to talk while in custody about killing Lee Harvey Oswald.

John David Hurt retrieved from https://www.findagrave.com/ and copied or modified to here

Ed Donegan - The reason Lee Harvey Oswald KNEW of the Von Trapp DNA issues, the creation of Barrack Obama Jr just turning 2 is he was IN ON THE WHOLE THING. CIA TSS OSS Assassination, working with the whole history of it, plans for commies.

John Hurt's residence in pictured 1940, when he was drafted into the Army Air Corp for WWII, was Roanoke Island, VA, and according to his records and statements, he was an agent in an Army Counterintelligence Unit in Europe and Japan for 3 years during this time.

This brings us up to an intriguing and enigmatic story

regarding Lee Harvey Oswald and his connection to John Hurt in Raleigh, NC which has famously come to be known as “The Raleigh Call“.

The call was being monitored by 2 FBI or Secret Service agents in an adjoining “listening room”. Ms. Swinney nervously took charge when Lee Harvey Oswald attempted to make a collect call to John Hurt in Raleigh. She plugged in the call but then blocked the microphone while she called the listening room to let the agents know Oswald was attempting to call out.

The next thing she did after speaking with the agents shocked Ms. Treon - she disconnected the call then told Oswald there was “no answer”. Alveeta later testified to the House Select Committee on Assassinations (HSCA) that Ms. Sweeney was behaving very anxiously and she felt, from her behavior, that the agents had pressured her to abort the call and tell Oswald there was no answer.

Immediately after she disconnected the call the agents came out of the listening room, thanked them and left. During the call, Ms. Treon could see Ms. Swinney making out a “call slip” - as was routine - with all the pertinent information about the call on it: caller, callee, phone number, town, time etc … but after Ms. Swinney went off duty and left the room, Ms. Treon could not find the slip - and in fact it has never been found.

During the call, even though Ms. Treon only listened in and didn’t speak to Oswald, she made out a duplicate call slip as a souvenir for her daughter who had requested she do so if Oswald tried to call out. Only later did she come to realize the significance of this call. She kept the slip and her story of the strange call private until moving to Missouri in 1965, where she mentioned it to a friend one day. He notified the Chief of Police, who was very interested in the case. Then national

reporters found out and did investigative journalism into the call.

Soon it became known as the “Raleigh Call” and was extensively researched by JFK researchers, most prominently by Prof. Dr. Grover B. Proctor, Jr., a historian, author and former university Dean (see his original research and videos on the Raleigh Call on his website: http://groverproctor.us/jfk/index.html), and later by the HSCA to whom both Ms.Treon and Ms. Swinney testified about the call in 1978.

JFK researchers and former CIA agent Vincent Marchetti believe Oswald was desperately trying to contact his intelligence “cut-out” (Hurt) who in turn would contact his handler to vouch for him as an intelligence agent or asset and/or bail him out. Oswald had become increasingly vocal about his arrest and innocence because, up to that point, no one had helped him and he was being denied legal representation by the Dallas Police Dept. He attempted to place the call late Saturday night 11/23/63, the day after he was charged with murdering President Kennedy and Officer Tippit and only about 12 hours before he himself was murdered by Jack Ruby.

JFK and Marilyn Monroe and Lee Harvey Oswald were about to talk about the Regime Change system that targeted Cuba and elsewhere. For those in foreign countries or even in the USA participating in illegal CIA acts, it was Skyfall. Lee Harvey Oswald was about to do the same as he explained his way out of being a Patsy setup by that same operation for Regime Change using Donegan family co-operation.

Conspiracy Theories did not start with the ignorant. Though mocked by the CIA, DHS, and FBI conspiracy theories started with the Warren Commission, House Select Committee on Assasinations, Church Committee, all of which subpoenaed

government records and obtained testimoney from material witnesses.

Presidential historians have built on these millions of pages of documents and I will rely on them as they have combed the LBJ, Nixon, and other libraries and I have combed the JFK online archives extensively, read the FBI files on Malcolm X (who we should not forget was assassinated in 1964 and who said in advance of that based on what he knew he would be assassinated,) the works of Prouty and others also drawn on declassified documents and testimony and statements from those who were directly involved.

Many indirect or subject matter expert witnesses have come forward including Houston Police Homicide holding a symposium around 1991 drawing on the extensive expertise their police agency had, had extensive access to records deeper than I have seen before on some matters, and their conclusions match the findings the Hobos from the train likely were CIA backed individuals and the Houston PD work released in PDF I was able to find information the military NATO style riffles that left the high-power round ballistics markings at Dealy Plaza was the probably source of the bloody nose of one of the hobos who needed Kleenex, sniper information shows high power shockwaves from muzzle velocities like that can result in bloody noses and have found evidence from Lisa Pease in A Lie Too Big To Fail that Robert F. Kennedy was told as Attorney General by the CIA some Cuban system of trickery made Belgium Nato sniper rifels (of the type irregular forces in NATO use for assasinations and match the description of a rifle type to fire the high calibre rounds unexplained at the Dealy Plazza scene) had been found among Cubans although the Cuban system of disguising them as Cuban Rifles for Cuban Military ufortunatly wore off as the FBI completed identifying the Cuban markings. This a day or so before the Hobos wo did not look like CIA mobsters except for the expensive shoes were pulled out of the train cars (with Havana cigars?) perhaps faking Cuban accents just as CIA pilots would do flying over Latin American airspace while in USAF uniforms. Really, its true. Same things in Bay of Pigs.

I have also searched and linked to and taken screenshots from Malcom X's own publications and extensive records on all those involved in the aviation based story of my family and the Kennedy connections.

In particular I have spent not hours but years watching documentaries of the figures involved televised today or online on YouTube or at other locations in which experts intermingle expert commentary with interviews with the subjects. For most who read any of my works that I watched documentaries on the Kennedy family and heard Rose Kennedy nee Rose Fitzpatrick) mother of John F. Kennedy explain the Kennedy family life in Boston, the Boston Tea Party history of Boston, being immigrants to Boston as my father's parents were, the British and British loving Charles Emmerson Winchester types the Kenneyd's had to put up with, and how much I heard of my father's deep emotions of that time and shaping his belief including not only anti royalty but anti big big business, and also shaping the Kennedy family fit exactly. Many have speculated there wa something about JFK being an Irish descended Catholic that made him a threat of some type to existing powers, I think Roman Catholic Irish Immigrant views I understand from Boston and Right to Life sanctity of life politics splitting from British assassination and subversion of governments is the correct thread of history to be looking at.

Probably at some point the intangibles are what for from deep resonance or chord within use that rings true to us, that fits, so much so it becomes something the covers a whole scene. That is not what I ask you to depend on as to my credibility though I have found that in Rose Fitzpatrick and Ted Kennedy, but do rely on the credible research I cite because this offered here is something in everyone's grasp by the depth and consistency of the history of Bostom the Kennedy's and the CIA and FBI in the Cold War.

The Assassination Archives and Research Center

The AARC was founded in 1984 in order to provide a permanent organization which would acquire, preserve, and disseminate information on political assassinations. Its initial holdings came largely from the personal library of AARC co-founder Bernard ("Bud") Fensterwald , Jr. and the documentary archive collected by his Committee to Investigate Assassinations, which he founded in 1969. Now augmented by materials donated by noted authors and researchers or obtained under the Freedom of Information Act ("FOIA") and the JFK Assassination Records Collection Act ("JFK Records Act"), the AARC holdings include:

Much of the existing work of the experts I have added expositive value to. For instance; Fletcher Prouty whose real name is Leroy but worked for the CIA assassinations team said Fort Deitrich CIA had come into his Pentagon office and demonstrated an umbrella that fired poison fetches from the ribs of the umbrella. In fact I researched that further and found that it is the same shell fish poison used in the 45 caliber heart attack handgun that was held up at the HSCA hearings rather famously and Prouty asserts was the role of the Umbrella Man very near the JFK limousiee.

The combination of a directly connected material witness (Prouty on Cabell and others and CIA techniques) available evidence widely reported such as photos of the Umbrella Man, and HSCA testimony confirming the two is the hallmark of Conspiracy Theory on any of these matters or issues.

"Routine" Destruction [of documents]

[Editor's Note: More of what's not in the JFK records. This new feature is a work in progress and refers only to materials for which we have documentation of official destruction. Item 2 The Army file on Harvey Lee Oswald. HSCA Final Report, I.C.5, p.223.https://www.maryferrell.org/showDoc.html?docId=800#relPageId=253

The Department of Defense deleted US Army information pertaining to Lee Harvey Oswald I assert likely was tied to his last attempted phone call to a former US Army intelligence officer who vetted refugees from WWII into the USA John Hurt.

The Von Trapp Singers were part of OSS and CIA propaganda, are tied to Donegan's, and the US Military said the records it held were not military records, probably true, thus what were likely Von Trapp OSS CIA files were destroyed by the US Army that my father served in US Army Air Force.

Those born in 1960 or 61 or later or earlier may have been CIA backed on those like our current CIA, FBI, and DOJ and political leaders part of plans to groom a cadre of CIA backed candidates on the fast track and big business was laying down these plans.

Complexifying history is Vatican II and Knights of Malta with especially in 1963 the Vatican working with Protestants and their subversion and assassination scheme opposed by the Kennedy's and many strict Roman Catholics especially those of Irish descent and Boston's abuse of Irish immigrants.

A papal conclave was held from 19 to 21 June 1963 to elect a successor of John XXIII, who had died on 3 June 1963. The cardinal electors assembled in Rome and, after six ballots, elected Cardinal Giovanni Battista Montini, Archbishop of Milan. He accepted the election and took the name Paul VI

Operation Gladio: The Unholy Alliance Between the Vatican, the CIA, and the Mafia by Paul L. Williams (Author), Michael Prichard (Narrator), Tantor Audio (Publisher) is another work I will refer to and leads to the Donegan family leaving the Church after 1963 and with a new Pope the CIA and Mafia and church activities desired by James Jesus Angleton are a new undisputed fact for the Vatican actions.

Former CIA agent Victor Marchetti later testified: In the 1950s and the 1960s the CIA gave economic support to many activities promoted by the Catholic Church, from orphanages to missions. Millions of dollars each year were given to a great number of bishops and monsignors. One of them was Cardinal Giovanni Battista Montini [who became in 1963 with CIA help) Pope Paul VI]. James Jesus Angleton in his OSS CIA history worked with the Vatican in these matters.

BIRTH OF P2 To protect the clandestine nature of Catholic Gladio and the other stay-behind units, meetings of the anti-Communist forces were conducted in Masonic lodges. Eventually, several “stay-behind” units in Italy evolved into covert Masonic organizations. One such unit became known as Propaganda Due, or P2.

The name P2 was derived from Propaganda Massonica, a lodge formed in 1877 by members of the Piedmont nobility in Turin. This lodge was distinctly different than most, since many of its members were Mafiosi and military officers, who were more concerned about political beliefs than other Masons. Initiates who entered Propaganda Massonica were threatened with “certain and violent death” if they revealed any of the society’s secrets. The presence of the Mafia among the lodge members guaranteed that this demand for omerta was not an idle threat.

John F. Kennedy was assassinated because he and Robert F. Kennedy had policy differences with an oil backed cold war GOP funded by the Rockefeller who say the State Dept in conjunction with Espionage overthrow of foreign governments

that was the basis of cold war iron curtain theory; undermining Latin American and Eastern European or Pacific Ocean communist satellites secretly.

The plan was to remove Kennedy from power, take power, and conceal the assassination while implementing the changed policies.

A Farewell To Arms by Ernest Hemingway (who worked for the CIA in certain ghost stories) was based on Hemingway's own experiences serving in the Italian campaigns during the First World War. The inspiration for Catherine Barkley was Agnes von Kurowsky, a nurse who cared for Hemingway in a hospital in Milan after he had been wounded. He had planned to marry her, but she spurned his love when he returned to America. Kitty Cannell, a Paris-based fashion correspondent, became Helen Ferguson. The unnamed priest was based on Don Giuseppe Bianchi, the priest of the 69th and 70th regiment/

A Farewell to Justice by Joan Mellen is a excellent book about Jim Garrison's investigation and prosecution of Clay Shaw for the CIA backed assassination of JFK. She notes one of the first early clues Jim Garrison had was Hale Boggs the representative from Louisiana indicated to Garrison that Lee Harvey Oswald worked for the FBI and US Customs and the theory is well supported by extensive surviving records and details though many records were destroyed or remain classified.

I have listened to the rare J. Edgar Hoover phone call recording between himself and newly sworn in Lyndon B. Johson as to investigators to the assasination and the Nixon Ford wing of the Replican Party was quickly mentioned. The inclusion of spymaster Allen Dulles as an investigator was little more than a man on the inside with access to inside information about the workings of the investigation.

But most troubling and this sets up the section of this memorandum on Thomas Hale Boggs Sr is that Prouty outlines as does Madsen an extensive world-wide and government and

NGO wide subversion and overthrow scheme involving Kenya, Indonesia, and Malcom X, Malcomx X recruited by J. Edgar Hoover of the FBI who as a master free mason at 26 was a long time well connected global figure in global espionage.

With the State Department, USAID, CIA, likely Vatican, Crane Group tied to Indonesia, the Peace Corps and Seargent Shriver and so many others such as the Bush family. it seems from my research Richard “Dick” Chenney too, Donald Barr, and many others, it was likely a fairly well known plan in national security circles were he dispute was, and people like Thomas Hale Boggs Sr based on their sources were closing in on J. Edgar Hoover, Angleton and others. My family history fitting into this is not only consistent with that it is the very center of the matter.

Thomas Hale Boggs Sr. (February 15, 1914 - disappeared October 16, 1972; declared dead December 29, 1972) was an American Democratic politician and a member of the U.S. House of Representatives from New Orleans, Louisiana. He was the House majority leader and a member of the Warren Commission.

U.S. House of Representatives House Majority Leader In office January 3, 1971 - January 3, 1973 Deputy Tip O’Neill Speaker Carl Albert Preceded by Carl Albert Succeeded by Tip O’Neill

This fits my assertion in this matter that from 1946 to 1960 former US Navy Commander Richard Nixon was a Rockefeller aka Standard Oil and Navy and Military Industrial Complex Marshal Plan cold warior who as Vice President in 1952 installed the Dulles brothers as Secretary of State and Central Intelligence Agency as Dean Rusk worked in the Rockefeller Foundation, later Secretary of State upon the death of John Foster Dulles about 1960.

Most reports were that the VP President Nixon operative did not fully brief John F. Kennedy into the mostly British plans for

subversion via the NSC under Nixon and per Joan Mellen it was Lee Harvey Oswald who as a Customs agent was investing David Ferrie and not the other way around and that fits Nixon's group continuing Regime Change and exporting weapons and revolutions against JFK and RFKs directives including the assassination of the Roman Catholic President of Vietnam, opposed by JFK and Henry Cabot Lodge.

When Ferrie was assassinated who had turned States evidence under Garrison INCA put up a reward to find the killers despite the conflict of interest that Joan Mellen points out as she tells the tale. Edward Butler headed right wing The Information Council of the Americas a CIA backed propaganda Group Jaun Valdes was connected to, an associate of Lee Harvey Oswald, and worked with Mary Sherman and her CIA virus and DNA lab. Garrison had learned Mary Sherman had donated to INCA where the anti-Castro training camps were held. If the CIA were to put out a reward for the tip from tipsters the tipsters lives were in danger.

The CIA refused orders including Stand Down orders.

In 1972, while still majority leader, Boggs was on a fundraising drive in Alaska when the twin engine airplane he was traveling in (along with Alaska congressman Nick Begich and two others) disappeared en route from Anchorage to Juneau, Alaska. This was a critical time as Watergate was breaking Ireland was exploding literally into street violence war, Angleton was being fired by Colbery, J. Edgar Hoover had died, and other upheavals were occurring such as the loss of the Vietnam War.

Boggs was the youngest member of the Warren Commission, which, from 1963 to 1964, investigated the assassination of John F. Kennedy. Boggs has been reported to have differing positions regarding the Warren report. Based upon Office of the House Historian and Clerk of the House Office of Art and Archives, Politico reports that "Boggs dissented from the commission's majority report which supported the single bullet

thesis - pointing to a lone assassin. Boggs said he “had strong doubts about it”. -wikipedia

The Kennedy Autopsy 2: LBJ’s role int the assasination by Jacob G. Hornerberger is a book I have read and as with the masses that have read it as well I also find it credible like his first book. On page 59 Ford’s role in the magic bullet theory is discussed. “Warren Commissioner Gerld Ford simply moved the entry point of the bullet from the right shoulder to the back of the neck [of JFK] to make the magic bullet theory more palatable.” Per Hornerberger and others the autopsy diagram clearly shows the right shoulder of the president the entry point in question.

In April 1971, Boggs made a speech on the floor of the House in which he strongly attacked Federal Bureau of Investigation Director J. Edgar Hoover and the whole of the FBI.

That led to a conversation on April 6, 1971 between President Richard M. Nixon (37th President of the United States In office January 20, 1969 - August 9, 1974) and the Republican minority leader, Gerald Ford. Nixon said that he could no longer take counsel from Boggs as a senior member of Congress. In the recording of this call, Nixon asked Ford to arrange for the House delegation to include an alternative to Boggs. Ford speculated that **Boggs was either drinking too much or taking pills that were upsetting him mentally**

April 6 1971 https://www.nytimes.com/1971/04/06/archives/boggs-demands-that-hoover-quit-accuses-fbi-of-tapping-congressmens.html

Ford was born Leslie Lynch King Jr. on July 14, 1913, at 3202 Woolworth Avenue in Omaha, Nebraska, where his parents lived with his paternal grandparents. He was the only child of Dorothy Ayer Gardner and Leslie Lynch King Sr., a wool trader. His father was the son of prominent banker Charles Henry King and Martha Alicia King (née Porter). Gardner separated from King just sixteen days after her son’s birth. Like Trusedale and other well funded robber barrons details are not offered here

but Gerald Ford's family may be tied to very old roots related to this story as indicated non-conclusively elsewhere but the indications are so. The evidence here is weak but should be noted.

WASHINGTON, April 5-The House Democratic leader, Hale Boggs of Louisiana, called today for the resignation of J. Edgar Hoover, director of the Federal Bureau of Investigation.

"I ask that Mr. Mitchell, the Attorney General of the United States, have the courage to ask for the resignation of this man," Mr. Boggs told the House.

He accused Mr. Hoover and the bureau of tapping the telephones of members of Congress and of stationing agents on campuses to spy on students and faculty members. He said these were "the tactics of the Soviet Union and Hitler's Gestapo."

[In Key Biscaylle, Fla., where he is vacationing, Attorney General John N. Mitchell defended Mr. Hoove, denied the wiretapping charges and said Mr. Boggs should apologize, United Press International reported.]

Mr. Boggs did not elaborate on his wiretapping charges in his speech. An aide said later that the Democratic leader would stand by his statement.

A spokesman for the bureau promptly denied that the F.B.I. tapped the telephones of members of Congress.

Mr. Boggs is the second member of Congress to accuse the bureau publicly of tapping Congressional telephones.

At a political dinner March 19 in Denver, Senator Joseph M. Montoya, Democrat of New Mexico, said: "There is wiretapping on Capitol Hill of the telephones of Senators and Congressmen."

Senator Montoya was not available today for further

comment. A spokesman in his office said that the Senator had said that it was “common talk and common belief” in the Senate cloakrooms that the telephones of “a good many Senators” had been tapped.

Representative Boggs of Louisiana was a vital resource to Jim Garrison on National Government activities in Lousiana, in Dallas, and other locations, the Warren Commission on which Boggs served with Ford, data on Cabell, Shaw, the CIA, FBI office in Louisiana with the Fair Play for Cuba office of Oswald as well.

Getting the Zupruder film was essential too.

The Zapruder film frames that were used by the Warren Commission were published in black and white as Commission Exhibit 885 in volume XVIII of the Hearings and Exhibits. Copies of the complete film are available on the Internet. One of the first-generation Secret Service copies was loaned to the Federal Bureau of Investigation (FBI) in Washington, D.C., which made a second-generation copy. After studies of that copy were made in January 1964, the Warren Commission judged the quality to be inadequate, and requested the original film. Life brought the original to Washington in February for the Commission’s viewing, and also made color 35mm slide enlargements from the relevant frames of the original film for the FBI. From those slides, the FBI made a series of black-and-white prints, which were given to the commission for its use, and getting J. Edgar Hoover’s participation in the prosecution rather than FBI obstruction of the prosecution.

Again Thomas Hale Boggs Sr. (February 15, 1914 - disappeared October 16, 1972; declared dead December 29, 1972) was an American Democratic politician and a member of the U.S. House of Representatives from New Orleans, Louisiana and information on JFK and the Kennedy assassination was critical to Garrison in the prosecution of Shaw that Boggs not only seems to have supported but initiated.

On March 1, 1967, New Orleans District Attorney Jim Garrison arrested and charged New Orleans businessman Clay Shaw with conspiring to assassinate President Kennedy, with the help of Lee Harvey Oswald, David Ferrie, and others. On January 29, 1969, Shaw was brought to trial in Orleans Parish Criminal Court on these charges. On March 1, 1969, a jury took less than an hour to find Shaw not guilty. It remains the only trial to be brought for the assassination of President Kennedy.

In October 1964, the U.S. Government Printing Office released 26 volumes of testimony and evidence compiled by the Warren Commission. Volume 18 of the commission's hearings reproduced 158 frames from the Zapruder film in black and white. However, frames 208-211 were missing, a splice was visible in frames 207 and 212, frames 314 and 315 were switched around, and frame 284 was a repeat of 283. In response to an inquiry, then-FBI director J. Edgar Hoover wrote in 1965 that frames 314 and 315 had been swapped due to a printing error, and that that error did not exist in the original Warren Commission exhibits. In early 1967, Life released a statement saying that four frames of the original (frames 208-211) were accidentally destroyed, and the adjacent frames damaged, by a Life photo lab technician on November 23, 1963. Life released those missing frames from the first-generation copy it had received from the film's original version; the Zapruder frames outside the section used in the commission's exhibits, frames 155-157 and 341, were also damaged and were spliced out of the original rendition of the film, but are present in the first-generation copies.

In 1966, assassination researcher Josiah Thompson, while working for Life, was brought in to examine a first-generation copy of the film and a set of color 35mm slides made from the original. He tried negotiating with Life for the rights to print important individual frames in his book Six Seconds in Dallas. Life refused to approve the use of any of the frames, even after Thompson offered to give all profits from the book sales to Life. Following its publishing in 1967, Thompson's book featured some very detailed charcoal drawings of important individual frames, plus photo reproductions of the four missing ones. Time

Inc. filed a lawsuit against Thompson and his publishing company for copyright infringement. A U.S. District Court ruled in 1968 that the Time Inc. copyright of the Zapruder film was not violated by invoking the doctrine of fair use. The court held that “there is a public interest in having the fullest information available on the murder of President Kennedy, saying that Thompson “did serious work on the subject and has a theory entitled to public consideration” and that “the copying by defendants was fair and reasonable.”

Joseph Kennedy Sr - - was a 1900s newly graduated Irish American Roman Catholic Democrat who along with others like Cardinal Spellman felt the need to work with the British in business rather than oppose them if he was to be successful world-wide and was able to convince William Randolph Hearst and others to do so as well and worked under FDR in WWI as a steal company liaison to Undersecretary of the Navy FDR and was later FDR’s pick for Ambassador to England heading into WWII though Joseph Kennedy Sr had married Roman Catholic Irish Boston marrying Rose Fitzgerald and raising Irish history aware Roman Catholic Children.

Lyndon B. Johnson - - another Democrat serving as Vice President under John F. Kennedy formerly in the US Senate working with the CIA, Senator Prescott Bush, and others, had a similar plan. Looking at economics rather than religion he felt ties with the oil industry were in the USA and Britain’s interests and sided with the oil business too. Researchers into LBJ’ career and wealth show a pattern of profitable corrupt entanglements with special interests.

James Paul Donegan retrieved from Obituary,com and copied or modified to here

James Paul Donegan, 86, of Lincoln, Calif., originally from Dorchester, Mass., died Oct. 13, from injuries following an accident. Jim leaves his wife, Sue Ann of Lincoln; two sons from his first marriage, Thomas of Provincetown, Mass., and Edward of Arlington, Va. He also leaves a sister, Mary “Betty” Connolly of Atlantic Beach, Fla.; and a brother, Robert of Marshfield, Mass. He served in the Army Air Corps in Europe during World War II and later flew many combat missions as an Air Force fighter pilot over North Korea. Following the war, Jim joined TWA and spent the next 35 years as a pilot captain. His career took him over many of their domestic and international routes. Upon retirement, he met and married his adored wife Sue Ann and together they settled into an idyllic outdoor lifestyle, dividing their time between their Walnut Creek, Calif., condo, and hiking and skiing at their home in the High Sierra town of Truckee. A celebration of Jim’s life is planned later this month in Lincoln for his friends and family.

James Paul Donegan my father was the son of Irish immigrants to Boston, parents who suffered extreme humuliation and discrimination in the early Twentieth Century in Boston. It appears they knew the Kennedy family from St Aidans Church where my grandmother socialized and that connection helped my father into the Army Air Force and may have connected the Prouty’s and Donegan’s very early.

> Many people think of Massachusetts when they think of cranberries. Cranberry farming started on Cape Cod in the mid-1800's and Massachusetts continues to grow an excellent crop of native berries. Massachusetts ranks second in the nation in cranberry production with more than 14,000 acres in production. Importantly, the cranberry industry helps to conserve open space since growers own more than 60,000 acres of uplands that are associated with their farms. There are many ways to experience the health of cranberry as well as the natural beauty of the cranberry harvest.

It was on these cranberry fields flooded intentionally and frozen over the Prouty family and Donegan family would ice skate on, the VW Beatle edged forward until its front tires failed to break the ice, the ice thick enough for the children to skate on and their skates laced up for them.

painting of cottages on cranberry fields yields rewarding google image searches on Boston, Nantucket Island, and as a write I have always wanted to return to that, and cow manure Texas ranching was said to be an uncomfortable juxtaposition to JFK as he courted LBJ for Vice President.

We need not consider the issue of Cranberry money affecting politics but we should be alarmed at Saudi money and most authors on this subject have been assassinated one named Phillip Marshall a CIA pilot I will discuss later.

Many of the subplots my written works detail and this memorandum summarizes is that the big picture was regime change run by 1950s oil money from the oil plains including Texas and Arkansas and what we experienced and lived amongst.

Most of the regime change activity tied into Nixon and the OSS and CIA was funded by oil and Lyndon B Johnson of Texas and the Bush family of Texas were said to be a puppet of that

industry, LBJ the V.P under President JFK.

I will rely heavily on Ted Gunderson and his CIA and FBI files and operational research on this publicly and privately and his connection to these matters and Los Angeles, Dallas, and other locations including serving in Washington D.C. with the Kennedy's in the FBI DOJ and LBJ working the Kennedy assassination as the Whitehouse liaison to this complex story.

http://tedgunderson.info/index_htm_files/Techniques%20Used%20to%20Silence%20Critics.pdf is one of the documents he wrote on the string of deaths and attacks on him that occured following the Kennedy assasination.

This long memorandum setting historical contexts of events long gone will explain why a cover-up is needed today by today's most powerful politicians about the CIA, FBI,and other organizations who from within co-operated with the Kennedy assassination out of political differences with that Irish descendant Roman Catholic family and do so tracking my families OSS and CIA and military history through that events line.

It asserts a criminal harassment attack upon me and others including Jen Moore and that conspiracy is being used to protect government corruption that is projecting its abuse of power from government offices corrupt government officials hold.

Central to this story line that Jen Moore and Ed Donegan have had documentation of is a team of Confidential actors gained control of the leasing of his apartment and various elements of criminal conspiracy were moved into position and began the conspiracy they were in place for. A mimic of Ed Donegan would commit acts of child abuse from a "treehouse" apartment though it was only staged I was doing that, the Mimic was. The Mimic was retarded and disabled and would both as detection and therapywould have encounters with sex workers who would discover child porn but them offer adult female sex

workers therapy sessions as remediation. That mimic of Ed Donegan has a similar appearance and similar apartment. Documentation fraud through the leasing company assisted confusing the actions of Ed Donegan who did have a trust fund and the mimic of Ed Donegan who did not have one but used Ed Donegan's trust fund for restitution of flase claims of abusing children and for paying for sex education services.

Evidence of that Jen Moore did have and I still have is on the distribution CDROM I am providing to investigators and includes witnesses other than myself.

"Fraud" is any activity that relies on deception in order to achieve a gain. Fraud becomes a crime when it is a "knowing misrepresentation of the truth or concealment of a material fact to induce another to act to his or her detriment" (Black's Law Dictionary).

Legend is specific fraud produced by Espionage agencies. Legends or backstories if you call them that are falsities about a person, an espionage agent, a victim of espionage, or both, and the legend is supported often by falsified documents, disinformation about events, information from dopplegangers who impersonate the real person, etc., and those who Jen Moore and I are outing are a Conspiracy to defame Ed Donegan with disingenuous and carefully planned carefully engjneered carefulliy acted out smearing of him as another pretending to be him or athorized by him will confess to misdeeds he Ed Donegan has no role in and would be out of character for him.

This memorandum will further explain the letter I have written naming the names Jen Moore left out when she told the stories without the names.

It is also an open letter and is continuously updated and distributed to inform the people there is an answer available to long sought questions, questions so troubling, they often remain our medias most unexplored forbidding zone.

I assert very long term planning for regime change has included grooming (as elite schools do) qualified candidates on carefully planned career tracks but instead CIA and FBI plans for getting sleepers positioned around the world from insider families to the CIA or FBI but often with changed names and altered or hidden family records to eliminate suspicion of the sleepers.

Most of us at some time or another have nightmares. Showing up to school naked having forgotten to put on clothes. Deep Cover espionage agencies have different nightmares.

> **Sleeper**
>
> Agent living as an ordinary citizen in a foreign country; acts only when a hostile situation develops.
>
> **Skyfall**
>
> It's the Swedish term for 'extremely heavy rain', specifically when there's a lot of precipitation over a short period, so in English you could translate it as 'downpour' or 'cloudburst'.

The British and the CIA had sleepers in the USA and for Indonesia and elsewhere, CIA and FBI assets in place for overthrow, connections to groups inside foreign countries to control those countries from within England and the USA.

Nowhere to run, a blanket of exposure as big as the sky falling.

"*Bombshell: The Night Bobby Kennedy Murdered Marilyn Monroe* tells the essential truth of the death of Marilyn Monroe at the hand of Robert Kennedy" is a book from insider LAPD files and

I think is correct in that a homocide occured but I assert Max Jacobson and Normand Hodge who provided a fake photo were the real assasins who staged the fake photos or Marilyn's death scene. Mike Rothmiller and Douglas Thompson are meticulous and thorough in their research RFK and Peter Lawford and Dr Greenson were present in the area but I assert on other evidence the actual killers were the CIA backed assassins I mentioned earlier with Lawford and Greenson and RFK as failed support for Marilyn Monroe as she stood against the CIA.

This memorandum summarizing my books and others books is more complete than anything written by Col Prouty and his works for reasons of oaths of secrecy he could not reveal and also matters of friendship he was not allowed to reveal and his being a part of CIA activities as Liaison left him with liabilities for CIA conduct (however connected he might have been to certain activities) should they have been disclosed then or later.

St John Hunt son of CIA officer E. Howard Hunt (who was an assasin inovlded in regime change) relates his father confessed to assassinating JFK along with others in a plot formed with William King Harvey of the CIA and that he St John Hunt recognizes his father E. Howard Hunt as one of the Hobos pulled from a train car on the other side of the Grassy Knoll where shots were heard emanating from across the grassy knoll to reach JFK.

The CIA and US military assassinated JFK. There is a period at the end of that sentence, historians know now if the rest of the world does not.

The sounds of loud gunshots did come from the Grassy Knoll. Like the bullets did as they reache the Dealy Plaza area. But they eminated, originated, from further away, the train yard beyond the Grasy Knoll where the hobos shot from and to facilitat this long range firing with NATO Belgian made special forces rifles the limo was slowed or stopped an JFK parralized as the gunsights foun his still head.

Robert Aime Maheu (October 30, 1917 - August 4, 2008) was an American businessman and lawyer, who worked for the FBI and CIA, and as the chief executive of Nevada operations for the industrialist Howard Hughes. -Wikipedia

No matter what source of documents which historians accounts are based out of most well research books funnel through the lives of Maheu, McCone, Lansdale, the Cabell brothers, Dulles brothers, James Jesuse Angleton, Bissle Jr., and the Bush family since Prescott Bush in the US Senate and part of MKULTRA helped create the regime change plans and covert mafia groups that later turned onJ JFK and RFK and Ted Gunderson and others.

“The Net interprets censorship as damage and routes around it.” Internet pioneer John Gilmore was first quoted saying that in the pages of TIME Magazine in 1993.

Mark Gorton of Napster BitTorrent sharing technology was part of the 1990s movement that encouraged like Archive.org (the Wayback Machine) archiving of news and other materials. Of course MP3 got archived quite a bit on music lovers computers and like with Archive.org the whole thing may now or did comedown, but he like I read lots of alternative news his whole life, not just big media companies.

He holds the position most historians now hold though he had been intensely criticized. I do not know if he has any first hand witness connections to this but his articles are included on the CDROM and directly summarize the entire matter.

Office of Naval Intelligence retrieved from Wikispooks and copied or modified to here

Founding

ONI was founded by the Secretary of the Navy, William H.

Hunt with General Order 292, which read:

> An "*Office of Intelligence*" is hereby established in the Bureau of Navigation for the purpose of collecting and recording such naval information as may be useful to the Department in time of war, as well as in peace.
>
> To facilitate this work, the Department Library will be combined with the "Office of Intelligence," and placed under the direction of the Chief of the Bureau of Navigation.
>
> Commanding and all other officers are directed to avail themselves of all opportunities which may arise to collect and to forward to the "Office of Intelligence" professional matters likely to serve the object in view.

9/11 Attack

Noting that the plane that hit the pentagon made a very difficult 330 degree corkscrew turn before hitting the pentagon to crash into the ONI, E. P. Heidner concludes that "the Office of Naval Intelligence in the Pentagon, which sustained a direct hit that day, was without a doubt, a target that was pinpointed for destruction".

E.P. Heidner is a former employee of the Defense Intelligence Agency's Office of Naval Intelligence and followed the money.

Mark Gorton notes that the ONI was "investigating a gold price fixing/gold laundering scheme that could have implicated the Bush Syndicate. Also killed in the Pentagon on 9/11 were a large number of budget analysts and accountants who may have been looking into the $2.3 trillion of unaccounted military spending that Donald Rumsfeld announced on Sept 10th,

2001."[2] E. P. Heidner suggests that the ONI may have been *targeted* as a way of keeping them quiet about *Project Monarch* of MKULTRA.

Joan Mellen's well respected work regarding New Orleans prosecutor Jim Garrison bring Clay Shaw of the CIA to trial over JFK's assasination is described as follows.

About this edition ISBN:9781574889734, 1574889737

Page count:547 Published:2005 Format:Hardcover Publisher:Potomac Books Original from:the University of Michigan Digitized:September 19, 2008 Language:English Author:Joan Mellen

Working with thousands of previously unreleased documents and drawing on more than one thousand interviews, with many witnesses speaking out for the first time, Joan Mellen revisits the investigation of New Orleans district attorney Jim Garrison, the only public official to have indicted, in 1969, a suspect in President John F. Kennedy's murder. Garrison began by exposing the contradictions in the Warren Report, which concluded that Lee Harvey Oswald was an unstable pro-Castro Marxist who acted alone in killing Kennedy. A Farewell to Justice reveals that Oswald, no Marxist, was in fact working with both the FBI and the CIA, as well as with U.S. Customs, and that the attempts to sabotage Garrison's investigation reached the highest levels of the U.S. government. Garrison interviewed various individuals involved in the assassination, ranging from Clay Shaw and CIA contract employee David Ferrie to a Marine cohort of Oswald named Kerry Thornley, who at the very least was a Defense Intelligence Agency asset. Garrison's suspects included CIA-sponsored soldiers of fortune enlisted in assassination attempts against Fidel Castro, an anti-Castro Cuban asset, and a young runner for the conspirators, interviewed here for the first time by the author. Building upon Garrison's effort, Mellen uncovers decisive new evidence and clearly establishes the intelligence agencies' roles in both a president's assassination and its cover-up, set in motion well before the actual events of November 22, 1963.

End Book Description

Biography of Thornley by Spartacus Educational - Kerry Wendell Thornley met Lee Harvey Oswald while in the United

States Marines in 1959. Later that year Thornley was transferred to Atsugi in Japan.

In 1962 Thornley wrote a novel called The Idle Warriors about a disgruntled marine who defects to the Soviet Union. The book was based on Thornley's knowledge of Oswald. The following year Thornley moved to New Orleans where it was claimed he associated with Guy Banister, David Ferrie and Clay Shaw. Oswald was also living in the city at that time but Thornley insisted that the two men never met during this period. The two men were also both in Mexico City in September 1963. - end biography

It continues to be my Edward Paul Donegan's assertion that the airbase in Japan my father flew reconnaissance out of during the Korean War in the F-86 and where Francis Gary Powers flew the U2 out of is another intersection of air force history that Lee Harvey Oswald, James Donegan, GLorian Donegan, Col Prouty, and Howard Hughes and RKO and Mahue all intersect at, cold war propaganda glory about the Air Force and the FBI in the cold war and defectors.

The FBI were aware of Thornley's novel and so after the assassination of President John F. Kennedy he was asked to testify before the Warren Commission.

Jim Garrison later claimed that Thornley and Lee Harvey Oswald were involved together in covert CIA operations. He also argued that Thornley had impersonated Oswald between the years 1961 and 1963. In his book On the Trail of the Assassins (1988) Garrison insists that Thornley was friends with another possible conspirator, Johnny Roselli.

Why should we believe her or Col. Prouty and the photographic and video evidence or now the so many others that show a cove-up of the CIA's activities and role in the Kennedy assassination.

Let us begin with who Col Prouty was and why he accused the

CIA, Lansdale, Cabell, and others of assassinating JFK from his extensive insider knowledge of the CIA and the figures involved in the assasiation.

Col Prouty wrote *Guns of Dallas*, *JFK* and *Secret Team [of assassins internal to the USA that killed JFK]* and *Nixon and Indonesia*, truthful and previously unconnected articles on the CIA. He also consulted extensively with Clay Shaw prosecutor Jim Garrison in Orleans Parish where the United Fruit Company and INernational Trade Mart and Reily Coffee Company's CIA leaning operations for Latin American overthrow were based out of.

Edward Paul Donegan myelf and others now can connect it all. I used to as a child skate with the Prouty's on flooded cranberry fields in the Marshfield area of Boston as a young child and air force backgrounds of the Prouty's and Donegan's now overalp at important points including Atsugi air base.

The Indonesia plan of 1958 and forward outlined by Prouty conceived of under Vice President Nixon 1958 was similar to other plans (Cruz family in Cuba groomed as possible leaders) and Barrack Obama Jr for Indonesia and Lee Harvey Oswald was privy to them and connected to them both.

L. Fletcher Prouty (1917-2001), a retired colonel of the U.S. Air Force, served as the chief of special operations for the Joint Chiefs of Staff during the Kennedy years. He was directly in charge of the global system designed to provide military support for the clandestine activities of the CIA. He was the author of JFK: The CIA, Vietnam, and the Plot to Assassinate John F. Kennedy and The Secret Team: The CIA and Its Allies. - Amazon author profile

The Donegan piece of this is tied to CIA and military history the Donegans became entangled with the regime change system in the Cold War as the Berlin Wall went up and the 1950s plan for Indonesia using Barrack Obama Jr. as a possible CIA asset crossed path with the Donegans who were pieces on the chessboard at that time because of earlier concealed identities that newer concealed identities Barrack Obama Jr. and others might be groomed out of.

“Flexible Response” (to Communist influence on nations of the world rather than uniformed combat) was CIA based assassinations and Psychological Warfare studying how to and then influencing popular opinions in foreign nations and included full overthrow operations lending hands to internal combatants of contested countries.

Col. Prouty spent 9 of his 23 year military career in the Pentagon (1955-1964) VP Nixon served from 1952 to 1960 and jFK inaugurated 1961 as president until assassinated in 1963

[image]

Most of these characters in this real life story were close working associates of Prouty who Prouty asserts in some cases were at the JFK assassination like Lansdale and prouty asserts he was led off the map probably so Lansdale Nixon or others would not be recognized but still were by photo. Prouty knew of the firing of General Charles Cabell USAF by JFK and asserted to Jim Garrison based on recordings and messages with Garrison General Cabell’s brother as mayor of Dallas likely helped the Hobos including Frank Sturgis and Charles Harrelson escape suspicion and prosecution.

Col Prouty USAF career summary

2 years with the Secretary of Defense,

2 years with the *Joint Chiefs of Staff*, and

5 years with *Headquarters, U.S. Air Force*

In 1955 he was appointed the first “Focal Point” officer between the CIA and the Air Force for Clandestine Operations per National Security Council Directive 5412. He was Briefing Officer for the Secretary of Defense (1960-1961), and for the Chairman of the Joint Chiefs of Staff.

At times he would be called to meet with Allen Dulles and John Foster Dulles at their home on highly classified business. He was assigned to attend MKULTRA meetings. In this capacity Col. Prouty would be at the nerve center of the Military-Industrial Complex at a time unequalled in American History. He has written on these subjects, about the JFK assassination, the Cold War period, and Vietnamese warfare, and the existence of a “Secret Team”. He backs up his his work with seldom seen or mentioned official documents - some never before released.

According to Daniel Hopsicker, the following were also involved in Operation 40: Edwin Wilson, Barry Seal, William Seymour, Frank Sturgis and Gerry Hemming. (10) It has also been pointed out that Operation 40 was not only involved in trying to overthrow Fidel Castro. Sturgis has claimed: "this assassination group (Operation 40) would upon orders, naturally, assassinate either members of the military or the political parties of the foreign country that you were going to infiltrate, and if necessary some of your own members who were suspected of being foreign agents."

At times he would be called to meet with Allen Dulles and John Foster Dulles at their home on highly classified business. He was assigned to attend MKULTRA

meetings. In this capacity Col. Prouty would be at the nerve center of the Military-Industrial Complex at a time unequalled in American History. He has written on these subjects, about the JFK assassination, the Cold War period, and Vietnamese warfare, and the existence of a “Secret Team”. He backs up his his work with seldom seen or mentioned official documents - some never before released.

Fletcher Prouty offers a rare glimpse of the “Power Elite” as described by Buckminster Fuller, or “The High Cabal” as Winston Churchill refered to them; and how they really operate. Those who have not been in a position to witness events such as these from the inside would not understand how invisible but ultimately effective they and their power structures are.

Fletcher wrote, lectured, spoke on Radio shows, and was on Television many times, often regarding political intrigue from Watergate to the JFK Assassination. Of course he worked with Oliver Stone, Jim Garrison, and Zachary Sklar on the film “JFK”

Fletcher Prouty was one of the most warm and amiable men you could ever meet. Almost endlessly, people from around the world came to visit and interview him. All you had to do was ask and he would give of his time. It will be his selfless and dogged effort to educate and inform that I feel he will be remembered for.

Whenever I was at his upstairs office at his home there was always a stack of letters that he would be replying to. Not a few, but a stack!

He wrote two books and close to 100 articles for various publications. I know he was very proud of everything thing he had written, but especially his two books, “The Secret Team”, and “JFK, Vietnam The CIA,

And The Plot to Assassinate JFK”

And as for the CIA and that is to say for rich businessmen getting help from the State Department in foreign countries for private profits..

According to John Prados, the CIA cut the PSB out of the loop, establishing instead an internal mechanism for approval of operations. In 1953, DCI Smith said that the PSB was “incompetent and its work irrelevant”.

“As the Truman administration ended”, writes the Office of the Historian,

CIA was near the peak of its independence and authority in the field of covert action. Although CIA continued to seek and receive advice on specific projects from the NSC, the PSB, and the departmental representatives originally delegated to advise OPC, no group or officer outside of the DCI and the President himself had authority to order, approve, manage, or curtail operations.

Enter President Eisenhower former Supreme Allied Commander WWII and Vice President Nixon Lt Commander Navy discharged 1946 now President and VP 1952 to 1960. He regretted creating the CIA that replaced the OSS of WWII though his Vice Presient who was Nixon ran it and was even more the CIA's creator.

The Eisenhower administration took office on 20 January 1953. When Eisenhower replaced the PSB with the Operations Coordinating Board (OCB) on 2 September 1953, he also did away with the 10/5 Panel, reverting to "a smaller group identical to the former 10/2 Panel, without OCB staff participation."[On 15 March 1954, Eisenhower approved NSC 5412 overseen between the CIA and DOD by Prouty, which required CIA to consult with OCB. Although Eisenhower would later congratulate the CIA with its success in deposing Guatemala's democratically elected President, Jacobo Árbenz, he was privately irked by CIA's unauthorized bombing of SS Springfjord. According to Prados, that incident "convinced Eisenhower of the need for more rigorous control over covert action".

Col Prouty continues to list his military service trying to bolster floundering CIA operation.

Planning Coordination Group (March 1955-December 1955)

The arrangement in NSC 5412 suffered the same problem as the 10/5 Panel; OCB "included more officials than ought to be concerned with secret war." So on 12 March 1955, Eisenhower approved NSC 5412/1, creating a more senior Planning Coordination Group (PCG) within OCB. Significantly, the directive explicitly charged PCG with approving covert operations. The

PCG proved to be a failure; its chairman, Nelson Rockefeller, recommended the abolishment of PCG before year's end. According to Prados, the problem was that CIA had not been forthcoming with details, latching on to a mention of "need-to-know" in NSC 5412/1. The next directive would solve this by creating a committee "so high-powered there could be no question" of its need to know.

Special Group/303 Committee (December 1955-February 1970)

NSC 5412/2 was approved by Eisenhower on 28 December 1955, a directive which remained in force for 15 years. Paragraph 7 specified the new oversight mechanism:

Except as the President otherwise directs, designated representatives of the Secretary of State and of the Secretary of Defense of the rank of Assistant Secretary or above, and a representative of the President designated for this purpose, shall hereafter be advised in advance of major covert programs initiated by CIA under this policy or as otherwise directed, and shall be the normal channel for giving policy approval for such programs as well as for securing coordination of support therefor among the Departments of State and Defense and the CIA.

The resulting body became known as the 5412 Committee or, from 1957, the Special Group.[34][note 1] It was the first time a "designated representative" of the President was included in the process; Eisenhower used his National Security Advisors for this purpose. The DCI was an ex officio member. In 1957, Eisenhower made the Chairman of the Joint Chiefs of Staff a member as well. In practice the membership of the Special Group varied on an ad hoc basis.

In late 1956, the newly formed PBCFIA, which had turned a candid eye towards covert operations, took issue with the “very informal” procedures of the Special Group.[39][40] Consequently, an annex to NSC 5412/2 was approved by Eisenhower on 26 March 1957, clarifying project approvals, and for the first time requiring the CIA to circulate “proposal papers” in advance of approval. The board continued to press for more prominence to the Special Group to keep the CIA from freewheeling. Eisenhower himself saw the proper functioning of the Special Group as crucial to fend off initiatives for meaningful congressional oversight of covert operations. On 26 December 1958 Eisenhower asked the Special Group to institute weekly meetings, with the result that “criteria for submission of projects to the Group were, in practice, considerably broadened.”

Kennedy administration

The Special Group fell by the wayside when new administration of John F. Kennedy took office on 20 January 1961; although it remained “in theory intact”, in practice it “took a backseat to meetings at which JFK personally presided”. After the failed Bay of Pigs Invasion, the Special Group returned to prominence, and new procedures were set out in July 1961. In the wake of the scandal, DDP Richard M. Bissell Jr. suggested the name and workings of the Special Group be made public to demonstrate to the American people that the CIA was under effective executive oversight; that did not happen.

A second Special Group (Augmented) existed from November 1961 to the Cuban Missile Crisis of October 1962. The only difference was that it was specifically dedicated to managing the Cuban Project which sought to overthrow Fidel Castro’s regime, and was headed by

Attorney General Robert F. Kennedy. After the Missile Crisis brought the world to the brink of destruction, management of the war against Castro was transferred to discussions in the EXCOMM and NSC proper, before being handed over to an “obscure NSC appendage” known as the Standing Group chaired by National Security Advisor McGeorge Bundy.

In September 1982, contract killer Charles Harrelson, while wanted for the murder of federal judge John H. Wood Jr., “confessed” to killing Wood and President Kennedy, during a six-hour standoff with police in which he was reportedly high on cocaine. Joseph Chagra, the brother of Jamiel Chagra, testified during Harrelson’s trial that Harrelson claimed to have shot Kennedy and drew maps to show where he was hiding during the assassination. Chagra said that he did not believe Harrelson’s claim, and the AP reported that the FBI “apparently discounted any involvement by Harrelson in the Kennedy assassination”. According to Jim Marrs’ 1989 book Crossfire, Harrelson is believed to be the youngest and tallest of the “tramps” by many assassination researchers. Marrs stated that Harrelson was involved “with criminals connected to intelligence agencies and the military” and suggested that he was connected to Jack Ruby through Russell Douglas Matthews, a third party with links to organized crime who was known to both Harrelson and Ruby.[14]

In September 1991, private investigators John Craig and Philip Rogers, who were working on a book about an unsolved murder case, claimed that Charles Rogers, who disappeared in 1965 after the dismembered bodies of his parents were found in a refrigerator, was a CIA operative who was identified by his friends and relatives as one of the “tramps”. According to the Houston Chronicle, a homicide detective who worked on the original murder case of Rogers’ parents described the scenario as “far-fetched”. Three months later in a 1991 Newsweek article about Oliver Stone’s JFK, Chauncey Holt received national attention for various claims he made regarding the

assassination of President Kennedy, including that he was one of three CIA operatives photographed as the “tramps”. Holt also stated that he was with Harrelson in Dealey Plaza on the day of the assassination.[19] According to Holt, he was ordered to Dallas to deliver phony Secret Service credentials, but was not involved in killing Kennedy nor did he have knowledge of who did. John Craig and Philip Rogers’ 1992 book The Man on the Grassy Knoll eventually connected Charles Harrelson, Charles Rogers, and Chauncey Holt by alleging that they were the three tramps photographed in Dealey Plaza. According to that book, Harrelson and Rogers were sharpshooters on the grassy knoll, who were assisted by Holt.

Self-Portrait of a Scoundrel Paperback - August 22, 2013 by Chauncey Holt (Author)Released for the first time 16 years after his death, this startling autobiography by one of the so-called “three tramps” from the John F. Kennedy assassination reveals the details of Chauncey Marvin Holt’s many claims. Much mystery and suspicion still swirls around that fateful day in November 1963, and theories abound in nearly every form of media. But one of the major mysteries revolves around the three men spotted and later arrested in Dealey Plaza. Holt’s controversial confession to being one of the three tramps has a history of its own, and in his own words he delves into his unique and wild background and life. From his United States Air Force service during Pearl Harbor to his associations with the mob and the CIA, Holt discusses his experiences and encounters in great detail. From a man who truly lived a rare and unique life, the book explains the ins and outs of his associations with Lee Harvey Oswald and the assassination in this unique retrospective of a complex and occasionally dubious life.

I have read this and as to whether he was on of the three in the most famous of the Hobos photos I do not know but his and other accounts of Military safe house with LBJ part of it planningn for the assasiation of JFK and prepping the fake documents is credible and aslo corrobated by other information and deathbed confessions and newly declassifed information.

With the photographs of them, family members identifying the assassins, death bed confessions, written records pictures of Lansdale there and other evidence thequestion of why the US Government assasinated JFK rather than who were the tiggermen drives us.

Most turn to Prouty and his well titled but thinly connected book Secret Team of military industrial contractor businesses of the type Clay Shaw and George H.W. Bush and Reilly Coffee and others were in backed by Standard Oil but focusing more on the experimental fighter contract and others that while true remain decoys of the more secret plans Prouty did not reveal but were more of a factor and plans he knew of, described, and left the names out of as Jen Moore did in that OSS and CIA history of MKULTRA.

Policy differences existed between the Oil industry and old money, and JFK but LBJ was oilman friendly a good candidate to replace JFK.

Ted Gunderson of the FBI and a Robert F. Kennedy right hand man was much more direct. Big international business sponsoring the scum of the earth like Charles Harrelson with drugs, parties, sexual favors and comfort women, orgies, and the CIA life of espionage black opps payoffs of the kind run through casinos, italian restaurants, gambling houses, and other operations the CIA ran.

Col. Prouty worked inside that system. RFK and JFK and Gunderson were fighting against it, JFK a latecomer to that fight as he grew as a president.

A few of Jen Moore's videos on YouTube (and she has posted even more information elsewhere) include these videos and they tell the story of the Vatican, the OSS in WWII and later as the CIA using children from Nazi Germany or Austria brought into the US in underground railroads designed to protect them from both the Nazis they were fleeing in Europe and retaliation against Nazis in the USA since most in Europe became engulfed

in the rise of Hitler that took over all of land Europe excluding some part of the USSR, the coldest parts and Moscow.

How these hidden identities including the Donegan's have affected US history is the story she and I are telling of MKULTRA largely tied to to Great Britain and its espionage and the resentment, fear, and executive action against the Kennedy family as that family became a threat to the English plans Joseph Kennedy Sr formed and John F. Kennedy grew out of as he asserted his and Robert Kennedy's beliefs against regime change by the Great Britain around the world.

This is the story of a CIA tied to Britain and its US allies who assassinated JFK and others, silenced them, silenced JFK and RFK about our Special Relationship with British Espionage and British and US businesses tied to the CIA and how JFK and RFK bucked at that deep state of CIA FBI faction in US Intelligence, and how further many of today's elites are tied to CIA plans including just to name only one Barrack Obama Jr., as was planned by LBJ, the CIA, Bush family, and others.

Infiltration:

Agents and informers did not merely spy on political activists. Their main purpose was to discredit and disrupt. Their very presence served to undermine trust and scare off potential supporters. The FBI and police exploited this fear to smear genuine activists as agents.

Psychological Warfare From the Outside:

The FBI and police used myriad other “dirty tricks” to undermine progressive movements. They planted false media stories and published bogus leaflets and other publications in the name of targeted groups. They forged correspondence, sent anonymous letters, and made anonymous telephone calls. They spread misinformation about meetings and events, set up pseudo movement groups run by government agents, and manipulated or strong-armed parents, employers, landlords, school officials and others to cause trouble for activists.

Harassment Through the Legal System:

The FBI and police abused the legal system to harass dissidents and make them appear to be criminals. Officers of the law gave perjured testimony and presented fabricated evidence as a pretext for false arrests and wrongful imprisonment. They discriminatorily enforced tax laws and other government regulations and used conspicuous surveillance, ‘investigative’ interviews, and grand jury subpoenas in an effort to intimidate activists and silence their supporters.

Extralegal Force and Violence:

The FBI and police threatened, instigated, and themselves conducted break-ins, vandalism, assaults, and beatings. The object was to frighten dissidents and disrupt their movements. In the case of radical Black and Puerto Rican activists (and later Native Americans), these attacks-including political assassinations-were so extensive, vicious, and calculated that they can accurately be termed a form of official 'terrorism.'".The FBI also conducted "black bag jobs", warrantless surreptitious entries, against the targeted groups and their members. > From its inception, the FBI has operated on the doctrine that the "preliminary stages of organization and preparation" must be frustrated, well before there is any clear and present danger of "revolutionary radicalism."
>
> At its most extreme dimension, political dissidents have been eliminated outright or sent to prison for the rest of their lives. There are quite a number of individuals who have been handled in that fashion. Many more, however, were "neutralized" by intimidation, harassment, discrediting, snitch jacketing, a whole assortment of authoritarian and illegal tactics.

These plans that were laid inside the USA in the Special Relationship with Great Britain was the fine tuning of British Imperialism to use Psychological Warfare as military Persuasion than more open military force to overthrow governments.

Persuasion and Force in Plato's Republic Christopher Moore University of Minnesota - Twin Cities, crm21©psu.edu is something I have not read but I am familiar with PsyOps concepts inm leverage that controlling psychology and perceptions may be quite easy and military battle difficult or impossible.

The Secret Societies like Cecil Rhodes plans for British Imperialism (Rhodesia, elsewhere) that were modified from open troop usage into subversion and sabotage covertly under MKLUTRA and how secret hidden identities played into these plans are what is to be gleaned from her true stories, true whistle-blowing. The Catholic Gladio (priests in arms if you will, the Vatican involved with Latin American and European CIA activities are described by her and another as Catholics In Action, the CIA and the Vatican Bank and many books of well sourced counter-intelligence history support her and my assertions.

When studied in detail as I have and with the background information I have and make available Jen Moore, Ted Gunderson, and Col Prouty and Wayne Madsen and others are telling the same story of a CIA that became more powerful than the president and many of today's leaders by 20th Century plans have arisen out of the us military industrial complex of the Cold War and are tied into the history of MKULTRA and its history they are now concealing.

Prouty was probably more familiar with the inner working of Alan Dulles's mind than any other in CIA overthrow activities and like Dwight D. Eisenhower became a critic of the CIA whose activities he had participated so long in helping achieve the Devil's Chessboard.

John Foster Dulles head of the State Department was part of the Dean Rusk Rockefeller Standard Oil political clutch Los Angeles County Congressman Nixon was politically born and raised under becoming Vice President Nixon in 1952 with a rich friend and these were D.C. Suit types working business deals with law firms for United Fruit Company and other CIA ventures around the world mostly on behalf of England and old money. This team of Old Money planning for the world was a Secret Team of CIA thinking and actions and the a few of the Secret Team were fired bv Jonn F. Kennedy as Prouty tells but enough of them remained and enough loyalty to the fired Secret Team had remained that JFK could be and was eliminated.

It is necessary to recognize how the CIA grew out of control during the Cold War and how post-Vietnam politics renounced the cold war activities

In WWII and after James Jesus Angleton worked with the Vatican, Wild Bill Donovan of the OSS, the Supreme Allied Command, and many others and continued after the war almost as long in CIA history as J. Edgar Hoover lasted in the CIA and the two operated world-wide espionage together as Hoover had

been doing at the FBI since 1926 and the two espionage figures ended their roles about the same time, mid 1970's against the backdrop of the loss of the already unpopular Vietnam War and Watergate and public discourses of slush funds, illegal acts, and democratic abuses by the CIA and FBI.

Much of the Secret Team was built by James Jesus Angleton whom Colby was critical of and who fired Angleton.

> In December 1974, CIA Director William Colby fired Angleton after the New York Times revealed the then-unknown counterintelligence chief had overseen a massive program to spy on Americans involved in anti-war and black nationalist movements, a violation of the CIA's charter. Coming four months after the resignation of Richard Nixon, Angleton's fall was the denouement of the Watergate scandal, propelling Congress to probe the CIA for the first time. A Senate investigation, headed by Sen. Frank Church, exposed a series of other abuses: **assassination conspiracies, unauthorized mail opening, collaboration with human rights abusers, infiltration of news organizations, and the MKULTRA mind-control experiments to develop drugs for use in espionage.**

> The Vietnam War (also known by other names) was a conflict in Vietnam, Laos, and Cambodia from 1 November 1955 to the fall of Saigon on 30 April 1975. It was the second of the Indochina Wars and was officially fought between North Vietnam and South Vietnam. The north was supported by the Soviet Union, China, and other communist states, while the south was supported by the United States and other anti-communist allies. The war is widely considered to be a Cold War-era proxy war.[It lasted almost 20 years, with direct U.S. involvement ending in 1973.

> James Jesus Angleton ran CIA operations in Vietnam a

war opposed by JFK and RFK. When JFK was assassinated LBJ now being sworn in told the military "You've got your war now." RFK's last speech was on the unwinnable task of the Vietnam War as he was running for President in 1968.

[Colby wanting to expose the CIA Family Jewels program would later die alone on the Potomac after having disappeared days earlier while boating.]

The exposure of Angleton's operations set off a political avalanche that engulfed the agency in 1975 and after. The post-Watergate Congress established the House and Senate intelligence committees to oversee covert operations. The passage of the Foreign Intelligence Surveillance Act required the CIA to obtain warrants to spy on Americans. And for the first time since 1947, the agency's annual appropriation was slashed.

Cram's mission - and he chose to accept it - was to soberly answer the questions that senior CIA officials were asking in their private moments: What in the name of God and national security had Jim Angleton been doing when he ran the Counterintelligence Staff from 1954 to 1974? Did his operations serve the agency's mission? Did they serve the country?

On 26 June 2007 the CIA released a 700-page collection of documents known as the "Family Jewels," compiled in 1973 under Director of Central Intelligence (DCI) James Schlesinger, who had asked Agency employees to report activities they thought might be inconsistent with the Agency's charter. Schlesinger's successor, William Colby, delivered the documents to Congress.

Given the release of the “Family Jewels” documents and continuing interest in this aspect of CIA history, the Studies in Intelligence Editorial Board elected to publish portions of transcripts of CIA Oral History Program interviews of William Colby and Richard Helms, Schlesinger’s predecessor, on this period of the Agency’s history.

Colby and Helms were interviewed on 15 March and 2 February 1988, respectively, as part of an effort by the Center for the Study of Intelligence to compile the perspectives of former Agency leaders on what has often been termed the CIA’s “Time of Troubles” in the 1970s. The perspectives of these two officials, different in several respects, illustrate the dilemmas a secret intelligence agency faces in serving a democracy.

The transcripts were edited by Nicholas Dujmovic, director of the CIA Oral History Program-Editor

DCIs Colby and Helms Reflections on the CIA’s “Time of Troubles”

Wasn’t there also a question about assassinations and was it you who said, “Not in this country”?

Yes. Daniel Schorr came to me and he dropped that little bombshell on my desk. President Ford, in a background discussion, had been asked, “Why are you defending this?” And he said, “Well, there are a lot of things in there you can’t handle.” “Such as?” And he said, “Assassinations.” They were all under background rules. The Times couldn’t use it. But as the newsmakers go, they talked. So, Schorr had the view that there’s a story here if I can just get something to hook it on to.

He came to me and said, “I understand from the president that there’s been assassinations going on in this country.” I said [to myself], “Oh, shit.” I really clammed up at that point because I knew I was in deep trouble. I said, “Well,” and I reverted to what I have done frequently [which was to] answer exactly what the man said. I said, “Well, no, not in this country.” But, I didn’t say anything beyond that.

> DCI William Colby reorganized the CIA in an effort to curb Angleton’s influence, beginning by stripping him of control over the Israeli “account”, which had the effect of weakening counter-intelligence. Colby then demanded Angleton’s resignation. It has been claimed that Angleton directed CIA assistance to the Israeli nuclear weapons program.

William Colby has been missing since April 27th.

His canoe was found washed up on the banks of the Wicomico River April 28th.

My father was a soldier he jumped out of airplanes he lived to serve people would turn to me and say you know your dad was a murderer my immediate reaction used to be you don't know what you're talking about then I'd find myself thinking was he who was he really.

> " I am against assassination I think it's counterproductive and I have issued directives against it by the time I got there in 1969 it felt much more like an assassination program current investigations could uncover several assassinations of which the CIA was involved yes there were abuses there was no doubt about it they really got out of hand as one person to make the determination that you do not trust 435 members each of whom want an open election in ostensibly a Democratic Society.

Normally he was really a tortured soul the family wasn't always left into this world of his he never had to really tell me anything my father lived in a world of secrets always watching listening his eye on the door by

the time I turned thirty I came to understand the man that nobody knew or at least I thought I did . - Carol Colby narrating the film

Director of Central Intelligence Agency Colby's death triggered conspiracy theories that his death was due to foul play. In his 2011 documentary The Man Nobody Knew, Colby's son Carl suggested

John F. Kennedy had been assasinated in 1963 probably because he wish to end the assasinations program large global powers inside the USA and around the world wanted to continue with and in 1968 Jim Garrison would try Clay Shaw from New Orleans for JFK's assassination and Colby clearly could see the CIA background of those like Clay Shaw and Davide Ferrie. RRK was assassinated in 1968 who had been brother of and attorney general of JFK and oversaw and did not believe in that assassinations program that was oppressing Irelanad and other countries around the wold using British style dirty tricks.

The exposure of Angleton's operations set off a political avalanche that engulfed the agency in 1975 and after. The post-Watergate Congress established the House and Senate intelligence committees to oversee covert operations. The passage of the Foreign Intelligence Surveillance Act required the CIA to obtain warrants to spy on Americans. And for the first time since 1947, the agency's annual appropriation was slashed.

Garrison said that Shaw used the alias Clay Bertrand in New Orleans’ gay society. During the trial, which took place in **January-February 1969**, Garrison called insurance salesman Perry Russo[citation needed] as his main witness. Russo testified that he had attended a party at the apartment of anti-Castro activist David Ferrie. At the party, Russo said that Lee Harvey Oswald (who Russo said was introduced to him as “Leon Oswald”), Ferrie, and “Clay Bertrand” (who Russo identified in the courtroom as Shaw) had discussed assassinating Kennedy.[18] The conversation included plans for the “triangulation of crossfire” and alibis for the participants.

Christopher H. Pyle revalations. By the early years of the 1970s, a series of troubling revelations had appeared in the press concerning intelligence activities. First came the revelations by Army intelligence officer Christopher Pyle in January 1970 of the U.S. Army's spying on the civilian population. Certain families were the subject of illegal surveillance abuse by the NSA, CIA, and illegal Behavioral Research which in fact was a mafi of Midnight Climax and other CIA activity tied to Free Masonry. Then on December 22, 1974, The New York Times published a lengthy article by Seymour Hersh detailing operations engaged in by the CIA over the years that had been dubbed the "family jewels". Covert action programs involving assassination attempts on foreign leaders and covert attempts to subvert foreign governments were reported for the first time. In addition, the article discussed efforts by intelligence agencies to collect information on the political activities of US citizens.

> Regarding Mr Colby, he did not drown and he did not commit suicide.-he was murdered shot in the head."

As for the circumstances of Colby's death (and I assert CIA Station Chief Welsh was assassinated too) a well informed expert on a very long string of deaths …

Ted Gunderson was meeting with Robert K. Kennedy when RFK learned JFK had been assasinated. The meeting had been regarding fighting the Mafia.

Ted Gunderson knew then, before, and after the workings of the CIA and ongoing operations per his FBI work.

> During World War II Colby served with the Office of Strategic Services. After the war he joined the newly created Central Intelligence Agency (CIA). Before and during the Vietnam War, Colby served as chief of station in Saigon, chief of the CIA's Far East Division, and head of the Civil Operations and Rural Development effort, as well as overseeing the Phoenix Program. After Vietnam, Colby became director of central intelligence and during his tenure, under intense pressure from the Congress and the media, adopted a policy of relative openness about

U.S. intelligence activities to the Senate Church Committee and House Pike Committee. Colby served as DCI under President Richard Nixon and President Gerald Ford until January 30, 1976; he was succeeded at the CIA by George H. W. Bush.

Gerry Adams TD at Sinn Féin's 2018 Special Ard Fheis, held at the RDS Arena in Dublin, Ireland.

The Troubles (Irish: Na Trioblóidí) were an ethno-nationalist conflict in Northern Ireland that lasted about 30 years from the 1961 to 1998. Also known internationally as the Northern Ireland conflict, **it is sometimes described as an "irregular war" or "low-level war" [or dirty wary]** . The conflict began in the late 1960s and is usually deemed to have ended with the Good Friday Agreement of 1998. Although the Troubles mostly took place in Northern Ireland, at times violence spilled over into parts of the Republic of Ireland, England and mainland Europe.

The conflict was primarily political and nationalistic, fuelled by historical events. It also had an ethnic or sectarian dimension, but despite the use of the terms 'Protestant' and 'Catholic' to refer to the two sides, it was not a religious conflict. A key issue was the status of Northern Ireland. Unionists and loyalists, who for historical reasons were mostly Ulster Protestants, wanted Northern Ireland to remain within the United Kingdom. Irish nationalists and republicans, who were mostly Irish

Catholics, wanted Northern Ireland to leave the United Kingdom and join a united [republican] Ireland.

More than 3,500 people were killed in the conflict, of whom 52% were civilians, 32% were members of the British security forces and 16% were members of paramilitary groups.

Gerry Adams and Sinn Fein

Sinn Fein

Sinn Fein had been formed at the beginning of the 20th century. The words are Gaelic and they literally mean, ‘ourselves alone.’ They mean that we can go and achieve our own freedom, we don’t need the help of anyone else do it, but that we have to be a free-standing nation among the nations of the world, and therefore the only answer is Irish unity.

Now, some of them believed in some sort of relationship with Britain, but Irish unity was the be-all and end-all of their policy. Sinn Fein was a constitutional party, and in fact, at the British general elections in 1918, Sinn Fein won the majority of seats throughout the island of Ireland, and it was that which gives them the animus to conduct a violent campaign against the British in the War of Liberation. And it was that war which persuaded the British to withdraw from Ireland, but to withdraw through a partition settlement.

And it was they who were engaged in the civil war against the majority of the community, it was they who argued that you do not lay down your weapons, it was they who refused to take any oath of allegiance to the monarchy in Britain.

By its use of this Gaelic name, Sinn Fein was demanding its own autonomy, and Irish unity was its ultimate end. In that respect, the slogan was very simplistic. It believed that the only way to get rid of the British was through the barrel of a gun, rather than through any rational argument.

The relationship between Sinn Fein and the IRA, historically, has been symbiotic. It is impossible to separate them. In more recent years, Sinn Fein has said, “We are not the IRA, they are a totally separate organization.” In the minds of the vast majority of people in Ireland, whether they are Unionist or Nationalist, Sinn Fein is the political wing of the IRA, and it has played that role quite hotly down the years.

Sinn Fein’s political role was never important until the beginning of The Troubles, because it had been the militants, the military types, who were in command inside the Republican movement. They believed that the only answer to the Irish question was what they called “one last heave.” One last long push to get the British out of Ireland, and the only thing [that] will get that done is the use of weapons.

And in that respect, Sinn Fein was very much an auxiliary of the Irish Republican Army. They were there for propaganda purposes, they were there to raise the funds, they were there to speak on behalf of the IRA, but they were very much second-cousins. They didn’t command. It was the IRA who commanded. But Sinn Fein had refused to organize politcally so it was never a serious political force within the Catholic community, as evident in its refusal to stand in Parliamentary elections, whether in Westminster, Stormont or Dublin.

So it wasn’t in the business of electioneering, it was in the business of propagandizing. It’s only in the 1980s that it begins to take itself seriously as a political

organization.

One of the most important factors in explaining the resilience of the Republican movement is what I call generational continuity. It's handed down from father to son and mother to daughter, from generation to generation. For example, in the late '60s, when you had sort of youth protests, you had less of that in Northern Ireland, because the children were following the same values as the parents, whether they were Loyalist or Republican.

So, generational continuity, this strong sense of communal history and the sense of the Republican movement as a large family. Family involvement, not necessarily at the forefront of the struggle, but as backup troops, is very, very powerful in explaining the success of the Republican movement. That is, I think, probably the supreme reason why the IRA has had to endure as much as it has had. You know, we're talking about, for the most part, working-class youth, with no great sophistication, fighting against one of the supreme military operations in the Western world, against overwhelming odds, against huge … and yet they're able to endure. And endurance was its middle name.

[With regard to Sinn Fein] … the contemporary view inside the Republican movement is that there are two separate operations. There is an Irish Republican Army and there is a political, but discreet, wing called Sinn Fein. It wasn't always thus. At one stage, Sinn Fein had no difficulty in standing alongside the IRA and saying, "We are one and the same."

Bloody Friday (July 21 1972)

Bloody Friday was important in demonizing the IRA. Bloody Friday happens within four months of the

imposition of direct rule, when Unionists had lost out, when there were people saying, “Let’s call it a day. We’ve had enough violence.” The IRA response to Bloody Friday was that it wasn’t they who got it wrong, that they gave the warnings. It was the authorities who got it wrong, that they did not mean to kill those innocent civilians. Whatever way you look at it, it was a very important event, because what it did was that it distanced those in the Unionist community who might have been prepared to give some thought to doing deals with people in the Catholic community … they said, “All bets are off.”

It reinforced the position of the Protestant paramilitaries, and made them a real force in the political game in Northern Ireland. It reinforced the fanatical voice of Protestant militism, some of those who claim that they were not, or didn’t approve of violence, but used violent language. What it did was that it polarized the situation very, very badly.

It persuaded the British government that you cannot do business with the Republican movement. So, for all of those reasons, Bloody Friday had very serious consequences.

The Murder of Lord Mountbatten August, 1979

In August of 1979 the IRA pulled off two of their huge spectaculars with the murder of Mountbatten, part of the British royal family. But they also killed two young boys in the same boat that he was in. So, there were mixed feelings about it. There was great glee in the Republican movement. The British authorities were able to make much propaganda out of the death of the two young boys. On the same day, the IRA pulled off probably their most spectacular military operation when they blew to pieces 18 British soldiers-[at Warrenpoint] and they happened to be British paratroopers, the people who

were responsible for Bloody Sunday. So, among their followers, this was a huge, huge victory.

Claude Barnes Capehart was living in Chowchilla in 1978. When The Bee printed a government request for information about three persons of interest in a photograph taken at the assassination scene, Capehart's girlfriend, Faye Weaver, recognized him as one of them. Capehart first denied it, then confirmed it was he. He told her he had worked as a "hit man" for the CIA on numerous occasions, retiring in 1975. He told Weaver he was present with Lee Harvey Oswald at the scene of the JFK assassination. He said two others were with Oswald, and it was not Oswald who shot the president.

MULTIPLE GUNMEN Sgt. Fore had met Capehart on several occasions, and Capehart told him he had retired from the CIA. He operated a well drilling business, and Fore noticed he always had "a bundle of cash." When Weaver showed Fore The Bee photograph of three persons of interest, Fore found one to be a "dead ringer" for Capehart. Fore recorded several conversations with Weaver. As Madera County's district attorney at the time, I also interviewed her, as did FBI special agent Tom Walsh. We all found Weaver credible.

In 1988, district attorney investigator Dan Poole traced Capehart to Parumph, Nevada. Poole and I planned to confront Capehart at home in an attempt to find out his true relationship with the CIA. We arranged for a Nye County sheriff's sergeant to accompany us, and agreed upon a date in two weeks. A few days later, Capehart was found in his front yard, dead of an apparent heart attack. Seeking answers, I filed a request with the CIA in 1992 under the Freedom of Information Act. I asked if Capehart had ever been employed by that agency in any capacity. The agency refused to confirm or deny because

that information “would reasonably be expected to cause damage to national security.” I then sued the CIA in federal court for the information; the agency claimed national security. The court ruled for the CIA, and I appealed. In 1994, an appeals court ruled the CIA was exempt from the Freedom of Information Act’s disclosure provisions. But it observed that “concerns about the role the CIA played in the Kennedy assassination have not yet been laid to rest.” ASSASSINATION REVIEW Later, an Assassination Records Review Board was created to collect all relevant JFK records. In 1998, the board issued its final report. It confirmed that Claude Barnes Capehart was employed on the CIA spy ship Glomar Explorer, but only as a crane operator. As for other involvement, the board found “no evidence … to suggest that Capehart worked for the CIA on any additional contracts nor in any capacity directly or indirectly.” The CIA still claims its only connection to Capehart was his employment on the spy ship from 1973 to 1975. That claim is false, and formerly secret documents prove it. EMPLOYMENT HISTORY Only four days after President Kennedy’s assassination in 1963, the CIA requested a “name check” on Capehart from other federal agencies. Secret government documents about Capehart include, in “one (1) sealed envelope,” information “for the inclusive dates of 1963-1975.” And a 1973 CIA “letter of assignment and investigative transmittal” designates Capehart as “covert,” instead of “field.” The C.I.A’s secret documents about Capehart end in 1975, the same year he told Sgt. Fore and Kay Weaver he retired from the agency. Ted Gunderson, former special agent in charge of the FBI’s Los Angeles office, told me an informant, Bob Brownell, claimed he knew Capehart when both were employed by the CIA. Brownell said Capehart had retired around 1978 “with a lot of money” and was buying oil well drilling companies.

#74. WILLIAM COLBY - Director of Central Intelligence (retired)

Died 4-27-96, had been the DCI from 1973 to 1976 under Nixon and Ford who were the top New world Order Rockf'lr flunkies! As Was the Kiss of Death Henry the K! "Ve Vill Make DERE Economy SCREAMMM". Certainly knew where all bones were buried as this was the group that wanted the 'one world after all' with China a capitalist trading partner and 3 billion Chinese paying taxes to the world banks, an agenda that has taken TEN prexies to deliver.

At age 76, Colby had found a new career and had just started writing for "Strategic Investment Newsletter". They covered the Vince Foster "suicide" in detail. Its editors hired three renowned handwriting experts to investigate Foster's suicide note, which hadn't been found when his briefcase was first searched, but later materialized, torn into pieces, with no fingerprints on any of the pieces. Upon comparing this document with others of Foster's writings, these experts declared it was a forgery, and a not very good one at that. So Colby was ratting out his spook pals … This had worried many insiders in the intelligence community who felt that Colby had already divulged too many of the CIA's secrets in the preceding years. Indeed, his dismissal by Ford was because of his over-cooperation with Congressional investigations into CIA wrongdoing.

It was Colby who had revealed to Congress the plans to kill Fidel Castro, the spying, phone-tapping on American citizens (in direct violation of the CIA charter) and the conducting of biological tests by the CIA on unsuspecting citizens, and agency's using human guinea pigs for mind-control experiments involving LSD, as we saw in CONSPIRACY THEORY movie with Mel Gibson [staunch Roman Catholic glorified Colonial rebellion against England], MK-Ultra program. Colby was in charge of the infamous Operation Phoenix during the

Vietnam War, in which more than 20,000 South Vietnamese citizens - supposedly Vietcong sympathizers - were rounded up, tortured and executed. Must have found religion late in life. Phoenix was run by the infamous Hanoi station, same group that brought back tons of heroin sewn inside G.I's bodies for the Mafia to distribute. THE ENTIRE CIA HATED COLBY, however, he died while Bill was prexy so he goes on the list. According to the original CNN report, Colby was reported missing by neighbors who "recovered" his canoe, by one story from under the dock at Colby's house, by another report, 1/4 of a mile downstream from Colby's home. Colby was by all report a methodical, tidy man, yet police found his home unlocked, his computer on, and a partly eaten dinner on the table. The official story is that Colby just put down his fork and decided to drop everything and go canoeing. On Monday, May 6th, Colby's body was found just 20 yards from where his canoe had been recovered, in an area that had been thoroughly searched several times by helicopters and search teams. Most notable about the body was the absence of a life jacket, which according to his wife, Colby always wore on the water. Inferred is that a well known, old co-worker called him and said come on down to the river and talk to me. Colby was not really planning on canoeing.

John Foster Dulles of the State Dept under President Eisenhower VP Nixon 1952 to 1960 brother in the CIA, Allen Dulles head of the CIA also in the same time frame and fired by John F. Kennedy (after John Foster Dulles of the State Department had died and did not follow into the 1961 Kennedy Administration (government) though General Charles Cabell, John McCone, Richard Bissle Jr., and others did stay on for the Kennedy administration nurturing their long term planning along until fired by JFK over those plans.

This team of Espionage including J. Edgar Hoover of the FBI

was trained in served in and believed in British intelligence and the Rocthschilds, Rocekefellers, and other industry captains of the world's elite.

James Angleton's resignation was announced on Christmas Eve of 1974, just as President Gerald Ford demanded that Colby

report on the allegations and as various Congressional committees announced that they would launch their own inquiries. From Wikipedia the free encyclopedia

He was from a CIA that included the Vatica, British, the oil industry, international trade and run by a triumberate of James Jeus Angleton and the dulles brothers, with theirs and other agencies in full co-ordination.

The Ghost: The Secret Life of CIA Spymaster James Jesus Angleton- Jefferson Morley

CIA spymaster James Jesus Angleton was one of the most powerful unelected officials in the United States government in the mid-20th century, a ghost of American power. From World War II to the Cold War, Angleton operated beyond the view of the public, Congress, and even the president. He unwittingly shared intelligence secrets with Soviet spy Kim Philby, a member of the notorious Cambridge spy ring. He launched mass surveillance by opening the mail of hundreds of thousands of Americans. He abetted a scheme to aid Israel's own nuclear efforts, disregarding U.S. security. He committed perjury and obstructed the JFK assassination investigation. He oversaw a massive spying operation on the antiwar and black nationalist movements and he initiated an obsessive search for communist moles that nearly destroyed the Agency.

In The Ghost, investigative reporter Jefferson Morley tells Angleton's dramatic story, from his friendship with the poet Ezra Pound through the underground gay milieu of mid-century Washington to the Kennedy assassination to the Watergate scandal. From the agency's MKULTRA mind-control experiments to the wars of the Mideast, Angleton wielded far more power than anyone knew. Yet during his seemingly lawless reign in the CIA, he also proved himself to be a formidable adversary to our nation's enemies, acquiring a mythic stature within the CIA that continues to this day.

.. end Jeffery Morely book description quote from Goodreads.

I have asserted one person holding the Experimental test birth monkey was Donald Barr. I had originally thought it was Angleton and I move back and forth between the two as to who was the most likely by visual match.

It was Prescott and George H.W. Bush in long term OSS CIA work including Cuba hit on Castro, US hit on Kennedy's

Secret Government, Cabal, Insiders Club, Big Business Elites, various names have been used for a structure of controlled opposition taking turns representing the largest corporations competing in bounds and never leaving those bounds. Some of the liberal democracies most glamorous leaders including I and others assert Barrack Obama Jr were carefully backed fore future political roles and robotic and symbiotic belief in the system that groomed them and prospers under them and with them.

Because people like John Foster Dulles were lawyers not truly soldiers they like all high ranking officers used staff to work out the details. That was Col Prouty who would go to John Foster Dulles or Alan Dulles, hear what was wanted for Gautamla, Cuba, Indonesia, or elsewhere and Colonel Prouty would say things like "We can get you some recon photos of that, an overfly and see if they are hiding troops along the border, weapons, arms caches, etc., and we can find their aristrips or we can create our own. These are the things the Special Acitivities pilots, the large transports, other aircraft can do and how we could use them at these locations."

Was Goerge H.W. Bush and Zapata Petroleum and the CIA background of politician and business tied to the Kennedy assassination? Most historians now would say yes.

Hidden Identities including Glorian Donegan's Edward Paul Donegan and Jen Moore assert and are attempting to reveal against death threats we have faced

Jen Moore died when she said she would reveal the story of the biggest leaders of Great Britain, the USA, and European history, and how these cabals formed, what the Cabal did when Kennedy was repulsed by their arrogance and plans, and who now are concealing their inherited skeletons in the closet from the assassination of JFK, since the release of the Dicatabelt sound clip indicating more shots than thought and the Zupruder film showing a likely complex ambush of JFK, who the Hobos were (also called the Tramps from train yard) and how they Tied to Nixon cronies of that year and the plans they made without JKF for this millennium is our nations secret still secret one document away from summarily answered this document.

For now in only this Memorandum I will edit out the long fact pattern I have utilized in my books to appeal to your rational minds on the available history in the version of events I am proffering. Intead for now; for brevity, I will appeal to your emotions and ask you to understand the feelings of John F. Kennedy and Robert F. Kennedy. They grew up under the Colonial Revolution against England glory of Boston, the tragedy of the treatment of Irish immigrants later to Boston, and the desire for Irish freedom from English aggression during the 1960s Troubles of Belfast, and the arrogance of big business treading upon real rather than rigged labor unions.

When it came to Big Business including English Big Business, they could only go so far. Joseph Kennedy went much further when Warner Brothers bike ship figured out how to turn a bicycle upside down and turn the wheels good enough the could even add audio in and call then Talkies as investor and tied business of Joseph Kennedy Sr turned this into RKO.

Joseph Kennedy Sr was wed to the British and British Intelligence including Cecil Rhodes ideology of Great Britian preservation and expansionism using abusive business practices and JFK and RFK in *Profiles in Courage* wanted out and away from George H.W. Bush big business types GOP and a DNC that stood against corrupt business.

James Paul Donegan felt the same way and as proud as he was as a US Military Vetran he was equally proud as a United Airline Pilots Association (ALPA) union member.

Jen Moore repeatedly spoke of her being Stalked, the use of Stalkers in Espionage and how others have cited the same history of Special Intelligence Units of CIA activities used illegally against citizens as is necessary for high ranking officials to covertly silence whistle-blowers.

Before Jen Moore died before she did the unveiling of names but again the name she was going to unveil were Donegan and Kutschera and fit her story and her photos of my and my mother's home.

Those who have survived bombings over days, been held hostage, had their lives threatened including by Organized Stalkers trying to install crippling shock and fear into targets with things like dry click firing weapons at them, holding the at gun point, etc., are what Jen Moore Ed Donegan and Ted Gunderson all report as CIA and FBI attempts to silence whistle-blowers and I can tell from reading about the events in Los Angeles for certain Veronica Hoffamn experienced.

Transcript

okay Here I am again I did have a meeting last night a very important meeting and I'm holding my badge again because I'm gonna post the second part of the interview I did another YouTube channel in pharma Jones channel it has to do with the Nazis in Caltrain and say and all the very very dark things child trafficking that's going on in our country also has to do with this and I showed this in my my twelfth video and if you could you zoom

in here it says the United States District Court District of Columbia and like I showed in my twelfth video there is some cases under that that have some very important information and I did delivered that last night and I'll see where it goes from there if not printed or printed not presidently I'm going to find a way to print it or get the information out so it will happen but as this video goes on I'm going to attach the second part part two of the interview I have done with farmer Jones and it would be a continuing series on whistle blowing whistle blowers and the truth inside that's the deep dark underworld of a lot of things in the deep state and that I have either experienced as I did my job or in other positions or uncovered through research or different characters that I met that led me on this journey as a whistle-blower

and so one of the people I met with last night was also whistle-blower law enforcement whistle-blower and experienced much the same thing that I did and much the same thing that you hear often just the severe retaliation and targeting and silencing and threats and ruining of lives and setups and frame frame ups and entrapments and you name it.

If we hold the secrets they want us quiet and they are damn determined to make that happen and for many of us we are damn determined to let the American people know the truth it's the best that we absolutely can so that's this journey and so I will attach interview number two and I'm revealing more and more about what's beyond this envelope every day okay talk to you soon.

Jen Moore in other social media posted information similar to Tom Dunham, Veronica Hoffman, Glorian Donegan, Jim Donegan, Edward Donegan, and others have posted about covert teams in illegal acts trying to instill intense incapacitating emotions from sexual abuse, death threats,

stalking activities, other conduct designed to lead people to believe the death threats agains them are credible and based on Stalker conduct the death threats are credible.

I Edward Paul Donegan am going to describe break-ins by fraudulent claim of home maintenance or acts of neighbors using local access to wiring, etc., as attacks on my home office determined to undermine my ability to keep safe home computing equipment and leased apartments amidst accounting fraud, sabotage, cut building wiring, etc., as I write my book with my life and home and home office destroyed systematically.

CDROM\D.C. Medical Examiner\1513HomeOffice are about what happened to me, my book writing, and reporting and CDROM\D.C. Medical Examiner\Ted Gunderson formally charged with investigating the Kennedy assassination says what was done to him and his family and without knowledge of him made the same assertions was done to my family and at the same time frames following 2001 the last year I worked.

I am writing quickly. I am in poor health and have had to cut back health based gym work rehabilitation in part to speed my writing. This is a must because I have internal timers. I believe Ted Gunderson was correct if the language he used was Deep South Christian put that asside. He was correct Jeffery McDonald was not guilty. I think that too. The Donegan family, my family are all but gone. The Phillip Marhshall family are all now dead. Jeffery Mcdonald is on the cusp of death, the last ember stil lit from the tragedy that befell his family. I have a Ted Gunderson directory on the CDROM and the pattern of those being silinced in the sequence Jen Moore was and others were are important to recognize. People are warned not to talk, they do, they are violently beaten, and later killed. In the Ted Gunderson directly is the story of his witnesses and him experiencing that and writing it in his own words as Jen Moore has done. Those familiar with my books and the North Carolina connection will recognize this from the North Carolina part of the story. Leslie “Ike” Atkinson (November 19, 1925 - November 11, 2014) was a US Army master sergeant and convicted drug trafficker. He is believed to have been a major figure in smuggling heroin into the United States from Southeast Asia from about 1968 to 1975. I have asserted November 18 is what was called in my family Birthday Week and meant perhaps a weeks worth of activities, perhaps at the doctors and testing. This is the person Ike Atkinson said to be part of the drug cabal that assassinated McDonald’s and feared exposure of their own operations. . My own and I assert Barrack Obama Jrs real birtday is November 18 1961 and support that theory elsewhere.

What is Gang Stalking a Targeted Individual? Targeting of Individuals by the US Government for Subversion, attacks, etc.?

By Professor Eric Thor Karlstrom, Ph.D https://erickarlstrom.com/

A Simple Definition

Under Occupational Health and Safety laws, individuals are being flagged and placed on community notification lists. This is happening without the targets knowledge. In many countries these community notifications are being used by companies and others to

target innocent individuals such as whistle-blowers, the outspoken, etc. In conjunction with these notifications, companies and others are in some cases using a practice that was used in the former soviet union called the psychiatric reprisal. This is used as a means of retaliation, blacklisting, silencing, or controlling members of society. Once on the notification system, warnings about the targets are sent out to every individual the target comes in contact with, thus poisoning their associations, and socially annexing the targeted individual.

Gang Stalking is a systemic form of control, which seeks to destroy every aspect of a Targeted Individuals life. Once a target is flagged a notification is sent out to the community at large, and the target is followed around 24/7 by the various communities that they are in.

Target Selection

Gang stalking apparently targets American citizens deemed to be dissidents or whistle-blowers (and perhaps potential dissidents and whistle-blowers), although others might be targeted for other reasons - such as for experimental or training purposes. For perspective, it should be remembered that for two decades the CIA performed secret illegal experiments on U.S. and Canadian citizens (the infamous MK Ultra program). Those experiments included physical and psychological torture.

A lot of accounts by self-proclaimed targets of gang stalking suggest that people are often subjected to severe long-term harassment simply because they crossed someone connected with the agencies and security firms which perpetrate such operations.

An example of that type of abuse occurred in April 2012, when USA Today reported that one of its reporters and an editor were slandered by a secret disinformation campaign waged by an intelligence contractor firm to discredit them because the newspaper had investigated and reported on that contractor. The company involved conducted propaganda campaigns for the U.S. military. Similarly, in August 2013 it was reported that at least a dozen National Security Agency (NSA) employees had used their surveillance system access to spy on their current and former spouses and partners.

Implications

In addition to being morally reprehensible, gang stalking - just like the original version of the FBI's Cointelpro operations - is illegal. It violates criminal laws in all fifty states against stalking, as well as grossly violating the U.S. Constitution's prohibitions against warrantless searches and extra-judicial punishment.

While the vast majority of Americans are never personally targeted by gang stalking, they should still be concerned about the existence of such operations. Even if such activities were constitutionally legitimate (clearly they are not), they would still have an enormous potential for abuse as a personal or political weapon by the practitioners.

Ending this cowardly and illegal practice by law enforcement agencies, intelligence agencies, and their parasitic corporate contractors will require exposing what is happening to the public. Anyone reading this can assist with that exposure by simply sharing this information with others.

Ted Gunderson also filed in court statements elements of the FBI and CIA attacked him with Psychiatric Shock troops firing at his windows and other abusive and threatening acts and have do so around the world in conjunction with espionage activities.

GANG STALKING VIGILANTISM RUN BY U.S. GOVERNMENT, SAYS EX-FBI OFFICIAL https://rudy2.wordpress.com/gang-stalking-vigilantism-run-by-u-s-government-says-ex-fbi-official-says-ex-fbi-official/

After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In 1980, he became a defense investigator for Green Beret doctor Jeffrey R. MacDonald, who had been convicted of the 1970 murders of his pregnant wife and two daughters. Gunderson obtained affidavits from Helena Stoeckley confessing to her involvement in the murders which she claimed had in actuality been perpetrated by a Satanic cult of which she was a member.[8]

A former senior official of the Federal Bureau of Investigation says **"rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or *undesirables***.

Ted Gunderson, *82*, who has served as the special agent in charge of the FBI's Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that **he is now targeted by these same elements, and fears for his life and for the safety of his family**. He reports that the windows of his

home have been shot out, and **he believes he has been poisoned and physically sickened by those seeking to *silence* him**.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California- based private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official's comments represent the most compelling testimony to date indicating that "black operations" of the federal government are dedicated to waging a covert war of terror and persecution targeting American citizens.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube.

State Actions and State Actors

When Donald Trump ran for President of the USA a British Intelligence group tied to or working through Fusion GPS is alleged to have used paid actors to surround him and create disparaging scenes he seemed to be linked to. A Pantamime as I recall uses statue for actors to dance around creating a scene the statue is in.

State Actors concealing their links to the US or foreign governments may under cover as plain clothes or through co-operating plan clothes or uniformed parties attempt to frame, implicate, disparage, mock, or physically assault, poison, or sabotage a person as a State Act.

This how undercover State Actors act and intelligence officials with the skill level of Ted Gunderson understate secret police activities in sabotage and subversion.

Many others such as Brian Glick in a book The War At Home have ascribed at least these activities and more to the FBI and others.

Other sources with direct access to the CIA files have consistent and substantive information on the plot line I outline and expand on connecting Martin Luther King, Malcom X, JFK and RFK ina CIA based series of assassinations.

Jen Moore talked about the harassment with FBI Psychiatric Shock Troops setting off panic inducing and traumatic abusive behavior leaving her shaking as the attempted to tell her story still withholding names but still threatened and traumatized.

The FBI, CIA, NSA and others are good at silencing people. Talbot, Hastings, Breitbart, Andrea Parhamovich, Sandy Hume, and others were willing to report on government. And they did and they died.

Big stories were pursued by big journalism and big journalists. That has been a characteristic of all of them. John Pilger, Jack Anderson, and Seymour Hirsch will always be remembered powerful journalists.

YouTube - John Pilger - Obama Is A Corporate Marketing Creation. … I have recently referred to him as ACORN's "Manchurian Candidate". A YouTube Presentation I have spent extensive research activities into and confirmed it all including the US media ignoring the CIA building Obama Jr for the furtherance of big business as the USA seems a very liberalized democracy, not one of conquest of exploited colonies.

So will be (I think) the names Webster Griffin Tarpley (Author), Anton Chaitkin (Author) and Prouty and Madsen and Raplph Thomas, James Dieugenio, and the site Infowars who

report on Gang-stalking, Michelle Obama, and more stories and I think they have hit the soft tendon of the Body Politics knee when in error have been over reacted too.

It is their courage in reporting and their fearlessness that has been similar to Anne Coulter and others, rare voices in public stands in public speech.

We have insulted our judges and our press from retaliation so they have the utmost freedom to act.

Veiled and less than veiled threats to journalists and others are clear in the United States when reporters got to close to stories about the most powerful and Micheal Hastings, Jen Moore, the attacks on me Jen Moore had documented and I and others documented provide as the domain of questions reasonable minds are confined to.

"Does this countries Espionage agencies assassinate journalists and politicians alike?"

> **"Does this country's Espionage agencies assassinate journalists and politicians alike?"**
>
> Reasonable minds have considered the movie JFK by Oliver Stone based on stories of insiders to the US Government, and heard Warren Commission and other investigatory research and find a conspiracy was either likely or possible.
>
> 1. We can not dismiss the question of assassination of journalists and politicians because the available facts supporting the premise are too expansive and too credible in their origins.

2. When those like Jen Moore and others who have died untimely or violent deaths rather than aging just before testifying as witnesses and report they had experienced threat if they spoke out about the US Government and its high ranking officials a threshold of establishing a possible assassination in furtherance of government cover-up becomes the defacto criminal justice question unless immediately disprovable.

Among the stories told by Jen Moore are her being jumped by thugs who told her to keep quiet or she would be silenced. Audio of her describing that at other attacks remain available on social media. She took walks along James Alefantis, Tony Podesta, and Barrack Obama Jr's (I think that was the former president she was referring to but i do not know) and said the most powerful and elite wanted her silenced on these questions.

How the elite live in DC … in Kalorama are D.C. where she says Cabal actors have huddled.

That former President of the US living in Kalorama (Jem Moore how the elites live near Comet Pig Pong Pizza in Kalorama as CIA-ville https://www.youtube.com/watch?v=OfLDNRVtvNw

Note this area is publicly known area of the post presidency Obama family but Jen Moore as usuall does not directly name Obama as she does more often name as Cabal John Podesta, tied to Tony Podesta and Hillary Clinton who she also directly names, and Podessta's Free Mason palm artwork he displays.

None of this makes Barrack Obama Jr. a suspect but it does

make the subject of Barrack Obama Jr and his origins a matter of sensitivity that the Bush family and others may need to cover up with the tacit support or complicity of Barrack Obama Jr. If indeed as Jen Moore and Edward Donegan suggest this is tied to Obama origins the suspicious deaths are Micheal Hastings, Vicotoria Windsor, Breitbart, Ed Donegan being harassed, and I also add Sandy Hume Jen Moore and Marilyn Monroe along with JFK and RFK and many more.

Tony Podesta, who lives two doors from the house the Obamas will rent, invites neighbors for pizza parties in his backyard, where he has a pizza oven. Several times a day, a line of parked taxis snakes down the street, its occupants drawn to the Islamic Center on the block for Muslim prayers.

As news of the Obama's housing plans became public on Wednesday, journalists and news photographers flocked to the block. "My housekeeper was a little freaked out," Podesta said.

While the Obamas still own a home in Chicago, the president said in March that his family would remain in the Washington area until Sasha, who attends the Sidwell Friends School, graduated from high school. The Obamas said this month that their older daughter Malia, who graduates from Sidwell next month, would take a gap year before enrolling at Harvard.

We turn again to is there anything in that there may be a written record of?

Again I ask you to consider the written and photograhic records is support of Co. Prouty who I knew when I was young and Prouty's report of assassins from the train-yard now credibly believed to be Charles Harrelson and Frank Sturgis and E. Howard Hunt all CIA and FBI connected as were others and one other and I have data indicating separately Charles Harrelson who had also confessed to that assassination of JKF and was convicted of assassinating a US Judge for the for the CIA as he had printed on his business cards still available to history.

I stress again the revised version of the Kennnedy Assasination(s) is that the CIA and FBI and US Dept of Defense, fired and still on duty, conspired within the United States to protect a Cadre of CIA backed military indusustrial complex wealth families including the DuPonts, the Muellers tied to DuPont, Trusdale and others, part of this from my own mouth and reading of the storis of the press and my own family, and the families of others or others such as St John Hunt son of E. Howard Hunt who said his father conspired with William King Harvey and others of the CIA to assasinate Kennedy my own family history confirms, those with CIA and Speical Ops background like Gene Chip Tatum who name Mueller as CIA via the US Dept of Justice front jobs, and G. Gordon Liddy's own open statements he under J. Edgar Hoover was about to assasinate journalist Jack Anderson because of Jack Anderson's reporting on the CIA, or another CIA person confirmed as CIA with a faked picture saying he assasinated movie star Marilyn Monroe to keep her silent.

I stress here G. Gordon Liddy 1950os aide as an FBI agent a senior adjunct to J. Edgar Hoover during Nixon years and propaganda screen ghost writer for FBI planted propaganda (again I think tied to Astsugi Air Base of Prouty and Donegan) never hid these allegations of threats to journalists, at least not in the latter years of their lives.

Ted Gunderson describes (as others do) the CIA and FBI illegal conduct as Stasi, a system where direct persecution on the courts is too obvious, so undercover teams of contractors,

contractors, and others to the FBI and CIA use illegal tactics trained by the CIA and FBI to get people framed and arrested, victims of crime, harassment and smear, etc., by hidden hands controlling the street thugs or assets of the FBI, the very background Jen Moore was operating as an agent of when she decided to turn whistle-blower.

Brit Hume worked for anti CIA reported Jack Anderson and I and others find the in custody death of reporter Sandy Hume suspicious, Sandy Hume the Hill reporter son of fox news Brit Hume.

[item] NUMBERs 32-35.* Policeman with “tramps.” None of these pictures were seen by the Warren Commission.

Further evidence of the hand of the conspiracy is found immediately after the shooting. Security on the scene was almost nonexistent. Photographic evidence, including the famous “tramp” photographs, show that ten men were “arrested” at Dealey Plaza. No record of these arrests exists and there is none in the Warren report.

In the case of the “tramps,” those three men who were rounded up on orders of Police Inspector J. Herbert Sawyer (the man in charge of security activity at Dealey Plaza), we find a sequence of astounding actions. A Sergeant D.V. Harkness was ordered to stop a freight train and remove the men. Harkness arrested the three men and turned them over to policemen Marvin Wise and Billy Bass, who marched them all the way from the west side of the Book building, around the north side of the Plaza, and into the vehicle entrance of the Sheriff’s

> office. Few people realize this entire procedure took place almost on the steps of the Sheriff's office.
>
> While Wise and Bass were marching these men to the Sheriff's office, William Allen, George Smith, and Jack Beers of the Dallas Times Herald, the Fort Worth Star Telegram, and the Dallas Morning News, took several pictures of them.

When considering whether the CIA has run a secret program to control the US Government I do not ask you to consider yet again items 32 - 35 here, those photos.

I just ask you to be worried by the facts items 1 - 31 and 32-36 are even more scary. Way more scary in some ways such as umbrellas that spit poison darts the US Congress heard testimony as well.

> !!BREAKING NEWS!!! JUSTICE SCALIA MURDER REVEALED IN #WIKILEAKS #PODESTA EMAILS - WET WORKS IS KGB TERM FOR ASSASSINATION. SHARE THIS NOW!

By itself the email and the death of Justice Scalia is not dispostive. While the death of Scalia did follow days after the email and the email did cite #WETWORKS room for bad optics alone in the wording of the email is easily given.

That email does not exist by itself. It is in Jen Moore's and Ed Donegan's story part of a long chain of events of Damage Control being done by #WETWORKS mostly targeting Roman Catholic anti mafia types who resented British subversion and overthrow systems that may have by osmosis found its way into the US Government from such close proximity to Great Britain's

Body Politic.

This likelyhood under Wild Bill Donovan, the Dulles Brothers, and others does tied into Rockefelers, United Fruit Company, Sullivan and Cromwell, and International Trademart, and others exists in our history per expert view of history.

> I'm not gonna set out loud but I'm here on a mission first thing I want to say is I want to think there's many many people who have helped me to get here to do this what I call a mission so what the mission is has to do with a lot of what Hugh talks about and when he says these people are sick a lot of you know what that means a lot of you guys have seen a lot of arrests and a lot of different very evil things coming out about activities that many people in our country around the world and a lot of politicians are involved in and a lot of people are involved in covering up and so part of my whistleblower journey is part of exposing that cover-up and that's why I'm here right now so I was reminded when I got here today the last time I was here was I think six years ago six and a half years ago I am and on my journey as a whistleblower
>
> I had developed extreme post-traumatic stress disorder from targeting and various other things I would get into at a later point a lot of whistleblowers have this mine was extremely severe and I was at times paralyzed from moving even from doing anything the last time I was here was another mission it was to get help from some specialists who dealt with soldiers and caught people who had been in combat and had been targeted in their own PTSD journeys and I thought that was the answer and so I came here and then I lived for the next six and

half years trying to work it out and could never really get true healing I guess you could call it but I did work with a lot of soldiers and I did work with a lot of law enforcement and a lot of different victims and witnesses and whistle-blowers and people like that and one thing that

I learned through all the work was something that I say PTSD is really about not just about this but one of the major components is what I call trapped truth and people with PTSD have a story inside of them many many stories but of course stories about fear and pain and things they've had a hole deep within them and that truth is trapped in there and the reason it's trapped is because well there's a lot of reasons a lot of people don't want to hear it a lot of people are scared of it which makes sense even doctors and psychiatrists and psychologists are scared of it and a lot of people don't understand the rage that comes from traps truth and so there's this need for people with PTSD whistle = blowers victims witnesses to get the truth out of their body out of their soul out of their minds and that doesn't always mean every little detail but it means a core story at least as someone who has experienced it and can hear it and I'm one of those people so when I was here almost seven years ago I could barely function in this city I had someone with me but barely function and being out amongst all these people and the the sirens especially would have had me shaking the camera like this I'm now steady so my journey is about walking into that fear my run away for this fire engine ago mine

now *in my past these sirens and this [Rough] noise would have like I said got me shaking and my mind racing and panic and wanting to crawl in a hole* from this is what happens with PTSD but my decision to go to DC and then coming on these trips and to helping other people and other whistle-blowers and other victims tell they're trapped truth is also part of my own healing and that is letting my trapped truth come out and my story come

> out and walking into my greatest fear some of my greatest worries pushing past the fear of being targeted even though that might still be happening or probably is and doing something greater than myself and that is helping a community at large so that's why I'm here this weekend and I will give you short updates as I go along **but I can't get out the exact details yet**

I cite laws on Conspiracy Against First Amendment and Religious rights 18 USC 241, 242, and 246 with bodily damage and egregious injury and further that is also in furtherance of Title 18 Chapter 73 about Obstruction of Justice in silencing witnesses by any of a number of means specified in the statute sub sections and the way I intend to seek the death penalty is show the systemic attacks on me and my book writing are part of a RICO pattern of other attacks on others in the same matter, others such as Jen Moore and there is at least the Jen Moore death and the pattern of attack upon me is conjoined with and part of the same criminal activities of silencing MKULTRA witnesses with COINTELPRO.

Richard Belzer, Joan Mellon, and others have described FBI actities well and likely the NSA, CAI, and FBI are conspiring against witnesses. This includes former and high ranking FBI agents targeted by other FBI agents or obove tied to illegal top secret programs.

Stalkers rarely hide the fact they are getting in the way on purpose and trying to break you down by threatening, harrassing, and being abusive for fight provoking with you but appeasing stalkers by no longer speaking out is an ever greater risk than continuing work, if possible, because the only safety from corruption and abuse of power is outing it however little

those in power want to be called out for State acts targeting whistle-blowers.

In those other videos she talks about how good the CIA is at sexually attacking a person, racially, religiously, or with threats to life really similar to Abu Ghraib scandal where people were forced into intensely abusive environments to take them apart psychologically and repeatedly doing that as salt keeps getting rubbed over and over into wounds including with death threats and fear, and sometimes being jumped and fought and often threatened with it.

Stalkers are clear about what they fear and they have broken into my home and destroyed my home and attack me as I write my book.

Often times and this may be true of Tsarnev's Stalkers place or utilize obstacles of a certain shape, color, design, race, religion, or ethnicity, or role in society harmfully into the way of the Targeted person such that the Targeted's person view towards that object is programmed to be hostile. Very high proflie cases have been like this including Sirhan Sirhan.

Far more detail on that is available. Here is some utilizing eXtensible Markup Language to show how actions like setting off sirens, punching one hands fist into your other hand's palm next to a person's head is an expressive act threat, etc., if one were to loosely type this out using computer language.

Below is High Tech way of saying all sorts of things can be unspoken but still expressed, as those hiding their actions from culpability attempt to do. The stop short of actually saying something, literally, but act a certain way or show or brandish knives, etc.,

If we now study the covert actions and actors and their motives attacking Jen Moore and Ed Donegan Veronica Hoffman and Glorian Donegan and Tom Dunham and James Donegan and Ted Gunderson with predatorial stalking we can see bac into the past and where Espionage secret team assassinated JFK uncleanly leaving evidence behind they feared one day may lead to their own arrest if the evidence isn't suppressed or destroyed.

Edward Paul Donegan asserts on part of the fabric of this whose centrality should not be over estimated was a plan Barrack Obama Jr. might one day be useful in Indonesia or elsewhere; and further I suggest the Donegan family had some connections to that leading to attacks on me and Jen Moore as a whistle-blowers to that part of USA history.

It was far more important to US history George H.W. Bush, Donald Barr, and others survived their role in the assassination than any of their minions later making into office including CIA and Secret Team members Robert Mueller and others.

Donald Barr and his son William Pellham Barr concealed from the mainstream public awareness their role in the CIA's most illegal acts inside the USA and around the world I have built on elsewhere factually in depth but I will rely on some publicly available headlines here to explain the matter with dispatch.

The 1992 United States presidential election was the 52nd quadrennial presidential election, held on Tuesday, November 3, 1992. Democratic Governor Bill Clinton of Arkansas defeated incumbent Republican President George H. W. Bush, independent businessman Ross Perot of Texas, and a number of minor candidates.

Barr first met Bush in the CIA. In 1976, having shifted to the agency’s legislative office, he helped write the pap sheets that director Bush used to fend off the Pike and Church committees, the first real embodiments of Congressional oversight of the CIA. Intimates say the experience was formative for Barr, turning him into an implacable enemy of congressional intrusions on executive prerogative.

During the 1980s Barr bounced between government service and a prestigious Washington law firm that would later represent one of the key defendants in the BCCI affair. Barr assured Congress in 1991 that he was long gone from Shaw, Pittman, Potts & Trowbridge by the time it took on its dubious BCCI client. Still, the appearance of compromised interests would dog Barr at Justice, particularly as its own investigation of BCCI stalled.

“Like your typical Wall Street lawyer … not a table pounder” was how one of Barr’s legal sparring partners remembered him during his days at Shaw, Pittman. Indeed, “corporate” was written all over him. Though he never tried a case in court, he took on the causes of

Departmeent of Justice Office of Justice Programs has this also their website repeating the information - Dirty Money: BCCI - The Inside Story of the World's Sleaziest Bank. This book details the origins and operations of the Bank of Credit and Commerce International (BCCI), which became extensively involved in money laundering, the financing of arms sales to terrorists, and the financing of drug traffickers is a book of great importance.

Another such book was The Big Bamboozle, George Bush and the CIA by Phillip Marshall. I have read his and other books, perphaps 20 in full, on this thread of history and the Bush family of political CIA operatives and Saudi Arabia, and world sluch funds of rebel groups and secret funding.

Author Phillip Marshall had read all these books too, but then of course he WAS a Special Activities Pilot for the CIA flying out of New Orleans CIA stations with Barry Seal and others for the CIA.

Like most authors Marshall quoted thousands of existing House Select Committee on Assassinations, Warren Commission, and other public records in his case of the CIA black opps activities.

Phillip Marhall also quoted TIME Magazine Cover: The B.C.C.I. Scandal - July 29, 1991 as executives told Time Magazine if they dared speak about the activities of the CIA at Bank of Credit and Commerce International they AND THEIR

FAMILIES would be assassinated. I like Phillip Marshall use those direct quotations from those persons in our writings.

Former airline pilot and conspiracy theorist ‘shot dead his two teenage children and his dog before turning the gun on himself’ By RACHEL QUIGLEY Calaveras County California While he was writing it, Marshall believed that his life was in danger because of the allegations involved.

According to Santa Barbara View, during the editing and pre-marketing process of Marshall’s book, he expressed some degree of paranoia because the nonfiction work accused the George W. Bush administration of being in cahoots with the Saudi intelligence community in training the hijackers who died in the planes used in the attacks.

Dr. Feelgood aka Max Jacobson to Marilyn Monroe and others

treated Attention Deficit Disorder - Explosive Subtype as some call it with Methamphetamine. Methylphenedite (ritalyn) or Dexamphetamine (generic amphetamine salt as used a base for Adderall) help with lack of Dopamine sensation, the feelgood nuerochemical. He rather than Lawford or Greenson were likely in on the Marilyn Monroe murder.

The methamphetamine molecule is structurally similar to amphetamine and to the neurotransmitter dopamine, a brain chemical that plays an important role in the reinforcement of rewarding behaviors, but it is quite different from cocaine.45 Although these stimulants have similar behavioral and physiological effects, there are some major differences in the basic mechanisms of how they work.

In contrast to cocaine, which is quickly removed from and almost completely metabolized in the body, methamphetamine has a much longer duration of action, and a larger percentage of the drug remains unchanged in the body. Methamphetamine therefore remains in the brain longer, which ultimately leads to prolonged stimulant effects. https://nida.nih.gov/publications/research-reports/methamphetamine/how-methamphetamine-different-other-stimulants-such-cocaine

https://www.closerweekly.com/posts/marilyn-monroe-was-killed-with-a-deadly-syringe-podcast-claims/

Wellbutrin generically burpopin is an amphetamine alternative and assists in the uptake of available dopamine and creates and anti-depressive sense of well being rather than injury or sadness looking for an event in life to attach too.

Max Jacobson (3 July 1900 - 1 December 1979) was a German physician and medical researcher who treated numerous high-profile clients in America, including President John F. Kennedy. Jacobson came to be known as “Miracle Max” and “Dr. Feelgood” because he administered highly addictive “vitamin shots” laced with various substances that included amphetamine and methamphetamine.

Largely unknown to the public until his methods were exposed by The New York Times in 1972, Jacobson was charged with unprofessional conduct and fraud in 1973. He eventually lost his medical license in 1975. Jacobson died in December 1979, without regaining his license.

It is also part of the amphetamine chatemacholines part of the Executive of the Brain that holds and directs attention. He pioneered various treatments for Minimal Brain Dysfunction known since the 1920s in Hollywood celebrities tied to these family lines.

ADHD symptom profiles, intermittent explosive disorder, adverse childhood experiences, and internalizing/externalizing problems in young offenders

Abstract

Attention-deficit/hyperactivity disorder (ADHD) and co-existing psychiatric/psychological impairments as well as adverse childhood experiences (ACEs) are common among young offenders. Research on their associations is of major importance for early intervention and crime prevention. Intermittent explosive disorder (IED) warrants specific consideration in this regard. To gain sophisticated insights into the occurrence and associations of ADHD, IED, ACEs, and further psychiatric/psychological impairments in young (male and female) offenders, we used latent profile analysis (LPA) to empirically derive subtypes among 156 young offenders who were at an early stage of crime development based on their self-reported ADHD symptoms, and combined those with the presence of IED. We found four distinct ADHD subtypes that differed rather quantitatively than qualitatively (very low, low, moderate, and severe symptomatology).

Additional IED, ACEs, and further internalizing and externalizing problems were found most frequently in the severe ADHD subtype. Furthermore, females were over-represented in the severe ADHD subtype. Finally, ACEs predicted high ADHD symptomatology with co-existing IED, but not without IED. Because ACEs were positively associated with the occurrence of ADHD/IED and ADHD is one important risk factor for on-going criminal behaviors, our findings highlight the need for early identification of ACEs and ADHD/IED in young offenders to identify those adolescents who are at increased risk for long-lasting criminal careers. Furthermore, they contribute to the debate about how to best conceptualize ADHD regarding further emotional and behavioral disturbances.

When the CIA kills it rarely says so and usually gets away with it. Toxins are specialty of theirs as are other killing techniques such as directing psychos recruited out of prisons, etc., and offering them money to complete a favor the CIA needs.

Outside of the context the books Micheal Hastings, Victoria Windsor, Andrew Brietbart, Jen Moore were writing the deaths my seem normal courses of events but each had represented big stories upcoming before they died and I can tell you that story.

David Talbot author of The Devils Chessboard all this CIA overthrow history. Talbot does not as far as I know go into or is even likely aware of Obama Jr. being planned for possible lineages and as a possible political front for the CIA depending on how the world might shape up.

Talbot is not the same guy as Henry Cabot Lodge but probably

of a similar mindset and like Prouty and Lodge saw the CIA refuse control directed by JFK and his administration and saw a CIA system Deep State that merely killed JFK to get around JFK wishes.

I Edward Paul Donegan have read book on XML and like most computer oriented formalized logic systems is quite precise and we can learn from that. A statement in XML especially in what is called a *Closed World Assumption* that is to say a World in which there is one thing that is true and everyhing else if false is called a Constraint. Why would making a statement of fact in XML be created a constraint. Because in problem discussion it is like saying "Take this as a given. Then .." You have ruled out scenarios in which the Given is untrue.

In the Open World Assumption that more than one thing can be true, or in our thinking here scenerios where we get to pick what we want to be true, then long term planning by the CIA may want not just Barrack Obama Jr, or others destined to certain roles, but possible roles, and with multiple possible backgrounds left here an there that could be used if they need to insert a spy into Kenya, Indonesia, Saudi Arabia, or eleswhere.

If there is uncertainty to who Barrack Obama Jr is or where he was born and to whom then the plan has succeeded.

From Wikipedia, the free encyclopedia - According to an American political conspiracy theory, the deep state is a clandestine network of members of the federal government (especially within the FBI and CIA), working in conjunction with high-level financial and industrial entities and leaders, to exercise power alongside or within the elected United States government. The term deep state originated in the 1990s as a reference to an alleged longtime deep state in Turkey, but began to be used to refer to the American government as well, including during the Obama administration. However, the theory reached mainstream recognition under the presidency of Donald Trump, who referenced an alleged deep state working

against him and his administration's agenda.

The term has precedents since at least the 1950s, including the concept of the military-industrial complex (more popular among the political left than "deep state"), which posits a cabal of generals and defense contractors who enrich themselves through pushing the country into endless wars.

Opinion polling done in 2017 and 2018 suggests that approximately half of all Americans believe in the existence of a deep state.

The origin of the term Deep State was from bureaucracy. The head of a bureau or above may give an order down but the bureau may be a pool of people who have access to the lever and controls of the bureau who simply can fail to comply with and even retaliate against the higher ranking executive by being more of monitoring for misconduct problem the executive can resolve given the tools at his or her disposal.

Is Obama the secret son of Malcolm X_.pdf is written by an Israeli Intelligence insider with access to the topmost classified documents from England and the United States and notes the long complex CIA background in these operations stretching across Kenya and Indonesia and the USA and speculates in a way Edward Paul Donegan can confirm by entirely separate sources information of Malcom X was in the cards as a story-line of who Barrack Obama Jr might really be traced to, Barrack Obama Sr another CIA open door to a story line.

The information the is secretly in lets say it again in hidden identity Malcom X was the true father of Barrack Obama Jr and the seeming marriage between Obama Sr and Madelyn Lee Payne Dunham is shrouded in CIA operations and if the dates are to be believed at all are unlikely at best, and birth certificate information from Edward Paul Donegan birth certificate Los Angeles with JFK in the area has data to back up the Malcolm X part fo the story and other parts of the story.

CIA: Undermining and Nazifying Ukraine Since 1953

by Wayne Madsen is a file showing during the Cold War these operations were going on all over the world as the CIA now admits in its declassified files and a similar operation at the same time in history we are now finding out the names and details of.

The recent declassification of over 3800 documents by the Central Intelligence Agency provides detailed proof that since 1953 the CIA operated two major programs intent on not only destabilizing Ukraine but Nazifying it with followers of the World War II Ukrainian Nazi leader Stepan Bandera.

For a base story line now the working theory of most anyone who has read the deathbed confessions and seen the declassified files and ever more data one might try this likeable fellows book on academia.edu.

Some Unpopular History of the United States The JFK Years and His Assassination January 20, 1961 - November 22, 1963

Edition as of November 2019 by Richard L. McManus

INTRODUCTION

The purpose of this book is to inform readers about historical facts that most US history books omit. Most US citizens do not know about the unnecessary and unjust wars, violations of international law, and covert

> operations by the CIA and other US government agencies. This book is based on 50 years of work by JFK assassination researchers, a great many declassified documents, and three US Government investigation. I hope future historians and you will findmy mistakes so together we get closer to the truth.

> Vice President: **Lyndon B. Johnson**

As a first hand witness to a complex time and place distributed chain of events I will utilize others accounts and public records I am corroborating and at first oral history of my family it was given to me growing up and living life and later as me in my own voice that in in particular exlain the death of JFK, RFK, and Andrew Breitbart as the facts pertain to me and my mother and less so my father James Paul Donegan.

I believe my life is not only connected to the Kennedy assassination story but the reason for it since I carry a gene that by November 18 1963 days before JFK's death made me ineligible for a developmental program. I will go into that and my mother's and Marilyn Monroe's connection to the volatile emotions of Borderline Personality Disorder fairly early in this document and the Maria Von Trapp nee Maria Kutschera connection to my mother's North Carolina 1926 to 1936 story and that heritable trait in several publicity sensitive family lines.

> A pattern of unstable and intense interpersonal relationships, typically characterized by alternating between extremes of idealization and devaluation. Identity disturbance, manifested in markedly and persistently unstable self-image or sense of self.

Those in the public eye or in tense relationships are especially likely to be sensitized to their own perceptions of themselves and how others perceive them.

In 1938 this was recognized in the USA as it had been in England since London King Edward VII, his son Prince Albert of York later King George VI after King Edward his brother abdicates, and Maria Kutschera and later Marilyn Monroe and Glorian Donegan then Edward Paul Donegan.

King George VI before coronation Albert of York second inline to the throne was King of the United Kingdom and the Dominions of the British Commonwealth from 11 December 1936 until his death in 1952. He was also the last Emperor of India from 1936 until the British Raj was dissolved in August 1947, and the first Head of the Commonwealth following the London Declaration of 1949. Wikipedia Born: December 14, 1895, York Cottage, United Kingdom Died: February 6, 1952, Sandringham Estate, United Kingdom Siblings: Edward VIII, MORE Parents: George V, Mary of Teck Spouse: Queen Elizabeth The Queen Mother (m. 1923-1952)

In 1952 Marilyn Monroe and others would become a part of studies and I assert both her and Glorian came into the USA from Vienna with unknown (to others) father like Julie Andrews Albert of York or Edward of Windsor out of wedlock with Maria Kutschera herself with the trait that made the convent in 1926 impossible for her and her spontaneity and volatility.

Wayne Madsen who along with Prouty (who wrote most of the files and Madsen who read those files) are knowledgeable people familiar with the CIA's boundryless behavior inside the USA and outside of the USA in partnership with foreign intelligence services not the least of which are the Vatican, Vatican Bank, Knights of Malta, Mossand, MI5 and MI6 and others who are a regular part in activities in Great Brittain and its areas of influence like Australia, Anglican church areas of Africa, WWI, WWII, postwar and Cold War Europe, and other

theaters. Wayne Madsen concurs with Prouty definitively and credibly outline increasingly available declassified documents related to what has been referred to broadly as “Indonesia 1958: Nixon, the CIA, and the Secret War By L. Fletcher Prouty” that along with Wayne Madsen show by JFK’s swearing in January 20 1961 he inherited plans for Cuba, Guatemala and Iran, Indonesia, Hawaii, and elsewhere, all of which were being formed up by what some call Secret Wars and others call Dirty Wars of assassination of journalists, priests, children, government officials, and others and CIA money and front groups backing doing so in destabilizing countries that are forced into lock-downs, civil wars, and street level combat and violence between militias who do not even reach the level of distinctive uniform or regional affiliation, just become street mobs more likely tied to narco trafficking.

Wayne Madsen’s published works include The manufacturing of a president. The CIA’s insertion of Barack H. Obama, Jr. into the White House as it is sometimes titled or the more specific published works SPECIAL REPORT The Story of Obama: All in The Company (Part I and Part II) by Wayne Madsen of the Geroge H.W. Bush and other CIA Rockefeller Republican plans with V.P. Nixon for Executive Action (regime change in Indonesia and a carefully carreer planned Barrck Obama Jr from birth a potential plan for that.

All of the aforementioned published works such as The Story of Obama: All in The Company (Part I and Part II) and The Story of Obama: All in The Company (Part I and Part II) and Indonesia 1958: Nixon, the CIA, and the Secret War By L. Fletcher Prouty are written by those with accesss to the declassified files or wrote the files in the positions they are known to have held and can be found on the web easily and I and others have them archives as well. I will also introduce Jem Moore and her use of CIA files and will corroborate those as well.

> During the month of May 1990 an archaeological project was conducted at the McMartin Preschool site to determine, once and for all, whether or not there had ever been tunnels under the building, as described by various children. Excavation was carried out according to established scientific conventions with a careful research design defining what might prove or disprove the existence of “an underground feature that would connect to the surface of the site and extend underground for some distance..(with) dimensions large

enough to accomodate adult human movement through it." (p 24) The project unearthed not one but two tunnel complexes as well as previously unrecognized structural features which defied logical explanation. Both tunnel complexes conformed to locations and functional descriptions established by children's reports. One had been described as providing undetected access to an adjacent building on the east. The other provided outside access under the west wall of the building and contained within it an enlarged, cavernous artifact corresponding to children's descriptions of a "secret room".

Both the contour signature of the walls and the nature of recovered artifacts indicated that the tunnels had been dug by hand under the concrete slab floor after the construction of the building. Whatever the purpose of this elaborate enterprise, even more effort must have been devoted to filling the tunnels back in and trying to conceal any evidence of their existence. Much of the fill dirt used for packing the tunnel spaces was mixed with historic debris, as if to mimic the surrounding terrain. Not only did the discovered features fulfill the research prequalifications as tunnels designed for human traffic, there was also no alternative or natural explanation for the presence of such features.

BACKGROUND

The McMartin preschool in Manhattan Beach, California was the first of what has since been described as a national epidemic of multi-victim, multi-perpetrator accusations of sexual and sadistic abuse which erupted in the mid 1980's. The McMartin case was encumbered with hundreds of charges against seven defendants and dozens of uncharged suspects. It became the longest, most expensive and arguably most controversial criminal trial in American history. The

descriptions given by children to investigators and parents were unusual and unprecedented as they emerged in 1983, but they became so stereotypic to subsequent cases throughout the country as to become generic of presumed “ritual abuse”. Accusations of such extreme cruelty and bizarre perversity in the absence of physical evidence or obviously deranged suspects led eventually to increasing skepticism that such crimes could possibly exist. Simple alternative explanations emerged, first as criminal defense theories and then as common wisdom: very young children were moved by the hysterical overreaction of various adults to make unfounded accusations. Full-page newspaper ads placed in 1984 by McMartin criminal defense attorneys raised the specter of the Salem witch trials. The witch hunt analogy has since flourished to create substantial public distrust of pre-school-age witnesses and of the adults who question them.

The failure of prosecutors to obtain even a single conviction in the McMartin trial has been taken by many as proof that the children’s allegations were merely fantastic. Various journalists have demanded punishment of the professionals and parents who had chosen to believe them. Similar allegations arising more recently in other cases in the United States and abroad are tested against the McMartin standard, creating a prejudice against investigating or substantiating even remotely “bizarre” complaints. Parents in such cases feel triply betrayed; first with the dreadful discovery of abuse; second with their abandonment by law enforcement, and third with being blamed for imagining the abuse and fomenting public hysteria.

One of the supposedly bizarre aspects of the McMartin case was the children’s insistence that they were taken into underground tunnels. They explained that the tunnels led to an underground “secret room” where abuse occurred, as well as providing a route for subversive transport to off-site locations for sexual

exploitation. These stories were apparently considered fantastic by investigators, who made no attempt to search beneath the building.

A group of parents forced the hand of the district attorney on March 17, 1985 by initiating an excavation in the adjacent lot. The district attorney then authorized an archaeological inspection of that lot by Scientific Resource Surveys Inc. (SRS). There was no exploration beneath the slab floor. Instrumental survey with a terrain conductivity meter failed to detect alterations under the concrete. The SRS technician informed the district attorney's investigator that the meter proved useless within the structure because of excessive interference from pipes and steel reinforcement. The preemptory conclusion at that time that there were no tunnels has become gospel among detractors of the McMartin families. Influential journalists ridicule parents for ever entertaining such a possibility and mock their subsequent attempts at exploration. The first opportunity for private exploration came in April 1990 when the property was sold. Several parents obtained permission from the new owner to search for the tunnels. After cutting out a section of concrete and coming up with ambiguous findings, it became apparent that experienced supervision was need. Gerald Hoobs a professional miner, was engaged to insure safety and to better define the nature of the underground artifacts. When an apparent tunnel entrance was discovered and then verified by geologist Dr. E. Don Michael, parents sought out the archaeological team that completed the present project.

METHOD

The project was designed and conducted by E. Gary Stickel, Ph.D., on the recommendation of Rainer Berger, Ph.D., Professor and Chair of the Interdisciplinary

Program of the Archaeology Department at UCLA. Dr. Stickel is director of Environmental Research Archaeologists, a Scientific Consortium (ERA)

HYPOTHESES AND TEST EXPECTATIONS

The primary research problem was to determine whether or not there were a tunnel(s) and an underground room(s) at the site in question. To meet the test hypotheses, a tunnel would be an underground feature that would connect to the surface of the site and extend underground for some distance, possibly (but not necessarily) connecting to an underground room(s). It would have to have dimensions large enough to accommodate adult human movement through it. Such a tunnel on the subject property could have been constructed in two ways: 1) either dug out as a trench-like opening which would then be roofed over with wood and/or other materials and covered over with fill above to make a true tunnel (as opposed to an open trench), or 2) would be dug out completely underground, which would then leave a “ceiling” over its passageway formed of the naturally deposited soil. If the latter were the case, such a tunnel may or may not have been fitted with an underground “roof” of wood and/or other materials either to reinforce the strength of the “ceiling” of the tunnel or to keep loose soil and dust from falling down on people using it. In either scenario (1 or 2) such a tunnel may have had posts of wood and/or other materials (e.g.iron) to serve as shoring reinforcements.

Thus, given the operational definition of a tunnel considered here, the following hypothesis and test expectations were considered (test expectations are specific, tangible data that are to be expected and are discover able if the hypothesis is valid; Stickel, 1979)

There is a sapience, and awareness, and intelligence to this. Jen More and others say outright this is tied to the Kennedy assassination and big money in NWO backed free mason businesses, the Bush family part of that. Further, the witnessed killed who testify to or spoke of shots from the Grassy Knoll and a CIA conspiracy seemed to have been killed by a sapient centrally aware CIA capability of a CIA trying to hide its tracks even as they ever more lose their camouflage to declassification, death bed confessions, expert evidence analysis and evidence recovery, new witnesses, etc.,

On page 130 begin appendixes one by Jeffery Minard and an odd pipe joint clamp and he note glass, metal, or rubber and diagrammed and similar bottles were. This odd artifact he found corresponded to patent number ANACO 3233 9 22 in some numerology way not far from 022 46 Massachusetts (we were only in Los Angeles for a while 3233, me, and me tested as other were for Borderline. All bottles in the patents were between the 1920s, 1950s up to 1960, and from the 1930s to 1940s.

“The rusted metal can fragments 332D can not be identified nor can the rubber tubes 333J, 333K)”

I have asserted experimental IVF by the CIA.

Jeff Minard writes in his conclusions

1. The bottles and consumer products were probably all deposited at the site up until the 1950’s, when residential development began taking place in that area.

2. It is possible, but unlikely t the pipe joint clamp was install at that site, between its manufacture after Feb 8, 1966, and the construction of the school over which it was found, in September 1966.

I Edward Paul Donegan asks was the the lab in los angeles the CIA studied IVFs at and then studied the young for Borderline Personality? Ted Gunderson asserts the children were exposed to trauma by the CIA at that site secretly in hidden experimentation.

"One such creature was former FBI-CIA Agent Ted Gunderson, a cover up artist for the AIPAC Bush Organized Crime Syndicate." is a line from heated lawsuit online brawling.

JMWAVE or JM/WAVE or JM WAVE was the codename for a major secret United States covert operations and intelligence gathering station operated by the CIA from 1961 until 1968. It was headquartered in Building 25[1] at the former Naval Air Station Richmond, an airship base about 12 miles south of the main campus of the University of Miami on what is today the university's South Campus in Miami. As Attorney General and anti Mafia Puritan the overseer of JM/Wave was Robert F. Kennedy and his life long anfi mafia anti racketeering specialist Ted Gunderson who despised the mafia George H.W. Bush utilized for the CIA, that Richard Nixon as Vice President used.

Ted Gunderson sent his life and his death fighting these CIA activities. I Edward Paul Donegan assert the CIA Dirty Wars, the Secret Wars, extend into the USA and the assassination of Ted Gunderson, some 230 others already known (witnesses to the Kennedy Assassination, journalists and authors in the USA about to break the big story about the filth bucket that the CIA FBI DOJ families are and violate every law against Treason.

The intelligence facility was also referred to as the CIA's "Miami Station" or "Wave Station." Again Robert F. Kennedy

had direct responsibility for it during jfK's admin

SILENCED! Strange Deaths Of People Who Knew Too Much About The JFK Assassination: 92 Witnesses, Researchers, CIA Agents, Police Officers, Reporters, Girlfriends Who Just Knew Way Too Much! by Ralph Thomas is one of the greatest work on the subject matter of the House Select Committee on Assassinations and the group of assassinations in clear connection to the assassination of JFK and RFK.

If you add my information in you can find often why people have been driven out of the FBI because they were too close to the truth and thus a risk to the FBI or other police.

This letter also is drawn out of my book that describes the unthinkable like how was it Tsarnve was followed by the FBI and still completed the Boston Marathon Bombing and the arresting FBI died in a freak accident? And that the JFK Library so close to the Boston Marathon bomb had its own event and question surround that, I assert an answer can be given to that and the FBI and US DOD and CIA need for facts of the JFK life and death to dissapear and at a a time access control can easily be violated.

Those questions do exist and are posed in major respected publications and until now there has not been an answer .. about Dorchester Massachusetts.

There are hundreds of other books emerging such as Treasonous Cabal about our mulitgenerational CIA families like the Mueller's and Burns and Bush and now Obama and others who fear the vetting that holding the positions of power and world history they do is subject do deeply querreying journalism.

Treasonous Cabal: A Primer on the Violent Overthrow of John F. Kennedy and His Presidency is perhaps one of hundreds of others if not thousands of others that now tell the same story of VP Nixon and symbiosis with Bacteria the USA never shook off

and that leading into Nixon becoming President still attempting his and other cover ups using the same group of suspects that participated in killing JFK, Hunt, Sturgis, others.

On the many books and articles generally available outside of considering the ones and people directly connected to my life consider these as many others do.

Most of them when considered in detail individually are as suspicious or more so than the tabular list taken as a whole and when you add in the facts I have as they relate to me and missing pieces of most even seem more suspicious.

Jim Marrs' List

Really So Mysterious? "Strange" and "Convenient" Deaths Surrounding the Assassination *

Penn Jones, Jr., publisher of the Midlothian Mirror, a small-town Texas paper. The most widely cited current list of "mystery deaths" was published by author Jim Marrs (who also released the book Alien Agenda about UFOs). His book Crossfire contains a list of 103 people who have supposedly died "strange" or "convenient" or "mysterious" deaths. As Marrs puts it:

This section has been entitled "Convenient Deaths" because these deaths certainly would have been convenient for anyone not wishing the truth of the JFK assassination to become public.

Crossfire by Jim Mars - Convenient Deaths

Convenient Deaths

1963 - 1976

Many witnesses died in the thirteen year period following the assassination - mostly of unnatural causes. Many rumours crawl around about the high death rate during these years. They are supported by the mostly suspicious circumstances the victims died under. For a unknown shooter or even shooters, all these deaths have one thing in common: they are very convenient to those assassins since these witnesses took their knowledge with them into the grave. But see yourself and decide whether these deaths are purely coincidentally:

Asterisks mark death that seemed to happen under suspicious circumstances.

Many complain of Ted Gunderson the former Special Agent in Charge who with Robert F. Kennedy oversaw JM/WAVE in Florida, the CIA assassination program that he was a complicit CIA officer of the George H.W. Bush CIA cabal, CIA Cadre, but rather the opposite of that is true Robert F. Kennedy and TEd Gunderson while overseeing those groups were trying to contain them rather than be complicit with them.

I should note Ted Gunderson came from an FBI background who lived a life of minutia study bomb blast chemical analysis, forensic information, and extensive scattered details voluminous reporting and diagrams.

People like him lose our attention quickly because we wonder if they themselves have become lost.

Still I find something in the Scientific Report eerie and similar to a scene of a rotary dial telephone in The Manchurian Candidate 1962.

On the dial of the phone the numbers match my story just as the names do (Shaw and Clay Show, Alert of York Soil for Blue Hyndragia flowers, etc.,) and are 3233 as I recall. I am 022-46-3233 and I assert a missing birth certificate SSN right next to mine and in between my brother and mine my brother only brother being 3235 thus 022-46-3234 is missing and I will

assert a CIA backed birth likely Barrack Obama Jr in his first year held that as a possible insert if they needed him in the USA.

A person at extension 3223 answers the phone and is under control of the Queen of Diamonds card to act against his will, him possibly my father who head the British. The sight or sound of the Queen of Diamond Cards causes him to act under hypnosis. The illusion is cleared in the 1962 film than referred to here.

I do ask you consider this again. Johnn Franmkenhammer who made the film about a Manchurian Candidate was who RFK was staying with in Los Angeles when he died and the movie was under discussion.

The Kennedy Library was hit and entered by emergency workers and other staff during the Boston Bombing in a fire event and the whole matter is suspicious.

> The FBI's Special Agent Christopher Lorek and Special Agent Stephen Shaw, who arrested Dzhokhar, were mysteriously killed on May 17, 2013. In a case of strange timing, during what is presented as a freak accident, the two FBI agents where killed during a training mission when they were reported to have fallen out of their helicopter off the Atlantic coast of Virginia. Officially, bad weather was reported to be the cause of their deaths.*

Boston Library fire, first thought a bombing, during Boston Marathon Bombing*

A fire started with a concussion sound near the archive section of the NEW JFK Library building

In the chaos following a pair of explosions at the final stretch of the Boston Marathon on Monday, a wild report suddenly appeared: another, possibly related explosion had gone off around 3 p.m. at the John F. Kennedy Library, located on the shore of the Boston Harbor, approximately 3.5 miles southeast of the initial explosions in Copley Square. (Check out the Wire's map to get situated with the geography of today's events.) But the "explosion" later turned out to be an unrelated mechanical fire. So how did word of a third explosion spread?

On May 22, 2013, a third person of interest in the[Waltham] murders, Ibragim Todashev, was fatally shot by an FBI agent in a Florida apartment while being interviewed in connection with the Boston marathon bombings and the Waltham homicides. Todashev, a 27-year-old Chechen native and former mixed martial arts fighter, knew Tamerlan Tsarnaev and was friendly with one of the Waltham victims when he lived in Allston, Massachusetts. During the interview, Todashev began writing a formal statement implicating both himself and Tsarnaev in the Waltham murders, but before signing the confession, he violently attacked an FBI agent who fired in self-defense, killing him. *

Interrogation Turned Deadly: New Questions In FBI Shooting retrieved from WBUR News by David Boeri and copied or modified to here

Abdul-Baki Todashev holds a photo he claims is of his dead son, Ibragim, during a news conference in Moscow, Russia, on May 30, 2013 [just before June 4]. The father, who says agents killed his son “execution style,” showed journalists 16 photographs of Ibragim in the morgue with what he said were six gunshot wounds to his torso and one to the back of the head. (Alexander Zemlianichenko/AP)

Ibragim Todashev shot six times by the FBI. In the photo shown by his father a person has been shot directly into the brain as well as less visible torso shots

What made Todashev's shooting national news in May was what he reportedly told interrogators before he was shot. In a court filing in Boston in October, federal prosecutors stated that Todashev had implicated Tsarnaev in previous crimes - specifically the gruesome, unsolved murders of three men in Waltham nearly two years before the marathon bombing. If what Todashev was saying was true, that made him a witness to the slayings - apparently the **only witness.**

On the day of the shooting the FBI made a terse statement that Todashev initiated a "violent confrontation." But the FBI has not yet issued a report on whether the use of deadly force was justified. And though FBI Director James Comey told reporters on Jan. 9 that he was "eager" to see the report released, the bureau has shown no sense of urgency to release any details of what happened, despite widely conflicting news accounts of the shooting, based on anonymous federal sources, and accusations by Todashev's family that he was murdered. Citing its ongoing investigation, the FBI even ordered the Florida state medical examiner to seal the autopsy report, which was ready for release in July.

It is unthinkable and a must to consider. A generation of two after the assasionation of JFK a nation's secret and the secret history of certain families is behind unseen hands. Tragically that thought is new, but what were these dead witnesses including Jen Moore witnesses to? I assert to my family history, and how that played into CIA plans for the world in the 21st Century and carefully groomed carrers for the publci state thought out in the 20th Century including at the 21st Century Expo in Seatle WA USA in 1962 with the Windsor Family and Kennedy Family.

CIA did a DNA test on the grandparents, using saliva from glasses, which conclusively rules out any relationship between Obama and the Dunhams."

Ann Dunham appears to have been chosen as the surrogate mother in 1963 because of the family connection to German Intelligence. The Psychological Warfare Command was researching cognition and theories of mind and behavior such as to predict it and influence it, that would seem part of Naturual Science and living in harmony with Nature and even being able to allow us some tuning of our environment to our optimum life preferences. But as the saying goes what if he military gets a hold of it, and the CIA research into behavior violated Ethics as the families Rockefeller Psychiatry attempted abusive illegal research and manipulative control of nations based on psychological warfare manipulation of society and imagery of leaders, etc.,

Brittany Anne Murphy-Monjack[2] (née Bertolotti; November 10, 1977 - December 20, 2009) was an American actress and singer, known for playing Tai Frasier in the teen movie Clueless (1995), Alex Latourno in 8 Mile (2002) and Daisy Randone in Girl, Interrupted (1999). Through regular therapy sessions with Dr. Melvin Potts (Jeffrey Tambor), Susanna learns she has borderline personality disorder,

In addition to her affair with Dr. Gilchrist, Susanna has a casual relationship with Toby (Jared Leto), a young man who has been drafted to serve in the Vietnam War. He visits Susanna, and begs her to run away with him to Canada. Susanna tells him she has become friends with the other girls and would like to leave someday but not with him. The same night, Polly has a breakdown and is placed in isolation. Susanna and Lisa drug the night watch nurse with a sedative and attempt to comfort Polly by singing to her. Susanna also makes out with John (Travis Fine), one of the hospital orderlies who has a crush on her. When Valerie finds the group sleeping in the hallway in the morning, she punishes the two women,

particularly Lisa, who is forced to endure electroshock therapy followed by solitary confinement.

Marylin Monroe was a hothead, a sensualist, an effervesent personality that could be mean or charming, but people learned to wonder which might be next and found it close to be close to her even loving her and strong reactions may have landed a logically rational person in mental ward for emotional distenstions others found confusing or insane or detrimental, hostile, or clinically disruptive to surroundings and events.

As a sidenote here as I explain my books if far more detailed on Borderline and the CIA I mention Brittany Murphy.

There is a lot of stuff out there like this Brittany Murphy Conspiracy Pt 2: Feds, Surveillance, DHS … Audacy https://www.audacy.com › podcasts › brittany-murphy … We Conclude Our Two-Parter On The Mysterious Death Of Brittany Murphy. I assert many have background information on Borderline and CIA research into it and this also lead to the assasination of Mary Caitrin Mahoney in Washington D.C. who like myself and others had ADHD symptoms, a few other symptoms, and was liked but also showed facets of disabilities in schoolwork, etc.

The entirety of the conspiracy theory I and Ted Gunderson and others hold or held are beyond this memo though in my book and I assert British Pscyhiatry has been trying to both research these disorders and hush the talk of them up at the same time, and this explains some of hte Ted Gunderson work including the wife and children of Jeffery McDonald whose children showed signs of developmental retardation, late bedwetters, etc., not a curse of failure in later life, but signs of some minimal brain disfunction, or other kind of problem.

Returning to the Los Angeles County California matte of my birth, my Borderline Personality Disorder, and the CIA testing

for it what might be called arranged births with fake lineages on paper.

I Edward Paul Donean will show at the same time I was born with JFK and Peter Lawford the Brother in Lawford (British actor Peter Lawford married to JFK's sister) and tied into Great Brittain and its colonialism plans with the Vatican, and my birth and failing tests at two years old led to the selection of Obama that JFK and others reseented by as Wayne Madsen accounts the Saudies, the CIA, and George Bush Richard Nixon GOP and Texas Oil LBJ pushed Obama forward dispite as part of that story the Donegan's have made more sacrafices for and were abusively treated in comparison to the plans to escalate and back Barrack Obama from the secret program and retaliate againt the Donegan's.

I also will rely, boslter, and be a witness to the same events as Ted Gunderson and explain is theories and show how they are a part of this story and reveal the activities he was desecribing from my first hand accounts.

Theodore L. Gunderson (7 November 1928 - 31 July 2011) was a Federal Bureau of Investigation Special Agent In Charge and head of the Los Angeles FBI, an American author, and a conspiracy theorist. Some of his FBI case work included the Death of Marilyn Monroe and the Assassination of John F. Kennedy and the Manhattan Beach City Los Angeles County Mc Martin Preschool case where the CIA exposed children to stress testing looking for Borderline Personality disorder signs very early in development so Legends as they call them, fake backstories could be created for those the CIA would back in grooming world overthrow leaders to be backed in regime changes.

Within this new information are also explanations not otherwise available in the untimely deaths of *Andrew Breibart* of Los Angeles California and *Micheal Cornier* of the Los Angeles Coroners office who did the Andrew Brietbart autopsy.

The John F. Kennedy Presidential Library and Museum is the presidential library and museum of John Fitzgerald Kennedy (1917-1963), the 35th president of the United States (1961-1963). It is located on Columbia Point in the Dorchester neighborhood of Boston, Massachusetts, next to the University of Massachusetts at Boston, the Edward M. Kennedy Institute for the United States Senate, and the Massachusetts Archives and Commonwealth Museum. Designed by the architect I. M. Pei, the building is the official repository for original papers and correspondence of the Kennedy Administration, as well as special bodies of published and unpublished materials, such as books and papers by and about Ernest Hemingway.

On my father James Paul Donegan's side and my childhood partly in Marshfield Massachusetts the Donegan and Prouty family friends.

Dorchester and Marshfield were the home towns and associations of Col Leroey Fletcher Prouty made famous by Olive Stone with the film JFK and Prouty's own books on the Kennedy assassination, and Col Prouty being a skating playdate of the Donegans the families skating together and the names often heard as adults talked and may now have intermarriage connections, James Paul Donegan, and the Kennedy's and the areas they represented in Congress, the Senate, and later the USA when in POTUS and AG spots.

Leroy Fletcher Prouty (January 24, 1917 - June 5, 2001) served as Chief of Special Operations for the Joint Chiefs of Staff under President John F. Kennedy. A former colonel in the United States Air Force, he retired from military service to become a bank executive. He subsequently became a critic of U.S. foreign policy, particularly the covert activities of the Central Intelligence Agency (CIA), about which he had considerable inside knowledge.

Prouty was the inspiration for the character "Mr. X" in Oliver Stone's film JFK. Prouty was born in Springfield, Massachusetts on January 24, 1917, to Marie Ozias Desautels, age 32, and

Leroy Flecther Prouty, a municipal government employee, age 28.

Plymouth is a coastal town of Cape Cod in Massachusetts, south of Boston and near Dorchester of South Boston. It is the site of the first Pilgrim settlement, founded in 1620. Plymouth Rock, a boulder in Pilgrim Memorial State Park, marks the place where settlers are thought to have landed on shore. The Mayflower II, a full-scale replica of the ship that carried the Pilgrims across the Atlantic, is usually anchored at the park.

The Kennedy's Donegan's and Prouty's are all from this area and Roman Catholics.

This is a memorandum from a family connected to the Kennedy assasiatios and Dorchester Massachussettes and Los Angeles County and the city of Manhattan Beach and includes data from Central Intelligence Agency sources and accounts that I am corroborating and including and among tens of thousands to millions of pages of corroborating information in government files such as Central Intelligence Agency vault, *House Select Committee on Assassinations (HSCA)* Warren Commision data, death bed confessions of *E. Howard Hunt* relayed by his son *St. John Hunt*, and my own connected family and those confessions or testimonials or accounts are constentint with photographic evidence of Charles Harrelson as one of the three hobos, etc.,

The United States House of Representatives Select Committee on Assassinations (HSCA) was established in 1976 to investigate the assassinations of John F. Kennedy and Martin Luther King, Jr. in 1963 and 1968, respectively. The HSCA completed its investigation in 1978 and issued its final report the following year, which concluded that Kennedy was probably assassinated as a result of a conspiracy. In addition to now-discredited acoustic analysis of a police channel dictabelt recording, the HSCA also commissioned numerous other scientific studies of assassination-related evidence that corroborate the Warren Commission's findings.

> In September 1976, the United States House of Representatives voted 280-65 to establish the Select Committee on Assassinations (HSCA) in order to

> investigate the assassinations of John F. Kennedy and Martin Luther King Jr. The committee was both controversial and divided among itself.

This memorandum by Edward Paul Donegan explains the motives for forces in the United States and their affiliates through the world to assassinate JFK in a dispute over a plan Martin Luther King and Malcom X had knowledge of, and other works of mine including research and a witness account corroborate the accounts of elderly FBI Agent (ret.) Ted Gunderson who asserted attempts were being made on his life by an international for profit group of world leaders hiding their role in the Kennedy assassination and other subversive misdeeds in their quest for profit.

Great Britain has a colonialism plan some call puppets and others call Indirect Rule, cultivating subordinate governments tacitly or feudalisticly part of Great Britain. According to the Coronation of the King or Queen of Great Britain they will rule the colonies in accordance with the customs and traditions of those nations and if Great Britian (with the CIA helping) can create leaders appearing internal to those countries acceptance of the puppet is increased.

Wild Bill Donovan, James Jesus Angleton, and many others worked under Vice President Nixon and before in regime change plans with the CIA and JFK wished to role the plans back even though his father Joseph Kennedy Sr. did work with the British for these plans including his own family reaching the Presidency of the USA. I do not suggest today's Kennedy family are knowingly complicit. I fear for the suspects behind the assassinations if the Kennedy family can find them. I assert RFK was assassinated when on the cusp of becoming President and having the powers of office of being a US Senator he was informed of the details of the plot, and he too rejected it and was silenced.

This memorandum should be viewed as grey literature. Grey literature (or gray literature) is materials and research produced by organizations outside of the traditional commercial or academic publishing and distribution channels. Common grey literature publication types include reports (annual, research, technical, project, etc.), working papers, government documents, white papers and evaluations. Organizations that produce grey literature include government departments and agencies, civil society or non-governmental organizations, academic centres and departments, and private companies and consultants - Wikipedia.

While production and research quality may be extremely high (with organizational reputation vested in the end product), the producing body, not being a formal publisher, generally lacks the channels for extensive distribution and bibliographic control.

Information and research professionals generally draw a distinction between ephemera and grey literature. However, there are certain overlaps between the two media and they undoubtedly share common frustrations such as bibliographic control issues. Unique written documents such as manuscripts and archives, and personal communications, are not usually considered to fall under the heading of grey literature, although they again share some of the same problems of control and access.

Veronica Hoffman of Los Angeles a clothing line owner, dancer, graphic web designer, and dominatrix from Los Angeles died of a campaign of bullying and attacks that either led to her death in dangerous circumstances of a mental health ward or killed her directly.

Through being tied to me her death is tied the Kennedy Assassination and tied to the death of Jen Moore who was

disclosing the ties to the assassination of JFK during a thread of history of psychiatry and eugenics being studied in hidden identity families, the Donegan's one of them and the Kennedy activiteis of JFK and RFK in the JFK administration under which I Edward Paul Donegan was born in a CIA studied family in an era of British psychiatry and eugenics during atomic testing programs.

Gang Stalkers also called "fixers" or "plumbers" run operations for high power figures. In the movie Prince of the City that might have also been called Princes of the City the Major Crime Squad had the hottest of hotshot young police officers running stings inside drug circles, gangs, and elsewhere. They were so sophisticated in their capabilities and brazen in their operations and had such unparalleled results they had largely been left alone as far as supervision goes, reporting only to the topmost command and politically worshiped in the department.

One of the most famous fixers covert operation special mission impossible teams was against Lawrence F. O'Brien former of the Kennedy Administration as in insider who later against Nixon rand the Democrat National Campaign Headquarters. Nixon's plumbers secured offices and hotels next door or nearby, telephone taps, black-bag job break-ins, and other COINTELPRO succeeding in most espionage activities though leaving a Whitehouse ID behind at the scene because when crawling around under locked desks those belt clips can be unreliable, or something like that.

Blackbag jobs have repeatedly been run against me including theft of computer and DVD when I was researching my book, damage to my computer when on a balcony from an intentional water drop, and physical threats have been made to me covertly and directly of the type Jen Moore was given to remain silent.

She was the victim of "brighting" a Stalking system used by intelligence agencies to enrage, confuse, panic, and inflict volatile emotions (seemingly bipolar and sounding like a person

seeing in a paranoid way ghosts where only non stalkers are) and that led to her being discounted by her friends and the medical community as a paranoid bipolar psychotic. Harassment can take many forms and following a person in a menacing way is only one of them. More on Stalking later.

I and others I know or have known such as Veronica Hoffman have been Stalked by covert program of harrassment tied to fixers who have undermined the most basic aspects of my life with smear campiagns, evidence plants, break ins to my homes, and other harrassment leading to street fights with snitches set to attack me, landlords payed of or substituted for, things like that, as I try to live my life and get my books out, as Oliver Wendell Holmes and Brandeis pointed out when government fears various books or journalists is when such harrassment and assasinations are carried out. Many writing on the CIA have been the subject of smear campaign or violence and untimely deaths, car crashes, suspcicous suicides, and other events, especially in large groups on the night before hearings in the Conress, etc.,

Mafia controlled easily by the FBI and CIA (the FBI keeps a lot of them on hand in prisons and jails) easily contract for strings of hits from British backed mafia figures like Ron Pataki connect the story anti-mafia crime reporter of Dorothy Killgalen who was close to Robertr F. Kennedy Attorney General and John F, Kennedy President of the USA and the only reporter to gain access to Jack Ruby who she did interview before she was murdered and her notes stolen, assassins like Charles Harrelson, and many others.

Jack Ruby originally Jack Rubestein from the Chicago Yidish Mafia also called La Kosher Nostra profit based without Italian traditional Dons because these were Jewish refugees from WWII Europe (Jack Rubenstein into Jack Ruby recruited by Nixon in 1946) was like Jimmy Hoffa recruited by Congressman Nixon during the Marshall MKULTRA Plan for Post World War II foreign policy later as V.P. Nixon in Executive Action National Security Council activities using organized crime figures to assist in Central Intelligence Agency attacks on foreign officials

or foreign Agents of Influence (journalists, reports, etc., who assist with propaganda, planted stories, etc., in press and film.)

Movie vs. Reality: The Real Story of the Von Trapp Family

The National Archives

Fact from Fiction While The Sound of Music was generally based on the first section of Maria's book The Story of the Trapp Family Singers (published in 1949), there were many alterations and omissions.

Maria came to the von Trapp family in 1926 as a tutor for one of the children, Maria, who was recovering from scarlet fever, not as governess to all the children.

Maria and Georg married in 1927, 11 years before the family left Austria in [1938], not right before the Nazi takeover of Austria.

The family did not secretly escape over the Alps to freedom in Switzerland, carrying their suitcases and musical instruments. As daughter Maria said in a 2003 interview printed in Opera News, "We did tell people that we were going to America to sing. And we did not climb over mountains with all our heavy suitcases and instruments. We left by train, pretending nothing."

The von Trapps traveled to Italy, not Switzerland. Georg was born in Zadar (now in Croatia), which at that time was part of the Austro-Hungarian Empire. Zadar

became part of Italy in 1920, and George was thus an Italian citizen, and his wife and children as well. The family had a contract with an American booking agent when they left Austria. They contacted the agent from Italy and requested fare to America.

I also suggest the “Scarlet Fever” based on many sources Maria Kutschera was recovering from may have been the difficulties of pregnancy and she was found non Convent housing by her Uncle Franz Kutschera with Barron Von Trapp and Franz Kutshcera and Himmler went about their plans as the English royal family wanted some hidden identities out of wedlock births secretly to see how the speech defect was propagating and this ties to extensive available records on me and my mother.

Stadium: Olympiastadion Berlin Location: Berlin Dates: Aug 1, 1936 - Aug 16, 1936 On 10 December 1936, Edward VIII executed an Instrument of Abdication which was given legal effect the following day, when Edward gave Royal Assent to His Majesty’s Declaration of Abdication Act, by which Edward VIII and any children he might have were excluded from succession to the throne.

In 1935 and 1936 King Edward VIII older brother of Albert of York made visits to Salzburn Austria likely visiting Barron Von Trapp and that household that was becoming tied to the Nazi propaganda of Maria Kutchera and the Von Trapp singers utilized by Franz Kutchera associate of Heinrich Himmler. In 1937, Edward VIII upon abdicated the throne was created Duke of Windsor and married Wallis Simpson in a ceremony in France.

I Edward Paul Donegan have ridden by train in those same Alps traveling between Switzerland, Austria and Italy with my parents James and Glorian and my brother Tom.

From that same article on the Von Trapp Family writtenb by in the National Archives is thess sentences. "*Though she was a caring and loving person, Maria wasn't always as sweet as the fictional Maria. She tended to erupt in angry outbursts consisting of yelling, throwing things, and slamming doors. Her feelings would immediately be relieved and good humor restored, while other family members, particularly her husband, found it less easy to recover. In her 2003 interview, the younger Maria confirmed that her stepmother 'had a terrible temper … . And from one moment to the next, you didn't know what hit her. We were not used to this. But we took it like a thunderstorm that would pass, because the next minute she could be very nice.'*"

This is the Borderline Personality disorder of volatility. This is how the stories tie together including Rosemary Kenedy.

It appears the three children who are still not discussed arrived first in North Carolina and were the Maria Kutschera Windsor children and those children arrived in 1926 and were most probably born here Maria moved by the underground railroad of the Presbyterian church from the Convent to give bith in the USA. The 7 Barraon Von Trapp children would follow to Austria at a much later data but move to the same location Raleigh area Noth Carolina.

Also note "*The names, ages, and sexes of the children were changed*" and as the Hidden Identities piece comes from Jen Moore and myself you will see my mother lived and was born in the USA under a hidden identity created in 1926 to conceal and even whitewash some of that families history and Dean Rusk in 1926 facilitated the transfer and this was tied to the Kings Speech very central to my book research and a break-in to my home during that research.

Festus Gainey of North Carolina where the Von Trapps would move to was born October 19th, 1884 and died March 3, 1936 aged 51 where he was likely soley working the farm.

Per the records and the stories and picture albums from my mother's side several children living as Gainey's but were Mara Kutchera children biologically under assumed names since Hitler was rising were then moved to Gainey relatives nearby in South Carolina. At that time the farm was taken over by the incoming Von Trap family singers to North Carolina them using assumed names or changed names also possibly we don't know which names were changed.

This was all CIA and its forerunner OSS created as propaganda much like Walt Disney was used to keep Latin America part of the USA and Great Brittian Special Relationship and that was managed by Wild Bill Donovan of the OSS as well.

Examination of the data on Jen Moore's YouTube Channel Task Force reveals she knew Military Intelligence wanted Capt Von Trapp PsyOps family of Nasisnm Defectors from Nazi PsyOps into US Army and OSS and CIA PsyOps propaganda having fled the Nazism as children they were told to sing for.

In 1902 the British did set out to study Borderline Personality Disorder. In an odd way the covertness of the activity helped British Imperialism not only by hiding the defect but in researching the defect those in "families" of Windsor descendants not known publicly as such and with no defects in their families made excellent Colonialism groomed leader choices.

One video Jen Moore posted was *The 3rd Reich & "The Artist" Infiltration into US Politics.* That video again points to hidden identity Kutchera descendant Glorian Donegan and again she is pointing her camera at the home of Glorian and Ed Donegan 2nd Floor 850. North Randolph St. Arlington VA 22203 and again it is the story of how Glorian Gainey [Kutschera] DNA seems to found its way into current US politicians during

MKULTRA.

Much of this long theory of MKLULTRA the OSS and CIA and Propaganda and Regime Change Psychological Warfare planned out should be explained early on. Many elites like Joseph Kennedy Sr. planned among high power families he would become President of the USA one day and or perhaps his children would, and others around the world would be backed by the CIA for positions as esteemed as the Pope or as belittles as Latin American Banana Republic dictators.

In the USA most families operated under their own names and for foreign countries like Indonesia Barrack Obama Jr had been planned. John F. Kennedy did become President of the USA but how Psychological Warfare planned overthrows and with who as planned puppets at times meant faking the real story or national origins of groomed CIA backed leaders. My theory is Barrack Obama Jr. was groomed by the CIA with Joseph Kennedy Sr and Kennedy administration support initially and alternative fake birth certificates were made use of planned for possible future roles of countries he might come to live in or politic in.

>
> I've been doing a series of interviews on another YouTube channel with farmer Jones and the interviews have to do with things such as mkultra the Vatican the Vatican's connection to the CIA how MKULTRA was started details about pre-world War one and what led into the Second World War and things like at the mk ultra program which many people have heard about talks a lot about

Jen Moore continues

Sigmund Freud [of Austria] who was kind of the founder of MKULTRA or one of them he's known as the father of psychology the father of psycho psycho analysis different titles like that but his history has been sanitized and even most psychologists or doctors

psychology do not know a lot of this history and I do for a variety of reasons

> Sigmund Freud was an Austrian neurologist and the founder of psychoanalysis, a clinical method for evaluating and treating pathologies seen as originating from conflicts in the psyche, through dialogue between patient and psychoanalyst, and the distinctive theory of mind and human agency derived from it.
>
> Freud was born to Galician Jewish parents in the Moravian town of Freiberg, in the Austrian Empire. He qualified as a doctor of medicine in 1881 at the University of Vienna. Upon completing his habilitation in 1885 he was appointed a docent in neuropathology and became an affiliated professor in 1902. Freud lived and worked in Vienna having set up his clinical practice there in 1886. Following the German annexation of Austria in March 1938 Freud left Austria to escape Nazi persecution. He died in exile in the United Kingdom in 1939. - Wikipedia

I'll get into and even going further into people like dr. Carl Jung it's Ju and Ji Young in theory theory is very well known the realms of psychology and psychoanalysis many people don't know is that mr. young was our doctor young was also Karl or Allan Dulles secret agent agent 488 and Allen Dulles was the founder of the CIA he originally was an OSS which was our initial United States of America their intelligence service and then it moved into the CIA during and following World War two and Allen Dulles was the first director of that of the CIA his brother Lewis John Foster

Dulles was also in there and Allen Dulles was a CIA agent at the time of JFK's assassination

so that is an interesting part that will come out as well so I've been doing a series of interviews with another YouTube channel farmer Jones who's been great on this history and what I know about MKULTRA and the Nazis and the development of the program in historical context to which it was built and why what were the kind of underlying motivations at that time and what was some of the really very disturbing parts that has been sanitized from our history in many ways

and so I've been doing a series of interviews I did my fourth today I believe on this history and as I've stated before in my videos I was a someone who enforced the law at for a pretty long time in some very dark places and I also had my degree in psychology a clinical psychology so I was involved in that as well so I came into this knowledge by combining a lot of that work also a lot of research but then I had a very interesting transition that led me to connect all these dots and that was I met a person in 2009 who was 79 years old she was the child of Hitler's top commandant [Franz Kutchera, actually niece of him] and her father owned all the theaters in Munich and Berlin around Germany

and back in those days the big screen movie theaters were very rare she was one of the kind of the elite German children on the Nazi side and so these theaters owned by the Kutschera famlily] were used to help indoctrinate the German youth and the Hitler Youth [singing pro nazi songs as an Aryian family] and also the German soldiers during the war and she was literally at the feet of Hitler [via Himmler and Franz Kutschera in Barron Von Trapp Salzburg home] during a lot of this history from age you know early on

> Munich is the capital and most populous city of the German state of Bavaria. Munich to Salzburg is an hour and 20 minutes train trip. Salzurb also long had train routes out of the Alps that the Von Trapp family used in 1926 to leave Austria as Nazim increased.

but from age 8 through 17 when World War two really the bombs came raining in on Munich [really 1926] and she attempted to escape and was saved by American GI soldiers which is just a remarkable story of survival and she made it to the United States of America and became a very famous person in her own right (Sound of Music) and I'm not gonna name her at this point but for reasons that I can only guess would be a miracle from God that he would bless me with the chance to know this person and many of you may not believe and and all that and that's fine but it was my honor to truly meet her and hear her story and listen for about a year and a half from 2009 into 2010 as she turned 80 years of age and she passed away at that time

One of the specialties of the True Pundit's Moore was is money laundering a financial crime that may be tied to violent crime and the financial part of the crime is that one account is due or should hold assets for the possessor of the assets but through trickery and confusion of accounts others may access that value deceitfully.

Although Jen Moore did not name the church she asserted a church or churches were using a basement to teach children to act like victims of an abuser so that money laundering organization(s) could assert Ed Donegan owner of the value of the trust fund meted out to him by trust managers could be robbed of those assets if someone seemingly Ed Donegan incurred a liability to those children or families.

The German language version of the Von Trapp Signers in the late 1950s is more open about Fanz Kutschera and the Von Trapp Singers on stage together annd shows Maria Kutschera making biblicly verboteen sexual impropriety references sliding down the stairway handrails legs spread and at the bottom with an apple her Bible dropped when she lands and then trouble with the other sisters.

A spy's claimed background or biography, usually supported by documents and memorized details.

Dreams of My Father

When he first took the national stage, with his electrifying keynote address at the Democratic National Convention in the summer of 2004, Barack Obama, then an Illinois state senator, briefly summarized his unusual life story, with its biracial themes and trans-continental setting. "I stand here knowing that my story is part of the larger American story," he said, adding: "In no other country on earth is my story even possible."

That story, of course, would become even more astonishing, and profoundly American, four years later, when its teller would be elected president of

the United States. But the first time Obama related his life story - and in the greatest detail - was with the publication of his 1995 memoir, Dreams From My Father: A Story of Race and Inheritance.

The book, which won wide critical acclaim and rose to No. 1 on the New York Times bestseller list, recounted the complex tale that is by now familiar to most Americans: the young Obama's racial confusion as the son of a white mother from Kansas and a dark-skinned, absentee father from Kenya; his mother's remarriage to, and eventual split from, the boy's Indonesian stepfather, with a spell in a Muslim school in Jakarta; the boy's rearing by white grandparents in Hawaii, who sent him to a private school there; his journeys through Occidental College and Columbia University, marked by a shifting intellectual worldview and numerous romances, some of them inter-racial; his path-breaking stint as the first black editor of the Harvard Law Review; and his exploits as a community organizer and Chicago lawyer with a deepening interest in politics.

In the introduction, Obama openly admitted changing some people's names and compressing both characters and chronology, mostly for the sake of narrative flow. Over the years, the president's biographers have made inroads piecing together which characters were based on which real-life individuals, and which events were compressed or conflated.

That process has now reached a kind of zenith, with the publication last month of Barack Obama: The Story, a deeply researched, 600-page study of the president's ancestry and early life by Pulitzer Prize-winning historian and Washington Post editor David Maraniss. The result reflects the hyper-scrutiny that attaches to our chief executives. It also

> offers a window into how much of the life story of this self-made man may have been made up.
>
> By some counts, The Story presents more than three-dozen instances of material discrepancy where Dreams fails to align with the facts as Maraniss reports them. Case in point: Maraniss confirmed that Mr. Obama's mother, Ann Dunham, left his father, Barack Obama, Sr., a volatile bigamist, and not the other way around, as related in Dreams.
>
> Dreams also related the tale of Obama's paternal grandfather, Hussein Onyango, who was said to have been detained and tortured in a prison outside Nairobi for six months because of his brave defiance of British colonialists. But after a half-dozen interviews and other research, Maraniss deemed the tale "unlikely."
>
> Maraniss did not respond to several calls requesting an interview, but Fox News caught up with him outside a Washington book signing. "I think there's a difference between a memoir and the serious, rigorous factual history of a biography," he said. "Some of what he did was the result of mythologies that were passed along from his family, and some were for the purposes of advancing themes in his book which had more to do with finding his racial identity."

The Dreams of Barrack Obama Sr. who was a CIA Agent of Influence in Kenya brought to the USA by the CIA and backed financially at Harvard by Saudi Arabia were likely numerous and part of a shared dream with the CIA. As I have noted the story-line of meeting Stanley Ann Dunham daughter of the Central Intelligence Agency' Madelyn Lee Payne who married CIA connected Stanly Armor Duhnhan who owed the CIA a favor when he stole plans for Boeing bombers to give to Nazis.

So the CIA was all through Barrack Obama Jr.s family line and the family plans were CIA plans much like Joseph Kennedy Sr who Undersecretary of the Navy in WWI Franklin Eleanor Roosevelt formed a bond that was a triad between Roosevelt, FDR, and England including working withing the Brahim WASP world and with Hearts publications against Irish Catholic Al Smith backing WASP FDR and Joseph Kennedy Sr Ambassador to Great Brittain under FDR, the part of the relationship with Great Britain and Great Britain's colonialist methods that would snap shut as JFK found strength in the US might he commanded to demand US independence from British colonialism and agression and exploitation he always resented.

HOLLYWOOD, Calif. (KTLA) - The investigation continued on Wednesday into a fiery car crash in Hollywood that killed award-winning journalist Michael Hastings.

Hastings, 33, was perhaps best known for a Rolling Stone article that led to the resignation of Gen. Stanley McChrystal.

The coroner's office had yet to identify the victim, but both Rolling Stone and BuzzFeed, where Hastings worked most recently, reported that it was him.

The solo-vehicle crash happened near the intersection of Highland and Melrose avenues around 4:15 a.m., according to the LAPD.

Hastings' Mercedes-Benz slammed into a tree and caught fire.

"I was just coming northbound on Highland and I seen a car going really fast, and all of a sudden I seen it jackknife," said Luis Cortez, who witnessed the wreck.

"I just seen parts fly everywhere and I slammed on my brakes and stopped and tried to call 911," Cortez added.

The engine of the vehicle was found in a yard about 100 feet away.

The driver was pronounced dead at the scene. Coroner's officials said the body was too badly burned to make an immediate identification.

Police were investigating the possibility that speed may have been a factor in the crash.

Meantime, friends, family and colleagues were trying to come to terms with the news, and to offer some insight into Hastings' life.

BuzzFeed Editor-in-Chief Ben Smith issued a statement on Tuesday, saying his team was "shocked and devastated by the news."

"Michael was a great, fearless journalist with an incredible instinct for the story and a gift for finding ways to make his readers care about anything he covered, from wars to politicians," Smith said.

"He wrote stories that would otherwise have gone unwritten, and without him there are great stories that will go untold," he said.

Friends said that, because of the nature of Hastings'

work, he often led a very paranoid lifestyle.

"A lot of his friends were worried that he was in a very agitated state, yes. No question, people were concerned," said Cenk Uygur, host of "The Young Turks

Immediately prior to his death, Hastings had published a strong critique of the Obama administration titled Why Democrats Love to Spy on Americans,and which exposed the party's hypocrisy regarding some of the civil liberty overreaches they had criticized under Bush but embraced under Obama. San Diego 6 News reported that Hastings had been investigating CIA Director John Brennan for an upcoming expose prior to the crash.

Suspicions Growing Over Death of Journalist Probing NSA and CIA Abuses http://www.thenewamerican.com/usnews/crime/item/15929-journalist-probing-nsa-and-cia-abuses-dies-in-mysterious-crash

Written by Alex Newman

Suspicions Growing Over Death of Journalist Probing NSA and CIA Abuses Weeks after the fiery death of investigative journalist Michael Hastings (shown), who was probing abuses by the CIA and NSA and had recently informed others that he was being investigated by federal authorities, suspicions about his mysterious car crash are still swirling around the Internet. While police officially ruled the death an "accident," serious questions are still surfacing - even in the establishment media and among prominent officials. Based on e-mails Hastings sent out shortly before he died about working

on a “big story” and needing to go “off the radar,” it has become clear that he was worried, too.

Hastings, who wrote for Rolling Stone, BuzzFeed, Gawker, and other publications, was probably best known for his award-winning 2010 article “The Runaway General.” The piece helped bring down U.S. Gen. Stanley McChrystal, commander of American and NATO forces in Afghanistan. Despite his establishment credentials and what analysts called his “Democrat-friendly” reporting, Hastings had become extremely alarmed about the “surveillance state” and other troubling developments in recent months. His last published story: “Why Democrats Love To Spy On Americans.”

When the Obama administration was exposed spying on journalists earlier this year, the investigative reporter blasted what he referred to as the president’s “war” on journalism. “The Obama administration has clearly declared war on the press. It has declared war on investigative journalists - our sources,” he said during a recent TV interview, blasting the administration’s lawless behavior, obsession with secrecy, and vicious persecution of whistleblowers. Beyond simple criticism, though, Hastings openly said it was time for journalists to fight back.

“I think the only recourse to this kind of behavior by the government is to say back to the government, ‘we declare war on you,’ and from this point forward, we should no longer - the media as a whole - cooperate in any manner with the government,” he continued. “We should withdraw all our cooperation and we should publish everything we know, because it’s a free press, it’s not a free-except-for-when-the-government-tells-me-to-do-it press, and we’ve been way too easygoing with these guys.”

Less than 24 hours before his death, Hastings made it crystal clear that he was concerned about his own well-being. In an e-mailsent to numerous contacts and his employer, for example, Hastings noted: “The Feds are interviewing my ‘close friends and associates.’” He also said that if authorities show up, it “may be wise to immediately request legal counsel before any conversations or interviews about our news-gathering practices or related journalism issues.” The subject line read: “FBI investigation re: NSA.” Perhaps most alarming of all, the e-mail concluded with this: “Also: I’m onto a big story, and need to go off the rada[r] for a bit.”

While some friends and family members are reportedly too frightened to speak out, at least one recipient of the e-mail has gone public. Staff Sgt. Joseph Biggs, who became friends with Hastings while the journalist was embedded with his unit in Afghanistan in 2008, told KTLA that the “very panicked” message “alarmed me very much.” According to Biggs, “I just said it doesn’t seem like him. I don’t know, I just had this gut feeling and it just really bothered me.”

Biggs has spoken to Fox News and other major media outlets as well, saying Hastings was working on “the biggest story yet” about the CIA and that Hastings’ wife vowed to “take down whoever did this.” Apparently Hastings “drove like a grandma.” In an extended interview with radio host Alex Jones, Biggs also said he knew Hastings was receiving “death threats” from military brass. The retired staff sergeant added that he was extremely suspicious about his friend’s death and vowed to do everything in his power to find out what happened.

Heavy-hitters from the government sector have expressed concerns, too. Former U.S. National Coordinator for Security, Infrastructure Protection, and Counter-terrorism Richard Clarke, for example, told The

Huffington Post in late June that the deadly car crash was “consistent with a car cyber-attack.” Intelligence agencies for major powers - including the U.S. government - almost certainly know how to remotely seize control of a car, he added.

“What has been revealed as a result of some research at universities is that it’s relatively easy to hack your way into the control system of a car, and to do such things as cause acceleration when the driver doesn’t want acceleration, to throw on the brakes when the driver doesn’t want the brakes on, to launch an air bag,” Clarke continued. “You can do some really highly destructive things now, through hacking a car, and it’s not that hard …. So if there were a cyber-attack on the car - and I’m not saying there was - I think whoever did it would probably get away with it.”

So far, the FBI has denied that it was investigating Hastings. However, on June 19, the day after the mysterious crash, WikiLeaks released what has been interpreted as a bomb-shell to some analysts monitoring the investigation. “Michael Hastings contacted WikiLeaks lawyer Jennifer Robinson just a few hours before he died, saying that the FBI was investigating him,” the whistleblowing organization said through its official Twitter account, sparking worldwide press coverage. The allegation has not been independently confirmed.

According to the official investigation of the crash, Hastings ran a red light and was driving over 100 miles per hour in his brand-new Mercedes in the early morning when he suddenly crashed into a tree, causing his car to burst into a bizarre fiery inferno. The engine was found more than 150 feet from the wreck. Local news outlets in California, meanwhile, are reporting that the police report is still not publicly available and that officials have been ordered not to comment on the case. The crash itself has also been ringing alarm bells

among experts and analysts.

On San Diego 6 News, national security reporter Kimberly Dvorak, for example, recently took to the air and talked about her conversations with sources surrounding the crash after spending a day in Los Angeles investigating. Noting that the police report was not available, she said law enforcement and fire department officials refused to comment, with some saying they had been instructed not to say anything. “That kind of stands out; we look at the NSA, the government says if you have nothing to hide, don’t worry,” she said.

Military officials, meanwhile, told Dvorak that the fire was “extremely hot” and “not something we normally see,” the reporter continued. The fact that the engine was between 150 and 250 feet behind the car was also strange, according to university physics professors she spoke with - it should have been in front, if anything. Another interesting fact highlighted in the report: There were no skid marks at the accident scene.

Mercedes, she added, insists that their cars do not blow up. In fact, the company has a reputation for building some of the safest cars in the world, but Mercedes has not yet been contacted by authorities, according to a statement.

The long story of Barrack Obaam Jr., the CIA and military plans under Allen and John Foster Dulles and others for world regime change are a legacy of activity still in the family backgrounds of many of today’s world leaders. The arranged lives and even likely psuedo-marriages and other matters of public records while meant for public consumption were probably just more falsified identities cold world planners are using to continue to hide the truth of MKULTRA, the CIA Family Jewels program, Project Monarch, Artichoke and the

Fort Dietrich activities the led to Frank Olson's murder or suicide.

In June 2010, Rolling Stone published "The Runaway General", Hastings's profile of U.S. Army general Stanley McChrystal,[30] then commander of NATO's International Security Assistance Force in the Afghanistan war. The article reported remarks by McChrystal's staff that were overtly critical and contemptuous of White House staff and other civilian officials. On June 22, news of the forthcoming article reached the attention of the American print media and the White House. McChrystal immediately issued an extensive apology, and Duncan Boothby, the civilian contractor responsible for coordinating the article with Hastings, resigned. U.S. President Barack Obama summoned McChrystal to the White House on June 23,[31][32] and relieved him of command.[33] Hastings offered his views on relations between McChrystal and the Obama administration.[34] - Wikipedia

Panic 2012: The Sublime and Terrifying Inside Story of Obama's Final Campaign

by Michael Hastings (Autor)

One of America's most important young journalists delivers the first substantial piece of narrative nonfiction to chronicle the hard-fought closing months of the 2012 presidential campaign in PANIC 2012. Michael Hastings - BuzzFeed correspondent at large; Rolling Stone contributor; George Polk Award winner; and critically acclaimed, New York Times-bestselling author of The Operators - presents an in-your-face, on-the-ground, real-

time, singular account of how the Obama campaign privately panicked and ultimately recovered after the President's disastrous performance in his first debate with Mitt Romney. In the tradition of iconoclastic journalists such as Hunter S. Thompson, Richard Ben Cramer, and P. J. O'Rourke, Hastings offers an edgy, rollicking, wholly original portrayal of the enormous and intense political operation that is an American presidential campaign.

The Last Magazine: A Novel

Published postumously

Michael Hastings' untimely death at the age of thirty-three rocked the journalism community. But the New York Times bestselling author of The Operators left behind an unexpected legacy: a wickedly funny novel based on Hastings's own journalistic experiences in the mid-2000s. Discovered in his files, the novel features a wet-behind-the-ears intern named Michael M. Hastings who must choose between his career and the truth. A searing portrait of print journalism's last glory days, The Last Magazine earned Hastings comparisons to Evelyn Waugh and Hunter S. Thompson and stands as a testament to one of America's most treasured reporters.

Hastings fearing the NSA and FBI and others was working with his fiance Andrea Parhamovich on a story about Barrack Obama Jr origins, that is to say who planned his birth before it occurred, and died in the process. I have read the correspondence between Andrea Parhamovich and Hastings as he copied his email into his book I read I Lost My Love in Bagdad and I recognize the same Vienna Austria stories they were exchanging that Jen Moore recounts in her posted

information that still survives and I quote in my books.

> On April 21, 2012, the L.A. Coroners Office released its final autopsy report on Breitbart - that he had died from “heart failure.” That same day, a forensics technician or criminalist at the L.A. Coroners Office, *Michael Cormier*, died suddenly from suspected arsenic poisoning after complaining about pain and vomiting. (To my knowledge, we still have not been told the official cause of Cormier’s death.)

According to Dr. Jim Garrow, Andrew Breitbart did not die from natural causes, but was killed by the Obama Administration.

Best-selling author of techno-military thrillers Tom Clancy died last week on Oct. 2 at the age of 66.

The New York Times said Clancy died at Johns Hopkins Hospital after a brief illness. But neither Clancy's lawyer, J.W. Thompson Webb, nor his longtime publisher, Ivan Held, president of G. P. Putnam's Sons, said they knew the precise cause of death. Under "cause of death" on Clancy's autopsy is "cause of death unknown."

When Clancy wrote The Hunt for Red October, he was met at the door by Pentagon officials and FBI agents demanding to know where he got top-secret documents. Dr. Garrow states that after the incident, the CIA "spoon fed" him classified information and scenarios to write his novels in a manner that was entertaining but contained elements of truth. Garrow says that is why Clancy was killed because he was getting too close to a secret they don't want the world to know.

Dr. Garrow states Obama had Tom Clancy killed as well, noting that it takes 5 days for plant toxins and most poisons to break down and leave no traces in the human body. Strangely (or not), doctors did not perform an autopsy on Clancy's body for 5 days.

Garrow ended his radio interview with one last revelation.

He said the Obama administration is made up of Marxist Muslims who all take their orders from Senior Adviser to the President, Iranian-born Valerie Jarrett. Garrow said it is well known to intelligence agencies all over the world that Obama is a foreign plant who was

> placed on the path to the presidency by ultra-rich Saudi nationals. This is why all of Obama's education records have been permanently sealed.
>
> Garrow claims that up to a week ago he was a covert CIA agent, but was fired by none other than Obama himself because Garrow told the world (on Alex Jones' radio, Glenn Beck, and several conservative internet mediums) that Obama's U.S. military was purging top brass using a "litmus test" of sorts. High-ranking military officials were being asked "Would you fire on an American citizen?". Garrow claims that if one answered no, you would be fired.

And the death may not have been a natural one: LAPD Lieutenant Alan Hamilton tells the news station that hospital staff think Cormier may have died under "suspicious circumstances."

American History - The Assassination of JFK - Operation 40

[image]

This comprehensive encyclopedia of the assassination of President John F. Kennedy has over 700 entries. This includes biographies of 668 people involved in the case. The encyclopedia also looks at the possibility that different organizations such as the Mafia, CIA, FBI, Secret Service, KGB and the John Birch Society might have been involved in the planning of the assassination. Other possibilities such as anti-Castro activists, Texas oil millionaires and the Warren Commission's lone-gunman theory are also looked at.

On 11th December, 1959, Colonel J. C. King, chief of CIA's Western Hemisphere Division, sent a confidential memorandum to Allen W. Dulles, the director of the Central Intelligence Agency. King argued that in Cuba

there existed a “far-left dictatorship, which if allowed to remain will encourage similar actions against U.S. holdings in other Latin American countries.”

As a result of this memorandum Dulles established Operation 40. It obtained this name because originally there were 40 agents involved in the operation. Later this was expanded to 70 agents. The group was presided over by Richard Nixon. Tracy Barnes became operating officer of what was also called the Cuban Task Force. The first meeting chaired by Barnes took place in his office on 18th January, 1960, and was attended by David Atlee Phillips, E. Howard Hunt, Jack Esterline, and Frank Bender.

According to Fabian Escalante, a senior officer of the Cuban Department of State Security (G-2), in 1960 Richard Nixon recruited an “important group of businessmen headed by George Bush (Snr.) and Jack Crichton, both Texas oilmen, to gather the necessary funds for the operation”. (2) This suggests that Operation 40 agents were involved in freelance work.

It is known that at this time that George Bush and Jack Crichton were involved in covert right-wing activities. In 1990 The Common Cause magazine argued that: “The CIA put millionaire and agent George Bush in charge of recruiting exiled Cubans for the CIA’s invading army; Bush was working with another Texan oil magnate, Jack Crichton, who helped him in terms of the invasion.” (3) This story was linked to the release of “a memorandum in that context addressed to FBI chief J. Edward Hoover and signed November 1963, which reads: Mr. George Bush of the CIA”

Reinaldo Taladrid and Lazaro Baredo claim that in 1959 George Bush was asked “to cooperate in funding the nascent anti-Castro groups that the CIA decided to create”. The man “assigned to him for his new mission”

was Féliz Rodríguez.

Daniel Hopsicker also takes the view that Operation 40 involved private funding. In the book, Barry and the Boys: The CIA, the Mob and America's Secret History, he claims that Richard Nixon had established Operation 40 as a result of pressure from American corporations which had suffered at the hands of Fidel Castro. (6)

Webster Griffin Tarpley and Anton Chaitkin have argued that George Bush was very close to members of Operation 40 in the early 1960s. In September, 1963, Bush launched his Senate campaign. At that time, right-wing Republicans were calling on John F. Kennedy to take a more aggressive approach towards Castro. For example, in one speech Barry Goldwater said: "I advocate the recognition of a Cuban government in exile and would encourage this government every way to reclaim its country. This means financial and military assistance." Bush took a more extreme position than Goldwater and called for a "new government-in-exile invasion of Cuba".

As Tarpley and Chaitkin point out, beneficiaries of this policy would have been "Theodore Shackley, who was by now the station chief of CIA Miami Station, Felix Rodriguez, Chi Chi Quintero, and the rest of the boys" from Operation 40.

Ted Gunderson again crosses factually with Edward Paul Donegan and Donald Barr during Ted Gundersons official duties investigating the assassination of JFK as an FBI agent assigned to that case and Jack Ruby who had been a Chicago Mobster who allied with the CIA and was moved to Dallas where he ran the Carousel Club, a location Ted Gunderson and others found to be a place of advance knowledge of the Kennedy

There is some documented evidence that Jack Ruby knew about the assassination of JFK before it happ;ened. In the November 17 2017 JFK File Release, there is an FBI report from an IRS source revealing that had foreknowledge of the assassination by asking a friend to come and watch “the fireworks” with him as JFK was assassinated. The document states that Jack Ruby and the informant had been standing at the corner of the Postal Annnex Buildiing facing the Texas School Depository Building during the time of the shooting. The document refereed to and linked to in Hit List- Strange Deaths Of People Who Knew Too Much: JFK- MLK - RFK is here.

Dorothy Kilgallen was like Sunny Bono and the Kennedy family strict Roman Catholics with strong pro-life and anit-mafi beliefs who during the transition between the Eisenhower Nixon John Foster Dulles Alan Dulles James Jesus Angleton mafia embracing 1946 to 1961 national security structure into the Kennedy administration plan increasingly moving away from that system following the Bay of Pigs.

Part of Dorothy Kilgallen’s work on “What’s My Line [of work]” was the Von Trapp Family Singers story-line that she went on tour with.

She went on the Hollywood Publicity Tour of the Julie Andrews Sound of Music movie along with Ron Pataki and that story-line is connected to ny Donegan Family of North Carolina living with them in the Dust Bowl poverty from 1926 until 1939 or so and their hidden identities because the Barron Von

Credible sources have run exposes; one for instance narrated by Dennis Farina, that Sam Giacanca and other mob figures were utilized to build covert saboutuer bay-swimmers and assassins who would assist in combatancy against communist forces in Cuba and elsewhere and the Robert F. Kennedy opposed the mafia and that Ruby's Carousel Club in Dallas was tied to those mob activities.

Nixon's Rockefeller plans and 1946 right wing Los Angeles district Congressman and when he was United States Vice President under Eisenhower in the 1950's 1952 to late January 1961 included overthrowing Indonesia per Col Prouty who (again) wrote the CIA files that others like Wayne Madsen and Jen Moore have read.

David Dean Rusk was the United States secretary of state from 1961 to 1969 under presidents John F. Kennedy and Lyndon B. In 1926 when my mother was born in North Carolina he was at Davidson Colldege, a progressive religious institution that likely had an underground railroad history.

Dean Rusk and his family moved to Scarsdale, New York, while he served as a Rockefeller Foundation trustee from 1950 to 1961. In 1952 he succeeded Chester L. Barnard as president of the foundation.

The Rockefller Foundation does business in second and third world locations and believes in Nation Building in those locations often in conjuction wiht the Central Intelligence Agency, The Department of State, FBI, British, and others and is inseperable in its vision from the Rockefeller owned Standard Oil Company and US Rockefeller Republican politicians including Nelson Rockefeller himself.

The totality of my life experience is that private enterprise George H.W. Bush., Standard Oil and the Rockefeller's especially 1952 to 1960 under Vice President Nixon National Secuirity Council, and CIA activity uses small planes for cartel travel and pilots have testified under oath as being hired by CIA contracts and having transported members of the Bush family and accuse the Bush family of being crime bosses and this had been tied to Mafia and Latin American activities for the CIA.

The CIA, British, and Kenyan inteligence sources are all cited on plans for Saudi Arabia and Indonesia and Barrack Obama as a CIA Sleeper Agent from a CIA backed family line and now Malcom X himself in his own magazine and other connected sources tie him to that CIA plan on the father identity side that might have been used and might have been biological I say Glorian Donegan and Marilyn Monroe are the parts of that on the mother identity side, for real biologically or possible cover stories to hide his true CIA identity.

Dororoth Killgallen had several pieces of information in her hands when she interviewed Jack Ruby formerly of the Chicago Mob that Nixon had recruited who had assassinated Lee Harvey Oswaldn after Oswald was taken into custody.

> The story presented here takes place in the Dallas jail, 34 hours after the assassination of President John F. Kennedy.
>
> The facts have been called by G. Robert Blakey, Chief Counsel for the House Select Committee on Assassinations, "*real," "substantiated," "very troublesome," and "deeply disturbing.*" He went on to say that, while this is only a small part of the large mystery of the Kennedy assassination, it raises questions that remain "*unanswered*," makes inferences which are "*ultimately inconclusive*," and is therefore an "*unanswerable mystery*."
>
> Here's why: If the following eyewitness testimony is accurate - and Blakey and his Congressional committee's staff have said that it is - Lee Oswald, while under arrest in the Dallas jail, attempted to place a call to a former **Special Agent of U.S. Army**

Counterintelligence.

And that alone is enough to raise serious questions about who Oswald was; with whom did he work and/or associate; did he have connections to American intelligence (as Senator Schweiker's statement above asserts); and finally, the big one, does this put us any closer to knowing if he acted alone to kill President Kennedy on November 22, 1963?

Just hours before his death [at the hands of Nixon Dulles Donovan CIA OSS operative Jack Ruby mafia figure], Lee Harvey Oswald tried to call Raleigh, North Carolina from the Dallas jail on the evening of Nov. 23, 1963. For years, this significant information was ignored by assassination investigators and concealed from the public. Surprise guest speaker and JFK Assassination expert the late Jim Marrs joins Dr. Proctor on stage at 58:00.

In the early 1980s, independent researcher Dr. Grover Proctor broke new ground on Oswald's attempted call. Because of Dr. Proctor's work, Oswald's attempt to reach former U.S. Intelligence officer John Hurt has become known as "The Raleigh [North Carolina] Call."

I was born in Los Angeles County Inglewood St Josephs Hospital and am tied to the Kennedy family through Dorchester Massachusetts where my air force pilot father was from and the Kennedy family was from.

In 1961 DNA was forever formally recognized by science and the CIA was conducting tests both in radiation exposure effects

(mutagenic) that leads to cancer deaths as well as inheritance studies, and the propagation of certain defects in family lines.

Through above ground atomic blast testing conducted through SSFL coordinated activities at the Nevada Pacific Atomic Proving Ground in the Manhattan Project and later atomic bomb delivery to Hiroshima and Nagasaki my family were a part of those studies.

Most increasingly and widely believe that the big profit military industrial companies and the robber barron owners of those military industrial complex of the Nixon Bush Rockefeller Ford GOP wing were involed in the CIA hit on JFK and details of my family history support that completely.

How the CIA integrated these activities of hidden family lines in the USA who wished to abandon through abandoning their names the rise of Nazi Germany they wanted nothing to do with was not abnormal for instance Arnold Shcwhatzenegger abandoned his Austrian name in contempt for the Austrian role in Nazism and asked for the Weisenthal Center to review if his family were participants in genocide, the report coming back his family were only common soldiers even if in security apparatus.

There is a CIA covert operations background to this. Marilyn Monroe, Glorian Donegan nee Glorian Gainey were victims of Borderline Personality Disorder and research into that was part of some of these family lines. Maria Kutschera was not a good fit for the Convent most of the personality trait can include flightiness, lack of discipline, outbursts, wrestleness, etc.,

This has a tie-in to the Manchurian Candidate story. RFK was exposed to nearly the day of his death as his presidential campaign was given a briefing by John Frankenmammer on that story line that Malcom X and Martin Luther King were aware of.

It sourced in thousands of places “Robert Kennedy spent day

of June 4, 1968, at Malibu home of his friend John Frankenheimer (born February 19, 1930), who then drove RFK to Ambassador Hotel in Los Angeles. RFK's death helped to drive Frankenheimer into years of what he called "deep depression" and drinking." Beschloss on Twitter

Malcolm X was pictured in Essence Magazine holding a rifle looking out a window fearful that because of what he knew about the CIA and FBI he would be assassinated.

Even outlining the scope of the evidence I have regarding the utilization of recruited Agent Of Influence Malcom X by the British and Oxford University and the timeline of his movements and activities including surrounding the death of Marilyn Monroe he likely did not have anything himself to do with (the cover-up) evidence exists what was being covered up is a request Malcom X participate as a possible Saudi Mecca leaning Muslim who could be a possible male parent for Barrack Obama Jr in a fabricated family history and Marilyn a possible stand-in as the mother holding an August 4th Birthday Party for the possible son of Malcom X as pictured in Malcom X's own 1962 magazine with Stanley Armour Dunham the mother holding Barrack Obama Jr.

Friendly relationships with Saudi Arabia and Indonesia would be an outcome of a liberal democracy multi racial half black product of US liberalism and comport to the plans for Indonesia made by Nixon, Donald Barr, the Vatican, Free Masons and others as they also plotted for Cuba, Guatemala, Iran, and other nations.

The confirmation of those plans by those directly involved in those plans such as Col Prouty or access to the CIA files such as Wayne Madsen of the NSA are included.

Marilyn Monroe was taped as being aware of the Latin American overthrow plans and wishing to disclose them to her close new male confident a Hispanic restauranteur from the Los Angeles area. -Mike Rothmiller

Why Malcolm X's Family Is Suing the FBI, NYPD, and CIA 58 Years After His Death

"For years, our family has fought for the truth to come to light concerning his murder," Ilyasah Shabazz, a daughter of Malcolm X, said at a news conference at the site of her father's assassination, which is now a memorial.

The civil rights leader was 39 when he was assassinated in 1965 at an auditorium in New York's Washington Heights neighborhood. Three gunmen shot at least 21 times, as Malcolm X's four children and pregnant wife ducked for safety.

At the news conference on Tuesday, civil rights lawyer Ben Crump said: "It's not just about the triggermen. It's about those who conspired with the triggermen to do this dastardly deed." He claims that government agencies had factual and exculpatory evidence that they concealed from the family of Malcolm X and the men wrongly convicted of his assassination. Crump alleged that high-ranking U.S. officials conspired to kill the civil rights leader, repeatedly referencing J. Edgar Hoover, the FBI director who died in 1972.

What we know about theories about allegations of CIA and FBI involvement

In addition to the unfair trial, some historians have argued that various agencies including the FBI, NYPD, and CIA were actively involved in the assassination attempt. Experts have said that these agencies viewed Malcolm X as a dangerous Black radical figure who needed to be brought down. Others have suggested that they did not need to plot to murder him since he was already a target.

> Nonetheless, Malcolm X was under near-constant surveillance by federal and local authorities-as were many civil rights activists. The FBI first opened a file on Malcolm X in March 1953, and closely monitored him over the next decade using surveillance and informants. On June 6, 1964, FBI Director J. Edgar Hoover sent a telegram, which later became public, to the FBI office in New York City that said "do something about Malcolm X."

The Saudi connection to the Bush family creating of Barrack Obama Jr. as part of the 1961 Middle East North Africa Moles and Sleeper agent plot of Dulles, Donald Barry, William Barr, and other 33rd masons including Vatican has been written about pubklicly by spy agency sources with clarity and consistencyc and depth.

Here is an excerpt dense in detail on the CIA interest and backing of Barrack Obama Sr and the likleyhood Barrack Obamna Jr with Saudi and other funding that went towards Barrack Obama Jr as well is tied to CIA Saudi and George H.W. Bush Cheney connections.

Is Obama the secret son of Malcolm X? Israel Insider 04 Novembre 2008 by Reuven Koret, Israel Insider Publisher

> If Barack Hussein Obama II is Malcolm X's biological son, it would explain the mystery of why he was so generously helped by so many Arab and communist "friends in high places" long before he was a "somebody." Just as Malcolm X adopted Islam, his secret son would also need to learn its ways, and learn the ways of revolution, not just assume an Islamic name. He would need to be groomed and educated to organize the community called the United States of America.

In August I received a curious email. As a magazine that covers international politics, with a focus on Mideast affairs, Israel Insider gets more from its fair share of baseless tips and phony rumors. I ignore most and delete them unread. This one was a bit different. It came from a national security lawyer with extensive credentials and intelligence connections that checked out, and a phone number.

Israel Insider had been running a series of articles exploring the vagaries of Barack Obama's birth, and his concealed documentation, and this was the jumping off point of the email, which confirmed the claim that Obama was not born in Hawaii, that "**Mossad** are going with Mombasa" but "Proving Mombasa is not so easy, as **NSIS** in *Nairobi Kenya* [Mombassa is in Kenya] are clamming up tight, as are **MI6** in *London*, who have the original Mombasa file and full details of the birth."

Mossad

Mossad (UK: /ˈmɒsæd/ MOSS-ad, US: /moʊˈsɑːd/ moh-SAHD)[a] formed December 13, 1949 is the national intelligence agency of Israel. It is one of the main entities in the Israeli Intelligence Community, along with Aman (military intelligence) and Shin Bet (internal security).

Mossad is responsible for intelligence collection, covert operations, and counter-terrorism. Its director answers directly and only to the Prime Minister. Its annual budget is estimated to be around 10 billion shekels (US$2.73 billion) and it is estimated that it employs around 7,000 people directly, making it one of the world's largest

espionage agencies.[1] Unlike other security bodies (such as the Israel Defense Forces or the Israel Security Agency), its purpose, objectives, roles, missions, powers or budget have not been defined in any law.

MI6

The Secret Intelligence Service (SIS), commonly known as MI6 (Military Intelligence, Section 6), is the foreign intelligence service of the United Kingdom, tasked mainly with the covert overseas collection and analysis of human intelligence in support of the UK's national security. SIS is one of the British intelligence agencies and the Chief of the Secret Intelligence Service ("C") is directly accountable to the Foreign Secretary.[3]

NSIS

National Intelligence Service (Kenya) (NIS; Swahili: Huduma ya Ujasusi ya Kitaifa) which was previously known as the National Security Intelligence Service (NSIS) is both the (national) domestic and foreign intelligence agency of Kenya. It had its origins in "Special Branch" a department of the national police that was created in 1952 under the British administration. Among other things it provided intelligence during the Mau Mau uprising.

CIA

The Central Intelligence Agency (CIA; /

ˌsiː.aɪˈeɪ/), known informally as the Agency[6] and historically as the company,[7] is a civilian foreign intelligence service of the federal government of the United States, officially tasked with gathering, processing, and analyzing national security information from around the world, primarily through the use of human intelligence (HUMINT) and conducting covert action. As a principal member of the United States Intelligence Community (IC), the CIA reports to the Director of National Intelligence and is primarily focused on providing intelligence for the President and Cabinet of the United States. Following the dissolution of the Office of Strategic Services (OSS) at the end of World War II, President Harry S. Truman created the Central Intelligence Group under the direction of a Director of Central Intelligence by presidential directive on January 22, 1946,[8] and this group was transformed into the Central Intelligence Agency by implementation of the National Security Act of 1947.,

Unlike the Federal Bureau of Investigation (FBI), which is a domestic security service, the CIA has no law enforcement function and is mainly focused on overseas intelligence gathering, with only limited domestic intelligence collection.

The CIA serves as the national manager for HUMINT, coordinating activities across the IC. It also carries out covert action at the behest of the President.

It exerts foreign political influence through its paramilitary operations units, such as the Special Activities Center. The CIA was

instrumental in establishing intelligence services in several countries, such as Germany's BND. It has also provided support to many foreign political groups and governments, including planning, coordinating, training, and technical support. It was involved in carrying out several regime changes, and planned assassinations of foreign leaders.

Since 2004, the CIA is organized under the Office of the Director of National Intelligence (ODNI). Despite having had some of its powers transferred to the DNI, the CIA has grown in size as a response to the September 11 attacks. In 2013, The Washington Post reported that in the fiscal year 2010, the CIA had the largest budget of all IC agencies, exceeding previous estimates.

The CIA has increasingly expanded its role, including covert paramilitary operations.[3] One of its largest divisions, the Information Operations Center (IOC), has officially shifted focus from counterterrorism to offensive cyber operations.

The agency has been the subject of many controversies, including human rights violations, domestic wiretapping, propaganda, and allegations of drug trafficking.

It was this connection to Saudi wealth that has led to Obama being dubbed the "Mansourian candidate".

"The source said that the Dunham family became involved because Stanley Dunham, Sr. was suspected of espionage. Boeing, he said, has "a 1944 security file on Stanley Dunham in connection with suspected sabotage of B-17G aircraft at their Wichita Kansas plant and the theft of B-29 blueprints, a full set of which were passed to the German Abwehr via Lisbon by June 1944. Ann Dunham appears to have been chosen as the surrogate mother in 1963 because of the family connection to German Intelligence.

How in the world would Percy Sutton know that Obama, a young man he had never met, was a "genius"? It turns out that Sutton was among the lawyers for Malcolm X.

And why would a big wheel like al-Mansour take such an interest in a drug-taking party boy from a second-rate college? While helping Obama get into Harvard, he was representing top members of the Saudi Royal family, Saudi billionaires Abdul Aziz and Khalid al-Ibrahim, and Prince Alwaleed bin Talal, nephew if King Abdallah of Saudi Arabia. So there was, early on, a direct connection between Obama and Saudi royalty and an aggressive effort by a Saudi agent to make Obama's way in the world.

Then there were the revelations about Weather Underground co-founder Bill Ayers and his wife

Bernadette Dohrn - unrepentant terrorists and communists both - who helped launch Obama's political career from their home. Ayers, indeed, may well have ghost-written Obama's memoir Dreams from my Father, creating the impression that Obama was also skilled in writing as well as "community organizing."

The post noted (of Obama) striking similarities in speaking cadence and style, not to mention a bright flashing smile and a wry sense of humor.

Malcolm broke with Elijah Muhammad in large measure because the then-leader of the Nation of Islam had conducted illicit affairs and sired illegitimate children. If Malcolm himself had sired a boy, it is not something he would have wanted to advertise, or to bring along with him in his hectic and dangerous revolutionary path.

Malcolm X was marginalized even from the black leadership after he said, following the assassination of John F. Kennedy, that the "chickens had come home to roost." That term would be resurrected by Rev. Jeremiah Wright, much to Obama's chagrin, in a sermon discussing the reasons for the Islamic attacks on the United States, reasons that Obama echoed in his own post-9/11 statements, in somewhat less inflammatory terms. Malcolm himself was assassinated in 1965, reportedly by agents from the Nation of Islam.

Robert Mueller is known by many with deep state knowledge to be linked to the Dupont Corporation role in the Manhattan Project, mining and minerals and rail robber-barons, and secret government links to these generations old secrets and continuing assassinations by the CIA and FBI silencing witnesses.

Gang Stalkers are espionage elements operating in secret to protect those in power who have something to had hide and are used to use to to destroy the lives of those who have something to say about those corrupt officials holding power and thus any leakers of the deep state secrets are assassinated or are destroyed in credibility by COINTELPRO-like harassment operations.

My uncle Harold Gainey was moved with my mother Glorian Gainey to a DuPont chemical location Camden South Carolina as orphans when the Von Trapp Singers left North Carolina following the Berlin Olympics of 1936 and race and hygiene laws anda the seizure of Austria.

To blame even a small share of this on Mueller alone is a threat to understanding the larger conspiracy and the many Rockefeller Republican and now Democrat party families who the CIA has backed over time and a part of long term world planning.

An example is potrayed by Arnold Schwartzenegger in *Deadlift*, a Streets of San Francisco episode where a body builder tries to explain himself to a jogger female and is laughed at by her causing him to explode in humiliation or sense of injury thus he shakes her to death. Arnold Schwarzenegger shakes a woman to death https://youtu.be/uHi_QK-p97w.

I remember watching the episode as child in the 52 Lambeth Square Moraga home with the weight bench on the back patio where I subscribed to Weider magazine or at least bought regularly and I thought the jogger was very unfair to Arnlod though I think he should have handled the situation better to stay out of trouble with the law.

This surveillance regime or “protocol” to be used in child testing can test for likelihood of outbursts that are considered psychotic breaks and can lead to ineffective leadership and broken relationships, facets of the Borderline personality who become polarized and frantic and unstable in unstable conditions.

I have referenced the FOXP2 Borderline Personality Disorder and extreme ADHD causing written grammer problems like conjegations being dropped, words being dropped in the slower proccess of writing rather than in speaking.

The group of symptoms or minor neurological probelms like dry throat and other problems might be solved in rat studies in gene knockdown studies, where a rat gene is modified to see changes in the rat and that works better in rats than mice because rats are more complex in behavior.

But rats do not write. So grammer problems are hard to study in them. Jen Moore did at least ten interviews with Farmer Jones on FreeConference Call some linked to from her YouTube videos comments sections and she speaks of rat studies not working thus MKULTRA using children as rats. I can tell you the idea was when rats behaved well and were connected to the Windsors they might become Lord Governor of some province, say the USA, or Indonesia, or Cuba, or Guatemala if they can be picked out early enough.

> I'm gonna post in this video the links to the interviews I've done so far and I'm continuing on this journey and I hope you guys will listen to the interviews realizing I don't have all the answers of course I have a parts of the story but I do have some pretty significant experiences and unique experiences that give me the very unique insights into a lot of this especially regarding the the MKULTRA programs and the experimentation on children and child trafficking ratlines drug ratlines and all those various aspects of what's going on in our country kind of under the cover of law and in deep inside the country that's been hidden from the American people - Jen Moore Task Force: The Whistleblowers: Interviews about the darkness inside.

As I have often said in studying Neurolgy and genetics:

While genetically modified mice have enabled substantial advances in neuroscience and have made possible new approaches for circuit analysis with optogenetics (Tsai et al., 2009, Gradinaru et al., 2009, Lobo et al., 2010, Kravitz et al., 2010, Witten et al., 2010, Tye et al., 2011), a generalizable approach for optogenetic targeting of genetically defined cell types in rats has proven to be elusive. This technological limitation is particularly important to address given that the substantial and flexible behavioral repertoire of rats makes

these animals the preferred rodent model in many fields of neuroscience experimentation, and a wide variety of behavioral tasks have been optimized for this species (Bari et al., 2008, Chudasama and Robbins, 2004, Uchida and Mainen, 2003, Otazu et al., 2009, Pontecorvo et al., 1996, Vanderschuren and Everitt, 2004, Phillips et al., 2003, Pedersen et al., 1982). Furthermore, rats represent an essential system for in vivo electrophysiology, with dimensions that enable accommodation of the substantial numbers of electrodes required to obtain simultaneous data from large neuronal populations (Wilson and McNaughton, 1993, Royer et al., 2010, Buzsàki et al., 1989, Gutierrez et al., 2010, Colgin et al., 2009, Jog et al., 2002, Berke et al., 2009). Therefore, the ability to utilize population-selective genetically targeted optogenetic tools in the rat would be a valuable technical advance.

Most efforts to target genetically defined neurons in rats have relied on viral strategies, but given the paucity of compact and well-characterized promoters, this approach has only rarely led to highly specific targeting (Lee et al., 2010, Lawlor et al., 2009, Nathanson et al., 2009). Alternatively, transgenic rat lines can be generated to enable use of specific larger promoter-enhancer regions (Filipiak and Saunders, 2006), but for expression of opsins in the brain this approach suffers from two serious limitations. First, this method is low throughput and not well suited for keeping pace with the rapidly advancing opsin toolbox (requiring specific design, line generation, multigenerational breeding, and testing of each individual rat line for a particular opsin gene). Second, this approach is inconsistent with straightforward optogenetic control of single or multiple spatially distinct populations; in fact, a breakdown in specificity for control of cells or projections within a particular illuminated brain region arises because opsins traffic efficiently down axons (Gradinaru et al., 2010) and incoming afferents from other brain regions that are photosensitive will confound experiments by exhibiting optical sensitivity alongside local cell populations. For example, in a rat line expressing opsins in all catecholamine neurons, illumination of the ventral tegmental area (VTA) would activate both dopamine (DA) cell bodies in the VTA and noradrenergic projections to

the VTA originating from cells in the locus coeruleus.

Well returning back to the letter to the Coroner rather than my part time hobbies.

This can be found at http://tedgunderson.info/index_htm_files/McMartin%20Scientific%20Report.pdf or at my archive https://archive.org/download/genoracketeering_202001/McMartin%20Scientific%20Report.pdf It should be noted on one page in large white text with black reverse chroma 3233 the last 4 digits of my social security number are appended to some other digits I think pert of a case reference system. It can be noticed on my birth certificate Manhattan Beach City of Los Angeles County in the Inglewood neighborhood is my place of birth and 022-46-3233 is my SSN and I underwent BPD testing based on behavioral observations of me by my parents they have described to me, one instance my reaction when I had dropped my milk bottle from my high chair and shortly after a very volatile explosive reaction to it not being picked up.

It should be noted in Preschool in Los Angeles County my parents had me tested after I showed signs of Borderline Personality Disorder and I was then diagnosed as having high IQ per testing but what was also called Minimal Brain Disorder now the collection of symptoms of extreme ADHD and Dyslexian and strong emotions grouped and identifiable as FOXP2 likely gene.

For instance James Earl Ray (March 10, 1928 - April 23, 1998) was an American fugitive convicted for assassinating Martin Luther King Jr. at the Lorraine Motel in Memphis, Tennessee, on April 4, 1968. After this, Ray was on the run and was captured in the UK. Ray was convicted in 1969 after entering a guilty plea-thus forgoing a jury trial and the possibility of a death sentence-and was sentenced to 99 years of imprisonment. He was a follower of Cecil Rhodes British theory

of British colonialism and world rule, and the assassination of the Kennedy' according to many sources including me is that the British plans for United Fruit Company, International Trade Mart, and other global British based businesses with CIA backing was connected to the coloinialism the Kennedy family rejected and those close to Kennedy' personally or by belief system (Ghandi Society refuting British rule of India of Dr King) were assassinated to subvert US policy by underming non-British leaning voices.

Public news sources on JFK and numerous others in their totality affirm my statements on these deaths.

> LA Dom, Mistress Veronica Takes Her Life - LUKE IS BACK
>
> http://www.lukeisback.com › 2009/08 › Aug 7, 2009 - Veronica Hoffman, one of the international fetish scene's most colourful characters, has died in Los Angeles aged 29.

My family comes from The Manchurian candidate story-line and I am also connected to a series of events involving Veronica Hoffman I believe led to her being harassed and discredited by illegal operations.

Many who have access to or wrote top secret files on the CIA, The Manchurian Candidate, overthrow and subversion bv Mafia, and Executive Action assassinations have similar or identical information and information consistent to and corroborating the statements I am making about silenced people who knew too much about the CIA assassination of JFK and his relatives and friends and reporter contacts like Dorothy Killgallen.

In printed statements I am signing and sending I will reference

CIA and NSA and FBI and DOJ sources such as Ted Gunderson, Wayen Madesn, Jen Moore, Col Fletcher Prouty, the Donegan family myself speaking for my parents and relatives, and the public records available as to these matters being evidence those who were silenced were assassinated in violation of Title 18 Chapter 73 and section 1513 and other sections as well and covert Stalker team harassment of myself is also violation of that statute.

The GangStalk also called Organized Stalk Ted Gunderson will refer to as run by the FBI and Military is a system of "decomposition" or discrediting and destroying people that is intertwined with the use of Information Dopplegangers and I can cite the occurrence of and both Jen Moore and others will describe how it is used and why.

Before closing this cover letter I will provide a manifest of attachments I intend to include.

Jen Moore describes the Glorian Dongan story of how she is a changed name Kutschera and that story line as Jen Moore without speaking that name confirmably continously uses her phone camera pointed in video after video of the apartent I lived in with my mother at 850 N. Randolph second floor and in my books I include credit reporst publicly listing us as living on that Patomac River Arlington Virigina whose previous apartment of Glorian on the 21st floor overlooked the Pentagon Washington D.C.

> Investigative Journalist Jen Moore was found dead in a suburban Washington D.C. hotel room Monday. August 20, 2018, according to police and shocked and distraught friends and colleagues.
>
> Moore died of an apparent seizure. Police are closely investigating the cause of death after former FBI Agent Robyn Gritz, a friend of Moore's, made inquiries with

> homicide detectives Monday afternoon in Prince Georges County, Maryland. Preliminary reports from police said the death was not the result of suicide.
>
> Moore's body was found by employees at the Country Inn & Suites by Radisson, Washington, D.C. East - in Capitol Heights, Maryland. The investigation is ongoing. An autopsy had not been scheduled as of late Monday.

Prior to her death on her YouTube Channel where she reported undercover stalkers had violently attacked her and assured her if she talked she would be silenced by the stalkers.

A follower of her YouTube Channel she had said she was going to finally reveal the names after long holding her silence someone [Jason Arthur Taylor]asked *For your safety you're not disclosing any details. Right. How's that working out for ya?*

I have experienced the exact same death threats from stalkers, my home has been broken into repeatedly as I name CIA and FBI Deep State officials and write about my own family.

As she began naming a few in a long running CIA plot tied to Rod Rosenstien and governmentaly employed members of his family and intended to reveal the Donegan name she was found dead in two days of announcing the would name names.

"Rough Noise is the older term for Brighting, the system of shockingly intense input often abusive and so offensive it creates a cognitive unsurvivablity such that the person being abuse by noise is engulfed in anger, rage, horror, revulsion, trauma, etc., and it is meant to be emotionally abusive and includes death threats as common practice.

Cars flashing headlights as they chase you, honk horns and gun engiines, brandish gang paraphnelia such as hash pipe, heroin needles, display long dangerous knives or felon in

possession guns being click fired with empty chambers are not uncomone and I have experience them all.

Most of these I reported in real time in 2002 and beyond to my family all of whom now are deceased.

So Jen Moore and the CIA files on the Donegan's will be included, Ted Gunderson and Jen Moore on Stalking and the likely Stalking death of Veronica Hoffman will be the second accompanying document. In this latter document I will describe how her friends said harassing phone calls were annoying her to the point of taking apart and disabling phones, etc.,

I have written extensively on that topic and I suggest an official inquiry.

Here is some annotated story from Jen Moore affirming what I say about my family tory and these assassinations.

Understanding the Glorian then James then Tom then Edward lifetime timelines in that order

Jen Moore was a CIA connected former police officer who disclosed the Donegan family history. She was according to Edward Paul Donegan (myself) assassinated in furtherance of Treason and and in violation of Title 18 section 1513 assassination of witnesses in her case in faked grand jury and other matters tied to Obstruction of Justice and fraud in the estate of Glorain Donegan my mother.

The fall of the Kennedy's gave rise to global business and those connected to them. The US Press Corps will not accept or report on this so far but Edward Donegan (me) as a witness to this and under the same threat that existed for Jen Moore and others.

Before I go on to assert violations of Obtruction of Justice

Title 18 Chapter 73 section 1513 and other federal statutes about witness smear, intimidation, assasination, falsifiction of evdice in Conspiracy Against Rights, bodily injury, and other charges I will rely on other people's existing work of the context of the CIA and FBI activity I also assert, but validte the existing material that is largely ignored with at the end my first hand witness account of it and how those others like Jen Moore pointed to my family history in this world global events saga.

Col Prouty could only get published in a porn magazine called Gallery when he wrote article *Guns of Dallas* that become the movie *JFK* by Oliver Stone who finally recognized what Prouty was saying, the CIA overthrow team defended itself against John F. Kennedy (and later Robert F. Kennedy) who in the administration of THEIR NSC would not continue the regime changes planned by Vice President Nixon and the CIA in 1958 for Indonesia, the Pacific Ocean generally including Hawaii., the Gulf of Mexico (including Cuba and Guatemala) through the CIA portal of New Orleans, and *Middle East North Africa* (MENA) and the naval and shipping entrances to Central Africa through Mombasa Kenya.

> *JFK* (released under the subtitle *The Story That Won't Go Away*) is a 1991 American biographical epic political thriller film written and directed by Oliver Stone. The film examines the investigation into the assassination of John F. Kennedy by district attorney Jim Garrison, who came to believe there was a conspiracy to assassinate Kennedy and that Lee Harvey Oswald did not act alone.
> - Wikipedia

Incorrect. The story line is that Lee Harvey Oswald was a patsy who was to take to the fall as Russia Sympathizer so the FBI, CIA, Secret Service, FBIm, and Office of Naval Intelligence could duck the blame.

I am Edward Paul Donegan, I knew Col Prouty, and I agree.

And I believe the figures today still in those agencies (Cheney) or other in those agencies descended from the assassination era families view my life story as threat.

The Donegan and Jen Moore story bridges the assassination of JFK and RFK to the Indonesia 1958 plan via a Donegan role in it, just joins the work of Wayne Madsen and Col Prouty via Donald Barr and Rockefeller Republican role in 1946- 1960.

Wayne Madsen knows this was tied to Barrack Obama Jr and has written about this.

John Pilger agrees the US Pres Corp ignores Barrack Obama Jr and Business International Corp were fake liberals all the way along, CIA plans for Corpratocracy around the world run by CIA fronts. See more of this assertion of Pilger's on this CDRROM at CDROMc\D.C. Medical Examiner\Fraudulent 1961 Birth Documents Placed Globally\Bedazzlement \PilgerObamaJrIsCIAsManchurianCandidate.html"

"*Controlled Opposition*" is a term that describes the emergence of CIA backed Democrats of "liberal democracy" in the 21st Century, just as planned. With sufficient resources and planning, exactly the power oil profits can and respect for energy security the oil industry commands an opposition to big business that is lukewarm and under control can be manufactured.

What Is Controlled Opposition? - Hegemon Media

***"The best way to control the opposition is to lead it ourselves."* - Lenin**

> Controlled opposition is any person or organization which appears to be on one side, but is secretly working against the interests of that movement.
>
> Originally coined to describe government agents who would infiltrate activist movements and subvert them from within, the term has come to describe any activist or organization that isn't actually working for the side they claim. Controlled opposition could be directly controlled by or in contact with a movement's opposition, but they could also merely have an agenda aligned to interests other than their stated cause.

This was how Jimmy Hoffa kept on a string by Richard Nixon was really and aid to big business when further left unions were the perceived socialist threat and how the Obama family and others emerged in the 21st Century would would continue globalist business policies after being backed and created by globalist power and money.

The Glorian then James then Tom then Edward lifetime timelines in that order

Glorian Donegan had Borderline Personality Disorder, more defamed than it need be, and Edward Paul Donegan has it too. Per Linda Newkirk in the Mountain Prophesies in that online work explaining the Queen of England, the Vatican, and Nazis created Barrack Obama Jr. the Bush family H.W. and W. both involved (W more reluctantly but forced) this was part of the DARPA Missile Command plan in 1961 resulting in the birth of Obama if you believe Prouty likely for Indonesia.

Understanding the Borderline Mother

Helping Her Children Transcend the Intense, Unpredictable, and Volatile Relationship

The first love in our lives is our mother. Recognizing her face, her voice, the meaning of her moods, and her facial expressions is crucial to survival. Dr. Christine Ann Lawson vividly describes how mothers who suffer from borderline personality disorder produce children who may flounder in life even as adults, futilely struggling to reach the safety of a parental harbor, unable to recognize that their borderline parent lacks a pier, or even a discernible shore.

Four character profiles describe different symptom clusters that include the waif mother, the hermit mother, the queen mother, and the witch. Children of borderlines are at risk for developing this complex and devastating personality disorder themselves. Dr. Lawson's recommendations for prevention include empathic understanding of the borderline mother and early intervention with her children to ground them in reality and counteract the often dangerous effects of living with a "make-believe" mother.

Some readers may recognize their mothers as well as themselves in this book. They will also find specific suggestions for creating healthier relationships. Addressing the adult children of borderlines and the therapists who work with them, Dr. Lawson shows how to care for the waif without rescuing her, to attend to the hermit without feeding her fear, to love the queen without becoming her subject, and to live with the witch without becoming her victim. A Jason Aronson Book - CHRISTINE ANN LAWSON

My (Edward Paul Donegan) mother Glorian Donegan and I have volatile relationship, deep but at times abusive in the

sense of fighting and deep hurt feeling, abusive outbursts towards each other in the fights, etc.,

Marylin Monroe had it too, as did Rosemary Kennedy who was labotomized.

The doors of the Donegan homes had broken door frames as we would storm into locked rooms still fighting or fist punched through sheet rock covered up with an album cover.

As a child I ran away in Marshfeild Massachusetts as my mother would call out from the station wagon “Come back Ned” and things like that as the fights went on.

The reason I link this to Linda Newkirk and Birth of Obama theory is the the London KE Family of FOPX2 people who were unstable emotionally were about 15 or 17 and as I looked at British Aristocracy that seemed to fit King Edward VII descendants with a fifty fifty chance o inheriting the gene.

Tracy PD police officer Jen Moore had been in lots of cases that required familiarity with psychology and after leaving the police force she went into full time research including into the background of Glorian Donegan.

GLorian was according to a British and USA plan living under an hidden identity tied to pre WWI history of King Edward VII and Borderline Personality Disorder.

Glorian seems to have been from Maria Kutschera under a changed identity to Gainey who without parents in 1936 or so was adopted with her biological brother Harold Gainey.

She per internal oral history of the Donegan family seems to have been raised with child singers and dancers and who wore in the North Carolina dust-bowl clothes made of grain sacks, etc., but was told clean clothes of any fabric were a social grace but dirty clothes were not so clothes were kept clean.

Most likely Maria Kutschera had a child or two it is said three of her own likely by a Windsor in that English line exploring the FOXP2 Speech Defect painfully obvious since 1925 The Kings Speech that really since 1902 and King Edward VII the Royals wanted to watch in out of wedlock children.

Glorian Gainey my mother had a changed identity but was really from unwed Maria Kutschera in 1926 where the other large Von Trapp Family was 3 plus the seven of Barron Von Trapp.

Tom Donegan had a domestic partner Mark Wienress also from North Carolina. Since the year 2000 all pictures of the Donegans me included have dissapeared. Tom and Mark seemed to be stealing them either uncaught in the act or they said to scan them but they never returned.

Tom and Mark were likely as some staged dupes or possibly opportunists. They wantd to associate or did associate the Borderline with Adolf Hitler and Franz Kutschera Gestopo side of Maria Kutschera.

This as fed by the fact I Edward Paul Donegan am alt right. It is likely a FBI program labeling the alt rights as mentally ill wanted to track the Kutschera side of Glorian and Edward but that is really a sham premise when you look at the much wider sampling of who has Borderline I think Rosemary Kennedy who was given a botched lobotomy included.

A lobotomy, or leucotomy, is a form of neurosurgical treatment for psychiatric disorder or neurological disorder (e.g. epilepsy) that involves severing connections in the brain's prefrontal cortex.[2] The surgery causes most of the connections to and from the prefrontal cortex, the anterior part of the frontal lobes of the brain, to be severed.

The purpose of the operation was to reduce the symptoms of mental disorders, and it was recognized that this was accomplished at the expense of a person's personality and

intellect. British psychiatrist Maurice Partridge, who conducted a follow-up study of 300 patients, said that the treatment achieved its effects by “reducing the complexity of psychic life”. Following the operation, spontaneity, responsiveness, self-awareness, and self-control were reduced. The activity was replaced by inertia, and people were mostly left emotionally blunted and restricted in their intellectual range.

James Paul Donegan USAF from Dorchester Massachusetts likely new the Kennedy's and the CIA and US Army had with under ground presybytarian or other groups along the way Vatican included helped getting Glorian and others out likely Mariln Monroe too.

When it came time for Regime Change Glorian was thought to be a good choice daughter of Maria Von Trapp and wanted her eggs to grooming England and USA backed sleepers Barrack Obama Jr being one of them and Malcom X a nice new friend of Saudia Arabia a perfect part of Dean Rusks plan.

James Paul Donegan was part of the atomic bombing of Japan and his brother Happy Donegan likely part of the Happy Valley atomic development work as well.

Robert William Donegan Bob was born in Dorchester (as his also Roman Catholic brother James Paul Donegan father of Edward Paul Donegan and also the Kennedy family] and attended schools in Dorchester and South Boston. He joined the Coast Guard at the end of WWII and upon completion of service attended and graduated from Bentley College. He worked many years in private industry in accounting and financial management. At the end of his career he worked for the Mass Rehab Commission, retiring in 1982. Together, Bob and his wife Helen raised their family in Scituate and later retired to Marshfield. Bob was an avid reader with a passion for history, sports and politics. His sense of humor and his endless enthusiasm, pride and unwavering support for his friends and his family members will be remembered fondly and missed greatly. OCTOBER 30, 1928 - FEBRUARY 3, 2016

The Plymouth area where I grew up and the Donegans and Kennedy's are from include both Plymouth Rock and the landing of the Mayflower AND the revolution the colonies waged from Boston against England and are a permanent part of the collective memory of the Kennedy's and Donegans from 1961 on.

Again, my father James Paul Donegan in WWII was part of the air wing that dropped the Hiroshima and Nagasaki bombs, events in history the Kennedy Family might have been familiar with that involved their neigbhors and fellows from St. Aidans' Church in Boston were the Kennedy's and Donegans went to church.

What I knew of him from family gatherings is he worked on annealing, the process of protecting nuclear containment materials from decay as the are exposed to free atomic particle bombardment.

James Paul Donegan was exposed to DNA tests and Glorian likely was as well. It is likely this is how the sleepers were created.

Ed Donegan has met with harassment in his life and reproducitivity and the legitimacy of him is a threat to those who trespassed against the Donegan family and those include the FBI and CIA families like the Burns family, Bush family, Barr family, and Wray and Mueller families who keep control of the espionage agencies that killed Kennedy over this very program.

Jen Moore studying Borderline likely with Tom Donegan and Mark Wierness likely had the stolen photos and proved that story to Jen Moore.

Here is Jen Moore talking as she points her camera at Edward and Glorian's home not far from the Clarendon once home of Tom Donegan and Mark Weirness who DID have the pictures Jen Moore referred to that proved the identities.

This was Pizzagat blackmail ring based in alleged pedophilia or teenphelia wherein Ed Donegan is made to look like a pedaphile because the order of pizza or cheeseburger or other items of his diet are wrongly linked to abusing children, and females under 18 are placed around myself.

The Money Laundering scheme has government support and has destroyed Ed Donegan's life and further his reputation since the Hispanic and other immigrant families treating like a pedophile in a public way desroy his reputation as per his sexual orientation as well as his tolerance for non-whites and immigrants, becoming programmed to resent, distrust, and even act out against them. I think it unjust to be made a racial abuse victim by a program alleging I harmed at risk immigrants and others who find false allegations against me politically gainful as well as profitable.

This has a connection witih British use of Genome in conjuction with the CIA during atomic testing rooted in the idea the Donegan genome is experimental and available from the CIA or others with sufficent claim and in the JFK administration first overseeing test births with Glorian Donegan atomic testing drawn samples this became ongoing.

One other piece of history is needed to explain press reluctance to the JFK asssasination theory, the Press.

Colonial Empires can not exist without Publishing Empires, and Joseph Kennedy Sr. and RKO, Howard Hughes, and many other British funded press entities like Disney Studies have long cooperated with British and CIA propaganda needs and that includes ridiculing the press. So I guess fair is fair when I quote this.

PROOF COLUMBIA UNIVERSITY HELPED BRITISH SABOTEURS AND AMERICAN TRAITORS TAKEOVER AMERICA IN 1902

The roots of the C.I.A. are the British Pilgrims Society's MI6 thru Columbia University Law

The official C.I.A. histories are all faked to conjure up American heroes out of demons and disguise its monopolist, warmongering, satanic, eugenicist British origins

Alleged C.I.A. founder William J. Donovan was a mere stooge for J.P. Morgan, Lord Rothschild and John D. Rockefeller who conspired with Columbia University to groom him (1903-07)

The Truth: C.I.A., NSA, FBI, DoD, DOS, SEC, Judiciary and multinational corporate intelligencers are American stooges controlled by the British Empire

Columbia University recruited and groomed William J. Donovan at the inception of the British Pilgrims Society in 1902 to organize American intelligence as a reflected lizard of British intelligence

On Jul. 16, 1902, the British Empire's top "Empire Builders" formed The British Pilgrims Society at the Carlton Hotel, London. They were Privy Councilors, admirals, generals, spies, virologist (Sir Henry Wellcome), Guglielmo Marconi (wireless), bankers (Lord Rothschild), industrialists, lawyers, aristocrats, politicians, publishers and newspapermen.

King Edwards' "Empire Builders" were a notorious mob of over-funded British pirates: bejewelled war lords, war criminals, murderers, royalists, warlocks, blackmailers, seditionists, aristocrats, terrorists, traitors, mercenaries, rapists, devil-worshipers, sodomoists, child molesters, luciferians, satanists, pedophiles, bi-sexuals, rapsts, liars, necromancers, homosexuals, propagandists, blasphemers, abusers, chauvanists, bullies, playboys, dandies, silver spooners, prevaricators, effete snobs ..

Well, you know, the article continues in loaded language “the usual stuff found in MSM Newsrooms.”

The key part of that article is the death of Cecil Rhodes and the Rhodesian policy of open conquest of colonies usning standing armies who openly faught soveriegn governments.

The new policy was propoganda, control of the press, influencing elections, covert operations and subversion, and clandestine assasinations.

The British model of Indirect Rule that is ruling through puppets governers of other nations through whom, who are vessels, the vessels through which Great Brittians ruling authority flows threw, the pupptet the medium.

The British had decided sleepers and propogands supporting sleepers wa the best way to overthrow governments.

The site is called aim4truth.org and its historical research is impeccable but most usable whe joined with other works like Monarch Fighting and the British story of weepy Prince Albert of York a generation later, or the modern struggle to understand Borderline Personality Disorder today. Actually the decscription of the press sounds like it might have been quoted from my father James Paul Donegan.

FIG. 4: KING EDWARD VII PUBLISHED A POSTCARD ENTITLED “KING EDWARD & HIS EMPIRE BUILDERS.” OF THE 16 LIVING BRITS IDENTIFIED, 11 WERE FOUNDING MEMBERS OF THE PILGRIMS SOCIETY ON JUL. 16, 1902. By 1902, the British Pilgrims had evidently already singled out selected American “Robber barons” that they would recruit to their “Empire Building,” many of whom were in Britain for the delayed coronation of Edward VII following the deaths of Queen Victoria and Cecil John Rhodes-their empire building prime mover. We will discuss their names below.

The article and others like it on that site that are highly informative can be found here https://aim4truth.org/2021/06/12/proof-columbia-university-helped-british-saboteurs-and-american-traitors-takeover-america-in-1902/

The deaths of King Edward VII who had Borderline Personality Disorder

It appears three biological children were hidden under false identities in the USA and this was especially important as the 1936 Berlin Olympics increased world exposure to Nazism, Austria was siezed by Germany, and atrocities began with one major event being SS General Franz Kutschera having risen in rank for his propaganda role then assassinated by the Polish Secret Police.

Those biological children one of which was GLorian and her son Edward Paul Donegan myself carry this gene.

When Windsors wanted to groom candidates for sleeper agents it seems MKULTRA and the CIA used Glorian DNA and Prouty, Jen Moore, and others know of this as Donald Barr of the CIA set this up with other CIA operatives.

This plan to insert sleepers in Indonesia and other locations in

plan with Saudi involvement was part of MKULTRA history and Donegan history.

The first part of his report highlights the connections between Barack Obama, Sr. and the CIA-sponsored operations in Kenya to counter rising Soviet and Chinese influence among student circles and, beyond, to create conditions obstructing the

emergence of independent African leaders.

This confirms the article by Col Prouty on Indonesia and Vice President Nixon 1958.]

In Part I of this WMR special report, we revealed the connections between Barack Obama, Sr. and the CIA-affiliated Airlift Africa project to provide college degrees to and gain influence over a group of 280 eastern and southern African students from soon-to-be independent African nations to counter similar programs established by the Soviet Union and China. Barack Obama Sr. was the first African student to attend the University of Hawaii. Obama Sr. and Obama's mother Stanley Ann Dunham met in a Russian language class in 1959 and they married in 1961.

The African airlift program was administered by Kenyan nationalist leader Tom Mboya, a fellow Luo tribe mentor and friend of the senior Obama. According to CIA documents described in Part I, Mboya also served the CIA in ensuring that pro-Soviet and pro-Chinese African nationalists were stymied in their attempt to dominate pan-African nationalist political, student, and labor movements.

One of Mboya's chief opponents was Ghana's first president, Kwame Nkrumah, who was ousted in a CIA-inspired coup in 1966, one year before to Obama Sr's son, Barack Obama, Jr. and his mother joined Lolo Soetoro, an Indonesian who Obama's mother met at the University of Hawaii in 1965, when President Obama was four years old.

In 1967, Obama and his mother joined her husband in Jakarta. In 1965, Lolo Soetoro had been called back from Hawaii by General Suharto to serve as an officer in the Indonesian military to help launch a bloody CIA-backed genocide of Indonesian Communists and

Indonesian Chinese throughout the expansive country. Suharto consolidated his power in 1966, the same year that Barack Obama, Sr.'s friend, Mboya, had helped to rally pro-U.S. pan-African support for the CIA's overthrow of Nkrumah in Ghana in 1966.

CIA links East-West Center, University of Hawaii, and CIA coup against Sukarno and Peace Corps and USAID are listed in the two part articles

Ann Dunham met Soetoro at the East-West Center at the University of Hawaii. The center had long been affiliated with CIA activities in the Asia-Pacific region. In 1965, the year that Dunham met and married Soetoro, the center saw a new chancellor take over. He was Howard P. Jones who served a record seven years, from 1958 to 1965, as U.S. ambassador to Indonesia. Jones was present in Jakarta as Suharto and his CIA-backed military officers planned the 1965 overthrow of Sukarno, who was seen, along with the Indonesian Communist Party (PKI), as allies of China.

When Jones was chancellor of the East-West Center, he wrote an article for the Washington Post, dated October 10, 1965, in which he defended Suharto's overthrow of Sukarno. Jones was "invited" by the Post to comment on the Suharto coup, described as a "counter-coup" against the Communists. Jones charged that Suharto was merely responding to an earlier attempted Communist-led coup against Sukarno launched by Lt. Col. Untung, "a relatively unknown battalion commander in the palace guard."

Jones's article, which mirrored CIA situation reports from the U.S. embassy in Jakarta, continued by stating that the alleged leftist coup on September 30 "came within an inch of succeeding through the assassination of six of the top military command. It might well have succeeded had not Defense Minister Nasution and a

number of other senior generals also marked for assassination acted fast in a dramatic counter-coup." Of course, what Jones did not inform the Post's readers was that the Suharto "counter-coup" had been assisted with the strong help of the CIA.

Now moving on to Title 18 Chapter 73 section 1513 and attacks on Jen Moore and Edward Donegan over the Glorian Donegan and JFK assasination connection.

After first outlining the statute to future readers and those who knew or should have known the statutes I transcribe the statues fore usage here then after that I will fit a 35 plus year fact pattern meeting the statue elements.

I assert Confidential Informants by US Gov have attacked me and Jen Moore violation 1513 of Title 18 Chapter 73 Obstruction of Justice the injustice of smear and false claims and abuse of process and false imprisonments, evictions, other Abuse of Process under false pretenses 011 US Code

The Elder Abuse heaped on Edward Paul Donegan has exposed him to violence and left him in poor health.

The scheme of harassment has also defrauded his trust fund assets and violated the intention of his parents in his being prepared for life's opportunities instead denied to him.

Force Teaming and Extortion are two terms that really mean the same thing and slightly differ from blackmail, another element elsewhere.

An FBI DOJ progam of child porn allegations has destroyed my life but did keeping the USA's secrets motivate the attacks on me?

> WASHINGTON (Reuters) - Attorney General Eric Holder on Friday appointed two chief federal prosecutors to spearhead an investigation into suspected leaks of classified information amid allegations that the White House made the disclosures to boost President Barack Obama's election chances.
>
> Holder said the investigation would be headed by U.S. Attorneys Ronald Machen Jr. of Washington, D.C., and Rod Rosenstein of Maryland, who would be "fully authorized to prosecute criminal violations discovered as a result of their investigation."
>
> "The unauthorized disclosure of classified information can compromise the security of this country and all Americans and it will not be tolerated," Holder said in a

statement.

The secrets, revealed in media stories, have included reports on U.S. cyber warfare against Iran, procedures for targeting militants with drones and the existence of a double agent who penetrated a militant group in Yemen.

The issue has spilled into the presidential campaign, with some Republicans charging the leaks appear calculated to boost the Democratic president's re-election prospects.

But Obama brushed off the allegations at a news conference on Friday where he told reporters he was offended by the charges and would not "play" with security issues.

"The notion that my White House would purposely release classified national security information is offensive," he said. "It's wrong and people I think need to have a better sense of how I approach this office." https://www.reuters.com/article/us-usa-obama-leaks/attorney-general-names-prosecutors-to-probe-leaks-idUSBRE85801B20120609

I had suspected myself targeted by that program from that time but thought it was from blunderous acts of a contractor employee leaking Wells Fargo data center diagrams or similar sieves of information.

Forced Team

Paired with against a person's will the term coming from sexual abuse and harassment where

sexual harassment is made possible by forcing nearness

Extortion

For one thing to be available as it should be independently consented to such as normal access to a public library a forced co-presence of unwelcome activity or alleged victims is imposed.

Money Laundering

Money Laundering occurs when money owned by or earmarked for one person by hidden means is diverted to another by the system of diverting it is sophisticated enough it passes initial inspection for fraud though it is fraudulent. Jen Moore and I assert Black Opps program, an Espionage operation is defrauding my trust fund by making it look like I owe others for sexual or behavioral misconduct. This could be led by Holder, Machen Jr., Rosenstein who were charged by Barrack Obama Jr with preserving the USA's secrets. Destroying my life and getting me into street fights over pedophilia and evicted from my home office over planted damning materials seem par for the course when the FBI DOJ want to destroy a life and a reputation.

Blackmail

Blackmail occurs when one party, say a government operation like police FBI or Marshall's or the press assert they have knowledge of misconduct and set terms for their silence or non actions. Because staged force teaming me with victims make me appear guilty the forgeries of my confessions by a double of me are easily paid out

> from my trust fund and are believed to represent claims I have been willing to settle rather than refute.

Forced teaming me with sexuallized minors makes me look bad and under that assertion of who I am (an abusive allegation being made about me) my trust fund can be defrauded with falsified confessions, confessions that are forgeries I was to blame and Jen Moore and Edward Donegan assert government employees are trafficking their children to be “sold” in a sting operation to a pedophile, true, but that pedophile is not Ed Donegan but is made to seem like the pedophile is Edward Donegan.

Asserting my simple act ordering Pizza or a Cheeseburger is linked to some act of human trafficking is deceitful, but being suggested by the US Government and agencies and agents cooperating with the program.

Some assert this character assult on me is required by my politics. If the Earth were mostly flat and my eyes sharp I might stand in London and look across the Americas, a mighty power, North, Central and South with access to both great oceans and climate and Western civilization commonalized populations. And I might look accross Europe to Moscow and see Europe, and into North Africa and see the rest of the Caucuses all the way surrounding the Mediterranean and then ..

At the Fertile Crescent of the Tigris and the Euphrates I see our rise of civilization. I see a pinpoint of the Holy Lands and the Near East and Far East and I see below the Sahara Sub Saharan Africa.

I have felt the geographical view from London is our Western Civilization and I trace that as politically moving to republics and the sovereign Nation State from Kingdoms.

Called the Occident by some, it is European history and I have

felt in the discussion of home grown terrorism Sub Saharan Africans have for a large variety of reasons have represented an immigration stress and part of that has been geographical, geopolitical, and even Herstein and Murry beliefs on asa group lower IQ averages. While some view the racial theory as 1990s archaic it should not be too controversial.

True Pundit founder Mike “Thomas Paine” Moore (not Micheal Moore) says that Citi loaned Epstein of the VI Brain Foundation more $100 million, allowing him to make thousands of wire transfers from the bank.

Bowers was previously the chief of Deutsche Bank’s Private Wealth Management division in New York City. At Citi, he was chief of The Citi Private Bank and also ran Citigroup’s Global Markets and Wealth Management businesses.

“The [irregular] loans to Epstein were personal and commercial,” True Pundit founder Mike “Thomas Paine” Moore said. “The Citi loans I can confirm were for more than $25 million. Some were secured, some were not.” Moore previously ran an anti-money laundering for Citigroup.

SWAT-clad FBI agents stormed into Mike “Thomas Paine” Moore’s home and terrorized his wife and young children at gunpoint after rousting them out of bed. Not once, but twice, pointing automatic weapons at the family. Historic, costly blunders for the FBI.

[Jen Moore offered to make coffee for the FBI Agents according to Micheal Moore]

In response Paine assembled his journalism crew of former feds, launched True Pundit and literally dismantled the FBI in less than two years with pens and laptops while working from home, often in pajamas.

While the mainstream media ignored a corrupt FBI, DOJ,

Paine and cohorts hammered away and knocked the FBI off its trusted public mantle. Revered FBI leaders were fired. Others quit. FBI officials, targeted by True Pundit's hard-hitting reporting, are now targets of numerous federal investigations. A fitting irony after the FBI - whom Paine worked for - came into his home with M4 rifles drawn on his young kids and wife. Twice. Then, the FBI went on a rampage to ruin his Fortune 100 career at Citi and even prevented him from attending his mother's funeral.

hat did Paine know that terrified the Deep State and prompted FBI agents to stoop so low as to literally terrorize an 8-year-old and 12-year-old? And Paine's wife? Paine tells it all here - revealing he was investigating Intel that the FBI, CIA and White House were covering up evidence that Osama bin Laden was living and running al Qaeda from Iran after 9/11. Paine reveals his True Identity: Loeb Award-winning and Pulitzer nominated newspaper reporter and Intel expert Mike Moore.

In the United States of America and other places in the world Gang Stalking (or Decomposition of a person by covert sabotouge) is the less dignified version of being devoured by wild animals, little removed from the ordinary events of Nature.

Organized Stalker use access available to police or business owners who have malicious intent towards a person to smear that person with sham investigations, sham allegations, entrapment into larks that will be said some other time to have been non-joking conduct, tricked into use of an ambiguous phrase by a huckster, etc., and the frame jobs paid actors and fraudsters and rumor mongers can do as intended goals of harassment are extreme distress in the Stalked person and perhaps others believing the smears created about the Stalked person incited to cancel housing leases, vet the person from opportunities in secret black-ballings, or perhaps be incited to or incite others to street fighting as payback over the rumors Stalkers can create in sham investigations launced against those who have broken no laws, etcv., but big whigs find to be a threat.

One of the best descriptions of the Gang Stalk I have seen was in Digital Fortress by Dan Brown about the NSA trying to ostracize and isolate an NSA leaker from access to hacker communities by going under cover on message boards and destroying his credibility and keeping him in abusive trolling fights, how Stalking works.

Who knows what was really thought of Veronica Hoffman or what kind of activities harassers of her were engaging in, I am sure it was unfair bullying and she was having a hard time defending herself that she WAS being stalked.

Stalk methodology often uses launching Dupes from the prison snitch community or those simply paid off to be the hands on attackers of stalked persons while the intelligence agencies organizing the stalk hide themselves and their motives for destroying lives.

Competing for the best description but having already one Best Reason for GangStalks is Erik Carlson who had detailed history of use of Stalkers and the need for corrupt high level elites to impeach and destroy some threat who unless first destroyed might be a political or even legal threat, if a the Stalked person had achived the standing to be credible against the highest of statesment, the Elites Jen Moore said were targeting people like herself who knew too much and the Elites feared.

COINTELPRO CIA PROGRAMS

Regardless of its [an earlier FBI document] exact authorship, this is an extremely important document that should be read and understood by all “targets.” Clearly, this is a manual for psychological warfare that presents the methods by which an extremely complex military-secret service hierarchy surveilles, punishes, “neutralizes” and ultimately murders its designated “targets.” There are obvious comparisons to be made with the CIA’s KUBARK torture manual, which has been employed in Vietnam, Latin America, the Middle East, and indeed, in CIA “black sites”/”extraordinary rendition” centers throughout the entire world. The psy-war system described herein bears a remarkable similarity to the operations and procedures of the U.S. military’s “Fourth Generation Warfare”/”Civil-Military Operations”/”Military Operations Other Than War”/”Unconventional Warfare”/”Asymmetrical Warfare”/”Psychological Warfare” and “Information Warfare” operations as detailed in Rich’s “New World War: Revolutionary Methods For Political Control.” (See Appendices 2 and 3 for a comparison of key terms in each program.) Indeed, the systems are identical.

The remarkable revelation provided here is that modern organized gang stalking operations are identical

> with, or nearly identical with, those used in the FBI's secret COINTELPRO (counter-intelligence program) of the 1950s-1970s, the top-secret "Gladio" and other "Stay Behind Army" operations of Europe between 1950 and 1990, and the destabilization and citizen-elimination operations now being carried out in the name of "counter-terrorism" by the U.S. military in approximately 140 of the world's 195 nations

I Edward Paul Donegan have had Psychiatric Shock Troops stalkers surrounding me for 35 years including pointing rifles at me while they were in plain clothes or uniforms as i walked along the streets of San Francisco and on the phone to my parents who thought i was paranoid

Stalkers surrounding me make hostile abusive gestures abstractly smearing me in preposterous disingenuous ways and I have had to do thinks like try to buy steaks in a store as someone injects contents of a syringe into them through the cellophane.

I have asserted radiololical attack on me (dirty bomb) and DEW attack before they became mainstream news and this in in the available records for decades as also I have written a six thousand page book documenting smear campaign all around me and those I know.

One books is Pillory about cabbage thrown at me, when in fact I have not done wrong, but the appearance is I am being retaliated at,. Not so, often a Dopple of me, a Mimic HAS engage in wrongdoing linked to me to smear me.

I assert Jen Moore and I recognize Donald Barr of the CIA 1950's and the experimental monkey in a White House Photo by Knudsen is tied to the Indonesia plot, was Barrack Obama JR, and Jen Moore and Ed Donegan know this is tied to the Donegans and thus the treat to our lives as witnesses to this.

It is my belief at the two year mark of childhood development I was showing signs of Borderline Personality Disorder and likely Barrack Obama Jr was not, and the decision about what to do about that, who would be CIA backed in the future is what led to the death of JFK as the Brahim wanted Barrack Obama Jr for their already long term plans in place, leaving the Donegan's out in the cold. My father left the church at this time, a church using Cardinal Spellman who backed Nixon in Catholic Gladio around the world as planned with James Jesus Angleton of the CIA.

I have always wanted to be a writer and my home and home offices as well as jobs have been under constant attack by those identifying themselves as DHS, FBI, or CIA and I have believed them and quoted them in law suits against said organizations.

I believe the political appointees at least of those organizations have criminal liabilities going back into time to the cold war and have manufactured pretexts to attack me under or attacked me or others covertly to conceal the attacks

Neuropsychological & Electronic No-Touch Torture Report by Dr. Robert Duncan (used on targeted citizens here in the U.S.) SERE training (Survival, Evasion, Resistance and Escape) MAR 30 2015

The Executive Summary: Neuropsychological and Electronic No-Touch Torture Report Based on "The Torture Memos" and the Senate Intelligence Committee's Declassified "Torture Report"

Perspectives on Enhanced Interrogation Techniques Project Proposals for Google Summer of Code 2015 By Robert Duncan, A.B., S.M., M.B.A., Ph.D.

"The United States is number one in torture since they are currently the world's only superpower." 04/2015

Torture is a horrific topic and most minds will turn away from it because it can't be comprehended that

humans can be motivated, or computer programs can be run to do this to other sentient beings. Just when we believed we were becoming more civilized as a culture, the technology for torture has advanced more than a hundred fold in recent decades.

This summary will get into 'the minds of the dishonorable monsters' of the psychology of torture. Those like Dick Cheney who helped authorize it under certain administrations and regimes of the U.S. government which have been proven to be criminal under U.S. law, treaties, and the International Criminal Court. There are many people involved in the conspiracy and cover-up including General Hayden.

The full report discloses the spectrum of techniques of interrogation and torture used by the U.S. and its allies. The United States government will officially deny the claims of this "no-touch torture report" but in time it will stand firm.

The technologies used are still classified as state secrets and will not be discussed in this summary. The torture methods have been leaked through thousands of American citizens who have survived the no-touch torture programs. The research and testimony has been accumulated since 2002 and merely used as examples but the names of the victims are withheld.

This report will not use skewed, misleading language such as "enhanced interrogation" to describe the torture techniques. Why torture? The CIA claims it works. The assumption is that it works to gain actionable intelligence. Torture is often used for revenge, punishment, interrogation, and behavior modification. In other terms torture is used to remove the continuity of thought to confuse the target to reveal information, erase brain patterns such as values and beliefs, or to break down the human spirit to make them submit and

obey their handlers. The downside of torture is that the countries that do it lose “moral soft power” in world politics. Without due process, over 25% of those reported in the Senate Torture Report were declared innocent. Blowback is always a repercussion of torture. Torture often takes a long time to affect the target from months to years. Torture has shown to be unreliable except for getting false confessions and bad information but the U.S. and its allies are improving on their tactics and techniques.

The purpose of this report is to draw the parallels between physical torture techniques and no-touch torture methods used in secret by governments who possess the technologies that still go on today. This is a brief summary of offensive psychological and information warfare methods using traditional methods and modern cybernetic techniques while exploring hyper-game theory to walk the target to the desired path: leak intelligence, commit assassinations, or change beliefs.

Numerated Torture Methods for Interrogation and Behavior Modification (A comparison between physical and no-touch torture tactics)

1. Induction of Depressive/Manic states

   The idea is to shake up the emotional states of the target because different information can be accessed at each state. Making the target feel despair and helplessness is the objective. This cycle of hope building and then breaking is done in many ways. The techniques between the physical methods and the no-touch technological methods are similar. Speech is very important during this

process of emotional manipulation. Such examples are, “We have imprisoned you without due processes or hope of it. You are indefinitely detained.” Hope building examples include, “Sorry. We have mistaken you for someone else. You will be compensated for false imprisonment and torture.” The main difference between the cybernetic technology and physical is that emotional state clusters can be entrained into the target mind which speeds up the process. The communication is done differently but perceived as human speech. In the no-touch torture methods it is helpful if the target is labeled with mental illness that is being created for discrediting purposes so as not to draw human rights groups’ attention.

2. Memory Erasure

The military and CIA have been researching memory erasing drugs for half a century. The focus of this summary report is on interrogation. Memory erasure is an important technique during interrogation. It is used in combination with sleep deprivation. There are many drugs that have been developed for physical memory erasure. One such interrogation method requires acquiring information from the target while on these drugs and recording the subject. After a sleeping cycle, the interrogator claims that the target has confessed. Of course the target remembers nothing of their conversation. The interrogator will play samples of the subject’s conversation back to them making the subject believe that the interrogator knows more than they do. Similar techniques are used in the

wireless, no-touch torture and interrogation programs. The cybernetic methods of memory erasure have additional purposes. The memory erasure can be used on the cybernetic target to make the target believe people have broken in and moved their belongings. While physical black bag jobs do occur, it is a way to make the target more paranoid.

3. Electricity and Shocks

Pain and fear of death are common tactics during interrogation. Shocking by electricity is a traditional method of torture and exposed in the CIA's secret prisons. Shocking the testicles and nipples are the most common due to their sensitivity. Interestingly, the thousand of interviews of no-touch torture involves "stings" and "shocks" to various parts of their bodies over long durations.

4. Fear and Terror

There are many techniques to induce extreme fear in the target. In physical renditions dogs, power drills, guns, insects, mutilation, blow torches, water boarding, suffocation, mock burials, and mock executions are just a few the United States government have used. Remember that many targets of torture die from the physical effects. It is torture to death.

Let us compare the no-touch torture

methods used to inflict the same terror and mental anguish. In several of these techniques the target needs to hear their handler's voice. This report does not describe the technologies used to broadcast voices to the target at a distance. While the subject can be broadcast mental images to their mind using hypnosis and other suggestions as well as visual entrainments, the more invasive controls of the brain manipulation technologies can be used to entrained the brain's autonomic nervous systems such as not breathing causing the target to not be able to sleep from fear of suffocation equivalent to water boarding. The neural linguistic programming can add fears such as heart attack, stroke, and cancer threats. Even motor cortex mapping can cause twitches in any part of the body. One example used a swift neck movement with a voice transmission, "We are trying to break your neck." Directed energy effects such as Active Denial System can make the target feel that they are on fire indefinitely without the target dying from burns. Maximum pain and torture weapons have been evolving. Every drug effect can be artificially induced into the target mind including those of poisons.

5. Imprisonment and Isolation

Isolation is commonly used as punishment in prisons. Many whistleblowers like Bradley Manning suffer this condition. In soft interrogation it is used to get the target to talk to their interrogator since humans have the need for companionship. In no-touch torture the target is driven from their friends and family using different techniques in order to

isolate them so that the electronic mind control has more effect on their psyche. Like in Guantanamo, the target becomes isolated losing their job and medical care. Part of the method involves slander in their community. They end up on the most part in poverty and paranoid about doctors and other people from false correlations that are purposefully induced into their lives. Isolation is also a form of sensory deprivation which will be discussed later. Days and weeks lose their meaning.

6. Sexually Disturbing Tailored Pornography

The Summary of the Senate Torture Report disclosed the disgusting revelations that in the secret torture prisons the targets were forced to perform homosexual acts on each other against their will and religion in order not to be beaten or killed. This is a common break down tactic of belief systems and the human will. In no-touch torture the techniques are more psychologically specialized for each target. Most common examples include homosexual targets that are forced with voices that are derogatory to their lifestyle and similar mental images. Almost all targets are forced to view child pornography in their minds. And vice versa is true, that heterosexual targets are forced to view homosexual sexual acts like in the secret U.S. torture prisons.

7. Mutilation

Also mentioned in the declassified report on torture was mutilation of the human. Cutting the naked target's penis and scrotum, pulling nails or teeth is common. In no-touch torture mutilation is done by trickery. Let us look at a couple examples. There have been several targets who believed that the microwave hearing effect and other voice induction methods were done by microchips implanted in their teeth or ears. They had all their teeth pulled because they believed it was a technology called bone conductance. Others have poked out their ear drums in the belief they had micro implants in their ears. There are many more examples of trickery used to make the targets mutilate themselves.

8. Personal and Spiritual Defamation

In physical torture the CIA and other groups use propaganda and defamation of character for those they oppose. For detainees they try to disenfranchise the target from their religion. They will defecate on their Bible or Koran for example. They might say, "Why is your God not saving you?" In no touch torture and behavior modification they might try to make an atheist believe in god. It is just a mechanism to alter belief systems for control and experimentation. Perhaps the target may wish to confess their secrets to a "voice of god weapon". Information warfare covers the gamut of electronic communication as well. The government training exercise uses language like "befriend", "infiltrate", "mask/mimic", "ruse", "set-up", "disrupt", "create cognitive stress", "use deception", "ruin business relationships", and "post negative

information on appropriate forums” - in a malicious effort to target bloggers, activists, journalists, social event organizers and anyone else deemed to be a ‘emerging leader’ or voice in the public sphere. 9. Psychological Intimidation

This is a topic for a target at the beginning of the trials and programs. Physical break-ins are common even if the target has an alarm system. The NSA has used stalking of foreign officials in the past for economic gain. The FBI does black bag jobs to invade a home without a warrant. The point is to let the target know they are being watched and to increase their paranoia. The NSA easily hacks all computer systems and causes harm to the victim’s intellectual property and their relationships from that endpoint. In the no touch torture false correlations between pain and a neighbor coming home can be induced.

9. Rape

Rape is a common practice in torture. It causes much psychological trauma. In the United States methods of rape in their military and CIA secret prisons it is often relabeled. It is commonly done by prods but “rectal rehydration” is the more common misnomer. Often they call it forced feeding through the rectum but it is meant to induce psychological scaring and trauma. Several have died from the technique due to rectal bleeding. In no-touch torture the psychological trauma of simulated rape takes on different forms. Using technique often called EEG-heterodyning the targets will receive molestation effects of their genitals. In

men this can be the anus and genitals. Similarly women can be wirelessly raped by the analogous function of perception.

10. Dietary Manipulation, Forced Weakness and Sickness

The idea behind dietary manipulation is to weaken the target. This is easily done in a physical setting but in no-touch the hunger trigger needs to be suppressed. Sometimes a false correlation between eating food and sickness is induced to make the target believe they are being poisoned. However, poisoning is common in physical renditions too.

11. Repetition

Verbal breakdown is most important during interrogations and torture. Obviously speaking the language of the target is necessary. This is why there are interrogators in all languages. Repetition is an important neural linguistic programming interrogation tactic to influence the target mind. During the breakdown process, threats to kill and to torture the target's family or friends are common. Repetitious questioning and breakdown phrases are automated in both the physical and no-touch versions of torture. An interesting technology that is used for no-touch torture is called chatter bots. Chatter bots, an artificial intelligence program, automate much of the repetition so that the interrogators don't drive themselves crazy during the neural linguistic torture and

programming phases. Let us not forget the Chinese Water Torture, a single drop of water on the forehead of the detainee for months. Repetition is a form of torture.

12. Sensitization of Pain Impulses

While the reverse can be obtained, optimizing perceived pain and misery is the objective in torture. Each trauma adds to the overall misery throughout life. Optimization of pain has been studied by the military and intelligence agencies. In the past the CIA has used drugs such as LSD to enhance fear and terror in the subject. Other methods such as hypnosis can increase perceived pain and the power of suggestion such as telling the subject his pinky finger is going to be cut off before it is done. In no-touch torture the same psychological manipulations are exerted. Subliminal and overt suggested are often told to the subject before the directed energy or EEG heterodyning pain inductions in order to maximize their effectiveness.

13. Sensory Overload and Deprivation

Again, this technique of overloading or depriving the human of sensory stimulus is ubiquitous in torture around the world not just in U.S. secret prisons. Torture subjects in the United States have reported the use of repetitive bad music and noise campaigns. An unusual torture technique used in the U.S. secret prisons was of a use of a plastic suit filled with ice while they beat the target.

Ultra bright lights for days on end in the prison and hot/cold temperature changes in the environment are frequent. In no-touch torture, the target's brain is forced to release dopamine which causes pupil dilatation. This acts as a sensory overload. For example the non-lethal microwave weapons research done by a professor in University of Nevada has shown this capability. Body metabolism can be altered with these weapons causing cold and hot flashes. Targets of no-touch torture often hear endless tinnitus.

14. Sexual Humiliation and Lack of Privacy

Often used in common prisons is a lack of privacy. It is both necessity for security and a form of sexual humiliation. Also in prison many people are raped. No-touch torture offers the same sexual humiliation and lack of privacy by using through wall radar, cameras, and EEG visual cloning to let the target know they are being watched. Degrading comments are often used on the no-touch torture subjects while they are naked or in the bathroom.

15. Maximum Sensory Pain Techniques

Basic torture involves brutalization, i.e. physical strikes, kicks in the groin, pepper spray or tear gas, etc. Anything that involves maximum pain is the objective. Amazingly, these same basic tortures can be done wirelessly into the human mind. All forms of sickness have been reported without any real

illness behind the suffering. All suffering can be entrained into the minds of no-touch torture subjects.

16. Sleep Deprivation

This is the number one torture method along with the popularity in the press of water boarding. This is done in every country that uses torture. The United States is number one in torture since they are currently the world's only superpower. A repetitive sleep deprivation cycle is generally done 180 hrs/7.5 days at a time in the physical renditions, or in no-touch torture five days awake and two days of sleep. Sleep deprivation accomplishes the objective of memory loss during interrogation and induces hallucinations which help with the interrogation process. In behavior modification and programming it is necessary too.

17. Stress Positions

Keeping detainees handcuffed above their head and to walls so that they must stand for days is a common ploy in torture. These types of poses are called stress positions. They can be mimicked in no-touch torture. An example of one such trick requires the target to believe they can deflect radar energy using pots or pans and that it is directional. The target is being given an ample amount of pain until their hands and arms are spread apart holding the pans trying to block the signals. They

> must maintain that position in order to get any relief from the torture signals. However the stress position itself is physical torture. Often accompanying this technique are voices saying to the target, “You are doing it to yourself.”

We will finish off this summary of U.S. and its allies’ torture, interrogation, and behavior modification experimentation with ideas of why they are done to the general public and falsely accused detainees. Anyone can be put into these programs. Justice and rule of law does not exist at the highest levels of government. Treaties are worthless because the #1 agreement in the rules of war, a ban against torture, is not obeyed. This creates a more brutal and barbaric society lead by example.

No-touch torture uses the same interrogation tactics as physical interrogations but with some new twists. Techniques such as “Jeff and Mutt” a.k.a. “Good Cop Bad Cop” are used. The bad cop tortures the target and the good cop tries to gain their trust. In mind control, trust games are commonly employed to manipulate the beliefs of the target. Creating hatred of groups through false correlations and deception is a common CIA method of trickery.

In the CIA programs, the target is put through these phases as written in the documentation, “Disorient and confuse the target. Use them for our purposes, and then dispose of them in any way possible.” We can only surmise by our sample set of a thousand people what “dispose” means: prison, suicide, or perhaps a mental hospital. Coercing and torturing people to suicide is very common. Both tactics in physical or no-touch torture involves plausible deniability.

The no-touch interrogations are better than physical rendition techniques for exposing support networks. Traditional NSA tracking of email and phones calls are useful but if the targets are taken into a secret prison they can't contact their networks. In no-touch torture, the target will contact everyone who might help them. Then those relationships can be destroyed to isolate the target. All these techniques rely on the target having a fear of death and pain.

Deception is very important during interrogation. In physical interrogations the targets are often drugged. This creates the confusion necessary to pull off certain trickery. In terrorist interrogations, for example, the CIA uses fake newspapers to make the target believe whatever event they were suspected of plotting had already happened, obviously looking for a confession. Sometimes the government in charge of the torture is looking for a political gain through a false confession. None-the-less false flag operations are commonly used in both forms of torture and interrogation. The trick is to make the target believe another foreign country is doing it to them. In no-touch torture the trick is to make them believe someone related to them is behind their suffering.

Voice transformation and morphing is an interesting technology also used in both physical and wireless interrogations. It is a form of deception used against a target to trick them into believing that they are speaking to real people that they know. It has been used in war to trick generals. Obviously spoofing email and other identities on internet forums can be used in this manner too.

Finally, the topic of human experimentation for improving weapons, torture, interrogation, and social disruption methods will be breached. Most of the techniques mentioned above work most effectively if the target has no SERE training (Survival, Evasion,

Resistance and Escape) or psychological understanding of the methods to influence the human mind. Unfortunately, every sample point in the world's society needs to be studied to improve the weapons systems. This is why many random people are put into the torture and mind control experiments. There are some devious uses of a secret army of remote controlled assassins in every country in the world. The samples must include different education, language, culture, and economic factors.

Obviously, silencing dissidents, oppositions of political parties, and whistleblowers are included in the lists of applications. [of no touch harassment] The most disturbing of the trends in torture is testing and improving it. No-touch torture is much more complex than physical torture.

Jen Moore on money laudering and an illegal COINTELPO system.

Money laundering makes what is criminal look legitmate. Chld abduction or exploition alerts are set off by the State in false flags as explotiable minors surround me. Break-ins also called Black Bag Jobs to my home including falsification of addresses and lease data by covert actors ar the leasing office are among the worst of criminal offenders.

I cite extensive police and fire misconduct in a espionage operation. Conspiracy against Property Rights is a crime and conspiracy against the home and leases of homes one of the most agregious of property crimes, crimes carried out by abusive allegations and misconduct toward myself and my home including abusive neighbors moved so their false allegations in the shared area of proprty named in the lease or along shared walls could be used in sham ways to create a pretext based termination of the lease and bad credit as well as defamtory allegations against me and sexuall abusiv and

harrassing treatment of me.

In the money laundering scheme a fraudster as me confesses to retardation, exploitation of children, misuse of my home as a child abusing treehouse overlooking a park where children play, and developmental retardation.

Blind or decietful conservators of my mother Glorian Donegan's trust fund left for me buys sex educator time for the impersonator of me while also giving that under cover oerator training in glamourous high tech goth life, something the backwards area of Texas and religious hoped for and seemed to created an opporutinuty for manuevering themselves decietfully into a position in my mothers trust fund created in her will.

Violent and sexually addicted popluatons if immigrant neigborhoods utilizing this scheem to re-imburse themsleves for feigned harm to children and protection racket and sex education fees to themsleves as my retarded dopple is given lessons in appreciating oder women rater than minors, and some of these immigrants have found the thrill seaking world of going to glam dommes on Ed Donegan's trust fund a money laundering operation worth any crimimal risk and the assasination of Jen Moore allowed this CIA and FBI operation likely of HUMINT trying to enter Goth world using my trust fund under phony allegations a part of the criminal enterprise she asserted in the CIA and elsewhere.

The South Texas area oF Nueces County was economically drepressed and the imigrant population was delighted to be allowed false and profible allegations against me that yiels illeagl gains in human trafficking.

Jen Moore in her talks seemed to reference when I thought I had met her or crossed paths with her, and whether that was corrrect or not those times are significant to this story. I was filing Freedom of Information Acts requests some poorly formed some not for documents and other information from the National Institute of Health and arrested for harrassing and

annoying phone calls to her I ended up in custody in a Maryland Baltimore area Supermax that held death row inmates and I had been in County detention before and those locations differ from most federal low secucurity prisons at least some. In the ghetto felon custody area of common gangland theives the cell walls ar covered with soft core porn of "bootyliscousness" buttocks photos as ghetto culture. This began to surround me in pubklic life as prison ministry and inner city mobs asserted I needed this bootilicousness to be drawn from the buttocks of their young children. Victimizing their own children was a hate crime against me and my family but someone in some social services area somewhere set this system up of adult modeling as sublimating or redirecting from a desire for young children, a desire I do not have but the FBI does defame people with for political reasons.

I have written the Office of Proffessional Responsibility several times, in some qualitativing pondering the FBI in ways that confuse and even bore myself, and in a different one suspecting some prison ministry hopiong to fund prisoners with no way to restart their lives or get rentals approved because of felon records targed my trust fund to given them victims rights in compenstation and housing.

Roadblocking involves inciting fights and tensioning environments by undercover operatives creating tensioned conflicts often while denying it. Use of what is called "hyper-intimate" references by Stalkers is one method. It is old kidnapping and extortion technique to show a kidnap victim with the daily paper to show the kindapped person is alive and available for release if the ransom is paid. Stalkers prove to the Stalk vicitim they havce intimate knowledge of the stalker and mock and abuse the Stalk victim by fraudulently trying to both refer to abusively tarnishing the person unfairly hopeing the Stalk vicitm will wish to fight over the smear the Stalker is creating, want to right the wrong being done by vieled but clearly defamatory character abuse by vieled cheap shop.

In my case the cheap shots like child porn near me I have NEVER had ANY INTEREST IN is shouted at me as my liability

that I will have to pay-up for to get out of throubel of causing the child to be exploited, and I have likened this to insurance fraud not against a person and trust fund, but agaisnt a building. Arsonist wanting to collect fire insurance hire arsonists to create an events, a fire that fire insurance will have to pay out for.

Creating the appearance I am involved in child exploition is both welfare fraud and provocatuer incitement for me to fight over the staged untrue allegation. I have noted that that is ONE of many comnpletely interchangable and alternating acts to disrupt my library and home office usage. Other tactics have been loud noises, break-ins, turnin of building power intentionaly, foricing building evacuations on staged emergencies from nearby apartments, and many other interchangable tactics called Rough Noise, or disruptive acts.

Subject: Converse Welfare Fraud is still Welfare Fraud and also Racketeering and other High Crimes

To: Rob Hallbach , Melissa Heifetz thearcofnova.org

Glorian Donegan provided an alternative to State Welfare Funds. Under Special Needs Trust Fund rules a privately funded Welfare fund was made available to me for regulated administrators to operate.

Used only for things l like accommodation of disabilities for the disabled, legal, medical and other services rather than being inheritance, she like many

(she hated Paul Ryan's willingess to push Granny in the wheelchair off the cliff) did not trust Social Security to be available or enough and lefft an insurance to it when State services were depleted or not avaialble.

This trust fund is being used for other's retardation, not mine, hiring adult sex workers, etcs., after it is staged I am retarded (socially, sexually, morally and intllectuallly) as I peep at teen girls or younger in a wrongfull conduct way.

I also wrote in a lawsuit after researching trust funds there are Master Trust Funds and Pooled Trusts. A philanhtopist my fund a Master Trust Funds for a class of people such as the homeless or homeless shelter occupants of an area. A Pooled Trust Fund is specific families leaving trust funds only for theirf own surviving family. THough the property rights to funds are bounded by the contribution per family, as liquid assets in single pool for asset management the entire lump sum of all Pooled Trust Funds in one large pool are asset managed as as single pool of money. Use of lawsuits or other actions to defraud me and even my brother Tom to the rights to our family trusts so other families hostile, abusive, ethnically different, and defrauding us can feed of that Glorian Donegan trust fund is both finacial racketeering and ethnic hate. It is even more than that, setting this group of false allegations on me has destroyed me life and encouraged others to ostracisem me from housing, jobs, etc., as a mimic of me confeses to harming children near me (because the person does not know the Gospel and is not saved by Jesus) and this group seeming tied to the Salvation Arm support for homeless sheter families aggrees as me in my identity to fund the victims and go to bootylicous models and learn adult women are a better.

Jen Moore called this Pizzagate as a Deep State program smeared me witih the accusation my normal acts like ordering pizza or cheeseburgers are code words I am a pedophile and thus I seem to prove I am a pedohile when I order Pizza, a

system of harassing me and defrauding me and smearing me in this operation where normal appearances of me in public are rumor mongered to be me acting in an illegal way because the mimic of me IS acting illegally and is mistaken for me, the information Jen Moore gained when I provided Tom Dunham and my own evidence the Mimic of me is in trouble with the law, not me, and receiving sex ed and paying out for damages to victims, not me.

I assert damaging claims and damaging appearances are the harassment of my life in violation of Obstruction of Justice TItle 18 USC Chapter 73 and the use of a dopple of me to cause me reputation damage has left me homeless and without an office, no one will lease to me.

It is possible I have noticed some booty at some time in my life, but I make far better choices that what it appears because I can not control who is photo-boming me to call themselves my porn interest. I do a great deal of photography from long term outdoorsmanship with my father James Paul Donegan Sue Anne his wife, Walt and Lavita, outdoorsmanship friends, and to illustrate my book, as travelogue from my motorcycle journeys, from my desire dating back to the term Web 2.0 and studying multimedia as content development, etc.,

If someone wants to accuse me of having photographic equipment it is an easy accusation to substantiate including multimedia editing software.

Use of Provocateurs to instigate conflicts or altercations that after their start can be resolved against the person who alleges they were throwing a second punch and not the first is part of harassing a victim into bad and ineffective outcomes or conditions.

A typical role of an Agent Provocateur would be the State, the Police, sneak an agent of theirs into a peaceful crowd. The Agent Provocateur engages in illegal acts forming the predicate for police actions against the peaceful crowd but overlooking

the Agent Provocateur.

An agent provocateur (French for “inciting agent”)

is a person who commits or who acts to entice another person to commit an illegal or rash act or falsely implicate them in partaking in an illegal act, so as to ruin the reputation or entice legal action against the target or a group they belong to. They may target any group, such as a peaceful protest or demonstration, a union, a political party or a company.

History and etymology

While the practice is worldwide anciently, modern undercover operations were scaled up in France by Eugène François Vidocq in the early 19th century, and already included use of unlawful tactics against opponents. Later in the same century the police targets included union activists who came to fear plain-clothed policemen (agent de police in French). Hence, the French agent provocateur spread, just as is, to English and German. In accordance with French grammar, the plural form of the term is agents provocateurs.

Common usage

An agent provocateur may be a police officer or a secret agent of police who encourages suspects to carry out a crime under conditions where evidence can be obtained; or who suggests the commission of a crime to another, in hopes they will go along with the suggestion and be convicted of the crime.

A political organization or government may use

agents provocateurs against political opponents. The provocateurs try to incite the opponent to do counter-productive or ineffective acts to foster public disdain or provide a pretext for aggression against the opponent.

Historically, labor spies, hired to infiltrate, monitor, disrupt, or subvert union activities, have used agent provocateur tactics.

Agent provocateur activities raise ethical and legal issues. In common law jurisdictions, the legal concept of entrapment may apply if the main impetus for the crime was the provocateur.

Cruising For A Bruising (idiom) inciting fights)

Acting in a way that is likely to result in punishment or harm. Often shortened colloquially as “cruisin’ for a bruisin’.”

Veiled and disguised abusiveness,threats, and aggression creates tense situations. Tensioning making abusive statements may try to hide them behind alibis but are meant to be offensive, threatening, abusive, or disturbing to the person being abusively treated. This can include racially, abusive, sexually abusive, or other abusive or hostile comments or acts as double entenderes, Also called Conflict Engagement or Roadblocking, creating fight situations out of normal situations with undercover Agent Provocateur obstructing normal conditions inciting conflicts to resolve the situation.

Perving

1. The act of being a pervert

2. Awkwardly staring at someone knowing that they can see you, and yet you continue.

3. Checking someone out who CLEARLY does not reciprocate your interest.

Forced Teaming

A sexual abuse term used to indicate a person did not desire sexual references, imagery, talk, or acts but as a part of some other activity such as office employment was forced into the situation. Often used in conjunction with a another term of art in sexual abuse, Door Closing, where the exit from a forced team is closed such as request to the company to work for a different boss or be placed on a different team.

"Police spying in Los Angeles goes back to the city's Red Squads in the early twentieth century, when powerful trade organizations, seeking to thwart unionization efforts among the city's working class, championed a broadly repressive agenda of police surveillance, wiretapping, and infiltration of organized labor by undercover agents. During the First World War,

police in Los Angeles expanded their focus to include ideological subversion, hunting for radicals and "disloyal" people and groups. By the end of the Sixties, the successor to the LAPD's Red Squad, the Public Disorder Intelligence Division, had gathered some 2 million secret files over the course of fifty years on all manner of legitimate dissenters, from the Wobblies to antipoverty groups to antiwar protesters. In 1970, the P.D.I.D. spied on students and professors at UCLA who were suspected of "conspiratorial activities," and agents provocateurs infiltrated student demonstrations. The target list included political organizations as well as church and social-welfare groups and charities, categorizing suspect individuals as "controversial," "agitator," "anti-establishment," "anti-police," or "engaged in protest." Dossiers were maintained on city-council members and the mayor.

An agent provocateur (French for "inciting agent") is a person who commits or who acts to entice another person to commit an illegal or rash act or falsely implicate them in partaking in an illegal act, so as to ruin the reputation or entice legal action against the target or a group they belong to. They may target any group, such as a peaceful protest or demonstration, a union, a political party or a company.

A Targeted Individual is a person selected from a Decision Matrix (such as that Barack Obama and Jey Johnson ran) of miltary "non lethal" "decomoposition" usually resulting in death from creation of the circumstances of death and are also called "Targeted Assassination" and as Social Control use character assassination as part of the the Targeted Killing conducted by PsyOps military intelligence.

A criticism of Austin Government including Austin Public Library

I have suffered egregious injury and a small portion of that occurred in an unimportant library I stopped by in Austin made famous by its green architecture. The forms of abuse I suffered in the library as symmetrical with the the seriousness of the crimes I allege the Government of committing. In the first matter the library should have known better than any of the activities it undertook in the stalk even without my having provided on the identity and motives of the stalkers tryig to impede my book writing, likely something that does not happen much (book writing) in Austin library much less books of much significance. At times and enjoyably undergrad University of Texas Austin groups come through with exhibits or the libraries select or offer their own but I think my presence just gave them something to latch into. The harassment was a setback and at at time in my life I needed nothing like it.

There is a form of Mens Rea in sentencing laws. Often the concept of aggravated injury is a part of sentencing or criminal definition. In my case the aggravated injuries I think were intended, not simply to profit from my abuse but to cause injury to me through the abuse. I will get more into that later because I think highly placed government interests wished me abused in the library, home, even bedroom, and the library carried out the orders, but until I get to those criminal harassment under color of law motives and actions at the level they occur at defined then getting in arguments in the library is not only counter productive but creates the adverse and carefully provoked hostilities the library wished to define me with.

your actions discredit you and your words.

You discredit what someone says when you choose not to believe it. You can discredit the rumors going around about your boyfriend if you are sure of his love. On a more personal level, you discredit people when you cast their authority or reputation into doubt. If you're running a tough race for class president, your opponent may try to discredit you by talking about your failures or even making up lies about you. But this would be to the discredit of your opponent - his or her own reputation would suffer for this bad behavior.

My position in a normal world and also in the world I am in (a corrupt world) should and does make sense.

First of all what has happened and for emphasis sake I will use at the time of Jen Moore's death or I could go back 30 years before that or the five years since.

In Los Angeles County at the Bay in the walk of Santa Monica, Venice and Manhattan Beach all next to each other a mile or two of beach strip for each Hispanic undocumented (they did say so in this example but it happens so often I will ask readers of this to presume it true) shout in anger "You don't belong here!!" and this after teens were all over the place being gambits, sexualized female minors, who in being exploited and exploited near me form the basis of the discrediting of me, and the victim payments or protection racket payments to immigrant families, criminals, and many others.

For years I exploded in rage saying I belonged, they didn't, and threatened them for the fake image of me they were creating. But I was also creating a fake appearance of me as they were baiting. I have said no background check for any immigrant, build the wall in advance, and full citizenship for all US and undocumenteds all under a fresh start just the same.

If I attack and threaten the race baiters I seem the person those fighting White Supremacy want to be a threat to illegals.

The State should back me against crime and me being assaulted but more so the State wants to look legitimate in harrassing me, and they need me to look violent

In Corpus Christi I looked up how to cope with delusional people. I had had it wrong. I was told when my mother was said to be delusional not to re-inforce the delusion. So I was threating these fakers. I have tried since then not to fight them, but I do try occasionally to call them out as the what exactly they mean when the create ambiguous statements they hope will help defraud and assault me with.

The police are backing the criminals, undocumenteds, and violent pscychotics and racketeers. That would not be

happening except that the allegations these who are protected by society are making against me provide them some cover to do so.

The core scheme to discredit me is that a double of me often using my stolen identity or forged identity others will go along with beats me out to a woman and while with her while tied up confesses to being retarded, a child molester, etc., and then asks his (my) trust fund to payout to keep him out of trouble.

Few would directly in the USA say we don't like tips to Inforwars or web sites or radio programs like that, or right wing views, of criticism of the USA and its belovpoled police or politicians, or the libraries itself and few or openly banned on that basis.

I have cited in law suits Brown V. Socialist Workers Party Campaign Committee a case that reached the US Supreme Court. The Supreme Court ruled finance laws requiring showing who the donors sercet kept the super rich from having the currently elected Congressman, Senator, or President on funing leash, or at least if so that would be public information.

A small party weilding and peddling no governmental power was able to protect donors from public discloure because the small unpopular party needed to rent office space, operate buinsess and poltiical offices, etc., and the donors would be subject to retaliation. A secret donors list for a minor party was not a threat to corruption but disclosing donors was risk of a minor party to communique its thoughts to the public in campaigns, thus the donor disclosure law was relaxed.

In my case publicly and fraudulent treating me as a pedophile on a hunt for children to harm is both noxios to using my work environment an dangerous to my being able to get office space or conditions to use office equipment.

Child abuse planted stories, rumors, or actors are a threat to the First Amendment. It is a toxicity to my current and future

presence in a home or public office and I will show the toxifying of my use of these locations is in lockstep with high ranking officials like Burns, Mueller, Barr, Obama Jr., and others tied to a long term plan for the USA.

HARPYIAI

THE HARPYIAI (Harpies) were the spirits (daimones) of sudden, sharp gusts of wind. They were known as the hounds of Zeus and were despatched by the god to snatch away (harpazô) people and things from the earth. Sudden, mysterious dissappearances were often attributed to the Harpyiai.

The Harpyiai were once sent by Zeus to plague King Phineus of Thrake (Thrace) as punishment for revealing the secrets of the gods. Whenever a plate of food was set before him, the Harpyiai would swoop down and snatch it away, befouling any scraps left behind. When the Argonauts came to visit, the winged Boreades gave chase, and pursued the Harpies to the Strophades Islands, where the goddess Iris commanded them to turn back and leave the storm-spirits unharmed.

The Harpyiai were depicted as winged women, sometimes with ugly faces, or with the lower bodies of birds.

In Greek mythology and Roman mythology, a harpy (plural harpies, Ancient Greek: ἅρπυια, romanized: hárpyia,[1][2] pronounced [hárpyːa]; Latin: harpȳia[citation needed]) is a half-human and half-bird personification of storm winds. They feature in Homeric poems.[3]

Harpies were generally depicted as birds with the heads of maidens, faces pale with hunger and long

> claws on their hands. Roman and Byzantine writers detailed their ugliness.[4] Pottery art depicting the harpies featured beautiful women with wings. Ovid described them as human-vultures.[5]
>
> The most celebrated story in which the harpies play a part is that of King Phineus of Thrace, who was given the gift of prophecy by Zeus. Angry that Phineus gave away the god's secret plan, Zeus punished him by blinding him and putting him on an island with a buffet of food which he could never eat because the harpies always arrived to steal the food out of his hands before he could satisfy his hunger. Later writers add that they either devoured the food themselves, or that they dirtied it by dropping upon it some stinking substance, so as to render it unfit to be eaten.
>
> This continued until the arrival of Jason and the Argonauts.

All sorts intrude on my normal activities and normal spaces for hostile acts towards me expressing I am a predator, retarded, etc.,

I asssert Abuse of Power in the harrassment of my book.

A number of years ago, four or five from 2023, I had been in Austin and did not fall for but documented being the victim of what I will now call Double Unequal Protection Compounded, a scheme in which an already preposterous and fabricated character assassination especially on am emotional or safety subject will be used as a pretext to attack a right the Constitution guarantees and is needed for the liberty of the citizen and protection of the republic the First Amendment being one such right as it applies to safe use of libraries to read and write.

In the Austin Public Library 2022 and 2023 I had warned them I was being harassed by a government program and gave them a copy of my book, not rights to it, and printed paperwork a Long Con was underway.

I was hoping they knew some book distributors, had some contacts, knowledge of the industry such they get refer me to some publishers or lawyers, copywriters, self publish kits, getting your book into APL library guidelines, etc.,

The library refused to respond to me and joined the Stalk of me in that they treated me like a predator as I was elsehere who was in the vicinity of children that were place near me. People cackling at me as though we together (and me in a false sense of security) are laughing about how sexy those young tots are, etc.,

In fact usually a dopple of me will use a camera often a long focus high power lense to photograph a child near me when I have a low power cell phone and might have taken the same shot. Deep fake of various kinds make it look like at the public library, libraries before the Austin Public Library, that I am a peeping tom who and one who prefers children.

Fist of all the children are often Hispanic and from very low income criminal record and immigrant families that were near

me or were move to near me in Corpus Christi. These children were safer around me than their families and for instance when one moved next door to me at 1513 Ocean Drive I let the parents know they could call me if they had some problem getting home late, or some kind of issue came up like their child lost an aparment key come to my door. The parents were rude to me and used their children to stage I was a peeping tom as they did drug, committed crimes, fought violently, etc., and that was not the would be uncle or grandpa neighbor I offered to be.

But making me seem a threat to children at a library is sort of like making the author in the town a bunch of crazy one mile over the speed limit tickets until he can not afford license fees to get to the library anymore.

Smearing me on the collateral issue and saying it is a lateral issue that does mean something allows the library to get away with banning me from the library on the phony allegations because people will back the phony allegations of something else IF doing so allows the phony reason keeping a child molester out to work.

This complex Conspiracy Against Rights is the Office Mob Rumor Mongering designed to destroy office reputations, get people fired from jobs, banned from the library, etc.,

So APL told me they were shutting me down for using my hotplate warmer to put cold compresses on my neck carbuncle. Others plug in coffee pots, etc., but using unequal protection on the warmer plate issue was bolstered by the phony allegation of me stalking children that not true but because believed worked for the hotplate ban.

This “politicaly motivated” smear job at the library left me vulnerable to be evicted on a sham.

I have long quoted, read, and loved Areopagitica and numerous other works of John Milton who also authored

Paradise Lost a Thomas Jefferson favorite and equally as often confused him with Dante Alighieri Italian author of the Italian language work The Divine Comedy that when translated into English is as traumatic to the student reader as John Milton's English language poetry.

Thus I was spared some confusion when I began reading The Best Poems of the English Language from Chaucer through Frost.

Robert Lee Frost was an American poet. His work was initially published in England before it was published in the United States. Wikipedia Born: March 26, 1874, San Francisco, CA

In the Halcyon Coffee shop in downtown Austin and its deco decorations and old typewriter perhaps from the 1920s to 1960s was there, and dry aquarium, perhaps glass ashtray, and a planted false plant casually lifted by this very book about the great English language poets.

> …books are not absolutely dead things, but do contain a potency of life in them to be as active as that soul was whose progeny they are; nay, they do preserve as in a vial the purest efficacy and extraction of that living intellect that bred them. I know they are as lively, and as vigorously productive, as those fabulous dragon's teeth: and being sown up and down, may chance to spring up armed men. And yet, on the other hand, unless wariness be used, as good almost kill a man as kill a good book: who kills a man kills a reasonable creature, God's image; but he who destroys a good book, kills reason itself, kills the image of God, as it were, in the eye.

Often to avoid deeper looks into the context of the larger quote a shorter one is used even more effectively, avoiding

Milton's rhetorical dancing around pagan and protestant and catholic thoughts and quarrels in the very Parliament he was directing his orator in foil to. "*He who kills a man kills a reasonable creature, but he who destroys a good book kills reason itself*".

This is precisly why the likes of Thomas Jefferson to legal minds in the Judiciary continue to quote from and rely on the works of Milton.

Our First Amendment when protecting books protect the Age of Reason and in the Age of Reason self government because our government officials become accountable to the writers exercising their speech rights under the First Amendment to expose deceptions in Government.

Since I was first at the Faulk Austin Public Library years ago and children were all around book carousels, etc., and odd goings on were underway my brother and many others have died and several presidential elections have occurred and terms carried out, with William Pellham Barr as Attorney General among in my mind many other series problems.

I have attempted to reason with the library on Conspiracy Against Rights including the First Amendment right repeatedly to no avail.

I believe the sham abusive treatment of me by its architects using dupes and dirty tricks can and will be finally exposed as hostility towards what the real story of my books is, the Deep State corrupt officials who fear being written about and use sham investigations to stop and undermine those like myself.

Turning again to Areopagitica and the thinking of Milton in returning to Classical Liberalism, Classical Antiquity of the Pagan whose mountain Areopagitica is named after and the value Pagans and others placed on Freedom of Speech.

> And out of those ages, to whose polite wisdom and letters we ow that we are not yet Gothes and Jutlanders, I could name him who from his private house wrote that discourse to the Parlament of Athens, that perswades them to change the forme of Democraty which was then establisht. Such honour was done in those dayes to men who profest the study of wisdome and eloquence, not only in their own Country, but in other Lands, that Cities and Siniories heard them gladly, and with great respect, if they had aught in publick to admonish the State. Thus did Dion Prusæus, a stranger and a privat Orator counsell the Rhodians against a former Edict: and I abound with other like examples, which to set heer would be superfluous. But if from the industry of a life wholly dedicated to studious labours, and those naturall endowments haply not the worst for two and fifty degrees of northern latitude, so much must be derogated, as to count me not equall to any of those who had this priviledge, I would obtain to be thought not so inferior, as your selves are superior to the most of them who receiv'd their counsell: and how farre you excell them, be assur'd, Lords and Commons, there can no greater testimony appear, then when your prudent spirit acknowledges and obeyes the voice of reason from what quarter soever it be heard speaking; and renders ye as willing to repeal any Act of your own setting forth, as any set forth by your Predecessors.

But should we shun some voices over others, our wisdom the guide to the truth and to falsity, that very error all censors rely upon, sufficient wisdom to be the defender of truth by casting out error.

I espouse views the government is the grips of dangerous corruption run by dangerous criminals. To some that makes me a terrorist. To others that makes me a journalist.

I believe the fact pattern in considered shows that the Government interest in harrassing me is the Corrupt Official abusing power of office to undermine my criticism of the corrupt elements of US Government.

Tom Dunham and I have encounted the same pattern of sham investigation sham allegation smear campaign and often times it has intertwined himself and I and itself.

The larger pattern has been faked stage public appearances he and I or we are in child or teen exploitation ring, comments are made to him and I usually publicly but always provocatively (looking for a fight over the allegation) that we ARE part of a child-teen-minors exploitation ring.

Upon he or I pointing obviously acting teen bait for a pedophile trap State actors launch on the fact we have noticed “provocatively dressed minors” and the prophecy is fulfilled he or I are on the prowl for such teens noticing them when they are near.

A behavior control research project was begun in the 1950s, coordinated by the British psychological warfare unit called the Tavistock Institute, with the Scottish Rite Masons, the Central Intelligence Agency, and other British, U.S., Canadian, and United Nations agencies. The project became famous in the 1970s under a CIA code name, “MK-Ultra.” Its notoriety for brainwashing by drugs, hypnosis, electroshock, and other tortures caused many books to be written about the project, and the U.S. Senate conducted hearings which exposed many of its abusive features. President Gerald Ford

appointed a commission headed by Vice President Nelson Rockefeller, to correct the CIA's misconduct. There was a widespread anti-establishment view at the time, that here was the fox appointed to guard the hen house.

The intelligence agencies offered a public rationale for the project: the need to counteract and compete with the mind-control capabilities of the communists. This was largely based on the fact that U.S. personnel held prisoner by the enemy in the Korean War had signed false confessions of crimes, and some had defected to North Korea, the apparent result of brainwashing. The Manchurian Candidate, a 1959 book which was made into a popular movie in 1962, reflected this rationale. It told the story of a communist plot to use a U.S. soldier brainwashed in Manchuria as a zombie-assassin, to kill the leading U.S. presidential candidate. A central theme of MK-Ultra was to attempt to control the human mind in a similar way.

Threatened and accomplished assassination of political leaders has become increasingly frequent in public life since the 1960s. Just since the 1992 election campaign, for example, President Bill Clinton has been the target of at least 15 assassination threats. Many of these would-be killers, and many of the assassins of past years, had been in destructive psychiatric programs, or were members of psychiatrically manipulated cults. The present threats are the more meaningful, in the context of the British-led Whitewater scandal directed against the presidency. It is long past time for a thorough public inquiry into the assassination epidemic, whereby its relationship to the official project to create assassins would be fully explored.

A great obstacle to clear thinking in this area has been the assumption that the U.S. government would not sponsor programs for the murder of American leaders. This logical assumption misses the point, that the

overall project, including “MK-Ultra,” has been foreign-sponsored and anti-American in its purposes. We shall outline here the British background of this deeply criminal enterprise, with its roots in the political and psychiatric movement called eugenics.

1909-13: the buildup to World War I

John D. Rockefeller created the family-run Rockefeller Foundation, in parallel with the birth of the British-inspired Federal Reserve, the Internal Revenue Service, and the Federal Bureau of Investigation. In 1909-13 and subsequent years, Rockefeller transferred blocs of the family-owned Standard Oil Co. worth more than $300 million to the account of the foundation under its trustees who were family members, and their employees. Thus was established a global instrument for radical social change, using American money and British strategy.

John D. Rockefeller had begun his oil business in the 1860s with British capital. The family’s relationship to the British Empire a half-century later was centered in the person of John D.‘s brother William Rockefeller, the president of Standard Oil of New York (later Mobil) and the founder of National City Bank (later Citibank). In 1911, brother William employed, in a private capacity through his elite social club, a high-ranking British secret intelligence service officer named Claude Dansey. As the United States prepared to ally itself in World War I with its old enemy Britain, Dansey personally reorganized the U.S. Army intelligence service into an adjunct of the British secret service. Dansey’s loyal U.S. follower, Gen. Marlborough Churchill (a distant relative of Britain’s Winston Churchill) soon became director of U.S. military intelligence. After World War I, General Churchill headed up the “Black Chamber,” a New York-based espionage group serving the State Department,

the U.S. Army, and private New York financiers loyal to Great Britain. This same General Churchill would soon launch a medical research organization, the Macy Foundation, for the Rockefellers and British intelligence.

1920s: the pre-Hitler era in Germany

The Rockefeller Foundation poured money into the occupied German republic for a medical specialty known as "psychiatric genetics." This field applied to psychiatry the concepts of eugenics (otherwise known as race purification, race hygiene, or race betterment) developed in London's Galton Laboratory and its offshoot Eugenics Societies in England and America. The Rockefeller Foundation created, and foundation executives thenceforth continuously directed, the Kaiser Wilhelm Institute for Psychiatry in Munich (before Rockefeller sponsorship it was known as the Kraepelin Institute), and the Kaiser Wilhelm Institute for Anthropology, Eugenics, and Human Heredity. The Rockefellers' chief in both these institutions was the fascist Swiss psychiatrist Ernst Rudin, assisted by his proteges, Rockefeller functionaries Otmar Freiherr von Verschuer and Franz J. Kallmann. A British medical historian friendly to the Rockefellers recently explained how the family was introduced into this field in Germany [1]: The foundation's "German centers combined the search for organic signs of mental illness with eugenic projects …. The [Kraepelin] institute had initially been endowed with 11 million marks, contributed by Gustav Krupp von Bohlen und Halbach [head of the Krupp steel and arms family] and James Loeb [Paul Warburg's brother-in-law], an expatriate American of the Kuhn- Loeb banking family. Loeb mobilized his American-Jewish friends to support the institute," and they invited the foundation to reorganize and expand the Munich enterprise. Loeb also continued financing the institute.

Loeb's relatives, the Warburgs, owners of Kuhn Loeb bank, were the intimate banking partners of William Rockefeller. Together with him they had set up the Harriman family in big business, using capital supplied by the British royal family's personal banker, Sir Ernst Cassell. The three families, Rockefeller, Warburg, and Harriman, together with British Crown agencies, jointly sponsored much of the social engineering enterprise we shall describe here. The Rockefeller Foundation made an initial grant of $2.5 million in 1925 to the Psychiatric Institute in Munich, gave it $325,000 for a new building in 1928, and continuously sponsored the institute and its Nazi chief Rudin through the Hitler era. The foundation paid for a 1930-35 anthropological survey of the "eugenically worthwhile population" by Nazi eugenicists Rudin, Verschuer, Eugen Fischer, and others.

1950s: MK-Ultra

The outrages perpetrated by Ewen Cameron became the most notorious aspect of the postwar Anglo-American mind-control program. Cameron had trained at the Royal Mental Hospital in Glasgow, under eugenicist Sir David Henderson, and founded the Canadian branch of his friend John R. Rees's World Federation for Mental Health. In the various member countries and subdivisions, these channels of British

intelligence operations are known as the national, provincial, or state Mental Health Associations. Cameron was also elected president of the Canadian, American, and world psychiatric associations. He became famous after the CIA was sued by some survivors of his work-because the CIA had financed the tortures.

Cameron would drug his victims to sleep for weeks on end, waking them daily only to administer violent electric shocks to the brain. He used the British Page-Russell electroconvulsive method, an initial one-second shock, then five to nine additional shocks, administered while the patient was in seizure. But he increased the normal voltage and the number of sequences from one to two or three times per day. Patients lost all or part of their memories, and some lost the ability to control their bodily functions and to speak. At least one patient was reduced almost to a vegetable; then Cameron had the coginitve centers of her brain surgically cut apart, while keeping her alive. Some subjects were deposited permanently in institutions for the hopelessly insane.

For the CIA, Cameron tested the South American poison called curare, which kills a victim while simulating natural heart failure. But Cameron claims to have used it only in non-lethal doses to further immobilize his subjects while they were kept in sensory deprivation tortures for as long as 65 days. Then they would be given lysergic acid diethylamide (LSD) for “programmable” hallucinations. When the subject was sufficiently devastated, Cameron and his assistant, a veteran of the British Royal Signals Corps, would begin “Psychic Driving”: Through a loudspeaker hidden under the pillow, or through unremovable earphones, they would play a tape over and over again to burn certain phrases into what was left of the victim’s memory.

The CIA was found to have financed these horrors, as well as ghastly experiments in other locations, using a

front called the Society for the Study of Human Ecology. (The society gave a grant for a study of the effects of circumcision on young Turkish boys, the grantees to be in Istanbul, studying five to seven year olds and their problems with their genitals. It is claimed that this was intended to give a cover to the CIA front as a real academic organization.)

The question of sponsorship

But the authorship of this enterprise cannot reasonably be assigned to the CIA, per se. Even before we review other agencies' direct involvement, we must understand that the CIA chief during MK-Ultra, Allen Dulles, was thoroughly attached to British Empire geopolitical aims. Introduced to British spies by his uncle Robert Lansing, Woodrow Wilson's secretary of state, Dulles had had a strong personal identification since childhood with the British Secret Intelligence Service.

The Dulles family's upper class-status in America began when ancestor William Dulles arrived in South Carolina from India. With a fortune made in India by providing financial and security services for the British East India Company army, he bought a slave plantation which the family held through the American Civil War. The family's mental life was always that of the British Empire and its American colonial subordinates. Allen Dulles's main corporate activity was as a director of the J. Henry Schroder banking company in London, a prime instrument in Montagu Norman's nazification of Germany. As partners in the Sullivan and Cromwell firm, Allen Dulles and his brother John Foster Dulles represented the Rockefeller-Harriman- Warburg combination, I.G. Farben, and virtully every other Nazi corporate organization that danced on London's marionette strings.

It was disclosed that for MK-Ultra, particularly for the experimental use and distribution of LSD, the CIA operated through another front, the Josiah Macy, Jr. Foundation. But the geometry of the "front" really worked the other way around. The Macy Foundation represented the British psychological warfare executive, as extended into U.S. and related institutions. In the midst of launching MK-Ultra, during 1954-55, the Macy Foundation's medical director Frank Fremont-Smith was president of British General Rees's World Federation of Mental Health. Under Rees as the director, the two together "made a journey to a number of countries in Asia and Africa to establish contacts and seek ways in which the organziation may extend its activities in those regions."

Through official military and intelligence conferences over which it presided, and through various informal and secret operations, the Macy Foundation directed the spread of LSD by U. S. agencies during the 1950s. The Macy Foundation's chief LSD executive, Harold Abramson, was a psychiatric researcher at Columbia University and at the eugenics center in Cold Spring Harbor, Long Island, New York. It was Abramson who first "turned on" Frank Fremont-Smith. Abramson also gave LSD for the first time to British anthropologist Gregory Bateson, sometime husband of Margaret Mead. Then in 1959, Bateson gave LSD to Beat poet Alan Ginsburg at Stanford University, under controlled experimental conditions. Following this, Dr. Leo Hollister at Stanford gave LSD to mental patient turned author Ken Kesey and others, and thus it was said to have spread "out of the CIA's realm."

Masonic `charity'

Other parts of the U.S. government participated in the project exposed as MK-Ultra. The Army Chemical Center

paid for LSD and related drug brainwashing experiments by Dr. Paul Hoch. Along with Nazi eugenics leader Franz Kallmann, Hoch co-directed the research at Columbia University's New York State Psychiatric Institute. Dr. Hoch was a member of the American Eugenics Society, in Kallmann's eugenics cell at the institute. Hoch was simultaneously appointed State Mental Hygiene Commissioner by New York Gov. Averell Harriman, and was reappointed by the next governor, Nelson Rockefeller. Dr. Hoch's forced injections of a mescaline derivative brought about the 1953 death of New York tennis player Harold Blauer. Hoch's colleague Dr. James Cattell later told investigators, "We didn't know whether it was dog piss or what it was we were giving him." When Hoch died, British brain butcher Ewen Cameron directed his funeral.

Dr. Hoch, a Scottish Rite masonic strategist, worked with Dr. Kallman under the direction of Scottish Rite Freemasonry's Field Representative of Research on Dementia Praecox, Dr. Nolan D.C. Lewis, the superintendent of the New York State Psychiatric Institute. As the Ku Klux Klan has been the defining project for the Scottish Rite's Southern Jurisdiction, the Rite's Northern Jurisdiction left its official mark on the world through MK- Ultra-its most important "charity." Much of the psychiatric dirty work, though, has been done inside the Rite's KKK-spawning Southern Jurisdiction, which includes all southern states and everything west of the Mississippi River. Robert Hanna Felix, 33rd degree mason, was a director of the Scottish Rite's psychiatric research. He ran a spectacularly lawless brainwashing establishment.

The exposure of the MK-Ultra scandal revealed that the CIA had funded one Dr. Harris Isbell to carry out barbarous experiments using slave subjects, nearly all of them black drug addicts, at the Addiction Research Center in Lexington, Kentucky. Isbell was the director of

the center from the 1940s until 1963. His boss was masonic master psychiatrist Felix, who founded the National Institute of Mental Health and was NIMH director from 1949 to 1964. The Lexington facility had been Dr. Felix's personal project since he had been its clinical director in the 1930s, and he put it under the jurisdiction of the NIMH. The Felix-Isbell slave experiments involved LSD and a wide variety of other hallucinogens and exotic poisons. In one case, seven prisoners were kept hallucinating on LSD for 77 consecutive days. The torture at Lexington followed the pattern developed by Cameron in Montreal: Drug-induced sleep was interrupted by electroconvulsive shock. Cooperative subjects were rewarded with shots of heroin or any other drug of their choice. And for mental health, the masonic administration encouraged the prisoners to participate in synthetic religious and political cults.

Felix's program was not simply to make humans into controllable beasts, but to decentralize the zombie-manufacturing. A 1993 report to the Scottish Rite Supreme Council by its current psychiatric research director, Steven Matthysse, explains: "Thirty years ago, a massive program began, which has continued unabated to this day: the deinstitutionalization of the mentally ill …. My predecessor as research director of the Schizophrenia Research Program, Dr. Robert H. Felix, 33 Degree, Gourgas medalist and the founding director of the National Institute of Mental Health, was one of the chief architects of this program. 'We are entering a new era,' he wrote, 'of community-centered, comprehensive psychiatric care.' … Dr. Felix predicted that, in 25 years, 'State mental hospitals as we know them would no longer exist.' He was right …. During the years from 1955 to 1992, the state mental hospital census went down by 82%." The strategists of MK-Ultra succeeded in moving the mentally ill out of costly mental hospitals, onto the streets, where they now consitute a large proportion of America's homeless. We

shall now see what kind of “community-centered psychiatric care” these strategists did in fact implement, as Britain’s MK-Ultra poured drugs into the country and worked to fabricate the drug- sex youth culture.

Seymour Solomon Kety was both an executive of the Scottish Rite’s psychiatry experiments, and a Scottish Rite- funded clinical experimenter. He was chief of NIMH clinical sciences from 1957 through 1967, and continued as the NIMH “senior scientist” into the 1990s. A close associate of the Kallmann Nazi-eugenics cell at Columbia, Kety was a national director of the American Eugenics Society, under its 1980s name, the Society for the Study of Social Biology. Kety helped lead the masons’ U.S. agency, the NIMH, beyond the Kentucky experiments, to the brink of Hell.

The official assassination program

The ambiguous rationale for the MK-Ultra program was the search for the Manchurian Candidate: to study, emulate, and counterbalance communist programs which brainwash people who could be dangerous to our national security. These programs were secret, and masses of MK-Ultra records were destroyed. But some aspects of the program’s direct testing have been divulged. CIA executive Morse Allen worked at creating killers under hypnosis on and around Feb. 19, 1954. The CIA planned early in 1954 to hypnotize a man they considered disposable, to get him to make an assassination attempt, be arrested for attempted murder, and be “thereby disposed of.”

A CIA hypnosis study was done by Alden Sears at the University of Minnesota and was moved by Sears to the University of Denver, Colorado.

Sears worked to answer the question, “*Could a*

hypnotist [using stimuli including repetitive traumatic stimuli] induce a totally separate personality?

CIA counterintelligence chief James Jesus Angleton, a leader of the British intelligence faction in the American intelligence community, established three goals for the hypnosis program:

- To induce hypnosis very rapidly in unwitting subjects;
- To create durable amnesia; and
- to implant durable and operationally useful post-hypnotic suggestion.

A test of rapid hypnosis took place in July 1963. The counterintelligence staff in Washington, D.C. asked the CIA station in Mexico City to find a suitable candidate for a rapid induction experiment.

The station proposed a low-level agent, whom the Soviets had apparently doubled. A counterintelligence man flew in from Washington and a hypnotic consultant arrived from California. The experiment was said to have misfired.

According to CIA hypnosis expert Milton Klein, creating a hypnotized “patsy” is easier than making a totally controlled Manchurian Candidate. The patsy can be induced by hypnosis to do things which later show up as circumstantial evidence that will get him falsely

blamed for a crime. Klein has claimed he can create a patsy in three months; a full-scale Manchurian Candidate takes six months.

When I called Elder Law partners in Arlington D.C. about my mother's will the story of the Navyard shooting was just on the news and we spoke of it on the phone.

Per reports from Russian intelligence they same encryption keys were in use detected when Hastings was killed who had reported CIA NSA FBI (and Secret Service around Ed Donegan.) Both tied to the Birther issue I associate with my mother GLorian Donegan and that Hastings was working on.

Here is an article on the forensics but not motive connections these events have.

The Washington Navy Yard shooting occurred on September 16, 2013, when 34-year-old Aaron Alexis fatally shot 12 people and injured three others in a mass shooting at the headquarters of the Naval Sea Systems Command inside the Washington Navy Yard in southeast Washington, D.C. Wikipedia Number of deaths: 13 Location: Washington Navy Yard Date: September 16, 2013 Injuries (nonfatal): 8

By: Sorcha Faal, and as reported to her Western Subscriber

The Main Intelligence Directorate (GRU) is reporting today that signal intelligence analysts (SIGNIT) monitoring CIA-NSA-FBI "encrypted electronic communication traffic" in the United States have linked the 16 September Washington Navy Yard Shooting with the Obama regimes 18 June assassination of award winning American journalist Michael Hastings, and the 25 June ambush on the Los Angles Police Department detectives investigating Hastings's murder.

Aaron Alexis, a lone gunman armed with a shotgun, fatally shot twelve people and injured three others in a mass shooting at the headquarters of the Naval Sea Systems Command (NAVSEA) inside the Washington Navy Yard in Southeast Washington, D.C. this past Monday, this report says.

The attack occurred around 8:20 a.m. EDT, this report continues, in Building 197 with the shooter Alexis being subsequently killed by US local and Federal police forces after what has been described as a "running gun battle."

Hastings, who at the time of his assassination was investigating CIA Director John Brennan, was not under direct GRU electronic surveillance, this report says, but GRU signal intelligence analysts monitoring "routine night flight observations" of a small fleet of ShadowHawks® unmanned drone aircraft at the US Marine Base Camp Pendleton in Southern California during the early morning hours of 18 June, observed that a single ShadowHawk® broke formation and "sped" towards the Los Angeles whereupon it fired upon Hastings vehicle nearing the intersection of Highland and Melrose avenues at around 04:15 PDT destroying it and killing Hastings. [See video of attack HERE]

The GRU further reported that signal analysts monitoring CIA-NSA-FBI “encrypted electronic communication traffic” in the Los Angeles area on 25 June observed a “rapid spike” of “noise” occurring between 0415-0445 Hrs (4:15-4:45AM PSDT) within a 12 block radius of the Hastings “kill zone” identified as North Highland Avenue and Melrose.

At 4:37 AM PDT, this report continues, these same signal analysts reported an “urgent rise” in Los Angeles Police Department (LAPD) emergency radio traffic too.

A comparison of these two anomalous events, this report says, showed that the “common link” between them was the attempted assassination by ambush of two LAPD detectives investigating Hastings death while they were driving into their Wilshire Division police station parking lot on Venice Boulevard, and which was less than 3 km from the Hastings “kill zone.”

Critical to note, this GRU report says, was that after the Hastings assassination, and ambush of the LAPD detectives, signal intelligence analysts were able to “document” the “encrypted electronic signature” used by these believed to be CIA-NSA-FBI assassins should it be used at some future date.

Subsequent to Hastings assassination, this report further states, this same “encrypted electronic signature” was observed occurring two other times …on 7 August in the Newport, Rhode Island region, and on 16 September, in the area surrounding the Washington Navy Yard Shooting.

Curious to note, the GRU says, was that on 7 August, Alexis reported to the Newport Rhode Island Police that he was being threatened by unseen people and feared that “some sort of microwave machine” was penetrating his body, an incident that took place at the exact same

time signals intelligence analysts noticed a “huge spike” of traffic having the exact same “encrypted electronic signature” previously noticed in Los Angles when Hastings was assassinated.

Even more curious, this report continues, was the 16 September observation of this exact same “encrypted electronic signature” that occurred shortly before 8:40 am EDT in the area of the Washington Navy Yard Shooting, and corresponding to when an elite tactical response team of the highly trained US Capitol Police, a force that guards the US Capitol complex, were told to leave the scene by a supervisor instead of aiding local officers in stopping the ongoing massacre.

The USA Today News Service in confirming about why one of the most elite tactical teams in Washington D.C. was ordered to leave the scene of an ongoing mass shooting also noted:

“A Capitol Police watch commander "wouldn't let them go in and stop people from being slaughtered," one officer told the Washington TV station, which is owned by Gannett, USA TODAY's parent company. "We were definitely the closest tactical team in the city," the unidentified officer told the newspaper. "It was at the scene very early on, within a couple of minutes. They were ordered to disengage and turn back. For what reason, we don't know."

With both the Hastings assassination and the Washington Navy Yard Shooting now being linked by the same identifiable “encrypted electronic signature,” this GRU report concludes, it cannot be ruled out that the Obama regime is now employing an “elite hit squad” against both its enemies and for an as yet undetermined domestic agenda.

And in what can only be described as farce meeting

reality, the Obama regimes Department of Homeland Security (DHS), barely 48 hours after this mass shooting tragedy, issued a pre-solicitation order for over 4 million rounds per year of 12 gauge shotgun shells, which is the same type of ammunition used by Alexis in the shotgun he had carved the cryptic sayings “better off this way” and “my ELF weapon” prior to his taking 12 innocent lives.

Hiding in Plain View Gambits Destroy Foundations

Why I assert Veronica Hoffman was assassinated via a trap of her allegations she could not prove to anyone

I Ed Donegan assert this is part of the story of the assassination of John F. Kennedy by the OSS CIA including Donald Bar and the sensitivity to this story by the CIA bolsters my allegation and even in part created my thinking on this matter.

Groupon theory is that James Donegan was born in Orchestrate Massachusetts a Roman Catholic like Honey Fitzgereal, JFKs mother, in immgrant from Republic of Ireland. JFK and James Donegan and Glorian Donegan would be at my birth in Los Angeles. It was a CIA plan. GLorian was already a CIA secret identity birth, and a new generation of the same was being created from the genome of this family line.

But as Jen Moore and Ed Donegan observe there is history to a minor brain defect Minimal Brain Disorder (FOXP2) small collection of clinically observable related cognitive minor flaws like concentration, writing, fine continuous nerve control, executive function, etc.,

A bookend piece on Edward Paul Donegan III my being a descendent of a King Edward via a Rodin sendup called Rheinhold's Affe mit Schädel and a few days after my birthday these two statues in my home, one in the Whitehouse

Some who looks like Donald Barr who wrote on Anthropology and Space Fiction of great realms of royal leaders has an experimental monkey November 23, 1961 in Washington D.C. shown in JKF White House and downloaded from JFK White House Photo Archive

Donald Barr CIA Free Mason with an experimental monkey having a birthday at the White House November 23 1961

In other locations I have zoomed in on it and it appears to be the same statue make as EPD III of the Donegan family bookshelf where the fireplace, bookshelf and sometimes TV in the bookshelf were on the other side of the bathroom wall were at first were two sinks for two children to use (Tom Donegan and Ed Donegan) then further in the toilet and on the far side of the toilet room a door to the patio leading to the backyard the master bedroom the to the next wall over.

Artist Hugo Rheinhold (1853-1900)Rheinhold's most popular sculpture, a reflection on Darwin's theory of evolution, ponders man's superior ability to ask "where do we come from?

According to the story in the Donegan family there was a grandfather of mine who was a dethroned king of some type and some type of numeral aristocrat after that. I had thought in

my youth it was an Irish King from County Donegal Ireland and tied to Northern Ireland and Republic of Ireland changing legal structures.

My mother did come from North Carolina I believe (now) a hidden-identity Maria Kutschera daughter that resulted from Windsor family after 1925 philandering as they studied offspring from generation to generation with new gene-pool and new tests of genetic outcomes and more specific patters of eugenics and determination as to possible early determination of who might be good for the CIA to groom IF these children were in adoptive families or orphanages with parents who were not themselves really parents of their own children as Glorian and James really were parents of me and Tom my brother.

A gambit (from Italian gambetto, the act of tripping someone with the leg to make them fall) is a chess opening in which a player sacrifices material with the aim of achieving a subsequent positional advantage.

The word gambit is also sometimes used to describe similar tactics used by politicians or business people in a struggle with rivals in their respective fields, for example: "The early election was a risky gambit by Theresa May."

The foundations of what the story behind my genome history and OSS CIA history and how it relates to EPD III and the story of some king of origin of that (probably the a Duke) grandfather of mine this the III) is what Veronica Hoffman might have been silenced and discredited over.

The Gambit to undermine something like the story of my family and its genome attacks the legs of the story, the foundations of the story.

Hiding in plain view as non state actors undercover operatives menace and threaten and mock and harass a person, the person being a Targeted Individual. The Targeted Individuals has their leg in the trap that closes on their leg and stops them.

The allegation of bizarre activities fo seemingly normal people can't be proved to third party without very extensive logs, etc., thus when the Targeted Individual response to the harassment they are placed in a mental ward. Another possibility is the menacing stalk of stalkers hiding in plain view by disguising themselves as normal everyday neutral people is that the Stalker may create an incriminating appearance about the Targeted Individual that creates a sense of alarm for the Targeted Individual.

Would the story about this bookend piece be a reason to catch these people in leg irons and a mental ward?

Introducing the people named here as Organized Stalk Victims

The story of my meeting Veronica Hoffman and Tom Dunam grouped together

Veronica Hoffman and Tom Dunham

Los Angeles Dom, Mistress Veronica Takes Her Life - LUKE IS BACK lukeisback.com http://www.lukeisback.com › 2009/08 › la-dom-mistre... Aug 7, 2009 - As Mistress Veronica, she was highly regarded as a pro domme.

At the time Veronica Hoffan committed suicide in a mental ward with "bipolar allegations" it is possible I was in a pscyhward in North Carolina or just released from it asserting I was radiologically attacked and Ted Gunderson was giving interviews and speeches he was being stalked, people were being planted on him, and he was being poisoned by the global elite.

-- Ed Donegan's timeline per Veronica Hoffman, EPD III, and Tom Dunham --

I had been claiming Stalkers and other strange activity in my life (like a Double actually several of them at AOL Time Warner of me) and fired from my job at WElls Fargo I started a beef with sociology since it seemed to be that there was a race-baiting set of affronts to me for some ten years or so and it was really starting to get to me though I spoke to other whites and they did not feel sociology theory a matter of concern to themselves as they

experienced regular life and employment.

I had been going to a goth club Bondage A GoGo in San Francisco and a clique had it in for me but that is usual and fairly common anywhere. I had met one night Veroncia Hoffman who was from Los Angeles and was a clothing designer, cybergoth, dominatrix and overall artist of various arts and had her boyfriend with her at BaGG were we exchanged hellos and each were in the pit or some roped off areas at various times, her I think at some table some Northern California friends were and likely vendors.

At the after party at Mission Control swingers club I talked to her further. She was doing some porn very cyberghoty artsy and looking for some heavyer players and I suggested myself.

I told her at that time I had been fired from my job, was working on a Human Genome dispute with the NIH and my status as having Learning Disabilities and why was i singled out for being white under Whiteness THeory.

Those discussions went along after I moved to Washington D.C. (fearing my plane would be shot down by the CIA as I was led to believe) and when I got to D.C. I continued talking to her but she changed her online persona to a person in swimwear at the pool being peeped at and decided to leave me out and use someone else.

Genome issues and questions were on my mind in 2002 on, just about the time I was meeting her. When I was fired from Wells Fargo in 2001 shortly after September 11 2001 it was a huge dissapointment to my family and me and I was already using drugs again at the time I was fired.

That in several ways was part of it (staying home surfing porn, not leaving out and about in public out of my mind.)

The sequence of being fired was they put me through Sumit Merrit Peralta (Oakland Psychiatric Drug Clinic Hospital) where the diagnosed ADHD. I already knew I had Dyslexia symptoms. They used Wellbutrin the Dopamine level correctivne pharmaceutical intevention as a prefered ADHD treatment for addicts.

My father and mother talked about this by phone for many many hours over several years. As a child I showed symptoms of some dysfuncions like not percieving others behavior when I had dropped a water bottle, and I went to testing and special ed for a few years. After the ADHD testing my father was heart broken. As child they had suggested Ritalin but his philosophy was anti drug and wholism. We both aggreed most stimulants were out, I wanted coffee, he even worried about that but not so much CMS nervous system bolsterin Bupropin to helpt the executive function of the brain. While aproving of this and Wellbutrin/bupropin he agonzied over wether being part of the atomic blast test had injured his own genome passing it on to me.

We agree Tom and me had identical lives, it wasn't nurture, it was nature. I was taking on the issue that I have a particular shape of my snowflike others are different but there are no perfect snowflakes so get over my being white though people were attacking me on that basis from nowhere.

I had talked to most people including all I knew about this and let her (Veronica Hoffman) know I didn't use drugs and was in recovery.

A few years earlier I had download some teens at the beach (not swimming pools) newsgroup bikin images but among many other things I had clicked on. Mostly I like sports fitness body sculpting I had liked since the 1980s and Muscle and fitness. I may have looked like from that one news group with the others i was a teen freak or biking freak. Late teens as a matter of silhouette are not issue for me, nor is bikini offensive to me, but none of that should evern be taken too far as emphasis.

"Junk" appears in many newsgroup feeds including less than teens, occasionally for reason not related to eroticism I would keep a few, especially as it related to sophisticated studio photography or unusual iconography. That is what I think people lept on. AT the same times minors (under age females) photo bombed and and all pictures I attempted to take staring in 1997 or earlier if I had not noticed it.

There were some times women I was dating or Dominatrices I knew had some or partial information on EPD II and anthropology. Domina Athena of San Francisco (founder of Bound) I new and was in the clubs and in her house I was a sub to her and we had gone through that history of Dr Leaky a few times the exact details I forget but may have involved EPD that was somewhat hushed and discouraged but talked about inside the family. Domina Athena would later die of breast cancer. I had known her in the I am guessing mid 1980s.

Tom Dunham

At the time much of this was going on I was also talking with Tom Dunham including the same issues I was talking to everyone esle about. I was bringing women from BaGG to his place, not having my own

private place, now unemployed, and about to go to Virginia where I had lived to live mith my mother who had moved to this city close to Washington D.C. to be close to my brother who was also living in Arlington VA. My mother lived at 850 N. Randolph and from there I continued emailing and talking to Veronica Hoffman but by now she had said no, though almost up to the time I got on the airplace for Arlington VA she she was not committed one way or another.

I was at this time asserting people were near me and said they were CIA and were going to shoot the plane I was on down if I were to go back and live with my mother. Most thought I needed a change in my ADHD medication but I did board the plane and made it Arlington VA without incident.

For several years prior to going to Virginia I had asserted stalkers pointing guns at me, etc., and I had been in the psych ward many times for reporting that, and I still assert Agent Provocateur stalkers tying to by their denials of stalking me look paranoid about their being there.

I suspect MKULTRA Stalkers familiar with OSS CIA history and Donegan genome history have tried to interfere with any story line or information being passed (especially passed credibly) about EPD III.

Blacklisters had smeared my reputation to Veronica Hoffman. Later on she was assassinated with a smear on herself to cover-up that history of her being used in a covert operation the CIA and FBI want to deny exists, Gang Stalks.

This was a problem for me, but if not exagerated by others not too serious a problem. Having been institutionalized and single all of my life I can take

or leave it, and often would if things got icky. I don't bottom feed and I don't choose relative to one or another. If any action feels right I may persue, else not, and that is outside any context.

Part of the complications of that time frame, around 2002-2005 was my family or origin issues. I told my father they were trying to frame me with outlandish misrrepresentions that reversed what was true of most issues of my life. I had told him as he visited me AFTER druge rehab it might be tied to a guy named Marti and what happened in the late 1980's. I had been letting everyone down including my father, flunking out of school he paid so much for in Oregone, and he let me know that cost him a lot out of pocket. I felt a lot of shame about that and loved my family of origin. Later my mother cosigned a Nissan Puslar for me, a sporty looking body of what was a Sentry but with high tech sporty feel and look.

I was behind on payments and felt terrible about it, fired from jobs AFTER flunking out of school then this guy Marti tried to steal it by stealing me keys when I broke up a fight between him and his girlfriend. Late the issue came up when I had been giving him a ride somewhere and he said something that inflamed me about it and I startee threating him, he got more abusive, I started to pull over and he jumped from my car towards his freinds in nearby pickup truck. I was in rage over the car and now thought I was putting more of my family's contributions to me at even greater risk of again being lost. I jumped in the truck after him and in about a 10 second interval had punched him about 10 times. As he curled up I had hit him on the back of his head breaking my hand or wrist. I was 60 days sober and we (Hayward Fellowship) had gone of to Courage To Change convention somewhere in Palm Springs with my arm wrapped up.

That seemed like times gone by but as I was telling my father there were references to it at druge treatment groups that seemed wrong. I never really knew what happened to the guy, Kevin Conner, aka Fuzzy Bunny and I went to look for him later and never found him, we heard he was seen in the area looking confused. The truck had sped away with him in it, me jumping out, never seeing him again. I had told everyone about my burst of rage and that story including drug intake counselors. At one time during the time I knew Veronica there seemned to references to that other than drug rehab and I thought on several occasions I heard the distintive sound of his girlfrinds voice.

As for teen being all around I told him it was not my interest and I was curious about it, one time a teen girflriend of an adult roomate and I were on a mutally agreed ickey course neither of us really wanted she broke it off and I thought great. I had wondered if it was a setup or something that may have excerbated some misunderstanding about teens, and that I really had more "on duty" attitude about this kind of thing, expecting as a good camper, cleaned up as I camped out, kept things safe and wanted to be dependable, the latter few I was failing at though, but still, teens were not my thing and I think he thought that too. It was as I was being fired from Wells Fargo we talked alot, in the building I was almost moving into, Fox Plaza and I reported I was being stalked to him, and he seemed to notice it too.

Part of those conversations as he came out to visit was a recording I made of a team meeting at Wells Fargo to prove I was right and when I listened to it it proved I was wrong. My father and I listened to it together and I was totally missing what at least one team member was telling me. It was part of ADHD it

seems my attention wandering off and missing points I should be hearing.

So with all that going on, simple social stuff was not that big a deal to me and I had a lot on myy mind 2002-2005.

Despite all the trouble I was having before and after that my father still wanted me as his guardian of terminal illness. Should he lose consciousness at any time and be in total loss condition I was to make sure I could find him and having responsibility for the plug coming out of the wall. I don't think he was expecting that to happen, he expected to live a long time, but it was a way we nonberbally expressed our closeness and respect.

Today part my anger is he is being attacked by me being attacked following his death in 2014 and I am openly hoping the law will deal with my assailants, -or the Iranians or Russians will.

Because others like Ted Gunderson, Geral Sosbee, and Veronica Hoffman and Tom Dunham document the same exact things and the evidence is still available I believe these others and assert I am telling the truth too and I also can document it.

Tom Dunham lived near where I lived on Natoma STree and he lived on Langton and we both were in walking's distance of all clubs, Bondage A GoGo, Death Guild, Die Machina, Meat, Bound, and various others or one-offs. He like I had children and inculpating - conjoining suggestive items and statements of others projected onto him as such projections we cast towards me. THe usual methods were used in fact I learned the system when he and I were noticing the same things. A Mob is held with your landlord, boss, etc., without you at it and

during that Office Mob you are not at KOMPROMAT is inserted into the environment. Often additional inserts in to the office or other environment are made undercover and those who have joined the office newly will talk up the KOMPROMAT all done behind the Tarted Individuals back.

Norma Jean

I (Edward Paul Donegan) have read Monroe was harassed into suicide; and more likely was finally murdered by a CIA operative Norman Hodges who was protecting Operation Mongoose from leakers and Monroe was about to tell all.

Here is the history I assert. Marylin Monroe was born in 1926 just a Princess Elizeith was, the daughter of Queen Elizibeth I, Queen Elizibeth I was made famous truing to find speech coaches for her husbald Albert of York who gave a poor speech in 1925. My assertion is Albert of York had numerous out of wedlock proginy just as Edward probably did. FOXP2 gene is very visble in clipped written grammar but not in speaking. This royal family had FOXP2 and wanted it researched out of the view of the public. Joseph Kennedy Sr underlining by business contact to Navy Undersecretary FDR in the early 20th century along with Admiral Halsey took pregnant women into the USA in 1926 at least Maria Kutchera, leaving the convent in Austria pregnant, and having secretive out of wedlock CIA OSS planted children in the USA and who were watched and tested fro the gene early in life including by stress based testing, something akin to heart stress test on a treadmill. This was integrated into Agents of Influence planted into other countries and in the USA, such deep covers the children were planned from parents (famous but hidden) who would use orphanages and fake parents the way

they used Nanies, governers, governesses, and personal assistant to acknowledged offspring.

Alleged parents may include or have actually been biological parents on one side of the family tree aid workers, diplomatists, etc., in other countries thus giving a Agent of Influence a possible future in Kenya, or any other country the birth is registered in.

Monroe's file begins in 1955, the year she made "The Seven-Year Itch," with its familiar subway grating scene, and the year after her eight-month marriage to baseball star Joe DiMaggio.

"Subject's views are very positively and concisely leftist; however, if she is being actively used by the Communist Party, it is not general knowledge among those working with the movement in Los Angeles," a July 1962 entry in Monroe's file states. https://www.cbsnews.com/news/new-data-show-how-closely-fbi-monitored-marilyn-monroe/

Ted Gunderson

Ted Gunderson was in the middle of it all, the JFK administration and the anti-rackets anti-mafia unites RFK was running against people like Marcello, Ruby, Hoffa, and others (most of them mafia left over bootlegging that turned to gambling) that Nixon and LBJ were using as assets for CIA activities including Murder Inc,.

Often the Defense Intelligence Agency and CIA would hid behind front-groups to obfuscated their

connections to crimes and assasinations, groups like Temple of Set that was a Satanist Group forming on its own after leaving from Anthony LeVay's satanist organizations. Called a paraoniod for his beliefs Gunderson had the documents that the CIA,, DIA, and front-groups were one and the same and I have made a study of his works and can confirm his statements.

The CIA, NSA, and FBI did poison and kill him and others like him, and I can confirm those agencies activities are being conducted to hide the elite family's of MKULTRA in assassinations, those families Democrat and Republican though parishioner Roman Catholics of either party are most likely to diverge from the Deep State not all who do diverge are Roman Catholics.

Gene "Chip" Tatum confirms what Gunderson asserted, a very powerful NWO that controls the USA and its media, and that NWO is corrupt, illegal, and conducts assassinations to cover the trail of corruption.

Edward Paul Donegan (myself) assets Gunderson was correct about the CIA assassination of Marilyn Monroe, JFK and RFK, Jeffery McDonald's family, and more. I assert the Donegan's were pressured into being biological offspring used for sleeper agents who now don't want to be be detected or exposed especially since until now the illegal acts of Operation Mongoose and those who ran it have escaped justice and been elected to office or appointed to office instead. Mark Gorton calls this the Quickening of the Cabal, rapidly stepping into the power vacuum the assassinations created.

Sunny Bono Roman Catholic Anti Mafia Palm Springs Congressman

A singing and acting entertainer who was friends with Peter Lawford and stared in at least one movie with him. Peter Lawfored was the brother in law of John F. Kennedy. Patricia Kennedy the sister of John F. Kennedy was married to Peter Lawford. Ed Donegan asserts the Peter Lawford Patricia Kennedy home in Santa Monica JKF was visiting November 18 November 19 1961 is part of Birther Theory and Barrack Obama Jr being born. That plan was hatched by the CIA that was operating since 1951 in Palm Springs, the home of the Mafia and the congressional district of Sunny Bono for Congress. The Bermuda Dunes hotel owned by an asset of the CIA held a meeting between he Mafia and CIA in I think 1962 that the records still exist of - to kill JFK.

Peter Sydney Ernest Lawford was an English-American actor. He was a member of the "Rat Pack" and the brother-in-law of US president John F. Kennedy and senators Robert F. Kennedy and Edward Kennedy. From the 1940's to the 1960's, he was a well-known celebrity and starred in a number of highly acclaimed films. Wikipedia Born: September 7, 1923, London, United Kingdom

William King Harvey, Sam Gold aka Sam Giacanca, Chauncey Marvin Holt, numerous others on the attendee list.

Sonny Bono died in a skiing accident by some reports engineered by thugs or rather the thugs killed Bono and staged the accident the same week a Kennedy died, the same way. Ted Gunderson and Ed Donegan assert these were attempts to preempt witnesses to the JFK assassination.

From Chauncey Holt Book

VO: Here are some of the memo's Chauncey refers to (picture of memo's). These men participated in a meeting held at a small airport between Palm Springs and Indio California, the name: Bermuda Dunes.

CH: For that meeting Peter Licavoli and I flew in from Arizona. Sam Giancana and Johnny Roselli came in from Chicago. William King Harvey came in from Langley. William King Harvey was a legend in the CIA. He was the only member, he was the only CIA-member there, but of course he was the one that was laying out the plans.

VO: Who was William King Harvey?

(picture of William King Harvey in the televised interview)

VO: Chauncey was well aware of his involvement in other CIA operations.

CH: William King Harvey was the head of Taskforce W. That had been renamed, originally, that was a part of ZR/Rifle, an Operation called ZR/Rifle. ZR/Rifle was nothing more than an assassination group, that went around the world assassinating people, and Harvey happened to be the head of ZR/Rifle.

VO: On December 14th 1961 top echelon leaders of the CIA and the mafia met at Bermuda Dunes airport in Palm Springs to discuss ground rules for Operation Mongoose. Chauncey's memo's of that meeting show an Executive Action was planned. Executive Action means assassination. The target: The Beard, Castro.

The ground rules: CIA only, maximum security,

non attributability, plausible denial, need to know basis. Harvey set the tone of the meeting at the Bermuda Dunes airport.

CH: They were going to eliminate the Beard and how was going to be done and just starting as to what personnel they were going to hire. First of all they were trying to decide what cryptonym they were going to use, because they had decided that they would assign a cryptonym to end up in the official CIA-files. AM, normally, operations involving Cuba had an AM-start to their cryptonym.

VO: It is also decided any further discussions about operation Mongoose would be face to face, nothing in writing. The CIA's William King Harvey was clearly in charge.

CH: It was a very short meeting because of the fact that, 20 minutes to an hour, it didn't take very long, I mean, he laid it out in precise terms, but these guys wanted to get out, you know, and take off and uh guys like Giancana and Roselli, they were reluctant to get together, and Licavoli too, these high-ranking mobsters don't like to meet with each other and they rarely do that, so we kept it short and sweet and that was it.

(picture of CIA-memo on televised interview and contained in the book Self Potrait)

VO: An August 14th 1962 inter office CIA-memo from William King Harvey to the Director of Clandestine Operations says in part: "Our contract agents in Miami and in Los Angeles have been assured by me that no reference to this operation appears in our central files."

The Mob Memo of the same meeting also in the

book.

Strict Roman Catholic Dorothy Mae Kilgallen (July 3, 1913 - November 8, 1965) was an American columnist, journalist, and television game show panelist. After spending two semesters at the College of New Rochelle, she started her career shortly before her 18th birthday as a reporter for the Hearst Corporation's New York Evening Journal. In 1938, she began her newspaper column "The Voice of Broadway", which was eventually syndicated to more than 140 papers. In 1950, she became a regular panelist on the television game show What's My Line?, continuing in the role until her death.

Kilgallen's columns featured mostly show business news and gossip, but also ventured into other topics, such as politics and organized crime. She wrote front-page articles for multiple newspapers on the Sam Sheppard trial[3] and, years later, events related to the John F. Kennedy assassination, such as testimony by Jack Ruby.

SONNY Bono, former husband and singing partner of superstar Cher, was clubbed to death by hitmen on the orders of drug and weapons dealers who feared he was going to expose them, a former FBI agent claims.

One possibility the public discussion of forensic evidence would be consistent with is that Bono was bit in the head, died, and face down loaded into a sled which took him to the tree his body was recovered from and during that his own skip parker was blood stained from his being changed from face down to face up in the sled. Tom Donegan of Marshfield and Cape Cod Provincetown and proud Irish person died in a social leftist Methodist church and likley had Rainbow and other church affiliations or affinities but had the oral family history of the Donegan family and or poor Irish Catholic start of James and his mother and father.

He heard the same stories of being in parachute escape machines likely at Edwards Air Force Base and access to ASAF mugs, photos, and other flight history data of James Donegan and is the namesake of Neil Armstrong who broke the sound barrier I think in the X-1 or had similar flight history.

Thomas Neal Donegan, 61, Provincetown's former select board chair retrieved from Wicked Local and copied or modified to here

[image]

Tom Donegan of Provincetown, a member of the Finance Committee and Select Board for six years, from 2012 to 2018- three of those as chairman - passed from this life on July 14 in Manhattan, surrounded by love. His husband, Mark Weinress, and dear friends were by his side. Donegan was 61 years old.

The cause of death was leptomeningeal disease brought on by esophageal cancer.

Donegan moved to Provincetown in 2009 after retiring from AOL. He quickly rolled up his sleeves and became of service, as was his way his entire life. Tom served on the town Finance Committee, becoming its chairman, from 2012 to 2013.

In 2013, he won election to what was then called the Board of Selectmen and was chairman from 2014 to 2016. He easily won reelection to the board in 2016. His chief goals were improving the use of town resources, with a special focus on finding solutions to the affordable housing crisis. Donegan also served on the board of the Provincetown Year-Round Rental Housing Trust.

His close friend and fellow select board member Erik Yingling recalled Donegan's putting in 30 to 40 hours a week on town business. "He treated it like a full time

job," Yingling said in a phone interview Tuesday.

Donegan worked on mental health issues, connecting people with services they needed, affordable housing, and helping the town care for the people who needed help, Yingling said.

"Housing was very important to him," Yingling said. "He worked tirelessly for that to happen. He wasn't afraid to go into battle when it was important."

Yingling considers the town's purchase of Harbor Hill one of Donegan's crowning achievements. "It was like landing three hole-in-ones in a row," he said. "It was expensive. Land court was complicated. We had to go through Town Meeting and a ballot, and we had to get the community on board with the purchase. It was a big uphill battle."

Jay Coburn was a select board member in Truro when Donegan was on the Provincetown Selectman. The two talked regularly about challenges facing the towns and the region.

"A lot of folks would have come to smell the roses and enjoy early retirement," Coburn said in a telephone interview Tuesday. "Not Tom. He cared deeply about this place. He wanted to contribute his experience and expertise. Listening was an important skill for him being able to make a contribution to town. He wasn't just a wash-ashore with solutions. He wanted a deep understanding of the community."

In December 2018, Donegan left his position on both boards to help support his recently widowed mother-in-law in North Carolina. He remained an active member on the board of the Fine Arts Work Center, serving for a time as treasurer, until his death. It was an organization that was very important to him, and he enjoyed meeting FAWC fellows and discussing their work.

Thomas Neal Donegan was born in Los Angeles on Jan. 21, 1960. A year later, his brother Ned was born. (Ned survives him.) The family lived in Manhattan Beach, California, and the San Francisco Bay area, divided by a stint in Marshfield, Massachusetts while Tom was in elementary school.

His father, Jim, was a pilot for Trans World Airlines. His mother, Glorian Gainey, a South Carolina native, was a homemaker and later a real estate agent. The Donegan family used their TWA perquisites to journey all over the world. Donegan was imbued with a lifelong passion for travel, flying, and even airports.

Donegan attended the Head-Royce School in Oakland, California. He enrolled at the George Washington University in Washington, DC, where he majored in political science. He was the ad manager of The GW Hatchet student newspaper and president of the Sigma Chi fraternity chapter, which he steered toward community service. He earned his bachelor's degree in 1983.

But the most important thing that happened to him at GW was meeting Weinress and commencing a lifetime of 38 years together. They were wed on July 27, 2015, a month after the Supreme Court decision legalizing gay marriage, at Saint Mary's church in Provincetown.

St. Mary's rector Rev. Terry Pannell recalled Donegan as an exceptional human being. "Everything he did was to make the world a better place," Pannell said in a telephone interview. "Tom wasn't someone who wore religion on his sleeve; it was something he practiced."

A year after graduation, both Donegan and Weinress began a spiritual program of recovery from alcohol and drugs. They have cherished their continuous sobriety from that date and consider it, along with their 38-year

partnership, as the best thing they've ever done.

The couple lived first in the District of Columbia, before moving in 1999 to Arlington, Virginia. It was there in 2001 that they welcomed for the year a 16-year-old exchange student, Svenja Jaeger from Germany, who considers the men (Tom and Mark) her "American dads." Their close relationship is one of the most important in their lives. And they now get to be the American granddads.

Donegan joined the Baltimore office of the W. B. Doner & Company advertising agency in 1984, rising to the position of account executive. From there, he joined Ullico (Union Labor Life Insurance Company) in Washington, DC, doing in-house marketing.

In August 1990, Donegan and Weinress were attacked and injured in an anti-gay hate crime. Theirs was the first successful case first tried under the District of Columbia's new hate-crimes law. As a result of the experience, Donegan became involved in the newly formed grassroots group GLOV, Gay Men and Lesbians Opposing Violence.

The group provided community safety education and advocated for accountability from the police and media in recognizing and addressing anti-LGBTQ violence. Donegan soon became GLOV's co-chair and was known as the "activist in the suit," since he rarely had time to change out of his daytime business attire before being interviewed by the press, attending public meetings, or making an occasional on-TV news appearance.

After his service with GLOV, and upon his move to Virginia, Donegan became president of Crisis Link, a Virginia-based 24/7 crisis- and suicide-prevention hotline.

According to HISD, Pershing Middle was built in 1928 and was originally located next to West University Elementary off University. In 1949, the school was moved to a new facility at 7000 Braes, which is what you see in these pictures.

A Houston Chronicle caption from 1950 said the $2 million school "greatly relieved the crowded conditions at West University Elementary School." The principal at the time was Clarence Orman.

Not everyone, apparently, was a fan of the school. In August 1958 someone set fire to a classroom annex. Houston fire officials told the Chronicle that there didn't appear to be a link between that and an arson earlier in the month at Spring Branch High School.

The article concluded:

A sign painted, "I hate this school" was found by firemen on one side of the Pershing building, but principal John A. Ratliff said the sign was an old one.

Fawcett did not name long-time lover Ryan O'Neal in her living trust, which she amended in 2007. She left most of her fortune, $4.5 million, to their son Redmond in a trust overseen by her business manager, Richard Francis, under its terms the principal being available only for matters relating to Redmond's health care, while he could collect the interest.[94] She also left $500,000 to her nephew, Gregory Walls; $500,000 to her

father, James Fawcett; and $100,000 to her college boyfriend Gregory Lott. Fawcett left all of her artwork to the University of Texas. When the university received her art collection, one of her Warhol portraits was missing.[60] In 2011, after discovering that O'Neal had retained the portrait, the University of Texas filed suit. O'Neal claimed that Fawcett had given it to him. Lott maintained that Fawcett never gave up ownership of the portrait and that it was her wish to bequeath all her artwork to her alma mater.[60] In December 2013, a Los Angeles court ruled that the portrait belonged to O'Neal.

Over the years Farrah Fawcett, and Randy and Dennis Quaid attended Texas school in the 1949 building.

Farrah Fawcet played in several movies that are similar in storyline to Birther and a little known cognitive bug of sometype I believe is FOXP2 an in my youth it was thought it might have been endconchine system based. She also played in a Nazi hunting movie.

In 1945, Jewel Hilburn (Farrah Fawcett), 39, and her husband Leston (Patrick Bergin), 41, are living in poverty in rural Mississippi, and raising their four children: Raylene (Rachel Skarsten), Burton (Kyle Fairlie), Wilman (Max Morrow), and Annie (Alexis Vandermaelen). All four children were nannied by Jewel's friend and housekeeper, Cathedral (Cicely Tyson). Leston makes a living pulling out pine stumps for the war effort. Cathedral's husband, Nelson (Ardon Bess), and their sons, Sepulchur and Temple, all work for Leston.

The Hilburns discover that Jewel is pregnant, and decide it will be their last child. Cathedral has a premonition and warns Jewel that the child will bring hardship and test her, but that it is God's way of smiling down on Jewel. Some kind of bone problem must have affected the childs hand so it can not write.

Beaudry tells Jewel that Brenda Kay should receive regular injections to strengthen her bones. The injections are expensive, but the Hilburns manage to pay for them, even when times get

tougher after Leston loses his job. The kids sell the vegetables the family grows, Raylene quits school and gets a job, and Jewel takes on sewing work. Meanwhile, Jewel concentrates her attention on caring for Brenda Kay, who survives, but misses developmental milestones. Aged seven, Brenda Kay walks downstairs by herself for the first time. Brenda Kay's constant needs mean Jewel has less time and energy for her older children.

Jewel reads of a "miracle school" [Mc Martin?] in Los Angeles, California, that is reputed to help children like Brenda Kay, and proposes that the family moves there to find work while Brenda Kay attends the school. While Leston considers, Burton decides to go to California immediately to look for work. Brenda Kay, meanwhile, has a couple of near brushes with death.

Jewel has secretly applied to the special school and Brenda Kay has been accepted. To raise money, Jewel secretly starts selling items from her home. Eventually Leston notices and confronts her. After an argument, he agrees to move to California, on condition that they return to Mississippi someday.

Except Raylene, who gets married and stays in Mississippi, the Hilburns relocate to Los Angeles to reunite with Burton, now working at a garage. Leston finds work, and Brenda Kay enrolls in the school, run by director Nathan White. For the first time, Brenda Kay meets other children like herself, and Jewel is not solely responsible for her.

In 1961, Brenda Kay is sixteen. The school has not raised Brenda Kay's attainment, but Leston has a better job, and Jewel works at the school as an assistant. White suggests to Jewel that she must let go of Brenda Kay, as her efforts are holding her daughter back. Keeping her promise to Leston, they return to Mississippi to search for a new house, but Leston realizes that his home is now in Los Angeles, and Mississippi is his past. They return to California and resume their lives. Gradually,

Jewel accepts White's argument that Brenda Kay must be allowed to live her own life. White recommends a group home for adults with Down Syndrome, where Brenda Kay will learn to live independently from Jewel's over-protective care.

The Hilburns leave Brenda Kay at the home with the new friends she has made. Jewel visits her often, but has finally realized the importance of letting her grow by herself.

Subject: abusive COINTELRPO activities victim, a retaliation victim from purported links to phony police staged illegal activities as part of smear campaign against me, illegal police operation and several resultant wrongful deaths that of Jen Moore a former Tracy California police officer and sex crimes investigator who reported on the highly placed shot-caller of the illegal police operation. before her wrongful death though her records do survive survive and name me as a victim and how herself one too.

This has left me homeless and subjec to 24 hour a day street violence yet I have suffiencent income to live in any city normally. Police abuse teams have used shills in management, credit, and leasing offices to fake documents and records sabotaging me, and I am a writer showing FBI and CIA misconudcut, this is real though little known in the USA "Gang Stalking."

> "First fake Ed made wild accusations. Now Ed's old work email used for FB profile of teen."

That is a tweet by Tom Dunham, and old friend of mine from San Francisco California I have a screenshot of that tweet sent November 20 2015. Since then and before an impersonator of me has been used in a very illegal plot to forge confessions of misconducted alleged to me, and even appearing to have been

me, with an illegal COINTELRPO FBI program that has included break-ins, child porn plants, and other illegal activities that are standard opps for the FBI in fights against radicals, espionage operations, and other activities.

Here are some of the tactics used by CointelPro, most of which I Edward Paul Donegan have experienced. This occurs in broad daylight, inside the prison system, inside the ABA, inside psychiatric hospitals, and in libraries, even intrusively into my home or motels or commerce like USPS or UPS or others staging or faking deliveries, switching them out, forging addresses, mixing in drugs and porn, etc., These covert operations I and those I know have been subjected to will be described in my later false arrests and detentions.

"According to Brian Glick, in War at Home, COINTELPRO used a broad array of methods [under-cover across locations of a police harassment victim, including:"

1. Infiltration: Agents and informers did not merely spy on political activists. Their main purpose was to discredit and disrupt. Their very presence served to undermine trust and scare off potential supporters. The FBI and police exploited this fear to smear genuine activists as agents.

2. Psychological Warfare From the Outside: The FBI and police used myriad other "dirty tricks" to undermine progressive movements. They planted false media stories and published bogus leaflets and other publications in the name of targeted groups. *They forged correspondence, sent anonymous letters, and made anonymous telephone calls. They spread misinformation about meetings and events, set up pseudo movement groups run by government*

agents, and manipulated or strong-armed parents, **employers, landlords, school officials** and others to cause trouble for activists.

3. Harassment Through the Legal System: **The FBI and police abused the legal system to harass dissidents and make them appear to be criminals**. Officers of the law *gave perjured testimony and presented fabricated evidence as a pretext for false arrests and wrongful imprisonment*. They discriminatorily enforced tax laws and other government regulations and used conspicuous surveillance, 'investigative' interviews, and grand jury subpoenas **in an effort to intimidate activists and silence their supporters [and silence or discredit critics of FBI and CIA officials]** .

4. Extralegal Force and Violence: **The FBI and police threatened, instigated, and themselves conducted break-ins, vandalism, assaults, and beatings. The object was to frighten dissidents and disrupt their movements**.

   [*All of which Jen Moore and Edward Donegan have suffered and reported, now Jen Moore deceased.]*

   In the case of radical Black and Puerto Rican activists (and later Native Americans), these attacks-including political assassinations-were so extensive, vicious, and calculated that they can accurately be termed a form of official 'terrorism.'".The FBI also conducted "**black bag jobs**" [break-ins or illeal access to home or office to plant or steal of vandalize or search], warrantless surreptitious entries, against the targeted groups and their members. > From its inception, the FBI has operated on the doctrine that the "preliminary stages of organization and preparation" must be frustrated, well before there is any clear and present danger of "revolutionary radicalism."
>
> At its most extreme dimension, political dissidents have been eliminated outright or sent to prison for the rest of their lives. There are quite a number of individuals who have been handled in that fashion. Many more, however, were "neutralized" by intimidation, harassment, discrediting, snitch jacketing, a whole assortment of authoritarian and illegal tactics.
>
> ["Snitch jacketing is a Lockstep of tracker snitches following, harassing, lying about, being a nearby to the victim system of police harassment or police abuse through the use of snitches as proxies.]

I have subjected to COINTELPRO for decades, that tweet from Tom Dunham 8 years ago and hundreds of openly FBI acts since then and fifteen years before it now leave the question "why?"

The first answer that comes to mind now is that I am a writer, my home office has been broken into for theft and evidence plants and I am writing my life story and have been for decades and I am tied to the Kennedy assassinations and the CIA and FBI power-brokers who gained power after that Roman Catholic family fell to assassination.

The FBI before and since the assassinations were an espionage agency who were visibly then involved in the assassination, that much ever more being confirmed and attacks on me from my Dorchester Massachusetts MKULTRA family help the FBI and CIA continue to coverup their roles.

Other tweets from him and other evidence also forensically preserved by an IT worker like myself qualified to do so include Tom Dunham saying his old friend (me) was one of the sharpest people he knew (and he I and he was an IT worker) had noticed the sock puppets of both him and us where retarded, schizophrenic, and seemed interested to and likely to harm children.

The tweet Tom Dunham cited using my name was EDDONEGA at wells fargo, mine was EDDONEGAN. Wells Fargo is a National Bank I had senior Host Based Intrusion Detection (HIDS) team lead responsibly for and later as planned stared and ran the Network Intrusion Detection System (NIDS) for the data centers upon which 1.7 trillion dollars in US currency was accounted for and our banks interconnections to the Department of Treasury and Wire system was interconnected. The documents I wrote (and later had help with) were for the Office of the Comptroller of the Currency of the United States Secret Service who oversees the currency of the USA. My security expertise was partial, the totality of my networking and data processing expertise so extensive I was a good fit for the massive engineering task of creating the networks security structures and overseeing installations.

Tom Dunham's expertise though differing is as extensive.

A *casus belli* is an act or an event that either provokes or is used to justify a war. A casus belli involves direct offenses or threats against the nation declaring the war. -Wikipedia

FBI and assets and agents in collusion with them can and do use snitches and Agent Provocateurs to pick fight, harass, impede, annoy, and disturb or disrupt activities of *Targeted*

Individuals like myself Edward Paul Donegan who is both writing books about the FBI, CIA, and DOD and alleging misconduct tied to MKULTRA and I have been subject to intensely abusive and provocative forms of attack and police harassment.

More than once I have been attacked by prison snitches and other police resources saying pedophile like me won't survive in custody yet I am not one. One or two teen shower cams in about 50 years is about it, and that is probably way under internet standards in what is out there in porn land. But a reputation of that can be used against me when the reputation is generated by a calculating government COINTELPRO government operation with a need to smear me.

I assert the topics I am writing about and deceased Jen Moore was writing about are such sensitive topics and tied to so many other acts of FBI and FBI and government official misconduct that the reasons I have been harassed, those responsible for the harassment, and the purpose of the harassment are transparent.

At a time a break in to my home office removed my PC and TV and DVD player researching my book Christopher Wray was on the cover as I asserts his family and Mueller's family and others were part of the pro British FBI based Cabal.

A collusion has been used of parties to link me as political smear to activities I am not a part of. Viewed as only that it fits a pattern of FBI COINTELPRO activities still used by long discredited, but I think the harassment of me is more deeply rooted and that is tied to my book on the OSS, CIA, and JFK assassination and those that gained and kept power since.

Corrupt law enforcement and non law enforcement counterparts were and are running a Via Executoria scheme, in fraudster terms, Pay Up Or Be Arrested.

As Elder Abuse somewhere a trust fund or blind conservator who openly states roles with the FBI and US Marshall is going

along with paying for false claims against me as part of COINTELRPO, a strange mechanism of defamation, encouraging damaging allegations.

At the time of my mother's death Glorian Donegan her trust fund for me was corrupted into paying off allegations that undermined me, and in fact thusly undermined her (now as of April 27,2023) surviving child. I assert the dangerous conditions and I am living in street fighting knife wielding felons and with no home or safe storage of office equipment my likelihood of success in my expose diminish and that has been the plan, the plan to undermine my life and book writing because my book targets the FBI and CIA as did Jen Moore's works we ourselves are now targeted by police abuse.

The corrupt operation uses staged appearances and forged confessions of what I was doing in parks, libraries, rented apartments, etc., where it is staged I am part of exploiting minors, only caught when a dopple of me is shaken down by police who finally somewhere will catch up with him, chasing the wrong him, who will be said to be me and thus the forged confession of a confronted Edward Paul Donegan complete and good for social sabotouge of Edward Paul Donegan in smear campaigns.

Evidence of this COINTELPRO operation is thorough and convincing.

A foger of confession claims to harm others and is even willing to pay off staged non victims who say they are victims in a police run protection racket that is said to protect areas and people from me after they wrongly assert any of them need protection or need restitution or protection services before I am ostracized.

> **via executoria (latin, term of art, law)**

executorial way

Non-judicial foreclosure under a power of sale clause in a mortgage; more broadly, any non-judicial remedy empowered under a contractual clause or some other instrument

Pay Up Or Be Arrested (grift, fraud, rackets)

Cops approach a person and assert the person's guilt and upon the confrontation demand restitution to an alleged victim or an arrest will occur.

Money Laundering (Term of Art, Finance)

To succeed in depleting or utilizing funds not yours a pretext is made to access the funds not yours. In this case a person claiming to be me approaches a conservancy of mine and says as me he has a debt to others that needs to be paid. It is that person's debt but made to look as though it is my indebtedness.

Grand Parent Scam

In a extra twist, the call a person about to be arrested calls or is called for him is a grandparent. The Grandparent is told the Grandchild faces arrest unless the Grandparent pays out. In this case a Conservancy of mine is being used as the Grandparent, the Trust representing my deceased mother's interest in protecting me.

Records of the settled false allegations of me subvert home and office leasing, jobs, etc.,

As Brian Glick author of The War At Home the FBI often sends adult items to married couples to destroy marriages, plant evidence, in my case send local city people to pretend to be offering me sights of their children and act is if I am a willing person looking for such sights of exploited children.

Many have written about the FBI during J. Edgar Hoover and since and the illegal operations continue.

The first wrongful death I assert in a criminal enterprise operating is Jen Moore. She was found dead in hotel about to disclose the actual name of my mother and me and a long term history tied to OSS and CIA operations before, during, and after WWII, and how very elite names are tied to that history, those in the FBI, CIA,, and governmental positions today.

Today I am seeking justice for her Jen Moore a whistle-blower, Ted Gunderson who was a former FBI agent who worked for with and under JFK and RFK and was assigned to investigate their deaths by the LBJ Whitehouse and FBI, and whistle-blower also deceased, and myself, and many more to be named later.

Let us begin with reality before fiction though fiction is a simulation environment we can relate ideas to.

Jen Moore videos describing my family history and home in Virginia and she was correct as are the records she left.

Jen Moore left his and other content I reference by title. "*Interview on Nazi Germany, MK Ultra, child trafficking*" and "*OSS to CIA, black budgets, Operation Paperclip, & Hidden Identities* about the increasingly declassified history MK Ultra, Mind control, Pedophilia blackmail, secret societies, Jesuits" and is part of the story my family the Donegan family events that history is part of.

Lloyd Austin I am going to quote has traveled to Saudi Arabia and talked within the USA of the need to suppress Conspiracy

Theories including those about Saudi Arabia and its royal family.

In process and in substance this should be alarming and even informative. As a matter of process no government official should ever seek to suppress investigations of conspiracy theories that name government officials, agencies, or governmental actions, and as substance the role of Saudi Arabia in events pertaining to US history and security are vital areas of debate and historical research.

Now to a short comparison with history.

Jen Moore knew of what I call MKULTRA Birther, that we have groomed sleeper agents for leaders and they and their Nazi rescue Free Mason ties don't want to be exposed as Infiltrators.

What I have Jen Moore (former Tracy California police officer and sexual assault case worker) have to tell you is that this set of FBI operations is a Gorky Park (film) type matter so let me remind you of Gorky Park.

> Gorky Park is a 1983 American mystery thriller film based on the book of the same name by Martin Cruz Smith. The film was directed by Michael Apted.
>
> While Lloyd Austin has promised the Saudi Royal Family he will suppress these US Patriot Groups and people like Jen Moore or Obama Dead Pool sites, this information is vital to the USA and must not be suppressed.
>
> > ***Extremism in the ranks***: Shaken by concerns of possible right-wing extremism among the

> troops, Austin on February 5 announced that every unit of the United States military; Active, Reserve, and Guard would be required to stand down within the next 60 days in order to conduct “sensitivity” training. The training would last at least one day and was focused around discussions including the importance of the oath of office; a description of impermissible behaviors; and procedures for reporting suspected, or actual, extremist behaviors.
>
> On FEBRUARY 19, 2021, Austin spoke to Saudi Crown Prince Mohammed bin Salman, saying that “We discussed the continued commitment to the 70-year US-Saudi security partnership, and I’m looking forward to working together to achieve regional security and stability.” Austin expressed support for *Saudi Arabia* in the Iran-Saudi Arabia proxy conflict.

The film stars William Hurt as Arkady Renko, Lee Marvin as Jack Osborne, Joanna Pacula as Irina Asanova, Rikki Fulton as Major Pribluda, Brian Dennehy as William Kirwill, Ian McDiarmid as Professor Andreev, Michael Elphick as Pasha and Ian Bannen as Prosecutor Iamskoy. The plot follows Renko, a Moscow police investigator, on the trail of a gruesome triple murder that leads him into a web of government corruption.

Moscow militsiya officer Arkady Renko is called to the site of three dead bodies - two men and one woman - in a secluded clearing near the Gorky Park ice rink. All have been shot in the chest and their faces and finger tips removed; the two men were also shot in the mouth. Renko becomes anxious when the KGB refuses to take over the investigation. Renko traces the woman's skates to a movie set worker, Irina Asanova, who claims that

> they were stolen. Based on the forensics, the pathologist identifies one young man as a foreigner, likely an American. Renko asks Professor Levi Andreev to reconstruct the faces of the woman and the American man.
>
> At the dacha of Chief Prosecutor Iamskoy, Renko makes the acquaintance of American sable importer Jack Osborne, who is accompanied by Asanova. Renko also crosses paths with William Kirwill, a New York detective who is investigating the disappearance of his brother James.
>
> Renko eventually identifies the victims: James Kirwill and two friends of Asanova. He discovers that they were constructing a chest for Osborne. Renko's suspicion of Osborne mounts following several polite but tense conversations in social settings. When a KGB officer attempts to kill Asanova with an injected overdose, Renko saves her. Nursing her, they become involved romantically although she doesn't entirely trust him.

The story line of Gorky Park continues on from there and like with the Manchurian Candidate art sometimes mirrors life. Jen Moore was like Asanova, she was poised.

Here is the truthful story of Jen Moore.

> Investigative Journalist Jen Moore was found dead in a suburban Washington D.C. hotel room Monday. August 20, 2018, according to police and shocked and distraught friends and colleagues.
>
> Moore died of an apparent seizure. Police are closely investigating the cause of death after former FBI Agent Robyn Gritz, a friend of Moore’s, made inquiries with

> homicide detectives Monday afternoon in Prince Georges County, Maryland. Preliminary reports from police said the death was not the result of suicide.
>
> Moore's body was found by employees at the Country Inn & Suites by Radisson, Washington, D.C. East - in Capitol Heights, Maryland. The investigation is ongoing. An autopsy had not been scheduled as of late Monday.
>
> Moore, an advocate who investigated abused and trafficked children, had been in the process of investigating allegations by a 26-year-old man that - as a young boy - he was sexually assaulted by Bill Clinton and pimped out at private sex parties attended by other D.C. elites.

I Edward Paul Donegan follow carefully what Jen Moore was talking about in her journalism. Sh pointed her camera videos still online on YouTube at the home of my mother and I 850 N. Randolph Arlington Virginia USA and told of the OSS CIA and Vatican history of the Donegan family and assumed identities and changed names since WWII.

My mother and father were a part of that. It ties into the Kennedy assassination where my family is from, Dorchester Boston area and Marshfield Massachusetts Roman Catholics, and Los Angeles where additional Kennedy family and Donegan family activities intersect.

My father was a pilot in the atomic bombing of Japan, the Korean War, and did recon work for the US Military and CIA and also was in Atomic Testing being exposed to radiation at the Las Vegas test site.

The Central Intelligence Agency has run MKULTRA, MIDNIGHT CLIMAX, COINTELPRO, and other programs for many years. It continues today.

I was not in San Francisco or even California when my old friend Tom Dunham sent that tweet. But I have been in Corpus Christi Texas, Austin Texas, and other locations where that same activity has been underway.

It is part of a system of harassment in which novel misconduct is staged in a area like vulnerable female minors are in a park, I am near the park, and a confession is forged by an impersonator of me I took pictures of the young girls at the park, and that information is used to smear me such that on excuses I am excluded from apartments, car buying, etc., and the community grows to fear me.

It is criminal harassment under color of law. Why very powerful FBI and CIA and government officials are using COINTELRPO is part of my story, and why my trust fund is paying out false claims I am harming others is another story to be told because they should defend me and my private trust fund for me and not allow those they find needy to sue me over bogus forged confessions that the double of me agrees to.

I have several legal needs. One is that any conservancy of me not agree to be shaken down by false claims and further that the smear campaign against me stop as well.

This has caused by eviction from housing, etc., and several wrongful deaths in recent years are tied to the illegal acts Jen Moore being one of them.

To members of the press

I am reporting a large scale criminal harassment under color of law scheme that is illegal in motive, in method, and is in furtherance of concealing the realities of the Kennedy assassination to which I am closely connected, perhaps more so than nearly any other person, and is that which puts my life at risk from an illegal police operations seeking to tie me peeping and child abuse and after that to talk it up and recruit lynch mobs of smear campaign incite attacks on me; seemingly, NOT organized by FBI activities when in fact it is COINTELPRO being used illegally against a blogger and writer, myself.

Many (like myself now) who have been witnesses to or have had knowledge about the COINTELPRO JM/WAVE CIA operation that assassinated John F. Kennedy (who was at my birth in Los Angeles November 18-19, 1961) have (like myself) have been the targets of covert activities, sabotage, even attempts on life. These include one of the most closely connected JFK assassination witness to events Robert F. Kennedy who in Los Angeles was learning of the Manchurian Candidate story-line that is in part the story of my CIA connected father and mother and those events in Los Angeles.

I compare myself as very analogous to St Johh Hunt, son of E. Howard Hunt assassin of JFK, or Karyn Holt-Harcourt the daughter of Chauncey Holt, the CIA affiliate who worked with

Murder Inc formed in prohibition (Bugsey Seigal, Myers Lansky) who become contract killers and smugglers in the 1920 abd by 1950's were perfect contractors to the CIA flying with their pilots into and out of Cuba for Casinos arms smuggling and assassination after Castro when the casinos shut down, and in Latin America piloting smuggled weapons in, booze out, officials all around, and conducting hits and working with rebel groups, counter-fitting, forgeries, etc.,

My father and mother (similarly to Karyn Holt-Harcourt and E. Howard Hunt) were part of this history. Flying RECON in the P-51 and F-86 (precursors to the U-2) from Atsugi Airbase where Lee Harvey Oswald worked, and our family (Donegan's - I am the only surviving one) were close friends of the Prouty's in Boston Massachusetts Col Fletcher Prouty who worked with the US Air Force and CIA on these activities under Richard Bissle Jr. for Prouty and others like General Eward Lansdale, and others, the ones fired by John F. Kennedy leading the Hunt, Holt, and others under their bosses to retaliated against JFK over Bay Pigs and other disputes. Very detailed history of my family and the Kennedy's in Irish Roman Catholic Boston miles from each other exists and can be developed further. Despite death threats, break-ins to home office, theft of my records during break-ins, and other CIA FBI activity and legal harassment I continue to write and distribute and further develop the thousands of a pages of public records, family oral history, photographic records, and other branches of this information.

The assassination or harassment of of witness in any matter of criminal justice is illegal under the statues of Obstruction of Justice. If such harassment of witnesses furthers a cover-up of events such as the assassination of the Kennedy's (allowing George H.W. Bush of the CIA and George W. Bush and other officials to consolidate illegal power) than the charge may be treason and subversion and I assert the smear campaign and open violent physical attacks on me are in violation of these laws.

The subsections of US Code Title 18 Chapter 73 can easily be

found online. Robert F. Kennedy's right hand anti mafia ally Ted Gunderson asserted as I and others have highly illegal activities by the Deep State.

Cross Paths of Donegan hidden identities, OSS and CIA, and Kennedy's and Kennedy Assassination

James Donegan and Rose "Honey" Fitzpatrick arrive in Boston same time from Ireland to Boston Roman Catholics

- **Boston Origins** Great Potato Famine and 1800's and then 1920's Roman Catholic Rose Fitzpatrick meets Roman Catholic Boston Politician of South Boston Joseph Kennedy Sr. and future president John (Rose) Fitzpatrick (Joseph Sr.) Kennedy is one of their children. Joseph Kennedy has close tied to England going into WWII. James Donegan flies in WWII P-51 into and after being part of nuclear test blasts (with is brother Happy Donegan) flying with the bomb group of P-51s and B-29s that attacked Hiroshima and Nagasaki. Was part of CIA and US DOD atomic bomb test explosion and exposed to radiation and follow testing. Glorian Donegan had secret OSS CIA Vatican history a refugee of Salzburg Austria Maria Vontrapp impregnated by a philandering Windsor kept secret for many reasons, Maria Kutschera gave birth in North Carolina.

- **In WWII over Europe and England** McNamara and others help England by finding and destroying industrial war machine infrastructure in Europe. Prouty and Donegan fly in similar operations at the same place and will be friends in Boston (where both the Roman Catholic families were from) into mid 1970;s. I will meet and go skating with Prouty;s dining at their home at times, etc., at family get

together though I was very young at the time.

- **Following 1946 into 1953**As Congressman Richard Nixon Souther Californai defense industry and Rockefeller Republic forms Marshall plan post WWII Europe Air Force, CIA, DOD, FBI, others try to gain control of world map using Espionage.

- **1953 Atsugi and Operation Mongoose**Eisenhower Nixon 1953-1961 under VP Nixon and Security Council Prouty leading the way world regime change. Prouty and Donegan at Atsugi with Bissle Jr, plans for CIA world projects, recon, Korean War. John F Kennedy and Jackie wed, James and Glorian Gainey wed, parents of Ed Donegan. Le Harvey Oswald at same base showing later how RECON and RADAR worked to film makers and propagandists

- **1961** Ed Donegan born in Los Angeles County were Edward's Air Force Base and SSFL Labs are. Jim DOnegan part of those USAF activities and regime change. Ed thinks Barrack Obama Jr. planned for Indonesia was part of the Republican plot and is a Birther that Obama Jr was born in Los Angeles.

- **1963** The regime change system had grown out of control, JFK to reveal its use of Mob (Murder Inc in Carribean, elsewhere) and resents Mafia as East-India Tea Company. Chauncey Holt tells all later. JFK assassinated. The plans continue to place CIA projects like Obama Jr. in power around the world controlling the world, Prouty thins so too.

- 1968 **Robert F Kennedy is in Los Angles and assassinated where the Manchurian Candidate story took place** Though from a Boston family I am born in Los Angeles where Air Force officer James Donegan was flying from. This is where JFK had visited at my birth regarding CIA plans and RFK visited and found out about from Don Nixon (former VP Richard Nixon's brother) and John McCOne CIA and Atomic Energy Commission. Robert Kennedy was staying with John Frankenheimer who produced the Manchurian Candidate 1962 that told the Donegan story.

- **2018** Jen Moore is assassinated talking about my family Glorian Donegan our history is tied to Allen Dulles, regime change, OSS and CIA and the assasintion of JFK. Though she is dead now and had death threats as a constant, Ed Donegan picks up her story on this my family and continue to write under names Second Line of Troops (after Jen Moore is slain) and continues the story but also experiences subversion attempts.

The scheme of GangStalk is a psychology one. It is made to appear by forged paperwork, criminal impersonations, and actors under-cover that I am a peeper, child abuser, etc., and this smear campaign continues to grow over time as my reputation declines. Normally a lie might fade over time (a lie about me) but continuous efforts of COINTELPRO just keep the smear going resuscitating and compounding it and using to incite thugs to attack a "known pedophile" or apartments to deny rentals, jobs to fire or not hire, associations to disassociate based on behind the scenes rumers and sham investigations of GangStalk by undercover police in the abuse scheme.

I am asserting as a witness the JFK assassination should be reopened after deathbed confessions and better in depth data analysis (like the Moorman photo) and quote The Men Who Killed Kennedy (a History Channel production) on scree interview that if it can happen to Kennedy that the government covers up his assassination what else will the cover up and who else will it happen to next? I assert it happens to witnesses and I am one. This is story in the information I am transmitting.

I am sending some of this out by text but when I have PDF or other forms of media available allowing photos and screen captures I show Jen Moore showing my house talking about the same CIA OSS background of my family, and its ties to the JFK assassination, Allen Dulles, and others, and I can confirm the written records she had independently and I have know of. She was found dead in a motel after she was threatened with death if she revealed that data as she planned to do as stated she was going to do. I have received those same threats and they are credible.

The police can approach any third party (such as potential employer of a person of interest) and say that person of interest is currently being investigated. The reason the person of interest is being followed by the police may be that the person of interest has derogatory information on a politician, etc., or unpopular politics, or something of value such as valuable intellectual property or other matters corruption in government may seek. These are often called "Non investigatory interest high value targets of FBI surveillance."

Preemption of witnesses by abusive COINTELRPO activities, preemption by targeting a victim- or witness in the criminal justice sphere of events by using carefully staged purported links to illegal activities as part of smear campaign, a sham investigation opened and talked up behind my back,against me, illegal police operation and several resultant wrongful deaths that of Jen Moore a former Tracy California police officer and sex crimes investigator who reported on the highly placed shot-caller of the illegal police operation. before her wrongful death though her records do survive survive and name me as a victim and how herself one too.

> "First fake Ed made wild accusations. Now Ed's old work email used for FB profile of teen."

That is a tweet by Tom Dunham, and old friend of mine from San Francisco California I have a screenshot of that tweet sent November 20 2015. Since then and before an impersonator of me has been used in a very illegal plot to forge confessions of misconducted alleged to me, and even appearing to have been me, with an illegal COINTELRPO FBI program that has included break-ins, child porn plants, and other illegal activities that are standard opps for the FBI in fights against radicals, espionage operations, and other activities.

Here are some of the tactics used by CointelPro, most of which I Edward Paul Donegan have experienced. This occurs in broad daylight, inside the prison system, inside the ABA, inside psychiatric hospitals, and in libraries, even intrusively into my home or motels or commerce like USPS or UPS or others staging or faking deliveries, switching them out, forging addresses, mixing in drugs and porn, etc., These covert operations I and those I know have been subjected to will be described in my later false arrests and detentions.

"According to Brian Glick, in War at Home, COINTELPRO used a broad array of methods [under-cover across locations of a police harassment victim, including:"

1. Infiltration: Agents and informers did not merely spy on political activists. Their main purpose was to discredit and disrupt. Their very presence served to undermine trust and scare off potential supporters. The FBI and police exploited this fear to smear genuine activists as agents.

2. Psychological Warfare From the Outside: The FBI and police used myriad other "dirty tricks" to undermine progressive movements. They planted false media stories and published bogus leaflets and other publications in the name of targeted groups. *They forged correspondence, sent anonymous letters, and made anonymous telephone calls. They spread misinformation about meetings and events, set up pseudo movement groups run by government agents*, and manipulated or strong-armed parents, **employers, landlords, school officials** and others to cause trouble for activists.

3. Harassment Through the Legal System: **The FBI and police abused the legal system to harass dissidents and make them appear to be criminals**. Officers of the law *gave perjured testimony and presented fabricated evidence as a pretext for false arrests and wrongful imprisonment*. They discriminatorily enforced tax laws and other government regulations and used conspicuous surveillance, 'investigative' interviews, and grand jury subpoenas **in an effort to intimidate activists and silence their supporters [and silence or discredit critics of FBI and CIA officials]** .

4. Extralegal Force and Violence: **The FBI and police threatened, instigated, and themselves conducted break-ins, vandalism, assaults, and beatings. The object was to frighten dissidents and disrupt their movements**.

   [*All of which Jen Moore and Edwward Donegan have suffered and reported, now Jen Moore deceased.]*

   In the case of radical Black and Puerto Rican activists (and later Native Americans), these

attacks-including political assassinations-were so extensive, vicious, and calculated that they can accurately be termed a form of official ‘terrorism.’”.The FBI also conducted "**black bag jobs**" [break-ins or illeal access to home or office to plant or steal of vandalize or search], warrantless surreptitious entries, against the targeted groups and their members. Source: COINTELPRO - Wikipedia, the free encyclopedia

> From its inception, the FBI has operated on the doctrine that the "preliminary stages of organization and preparation" must be frustrated, well before there is any clear and present danger of "revolutionary radicalism."
>
> At its most extreme dimension, political dissidents have been eliminated outright or sent to prison for the rest of their lives. There are quite a number of individuals who have been handled in that fashion. Many more, however, were "neutralized" by intimidation, harassment, discrediting, snitch jacketing, a whole assortment of authoritarian and illegal tactics.
>
> ["Snitch jacketing is a Lockstep of tracker snitches following, harassing, lying about, being a nearby to the victim system of police harassment or police abuse through the use of snitches as proxies.]

I have subjected to COINTELPRO for decades, that tweet from

Tom Dunham 8 years ago and hundreds of openly FBI acts since then and fifteen years before it now leave the question "why?"

The first answer that comes to mind now is that I am a writer, my home office has been broken into for theft and evidence plants and I am writing my life story and have been for decades and I am tied to the Kennedy assassinations and the CIA and FBI power-brokers who gained power after that Roman Catholic family fell to assassination.

The FBI before and since the assassinations were an espionage agency who were visibly then involved in the assassination, that much ever more being confirmed and attacks on me from my Dorchester Massachusetts MKULTRA family help the FBI and CIA continue to coverup their roles.

Other tweets from him and other evidence also forensically preserved by an IT worker like myself qualifed to do so include Tom Dunham saying his old friend (me) was one of the sharpest people he knew (and he I and he was an IT worker) had noticed the sock puppets of both him and us where retarded, schizophrenic, and seemed interested to and likely to harm children.

The tweet Tom Dunham cited using my name was EDDONEGA at wells fargo, mine was EDDONEGAN. Wells Fargo is a National Bank I had senior Host Based Intrusion Detection (HIDS) team lead responsibly for and later as planned stared and ran the Network Intrusion Detection System (NIDS) for the data centers upon which 1.7 trillion dollars in US currency was accounted for and our banks interconnections to the Department of Treasury and Wire system was interconnected. The documents I wrote (and later had help with) were for the Office of the Comptroller of the Currency of the United States Secret Service who oversees the currency of the USA. My security expertise was partial, the totality of my networking and data processing expertise so extensive I was a good fit for the massive engineering task of creating the networks security structures and overseeing installations.

Tom Dunham's expertise though differing is as extensive.

A *casus belli* is an act or an event that either provokes or is used to justify a war. A casus belli involves direct offenses or threats against the nation declaring the war. -Wikipedia

FBI and assets and agents in collusion with them can and do use snitches and Agent Provocateurs to pick fight, harass, impede, annoy, and disturb or disrupt activities of *Targeted Individuals* like myself Edward Paul Donegan who is both writing books about the FBI, CIA, and DOD and alleging misconduct tied to MKULTRA and I have been subject to intensely abusive and provocative forms of attack and police harassment.

More than once I have been attacked by prison snitches and other police resources saying pedophile like me won't survive in custody yet I am not one. One or two teen shower cams in about 50 years is about it, and that is probably way under internet standards in what is out there in porn land. But a reputation of that can be used against me when the reputation is generated by a calculating government COINTELPRO government operation with a need to smear me.

I assert the topics I am writing about and deceased Jen Moore was writing about are such sensitive topics and tied to so many other acts of FBI and FBI and government official misconduct that the reasons I have been harassed, those responsible for the harassment, and the purpose of the harassment are transparent.

At a time a break in to my home office removed my PC and TV and DVD player researching my book Christopher Wray was on the cover as I asserts his family and Mueller's family and others were part of the pro British FBI based Cabal.

A collusion has been used of parties to link me as political smear to activities I am not a part of. Viewed as only that it fits a pattern of FBI COINTELPRO activities still used by long discredited, but I think the harassment of me is more deeply

rooted and that is tied to my book on the OSS, CIA, and JFK assassination and those that gained and kept power since.

Corrupt law enforcement and non law enforcement counterparts were and are running a Via Executoria scheme, in fraudster terms, Pay Up Or Be Arrested.

As Elder Abuse somewhere a trust fund or blind conservator who openly states roles with the FBI and US Marshall is going along with paying for false claims against me as part of COINTELRPO, a strange mechanism of defamation, encouraging damaging allegations.

At the time of my mother's death Glorian Donegan her trust fund for me was corrupted into paying off allegations that undermined me, and in fact thusly undermined her (now as of April 27,2023) surviving child. I assert the dangerous conditions and I am living in street fighting knife wielding felons and with no home or safe storage of office equipment my likelihood of success in my expose diminish and that has been the plan, the plan to undermine my life and book writing because my book targets the FBI and CIA as did Jen Moore's works we ourselves are now targeted by police abuse.

The corrupt operation uses staged appearances and forged confessions of what I was doing in parks, libraries, rented apartments, etc., where it is staged I am part of exploiting minors, only caught when a dopple of me is shaken down by police who finally somewhere will catch up with him, chasing the wrong him, who will be said to be me and thus the forged confession of a confronted Edward Paul Donegan complete and good for social sabotage of Edward Paul Donegan in smear campaigns.

Evidence of this COINTELPRO operation is thorough and convincing.

A forger of confession claims to harm others (producing faked FBI records) and is even willing to pay off staged non victims

who say they are victims in a police run protection racket that is said to protect areas and people from me after they wrongly assert any of them need protection or need restitution or protection services before I am ostracized.

via executoria (latin, term of art, law)

executorial way

Non-judicial foreclosure under a power of sale clause in a mortgage; more broadly, any non-judicial remedy empowered under a contractual clause or some other instrument

Pay Up Or Be Arrested (grift, fraud, rackets)

Cops approach a person and assert the person's guilt and upon the confrontation demand restitution to an alleged victim or an arrest will occur.

Money Laundering (Term of Art, Finance)

To succeed in depleting or utilizing funds not yours a pretext is made to access the funds not yours. In this case a person claiming to be me approaches a conservancy of mine and says as me he has a debt to others that needs to be paid. It is that person's debt but made to look as though it is my indebtedness.

Grand Parent Scam

In a extra twist, the call a person about to be arrested calls or is called for him is a grandparent.

> The Grandparent is told the Grandchild faces arrest unless the Grandparent pays out. In this case a Conservancy of mine is being used as the Grandparent, the Trust representing my deceased mother's interest in protecting me.

Records of the settled false allegations of me subvert home and office leasing, jobs, etc.,

As Brian Glick author of The War At Home the FBI often sends adult items to married couples to destroy marriages, plant evidence, in my case send local city people to pretend to be offering me sights of their children and act is if I am a willing person looking for such sights of exploited children.

Many have written about the FBI during J. Edgar Hoover and since and the illegal operations continue.

The first wrongful death I assert in a criminal enterprise operating is Jen Moore. She was found dead in hotel about to disclose the actual name of my mother and me and a long term history tied to OSS and CIA operations before, during, and after WWII, and how very elite names are tied to that history, those in the FBI, CIA,, and governmental positions today.

Today I am seeking justice for her Jen Moore a whistle-blower, Ted Gunderson who was a former FBI agent who worked for with and under JFK and RFK and was assigned to investigate their deaths by the LBJ Whitehouse and FBI, and whistle-blower also deceased, and myself, and many more to be named later.

Let us begin with reality before fiction though fiction is a simulation environment we can relate ideas to.

Jen Moore videos describing my family history and home in Virginia and she was correct as are the records she left.

Jen Moore left his and other content I reference by title. "*Interview on Nazi Germany, MK Ultra, child trafficking*" and "*OSS to CIA, black budgets, Operation Paperclip, & Hidden Identities* about the increasingly declassified history MK Ultra, Mind control, Pedophilia blackmail, secret societies, Jesuits" and is part of the story my family the Donegan family events that history is part of.

Lloyd Austin I am going to quote has traveled to Saudi Arabia and talked within the USA of the need to suppress Conspiracy Theories including those about Saudi Arabia and its royal family.

In process and in substance this should be alarming and even informative. As a matter of process no government official should ever seek to suppress investigations of conspiracy theories that name government officials, agencies, or governmental actions, and as substance the role of Saudi Arabia in events pertaining to US history and security are vital areas of debate and historical research.

Now to a short comparison with history.

Jen Moore knew of what I call MKULTRA Birther, that we have groomed sleeper agents for leaders and they and their Nazi rescue Free Mason ties don't want to be exposed as Infiltrators.

What I have Jen Moore (former Tracy California police officer and sexual assault case worker) have to tell you is that this set of FBI operations is a Gorky Park (film) type matter so let me remind you of Gorky Park.

> Gorky Park is a 1983 American mystery thriller film based on the book of the same name by Martin Cruz Smith. The film was directed by Michael Apted.

While Lloyd Austin has promised the Saudi Royal Family he will suppress these US Patriot Groups and people like Jen Moore or Obama Dead Pool sites, this information is vital to the USA and must not be suppressed.

> ***Extremism in the ranks***: Shaken by concerns of possible right-wing extremism among the troops, Austin on February 5 announced that every unit of the United States military; Active, Reserve, and Guard would be required to stand down within the next 60 days in order to conduct “sensitivity” training. The training would last at least one day and was focused around discussions including the importance of the oath of office; a description of impermissible behaviors; and procedures for reporting suspected, or actual, extremist behaviors.
>
> On FEBRUARY 19, 2021, Austin spoke to Saudi Crown Prince Mohammed bin Salman, saying that “We discussed the continued commitment to the 70-year US-Saudi security partnership, and I’m looking forward to working together to achieve regional security and stability.” Austin expressed support for *Saudi Arabia* in the Iran-Saudi Arabia proxy conflict.

The film stars William Hurt as Arkady Renko, Lee Marvin as Jack Osborne, Joanna Pacula as Irina Asanova, Rikki Fulton as Major Pribluda, Brian Dennehy as William Kirwill, Ian McDiarmid as Professor Andreev, Michael Elphick as Pasha and Ian Bannen as Prosecutor Iamskoy. The plot follows Renko, a Moscow police investigator, on the trail of a gruesome triple murder that leads him into a web of government

corruption.

Moscow militsiya officer Arkady Renko is called to the site of three dead bodies - two men and one woman - in a secluded clearing near the Gorky Park ice rink. All have been shot in the chest and their faces and finger tips removed; the two men were also shot in the mouth. Renko becomes anxious when the KGB refuses to take over the investigation. Renko traces the woman's skates to a movie set worker, Irina Asanova, who claims that they were stolen. Based on the forensics, the pathologist identifies one young man as a foreigner, likely an American. Renko asks Professor Levi Andreev to reconstruct the faces of the woman and the American man.

At the dacha of Chief Prosecutor Iamskoy, Renko makes the acquaintance of American sable importer Jack Osborne, who is accompanied by Asanova. Renko also crosses paths with William Kirwill, a New York detective who is investigating the disappearance of his brother James.

Renko eventually identifies the victims: James Kirwill and two friends of Asanova. He discovers that they were constructing a chest for Osborne. Renko's suspicion of Osborne mounts following several polite but tense conversations in social settings. When a KGB officer attempts to kill Asanova with an injected overdose, Renko saves her. Nursing her, they become involved romantically although she doesn't entirely trust him.

The story line of Gorky Park continues on from there and like with the Manchurian Candidate art sometimes mirrors life. Jen Moore was like Asanova, she was poised.

Here is the truthful story of Jen Moore.

> Investigative Journalist Jen Moore was found dead in a suburban Washington D.C. hotel room Monday. August 20, 2018, according to police and shocked and distraught friends and colleagues.
>
> Moore died of an apparent seizure. Police are closely investigating the cause of death after former FBI Agent Robyn Gritz, a friend of Moore's, made inquiries with homicide detectives Monday afternoon in Prince Georges County, Maryland. Preliminary reports from police said the death was not the result of suicide.
>
> Moore's body was found by employees at the Country Inn & Suites by Radisson, Washington, D.C. East - in Capitol Heights, Maryland. The investigation is ongoing. An autopsy had not been scheduled as of late Monday.
>
> Moore, an advocate who investigated abused and trafficked children, had been in the process of investigating allegations by a 26-year-old man that - as a young boy - he was sexually assaulted by Bill Clinton and pimped out at private sex parties attended by other D.C. elites.

I Edward Paul Donegan follow carefully what Jen Moore was talking about in her journalism. Sh pointed her camera videos still online on YouTube at the home of my mother and I 850 N. Randolph Arlington Virginia USA and told of the OSS CIA and Vatican history of the Donegan family and assumed identities and changed names since WWII.

My mother and father were a part of that. It ties into the Kennedy assassination where my family is from, Dorchester Boston area and Marshfield Massachusetts Roman Catholics, and Los Angeles where additional Kennedy family and Donegan family activities intersect.

My father was a pilot in the atomic bombing of Japan, the Korean War, and did recon work for the US Military and CIA and also was in Atomic Testing being exposed to radiation at the Las Vegas test site.

The Central Intelligence Agency has run MKULTRA, MIDNIGHT CLIMAX, COINTELPRO, and other programs for many years. It continues today.

I was not in San Francisco or even California when my old friend Tom Dunham sent that tweet. But I have been in Corpus Christi Texas, Austin Texas, and other locations where that same activity has been underway.

It is part of a system of harassment in which novel misconduct is staged in a area like vulnerable female minors are in a park, I am near the park, and a confession is forged by an impersonator of me I took pictures of the young girls at the park, and that information is used to smear me such that on excuses I am excluded from apartments, car buying, etc., and the community grows to fear me.

It is criminal harassment under color of law. Why very powerful FBI and CIA and government officials are using COINTELRPO is part of my story, and why my trust fund is paying out false claims I am harming others is another story to be told because they should defend me and my private trust fund for me and not allow those they find needy to sue me over bogus forged confessions that the double of me agrees to.

I have several legal needs. One is that any conservancy of me not agree to be shaken down by false claims and further that the smear campaign against me stop as well.

This has caused by eviction from housing, etc., and several wrongful deaths in recent years are tied to the illegal acts Jen Moore being one of them.

Introducing the 3 Kennedy Assassination sources

- **Col Fletcher Prouty** Wrote Guns of Dallas, VP Nixon Indonesia 1958, became basis of JFK movie by Oliver Stone and same book introduced by Jesse Ventura. Ed was in Donegan family as friends of Prouty but as child too young to understand it all.

> **Specific Contributions** Col Prouty wrote about Big Business and disputes between Nixon controlled Los Angeles Aerospace and LBJ controlled Texas Aerospace, and the Military Industrial Complex generally, regime change, and to over throw Indonesia and the entire world with a CIA Coup De Tat.
>
> Prouty was an insider to the Eisenhower-Nixon 1950s CIA overthrow plans and later in the JFK admin in the same role. His books most notably were JFK: The CIA, Vietnam, and the Plot to Assassinate John F. Kennedy and the very similar book The Secret Team: The CIA and Its Allies in Control of the United States and the World the latter being team of big business buddies tied of world commerce and CIA plans for that activity.
>
> He also wrote articles such as The GUNS of DALLAS published separately showing the CIA killed JFK and he also wrote Indonesia 1958: Nixon, the CIA, and the Secret War showing from his own work the plan to overthrow Sukarno with Suharto and that plan underway in 1958 as Eisenhower signed off on it in 1957. This was one of the Secret

Teams Secret Wars.

Edward Paul Donegan and the Donegan family are also connected to this peice as was the birth of Barrack Obama Jr under CIA plans for Indonesia.

- **Ted Gunderson FBI picks up trail** The well placed well informed Ted Gunderson suspects an inside job of big businesses as Prouty said, and is correct but dies under FBI harassment.

Specific Contributions Ted Gunderson was an insider to the Kennedy administration certainly to Robert F. Kennedy as an anti-mob anti rackets FBI agent and later investigator of the JFK assassination. Likely he knew Dorothy Kilgallen and was a source for her. His works were on World Global Business of corruption, sex workers, Illuminati parties of Free Mason groups, drug dealing, etc., and how the NWO big business keeps troops loyal in corrupt Cabal. He considered these activities and form of organizations Satanic in their principles and practices many of whom use that in logos such as Roths Childs "devils children" for whatever sense they are their logos mean that.

Ted Gunderson realized some master plan for some reason included Marilyn Monroe, McMartin child abuse, Jeffery McDonald's family, Sunny Bono, and others.

https://youtu.be/GeUZE0Exd90?t=6225 Chip Tatum - Black Ops Interview with Ted Gunderson Rockefeller's Rothschild's buy their candidates into office, George H.W. Bush wanted a CIA kill of Ross Perot. Gene Chip Tatum IS former CIA, wrote several books include the CIA "Mule" Mueller. Edward Donegan and Deep State Analytics EACH separately confirm it, Ed by DuPont history connected to Gainey family, and by names used.

148 PAGE File w/ Exhibits INCLUDED read aloud by Penelopy from bad handwriting of a prisoner, Riconscuito. Liek Charles Harrelson stating he was part of team that killed JFK, Riconscuito's claims about CIA Deep State are rejected by FBI DOJ. Ted Gunderson worked as private detective for Risconsuito in the case.

- **Ed Donegan in combination with Jen Moore can complete the entire picture.**

The Donegan family OSS CIA history is where most recently the conspiracy included grooming CIA FBI projects for anti communism during the Cold War.

The CIA wanted moles and sleeper in deep cover from birth, now those big business families have moles and sleepers still in power still alive or as second generation civil servants serving in office in the 21st Century but from Cold War era families and sleepers. Ed Donegan asserts along with her the story of the Donegan's is being Silenced and obstructed because it is a danger to the elite who assassinated

their way into power in the 20th Century, removing office holders, other government officials, and those who could compromise the secrets of what some call The Secret Team or the Cabal of the Military Industrial Complex CIA and its OSS roots.

> **Specific Contributions** Behavioral Research familiar Jen Moore and Ed Donegan who are insiders to Donegan family history recognize FOXP2 Minimal Brain Disorder, Borderline Personality Disorder, problems with neuron-regulation. The Tavistock Institute, Dr Cameron, and Rockefeller Psychiatry have in interest in these genes and many powerful families carry and talk about them. VP David Rockefeller will talk about attention deficit like problems in school and let people know it something that can be overcome. The Donegan's carry this gene, Glorian Donegan and Edward Donegan, and that comes from Maria Kutchera who carried it and the Windsors who also carry it and research on it in early childhood.

- **Ed Donegan in combination with Marilyn Monroe can explain the psychiatry interest**

Joseph Kennedy Sr and Dean Rusk, Admiral Halsey, and others brought 1926 children likely born here, Norma Jen and Glorian Donegan and Julie Andrews. Mariak Kutchera Von Trapp secret daughter s by winders 1925 impregnation of Maria Kutschera FOXP2 Ed Donegan and his mother carried and Marilyn Monroe did was studied generation to

generation.

Pillory: Tools and Fools of the USA

Title 18 Chapter 73 Obstruction of Justice - Witness suppression. Most have told me what I would be killed over. Every day. They the Cabal know the whole story and are suppressing it. This book will feature a Austin PD officer sawed head off in Moscow. The police reports and evens are fabricated to smear and destroy in clearly abusive non-truths about me. In 2000 i asserted I was being assaulted by a JavaScript methodically running abusive fraudulent themes. It has never changed. In substance and processes the criminal intent has been to stop my writing, stop any allies form forming with me, and stop available resources needed to write my book. In Police Theory of me on the scales of justice I an a psychotic. I weigh myself

as truthful and aware and a Patriot. I will never doubt anything about myself or feelings. My most sacred Constitutional and Human rights have been tread on by the most reprehensible but the gap between me an them is what fueled the attack. I am not sure Russia are the heroes but I am sure the con artists who have cost me the oppurtniieis of life with smear, falsi imiprsonment and decades of my life gone are the enemy. I am white as snow on that point and will die knowing (even if others do not) a gunshot killing police officers makes the public safe. McVEigh is my cellular structure, his light.

I can write five percent of the time I had available in my apartment even stalked when I was in it.

A fictional book as a speculative simulation between the Donegan's, Kennedy family, and others in Boston and how because of the Donegan factual history in that matter led to a Mockingbird pillory of me by the CIA, FBI, and others when my and other evidence on the JFK and RFK and other murders should not be retaliated against or conspired against by the very agencies this information should be useful to in those agencies and the US sovereign self-interest. In the fictional version RFK escapes assassination and we will learn of the underlying connection between Marilyn Monroe and Dysgraphic Albert Einstein.

Ted L. Gunderson An Edited and Approving Biographical Anthology of his Life and Works

Ted Gunderson was the right-hand man to RFK fighting the mafia that was run by Vice President

Richard Nixon in the 1946 to 1960 years. As the Kennedy's gained power in the USA and world global dirty business operations subverted the USA and other nations. JFK and RFK attempted to shut down the CIA but it was too globally located to respond to the US Presidency and and held too much allegiance from British trained and supported Espionage in the USA operating as the US Government but through NGOs that again were difficult to control from inside the US Government. It would be comparable to NASA trying to control a long gone satellite past its available connections back to Earth.

Written by the Right Hand: The Right Hand Operatives of the Cabal and the Dangerous Job They Undertook of Exposing its Secrets

Many leakers of the secrets of the JFK history have come forward. Deep State Cabal range from Mocking them to assassinating them to denying the truth of revelations but history is being continuously revised as theories Lee Harvey Oswald was a patsy are gaining growing support. The patriots fighting against Free Masonry, Vatican history, Knights of Malta, Council on Foreign Relations, British Pilgrim Society all experience media abuse of their theories find any publicity at all but these patriots still speak out at the risk of their lives and leave death-bed statements.

Majic 12 and the Secret Government by William Cooper Introduction by Edward Donegan

With Ed Donegan provided Introduction and in-context commentary and de-anonymized cartoon space aliens as real people under Hidden Identities talked about in anonymized fictionalized ways for un-traceability of any real figures. William Cooper was tied to Free Mason families in his personal life and was part of that overlay of that in US Government activities and became an NWO whistle-blower. Ed Donegan shows the real people and real stories under the clouds of fictionalized obfuscations. Eisenhower GOP and Truman and NIXON worked with Free Masonry and likely formed the CIA as un understudy of MI5 and MI6 Jedah assassins and covert operatives with exchanges of espionage teams between the USA and Great Britain.

The State

Loyalty to Loyalty is Loyalty. Loyalty to Disloyalty is Disloyalty. Loyal People in Loyal Government is internally consistent. Disloyal People in Disloyal Government is also internally consistent.

July 2022 Letter to the General Public

On open and widely distributed letter by Ed Donegan who prefers the Secret Service charter mission of protecting the JFK RFK and TK presidencies from assassination overthrow and https://twitter.com/GeorgWebb as a media contact and the FBI Office of Professional Conduct.

I am seeking safety as a book writer and Atomic Testing victim from The Republic of Ireland and The newly democratic European Russia that has emerged from the Cold War to become a representative European nation even following traditions of war with its neighbors, losses, and annexations explained at competing press conferences.

Phillip Marshall was writing and trying to get to market The Big Bamboozle a book that I am writing in away with perhaps even more details, evan all details and the first time the details have been offered.

Phillip Marshall and his family were I believe assassinated by the CIA at the very least it was a murder suicide in a family of the man who feared the CIA and Bush family.

I was writing starting in 2019 about James Paul Donegan leaving the church, likely doing so at St Aidans Catholic Church of Dorchester Massachusetts, Boston really where I also lived as a kid, and had felt this friend who was wronged by the Catholic Church was either JFK or RFK.

In the last four months now being mid September 2022 I have found Catholic Gladio formally joined in 1963 was an assassins group in the Vatican that joined with Office of Information Service of WWII, OSS in and following World War II into the CIA under Richard Nixon, Wild Bill Donovan, and others who with United Fruit Company and others used Mafia to rule the world and seems to have killed JFK and RFK.

I have long known CIA backed FBI backed law enforcement backed Mafia have attacked me and known it is NOT alt right views. I do understand people can be programmed by certain programming codes. When police backed non white snitches plant child porn on me and say I owe them over the allegation that defames me I respond in symmetry with the incursion into me with white nationalism.

But why was this happening at all? I find myself likely on the hit list of those the CIA Mafia are trying to silence about the CIA Mafia long term sluch fund illegal operation deep state.ce of Professional Conduct as the preferred Law Enforcement contact for those who have information.

The simple part of the story is that I am not a Nigerian prince. My mother born December 13 1926 grew up poor in North Carolina until 9 years old, at her two years old her brother Harold being born and living on that same farm also wearing gunny sack seed clothes during the dust-bowl on a farm.

In a G.I Bill type of life story my father James Paul Donegan a son of poor Irish Roman Catholic immigrants to the USA in Dorchester Massachusetts St Aidans Church where the Kennedy's lived and is tied to Robert F. Kennedy, the Kennedy Museum, etc., and he would leave that church based on how a friend of his was destroyed (he said banished but not exactly that word, sounded more politically drive out) by politics.

By the accounts of my family and onlie records James Paul Donegan met Glorian Donegan, formally Glorian Gainey sister of Harold Gainey them of Festus Gainey all of the Fort Bragg area when Glorian was then living in Bishopville South Carolina. Harold's friends lived in trailers and he worked for Dupont fiber and he and Glorian lived on a small farm house with a tractor, windmill, tobacco leaves drying shed, farm land, etc.,

James Paul Donegan joined the US Army Air Corp learning piloting skills and fought in wWII and the Korean War including

air campaigns over Europe and teaming in the P-51 with the B-29s for the atommic bombing of Japan following the surrender of Germany.

Maria Kutshcera was niece of Franz Kutschera a Gestapo General who in the Von Trapp household to the disdain of Captain Von Trapp made Nazi plans with Heinrich Himmler.

Maria Kutschera impregnated in 1925 by the Windsor family with three children likely Marilyn Monroe, Glorian Donegan, and Julie Andrews had new identities in the USA disavowing the Nazi connections.

During CIA work in the 1952 to 1972 era most likely as a date range Dean Rusk and others of Standard Oil plans used DNA from Glorian Donegan in test births testing a rare gene in secrecy the London King Edward VII FOXP2 Minimal Brain Disorder (adhd dyslexia like symptoms) the royal family was eager to hide, runs in the Rockefeller, Bush, Windsor, Kennedy, and Donegan family, and Central European family lines in great numbers.

The life story of James Paul Donegan and Glorian Donegan and Ed and Tom Donegan should be viewed as virtuous and normal but CIA and espionage activity has targeted, duped, harassed and betrayed the Donegan family when the story of Madelyn Lee Payne of Rockefeller Oil was part of plot with Dean Rusk to use Glorian DNA for Barrack Obama and Indonesia in sleeper agents planning.

The Donegan family is targeted and harassed nearly into oblivion now that a predatory racket is allowed to abusively assert wrong doing by Edward Paul Donegan, last living Donegan, and the destructive allegations inciting fall from society into homelessness.

I believe the CIA plans to violate the Monroe Doctrine and use sleepers for British and US Colonialism with the Windsors is what led to the assassination of the Kennedy’s and others.

To the United State Secret Service and to whom it may concern. The Mafia was used to attempt the overthrow of Fidel Castro, to succeed in the Overthrow of JFK and Roman Catholic influences, and as attack on me and they are all related to the Kennedy Assassination and the CIA and have targeted me as a victim in the same matter because of family history of the 1920s and 1960s in Dorchester Massachusetts (initially Google Donegan Dorchester and Kennedy Dorchester.)

Mafia Konnection Ultra is the FBI using allegations I am retarded and schizphrenic to allow Racketeering Influence Criminal Organization elites the influences to attack me as Mafia, staging destructive false allegations against me and physically and legally civilly attacking me on the basis of those accusations.

That is the connection to the Kennedy's on my fathers side, initially. On my mother's side Secretary of State Dean Rusk was in North Carolina at the Presbyterian Davidson College North Carolina in 1927 about the time my mother Glorian Gainey and Harold Gainey were in North Carolina as underground railroad rescuees from Austria as Kutscherea Windsor Von Trapps.

"To allow opposition by speech seems to indicate that you think the speech impotent." Speech from me has not been so and has been Targeted specifically because it is related to the history of the Presidency and Dorchester-Boston Massachusetts and thus I have had change my writing career to address the Mafia attacks on me the Secret Service should also be addressing.

Today's politicians and news media do not want the MKULTRA story told and I and other imperiled witness are being harassed and not listened to.

Stasi - The Ministry for State Security

(German: Ministerium für Staatssicherheit, MfS,) was the official state security service of the German Democratic Republic (East Germany, GDR) from 1950 to 1990. It has been described as one of the most *effective and repressive intelligence and secret police agencies to have ever existed*.

One of the Stasi's main tasks was spying on the population, primarily through a vast network of citizens-turned-informants, and fighting any opposition by overt and covert measures, including hidden psychological [and medical and financial] destruction of dissidents (Zersetzung, literally meaning "decomposition").

The system used recruited members of the public or State buerous to sabotage the records, ordinary living, housing, and finances of vicitms of the Stasi.

18 U.S. Code § 1512 - Tampering with a witness, victim, or an informant

Section 1512 of Title 18 constitutes a broad prohibition against tampering with a witness, victim or informant. It proscribes conduct intended to illegitimately affect the presentation of evidence in Federal proceedings or the communication of information to Federal law enforcement officers.

Hiding Violations of 18 USC § 1512 can be

achieved by corrupt powerful figures in Governors offices, CIA, FBI, and other official positions who plausibly deny their Stasi hand in the destruction of lives of those who are witnesses to the Kennedy assassination.

Politically Organized Racketeering Krimes PORK

Politically Organized Racketeering Krimes sets up Mafia ties and slush funds in League with corrupt interests in government and media, if pervasive enough and powerful enough, can allow illegal programs to be concealed including concealed by using Agents of Influence in Media to propagate propaganda and intimidate conspiracy theories regarding Shadow Government or Deep State

Criminal Facilitation

PORK may recruit profiteering criminal elements into activities to gain their participation in the Politically Organized Krimes

Facilitation of Crimes including the hiding of data incriminating today's politicians and businesses tied to JFK assassination can include acts of sabotage a writer by break-ins to his or her home office, intimidation of statements of the witness to the police or to anyone else, and other conspiracies against the witness that harass the victim or disadvantage the witness's effectiveness in anyway.

Use of Provocateurs to instigate conflicts or altercations that after their start can be resolved against the person who alleges they were throwing a second punch and not the first is part of harassing a victim into bad and ineffective outcomes or conditions.

The attacks on my home office and computer equipment and other attacks on me have been as much a part of espionage related presidential activities as were the Watergate Towers break ins and other crimes.

These are not the only crimes I have been the victim of by an Espionage Deep State that is tied to the crimes of assassinating Kennedy members and others.

In what I am now terming Defensive Treason criminals who gained power in government by OSS CIA methods (covert irregular warfare plausibly denied crimes against the State and its office holders and thus crimes against the People) now in ower are using the same long term system of Psychological Warfare violence in denied acts of additional treason concealing the earlier assassinations.

The Abuse of Power of existing power holders uses Mafia actors as assets for misdeed overlooked intentionally by police acting on orders of corrupt interests, those interests now embedded in government.

The Conspiracy Against Rights is achieved by false pretexts in Abuse of Process and has included wrongful evictions and terminations of lawful housing I have held and false arrests and detentions based again on false or artificially illegal manufactured pretexts for those arrest, the pretext withstanding because the State would not transport me trial.

As a general rule political asylum is granted when a person fears for their life because of the corrupt and illegitimate acts of the their government; in this case the Government by planting children as “porn” near me has been able to create abuses of my rights not only supported inside the United States but my alleged child abuser status hampering exit from the United States as well.

The Russians have noted the FBI has used the same tactics on their own as are being used on me and this is standard practice for the Government of the United State of America, a country unwilling to route the richest of its criminals from the glamour of their political lives.

One attack in Corpus Christi Texas I reported to the police and the records were altered of pertain to the theft of my integrated TV, DVD, and laptop computer also DVD capable I was writing and researching my book on about the Von Trapp background of my mother Glorian Donegan.

I have attached (in some cases) a chapter from one of my books the stolen equipment is refereed to using non-fictional background info and Kennedy Secretary of State Dean Rusk, his ties to Rockefellers and Charlotte North Carolina area my mother was in and the likely underground railroad run by the Presbyterians and YMCA later material to the Donegan s connection to the JFK admin and that same background of Glorian Donegan of North Carolina USA.

Lee Harvey Oswald's last attempted phone call (John Hurt Amry intelligence emigres to the USA background checking) was to that area and I believe connected to the Glorian Donegan Dean Rusk story I go into later.

Every bit of information I Ed Doneagn have including first hand witness statement and my own first hand information that I have is that Robert f. Kennedy knew most but not all of the assassination run out a Government operation JM/WAVE he oversaw , and private mafia CIA groups did not like his oversight. Those assassins like David Sanchez Morales and William Harvey, Donald Barr and William Barr, J. Edgar Hoover and James Angleton,George H.W. Bush, he did not know the full details of, Operation 40 parallel operation, privately funded mafia of George H.W. Bush, E. Howard Hunt, and others in rouge operation.

Thomas Hale Boggs Sr. (February 15, 1914 - disappeared

October 16, 1972) was an American Democratic politician and a member of the U.S. House of Representatives from New Orleans, Louisiana. He was the House majority leader and a member of the Warren Commission.

In 1972 as J Edgar Hoover died, Watergate and other Senate hearings on the CIA were underway, while still House Majority Leader (Roman Catholic who upon death was replaced by Tip O'niel as Speack of the Hosue), Boggs was on a fundraising drive in Alaska when the twin engine airplane he was travelling in (along with Alaska congressman Nick Begich and two others) disappeared en route from Anchorage to Juneau, Alaska.

Boggs began his political comeback. He was again elected to Congress in 1946 and was then re-elected thirteen times, once just after he disappeared, but before he was presumed dead.

During his tenure in Congress, Boggs was an influential member. After Brown v. Board of Education, he signed the 1956 Southern Manifesto condemning desegregation. Boggs voted against the Civil Rights Acts of 1957,1960, and 1964, but voted in favor of the Voting Rights Act of 1965 and the Civil Rights Act of 1968. He was instrumental in passage of the interstate highway program in 1956.

He served as majority whip from 1962 to 1971 and as majority leader from January 1971 to his disappearance. As the whip, he ushered much of President Johnson's Great Society legislation through Congress.

During this time in the Congress Nixon and Hester were working on a plan for post WWII Europe as a congressional bill called the Marshall Plan as the Iron Curtain went up,, the Berlin Wall was built and the Soviet Union successfully tested a nucelar device and was winning the Space Race and China was going nuclear and communist and the Republican or Ireland and Northern Ireland were in a dirty war in Belsfast. MKULTRA begain in 1952 1953 with the death of Frank Olson, the death of Johan Paisley and the MKULTRA plan formalized and relying

heavily on Brittian backing sleeper agents around the world

The suspcicous deaths John Paiselyi and Ralph J. Siglar of the CIA connected to Oslwald fit to activties in this timeline. From the 1953 to 1957 Paiseley was working on survellielling and electronic surveillance of the Communist side of the wall and the Sovietes with William K. Harvey of the CIA who also oversaw tunnel activities, defectors, and assets managed through the wall for the CIA.

In the 1979 novel “The Matarese Circle”, author Robert Ludlum portrayed Boggs as having been killed to stop his probe into the assassination.

He served as majority whip from 1962 to 1971 and as majority leader from January 1971 to his disappearance. As the whip, he ushered much of President Johnson’s Great Society legislation through Congress.

On August 22, 1968, while Secretary of State Dean Rusk was testifying in a hearing concerning the Vietnam War, Boggs interrupted the session to announce the invasion of Czechoslovakia by the troops of the Soviet Union, after hearing of a recent Radio Prague broadcast telling the Czechoslovaks not to take any action against the occupying forces. That caused Secretary Rusk, who was previously unaware of the situation, to excuse himself immediately, mid-testimony, to attend to the issue of the invasion.[20] (Source: Walter Cronkite: The Way It Was: The 1960s)

In April 1971, he made a speech on the floor of the House in which he strongly attacked Federal Bureau of Investigation Director J. Edgar Hoover and the whole of the FBI.

That led to a conversation on April 6, 1971, between President Richard M. Nixon and the Republican minority leader, Gerald Ford. Nixon said that he could no longer take counsel from Boggs as a senior member of Congress. In the recording of this call, Nixon asked Ford to arrange for the House delegation to

include an alternative to Boggs. Ford speculated that Boggs was either drinking too much or taking pills that were upsetting him mentally.

On April 22, 1971, Boggs went even further: “Over the postwar years, we have granted to the elite and secret police within our system vast new powers over the lives and liberties of the people. At the request of the trusted and respected heads of those forces, and their appeal to the necessities of national security, we have exempted those grants of power from due accounting and strict surveillance.”[23][self-published source]

Disappearance in Alaska - As majority leader, Boggs often campaigned for others, including Representative Nick Begich of Alaska. On October 16, 1972, Boggs was aboard a twin engine Cessna 310 with Representative Begich, who was facing a possible tight race in the November 1972 general election against the Republican candidate, Don Young, when it disappeared during a flight from Anchorage to Juneau. Also on board were Begich’s aide, Russell Brown; and the pilot, Don Jonz;[24] the four were heading to a campaign fundraiser for Begich.

The search for the missing aircraft and four men included the US Coast Guard, Navy, Army, Air Force, Civil Air Patrol and civilian fixed-wing aircraft and helicopters.

The more extensive documentation I have written and evidence I have collected such as photographs I have take and family moments, genalogy records, obituary data of the Donegans, our internal oral histories, etc., support a Deep State of British backed Free Masons who have killed Roman Catholic profile government figures like Boggs, Scalia, Assistant US Attorney Thomas Crane Wales, federal judge McCarthy Roll a devout Roman Catholic likely tied the the Vatican run free masons program from Knights of Malta set up by the Crown of England and named of Senator MCarthy anther Catholic, and many others.

“Deep State Hit List- Strange Deaths Of People Who Knew Too Much: JFK- MLK - RFK Assassinations And The Clinton Scandals” is the book on Kindle Unlimited I have now and I find the harrassment of me and the deaths of others who are in some way witnesses to the JFK assassination and the FBI role in the JFK assassination for a successful prediction capable profile model of the operation of a Shadow Government.

My own experiences writing books about this has been little different than Phillip Marshal who was writing on the Saudi connections to the Bush Family and a Deep State of murder through the CIA (and FBI COINTELPRO MKULTRA).}

Former 767 captain Philip Marshall, a veteran airline captain and former government “special activities” contract pilot, has authored three books on Top Secret America, a group presently conducting business as the United States Intelligence Community. Beginning with his role in the 1980s as a Learjet captain first as part of a Drug Enforcement Administration (DEA) sting on Pablo Escobar, and later in the covert arming of the Nicaraguan Contras, Marshall has studied and written 30-years worth of covert government special activities and the revolving door of Wall Street tricksters, media moguls, and their well funded politicians.

Calaveras County Coroner Kevin Raggio said he determined Philip Marshall and his two children were all killed by a gunshot wound to the head, after performing an autopsy Tuesday morning.

He had already had trouble getting a book deal, experienced death threats and the cover logo of his book was a CIA like seal and the text of seal: “*United States Intelligence Community*”

Author Publisher description of the Big Bamboozle “*Backed by official NTSB, FAA and black box recordings, Marshall finds the most capable and most documented group of conspirators buried deep within a Congressional Inquiry’s report and retraces their work in gripping detail. Fasten your seatbelt- the sad truth is that all of*

the solid evidence points to a dark collaboration between members of the Bush Administration and a covert group of Saudi government officials. This is a game changer that will finally set the record straight on the most horrific crime in US history."

Simply put, the Operation 40 Oil Business Mafia and MKULTRA under ranked but out-killed the constrained assassination program RFK oversaw and ran in Florida.

Upon reaching the Vice Preisency MKULTRA began in 1953 secretly under VP Richard Nixon

It put in place by a "*Secret Team*" in the US Military and through Nixon Rockefeller republicans that chose to keep the Roman Catholic leaning Catholic Kennedy family out of the loop and silenced them as they found their way in or were about to.

Around 2 a.m. on the morning of Saturday, November 28, 1953, Frank Olson plummeted onto the sidewalk in front of the Hotel Pennsylvania. (At that time it was called the Statler Hilton Hotel.)

Richard Nixon sat in the White House library and often was given background information on world oil supplies, growth in Communism, and other business data from around the world.

Dulles was especially concerned with the rising battle for half of Europe once thought won after the fall of Nazi Germany only to have a Nuclear Russian military hostile to the USA move into the gap.

Ethnically Motivated Mercenaries can often operate in the open through FBI or DOJ under COINTELPRO operations like Anti White Hate and those program in illegal operations can include and recruit Mercenaries who will assist in illegal operation desired by the CIA and others and often these are rouge operations conducted by the willing or the financially interested that lend themselves to shadow activities denied by the Government.

It is this murk I assert the Arc of Northern Virginia, Mac

Lamar Property Management, and others have operated via Behavioral Research often infiltrated by the CIA and FBI in this case using corrupt behavior of behavioral health care to undermine my activities including encouraging those prone to misconduct to target me with misconduct and profit from doing so.

All of this is politically influenced and illegal activity and researching that activity will lead to highly placed US Government figures whose connections the JFK assassination can be found and those people are now harassing possible witnesses such as myself or our books or home offices and office equipment.

My family history supports the theory the hit on JFK was more connected to my mother and her birth of me than any other factor, that birth tied to assassinations, regime changes, and other births from the Donegan family line.

Earle Cabell (October 27, 1906 - September 24, 1975) was a Texas politician who served as mayor of Dallas, Texas at the time JFK was assassinated. Cabell was mayor at the time of the assassination of United States President John F. Kennedy and was later a member of the U.S. House of Representatives.

Earl Cabell's brother Charles Pearre Cabell (October 11, 1903[1] - May 25, 1971) was a United States Air Force general and Deputy Director of the Central Intelligence Agency (1953-1962).

Charles Pearre Cabelle was transferred to Randolph Field, Texas, as flight instructor in 1934 and subsequently served as post adjutant, beginning in 1937. He was detailed to Air Corps Tactical School at Maxwell Field, Alabama in 1938, graduating in 1939, then detailed to Command and General Staff College at Leavenworth, Kansas, in 1939, graduating in 1940. He was promoted to major sometime during this period. He was assigned to the Photographic unit at Wright Field, Ohio during 1940, and as an observer with the Royal Air Force; in April

1941, he was assigned to the Office of the Chief of the Air Corps as chief of the photographic unit. He was promoted to lieutenant colonel sometime during this period.

My father and mother met n 1952 (my father having flown as P-51 pilot Combart Camera Unit defending and attacking bombers over Europe and being part of the atomic bombing of Nagasaki and Hiroshima and part of atomic blast above ground testing and target selecting and Bomb Damage Assessments folloing bombings in the Korean War.

RFK was finding out from Marilyn Monroe what the George H.W. Bush Business Plot lunatics were doing in CIA Mafia NGOs including the Chicago Boys and LBJ backed activities, and he and Marylin Monroe were silenced just as RFK was headed to Chicago.

A version of John F. Kennedy assassination conspiracy theories, the “Renegade CIA Clique” theory, implicates Cabell and other alleged conspirators, including CIA officials James Jesus Angleton, William King Harvey, and Cabell’s brother Charles Cabell. This theory claims Earl Cabell re-routed Kennedy’s motorcade as a favor to his brother. Catchpole, Terry (January 17, 1992). “Nine JFK assassination theories”. Entertainment. Retrieved August 31, 2017

Use of Donegan DNA tied to out of wedlock Windsor family and Kutschera family from Maria Augusta Kutschera were used in eugenics test births by the CIA including from the Donegan family and the placement of sleepers around the world is what the CIA is covering from this program.

Largely Great Britain Commonwealth countries tied this and the Republic of Ireland versus Northern Ireland splits the Dorchester Massachusetts families split with while the George H.W. Bush Will Bill Donovan and others including James JEsus Angleton backed the commonwealths. I was born under Manhattan Project Manhattan Beach (its on my birth certificate) testing and I believe this fills in the empty part of JFK

assassination questions into a complete sphere of understanding and joins it to numerous other national security questions still unanswered about Deep State and CIA Shadow Government still unanswered in a detectable line of aligned planets.

It is not my suggestion you collect evidence of I have collected and you can collect at my residence of 1513 Ocean Dr. Corpus Christi Texas apt 5. It is my belief you are required to do so in collecting evidence credibly asserted as material to the assassination of President of the United States John F, Kennedy and the assassination of his brother, at that time Attorney General of the United States, and at the time of his assassination presidential candidate Robert F. Kennedy and the likelihood the Office of the Presidency since has been held by assassins of previous office holders differing on policy from the Kennedy's.

It is my belief the attack on President Kennedy in November 1963 and attacks on witnesses since 2011 and the election of and protection of presidents with possible ties to the assassination in 2008 and 2012 fall under the jurisdiction of Unlawful Enemy Combatantacny and while it is unlikely a president gaining the office unduly by connection to earlier assassination of government officials would appoint a commission to try themselves or try those acting on their behalf I believe anyway that dereliction of duty or personal loyalties to resultant constitutional office holders rather than assassinated office holders is a matter for military commissions and treason executions for any dereliction of duty in this matter.

I can not prove JFK at my birth vicinity November 1961 is tied to a possible CIA fake birth certificate for Barrack Obama Jr arranged by Donald Barr or others, nor the Dorchester connection between the Donegans and Kennedy's.

It may even be unlikely yet I am still in disbelief in the negative activities of Law Enforcement and lack of positive direction of them and possible good lead here.

I can not find any other explanation for these events nor could the Warren Commission nor many other hearings on the long term stalk of certain families in the USA by the military.

My theory and experiences as a Mafia harassed witness are consistent with and include the Kennedy family dispute with Allen Dulles and others regarding assassinations and espionage in a variety of countries including France but add Ireland and Republic of Ireland while still including Cuba and Reverend Rafael Cruz Sr in Cuba.

Rafael Bienvenido Cruz y Díaz (born March 22, 1939) is a Cuban-American Protestant preacher and father of Texas U.S. Senator Ted Cruz. He regularly serves as a surrogate in his son's political campaigns.

My family history is from Dorchester Irish Catholic background my father and Rose Kennedy likely in the same church as later the Donegan family was and Robert F. Kennedy and the JFK historical sites are. The JFK library and St Aidans Chruch of the Donegans and Kennedy's is at Columbia Point in the Dorchester area and also the home of Rose Fitzpatrick mother of John Fitzpatrcik Kennedy and also the church of Robert F. Kennedy.

L. Fletcher Prouty who has written extensive books on the JFK assassination was a close family friend of the Donegans and I knew him, dined with him in his home, and our families iced skated together on frozen cranberry fields and participated in other play activities when I was a child.

My father James Paul Donegan was in atomic testing above ground likely in the first above ground test prior to bombing Hiroshima and Nagasaki flying the North American Aviation P-51. as the F1 Foto recon version.

The John F. Kennedy Presidential Library and Museum is the presidential library and museum of John Fitzgerald Kennedy (1917-1963), the 35th president of the United States (1961-1963). *It is located on Columbia Point in the Dorchester neighborhood of Boston, Massachusetts*, next to the University of Massachusetts at Boston, the Edward M. Kennedy Institute for the United States Senate, and the Massachusetts Archives and Commonwealth Museum. Designed by the architect I. M. Pei, the building is the official repository for original papers and correspondence of the Kennedy Administration, as well as special bodies of published and unpublished materials, such as books and papers by and about Ernest Hemingway.

The library and museum is part of the Presidential Library System, which is administered by the Office of Presidential Libraries, a part of the National Archives and Records Administration (NARA).

The library and Museum were dedicated in 1979 by President Jimmy Carter and members of the Kennedy family. It can be reached from nearby Interstate 93 or via shuttle bus or walk from the JFK/UMass stop on the Red Line of Boston's MBTA system.

James P. Donegan, 86, of Lincoln, Calif., originally from Dorchester, Mass., died Oct. 13, from injuries following an accident. Jim leaves his wife, Sue Ann of Lincoln; two sons from his first marriage, Thomas of Provincetown, Mass., and Edward of Arlington, Va. He also leaves a sister, Mary "Betty" Connolly of Atlantic Beach, Fla.; and a brother, Robert of Marshfield, Mass. He served in the Army Air Corps in Europe during World War II and later flew many combat missions as an Air Force fighter pilot over North Korea. Following the war, Jim joined TWA and spent the next 35 years as a pilot captain. His career took him over many of their domestic and international routes. Upon retirement, he met and married his adored wife Sue Ann and together they settled into an idyllic outdoor lifestyle, dividing their time between their Walnut Creek, Calif., condo, and hiking and skiing at their home in the High Sierra town of Truckee. A celebration of Jim's life is planned later this month in Lincoln for his friends and family.

If the meeting with Thorkill Kristesnen predating the Nov 18 1963 meeting tied to the upcoming Nov 18 2nd Birthday of CIA created Barack Obama developmental psychology report, its analysis, and implications, Illimunita / Stone Masons may have disagreed about

global plans.

The author of Mortal Errors ascribed no motive to Secret Service agant George Hickey. My theory of ROsecuration (Sir Han SIr Han) and other Masons (Scotish Rites) having it in for JFK and that tie to the fertilization of Obama by the illuminate could provide a theoretical state of mind which may have existed in Hickey

I am a direct first hand and credible witness to many events and public and private documents will back that up. I am the last living member of my family of origin and the failure to interview Thomas Neil Donegan before his recent death was an error on an unimaginable scale but I have both a non fiction book telling the tale called The Great Treason and I have also written a book that is a hybrid of public records, alternative history, and fictional speculative dialog simulation of history that paints the very large complex picture of a new area not yet pursued in the investigations to date.

Lucy's Chocolate Conveyer Theory is what I might call it and will here. The Windsors and others from Central Austria where many famous people are from including Albert Eisenstein is home to the FOXP2 Minimal Brain Defect gene. Long term research on it has been conducted by powerful families including the Rockefellers, Rockefeller Psychiatry, the Prescott Bush and descended family are tied to this as are many others.

Secretive research in this area by traditional European family hid the presence of the gene that I and my mother also carried and the Kennedy family and other families carry. Keeping the gene secret was part of a plan of relatives (secretly) of world leading families would be groomed and planted as Western allies around the world and where a defect was visible in a known ruling family explained as minor and hidden altogether in others.

John F. Kennedy was aware of and participating with the testing of a genetic family line tied to February 20 1961 and my birther 9 months after fertilization November 18 1961 and at the two year mark of developmental psychology research JFK was assassinated I believe motives by protecting the work by the Rockefellers, Dean Rusk, Dulles, Sottish Rites, and many others including Thorkil Kristensen.

By my father's accounts he also was in the missions to drop bombs 1 and 2 and if we had a third might have been called upon to deliver it as part of the composite team had not the Russians in Manchuria forced the surrender of the Japanese. As part of that work he was exposed to above ground blast(s) in Nevada and following that medically tested. Sindey Gotlieb and involuntary science (a speech biologist and assassin) would likely have been involved.

I believe I am a CIA Mafia victim and this victimization of me by mafia connections to a genome history of me are the direct and material motive of a string of Kennedy assassination and that Donald Barr, William Barr, the Bush family and other actors have mafia ties including through the FBI and since the Castro assassination attempts the close relationship with Mafia I can identify and are part of my family history remain a threat to the USA and the safety of the world including the dangers stemming from criminal control gained of the CIA, FBI, Department of Defense, and other Espionage and war grade posse departments of government under the control of Subversion connected office holders who have personal legal culpabilities to protect via abuse of power and possibly even entrance of the USA into unnecessary wars to maneuver an out strategy for themselves.

A compulsive and criminal obsession with my genome backs the theory illegal clones were done and studied and I believe based on my birth in Los Angeles California at the home of the North American Aviation P-51 and the Santa Susana Field Laboratory and near from there the Department of Energy atomic proving grounds at Los Vegas Nevada.

These areas of the Manhattan Project Donald Barr and others were close to my genome already part of a world history.

My mother is from North Carolina originally where Lee Harvey Oswald's last phone call attempt was too and this connects to my father in 1952 meeting her from his F-51D crash we are told and she of the with the Von Trapp singers in the

USA North Carolina continued to be a part of history.

I rely on statements of deceased Jen Moore very knowledgeable insider on Free mason history that exceed my own (and her knowledge of the CIA role in this) and her accounts of my mother at 850 N. Randolph Arlington Virginia where my mother and I lived matched Lee Harvey Oswald's (Nazis in the USA) accounts of me and Lee Harvey Oswald as well and that from the Kutscheras. and that information is quoted from both Jen Moore Ed Donegan and Jim Garrison and Harold Gainey and Glorian Gainey and other sources.

The Mafia murder of Jen Moore (I believe that so) follows the Mafia murder by Ron Pataki of Dorothy Kilgalen strict anti-mafia Roman Catholic friend of RFK and JFK and the murder of her by the Mafia facilitated interference with the career path of Ted Kennedy at least and also damped suspicion falling on the death of Roman Catholic representative Sony Bono of Palm Springs in the same week of the death of yet another Roman Catholic Kennedy family member.

James Paul Donegan was flying the F-84 or F-86 along with Francis Gary Powers (U-2) in Anti Iron Curtain recon it appears during the cold war and Lee Harvey Oswald true CIA Patriot may have been working on the history of the defense of England by Radar with P-51 Spitfires (the Spitfire was made as the P-51 in the USA) fought the bombing of Conventry in its finest hour, that part of history my father may also have flown in.

George H.W. Bush and the FBI NSA and CIA and DOD along with others were interested in the assassination of Fidel Castro and teamed with the Mafia.

This team continues to exist and is part of Big Business - Subtype Mafia backed NWO companies including Standard Oil and extensive British connection to oil barrel politics.

Many of today's leading media and government figures were

born into and continue this mafia based Subversion by assassination into power and political voice purchase into power.

I believe Mafia run by the FBI NSA likely Secret Service CIA and others are tied to these related events with the related death tolls

Most put the CIA Mafia Kennedy Martin Luther King suspicious death count at about 100 mostly CIA, FBI, or others, I add about 30 more in tied to the Boston Bombing and Dorchester JFK Library fire including the arresting officer FBI agents who fell from a helicopter and also other who shot and killed a witness and this ties to the infighting between the CIA Deep State and JFK administration.

I add about 15 suspicious deaths of my family or friends mostly to cancer or car accidents including my brother Tom Donegan my last surviving relative lost cancer and my best friend in high school and only close friend from a regular out of school context, this person being Chris Lloyd who lived in LAMORINDA California remote to the private school we took long drives to each day often together.

I add about 15 congress people in ranging from senators to representative Sonny Bonny and several Kennedy's campaigning for office or who died in office not usually counted in the tally. I add about 15 major actors in as victims and 30 as suspects. I add as many others do 9/11 and its ties to some secret Bush administration ties to the Saudi and Naval Intelligence history also tied to the JFK murders and in this is an attack on the Pentagon.

9/11 involve airliner crashes and I add many more in that the FBI has little interest in truly identifying through normal means and have usurped and discounted other norms in investigating including TWA Flight 800 and in most cases I can identify passengers tied to the world history I suggest.

I assert Havana Syndrome as out Deep State calls it is Little Rock Syndrome and the Secret Team inside our US Government is killing with radiation though denying it and blaming the Russians and I assert during the election of Barrack Obama Jr. and Biden as VP I was hit with radiation, raw source, inside a federal medical hospital just as JFK RFK friend and coworker RICO antagonist Ted Gunderson was asserting he was being poisoned and died and his records show at Mac Martin the last 4 digits of my SSN I say is tied to CIA testing and he said as well.

I believe as a former CIA agent said and Daniel Casalero agreed this Octopus of Business around teh world (Fine Fruit I think the John Foster Dulles business was) is tied big business mafia and that is a Shadow Ethic war in the USA as it favors British Fre Masons and an apolitical more or less at the very top Vatican in long term free mason programs rejected by political offiacial in the USA.

1511 and 1513 Ocean Drive Corpus Christi Texas are not marked and confusion exists but a Corpus Christi Police officer recently received information from me on these matters and I continue to update and suggest you view as credible witness provided evidence.

It is my understanding from political news sources that the FBI does background security checks even for the CIA and DOD if I have everything from Big Bang Theory and court appoints reports to the senate committees discussed in political debate.

From my own family I know there is a ‘birthday week” tie to studies of me, that my family likely comes from secretly studied abdicated royal family DNA somewhere in the world and by verbal reports of me family well connected trough out personal lives and our accounts inside the family of them today’s FBI and DOJ figures match the profile of infiltrators, and assertion a whistle blower Jen Moore said seeming connected herself has made.

It is my understanding and experience the FBI DOJ and even CIA is not only inseparable from Mafia dons they are indistinguishable from them, DuPoint and other family lines conducting mafia hits from in their offices at FBI DOJ though in the role of (infiltrating) Government offices as a toxin to those offices.

The architecture of the theory I suggest is the Boston Brahim are mafia connected and along with Southern Democrats (LBJ) formed an anti-communist plan using mafia assassins. Reaking of English Orange Ulster soccer club British tactics against the Republic of Ireland the Kennedy family rejected the plan.

Goerge H.W Bush and Donald Barr and LBJ Southern Democrats ousted the Northern Boston based Roman Catholic “puritans” in politics.

I would like to close this letter with an explanation of how I came to research and believe the unthinkable including the unthinkable about the FBI and CIA.

I had long noticed Barrack Obama had a personality type like mine subtle humor insightful and dismissive and difficult matters and his birth and people alleging connections to him were close to events in my life and the JFK story-line fit my life too.

I had always been led to believe there was A King Edward abdicated I had somewhere in my grandparents I had suspected some novelty castle title dating to the 1920s turmoil of Ireland and Norther Ireland.

Jen Moore (former Tracy California police officer, credible) had pointed her camera at 850 N. Randolph St Arlington Virginia the exact unit my mother lived in and told the story of a traumatized 9 year old girl from a family that escaped Nazi Germany and now the were OSS CIA Nazi tied family lines in the USA>

I believe she herself was possibly a child of Maria Kutschera or at least knew Glorian Donegan was and as Jen Moore explained it there was the “two competing philosophies” in that heritage, Nazi Kutschera and Windsors.

I believe she was correct that she would not be silenced, her videos are still online though the FBI and NSA fire many who support her narrative about Free Masons and the CIA smuggling Nazis into the USA and that CIA sometimes meant Catholics In Actions.

I count her among murdered (silenced) journalists ranging from Micheal Hastings to Dorothy Kilgallen who knew the real DNA experiments that the CIA NSA and DOD were involved in and how it tied to Glorian Donegan.

In her great unveiling the Shadow Government feared she outed Vatican II along the the CIA FBI and Free Masons and US Military programs to use Nazi tied immigrants to build MKULTRA backed sleepers for world rule who now in the USA and elsewhere are trying to hide their MKULTRA CIA FBI origins in part because that program operation depend on assassinating the Kennnedys and others.

Here videos below reordered here. Jen Moore was drive from society mocked for her Conspiracy Theories as was Robin Gritz her supporter and others yet Free Mason continue in power and abuse power to retain power.

> **Understanding Jen Moore can be done in six steps**
>
> **Step One: in Vienna Austria, Budapest Hungary, and other locations CIA and Psychoanalysis were study the brain**

During this time and today Free Masons continue to research JFK's brain and fOXP2. Prescott Bush and many others were long tied to this research and Eugenics

Step Two: Some came to the USA in 1926 during the rise of National Socialism of Germany

While Nazis were opposing England. Though while both predominantly white European nations this overlapped in history with German concepts of their origins and genetics or Central Europe and their theory of self identity

A particular person of interest was Maria Kutschera niece of Gestapo General Franz Kutcshera. The Baron Captain Von Trap (ret.) household Maria Kutschera was British Royalty friendly and in 1925 she likely bore 3 children for King Edward VIII of Windsor or Prince Albert of York. She arrived in the USA in 1926 leaving the convent and two of those children were Harold Gainey and Glorian Gainey in North Carolina with Capt Von Trapp and other dustbowl families, 7 of his own children by Agatha Whitehead.

Step Thee: Free Masons of Rockefellers and Little Rock Arkansas military camps of MKULTRA were part of this activity and continue to be

Camp Robinson in North Little Rock (Pulaski County) is home to the Arkansas National Guard and is the principal training area for the Arkansas Army National Guard. It is also used by a number of other military and civilian agencies.

The forerunner to Camp Robinson was known as Camp Pike, named in honor of **General Zebulon**

Montgomery Pike.

During the time between World War I and World War II, the post served as the headquarters of the Arkansas National Guard. Facilities to support the use of the post in this capacity were funded by sales of unneeded materials from the original camp. In addition, a large Civilian Conservation Corps (CCC) unit was stationed on the post, and the post hosted Citizen's Military Training Camps (CMTC) each summer. Future president and then-colonel Harry Truman commanded the 1933 CMTC. In 1937, Camp Pike was renamed for the late U.S. senator Joseph Taylor Robinson of Arkansas.

Pike was the leading free mason of all time along with the Rockefellers as Jen Moore points out and statutes to him are everywhere. Dean Rusk with work with the Rockefellers through is life as will Nixon.

Step Four: Sleeper Agents will infiltrate the 21st Century under CIA MKULTRA

During the CIA and Free Mason curiosity with the prorogation of the language defect called London KE (King Edward VII) FOXP2 gene many offspring were tested and studied including in the Bush Skywalker family line and later the Obama Jr family line and perhaps at least three NASA related families and perhaps the Cruz family, certainly the Rockefeller families, maybe a hundred by now. These or some of them from Glorian Donegan ovaries or Jim Donegan sperm

Step Five: Black Budges and Pizzagate

The Elites are abusing power to run a Mafia

scheme that destroys the fruition of Edward Paul Donegan's life by secretly funding themselves in a RICO scheme of suing his trust fund to pay for false allegations against him. While powerful families launch this scheme and Edwawrd Donegans life is destroyed the Elites feel safer because Ed Donegan biologically or by life outcome will never be compared to the elites nor will Ed Donegan have offspring of his own.

Step Six: Silencing

Those who have knowledge of the CIA matter are being assassinated preemptively so the truth will never emerge, and if it did, those who could attest to the truth will already be dead.

Jen Moores accounts are backed up by many others including Linda Newkirk and her Mountain Top (NSA?) Prophecies and metaphors in media outlets.

In the wider part I assert the CIA, FBI, Mafia, and variouis politicians have long interwoven into what was Operation Gladio described by PAUL L. WILLIAMS in the book *Operation Gladio - The Unholy Alliance between the Vatican, the CIA, and the Mafia* by PAUL L. WILLIAMS

> **Operation Gladio - The Unholy Alliance between the Vatican, the CIA, and the Mafia**
>
> **By Paul L Williams** *

> This disturbing expose describes a secret alliance forged at the close of World War II by the CIA, the Sicilian and US mafias, and the Vatican to thwart the possibility of a Communist invasion of Europe. Journalist Paul L. Williams presents evidence suggesting the existence of “stay-behind” units in many European countries consisting of five thousand to fifteen thousand military operatives. According to the author’s research, the initial funding for these guerilla armies came from the sale of large stocks of SS morphine that had been smuggled out of Germany and Italy and of bogus British bank notes that had been produced in concentration camps by skilled counterfeiters. As the Cold War intensified, the units were used not only to ward off possible invaders, but also to thwart the rise of left-wing movements in South America and NATO-based countries by terror attacks. Williams argues that Operation Gladio soon gave rise to the toppling of governments, wholesale genocide, the formation of death squads, financial scandals on a grand scale, the creation of the mujahideen, an international narcotics network, and, most recently, the ascendancy of Jorge Mario Bergoglio, a Jesuit cleric with strong ties to Operation Condor (an outgrowth of Gladio in Argentina) as Pope Francis I.Sure to be controversial, Operation Gladio connects the dots in ways the mainstream media often overlooks.

And I describe in my letter to the US Secret Service on the Kennedy Assasinations that a CIA FBI backed Mafia is destroying my life with smears and public attacks desinged to destroy my life while allowing the State backed mafia to prosper.

Targeted Victims of Mafia Black Budget Gangstalks

Jen Moore was herself a victim of a GangStalk and that is a Free Masonry *Rough Noise* system to destroy a person's life.

Below are the mechanisms of the GangStalk

- ***Union Hall*** : Masonic Labor halls of Masters and Apprentice

- ***Frame-Jobbers*** : Those laborers who will take the job of framing a Non Mason by planting children's underwear near a person, acting out that the Stalk victim is a Russian spy by being pictured handing stolen US documents to the Stalk Victim, Stalker making incriminating monologues near the Stalk Victim that appears dialogue

- ***Two-Hatters*** : Donald Barr, William Barr, Christopher Wray, The Bush Family, others who explain the orders for Frame-jobbers to STalk a person will come from official fire, police, and other first repsponder office holders, to the Stalk Victim will not be able to fight off the GansStalk

- ***Smear Merchants*** : Be it Rumor Mongers will talk up the smear or media companies who will promote dis-truth about honest people and help guilty people avoid guilt. CIA Mockingbird uses the MSM to blame Russia

for radiation attacks inside the USA that are really CIA attacks FBI DOJ Bureau of Prison attacks using radiation, and the CIA places blame instead on Russia

- ***Roadblockers*** : Roadblockers surveill a victim of Targeting illegally and disrupt what the Targeted Victim is doing, often taking the activity over themselves and leaving the Targeted Victim roadbloackd and completely out of future activities, also called Ghosting

- ***Disrupting Bullies*** Part of the GangStalks *Rough Noise* affect is to disrupt and ordinary day of an ordinary stalk victim. If I go have coffee a Stalk team in the coffee shop will place females buttocks exposed in my direction. As I am reading a book on my cell phone the will move into my smartphone lens direction and begin taking picture and dialing my phone in an abusive Pantomime that makes me seem to others, smears me by staged appearances, I was photographing females in public, making my use of the coffee shop risky and prone to fighting with those in the coffee shop and the time in the coffee shop harassed.

Is Defamation criminal? Yes; in certain contexts such as Conspiracy Against Rights using Defamation to encourage violation of lease agreements or employment status, cause other harms and do so under Color of Law, the Defamation uttered to a persons face can be sexually abusive, inappropriate, sexual harassment, and be part

of creating a false and abusive Legend about a person such that the defamed person can be blamed elsewhere for acts of a doppple of a defamed person.

The Total Bamboozle and destroying my life in violation of 18 USC Chapter 73 so Free Masons can hid what assassinated Jen Moore was disclosing

The Triad surrounding Edward Paul Donegan. Past was Dorchester Massachusetts Kennnedys Donegan. Present is half brother Barrack Obama Jr operatives attacking me. Future is George Bush TExas DPS faking my REALID, addresses, surfing child porn as me and going to Domimnatirexs as me, or creating false arrest of me and break ins to my hume to undermine my home.

This is the Saudi oil plan to create Obama Jr, Assassinate JFK, and help Bush and Obama Red State Texas cover it up but continue the Saudi Royal Rockefeller Standard Oil plans.

From the perspective of a Boeing 767 captain and former “special activities” contract pilot, Philip Marshall straps the reader into the cockpits of hijacked commercial airliners to tell the story of the most sophisticated terrorist attack in history. Based on a comprehensive ten-year study into the murders of his fellow pilots on 9/11, he explains how hijackers, novice pilots at the controls of massive guided missiles, were able to beat United States Air Force fighters to iconic targets with advanced maneuvering, daring speeds and a kamikaze finish. But, as Marshall explains, the tactical plan was so precise that it rules out car-bombers and shoe-bombers known as al Qaeda, KSM and Osama bin Laden. So then, who was it?

Phillip Marshall, a former airplane pilot and author whose works included the 2003 novel “Lakefront Airport,” - “False Flag 911: How Bush, Cheney and the Saudis Created the Post-911 World (08)” and “The Big Bamboozle: 9/11 and the War on Terror,” a 2012 publication in which Marshall theorized it wasn’t al-Qaida but rather U.S. and Saudi government officials who orchestrated 9/11, was found dead along with his two children in their Murphrys-area home in California. Reports indicate all 3 died of gunshot wounds.

Philip Marshall, a veteran airline captain and former government “special activities” contract pilot, has authored three books on Top Secret America, a group presently conducting business as the United States Intelligence Community. Beginning with his role in the 1980s as a Learjet captain first as part of a Drug Enforcement Administration (DEA) sting on Pablo Escobar, and later in the covert arming of the Nicaraguan Contras

Assassinations of Perosona Non-Gratus

- ***Phillip Marshall and his family*** : One of the most famous or the stories not in the Mainstream Media but more are out there and tied to the Middle East North Africa Airport and CIA operaions from there into Latin American and the Middle East likely focused on Saudi Arabia and that aiprort constructed in 1961 following VP Nixon and George H.W. Bush CIA plans

- ***Joseph Daniel Casolaro*** : His death became controversial because his notes suggested he was in Martinsburg to meet a source about a story he called “the Octopus”. Plausible Denial Plausible Denial: Was the CIA Involved in the Assassination of JFK? is a 1991 book by American attorney, Mark Lane that outlines his theory that former Watergate figure E. Howard Hunt was involved with the Central Intelligence Agency in the assassination of United States President John F. Kennedy.[1][2] Published by Thunder's Mouth Press, the book chronicles Lane's legal defense of Liberty Lobby, a right-wing political group that was sued for libel by Hunt after it published an article in its weekly paper, The Spotlight, linking Hunt - a former CIA operative - to the assassination.

Lane's chief source for Plausible Denial was Marita Lorenz, a woman contacted by Lane during the suit who provided a deposition stating that on the day prior to the assassination she transported guns from Miami to Dallas where she met Hunt, Frank Sturgis, and Jack Ruby.[4] In the book, Lane stated that the CIA arranged the assassination of Kennedy because Kennedy had planned to destroy the Agency.[4] Others said by Lane to be involved in a conspiracy included George H. W. Bush and George de Mohrenschildt, who he implicated as CIA agents.

In the book, Lane also blames the media for their failure to cover the trial and their lack of credence given

to Kennedy assassination theories.

Marita Lorenz in Bremen, the daughter of Alice June (née Lofland) and Heinrich Lorenz. She had a sister, Valerie, and two brothers, Joachim and Manfred "Philip".[2] Her father, a wealthy German navy captain, became commander of a fleet of U-boats when Germany invaded Poland two weeks after Marita was born and was subsequently taken prisoner after his ship was captured; he was interned in a P.O.W. camp in England. From Wikipedia the free encyclopedia/

After liberation by the allies, the Lorenz family moved to Bremerhaven. Alice began working for U.S. Army intelligence, and then the OSS, the U.S. wartime foreign intelligence agency predating the CIA.

Her mother, who was born in Delaware, was an actress and dancer who performed under the stage name June Paget. Earlier in the war she had been recruited for the French underground by British intelligence after she aided the rescue a French soldier and British pilot. Accused of helping forced laborers in Bremen escape, Marita and her mother were incarcerated in the Bergen-Belsen concentration camp in 1944. In February 1959, weeks after the conclusion of the Cuban Revolution, Lorenz arrived in Havana with her father on board the MS Berlin. Fidel Castro and his men visited the ship and Castro took a liking to the 19-year-old girl. After dinner, the Berlin set sail for New York. Lorenz disembarked in Manhattan, where she would be living with her brother Joachim, a student at Columbia University. From Wikipedia the free encyclopedia/

Allies in Control of the United States and the World After initial publication in 1973, Prentice-Hall republished The Secret Team in 1992 and 1997. The book was published again in 2008 and 2011 by Skyhorse Publishing, the latter edition including an introduction by Jesse Ventura.

Author of Secret Team Leroy Fletcher Prouty (January 24, 1917 - June 5, 2001)[1] served as Chief of Special Operations for the Joint Chiefs of Staff under President John F. Kennedy. A former colonel in the United States Air Force, he retired from military service to become a bank executive. He subsequently became a critic of U.S. foreign policy, particularly the covert activities of the Central Intelligence Agency (CIA), about which he had considerable inside knowledge.

Prouty was the inspiration for the character “Mr. X” in Oliver Stone’s film JFK.

Although I Edward Paul DOnegan have not kept up with Massachussets family it is possible the Donegans and Proutys are connected by one marriage and first cousins as well as social partners in the 60s and 70s.

For this story, this thread of events, to unfold to the reader I must introduce the materiality of it so when events are seen they can be recognized for what they are and that is the pricise opposite of what the conspiracy wishes but the story depends on well established analysis.

Our technique here is to examine what was out of baseline for the evidence given and that did not include what was hidden but the alteration of what was given does reveal what is still not visible but discover-able from this alone and other out of baseline events like it.

In a normal burglary, even had this been a normal burglary of office equipment, the original police officer's work and my activities at the 1001 N. Water Street Corpus Christi Neuces County Texas apartment would have been a matter of routine.

But the police report was altered and the law enforcement arriving after the first police officers acted in non-sequitor ways, did not follow the facts and made attempts not to develop facts but instead narrate events that did not fit the unfolding of events I was witness to the police report as it was issued by CCPD was disconnected from reality as was the response from ARC of Northern Virginia that had some records role such as the serial number of the equipment stolen.

The movie related to the story Jen Moore was talking about, the history of Edward Paul Donegan in the USA and the CIA OSS History tied to 850 N. Randolph and Free Masonry that I think saved Maria Kutschera from Austria while pregnant. She and Tom Donegan are now deceased and I think tied to that same history as the Trust Fund and genetic history of the Donegan's through her will, drawn up while she lived in that

apartment, and part of the reason she lived in that apartment a few miles, walkings distance using one the WMATA, was what the criminal racketeering in the 1001 N. Water Stree MacMalamar building concerned.

My mention of Corpus_Christi PD 1911030057 burglary here is my starting example of what I am going to be doing and it is one of my best examples. What I intend to do is show a string of events from 2014 through 2024 that if we take the out of baseline elements together we can see the hidden on their affects of events that are out of baseline.

These are now the workings of my mind. Some have said (it seems the CIA and FBI and DOJ) that I have bipolar delusions, torture the helpless rather help the helpless, and that is the make up of a white supremacist, delusional and dangerous.

Title 18 of the United States Code is the main criminal code of the federal government of the United States. The Title deals with federal crimes and criminal procedure. Chapter 73 covers acts of bstruction of justice that crime being hindering of witnesses to criminal matters, faking evidence, intimidating criminal justice officials, or other types of acts the supres the

operation of the criminal justice system such as interfering with process service from the courts, etc.,

I Edward Paul Donegan assert illegal CIA and FBI and Secret Service tied to politicians and aligned mafia acts are attacking witnesses in a way outlawed by 18 USC 73 because without doing so high power officials would be discovered to be guilty of crimes in other chapters.

They include Chapter 84: Presidential and Presidential staff assassination, kidnapping, and assault, 18 U.S. Code Chapter 37 - ESPIONAGE AND CENSORSHIP § 793. Gathering, transmitting or losing defense information such as CIA materials related to MKULTRA, and other acts of Treason and Subversion including overthrow of Constitutional offices by succeeding in assassination for course clearing into office.

Road Blocking

Road Blocking is the secretive way various people are harassed by Hidden Hands the Stasi system of illegal use of police services to quietly smear a person by rumors to their office workers, plants of child porn or drugs, or perhaps under cover as an X-RAY technician giving a lethal does of radiation, tampering with a cars breaks to kill a journalist, etc., so their story they are working on does not make it into the press or their candidacy in politics fails.

Road Clearing

For CIA FBI DOJ NSA preferred candidates journalists who are researching the background of say George H.W. Bush may be assassinated by the Mafia who are relationships wiht the Deep State in the CIA or FBI. A Russian phrase once was “doing dirty things with clean hands” “The government’s failure to tackle Russian kleptocrats laundering ‘dirty money’ through the UK has led millions of pounds used to finance Putin’s invasion of Ukraine to flow through London, a powerful committee of MPs has warned. ” This is true in all countries and the US Media Establishment if full of financial ties to the Cabal and run favorable stories about the CIA backed US system and intimidate opposition to the CIA cabal.

The assassination of targeting of journalists (I think Lara Loan among them) allows CIA NSA DOD backed candidates to proceed unchallenged and this is *road clearing* for CIA backed candidates.

Revers Gestapo

Gestapo asked friends and family turn in data on syspected spies to Gestapo. GanGstalk turns alleged spies into their coworkers and families.

Edward Paul Donegan

I hope it less than fateful to write the FBI on these matters, I hope it useful and tactictcally I hope I am writing a person younger than myself so that you might wonder of someday you might think the same thing or that my opinion is shaped by some age or events you have not yet encountered and are thus more inclined to tolerate and consider this message.

One of the most astute things I have ever overheard in my life was a prisoner I believe in a Baltmore Maryland super-max complaining to a sheriff or federal corrections officer “You just don’t get it. You don’t get who you are, who I am, or even that we may be switched some day. I just don’t think you think” or something to that affect.

So let me start now on who is who, often a question asked by the FBI and many others.

If one in the USA thinks about the FBI, or perhaps a person in India, Pakistan, Thailand, Sweden, or elsewhere that person may think of Sean Connery a beat cop and later the battle against Al Capon and other Untouchables.

The Untouchables is a 1987 American crime film directed by Brian De Palma, produced by Art Linson, written by David Mamet, and based on the book of the same name (1957). The film stars Kevin Costner, Charles Martin Smith, Andy García, Robert De Niro, and Sean Connery, and follows Eliot Ness (Costner) as he forms the Untouchables team to bring Al Capone (De Niro) to justice during Prohibition. The Grammy Award-nominated score was composed by Ennio Morricone and features period music by Duke Ellington.

If we were to accept that we might also think of Democracy in America and Criminal Justice as Social Justice such as the French Revolution provided at great expense to the cast and characters of Les Misérables throwing off their aristocratic oppressors and hoping to find that in Atlantic Revolutions born USA as well.

Alexis de Tocquevillebegins his bookDe La Démocratie en Amérique by describing the change in social conditions taking place. He observed that over the previous seven hundred years the social and economic conditions of men had become more equal. The aristocracy, Tocqueville believed, was gradually disappearing as the modern world experienced the beneficial effects of equality. Tocqueville traced the development of equality to a number of factors, such as granting all men permission to enter the clergy, widespread economic opportunity resulting from the growth of trade and commerce, the royal sale of titles of nobility as a monarchical fundraising tool, and the abolition of primogeniture. From Wikipedia the free encyclopedia/

Tocqueville described this revolution as a “providential fact”[5] of an “irresistible revolution,” leading some to criticize the determinism found in the book. However, based on Tocqueville’s correspondences with friends and colleagues, Marvin Zetterbaum, Professor Emeritus at University of California Davis, concludes that the Frenchman never accepted democracy as determined or inevitable. He did, however, consider equality more just and therefore found himself among its partisans. From Wikipedia the free encyclopedia/

Given the social state that was emerging, Tocqueville believed that a “new political science” would be needed, in order to: From Wikipedia the free encyclopedia/

> Instruct democracy, if possible to reanimate its beliefs, to purify its motives, to regulate its movements, to substitute little by little the science of affairs for its inexperience, and knowledge of its true instincts for its blind instincts; to adapt its government to time and place; to modify it according to circumstances and men: such is the first duty imposed on those who direct society in our day.[7] The remainder of the book can be interpreted as an attempt to accomplish this goal, thereby giving advice to those people who would experience this change in social states.

And yet none of the above is true.

Having been “hassled” by the FBI, arrested by it, investigated by it, attacked by it, and in turn investigation the actions and causes of FBI programs launched against me I find my cinematic experiences were overpaid.

Various “conspiracy theories” have existed in government (Congress) the Press, alt-right media, sovereign movements, and elsewhere of a Deep State, A Shadow Government, A Cabal of devilish greedy Jews, a secret NWO, plans to conquer and imprison the human race or the white race, etc.,

These have ranged from MENA Airport CIA conspiracy theories, Business Plot theories, Operation 40 theories, and various other names to perennial doubts about who is really in charge and what do the really want.

As best I can tell it is as simple as flipping the stereotype. The

Mafia, business using muscle to keep in social control like in Al Capone's Chicago running liquor from Canada across the Great Lakes into the USA during prohibtion is more the FBI model than the mafia model of existence.

The FBI seems to have been founded as big business support including union busting Irish doc worker unions, backing assassinations around the world to get US big business puppets into power at home and abroad, and to maintain close criminal assets relationships to have the mafia muscle to meet the FBI goals of assisting the boards of directors they work for while not on the job at the FBI.

It appears my family the Donegan Family is one of many victims of the George H.W. Bush flagge group of big business cartel companies who keep victims dead and business operating.

I believe the FBI to be nothing more than gangland enforces for the most dangerous of illegal US and NWO businesses and it seems as best I can tell tha twas always written into the role of the FBI and this is why the anti mafi types including Robert F. Kennedy seem to have so much bad luck come their way.

Subject: Abusive "Organized Stalk"

The following is an Arlington County Virginia police report on the events before I came to Texas and what is ongoing in Texas as well as my version of illegla police abuse of me utilizing criminal elements as participants in COINTELPRO.

https://patch.com/virginia/arlington-va/crime-report-feb-23-29 Crime Report: Feb. 23 - 29: The following arrest information was supplied by the Arlington County Police Department. It does not indicate a conviction. Abby Albright, Patch Staff Verified Patch Staff Badge

POLICE BLOTTER BURGLARY, 02/26/12, 3800 block of N 7th Street. On February 26, at 11 am, a victim's neighbor entered her apartment and threatened her with a knife. The subject fled the apartment when the victim's friends heard the commotion and came into the room from the kitchen. Edward Donegan, 50, of Arlington, was located by police and charged with burglary with intent to commit a felony. https://patch.com/virginia/arlington-va/crime-report-feb-23-29

This story is what did break my fathers heart, broke my right arm that is still deteriorating, and was my attempt to stop a money laundering fraud Jen Moore later died over and I believe led to the deaths of several homeless people (Jimmy and

Bobby) of Corpus Christi, Neuces County and here is my version of it.

I had a friendley relationshipo with the disbaled neighbor who was moved in next to me by Social Servies but she was part of a GangStalk and at one time not not but a person in her apartment was asked if he would assault me. I do not know who either of those people were. She (who lived their alone) had just returned from shopping and her door accross the hall from me was open. She had some scuzzy friends who did threaten me and I had also seen miswiring of the building as had occured in other locations I live. I entered her apartment having a kitchen knife utensil with me and asked her why she was saying things like "my hard candy" was on the say. I said I am a diabetic and don't eat hard candy. She was making references to sex outcall services that were going on in my complex but though inculpated as such I was not invovled in. I merely entered her apartment, ask her if my brother Tom Donegan the Trust Fund manager had anything to do with this, and she said no altough at other times she had indicated yes. I said OK to her and walke back out of the apartment that had an open door from the start and I was only a singe foots distance into it so I could see her around the wall as she was towards the kticher wiht her new grocersis she was translporting armfull by armfull into the apartment.

The police arrived and I faced what woudl have been the rest of my life in state prison. Since then I have been in many disputes with others implicating me in what I am not involvved in.

I confronted her and that operation several times moslty from oustside her door and the illegal operaiton continued and I was in a despeate state from my brotehr denying payments for medical servies and rent from the trust fund. After misdemeanor charges and my father threating suicide over the conflicts I was in over the operation I finallly arrived in Texas hoping the wierd stalk of me would nto follow me here. The pretrial activities involved long detenstions and pscy ward commitments costing me most of my from 50 years old and

being in great shape to homeless with advanced diabets and being 62 with crhonic medial terminal diseaes.

I have been subjected to a form of police harassment known as an Organized Stalk, propaganda system designed to be abusive to both a Stalk victim and the city population generally.

“Emergencies” are staged where I am such that when the general public of Austin see indications of an emergency in my presence the general public is deceived and I am ostracized by abusive and non cooperative treatment.

Organized Stalks are police harassment meant as part of COINTELPRO to destroy lives and both civilly (rental contracts for apartments, state issued IDs, etc.,) and psychologically by abusive to the Targeted person, the person the police have singled out for clandestine abuse.

The clandestine abuse takes the form of backroom conversations, smear campaigns, influence efforts, use of the ability to pull strings or request favors, are plant evidence to be shown around in such a manner as to make life difficult for the person experiencing police abuse called Gang Stalk.

I believe this is because my family participated in Atomic Testing and other CIA activities during and following WWII and the CIA had access to DNA from our family (Nevada above ground testing) and John McCone of the Atomic Energy Commission, JFK, Col Fletcher Prouty, and others were tied to the CIA's assassinations and biological weapons program Frank Olson was involved in Fort Dietrich Maryland.

From SelectQuote to my Neighborhood – SelectQuote Review

As Tom Dunham notes

In Figures 3 and 4 it can be seen that the strewn items are connected to government officials here it is seen one of them is Lori Cox who works or worked for some form of social services Oakland but was part of a stalking operation in Texas. The mimic of Edward Donegan and Tom Dunham often have web pages with names slightly wrong and may be from Columbia Mexico, Bangladesh, or other locations and variations of spelling too minor for even Tom Dunham to notice at first but the pages represent him and myself as schizophrenic and delusional.

The public may believe these the web pages of him or I and not the web pages of sock puppet imitators of him or I in smear effort against us.

Jen Moore who was assassinated and Edward Paul Donegan assert connections to the Kennedy assassination and Boston family history fo the Donegan and further back the story of GLorian Donegan family history is what is being silenced as

Edward Paul Donegan is ostracized and Jen Moore was murdered.

There has been some Oakland and San Francisco connections in that Tom Dunham and Edward Donegan experienced this in San Francisco and Lori Cox of Oakland was a name of a Motel 6 Studio Six receipt of cash payment for a room near mine and that receipt has been used to wipe the bowl of a crack or meth pipe and left with similarly sooted rags outside my open hotel room door while I looked for housingin Austin Texas.

Many like him close to the VP Nixon 1952 to 1960 era officials are tied to the life of the Donegans and I am the last living Donegan.

I am writing a book about the family role in the Kennedy assassinations and that the politicians who rose to power following that (Bush family, Barr family, Burns family, Nixon family, now Obama Jr family) had CIA ties to the events now being covered up.

While there are interesting aspects to my life such as ADHD and a non traditional path into white collar high tech, police harassment has for decades driving me out of homes jobs and I can show this is long term police harassment, and now I can show why as the truth of the JFK assassination and ties to atomic testing and biological weapons research is being declassified.

The smear campaign is contradicted by who I am but the staged appearances of people around me acting out roles in particular of being victimized by me will create an image of me that will play to the fears of the very locations I need most such as housing, home office and library, gym, and social relationships.

I moved into an inexpensive living town along the Southern US border and iflmatory conduct and actions of that towns immigrant population created a tension between me and the

blacks and Hispanics of a skid row area making me seem a threat to low income housing.

Part of the tension arose from when they created the appearance I was a threat to children and they sued my trust fund as if I was and they had staged the appearance I was.

In the gym I needed to fight diabetes and have healthy relationships with other healthy people thy put provocatively overly tight yoga pants females in front of me on machines, stair cases, and other locations and began smear campaign I had a buttocks fetish and would position myself in the gym accordingly.

In the library unlike grade-schools children and adults have full run of the library and it made to look like in libraries I am a threat to minors who are also in the library.

These smear campaigns are not the only abuse I have been subjected to.

As I have continued to use home office and library resources to write my book I have had break-ins, threats, distractions created, etc.,

When I attempted to look for an apartment to lease or a home to buy while in Austin my motel doors were found ajar by me and meth paraphernalia was strewn outside in plain view of what also in plain view a motel room with my belongings in it.

This is illegal activity and tied to homicides concealing illegal operations.

> Investigative Journalist Jen Moore [following up on her work as a former Tracy California police officer who conducted investigations of sexual assaults and later after becoming disabled went on the field of psychology

> and worked in that area] was found dead in a suburban Washington D.C. hotel room Monday. August 20, 2018, according to police and shocked and distraught friends and colleagues.
>
> Moore died of an apparent seizure. Police are closely investigating the cause of death after former FBI Agent Robyn Gritz, a friend of Moore's, made inquiries with homicide detectives Monday afternoon in Prince Georges County, Maryland. Preliminary reports from police said the death was not the result of suicide.

Jen moore in 2018 was reporting on the life of Glorian Donegan my mother and myself and had filmed in several of her videos on YouTube the residence at 850 N. Randoph st Virginia second floor two bedroom apartment.

It was in that location she had made her will out, several versions often distrustful of Tom Donegan's partner Mark Wierness and thus distrustfull of Tom himself and in her wills she divided her assets in half from the sale of the house in Moraga California at 52 Lambeth Square as direct inheritance for Tom Donegan and the remaining half in a Special Needs Trust Fund for the needs of Edward Paul Donegan (myself.)

The will and estate of Glorian Donegan was being abused by an illegal operation using gambit children children being victimed by sexualization so that at least one and perhaps more churchgroups could claim to be victims of Edward Paul Donegan in child courts with the trust fund being the entity that would pay out assets from the trust fund designated for Edward Paul Donegan and his finacial liabilties to doctors, lawyers, other forms of goods or services or indebtedness.

The death of Jen Moore occured as I was documenting a false flag situation of insurance fraud where police assisted a double of me in victimizing gambit children so my trust fund would pay for allegations against me defaming me.

That form of police harrasment may have several motives but a single means of operation.

Afte the death of Jen Moore I had returned to Corpus Christi were some form of police or police assets had control of the rental office and began confusing lease information, telecom information such as the labelign of wiring to apartments, incorrect unit numbers, etc., on units such that in the confusion my life could be confused with the duplicitous acts of those near me in neighboring units.

It was not difficult for an undercover operation to take over a very small leasing office or request its cooperation but the misdeeds of those operatives lef me homeless as the sham allegations I am linked to succeeded with the public and local magistrates overseeig evictions.

> Did she think she could be harmed? Absolutely. This woman was fearless. Absolute warrior. A former cop. I don't think she was afraid of anyone or anything."

Her former FBI Agent Robyn Grit has since been discharged from thre FBI on minor misconduct charges; however, I, Edward Paul Donegan believe high level FBI and CIA officials have illegal conduct underway that is tied to long term rises to power of various familes now serving in police and espionage who gained power as the CIA begain its assasinations program and this is tied to the Donegan family history as Jen Moore accurately had reproted.

The reporting on what Jen Moore actuall alledged is innacurate and wrongly Clinton focused but I can correct that and the person about whom she had been reporting on before her death as a whistle-blower.

Death of Jen Moore infro http://www.patriotortraitor.com/jen-moore/ and https://www.youtube.com/©taskforcewhistleblowersjou2924/videos and https://www.youtube.com/watch?v=5Bo1it0_kss and https://www.bitchute.com/channel/MDFurwH9V3ps/

I have said Robyn Gritz had doubts as to whether Jen Moore's death was homocide. I will again assert Robyn Gritz and I have equalk though different and independent reason to believe the Jen Moore was as she said she had been threated "silenced."

Robyn Gritz is now at the Gold Institute for International Strategy

My own basis being Edward Paul Donegan is the internal oral history and written history of the Donegan and Gainey and Dew families I come from and was raised in and the affects of Gang Stalk on several family members and others I have known including Veronica Hoffman.

Many consider the death in a pscyhiatric hospital of Veronica Hoffman (Cybergoth star, clothes line designer, club performance artists, dominatrix, and underground goth publications media member) a suicide.

The Jewish activist and proud memer of the Los Angeles Jewish community was tricked into as a lark wearing Nazi clothing, and was by those around her calling themselves Lyndon LaRouchers who is an alt right figure tied in some people's mind to Nazism had her life destroyed, lost roomates and was constantly pestered by harrassing phone call to the point she dissambled her phone and other phones around her, called out in agony at stalker harrassmenet and died shortly after loosing her apartmente short of money in a pscyward death.

Abusive stalking activities smearing Targeted people with appearances that will undermine their lives is targeted towards what kind of Reflexive Control of a Targeted person's support group will take.

The question posed by abusive police is "How can we get this person fired from a job, thrown out of a library, denied access to housing, etc.," and build the neccessary smear accordingly linking the targeted person to things others woudl find toxic about the surrounded person.

My own father went through this years ago.

Most assert the covert act of stalking a person and destroying their lives are the acts of cowardice of high ranking corrupt figures who fear the person whose life is being destroyed and like the Watergate break-in is deniable attempts to of the powerfull, the elites, to hide from guilt by Abuse of Power.

Jen Moore asserted the elites in D.C. have much to hide and the story of the Donegan family is what they need to hide the most.

Jen Moore is correct, was correct, and I will amplify on her available statemets she made in her own voice and stillon the record on YouTub, Bitchute, and other locations.

A Cabal of both parties very high elites have backround themselves or in their families of NWO world assasinoations programs that included the Vatica, Free Masons, and others in big business like Operation 40 and themselves still in government or their family members in government hope by covert acts to cover their guild by abusing the CIA, FBI, or other agency power they command.

It is my belief that the purpose of noisily abusive harrassment of a person in their activities my activities include writing my book about the FBI and CIA are designed to be so malicious and disturbing as to be attempts to Engage rather than Enrage.

It is commonly said a Targeted person is crazy and will likely attempt to fight someone with little or no reason and if a Targeted person does engage with a Stalker the Targeted person will be engaged by police or security after the Targeed person engaged with the stalker in some way.

The Peace of the environment is disturbed and left to the unauthorized acts of the stalked person to remediate, leading to expulsion or arrest of the stalked person.

Subject: Smear Campaign and Public and Private harassment and retaliation JS Mill On LIberty Message: In England, from the peculiar circumstances of our political history, though the yoke of opinion is perhaps heavier, that of law is lighter, than in most other countries of Europe; and there is considerable jealousy of direct interference, by the legislative or the executive power, with private conduct; not so much from any just regard for the independence of the individual, as from the still subsisting habit of looking on the government as representing an opposite interest to the public. The majority have not yet learnt to feel the power of the government their power, or its opinions their opinions. When they do so, individual liberty will probably be as much exposed to invasion from the government, as it already is from public opinion.

I shall content myself with saying, that the subject has been at all times one of the open questions of morals; that the act of a private citizen in striking down a criminal, who, by raising himself above the law, has placed himself beyond the reach of legal punishment or control, has been accounted by whole nations, and by some of the best and wisest of men, not a crime, but an act of exalted virtue; and that, right or wrong, it is not of the nature of assassination, but of civil war.

The object of this Essay is to assert one very simple principle, as entitled to govern absolutely the dealings of society with the individual in the way of compulsion and control, whether the means used be physical force in the form of legal penalties, or the moral coercion of public opinion.

CHAPTER IV.

OF THE LIMITS TO THE AUTHORITY OF SOCIETY OVER THE INDIVIDUAL.

We have a right, also, in various ways, to act upon our unfavourable opinion of any one, not to the oppression of his individuality, but in the exercise of ours. We are not bound, for example, to seek his society; we have a right to avoid it (though not to parade the avoidance), for we have a right to choose the society most acceptable to us. We[Pg 146] have a right, and it may be our duty, to caution others against him, if we think his example or conversation likely to have a pernicious effect on those with whom he associates. We may give others a preference over him in optional good offices, except those which tend to his improvement.

re: The fraudulent and criminal maladministration of the will and Trust Fund of Glorian Donegan.

My genome and family life history has concealed history tied to the FOXP2 gene that is also known as the LONDON KE FAMILY gene of speech, grammar, and other defects that come from my mother's side of my genome and the theft of the computer was related to my renting The Kings Speech.

By definition of Money Laundering the fraudulent activities often are disguised as non-fraudulent and are carefully designed to escape detection as fraud even under scrutiny or while conducted publicly in public institutions andf often using manufactured pretexts to justify wrongful actions.

Knowing that the activities are fraudulent and knowing the criminal actors seeking criminal gains have used techniques in fraud which are well know in con artists circles and racketeering operations I have had to pursue information in those domains of knowledge to effectively provide a factual fraud case description to you and thus accompanying this letter (an open letter) I have provided that factual and legal theory information.

Ins summary Glorian Donegan my mother left a trust fund intended only for me.

Quackery and modification of the will for its exploitation by behavioral health services was foundation work for the fraud in the trust fund administration to defuse the value of the trust into families the trust was not intended for though families the Quacks administering the trust fund wish to use its value for.

Quackery, often synonymous with health fraud, is the promotion of fraudulent or ignorant medical practices. In my case a Trust Fund which broke the Trust illegally to form a corrupt Cartel of criminal racket organized criminal enterprise. Behavioral Health Care in concert with powerful politicians abusing their power and influence allowed the trust to both medically and factually architect errors to redirect assets and liabilities among multiple parties as if in stock trades arranging trading buy and sells from the floor in way that times the best trade timing for preferred investors.

Common elements of general quackery include questionable diagnoses using questionable diagnostic tests, as well as untested or refuted treatments, especially for serious diseases such as cancer. Quackery is often described as “health fraud” with the salient characteristic of aggressive promotion and can and criminal gains.

Obstruction of Justice is a process of creating errors in the administration of Justice. The Trust was illegally modified such that it could be targeted by fraudsters and then subjected to fraudulent claims such as bogus asset seizures requests, protection racket money, and other purposes of fake claims against for restitution in justice proceedings could be manufactured under false pretexts and carefully staged events which created “false [implied] narratives of events” also called “Legends” or false by seemingly true pseudo-reality.

My family is composed of a very secret but historically important background that includes sleeper agents, CIA plans, and groomed leaders for 21st Century high profile espionage operations that came down to internal disputes in the CIA and still reflect what amounts to a civil war of illegal operations conducted inside and outside the USA.

Highly informed and document holder Jen Moore described these activities and my household with my mother Glorian Donegan at 850 N. Randolph #21 Virginia USA where she made her will and trust out for the asset once represented by

the house value that was the source of her savings left as trust to me after its value was split among my brother Tom Donegan and myself.

The other hard copy letter I provide to you in addition to this one is the open letter I have written to the coroner of Jen Moore.

In addition to that I provide extensive data and case factual theory on a CDROM I am submitting as well.

Letter To Mac Lamar on fraud via Receipts and Payments-Disbursements journal errors facilitating Obstruction of Justice

TO: MAC LAMAR MANAGEMENT LLC
FROM: Edward Paul Donegan 1513 apt 5

I suspect Fraudulent Activity at 1511 I hope I am not erroneously linked to.

I initially had the address wrong as 1511 apt 5 but I came to find out Apartment 5 has its own building address as 1513, joined physical but differing postal addresses.

I have asked my error not be perpetuated in accounting but has been creating a concatenated “virtual” or “pseudo” apartment which may draw its properties and associated events from either 1513 or 1511.

While I do ask for rides to the store, etc., from those with cars, and social with, and normally communicating with my neighbors here and at 1001 N. Water St they have talked of “illegal animal husbandry” made reference to illegal acts in drug and weapons trade though seeming felons in possession and made child porn references all of which I have contacted you and the police over as illegal activity.

Recently on a about 4/18/2022 I asked a adult erotic model advertising compliance with laws if she would like to visit Texas coming to my apartment in 1513 #5 and sending pictures of my unit, inside gym, proximity to the park, etc., since she was a health fanatic.

I never heard from her but a friend of her later posted about some psycho involved in activities in his or his mother's basement. Could this be tied to activities at 1511? They have had floor work done after a flood in the apartment and 1513_6 had its floor redone. The occupant of Unit 6 had a small female child with him who was near the vent area to underfloor crawlspace I do NOT have access. That is near the apartment mailbox and on the 1511 building line block, not 1513.

General Ledgers and Transaction Journals are accounting tools used for tax and other purposes usually on a quarterly basis that depend on Double Entry Accounting to assure all debts and credits are accounted for and match income and owner's equity financial claims.

For claims regarding individual transactions and matters of studying transactions Receipts are used to identify who leases an apartment, how made a rent payment under a lease, etc., and and may be used during tracking or reported or identifying criminal activities or where crimes have occurred or properties under the control of criminals or criminal organizations.

Improper assessment of where damage to a neighborhood is occurring, damage to others is occurring, or who controls what property should be correctly resovled both for the security and availability of my good credit as a renter building and protecting myself from being linked to wrongdoing or errors of others.

… Generally Accepted Accounting Principles retrieved from Planargy and copied or modified to here

PLANERGY™

No matter what line of business you're in, adhering to the Generally Accepted Accounting Principles (GAAP) for your accounting department-both in general and for accounts payable (AP) specifically-is essential to accurate financial statements and legal compliance. Depending on the type and size of your business, you'll likely have both an overarching set of principles to follow and ones specific to your industry.

Regardless, ***understanding the best practices and legal requirements that come with GAAP and other accounting principles will help you optimize your workflows, generate useful, clear, and accurate financial data, and stay on the right side of the law.***

The Importance of Accounts Payable GAAP and The Three Rules Every accounts payable department using double entry, accrual-based accounting follows a version

of GAAP (cash-basis accounting is not GAAP-compliant). The Generally Accepted Accounting Principles are a set of specific rules and processes specific to the United States, designed to provide oversight for accounting practices for for-profit public companies, government accounting, and non-profit organizational accounting. In the United States, GAAP was developed by the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB).

Under US law, all publicly-traded companies must follow U.S. GAAP. This also applies to any company that publicly releases its income statement and any other financial documents.

Born in the wake of the Great Depression and the passage of the Securities Act of 1933, GAAP is built on 10 primary principles designed to establish and enforce honest, forthright, and complete financial reporting practices:

1. ***Consistency***: Standards are applied consistently throughout the entire financial reporting process.

2. ***Permanent Methods***: All financial reports are prepared in a consistent and permanent manner.

3. ***Sincerity*** : Accountants following GAAP are dedicated to complete accuracy, impartiality, and transparency.

4. ***Regularity***: All accounting practices and financial reporting are performed with strict adherence to established rules and regulations.

5. ***Non-Compensation.*** : ositive or negative, all aspects of an organization's performance are fully reported without the possibility of debt compensation.

6. ***Prudence***: Financial data is untainted by speculation

7. ***Continuity***: Asset valuations are assigned with the assumption the organization will continue to operate for the foreseeable future.

8. ***Periodicity***: Financial reporting is performed at standard accounting intervals, e.g. fiscal quarters or years.

9. ***Materiality***: Reports are absolutely transparent and fully disclose the organization's financial health and position.

10. ***Utmost Good Faith***: All parties involved in financial reporting are acting honestly, with integrity, and in good faith.

Each of GAAP's 10 guiding principles is informed and guided by three overarching rules. Created to prevent accountants from either intentionally or accidentally creating a misleading view of an organization's financial position, the three rules help protect both the public and the organizations themselves from inaccurate or fraudulent financial data.

- Basic Accounting Guidelines and Best Practices. Following the guidelines ensures:
    - Organizational transactions are separate from those of the owner(s).
    - Currency, accounting time periods, and other data are clear and consistent.
    - Best practices for cost management, financial disclosure, revenue recognition, professional judgement, matching, etc. are followed.
- FASB Standards and Rules Are Followed. Organizations adhere to the continuously evolving FASB standards for best practices.
- Generally Accepted Industry-Specific Practices Are Enforced. Different organizations have very different in-depth and specific accounting practices, based on their particular structure and legal standing. For example, a government agency, a bank, and a non-profit foundation would all adhere to GAAP principles, but have their own

unique set of accounting and financial reporting requirements.

The interior surfaces of my apartment I have control of but nothing beyond, the wall structures nor roof, crawlspace, telecom, etc.,

Bizarre and downright confusing activities such as pictured here on Common areas of the campus or neighboring buildings are not my choice and appear, simply put, machinated as if to created a narrative at times disparaging to me and the property rights my Trust fund might be targeted for damages to the community, damages improperly linked to me.

It is for these reasons I wish only to be linked to my own apartment at 1513 apt 5 and those parts of its interior I have any control over again recognizing Landlord access and the possibility of break ins such as occurred in Casa Linda (multiple items stolen, door broken down, computer and Notebook computer stolen from 1001 N. Water St.)

Accounting is critical to tracking and assessing debits and liabilities and property owners.

I have no basement or access to under the floors. Sometimes some cats have gotten under there but I have nothing to do with that and tried to get them out, unable to do so.

On Interstate Financial and Health Care Fraud and Obstruction of Justice

The Social Security Aministration ethic in Washington and Baltimore Maryland is to make sure each Social Security recipient receive payments on time. This allows each Social Scurity recipient to pay bills on time, accumulate good credit and access to financial services, have housing available as a priority along with clothing, be safe from fraud and crime in

secur\e housing, and have the safest and most beneficial environments

When Disbursments are made into my checking account via Direct Depost that shows on my Well Fargo Ledger I make rent payments from Wells Fargo into Mac Lamar in Texas via wire transaction electronic banking all of which follows the Receipts and Disbursements double entray accounting system.

Single-entry accounting is less complex than double-entry accounting. With the single-entry system, you record cash disbursements and cash receipts. And, you record incoming and outgoing money in the cash book. One may enter data willy nilly and no errors (inconsitency) are seen.

Double-entry bookkeeping is an accounting method where you equally record a transaction in two or more accounts. A credit is made in at least one account, and a debit is made in at least one other account.

Double-entry bookkeeping is an accounting method where you equally record a transaction in two or more accounts. A credit is made in at least one account, and a debit is made in at least one other account.

The double-entry bookkeeping method is based on the idea that every business transaction has equal and opposite effects on at least two accounts.

I am proud of the property I keep and hope errors in accounting are fixable. 1513 should replace all my leasing data I am not involved with the 1511 building except for knowing some of the tenants.

My use of 1513 apt 5 that which I have control of I take pride in. Me, my rental of this property, are a contained bounded system. Best practices in accounting shoudl recoginze that.

Alan Roberts;

Ed Donegan addresses confusion in accountancy ledgers including maintenance ledgers

Alan; I am glad rent has been accepted and I am continuing in the lease.

When I put in a broken window repair request the window crack was not repaired and exsists now exactly as picture then; whilst at the same time a window in Unit 6 was broken from the inside out nearly that day or day after creating strewn broken class in the area.

When I requested light fixture change nothing was done to the kitchen LED light fixture although similar conditions affected lighting fixtures not mine by near my department.

I will enter the conditions of the incomplete service requests into the ledger.

I am writing a book asserting our FBI director William Wray III, Secretary of Defense Lloyd Austin III, and Wiliam J. Burns (CIA Director) come from a deep state of connected family memebrs on the “Secret Team” tied to the JFK assassination, and Dean Rusk of the State Department and Rockeffller Foundation like William Francis Burns who with with his wife father William J Burns. The military family is tied to the area my mother grew up in.

These are Cold War and todays' near ware figures and I assert if they have an espionage history of covert ties I should have the homne safety to write about it free of COINTELRPO prorams and I hope to have a safe home enivronment.

First some First Amendment talk perhaps was in your training and law classes or personal interests field.

As to freedom of the press, Black wrote that "it would be strange indeed … if the grave concern for freedom of the press which prompted adoption of the First Amendment should be read as a command that the government was without power to protect that freedom." Instead, he asserted that the First Amendment was premised "on the assumption that the widest dissemination of information from diverse and antagonistic sources is essential to the welfare of the public, that a free press is a condition of a free society."

U.S. Supreme Court New York Times Co. v. United States, 403 U.S. 713 (1971) MR. JUSTICE BLACK, with whom MR. JUSTICE DOUGLAS joins, concurring.

Our Government was launched in 1789 with the adoption of the Constitution. The Bill of Rights, including the First Amendment, followed in 1791. Now, for the first time in the 182 years since the founding of the Republic, the federal courts are asked to hold that the First Amendment does not mean what it says, but rather means that the Government can halt the publication of current news of vital importance to the people of this country.

In seeking injunctions against these newspapers, and in its presentation to the Court, the Executive Branch seems to have forgotten the essential purpose and history of the First Amendment. When the Constitution was adopted, many people strongly opposed it because the document contained no Bill of Rights to safeguard certain basic freedoms. They especially feared that the new powers granted to a central government might be interpreted to permit the government to curtail

freedom of religion, press, assembly, and speech. In response to an overwhelming public clamor, James Madison offered a series of amendments to satisfy citizens that these great liberties would remain safe and beyond the power of government to abridge. Madison proposed what later became the First Amendment in three parts, two of which are set out below, and one of which proclaimed:

> "The people shall not be deprived or abridged of their right to speak, to write, or to publish their sentiments, and the freedom of the press, as one of the great bulwarks of liberty, shall be inviolable. "

(Emphasis added.) The amendments were offered to curtail and restrict the general powers granted to the Executive, Legislative, and Judicial Branches two years before in the original Constitution. The Bill of Rights changed the original Constitution into a new charter under which no branch of government could abridge the people's freedoms of press, speech, religion, and assembly. Yet the Solicitor General argues and some members of the Court appear to agree that the general powers of the Government adopted in the original Constitution should be interpreted to limit and restrict the specific and emphatic guarantees of the Bill of Rights adopted later. I can imagine no greater perversion of history. Madison and the other Framers of the First Amendment, able men that they were, wrote in language they earnestly believed could never be misunderstood: "Congress shall make no law … abridging the freedom … of the press … ."

Both the history and language of the First Amendment support the view that the press must be left free to publish news, whatever the source, without censorship, injunctions, or prior restraints.

In the First Amendment, the Founding Fathers gave the free

press the protection it must have to fulfill its essential role in our democracy. The press was to serve the governed, not the governors. The Government's power to censor the press was abolished so that the press would remain forever free to censure the Government. The press was protected so that it could bare the secrets of government and inform the people. Only a free and unrestrained press can effectively expose deception in government. And paramount among the responsibilities of a free press is the duty to prevent any part of the government from deceiving the people and sending them off to distant lands to die of foreign fevers and foreign shot and shell. In my view, far from deserving condemnation for their courageous reporting, the New York Times, the Washington Post, and other newspapers should be commended for serving the purpose that the Founding Fathers saw so clearly. In revealing the workings of government that led to the Vietnam war, the newspapers nobly did precisely that which the Founders hoped and trusted they would do.

Next some forms of COINTELPRO that can result in error in adminstration of leases or the factual foundations of leasing

FBI records show **COINTELPRO** resources targeted groups and individuals the FBI deemed subversive, including feminist organizations, the *Communist Party USA anti-Vietnam War organizers, activists of the civil rights movement* and *Black Power movement* (e.g. Martin Luther King Jr., the Nation of Islam, and the Black Panther Party), environmentalist and also animal rights organizations, the American Indian Movement (AIM), independence movements (including Puerto Rican independence groups such as the Young Lords and the Puerto Rican Socialist Party), a variety of organizations that were part of the broader New Left, and far-right groups such as the Ku Klux Klan and the National States' Rights Party.

Smear Campaign Tactics

Naturally as a writer I wish to be free of such programs should the every be present.

Note that William J. Burns has been Embassador to Russia and Lloyd Austin III is Secretary of defense.

These public figures should be subjected to unfettered press scrutiny.

- ***Black Bag Jobs*** : Break-ins to plant evidence or steal files, destroy computers, or even comit murders staged as suicides

- ***Monologues*** : Statements to a COINTELPRO victim asserting Smear facts but made to appear dialogue with the smear victim

- ***Bullying and Cyberbullyng*** Cheap shots, vague and carefully crafted, try to sell the smear but are not specific and no actual accusation is exposed to scrutiny

- ***Maladministration*** *Maladministration* is the actions of a government body (or infiltrated private body) which can be seen as causing an injustice. The law in the United Kingdom says Ombudsmen must investigate maladministration. - Wikipedia. Such injustices can include representing the interests of Espionage or political operatives or self interests rather than the correct administration obligations of the infiltrated entity

- ***Altered Outcomes*** :Forced into homeless shelters, vagrancy jails, or mental hospitals and victim shamed

- ***Denial of Right To Clear Name***: Use of behind the smear victim's back tactics

- ***Snitchjacking*** : Dishonest snitch conduct achieve corrupt police goals

- ***Strewn Evidence*** : Leaving of incriminating items in the vicinity of the Smear victim

- ***Cyber Strewn Items*** : Poison in feeds of adult content with content of minors, etc., Similarly minors in exploitable conditions placed in vicinity of Smear victim later associated with planted victim.

- ***Shills*** : Shills appear normal members of public but are participating in fraud as COINTELPRO planted operatives

- ***Long Con Sets*** Mockups, dopple locations, or real person's home wherein by description events may be confused with occurring in Smear victim's home or in someway allegedly connected to Smear victims home.

- ***Fabrication Evidence or Records or Chains of Events*** Taking something that may be truthful such as an application for a Driver's License or REAL ID but interfering with the process such that the resultant record or chain of event has fraudulent completion or is mixed with some other form of fraud or purely forged evidence lacking any truthful elements

Letter of Demand to Cease, Continue and recognize Obligations of Debt

The letter of Demand is for Mac Lamar Management LLC to recognize the lease beginning execution June 1 2021 and would have expired May 31 2022 but having and being between two parties Mac Lamar Management and Edward Paul Donegan and in advance of expiration in Mac Lamar Offices extend until May 31 2023 by the modification of the original lease.

Mac Lamar should decease from falsification of financial records resulting in confusions of assets liabilities, activities, finances, insurance policies and insurance payments of any type from any source including medical or renters or other forms of financial transactions, restitution, or creation of accommodations.

Mac Lamar should decease from falsification of building wiring numbering, confused door ore telecommute wiring or building unit addresses for which confusion can arise in nebula of haze or erroneous identifications. Falsification is wore than omition especially if deceitful intent motivates the confusion.

Mac Lamar should recognize its obligation to correct erroneous or confusing accounting when requested to do so.

For six years of leasing with Mac Lamar every third Weds of each month I recieve my Social Security and pay rent for the next month as I have done in July under the lease for August of 2022 on a lease I signed with Alan and have not heard of any attempts to abrograte the lease.

Mac Lamar should decease from use of any Bird Doggers, a tactic used when under cover operations are present, the Confidential Informant harassing or falsifying cases at police behest often an effective way to harass a person if police wish

to since Confidential Informants often are under effective control of law enforcement who are operating behind the scenes. Jen Moore was privy to a highly illegal operation run by criminal justice insiders called “Targeting” in which illegal operations through misconduct in family courts and regular courts Obstruct Justice in order to fulfill illegal espionage ends, those espionage ends tied to secret genome history and underground railroad story of my mother and I, Glorian Donegan and Edward Paul Donegan, respectively, and Color of Law misused by those who have the position in government and resources for dangerous abuses of the Criminal Justice system.

It was during my time in California I was gathering evidence on the Obstruction of Justice and illeal operation tied to my mother’s will and wills and trust fraud, and when Jen Moore had the evidence I collected plus the evidence she had on her own she was going to go public.

Glorian Donegan and Ed Donegan addresses Jen Moore Pointed Camera at describing hidden CIA identities

I am a firsthand witness to the events surround the death threats, locations Ms. Moore was at and filming and documents as it pertained to my family history and a criminal racket operation she had received death threats for reporting.

In the YouTube Video linked above Jen Moore describers herself overlooking Washington D.C., in part true, the 850 N. Randolph St. Arlington Virgina address has a view of

Washington D.C. and during 9/11 I called her from Redwood City California to her upper story apartment at 850 N. Randolph where she had a view of the Pentagon and fire before she later moved to a second floor apartment. Jen Moore is pointing her camera at my and my mother's apartment in 850 N. Randloph the lower floor second story unit we occupied for years.

I am Ed Donegan of Ed Donegan and Glorian Donegan and also formerly of 52 Lambeth Square Moraga CA living there with each other only and at other times with other family and at 850 N. Randolph with each other though Tom and Mark lived nearby in Clarendon Virginia. That address and the moneyh from the sale of that house now part if a criminal network funding source.

This video of my mother and I living together shows my own apartment at 7th Street North in Arlington Virginia a few blocks from 850 N. Randloph where we had lived together for years and was the final permanent address of Glorian Donegan my mother when she died in 2011, at that time I lived at 7th Street North. My long ago documentation in memorium video to my mother of our lives at those addresses. Video on Bitchute

I was born at St. Josephs Catholic hospital Daniel Freeman hospital Manhattan Beach Manhattan Project (Los Alamos, Nevada and California atomic development programs, Jet Propulsion Labs, above ground tests my father was subjected to in Nevada observation tower, and as a pilot in the atomic bombing of Japan.

The DNA that runs in our family was always part of "black operations" of Dr Cameroon and Sydney Gottlieb and others including Marilyn Monroe. It comes from very famous out of wedlock Windsor Kutschera lines but carries a small defect, the London KE family (Prince Albert of York, Prince Edward of Wales) family also King Edward VII) which is fairly common in Central Europe.

That gene is secretly researched away from the Windsors and Nazis for low profile study. While secretly used for science the overall genetics of these families was considered pretty good and even turned into “who wants in on the good stuff” secret family line testing program, considered a real benefit for a child or two.

That is the story of my family, and the strange surrogacy networks run by the CIA, DARPA, Human Brain Program, and highly connected families including with connections into the VI Brain Foundation of Epstein.

Insider families of DNA research in its illegal assasnation days sprread the DNA around the world an into certain potlical CIA and Free Masons families in the USA and those same groups are using it for illegal profits in sluch fund cartel mafia Central Intelligence Agency cells.

In these videos spanning photos and videos across the years you will see Jen Moore film from the blacked at glass at the hotel across from 850 N. Randolph #221 Arlington Virginia talk about the history of some family lines tied into the secret OSS CIA history of Vatican, British, later Mossad activities of WWII refugee families including the Von Trapss, Schwarzeneggers, and many more as well as the Bush family and other from OSS and later CIA involved in the rescues.

This Organized Stalk abuse of power Cartel activity has shut down any normal life for me by using criminal elements to make a “mark” out of me parasitically subjecting me to attack and crime in seeming routine criminal victim-hood but the State backed cartel has assassins support and hopes for a Cock fight between Cocks the State does not appear to be in.

Not only as a first hand witness can I vouch for what she asserted were death threat to her in regards to reporting on my family information I have received death threats from the same powerful espionage figures in events which do trace back deep into history, the OSS (Office of Special Services which became the Psychological Warfare Operations and TSS Technical Services CIA assassinations group of the CIA) and how that pertained to operations during WWI, WWII, and into the sixties with the illegal programs of MKULTRA, experiments in psychology, and in illegal programs tied to the creating of moles and sleeper agents for the 21st Century during the 1960s.

In fact when Jen Moore pointed her camera at the location my mother and I live at not far from you coroner’s office in Arlington Virginia (850. North Randolph Street Arlington Virginia apartment 221) she was talking about very famous celebrities who had contact with Nazis such as the Bush family prior to hard steers into dangerous territory the Nazis began to embrace.

It was during that transition time from 1925 and the British Imperialism Speech at Wemberley Park to the removal of the Von Trapp family (7 known, 3 unknown) children of Maria Augusta Kutschera the history Jen Moore was documenting “ruffled feathers.”

I find the death threat she experienced were well documented including by videos, her assertion she was threatened with death, and that powerful elite espionage and political families

and politicians had much to hid credible because Jen Moore and I experience the same storyline and threats from the same powerful actors including the FBI who during J. Edgar Hoover's time and since have used Mafia connections (Cali Cartel, La Cosa Nostra, Knights Templar drug cartel) and others such as Mexican Mafia when the FBI leaders or high level politicians find themselves in trouble for their espionage past including high profile assassinations such as Sam Giacanca assassinated before testifying before Congress and other high profile murders.

Jen Moore was by the documents she left and the connection to my family and the history of my family fighting these mob forces openly and online. I can attest to the truthfulness she had reason to fear for her life including when she was taking on the forces of the Mafia and Mexican Mafia in Nueces County Texas which as an unapologeticaly mafia tattooed outlaw biker tattooed District Attorney 125 miles from the Mexican border where drug and human trafficking exist. Among the most prominent are Knights Templar drug cartel and Black Hebrew Israelite, Southern Poverty Law Center listed black nationalist or Mexican Mafia groups who have joined into the black market via pimp role of offering DNA rights.

The function of the CIA program has been using the cartel rights for illegal science and funding "protection" from anyone getting too close to the truth, analogous to the Rolling Stones have Hells Angeles patrol a concert rather than police.

It is likely both the county I live in, powerful politicians, and the FBI itself would rather the truth of Jen Moore's death be buried deep but it does relate to criminal rackets which are backed by powerful political forces, political forces which have much to lose.

For the moment I am only providing two links, one to my book on the subject which is also being harassed and then to her YouTube videos which include 850 N. Randolph and my mother and I am my family's story.

Please overlook the “cutsy” here because it serves a purpose.

>
> Obstruction of justice is considered a crime against justice itself. By obstructing justice, one is seeking to thwart the process of justice and the operation of the justice system. From presidents to street criminals, those facing obstruction of justice charges could suffer major consequences. Prosecutions can commence at either the federal or state level.
>
> This article describes obstruction of justice, some examples of obstruction, and the types of penalties one could face.
>
> **Elements of an Obstruction of Justice Charge**

The elements required for a conviction on an obstruction of justice charge differ by code section. For a person to be convicted of obstruction of justice, they must have acted with the specific intent to create an obstruction. The statute criminalizes “endeavors to influence, intimidate, or impede” the legal process, even if those endeavors were unsuccessful. Seemingly innocuous acts could become criminal activity if they have the intended effect of impeding justice.

Subornation of perjury

In American federal law, Title 18 U.S.C. § 1622 provides:

> Whoever procures another to commit any perjury is guilty of subornation of perjury, and shall be fined under this title or imprisoned not more than five years, or both.

In American law, Scots law, and under the laws of some English-speaking Commonwealth nations, subornation of perjury is the crime of persuading or permitting a person to commit perjury, which is the swearing of a false oath to tell the truth in a legal proceeding, whether spoken or written.

The term subornation of perjury further describes the circumstance wherein an attorney at law causes a client to lie under oath or, allows another party to lie under oath.

In California law, per the state bar code, the

subornation of perjury constitutes an act of “moral turpitude” on the part of the attorney, and thus, is cause for their disbarment, or for the suspension of their license to practice law.

As a crime, it has been defined as “persuading another to commit perjury.”

But “suborn” is more broadly defined. Amongst three definitions: to induce a person to commit a wrongful act … esp. in a secret or underhanded manner; to induce a person to commit perjury; and to obtain perjured testimony from another.

In legal practice, the condition of suborning perjury applies to an attorney who presents either testimony or an affidavit, or both, either to a judge or to a jury, which the attorney knows to be materially false, and not factual. In civil law and in criminal law, the attorney’s knowledge that the testimony is materially false must rise above mere suspicion to what an attorney would reasonably have believed in the circumstances of the matter discussed in the testimony. Hence, the attorney cannot be wilfully blind to the fact that their witness is giving false, perjurious testimony.

An attorney who encourages a witness to give false testimony is suborning perjury, a crime punished either with formal disciplinary action, disbarment, jail, or a combination thereof. A false statement by an attorney in court also is a crime similar to subornation of perjury and is punished accordingly. In the professional conduct of an attorney at law, there is a fine delineation between assisting a witness to recall events and encouraging the witness to give materially false testimony. The practice of ″horse shedding the witness″ (rehearsing testimony) (also known as woodshedding), is an example of

such perjurious criminal conduct by an attorney, which is depicted in the true-crime novel Anatomy of a Murder (1958), by Robert Traver - John D. Voelker, a justice of the Michigan Supreme Court - and in the eponymous film (Otto Preminger, 1959), about a rape-and-murder case wherein are explored the ethical and legal problems inherent to the subornation of perjury.

Jury tampering

Jury tampering is the crime of unduly attempting to influence the composition and/or decisions of a jury during the course of a trial. The means by which this crime could be perpetrated can include attempting to discredit potential jurors to ensure they will not be selected for duty. Once selected, jurors could be bribed or intimidated to act in a certain manner on duty. It could also involve making unauthorized contact with them for the purpose of introducing prohibited outside information and then arguing for a mistrial. In the United States, people have also been charged with jury tampering for handing out pamphlets and flyers indicating that jurors have certain rights and obligations, including an obligation to vote their conscience notwithstanding the instructions they are given by the judge.

Jen Moore from OSS to CIA, black budgets, Operation Paperclip, & Hidden Identities

[MKULTRA and its Twins Studies experiments and Experimenters] went into universities hospital programs various secret sites black-budget sites where the experimentation continued on all kinds of things and all kinds of Americans especially small children and I'm going to lead into things like the Kinsey studies if anyone has looked into that Masters and Johnson how they're all tied together some of the places that are still in operation as of today that I am aware of but uh these two interviews specifically start to bring into the politics of the United States of America at least since World War two the different players involved a lot of these players that call them players or politicians or you know businessmen or senators or you know what whatever title they might have

there's some of them that don't want their identities known their real identities are the real history zone and I'm not gonna name names at this point except you could do some deduction use your deduction skills and you know kind of think about whose identities might have been hidden recently even even years and years and decades ago but recently really and so these interviews start talking about that and how that came about and why there's such a mystery and why there's so many sealed records and some of the information that I am in possession of to begin to peel back the layers of this onion so the American people can fully understand where we are today why we are here today and who these people really are

because this country is our country the American people's country we are in charge of the government they don't get to hide from us so it's time for their exposure and I'm going to be part of that so you can listen to interviews three and four and it gets into some pretty gnarly details but there's truth there and I've got court cases and documents to back it up personal eyewitnesses you name it this is the story of a whistleblower our whistleblowers in general yes it is dangerous I accept that at the same time I refuse to be silent anymore and so I'm going to carry on releasing this information

What is Gang Stalking a Targeted Individual? Targeting of Individuals by the US Government for Subversion, attacks, etc.?

By Professor Eric Thor Karlstrom, Ph.D https://erickarlstrom.com/

A Simple Definition

Under Occupational Health and Safety laws, individuals are being flagged and placed on community notification lists. This is happening without the targets knowledge. In many countries these community notifications are being used by companies and others to target innocent individuals such as whistle-blowers, the outspoken, etc. In conjunction with these notifications, companies and others are in some cases using a practice that was used in the former soviet union called the psychiatric reprisal. This is used as a means of retaliation, blacklisting, silencing, or controlling members of society. Once on the notification system, warnings about the targets are sent out to every individual the target comes in contact with, thus poisoning their associations, and socially annexing the targeted individual.

Gang Stalking is a systemic form of control, which seeks to destroy every aspect of a Targeted Individuals life. Once a target is flagged a notification is sent out to the community at large, and the target is followed around 24/7 by the various communities that they are in.

Target Selection

Gang stalking apparently targets American citizens deemed to be dissidents or whistle-blowers (and perhaps potential dissidents and whistle-blowers), although others might be targeted for other reasons - such as for experimental or training purposes. For perspective, it should be remembered that for two decades the CIA performed secret illegal experiments on U.S. and Canadian citizens (the infamous MK Ultra program). Those experiments included physical and psychological torture.

A lot of accounts by self-proclaimed targets of gang stalking suggest that people are often subjected to severe long-term harassment simply because they crossed someone connected

with the agencies and security firms which perpetrate such operations.

An example of that type of abuse occurred in April 2012, when USA Today reported that one of its reporters and an editor were slandered by a secret disinformation campaign waged by an intelligence contractor firm to discredit them because the newspaper had investigated and reported on that contractor. The company involved conducted propaganda campaigns for the U.S. military. Similarly, in August 2013 it was reported that at least a dozen National Security Agency (NSA) employees had used their surveillance system access to spy on their current and former spouses and partners.

Implications

In addition to being morally reprehensible, gang stalking - just like the original version of the FBI's Cointelpro operations - is illegal. It violates criminal laws in all fifty states against stalking, as well as grossly violating the U.S. Constitution's prohibitions against warrantless searches and extra-judicial punishment.

While the vast majority of Americans are never personally targeted by gang stalking, they should still be concerned about the existence of such operations. Even if such activities were constitutionally legitimate (clearly they are not), they would still have an enormous potential for abuse as a personal or political weapon by the practitioners.

Ending this cowardly and illegal practice by law enforcement agencies, intelligence agencies, and their parasitic corporate contractors will require exposing what is happening to the public. Anyone reading this can assist with that exposure by simply sharing this information with others.

Passing of Jen Moore retrieved from Tracy Police Department on Fecebook and copied or modified to here

Tracy Police: It is with deep sadness we announce the death of retired officer Jenny Moore who passed away on August 13, 2018 in Millersville, Maryland. Jenny served the community of Tracy from 1993 until her retirement in 2004. Jenny held the rank of Corporal, served in the then named Street Crime Unit as a narcotics investigator and worked in the Tracy Unified School District as a DARE officer. As a Field Training Officer, Jenny taught new officers how to police in Tracy and gave them an appreciation of what it meant to grow up in a town and later serve the same community. She also was a member of our adventure racing team competing in several events on the west coast.

Jenny graduated from Tracy High School in 1986 and later completed a Master's Degree in Psychology, which she put to good use as a psychologist at a non-profit organization.

Her mother, Jane Moore of California, survives her; her Father Bob Moore of Texas; her sisters Robin and Kelli, and brother Bobby, all of California. She also had numerous nieces and nephews.

Jennifer Marie Moore retrieved from Findagrave.com

Jennifer Marie "Task Force" Moore was the YouTube persona known as "Task Force" - a whistle-blower, an investigative journalist and a former police officer. She was reportedly working on stories about child abuse / trafficking involving important people when she was found dead in her Washington, D.C. hotel room.

Her death from a brain hemorrhage appears to have been the result of a severe beating she received the year before.

The person that originally created this page (From Days Gone By) has removed the photo and blindly transferred maintenance of it. Will update this area as (verifiable) information becomes available.

Jenny Moore's youtube screen name was "Task Force".

Mark Gonzales “came up” in very crime ridden poverty based border town Corpus Christi area Nueces as a law school graduate partially putting behind himslef Calaveras Motorcycle Club outlaw biker gang. Still in the club and aligned with indigent people feeling hopeless in life and outlook he a candidate to be tempted by exploitable hidden value. If the Trust Fund of Glorian Donegan can be monetized to serve various homeless veterans and other cast outs and the value not acounted for, fake claims can kite away the otherwise sitting idle value and that can be done covertly with blind trusts, etc.,

This is exactly the type of criminal network which recruited Jen Moore, former police officer from Tracy California, and who would see this as festering crime. At one point Jen Moore calls herself a Trump supporter too and probably does not like labeling alt right as a medical illness or disease or trying marginalize simple right wing immigration nationalists beliefs.

Thus the stage is set between a RICO connected connected office holder and Jen Moore a former police officer without active contacts or job status to act against Gonzales.

Open Letter to General Counsel and Business Managers of places I frequent

If have asked the employees of your place of business to forward this letter to management and the General Counsel for your organization it is because I believe or have evidence that influential figures have entangled your business in a corruption ring though you may not recognize the money laundering and fraud business (that has influential government figures support) as being criminal or element of serious and actionable felonies.

What is occurring on your premise are sexual and physical attacks as a hate crime committed against me which are tied to fraud and violent racketeering colored as law enforcement acts for instance practice exercises or other excuses for the conduct. An illegal and abusive smear campaign alters normal activities of mine into (by the embellishments of others) a State actors influence criminal Racket funding asset seizure of mine and smear of me as obstruction of justice by Abuse of Process achieved in false pretexts

Away from you premises and away from me a Dopple of me who may also have been at your premises under confrontation from Law Enforcement will stipulate that he filmed a minor in a sexual way or engaged in some other civilly or criminally actionable misconduct and that misconduct stipulated is my misconduct and the stipulation is not my stipulation and in accounting fraud compensating misconduct stipulated to is part of a racketeering shakedown of my trust fund depleting both my assets and my reputation as my trust fund is used to reward rather than fight misconduct allegations against me.

Because an impersonator of will forge me agreement to stipulated facts out of courts arbitration (I suspect at TJ Henry dispute resolution by Hispanic Trial Lawyers Jacob Cadena or other Social Justice advocates in Latina and Salvation Ministries Texas)

The false, defamatory, injurious, and unjust use of false allegations against me incrementally built as a legend is meant to destroy my life and it has. False allegations against me are politically and otherwise profitable to those who stage the appearance of my guilt.

I believe because my father served in the US Military and DNA was taken from my family line destructive sexual assaults on me destroying my life because I appear the perpetrator of acts near me is meant to be the final step in the destruction of my entire families life and upon my death (I am in bad health now and single) the last available witness to the DNA misconduct my family has been subjected to will leave this earth.

Building via confrontational contradictory statements Record or Legend created of Espionage vest. Incremental and non-conclusive circumstantial plants of Narrative elements create a cloud of suspicion surrounding a Stalk Victim such as myself.

When Espionage agents are in trouble they have a vest they create, a cover story that allows them to advance over the evidence against them or advance themselves over their victims by abusing the espionage capabilities they have at their disposal including the available co-operation from the public in operations.

They invest in its structure by statements they make, records they produce, events they control often under-cover causing outcomes of a victim to be negative when a good outcome for the victim should occur ranging from a started rumor causing a potential date to turn down a defamed Espionage victim on a Friday night all the way to a healthy patient in a hospital for a routine checking being exposed to lethal radiation by a CIA influence X-Ray tech.

- ***Embellishing normal conduct into an appearance of links to the conduct of others similarly in***

proximity: Ambiguity which should not exist and even be hostile and offensive to the Stalk victim, but the under cover planted ambiguity builds the Legend, creates the Record of events (in an incremental way) fraud, obstruction of justice, and racketeering COINTELRPO will be based on.

- ***Narrative suggesting plants of items***Children's toys, underwear, appearance at locations near me will contribe to a smear campaign as will impersonators of stipulation to allegations I engaged in misconduct

- ***Manipulate Response from Stalk Victims as Perceived Stimuli*** : Police harassment of a pro police Stalk Victim will cause a Stalk Victim to flip off a police officer or shout police slurs that appear to indicate the Stalk Victim is signaling that he or she is anti-police

- ***Falsified Records*** : Bills or receipts for unused unwanted services, thank yous offered verbally to a Stalk Victim contribute to public perception the Stalk Victim has agreed to something when in fact the Stalk Victim has NOT but forgeries by Espionage elsewhere may reinforce the legend a Stalk Victim has agreed to something.

- ***Black Bag Jobs***: Use of Landlord or Business co-operation with sham investigations may allow for access into a Stalk Victims home or places of business transactions for fake transaction records, forgeries, planted damning evidence or removed exculpatory

evidence from an Espionage victims home or surroundings.

- ***Paid Actors*** : Acting as members of the public but under cover assets paid actors can create appearances altering the context of events or misrepresenting what occurred at various locations as though neutral witness

- ***Items or articles strewn around***: suggesting or consistent with a Narrative (Legend), In my case people adding themselves as Photobombs to my using Google Books to read in a coffee shop on my smartphone, vulnerable children's clothes or toys left near or on my property, etc.,

- ***Tricked Photos or asks for cooperation or access*** Claiming to be on some mission that is actually a sham police may ask a woman to submit to a strip search, pose for photos, etc., See the movie Compliance for an example. Compromising photos may later defame the person who cooperated with police and the photos that are uncharacteristic perceived as real.

FBI DOJ and long running families including tbe Prescott Bush family line and Rockefeller I think are tied to the assassinations of the Kennedy and Donegan family members. FBI and CIA mechanisms for cover-up include destruction of FBI and CIA records, classifying damning information, assassination of politicians and journalists with knowledge of the programs who will not comply with secrecy demands, and assassination of

journalists by car accidents or what I call the Texas protocol of contacts with law enforcement either to protect a child from a journalist by arresting the journalist or and FBI program of COINTELPRO creating life destroying and street fights over allegations or perceptions or accusations of misconduct.

Your business or organization may be cooperating in an illegal COINTELPRO program that involves manufacture and funding of false allegations against me and the program I assert has government corruption rather than other motives for its operation.

I am most likely to become involved in a conflict with an in-sophisticate assaulting me including street criminals, illegal immigrants, or others and I seek to avoid conflicts or the eruption of fights.

Other journalists or book authors may be interfered with by other introduced stimuli such as harrassing noises, theft of their notes or office equipment, etc.,

Seeking rescue from USA

I quote and it is true wherever you read about the FBI.

> From its inception, the FBI has operated on the doctrine that the “preliminary stages of organization and preparation” must be frustrated, well before there is any clear and present danger of “revolutionary radicalism.”

> At its most extreme dimension, political dissidents have been eliminated outright or sent to prison for the rest of their lives. There are quite a number of individuals who have been handled in that fashion. Many more, however, were “neutralized” by intimidation, harassment, discrediting, snitch jacketing, a whole assortment of authoritarian and illegal tactics.

End quote.

I wish there was any truth to that. There is not. The FBI has only one killing objective, preempting victims of a Deep State shadow government run by itself, preempting the story of the assassination of JFK by the FBI and Shadow Government, and silencing by murder and the destruction of lives of witnesses or journalists who can prove occupants of the political offices of the FBI are undeclared foreign agents, planted sleeper, and concealing the guilt of themselves and their agency from generation to generation.

I fear for my life in the USA from destructive espionage which

has harassed my life because the life of my mother and father and myself that are honorable, loyal, and respectable represents a secret history of atomic weapons development and history of warfare the USA needs to hide.

I am going to tell you are at least I intend to try to tell you that my best guess as to WHY I fear for my life from police harassment called Gang Stalk is that I am a witness to the JFK assassination, as far as I can tell from my family history, perhaps the most direct witness or ONLY surviving witness to a part of the Kennedy Curse story not yet told.

Jen Moore started to tell that story before she was silenced and she and Ted Gunderson I put in the same group I am in, victims of State backed hits via illegal means of Espionage under-cover misconduct of the State or its assets.

Call those players the Rockefellers and Standard Oil, the Dulles and E Howard Hunt families, other Texas interests and Lyndon Baines Johnson, the Rothschild's and their banking and financing East India Tea and other British Pilgrim companies in colonies, or British Petroleum,or Zapata Oil Bush family interests also tied to Richard Nixon and his secret White House Library meetings.

Jen Moore was nearly the last living person to know my family history and its ties to the JFK assassination and MKULTRA and she was threatening to name names. Both her and my last living family of origin relative died in the last few years and only I know the story still as a witness to inside that family, the Donegan family, and the attempts on my life continue.

But this is not abstract discussion on the JFK assassination but life or death threat to us all and to me, all of us possibly at the brink of destruction of us by a Shadow Government with Shadow criminality, Shadow motives, and evil mafia Shadow ties.

Others know as perpetrators of the crimes they are hiding and we have records from them if we are willing to rely on them.

Variously in fiction as either movies like The Sound of Music, Mary Popins, or blogs like The Prophecies a tale of an English royal connected Bush family were working on genetics and Eugenics with the royal family since 1902 and in illegal experiments of the 1960s JFK and his Irish government began experiencing assassinations and questionable deaths or odd turns on their lives.

Ted Gunderson was an ant-mafi person of the FBI and he also knew much of the story which Lee Harvey Oswald knew, about my family in North Carolina, my mother Glorian Gainey and Harold Gainey, Maria Kutschera Von Trapp tied, where Lee Harvey Oswalds last attempted phone call was to.

Webster Tarpely describes the Bush family as English banking family tied and tied to funding Eugenics as well and it was during the study and use of underground railroad families like the out of wedlock Donegans in MKULTRA this history unfolds from, and the Mafia of US Government assassinations continues and I attempts on my life fit the same pattern as attempts of termination of lives of others who are anti-mafia, mostly Roman Catholics or ex Roman Catholics.

Recently I even found cryptic references to the whole affair in the popular Mary Poppins, like the Sound of Music, British singing and dancing with some metaphors of reality under neath it all as plot lines.

Ted Gunderson, Jen Moore, all my living family are dead, and I fear for my life, and if anything happens to me as hostile undercover attacks on me continue I leave at least this book as Jen Moore left her videos, videos, of secret lines of families from secret underground railroads, and those family lines for assassination and overthrow as some world leaders are killed like the Kennedy's and some are groomed for office like the Bush family, the Obama Jr. family, the Cruz family, the Abbot

family, the Swchwartzengger family, and others tied to Peace Corps, USAID, the East-West Center, and international planning of regime chnages in the Cold War.

All of that data is collected quoted and referenced here and supports my accounts of this history in multilayered corroboration of public records and many personal accounts of all the families involved in the CIA Behavioral Research which landed the CIA in trouble.

The plan was for the Big Business Mafia to run the government in the 21st Century as MKULTRA and it does. Gang Stalking, the Free Mason way of terminating victims by progressive Abuse of Power has been used against my family all who were equally witnesses with me to that core story of the hito n JFK, and I may soon be hit myself as so many others have been, and we should all care about police misconduct, so far, the major news outlets do not report on MKULTRA or its threat to US sovereignty and its threat to our citizens or sovereignty.

You now are getting the information that completes the Jim Garrison case against a CIA asset (Clay Shaw) for the assassination of JFK.

My family genetics under atomic testing study for secret reason by secret agencies for secret grooming of world leaders plans in now detectable ways if the FOXP2 gene is recognized and my family line truth is revealed. I am the last of my family still alive and my life is in danger.

JFK and later RFK were aware of these illegal experiments, the "good" births of productive CIA groomed world leaders who could create Capitalist success in communist poor farming counties via USAID and Peace Corps, and those leaders be a an aspiration-group model and communal success of capitalism and allegiance with the USA where both are or had been in doubt.

I add that the genome illegally used from my family comes out of that "black registry (secret out of wedlock bastard babies of Windsors)" and the Roman Catholic Kennedy administration objected to the plan in the 1960s going to far, beyond respect for life bounds, also out of resentment of WASPs and the British based WASPs the Kennedy's had. WASPs wanted the plant out of wedlock to expand and study the genome cartel which has a defect FOXP2 to be studied and bred out in larger inter-breeding Commonwealth of Great Britain Crown jewels.

That all is possible because my family genome has a secret gene and secret history known as London KE Family FOXP2, out of wedlock Windsor, Windsor with Nazis, Kutscheras, and others.

Cars have been trying to run me of the road, every job or apartment I have had terminates me, child porn is planted on me and talked up elsewhere in usual FBI tactics and I was put in the mental hospital as I asserted being radiologically attacked in my life as my father was in Manhattan Beach Manhattan Project atomic testing in Nevada and elsewhere.

This Cold War espionage activities built on the WWII history of my family and now leads into WW III. It has a large component in the Great Schism of 1054 and England after the Dark Ages birth of 700 A.D. in long war historical conflict with Eastern European Orthodox, Asian, and other religion dominated areas of the world.

If this sounds grandiose the players and State Actors involved and the events in my family history are enormous. The assassination of JFK was part of it, the murder of Marlin Monroe, the death of Malcolm X as well, and the creation of Sleeper Agents including Barrack Obama Jr by George H.W. Bush family CIA milieu system to win against Eastern Europe and beyond for the Queen of England in the USA England Special Relationship that Roman Catholics objected to, renouncing English Commonwealth as philosophy and as conquers of Ireland, India or elsewhere, a British plan since 1902 when the Mary Von Tuck decided a widening and also study of the Windsor London KE Family FOXP2 Minimal Brain Disorder gene in King Edward VII need to be studied.

Jen Moore was a truth teller about Gatsbians, Great Gatsby house of outlawed-cards MKULTRA COINTELPRO Mafia based society concealing its deep underbelly of elites tied to long term assassination, racketeering profits, oil money, and other corruption.

She was murdered for outing the truth of my family, the Donegan family, and how the elites of society our Gatsbian mafia Dons ranging from media, political office holders, and religious groups have united behind hiding the details of the JFK murder, elites using illegal genetics studies, and profiteering in Mafia backed companies like Zapata Oil, or exotic off shore corruption like the Epstein racketeering most of Epsteins accomplices making up elected or appointed offices like Labor Secretary Acosta, Donald Barr William Barr, the Bush family for generations, and others.

Let me ask you for those ways you can help and that I do ask you for.

1. ***Break the story - Espionage agencies have run amok and are breaking the law***: The USA FBI and related espionage agencies were built for espionage and counter espionage and most will tell you espionage agencies are leverage troups who covertly break the law to tilt world affairs in way for more favorable desired outcomes of those who run the Shadow Government including the protection of their business interests and private holdings in oil, media, defense, science, and other affairs

   I the book I link to I have written and in the data files and description I am sending to you I give your the facts you need to do what you are in your business for as reporters, break the story

2. ***Break the story - Victims of those agencies like myself need help from Color of Law harrassment because we have data on dirty government and thus government fears us*** : Again the data you need to is verifiable, described, and present in the materials I make available to you

3. ***Help me directly in seeking safety form myself and others, justice done for those Targeted, and help amplifying the voice of victims of police misconduct*** : The information I provide is full or re-usable teasers for the purpose the book was written and many victims are named and even after death can be given voice.

One of the Central Intelligence Agency, Defense Intelligence Agency, DARPA, and FBI programs the press protects over generations is MKLUTRA which is a slush fund of “research” and human trafficing with adult surrogates.

The Donegan family (my family) genome is illegally used for that purpose under excuses and rationalizations no one would believe in a financial scam architecture depending on law enforcement tools operating in simulated and false pretense activation.

MKULTRA in adult entertainment houses continues.

The FBI programs infiltration adult entertainer commercial activity does not find crimes there it places crimes there of free wheeling and corrupt practices intelligence community activities.

It is no different today than when Dallas Police were tied to and were operating with Jack Ruby in his Dallas Texas strip club as were the rest of CIA connected mafia figures running the operations.

Exhibits: id959 a page from my book in which I say CIA and FBI murders are killing truth tellers tied to my

family history and I send that information to her coroner. Her friends in the FBI considered her death suspicious but the FBI fired her, an anti terrorism expert on an excuse. id637 a screen capture of Jen Moore video showing my former home with my mother and our family history tied into CIA MKUTRA and fleeing 1920s Nazis in Austria to poor farming int the USA . id437 is a page out of my book which tells the story of Jen More Moore saying would not be silenced, probably was from from one of the family lines herself, and was murdered I believe, she was pointing her camera at my and my mothers home at 850 North Randolph St. #221 and the Glorian Donegan genome family history and how the elites did not want the story of her to come out, likely because her genome was used illegally during scientific research. Robyn Lee Gritz is organizing this fundraiser.

Robyn Lee Gritz Austin, TX an FBI Special Agent for anti terror was fired from the FBI on an excuse, is having her financial services and income dry-up, sometimes simply froze for no reason. She defense Jen Moore, considers the death of Jen Moore suspicious, but has lost her voice inside the FBI and even outside the FBI.

id64 is a page from my book on plain clothes police brutality and attacks on me through police assets and that page describes what Jen Moore was describing, “ritualistic” sexual abuse of me by innuendo cheap shots and abuse of me in family courts where Racketeering Influenced representation of me (and I need no representation) pay alleged victims from my trust fund via family courts when the trust fund shoudl be used to defend me against crime including State actors crimes againt me under Color of Law rather than fund abusive, destructive, and life limiting fake claims against me.

None of this that follows is about Jen Moore but rather the USA hiding the murder of her and others on MKULTRA hit-lists and the MKULTRA cartel fabric of the USA.

Small fringe groups in the USA do hold Conspiracy Theories of the type Jen Moore was reporting on, credibly, but those group make up only .0001 percent of media in the USA and these fringe groups like myself are under extreme attack.

I believe the extrajudicial execution of journalists like Micheal Hasting has been able to protect the USA from being outed as a criminal mafia machine and this book is not about street thugs used by the mafia but the fabric of the USA itself that protects the fabric of the Bush Crime Family, the Bush Family Treason, and an Al Capone based operation always looking to expand within and beyond US borders via criminal rackets denied implausibly by our Gatsbian mainstream media Dons.

The worst of criminal for instance Robert Swan Mueller or William Barr hold office not because they have been exposed as CIA criminals by the press but rather the press has provided "cover fire" suppressing Conspiracy theories about them just as the press and major politicians and major businesses are indiscernible.

I believe Barrack Obama Jr being created and groomed during the JFK first two years led to JFK being assassinated two years later as Barrack Obama JR and Edward Paul Donegan (MKULTRA study subjects) both turned 2 years old and as for Universally Sub-incorporated America the Press Corps is part of the plot, dumbed down, and as John Pilger observes backs seeming success of liberalism" propaganda when Barrack Obama Jr was elected when the truth is the murderous CIA mafia that created and protect the CIA plan is the real USA.

I quote Richard Jay Belzer actor and independently wealthy litterature and history researching author of *Hit list* that witnesses to the Mafia Shadow Government of the USA are dying mysterious deaths and I believe I am on that mafia hit-list

as witness to the JFK assassination by the Deep State.

Exhibit id234 is a diagram I have modified by adding to ir originally drawn by Wayne Madsen formerly of the NSA, a Mocked Conspiracy Theorist, and driven out of government by the NSA or any of the other agencies, media, or universities of MKULTRA built by James Jesus Angleton, Donald Barry, Scottish Rites, George H.W. Bush, Robert Mueller II of Dupont Board or Directors, Saudi Arabia, Great Britain, and the replacement to East India Tea Company, the British Petroleum and Standard Oil Brethren pirate companies.

It explains the Shadow Government of what I am going to call the Federalized Bueuras of Intelligence, a CIA FBI NSA US Department of Defense and Defense Contractor companies who formed a plan with England to create Barrack Obama Jr and other “liberalized democracy” successes who could govern beyond Protestant England and into places as diverse as 1902 House of Saud Saudi Arabia, India, or Ireland, where according to the customs of the governed England and the USA juntas could gain control of satellite countries under our influence, and where resistance movements like the Irish Republican Army, began in 1902.

Mohandas Karamchand Gandhi 2 October 1869 - 30 January 1948), also known as Gandhi, was an Indian lawyer, anti-colonial nationalist and political ethicist who employed nonviolent resistance to lead the successful campaign for India’s independence from British rule.

A JFK hero and other JFK heroes in British Parliament Profiles in Courage described, a Nobel Prize winning book on political leadership, were British Politicians who in Parliament stood against East India Tea Company imperial oppression.

John F. Kennedy and his family approved of the Boston Colonial Revolution against the British and the Irish fight against imperialism as well, the sort of imperialism that plans regime change with imperiliast puppets created by the USA.

Exhibits: id234 a diagram of the Deeps State Espionage Cartel operating through front groups like the Peace Corps, USAID, and other actors and agencies to gain British influence abroad including as Commonwealth growth of inter-connected royal families, id207 a page from my book quoting Wayne Madsen and others discussing his work. id857 a description of the Shadow Gov whose WETDIVISON assassins knife carves a controlled vase suppressing from within presidencies as diverse and the Kennedy Family and Donald J. Trump

I assert as a first hand witness and along with others that the JFK visit November 19 1961 to Santa Monica brought together a complete thread fabric of truth weaved out of credible sources including myself that the oil business long in cahoots with the British had a multi-benefit grooming of Sleeper agents underway illegally and without permission tied the CIA regime change assassinations work of the OSS, US Department of Defense, Department of Justice, and anti-cuba operations.

Arnold Schwarzenegger married into the Peace Corsp through Sargent Shriver and Peter Lawford and others were in USAID and East-West Center of Hawaii to turn socialist leaning locations like Hawii into US States or US military backed juntas.

The Donegan component, the Edward Paul Donegan story is that my family line was from rescues from the rise of Nasim of 1926 Von Trapp story immigrees to the USA, born in the USA but probably from bastard births of secretive relatives of the Windsors and Kutscheras which led to continuing embarrassment of the Windsors and FBI and is a continuing source of embarrassment of illegal genome study is CIA groomed sleepers who would among other things help royal commonwealths overseas foreign lands and foreign sands.

Exhibits: id953 is the system of law enforcement and CIA using my genome via illegal operations. Tied to Pizzagate the CIA program the press corps denies, the program mostly experiments in eugenics, designer babies, and illegal science in party room where impregnation are offered and occur. I used the file name "fleeced" in the export of that page sometimes since bringing my genome to the black market as trafficked laundered biology rights is what pays for corrupt law enforcement to party and live above their means. LE tend to pay themselves as victims if they say I sexually victimized them by peeping (I do not) and they pay for the right to peep at others as they stage peeping at adults using my name and my biology to "settle the debt" for having had peeped, though a Dopple of me is used, not me, I do not do so.

Jen Moore was a former police officer in Tracy California and she held “Conspiracy Theories” as a “Truth Teller” and pointed out as others have the US Espionage Deep State has a betray of the Donegan family, the USA, and the world underway as we possibly go into WWW III and the US activities in the Ukraine she warned about before she was assassinated by thugs telling her to stay silent.

MCT-20 Jen Moore:Jen Moore as she takes video of the 850 N. Randolph Arlington VA home of my mother Glorian and myself she keeps the CIA MKULTRA Nazis in USA component entire Donegan family and those that knew us now wiped of the earth b Gang Stalk.

It is worth saying for the segway it creates that I do not believe myself to be a Nigerian Prince down on his luck and need of rescue. That went around in the 1990s about the time the Barrack Obama Jr. marriage began to produce children, two, some say an aborted fetus and an out of wedlock male.

I am the on of poor labors who I have always admired. My father James Paul Donegan a late teen house painter who clomb down off the ladder from his work when he heard the US Army was taking recruits. My mother lived doing the work of George Washington and what Paul Harvey talked about, being a farmer, and producing food on a small farm.

After the war the TWA and airlines system around the world let employees and families of employees travel on unused arline seats as a perk of being in the business.

There ae those who DO believe the out of wedlock celebrity DNA in my family line is a some sort of bragging rights worth and they have aspiration group interest in it.

I hear dopples of me who are in apartments next to mine, with an adjoining door such as some motels or hotels, or on other areas saying that because they are caught by the Marshalls and other with child porn photos then to avoid arrest they will

provide people like Salvation Army Red Kettler bell ringers the right to make little princess.

This is I believe an inflated value of my DNA which places a wrongful emphasis on Nature rather then Nuture, and feudal arrogance of self governance.

COINTELPRO - Wetworks - Subversioin, Legal and Psychiatric System Harassment via Gang Stalk Espionage Units

High power people are covering up atomic testing disasters by conspiring against the lives of atomic weapons development and testing victims.

> ***Exhibits***: id1045 is a diagram produced by Dr Richard Lighthouse on the Targeted Individual program of MKULTRA whch uses British and US Intelligecne capabilities to destroy the lives of people through paid actors, faked government records, recurits from police and fire, and other Espionage assets who conspire to subvert the life outcomes of Targeted Individuals, targeted for PsyOps harrassment.

Here are some of the tactics used by CointelPro, most of which I have experienced. This occurs in broad daylight, inside the prison system, inside the ABA, inside psychiatric hospitals. These covert operations I and those I know have been subjected to will be described in my later false arrests and detentions.

According to Brian Glick, in War at Home, COINTELPRO used a broad array of methods, including:

- ***Infiltration***: Agents and informers did not merely spy on political activists. Their main purpose was to discredit and disrupt. Their very presence served to undermine trust and scare off potential supporters. The FBI and police exploited this fear to smear genuine activists as agents.

- ***Psychological Warfare From the Outside:*** The FBI and police used myriad other "dirty tricks" to undermine progressive movements. They planted false media stories and published bogus leaflets and other publications in the name of targeted groups. They forged correspondence, sent anonymous letters, and made anonymous telephone calls. They spread misinformation about meetings and events, set up pseudo movement groups run by government agents, and manipulated or strong-armed parents, employers, landlords, school officials and others to cause trouble for activists.

- ***Harassment Through the Legal System:*** The FBI and police abused the legal system to harass dissidents and make them appear to be criminals. Officers of the law gave perjured testimony and presented fabricated evidence as a pretext for false arrests and wrongful imprisonment. They discriminatorily enforced tax laws and other government regulations and used conspicuous surveillance, 'investigative' interviews, and grand jury subpoenas in an effort to intimidate activists and silence their supporters.

- ***Extralegal Force and Violence:*** The FBI and police

threatened, instigated, and themselves conducted break-ins, vandalism, assaults, and beatings. The object was to frighten dissidents and disrupt their movements. In the case of radical Black and Puerto Rican activists (and later Native Americans), these attacks-including political assassinations-were so extensive, vicious, and calculated that they can accurately be termed a form of official 'terrorism.'".The FBI also conducted "black bag jobs", warrant-less surreptitious entries, against the targeted groups and their members. MCT-20 Jen Moore:Jen Moore as she takes video of the 850 N. Randolph Arlington VA home of my mother Gorian and myself she keeps the CIA MKULTRA Nazis in USA component.

Those same thugs from that same conspiracy have been after me and it is tied to the war hero legacy of my family.

I have attached a photo this email I also refer to textually as id637 that is Jen Moore “Conspiracy Theorist” that my family is tied to the Von Trapp family history, my mother born in 1926. She was the out of wedlock daughter (along with Harold Gainey her brother from her earlier life as Glorian Gainey and Festus Gainey alleged father) in North Carolina where Lee Harvey Oswald’s last attempted phone call was too, the military intelligence office of WWII in that area.

Let me tell you about my mother. She died in 2011 with a Special Needs Trust fund left for me, a trust fund under US Federal Regulation that is not an inheritance of money but her keeping her money through a proxy after her death that money which can be used for education, legal expenses, medical, and other advancement of living conditions needs though not mere consumerism for its own ends.

She grew up poor on farm in North Carolina with brother Harold Gainey. Harold Gainey and her were told it was O.K. to be poor in the depression of the 1930s, she had been born in 1926 the year the Von Trapp family arrived in the USA after Maria Von Trapp left her Austrian convent (notice her in one of the versions sliding down the rail of the convent legss spead and an apple at the end of the bannister.)

When Uncle Festus Gainey died in 1935 or 1936 when my mother was 9 years old she and Harold Gainey, (all of us her, me, and Harold show FOXP2 and can’t tie our shoes well) to South Carolina in a DuPont workers family. Harold worked at DuPont too, war suppliers, in my case Harold work on testing synthetic fiber strength.

She wanted Moon River played at her funeral a song about a woman who meets an amazing man who opens her entire world up.

Let me tell you about my father. US Boston wrong side of the tracks born poor family just like the Kennedy family, Rose Fitzpatrick, the Donegans took every kind of abuse that society can heep out.

Good is real. James Paul Donegan my father and Glorian Donegan loved the world. James Paul Donegan left Boston Massachusetts to become a P-51 pilot just before the formal outbreak of the war and just before he was 18. By his telling me and Tom Donegan through our lives he was in the Atomic Bombing of Japan likely in the US Army Air Corps and 509th air force wing of bombers surrounded by fighters and recon.

After Korean War flying my father did ending in about 1958 Thomas Neil Armstrong was born named after Neil Armstrong and Thomas Jefferson who wrote a Bible without Creationism in it.

James Paul Donegan Glorian Donegan Thomas Neil Donegan and Edward Paul Donegan led good lives. I had trouble in school and have a minor gene defect looked by good doctors who have little access to more data as co-morbid ADHD and Dyslexia, also strong emotions though rapidly flashing, just herniating a bit through reigning it in.

My mother wished the song Moon River be played at her funeral, a song sung by Audrey Hepburn of love for the man who swept her off her feet and opened the world up to her.

And James Paul Donegan opened the world up to me too with Head Royce private school education based on Liberal Arts and the Humanities (LIBERALS! Liberalism is a DISEASE Rush Limbaugh shouts) to one of the most influential artworks I have ever seen.

The Third of May 1808 (also known as El tres de mayo de 1808 en Madrid or Los fusilamientos de la montaña del Príncipe Pío,[3] or Los fusilamientos del tres de mayo[1]) is a painting completed in 1814 by the Spanish painter Francisco Goya, now in the Museo del Prado, Madrid.

While I embrace Irish Nationalism and Sien Fein, India indepence from Eat India Tea company and Ghandi, Palestian protection from excess in close spaces where saboteur battle is intense, and other basic human rights focuses as I find others like myself having common oppression sources.

I embrace the cause of Israel too. State massacre of its citizens is the most brutal of all forms of violence for it ability to surround its victims and operate with impunity.

We were abnormally educated and abnormally sophisticated which has made us targets of Free Masonry on one level. On a second level targeting me as a terrorist of unknown Orthodox or Pagan sympathies against Christendom has both opened doors for me, not judging “hookups” church groups in Corpus Christi admonish in people at their services, and while views as terrorist threat of unknown lifestyle FBI subversion tactics were used against me.

The curiosity about me was simply I was of value to some backward people and the Donegan genome was too, defamed as a mentally retarded person whose DNA is not of value, it is in fact of value and being black marketed.

COINTELPRO is being used to undermine Edward Paul Donegan with a conservancy treating and nearly arrested an insane Dopple of Ed Donegan, and on that record the real Edward Donegan is harassed on pretexts.

The effect of the Mafia scheme of using an impersonator of me in a Salvation Army conservancy taking Goth lessons from Goth or Victoria Secrets entertainers sex workers allowed that entertainer to also sign DNA rights into slush funds IF that

person being entertained, the Salvation Army loser, had child porn.

Allowing them to destroy my life by generating records of ignorance and misconduct has incited normal areas of life to shun me and I find myself stuck in homeless shelters with no apartments of normal people willing to accept me and fired from all jobs I might have.

Law Enforcement officers do not like to be lured into dark alleys or unsafe places if they are enforcing the law. If they are breaking the law they may force a person like me into such a place where an unknown and nu-noticed death might occur, no questions raised by a person dying homeless behind a dumpster.

The Gangstalk espionage system used on me and other witness to the JFK assassinations including the Kennedy's suffer this curse and I need assistance from Espionage in the USA.

Jen Moore explains Western Schism and after Russia, blaming the death of JFK on Russia, and acts of the Illuminati on Russia. Our side of the Schism is using church groups to make gambits of their children to populate Western Schism side of the Great Schism of 1054 and this is illegal genome trafficking. id1046.

As all of her data and all other data now shows the Non Roman Catholic office holders objected to assassinations and overthrow that the Protestants wanted but by resentment of both Feudalism and embracing sanctity of life the Irish, Italian, or other Roman Catholics did not wanted genetically cultivated sleeper agents out of Donegan atomic testing genome or any other source and not for any use like overthrowing republics to create Commonwealths.

Exhibits: id56 is especially important. Jen Moore SMS txt screen shots fear FBI DOJ having people hit. Jen Moore will later die. I add Christopher Wray and Mueller, others in family lines of MK ULTRA with much to hide, id637 is also very important Jen Moore points her camera at the home of Glorian

and Ed Donegan of 850 North Randolph Arlington VA 2nd floor and talks about Nazis coming to the USA as the Von Trapps did, and how those family lines now make up famous and also unknown USA family lines including elite political families and media families, id448, id228, id1046.

She adds in Free Masons as elite mafia black budget illegal profits of Deep State via Pizza-gate asset seizures of black market genome used in the Ukraine by US Mafia crime families, the Donegan genome of Windsor Kutschera history and the ties to the JFK Murder and other murders as the CIA tries to conceal why JKFK was killed and how this genome related to that story, Barrack Obama Jr is only one of many mostly Bush family members and more not wanted to be tied to illegal genome research by DARPA BRIAN program going back to Austria Freud, and Carl Jung.

MCT-10 Jim Garrison: Confirmed by many new sources of available earlier suppressed evidence from me, Jen Moore, others, then denied to Garrison, former FBI agent and Orleans Parish LA USA prosecutor Garrison expertly built the case a deep state CIA led killed JFK and blamed then killed Lee Harvey Oswald. this is the case as Joan Mellen changed history. If The FBI, CIA, and Office of Naval Intelligence and Mafia had NOT killed his our Nation's witnesses like David Ferrie, Sam Giacanca, and others, Clay Shaw who WAS a CIA Domestic Contracting Service asset of the CIA would have been convicted and flipped George H.W. Bush, Richard Cheney, England, and the FBI Knights of Malta J. Edgar Hoover James Jesus Angleton NWO British backed Wild Bill Donovan Donald Barr William Barr plan.

On the surface it is simple Religious ethnic violence. An impersonator of me or a person faking I have authorized them to do so goes to an adult entertainer as a retarded person who needs lessons in Goth lifestyle, paganism, sexuality, and modeling help for a sexually retarded childlike person.

During the sexual surrogate lessons the moron as me will be

caught with child porn and I will be blamed for the acts of the Dopple of me who agrees he is Ed Donegan and agrees he is an Atheist and agrees he is harming minors from local churches.

The more complex motive is that person shaken down for the trust fund my mother left, a trust fund which will pay to get my mother's son (me) out of being arrested, is being bilked of assets due me and even more to the point I am being branded a low morality poorly developed person incapable of adult sexuality but wanting surrogacy lesson in metro-sexual latex bondage and avante guard lifestyle the very sexuality Salvation Army "red kettle" homeless people are far behind in.

The Pizzagate plan is Western Christian organizations using my genome to get lessons on avante guard lifestyle and at the same time use payment of my genome into churches and other organization of world orphanages were its historic track record might be repeated in CIA creations like Barrack Obama Jr headed to Indonesia or other locations.

The entirety of a CIA operation is destroying my life, and catching up on the opposition, an Easter Side will educated Atheist Goth whose death will complete my genome transfer into a long running Christian Western Side Great Schism world plan to retake all of Europe and all of the world for Western Side Schism countries.

Open Letter to Ted Cruz J. and the FCC

To:

Ted Crus Jr. US Senate
From:
Edward Paul Donegan
Concerned Citizen and Conspiracy Theorist

Dear Sir and Madam;

While in US Federal Prison I began to study in formal training to become a Pagan Witch. Many in San Francisco were and mostly I found it ridiculous and mostly attire for otherwise attire worn over desired behaviors and archtypical forms of resentments against establishment based values.

Removed from that contex in a male wing of a federal prison and meeting another Pagan I started looking at Pagin literature ranging from Odinism to Wicca.

Odinism has a Japanese style to it of ties to the land in racial way and often is tied to White Supremacism and while not problematic for me in that regard its use of myth I found less useful than the archetyps of Buddhism. Wicca offered internist concepts as well and education in theism Athiesm, polytheism, and patterns of behaviors of more powerful religions against minor ones or ones with little social power.

It is widely believe and still debated that the male

form the Horned God, a hunter myth an equal to the repoected Moon Goddess making Day were either abaondoned by Christianity or turned into Satan.

The pattern of replacement ideologies either demonizing or co-opting earlier movements or figures (or even cities such as in Russia following changes In goverernement and stature of historical figures) is not different from debate in the USA as Confederate flags are having their meanings altered and them removed or misunderstood, or values changing such that the attributes assigned to the history are changing. As I research the Kennedy curse which I believe I and other Donegans have lived under I came across a, perhaps "the" DOJ building as the RKF Building.

It is my belief now and many others that a CIA based oil conspiracy with the mafia killed JFK and RFK and that was led by an FBI DOJ in cahoots with the mafia.

The rise to power of George H.W. Bush who has a CIA building, Langely named after him, and J. Edgar Hoover Building, and the Robert F. Kennedy building are names I all find unforate window dressing of claims to an honoranble history that are not supported by the facts and likely even offiensive. I believe your own institutons are likely influnceed by the troubling history of the cold war and Mafia partnership in the demise of communist states, Cuba in particular and CIA plans with Rafeal Cruz Sr.

My research has a rare area of development because I carry a rare gene likely studied by Alma Powerll the mother of an FCC chair Michael Powell.

It is my belief that as those like Lloyd Austin ask conspiracy theories be purged from government the history of power changes be considered and that new leaders may have tread on the corpses of old ones while

pretending to have been loyals to the deceased and past kings.

The King is Dead. Long Live the King. I wish the billions of televion news hours covering the DOJ CIA Bush family, Rockefeller Republicans, Patreus, and others that time was being used by Micheal Hastings, Doroty Killgallen, and others.

I suspect in the USA a deep state does exist, is tied to long running CIA programs who pretend to honor those whose corpses they used as stepping stones into the newly freed up government offices.

I have no new names in mind but I wish a more diverse conspiracy theory based media encouraged and I am unformattable with our legends of our great kings today.

In the early 1960s, amphetamines were still widely accepted as innocuous medications. Apart from vast numbers of middle-aged, middle-class patients receiving low-dose prescriptions from family doctors to help them cope with their daily “duties,” in much the same way that their doctors prescribed minor tranquilizers,61 a significant quasi-medical gray market in amphetamines had developed. For instance, for his painful war injuries and also to help maintain his image of youthful vigor, President John F. Kennedy received regular injections containing around 15 mg of methamphetamine, together with vitamins and hormones, from a German-trained physician named Max Jacobson

Ralph R. Greenson (born Romeo Samuel Greenschpoon, September 20, 1911 - November 24, 1979) was a prominent American psychiatrist and psychoanalyst. Greenson is famous for being Marilyn Monroe's psychiatrist, and was the basis for Leo Rosten's 1963 novel, Captain Newman, M.D. The book was later made into a movie starring Gregory Peck as Greenson's character. There has been much conjecture, by investigating officers, press and the public, about Greenson's involvement in a possible cover-up concerning the circumstances of Monroe's death.

Greenson was well known for his early work on returning WWII soldiers suffering from Post Traumatic Stress. He also had other famous clients, such as Tony Curtis, Frank Sinatra, and Vivien Leigh. Greenson and his wife, Hildi Greenson, were the darlings of the Southern California psychoanalytic community, intellectuals and with certain notables in the entertainment industry. They were good friends with Anna Freud, Fawn Brodie and Margaret Mead.

Dr. Max Jacobson was a German physician and medical researcher who treated numerous high-profile clients in America, including President John F. Kennedy. Jacobson came to be known as “Miracle Max” and “Dr. Feelgood,” because he administered highly addictive “vitamin shots” laced with various substances that included amphetamine and methamphetamine.

Dubbed “Dr. Feelgood,” Jacobson was known for his “miracle tissue regenerator” shots, which consisted of amphetamines, animal hormones, bone marrow, enzymes, human placenta, painkillers, steroids, and multivitamins.

In September 1960, then-Senator John F. Kennedy first visited Jacobson shortly before the 1960 presidential election debates.[9][10] Jacobson was part of the presidential entourage at the Vienna summit in 1961, where he administered injections to combat severe back pain. Some of the potential side effects included hyperactivity, impaired judgment, nervousness, and wild mood swings. [I Edward Donegan dispute this, was Hyperactivity morbid and being treated by the amphetamines?

The plague bacterium works this way, hijacking the white blood cells sent to eliminate it. Traveling inside the white blood cells to the lymph nodes, the bacteria break out and attack the focal point of the human immune system. Dr. Stephen O'Brien felt that the mutated CCR5 gene, delta 32, may have prevented the plague from being able to enter its host's white blood cells.

Gene Splicing

Southpark Four Assed Monkey, or said another way, Edward Paul Donegan's 2008-2009 visit at Federal Medical Center, Butner, NC

Science can now predicts the IQ of your TODDLERS

A year ago (2017,) no gene had ever been tied to performance on an IQ test. Since then, more than 500 have, thanks to gene studies involving more than 200,000 test takers.

Robert Plomin, a behavioral geneticist, says that's exactly what's coming.

For decades genetic researchers have sought the hereditary factors behind intelligence, with little luck. But now gene studies have finally gotten big enough-and hence powerful enough-to zero in on genetic differences linked to IQ.

The search did not go well at first. Plomin failed to discover any links when he looked at the genomes of 7,900 children in 2010.

Strap yourself in for an unsettling espionage action-thriller that sounds like a Tom Clancy spy novel. But this cloak-and-dagger exposé is non-fiction. Political non-fiction.

The perplexing sequence of events begins as a Cessna carrying nine people inexplicably descends into the Pacific Ocean off the coast of a Hawaiian island. A passenger wearing a lavender sweater appears calm during the final seconds of flight. The plane enters the water. Some will later speculate the unusual circumstance was a controlled water landing made to look like an accident.

Wreckage of a Cessna Caravan in the Pacific Ocean off the coast of Hawaii. Wreckage of a Cessna Caravan in

the Pacific Ocean off the coast of Hawaii.

The passengers and the pilot patiently exit the plane as the cabin becomes flooded with water. The passenger in the lavender sweater appears to the others to be alive and well. This passenger is observed floating in the ocean, wearing a life jacket and showing no signs of distress.

Oddly, another passenger documents the entire event with a GoPro video camera. The video never reveals the face of the passenger in the lavender sweater, who will soon become the focus of a mystery.

This passenger apparently ends up dead about an hour later.

Initial reports describe three different causes of death.

Even more baffling is the fact that no one else on board the Cessna Caravan died.

Do not assume that you can simply look up the National Transportation Safety Board (NTSB) final report to find out what happened. The incident is “under investigation” … almost two years later.

Now for a little bit more about this dead passenger. The deceased was the former leader of the American branch of an Islamic cult that originated in Indonesia.

The deceased used two names …and had two different birthdays. More mystery.

Through the Islamic cult, the deceased was connected to a very interesting couple from Chicago.

The husband from this Chicago couple is an expert in Soviet propaganda. He is a professor at a university in

Chicago. A university where a another professor was a domestic terrorist and a self-described “communist revolutionary.”

The husband attended meetings in Chicago and China with a graphic designer who created a very recognizable circular logo for a famous politician from Chicago.

The father of the graphic designer who created a very recognizable circular logo for a famous politician from Chicago lived in a commune with members of the American branch of the Islamic cult.

The wife from this Chicago couple was friends with the deceased. The wife became the leader of the American branch of the Islamic cult too; just like her friend who purportedly perished in the Pacific Ocean.

Hammer Sickle FBI 1024

Now it turns out that back in the 1940s, the FBI was extremely interested in the parents of the husband from this Chicago couple.

When this Chicago husband, professor, and Soviet propaganda expert was a young boy he lived with his parents near Washington D.C.

The Chicago husband’s mother and all of his grandparents were from Russia. The Chicago husband’s father worked for the U.S. government.

The FBI had the father under government “technical surveillance” through a judge’s secret order. The FBI monitored his phone calls.

The FBI listened to his father getting chewed out by a Soviet spy for “questioning him over the telephone.” The spy then told the boy’s father “to bear in mind from

where he was talking."

The Soviet spy was part of an espionage network penetrating the highest levels of the U.S. government.

This Soviet spy ring had many agents working at American public libraries, scanning local newspaper obituaries to obtain the names of recently-deceased babies. This Soviet spy network then used the names of these dead babies to create fraudulent identities in order to obtain counterfeit U.S. passports.

These fraudulent passports were used by the communist spy operation to bring additional Soviet espionage agents into the United States.

The FBI eventually had 26,000 pages of files on this ring; the ring which also stole atomic bomb secrets from the Manhattan project.

There is one more detail worth mentioning:

It was the deceased who released a Hawaii birth certificate for the famous politician from Chicago, who is now the sitting U.S. President. Many claim that the Hawaii birth certificate is fraudulent.

More mystery? Yes.

The deceased was named in a sealed affidavit filed in U.S. District Court in Seattle alleging misprision of felony and treason against the United States. The sealed affidavit included a technical analysis concluding that the birth certificate was fraudulent. The affidavit also contained personal financial records of the Hawaii official.

Less than two months after the affidavit was filed the plane allegedly transporting the Hawaii official went

down in the Pacific Ocean.

The Hawaii official reportedly died.

Shall we continue?

The following are the actual events portrayed in the story you just read, complete with real names and excerpts from the original Silvermaster FBI files. Approximately 26,000 pages of FBI files related to the Silvermaster Soviet spy ring and the Julius and Ethel Rosenberg espionage case were declassified under the Freedom of Information Act (FOIA). Excerpts from the William Remington FBI file are presented here as well.

The Hawaii plane incident

The Cessna Caravan 208B turboprop ditched off the coast of Kalaupapa, Molokai, Hawaii on December 11, 2013. The Makani Kai Air Charters flight had departed Molokai en route to Honolulu with eight passengers and one pilot on board.

Several former military pilots reviewed GoPro video which had been recorded by a passenger on board the aircraft. Those military pilots stated that they believe the pilot made a “controlled water landing.”

The 246-word NTSB preliminary report released after the Cessna Caravan incident was called “one of the most incomplete and un-sourced reports published when compared to other reports.” Twenty months have elapsed since the plane ended up in the Pacific Ocean. The NTSB has yet to release its final report.

One passenger reported killed: Hawaii/SUBUD official who released President Obama’s birth certificate

Hawaii Director of Health Loretta ‘Deliana’ Fuddy, who

released President Obama's 'Hawaii Certificate of Live Birth' on April 27, 2011, was the only passenger pronounced dead after the Cessna Caravan went down.

Hawaii Director of Health Loretta 'Deliana' Fuddy released President Obama's Hawaii Certificate of Live Birth in 2011 then died in 2013 after a Cessna she was reportedly aboard ditched in the Pacific Ocean off the coast of Molokai, Hawaii.

The Hiroshima Pilot Who Became a Symbol of Antinuclear Protest By Anne I. Harrington

Aug. 6, 2020

The latest article from "Beyond the World War II We Know," a series from The Times that documents lesser-known stories from the war, looks at Claude Eatherly, an American pilot involved in the atomic bombing of Hiroshima. After years of being arrested for petty crimes, he became a high-profile antinuclear activist.

The B-29 bomber banked hard to avoid the blast. The explosion lit the plane's interior with a brilliant flash, so bright that some of the aviators momentarily thought they had been blinded. More than one noted a strange metallic taste in his mouth. A loud clap broke around them as the first of three shock waves hit, causing the

plane's aluminum body to vibrate violently. Looking down, they saw the fireball unfurling.

[CTRL] Fwd: [CIA-DRUGS] Gunther Russbacher …CIA … coverups …etc.

From:

Ya know, this story below about Russbacher being a complete liar, con man, etc., etc., sounds just like something the government would say in order to discredit him. I don't have any knowledge of the man's "psychological profile" as mentioned herein, however, I do know that claiming someone is crazy, a liar, a con man, insane, delusional, paranoid, etc., IS a COMMON tactic used by our wonderful government agencies to discredit their enemies - perceived or otherwise.

They used this same tactic against Claude Eatherly (Hiroshima pilot) back in the 40's to discredit him …said he was a looney bird and a liar when he began talking about things that happened during World War II, and "Operation 40", amongst other things.

I was thinking that the Gunther Russbacher prison interview

video was not going to show up, like Chip Tatum's video. "The Mystery of the Covert Criminal Conspiracy", is an interview of Gunther Russbacher in prison by the editor of probe mag, with nightly TV news clips of Brenneke and Russbacher at the end, and citations of Rodney Stich's Defrauding America that have to do with GR. I already trust Mike Ruppert and Daniel Hopsicker a lot, so my few pennies went to a higher priority, to check out where the estranged Russbachers are coming from(well before the Train Deaths trial became a financial priority). Paul Wilcher made several allegations in a letter to Attorney General Janet Reno.

Wilcher alleged that the David Koresh cult in Waco was a front operation for a CIA team of sleeper-agent assassins, these being Koresh and six others, and that similar CIA-sponsored cults were run in five other locations

Wilcher claimed that Koresh and earlier cult leaders Jim Jones and Charles Manson had received mind control training from the CIA.

Defrauding America: Encyclopedia of Secret Operations of the CIA, the DEA, and Other Covert agencies, worldwide, for the past 50 years. It is written by former federal agent Rodney Stich with input from dozens of former government agents and drug smugglers, including many CIA assets. The author has written over a dozen books on government intrigue, and has appeared as guest on over 3,000 radio and TV shows since 1978. More information can be found at www.defraudingamerica.com.

"If just 25% of it were true..." This was his way of describing the magnitude of corruption and murder conducted by various branches of our federal government, and also their use of contractors to perform their dirty works, with impunity. Contractors were used in JFK's assassinations. Through this book I learned about Gunther Russbacher and Dois E. Tatum.

And studying both men was helpful for me because my path crossed with theirs during my military service, although not directly.

But the most sickening of them all is a whistle blower

from the Army, a team leader for assassination squad parachuted into Indo-China in the late fifties. They were comprised entirely of Afro Americans, psychologically programmed by the CIA to commit horrific crimes in Vietnam including murder of American defense contractors (the CIA agents within the mainstream press then blamed the attacks on Viet Cong), and in one case the murder of a green beret and his visiting wife and family while they were having lunch in a floating pagoda in Saigon. (This incidence I remember reading in newsprint while in college.

I served later during the 'nam conflict, although not in the theater. Of course the bombing of the pagoda was blamed on the VC.) The retired major stepped forward to reveal his background because he was having mental difficulties to reconcile orders his team received to kill children; at first Mr Stich found the stories so bizarre he did not quite know what to think. Mr Freeman was able to get copies of the military orders through FOIA to prove his claims.

These were published in the third edition. If you want to know why many of the elite Green Berets that were captured did not return home read this book. In short, Freeman's team was ordered by Richardson, Chief of Station Saigon CIA, to eliminate the POWS in North Vietnam. I found an internet obituary about Richardson, who retired to Mexico. In that article it verified him to be the Chief of Station in Saigon, and his son was quoted to have said this: "He was proud of his service." This is the type of psychopath that Mr Stich reveals in his books, a man who was proud to have issued orders to kill American POWs. The published orders were redacted, and did not reveal Richardson's full name although the whistle blower did reveal the last name. I was able to cross validate through L. Pletcher Prouty's book on JFK in which he revealed Richardson's full name. Mr Prouty knew this singular entrance into his JFK book would somehow prove useful. Perhaps Prouty

knew about the sinister activities of the CIA in Vietnam. RIP Colonel Prouty. And thank you, Mr Stich, you made a difference.

Paul Wilcher was the lawyer to whistle-blowers **Rodney Stich and Gunter Karl Russbacher**. Wilcher died in disputed circumstances a month after writing a letter to then-new US Attorney General Janet Reno alleging that the CIA was killing people to cover up mind control experiments, and that the Waco incident was one of these events. Death

According to the American Patriot Fax Network:

He had apparently been killed elsewhere, tied in a fetal position, and rigor mortis set in.

He may have been brought back to his apartment and placed on the stool, to look like a natural death. It was made to look like a suicide, but a body does not freeze into that position when a person dies, the body falls over. Swarms of FBI agents appeared, going out of their way to tell Marion and McCledon that they had not interest in the case.

Simultaneously, the same day that Wilcher's body was found, the printer who was to proceed with printing this book, Consolidated Printers of Berkeley, California, fabricated excuses for not proceeding …

According to Garby Leon

Paul Wilcher, like Danny Casolaro, was investigating possible government involvement in a variety of questionable activities, including the controversial

October Surprise allegations and the INSLAW case … By late May, Wilcher said his information had gone beyond Casolaro's and he felt this made him a danger signal. In three weeks, he was dead. …

Present at the scene after Wilcher's death was noted White House correspondent Sarah McClendon, who knew Wilcher well and who had alerted authorities that he was missing. McClendon was unable to identify the body as Wilcher after viewing the remains. McClendon has been told that preliminary autopsy results have found "no natural cause of death, and no other cause of death to explain Wilcher's demise. Given that Wilcher, in his 40s, was in apparent good health, this seems fairly astonishing. …

… According to Mr. MASON O. LIDELL JR. (637 Third St. NE, Apt. B-03, DC 20002) superintendent of Wilcher's building, a Lieutenant and a Sergeant from the D. C. Police (with the help of firemen to force the door) entered Wilcher's apartment at about 11:30 AM on June 23rd. Three detectives from DC Police entered and found Wilcher's computer was turned on. When they read what was on the computer screen, they summoned the FBI. There is no further information on what the screen actually said. …

At about 4:30 in the afternoon FBI Agents arrived. Sarah McClendon was also present, though not allowed in the apartment itself. She says two groups of four FBI Agents - eight FBI Agents in all - arrived and asked questions. McClendon checked their identification, which seemed convincing. According to Lidell at least three FBI Agents entered the apartment during the 4:30 to 7:30 time period.

Then, according to Lidell, one man appeared and said he was CIA (without offering identification). He joined the FBI agents in the Wilcher apartment during the 4:30

to 7:30 time period. …

Ms. McClendon phoned the FBI to ask about the presence of FBI Agents; later MR. JAMES V. DESARNO JR., Assistant Special Agent in Charge from the D. C. Metropolitan Office, arrived. Mr. Desarno also asked questions, but strongly denied that the FBI was interested in or involved in the case. “We are not interested in this case,” he told McClendon, Lidell and others repeatedly.

… Two FBI Agents present at the scene were JAMES V. DESARNO, as remarked, and CRAIG OLSON, both of the D. C. Metropolitan Office: 1900 Half Street SW, Washington DC 20535. (202) 252-7801, both at same address and office.

The DC police officer in charge of investigating the Wilcher death is named BRIAN HENRY, (202) 727-4347.

Coroner for the government is a DR. KIM, who performed the autopsy, the results of which have not been released.

Building superintendent MASON LIDELL (202-543-2751) was questioned by Desarno and others, and has kindly provided information in this letter.

… One friend of Wilcher’s phoned apartment 302 in Wilcher’s building (across from his) and got a taped answer message on the telephone intercom. The message said (paraphrasing) “This is a government telephone line, no longer in service” or words to that effect. Phone records, occupancy etc. from this address should be investigated.

Letter to Jane Reno

Paul Wilcher made several allegations in a letter to Attorney General Janet Reno.

Cults

Pershing Park Killings

Wilcher alleged CIA responsibility for the deaths of six people in Pershing Park, District of Colombia, in 1988 and 1989. The dates of the incidents were given as:

- June 10th, 1988, at approximately 7:00 PM
- July 28th, 1988, at approximately 9:45 PM
- May 13th, 1989, at approximately 10:24 PM
- June 16th, 1989, at approximately 9:19 PM
- July 16th, 1989, at approximately 8:00 PM
- August 25th, 1989, at approximately 8:00 PM

Wilcher alleged similarities between the deaths:

- During each death, an “unmarked white TV camera van” was parked at the far end of Pershing Park and appeared to be filming the incident from start to finish.
- All of the dead were black men.

- Before each death, a black man wearing a sailor hat left the District of Columbia Administration Building, met with the person, gave the person a drink from a bottle, and returned to the building.

- Immediately after taking the drink, the person "immediately went berserk … in a very belligerent, violent, and predatory manner" and attacked the nearest white person.

- Five of these persons had attacked Michael Fuller, a martial artist who ran the nearby horse-drawn limousine service Wheels Across Washington, and Fuller had beat them all to death.

- The final man, John Wayne Tucker, attacked a different man who had the misfortune to be walking down the street at that moment, and was immediately interrupted by five squad cars of US Park Police. These US Park Police personnel were all black even though the Park Police in DC was primarily composed of white officers at the time.

These incidents were reported by Fuller and DC police officer Maria Weyraugh, a witness to the Tucker incident.

The District of Columbia subsequently passed a law that had the effect of banning only Fuller's business. Fuller was prosecuted for cruelty to animals "by an Army Intelligence JAG brought in just to handle this one case!" When Fuller raised the issue of the prosecutor's background, "most of the documents and evidence in the Court's files suddenly disappeared." After the charges were dismissed, Fuller was arrested in Virginia "on apparently trumped up charges" and was being held

without bail at the time of writing in May 1993. According to US appeals court records, Nancy J. Halstead was a co-defendant in this case.

Weyraugh was placed on administrative leave for a year and a half and ordered to take psychiatric evaluations which were then cited to fire her on "psychological" grounds.

Waco

On February 28 1993, at 4:20 AM, the Bureau of Alcohol, Tobacco, and Firearms attempted to execute a search warrant relating to alleged sexual abuse charges and illegal weapons violations.

Regarding the Waco incident, Wilcher alleged that:

- Koresh and six others in his cult were CIA deep-cover operatives who had refused an order to activate against an unknown target.
- The initial engagement plan was designed to result in the deaths of US officers to justify a large-scale retaliation.
- Nerve gas, not tear gas, was used in the final assault.
- A CIA hit squad was dropped onto the roof by helicopter and killed Koresh and dozens of others with pistol shots to the head at close range.
- The CIA set the fire at the compound using timed

white phosphorus incendiaries.

Koresh in 1987 Born Vernon Wayne Howell August 17, 1959 Houston, Texas, U.S.

David Koresh was born Vernon Wayne Howell on August 17, 1959, in Houston, Texas, to a 14-year-old single mother, Bonnie Sue Clark (September 8, 1944 - January 23, 2009)[9][10] and father Bobby Wayne Howell (1939 - 2008). Before Koresh was born, his father met another teenaged girl and abandoned Bonnie Sue. Koresh never met his father, and his mother began cohabitating with a violent alcoholic.[10] In 1963, Koresh's mother left with her boyfriend and placed her four-year-old son in the care of his maternal grandmother, Earline Clark. His mother returned when he was seven, after her marriage to a carpenter named Roy Haldeman. Bonnie Sue and Haldeman had a son together, named Roger, who was born in 1966.

Koresh described his early childhood as lonely.[10] Due to his poor study skills and dyslexia, he was put in special education classes and nicknamed "Vernie" by his fellow students.[11] Koresh dropped out of Garland High School in his junior year.

When he was 19 years old, Koresh had an illegal sexual relationship with a 15-year-old girl who became pregnant.[10] He claimed to have become a born-again Christian in the Southern Baptist Church and soon joined

his mother's church, the Seventh-day Adventist Church. There, Koresh became infatuated with the pastor's daughter, and while praying for guidance, he opened his eyes and allegedly found the Bible open at Isaiah 34:16, stating that "none should want for her mate"; convinced this was a sign from God, Koresh approached the pastor and told him that God wanted him to have his daughter for a wife. The pastor threw him out, and when he continued to persist with his pursuit of the daughter, he was expelled from the congregation.[10]

In 1981, Koresh moved to Waco, Texas, where he joined the Branch Davidians (not to be confused with the original Davidian Seventh-Day Adventist Church). Benjamin Roden, who died in 1978, originated the Branch group in 1955 with new teachings that were not connected with the original Davidians. Koresh played guitar and sang in church services at the Mount Carmel Center, the sect's headquarters outside Waco.

The Chain of Command

Wilcher alleged the existence of a "top secret chain of command underlying all of the major covert and black operations which have been carried out by the CIA's myriad wet teams over the past 30 years or so." This "shadow government" would be led by "a top secret council of nine men whose names I do not know and would not recognize even if I stumbled across them," who were capable of giving orders to the Director of Central Intelligence and the Joint Chiefs of Staff.

Wilcher claimed that this group was responsible for nearly every notable assassination and assassination attempt from JFK to John Lennon, for starting the Vietnam and Bosnian wars by destabilizing these

societies, and for the deaths at Jonestown.

The October Surprise

Wilcher cited his client Gunther Karl Russbacher, “a life-long covert operative for the CIA and the Office of Naval Intelligence” as the pilot of the flight that flew George Bush and others to Paris for a meeting with Iran’s leaders during the 1980 election campaign.

Russbacher claimed to have flown Bush to France in a BAC-111 owned by the Saudi royal family. By Russbacher’s recollection, the aircraft left from Andrews Air Force Base near 7:00 EST on October 18, rendezvoused over the Atlantic with a Grumman Gulfstream flown by Heinrich Rupp, and landed at LeBourget Airport. Russbacher returned Bush to the United States in a SR-71 which landed at McGuire Air Force Base at 10:50 AM EST. After dropping Bush off at McGuire, Russbacher continued alone to Andrews.

https://stlreporter.com/2021/04/01/the-secret-life-of-gunther-russbacher/ …

To reach inmate 184306, a visitor must be escorted through three check points and five clanging sets of iron bars. Gunther Karl Russbacher is a prisoner- and not just any ordinary prisoner. But beyond that, no one is sure who he really is. So far, those interested in finding out have included Texas billionaire Ross Perot, the United States Congress and Geraldo Rivera.

In the past, Russbacher has admittedly used aliases such as Emory Joseph Peden,Robert Andrew Walker and Robert Behler. He has also allegedly been known as “The Raven.” The last pseudonym could be classified a nom de guerre, because Russbacher claims to be a Navy captain - and not just any ordinary Navy captain.

Federal authorities arrested him in July 1990 for impersonating a military officer at Castle Air Force Base in Atwater, Calif. The charge led to Russbacher's probation revocation in St. Charles Co., where he had a 1989 conviction for stealing through deceit. Russbacher pleaded guilty in that case to defrauding clients of the St. Louis-based National Brokerage Companies, which he headed. He received a 21-year sentence. In both of these instances, Russbacher now claims he was carrying out covert duties for the United States government.

By his own account, he is a CIA operative with knowledge of the agency's involvement in financial fraud, drug trafficking, and illicit arms trading.

Russbacher established National Brokerage and other proprietary companies, including a failed savings and loan in Pennsylvania, at the behest of the CIA, he alleges. He further charges that his military and criminal records - ostensibly altered to infiltrate terrorists and narcotic rings - are now being used against him.

In addition, Russbacher claims his 1990 arrest followed a secret flight to inform Soviet President Mikhail S. Gorbachev of the pending war with Iraq. This would be fantastic enough, but it's not all. As an aviator attached to the Office of Naval Intelligence, Russbacher says he piloted a BAC-111 aircraft - with George Bush on board - to Paris in 1980. Perhaps more importantly, Russbacher claims to have shuttled Bush back to the United States a few hours later in an SR-71 spy plane - and he professes to have proof.

His knowledge of these events is the real reason he is in prison, Russbacher says. Bush's French rendezvous purportedly finalized earlier negotiations between the Reagan-Bush campaign and Islamic revolutionaries. Those talks supposedly centered on delaying the release of 52 American hostages then being held by Iran until

after the November presidential elections. In exchange for prolonging their captivity, the Iranians were allegedly promised arms and spare parts to supply their burgeoning war with Iraq. According to Russbacher, the Reaganites also forked over $40 million up front to seal the deal.

The move was meant to assure a Republican victory over then-President Jimmy Carter and preempt any "October surprise," or last-minute administration plan to gain the hostages release.

Russbacher is not the first nor most credible person to make these allegations. Reagan administration member Barbara Honegger published the initial October Surprise book in 1989. In 1990, Gary Sick, a National Security Council member in the Carter administration, renewed interest in the subject through a New York Times op-ed article. Sick followed it up last year with a volume of his own.

Although there seems to be substance to these claims, there is uncertainty as to Bush's presence at the Paris meetings. Citing Secret Service logs and interviews, the House October Surprise Task Force, a congressional inquiry now under way, dismissed the possibility of president's participation in an interim report issued June 30. In February, a lengthy analysis by writer Frank Snepp of the Village Voice similarly refuted the premise.

Another writer delving into related scandals didn't get a chance to jump to any conclusions. Journalist Danny Casolaro was found dead in a Martinsburg, W. Va. motel room last August. The local coroner ruled it a suicide. But Casolaro's investigation into the BCCI banking debacle and Inslaw computer software case has left doubt as to the actual cause of his death. Within this context, and given his alleged association with such shadowy figures as arms merchant Richard Brenneke

and self-proclaimed CIA contract agent Michael Riconosciuto, Russbacher's incredible story teeters on the verge of plausibility.

Inside the Control Unit of the Missouri Correctional Facility at Jefferson City,the air conditioning isn't working in one of the two visiting rooms. The four by four closet-sized space is furnished with two metal folding chairs and divided in the middle by a narrow counter top. Windows and a concave mirror allow prison guards to keep watch. The cubbyhole is thick with humidity as Russbacher, dressed in a sky blue sweat suit, begins to divulge the trump that he believes will set him free, and, ultimately, lead to either President Bush's impeachment or resignation.

"It's actually quite a simple thing," says Russbacher. "Every (SR) 71 flight- be it a training session or actual mission - is documented through a voice cockpit and video cockpit recorder," he explains. According to Russbacher, the plane's recording devices "document each and every facial expression, every movement of your hands and every turn of the instruments." After the video is transmitted in six-second bites to one of three satellites positioned at "keyhole 11, 12 or 13" a signature is superimposed at the bottom of the screen, which includes: the exact time, aircraft of origin and its location.

"It's beamed back down to the NSA (National Security Agency) station at Fort Meade,Md. There is no way to tamper with it. If you try to make a secondary copy from the original, bar codes jump up," says Russbacher."

… https://stlreporter.com/2021/04/01/the-secret-life-of-gunther-russbacher/

According to Wikipedia, the BAC-111 lacks the range to fly across the Atlantic. Later models could reach 1,700

miles. The trip to France is nearly 4,000 miles.

Persons who Russbacher alleged to be on the flight to Paris included:

Wilcher alleged that the David Koresh cult in Waco was a front operation for a CIA team of sleeper-agent assassins, these being Koresh and six others, and that similar CIA-sponsored cults were run in five other locations:

- Salt Lake City, Utah
- Provo, Utah
- Logan, Utah
- Boise, Idaho
- San Francisco, California

Wilcher claimed that Koresh and earlier cult leaders Jim Jones and Charles Manson had received mind control training from the CIA.

Ghost Riders in the Sky

Lyrics

An old cowboy went riding out
One dark and windy day
Upon a ridge he rested
As he went along his way

When all at once a mighty herd
Of red eyed cows he saw
Plowin' through the ragged skies
And up the cloudy draw

Their brands were still on fire
And their hooves were made of steel

Their horns were black and shiny
And their hot breath he could feel

A bolt of fear went through him
As they thundered through the sky
For he saw the riders coming hard
And he heard their mournful cry

Yippie-yi-o
Yippie-yi-yay

Ghost riders in the sky
Their faces gaunt
Their eyes were blurred
Their shirts all soaked with sweat
He's riding hard to catch that herd
But he ain't caught 'em yet

'Cause they've got to ride forever
On that range up in the sky
On horses snorting fire
As they ride on, hear their cry

As the riders loped on by him
He heard one call his name
'If you wanna save your soul
From hell a-riding on our range

Then, cowboy, change your ways today
Or with us you will ride
Trying to catch the devil's herd
Across these endless skies

Yippie-yi-o Yippie-yi-yay

Ghost riders in the sky
Ghost riders in the sky

Radiology in Medicine

Museum and Archives History of the American Society of Radiologic Technologists retrieved from American Society of Radiologic Technologists (ASRT) and copied or modified to here

Museum and Archives

History of the American Society of Radiologic Technologists The American Society of Radiologic Technologists is the world's largest and oldest membership association for medical imaging technologists and radiation therapists. Founded in 1920, the ASRT now has more than 156,000 members. Its business office is located in Albuquerque, N.M.

Radiologic technologists are the medical personnel who perform diagnostic imaging examinations and who deliver radiation therapy treatments. They may specialize in a specific area of radiologic technology, such as computed tomography, mammography, magnetic resonance imaging or nuclear medicine.

The ASRT provides its members with educational opportunities, promotes radiologic technology as a career, and monitors state and federal legislation that affects the profession. It also is responsible for establishing standards of practice for the radiologic science profession and developing educational curricula.

The ASRT is governed by an elected eight-member Board of Directors and a House of Delegates. The ASRT

also has affiliate relationships with 54 state or local societies for radiologic technologists. These affiliate societies operate independently of the national organization, but ASRT provides them with assistance and guidance upon request.

Early History

In the century since Wilhelm Conrad Roentgen's discovery of the x-ray in 1895, radiology has advanced from a scientific curiosity to a medical necessity. The transformation of radiology paralleled dramatic changes in the role of those responsible for operating the x-ray equipment itself.

Many of the first people to operate x-ray machines had no connection whatsoever to the medical profession. Within six months of Roentgen's discovery, charlatans began to devise commercial uses for the x-ray to exploit the public's interest in the new technology. Because radiography was considered a form of photography at the time, professional photographers were among the first to purchase and operate x-ray equipment. Studios conducting business in "Roentgen photography" sprang up in America and Europe to entertain a public curious to view their bones.1

Quickly, however, the x-ray was put to use for more serious purposes to diagnose and treat illness. As the technology gained popularity in the 1900s, most medical x-ray equipment was owned and operated by independent businessmen, including chemists, engineers and electricians. Physicians would send patients to these x-ray operators for diagnostic and therapeutic services.

By the 1910s, however, a number of physicians began to purchase their own x-ray machines to install in their medical offices. A few even began to specialize as

radiologists. In the beginning, these physicians operated the x-ray equipment themselves. Advances in equipment and technique, however, quickly outpaced the physicians' ability to keep up and they gradually found more and more of their time was being eaten up by the mechanics of the x-ray machine, leaving less time for patient contact and treatment.

It didn't take long for these physicians to realize that to make the most effective use of their x-ray equipment, someone else had to handle the time-consuming tasks of performing x-ray examinations and developing films. The task most often fell to their office assistants. Across the country, physicians recruited their receptionists and secretaries to crank the handle of the static machine, pose as subjects and rock the developer pan. These assistants usually had no knowledge of human anatomy or illness; they merely operated the equipment.2 Hospitals, clinics and the physicians lucky enough to employ nurses quickly put them to work as x-ray technicians, for they at least had medical training.

These pioneer technicians had a heavy load to bear. The vast majority were women, and they were expected not only to operate the x-ray equipment, but also to perform routine machine maintenance.3 These first technicians also worked in a climate indifferent to radiation protection, and the death toll among them was high. It wasn't until nearly 20 years after Roentgen's discovery that precautions such as lead aprons and film badges came into widespread use.

Because instructional manuals were rare, the first technicians learned positioning and exposure techniques via the "hunch method."5 Despite this, many x-ray technicians were able to achieve what were then considered to be remarkable radiographic images. With no written rules, however, they found it difficult to explain their successes and could not formulate a technique that others could follow.

The plight of the undereducated, overworked x-ray technician was largely ignored until the 1920s, when the persistent work of one man Eddy C. Jerman finally brought education, organization and legitimacy to the x-ray technician.

In October 1920, Jerman and 13 technician acquaintances half of whom were women met in Chicago to establish the first national technician society, the American Association of Radiological Technicians. The society was created “for the purpose of affording technicians an opportunity for the interchange of thoughts and ideas concerned with radiologic technique.

The new society offered knowledge-hungry technologists the opportunity to meet and share technical advice. This process was formalized in 1929 with the debut of the society’s journal, The X-Ray Technician.

ASRT Seal

By 1932, when the association changed its name to the American Society of X-Ray Technicians, membership had reached nearly 400. Membership figures remained stable through the Depression, but surged following World War II when hundreds of military-trained radiographers returned home from the war to find jobs in civilian hospitals. The rapid increase in membership prompted the society to hire its first full-time staff person, Genevieve Eilert. In 1946, the ASXT established its offices in the basement of Mrs. Eilert’s home in Fond du Lac, Wis. ASXT membership climbed to 2,500 in 1948 and reached 4,000 in 1952.

In the early 1950s, the ASXT made its first foray into establishing formal educational standards for the

profession. Until then, training programs varied greatly in length and in the subjects covered. The ASXT presented its first standardized curriculum in 1952. It described a one-year course in x-ray technology and recommended the number of hours that should be devoted to each subject, ranging from physics and anatomy to positioning and darkroom technique. The 1952 curriculum was the first of many that the society would publish over the years as it consistently pushed for uniform educational standards for radiologic technologists.

In 1964, the association changed its name from the American Society of X-Ray Technicians to the American Society of Radiologic Technologists. The change happened because more and more of the society's members were nuclear medicine technologists and radiation therapists, so the term "x-ray technician" no longer accurately reflected the membership. In addition, members believed the shift from "technician" to "technologist" placed a stronger emphasis on professionalism and education. The same year, the society also changed the name of its journal to Radiologic Technology.

The ASRT continued to grow, and by 1968 membership had reached 14,000. The organization's leaders realized it was time to move the burgeoning society from Fond du Lac, the ASRT's headquarters for more than two decades. They chose Chicago, home to nearly 100 other health care associations.

And the men that reach out into space will be able to find ways to feed the hungry millions of the world and the cure their diseases. They will be able to find a way give each other hope and a common future. And those are the days worth living for." Edith Keeler

Franklin Delano Roosevelt often referred to by his

initials FDR, was an American politician and attorney who served as the 32nd president of the United States from 1933 until his death in 1945. A member of the Democratic Party, he won a record four presidential elections and became a central figure in world events during the first half of the 20th century. Roosevelt directed the federal government during most of the Great Depression, implementing his New Deal domestic agenda in response to the worst economic crisis in U.S. history. As a dominant leader of his party, he built the New Deal Coalition, which defined modern liberalism in the United States throughout the middle third of the 20th century. His third and fourth terms were dominated by World War II, which ended shortly after he died in office.

Born into the Roosevelt family in Hyde Park, New York, he graduated from both Groton School and Harvard College, and attended Columbia Law School, which he left after passing the bar exam to practice law in New York City. In 1905, he married his fifth cousin once removed, Eleanor Roosevelt. They had six children, of whom five survived into adulthood.

While the Roosevelts were vacationing at Campobello Island in August 1921, he fell ill. His main symptoms were fever; symmetric, ascending paralysis; facial paralysis; bowel and bladder dysfunction; numbness and hyperesthesia; and a descending pattern of recovery. Roosevelt was left permanently paralyzed from the waist down. He was diagnosed with polio at the time, but his symptoms are now believed to be more consistent with Guillain-Barré syndrome - an autoimmune neuropathy which Roosevelt's doctors failed to consider as a diagnostic possibility.

Guillain-Barré syndrome (GBS) is a rapid-onset muscle weakness caused by the immune system damaging the peripheral nervous system. Typically, both sides of the body are involved, and the initial symptoms are changes

in sensation or pain often in the back along with muscle weakness, beginning in the feet and hands, often spreading to the arms and upper body. The symptoms may develop over hours to a few weeks. During the acute phase, the disorder can be life-threatening, with about 15% of people developing weakness of the breathing muscles and, therefore, requiring mechanical ventilation. Some are affected by changes in the function of the autonomic nervous system, which can lead to dangerous abnormalities in heart rate and blood pressure.

Radio communications: In 1928, WRGB, then W2XB, was started as the world's first television station. It broadcast from the General Electric facility in Schenectady, NY. It was popularly known as "WGY Television". Meanwhile, in the Soviet Union, Léon Theremin had been developing a mirror drum-based television, starting with 16 lines resolution in 1925, then 32 lines and eventually 64 using interlacing in 1926. As part of his thesis, on 7 May 1926, he electrically transmitted, and then projected, near-simultaneous moving images on a 5-square-foot (0.46 m2) screen.

Beginning in 1925, Roosevelt spent most of his time in the Southern United States, at first on his houseboat, the Larooco. Intrigued by the potential benefits of hydrotherapy, he established a rehabilitation center at Warm Springs, Georgia, in 1926. To create the rehabilitation center, he assembled a staff of physical therapists and used most of his inheritance to purchase the Merriweather Inn. In 1938, he founded the National Foundation for Infantile Paralysis, leading to the development of polio vaccines.

Spaceflight retrieved from Wikipedia and copied or modified to here

The first theoretical proposal of space travel using rockets was published by Scottish astronomer and mathematician William Leitch, in an 1861 essay "A Journey Through Space".[1] More well-known (though not widely outside Russia) is Konstantin Tsiolkovsky's work, "Исследование мировых пространств реактивными приборами" (The Exploration of Cosmic Space by Means of Reaction Devices), published in 1903.

Spaceflight became an engineering possibility with the work of Robert H. Goddard's publication in 1919 of his paper A Method of Reaching Extreme Altitudes. His application of the de Laval nozzle to liquid fuel rockets improved efficiency enough for interplanetary travel to become possible. He also proved in the laboratory that rockets would work in the vacuum of space;[specify] nonetheless, his work was not taken seriously by the public. His attempt to secure an Army contract for a rocket-propelled weapon in the first World War was defeated by the November 11, 1918 armistice with Germany. Working with private financial support, he was the first to launch a liquid-fueled rocket in 1926. Goddard's papers were highly influential internationally

in his field.

Project MKUltra retrieved from military.wikia.org and copied or modified to here

Project MKUltra is the code name of an illegal U.S. government human research operation experimenting in the behavioral engineering of humans through the CIA's Scientific Intelligence Division. The program began in the early 1950s, was officially sanctioned in 1953, was reduced in scope in 1964, further curtailed in 1967 and officially halted in 1973.[1] The program engaged in many illegal activities; in particular it used unwitting U.S. and Canadian citizens as its test subjects, which led to controversy regarding its legitimacy. MKUltra involved the use of many methodologies to manipulate people's mental states and alter brain functions, including the surreptitious administration of drugs (especially LSD) and other chemicals, hypnosis, sensory deprivation, isolation, verbal and sexual abuse, as well as various forms of torture.

> It is the belief of this author Edward Paul Donegan the program included DNA testing of created twins, brothers or half brothers including Ed Donegan and Barrack Obama, Mark and Scott Kelley, Tom Cruise and many others. JFK's assassination was tied to objecting to this plan since the experimental output included moles to rule foreign countries on behalf of England. The center was Sidney Gottlieb, Donald Barr, and William Barr along with Dulles and Souther Baptist church, perhaps Salvation Army and YMCA all of which were in the Special Relationship with England, Will Bild Donovan, the Vatican, and others of the Supreme Allied Forces. The Watergate break in was a Nixon Rockefeller attempt to conceal the JFK assassination tied to this.

[note that the therapy Linda Newkirk underwent was described by her as space out space aliens abducting her and torturing her as a test subect attaching electrodes and doing other science experiments tied to her medical maladies]

The scope of Project MKUltra was broad, with research undertaken at 80 institutions, including 44 colleges and universities, as well as hospitals, prisons and pharmaceutical companies. The CIA operated through these institutions using front organizations, although sometimes top officials at these institutions were aware of the CIA's involvement. As the Supreme Court later noted, MKULTRA was:

> concerned with "the research and development of chemical, biological, and

> radiological materials capable of employment in clandestine operations to control human behavior." The program consisted of some 149 subprojects which the Agency contracted out to various universities, research foundations, and similar institutions. At least 80 institutions and 185 private researchers participated. Because the Agency funded MKULTRA indirectly, many of the participating individuals were unaware that they were dealing with the Agency.

Project MKUltra was first brought to public attention in 1975 by the Church Committee of the U.S. Congress, and a Gerald Ford commission to investigate CIA activities within the United States. Investigative efforts were hampered by the fact that CIA Director Richard Helms ordered all MKUltra files destroyed in 1973; the Church Committee and Rockefeller Commission investigations relied on the sworn testimony of direct participants and on the relatively small number of documents that survived Helms' destruction order.

In 1977, a Freedom of Information Act request uncovered a cache of 20,000 documents relating to project MKUltra, which led to Senate hearings later that same year.[2] In July 2001 some surviving information regarding MKUltra was officially declassified.

Precursor experiments

A precursor of the MKUltra program began in 1945 when the Joint Intelligence Objectives Agency was established and given direct responsibility for *Operation Paperclip*. The program recruited former Nazi scientists,

some of whom studied torture and brainwashing, and several who had been identified and prosecuted as war criminals during the Nuremberg Trials.

Several secret U.S. government projects grew out of Operation Paperclip. These projects included Project CHATTER (established 1947), and Project BLUEBIRD (established 1950), which was renamed Project ARTICHOKE in 1951. Their purpose was to study mind control, interrogation, behavior modification and related topics.

I have said this elsewhere in the book but I believe these programs research ADHD Dyslexia combo of Minimal Brain Dysfunction

Most MKUltra records were destroyed in 1973 by order of CIA director Richard Helms, so it has been difficult for investigators to gain a complete understanding of the more than 150 funded research subprojects sponsored by MKUltra and related CIA programs.

Minimal Brain Dysfunction is FOXP2

The project began during a period of what English journalist Rupert Cornwell described as “paranoia” at the CIA, when the U.S. had lost its nuclear monopoly and fear of communism was at its height. CIA counter-intelligence chief James Jesus Angleton believed that a mole had penetrated the organization at the highest levels.[32] The agency poured millions of dollars into studies examining ways to influence and control the mind and to enhance its ability to extract information from resistant subjects during interrogation.[33][34] Some historians assert that one goal of MKUltra and related CIA projects was to create a “Manchurian Candidate”-style subject. American historian

Alfred W. McCoy has claimed that the CIA attempted to focus media attention on these sorts of “ridiculous” programs so that the public would not look at the research’s primary goal, which was effective methods of interrogation. From Wikipedia the free encyclopedia

The Revolution Betrayed was completed and **sent to the publisher** on 4 August 1936, immediately prior to the sensational public announcement of the first of three great public Moscow Trials generated by the secret police terror known to history as the “Great Purge” (Yezhovshchina).[9] When Trotsky became aware of the trial, which would ultimately end in the execution of Grigory Zinoviev, Lev Kamenev, and other prominent Soviet political figures, a short postscript was tagged on to his introduction in which Trotsky claimed that his current book constituted “advance exposure” of the Stalin regime’s effort at “deliberate mystification”.[9]

Music as a Mirror of History

A Life for the Tsar 1836 *Episode 9*

Robert Greenberg, Ph.D. Professor, San Francisco Performances correctly understands music much like commissioned Sonets or the roof of the Sisteen Chapel can be pageantry or messaging for the State, the Church, or for the powerful and in Episode 9 of his Great Courses series on music and history he explains the Tsars were a from form of imperial emperors of a governing stature beyond even a typical royal and upon the fall of the Tsars and the “Period of Trouble” that followed Russian history until the rise of the Romanaffs how former views of the Tsars and later views of Stalin were created. Although after the fall of the Tsars their pageantry music commissioned for them went into disuses use Stalin had it recreated to celebrate himself in 1939.

It was also in **1936**, the same year Spencer Jr. was made a *Knight of the Order of the Crown of Italy by Benito Mussolini* Il Duce, Ruling Sovereign.

In 1925, when the course toward the kulak was in full swing, Stalin began to prepare for the denationalization of the land. To a question asked at his suggestion by a Soviet journalist: "Would it not be expedient in the interest of agriculture to deed over to each peasant for 10 years the parcel of land tilled by him?", Stalin answered: "Yes, and ever for 40 years." The People's Commissar of Agriculture of Georgia, upon Stalin's own initiative, introduced the draft of a law denationalizing the land. The aim was to give the farmer confidence in his own future. While this was going on, in the spring of 1926, almost 60 per cent of the grain destined for sale was in the hands of 6 per cent of the peasant proprietors! The state lacked grain not only for foreign trade, but even for domestic needs. The insignificance of exports made it necessary to forego bringing in articles of manufacture, and cut down to the limit the import of machinery and raw materials.

During the first five-year plan, Stalin's all-out campaign to take land ownership and organisation away from the peasantry meant that, according to historian Robert Conquest, "peasants with a couple of cows or five or six acres [~2 ha] more than their neighbors" were labeled kulaks. Wikipedia

Kulacks being larger and capitalist farms with sufficient internal means of production, to be independent from collective ownership and collective operation. A premise of Communism is that privately owned resources in a sate robs the resource from the collective.

Retarding industrialization and striking a blow at the general mass of the peasants, this policy of banking on the well-to-do farmer revealed unequivocally inside of two years, 1924-26, its political consequences. It brought about an extraordinary increase of self-consciousness in the petty bourgeoisie of both city and village, a capture by them of many of the lower

Soviets, an increase of the power and self-confidence of the bureaucracy, a growing pressure upon the workers, and the complete suppression of party and Soviet democracy. The growth of the kulaks alarmed two eminent members of the ruling group, Zinoviev and Kamenev, who were, significantly, presidents of the Soviets of the two chief proletarian centers, Leningrad and Moscow. But the provinces, and still more the bureaucracy, stood firm for Stalin. The course toward the well-to-do farmer won out. In 1926, Zinoviev and Kamenev with their adherents joined the Opposition of 1923 (the "Trotskyists").

Of course "in principle" the ruling group did not even then renounce the collectivization of agriculture. They merely put it off a few decades in their perspective. The future People's Commissar of Agriculture, Yakovlev, wrote in 1927 that, although the socialist reconstruction of the village can be accomplished only through collectivization, still "this obviously cannot be done in one, two or three years, and maybe not in one decade". "The collective farms and communes," he continued, " … are now, and will for a long time undoubtedly remain, only small islands in a sea of individual peasant holdings."

And in truth at that period only 8 per cent of the peasant families belonged to the collectives. The struggle in the party about the so-called "general line", which had come to the surface in 1923, became especially intense and passionate in 1926. In its extended platform, which took up all the problems of industry and economy, the Left Opposition wrote:

> "The party ought to resist and crush all tendencies directed to the annulment or undermining of the nationalization of land, one of the pillars of the proletarian dictatorship."

On that question, the Opposition gained the day; direct attempts against nationalization were abandoned. but the problem, of course, involved more than forms of property in land.

> "To the growth of individual farming [fermerstvo] in the country we must oppose a swifter growth of the collective farms. It is necessary systematically year by year to set aside a considerable sum to aid the poor peasants organized in collectives. The whole work of the co-operatives ought to be imbued with the purpose of converting small production into a vast collectivized production."

But this broad program of collectivization was stubbornly regarded as utopian for the coming years. During the preparations for the 15th Party Congress, whose task was to expel the Left Opposition, Molotov, the future president of the Soviet of People's Commissars, said repeatedly:

> "We not slip down (!) into poor peasants illusions about the collectivization of the broad peasant masses. In the present circumstances it is no longer possible.

It was then, according to the calendar, the end of 1927. So far was the ruling group at that time from its own future policy toward the peasants!

Those same years (1923-28) were passed in a struggle of the ruling coalition, Stalin, Molotov, Rykov, Tomsky, Bukharin (Zinoviev and Kamenev went over to the Opposition in the beginning of 1926), against the advocates of "super-

industrialization” and planned leadership. The future historian will re-establish with no small surprise the moods of spiteful disbelief in bold economic initiative with which the government of the socialist state was wholly imbued. An acceleration of the tempo of industrialization took place empirically, under impulses from without, with a crude smashing of all calculations and an extraordinary increase of overhead expenses. The demand for a five-year plan, when advanced by the Opposition in 1923, was met with mockery in the spirit of the petty bourgeois who fears “a leap into the unknown”. As late as April 1927, Stalin asserted at a plenary meeting of the Central Committee that to attempt to build the Dnieperstroy hydro-electric station would be the same thing for us as for a muzhik to buy a gramophone instead of a cow. This winged aphorism summed up the whole program. It is worth nothing that during those years the bourgeois press of the whole world, and the social-democratic press after it, repeated with sympathy the official attribution to the “Left Opposition” of industrial romanticism.

Amid the noise of party discussions the peasants were replying to the lack of industrial goods with a more and more stubborn strike. They would not take their grain to market, nor increase their sowings, The right wing (Rykov, Tomsky, Bukharin), who were setting the tone at that period, demanded a broader scope for capitalist tendencies in the village through a raising of the price of grain, even at the cost of a lowered tempo in industry. The sole possible way out under such a policy would have been to import articles of manufacture in exchange for exported agricultural raw materials. But this would have meant to form a “connection” not between peasant economy and the socialist industries, but between the kulak and world capitalism. It was not worth while to make the October revolution for that.

“To accelerate industrialization,” answered the representatives of the Opposition at the party conference of 1926, “in particular by way of increased taxation on the kulak, will produce a large mass of goods and lower market prices, and this will be to the advantage both of the worker and of the majority of the peasants … Face to the village does not mean turn your back to

industry; it means industry to the village. For the ‘face’ of the state, if it does not include industry, is of no use to the village.”

In answer Stalin thundered against the “fantastic plans” of the Opposition. Industry must not “rush ahead, breaking away from agriculture and abandoning the tempo of accumulation in our country.” The party decisions continued to repeat these maxims of passive accommodation to the well-off upper circles of the peasantry. The 15th Party Congress, meeting in December 1927 for the final smashing of the “super-industrializers”, gave warning of the “danger of a too great involvement of state capital in big construction”. The ruling faction at that time still refused to see any other dangers.

In the economic year 1927-28, the so-called restoration period in which industry worked chiefly with machinery, and agriculture with the old tools, was coming to an end. For any further advance independent industrial construction on a large scale was necessary. It was impossible to lead any further gropingly and without plan.

The hypothetic possibilities of socialist industrialization had been analyzed by the Opposition as early as 1923-25. their general conclusion was that, after exhausting the equipment inherited from the bourgeoisie, the Soviet industries might, on the basis of socialist accumulation, achieve a rhythm of growth wholly impossible under capitalism. The leaders of the ruling faction openly ridiculed our cautious coefficients in the vicinity of 15 to 18 per cent as the fantastic music of an unknown future. This constituted at that time the essence of the struggle against “Trotskyism”.

The first official draft of the five-year-plan, prepared at last in 1927, was completely saturated with the spirit of stingy tinkering. The growth of industrial production was projected with a tempo declining yearly from 9 to 4 per cent. Consumption per person was to increase during the whole five years 12 per cent! The incredible timidity of thought in this first plan comes out clearly in the fact that the state budget at the

end of the five years was to constitute in all 16 per cent of the national income, whereas the budget of tzarist Russia, which had no intention of creating a socialist society, swallowed 18 per cent! It is perhaps worth adding that the engineers and economists who drew up this plan were some years later severely judged and punished by law as conscious sabotagers acting under the direction of foreign powers. The accused might have answered, had they dared, that their planning work corresponded perfectly to the “general line” of the Politburo at that time and was carried out under its orders. The struggle of the tendencies was now translated into arithmetical language. “To prevent on the 10th anniversary of the October revolution such a piddling and completely pessimistic plan,” said the platform of the Opposition, “means in reality to work against socialism.” A year later, the Politburo adopted a new five-year plan with an average yearly increase of production amounting to 9 per cent. The actual course of the development, however, revealed a stubborn tendency to approach the coefficients of the “super-industrializers”. After another year, when the governmental policy had radically changed, the State Planning Commission drew up a third five-year- plan, whose rate of growth came far nearer than could have been expected to the hypothetical prognosis made by the Opposition in 1923.

The real history of the economic policy of the Soviet Union, as we thus see, is very different from the official legend. Unfortunately, such pious investigators as the Webbs pay not the slightest attention to this.

the League took place on 15 November 1920. In 1919 U.S. president W
Wilson won the Nobel Peace Prize for his role as the leading architect o
League.

The diplomatic philosophy behind the League represented a fundame

The Italian proletariat is in the chains of fascism; the Chinese revolution is shattered, and Japan is playing the boss in China; the German proletariat is so crushed that Hitler's plebiscite encounters no resistance whatever; the proletariat of Austria is bound hand and foot; the revolutionary parties of the Balkans are trampled in the earth; in France, in Spain, the workers are marching at the tail of the radical bourgeoisie. In spite of all this, the Soviet government from the time of its entrance into the League of Nation has had "more friends in the world than ever before"! This boast, so fantastic at first glance, has a very real meaning when you apply it not to the workers' state, but to its ruling group. Was it not indeed the cruel defeats of the world proletariat which permitted the Soviet bureaucracy to usurp the power at home and earn a more or less favorable "public opinion" in the capitalist countries? The less the Communist International is capable of threatening the positions of capital, the more political credit is given to the Kremlin government in the eyes of French, Czechoslovak, and other bourgeoisies. Thus the strength of the bureaucracy, both domestic and international, is in inverse proportion to the strength of the Soviet Union as a socialist state and a fighting base of the proletarian revolution. However, that is only one side of the medal. There is another.

Lloyd George, in whose jumps and sensations there is often a glimmer of shrewd penetration, warned the House of Commons in November 1934 against condemning fascist Germany, which, according to his words, was destined to be the most reliable bulwark against communism in Europe. "We shall yet greet her as our friend." Most significant words! The half-patronizing, half-ironical praise addressed by the world bourgeoisie to the Kremlin is not of itself in the slightest degree a guarantee of peace, or even a simple mitigation of the war danger. The

evolution of the Soviet bureaucracy is of interest to the world bourgeoisie in the last analysis from the point of view of possible changes in the forms of property. Napoleon I, after radically abandoning the traditions of Jacobinism, donning the crown, and restoring the Catholic cult, remained nevertheless an object of hatred to the whole of ruling semi-feudal Europe, because he continued to defend the new property system created by the revolution. Until the monopoly of foreign trade is broken and the rights of capital restored, the Soviet Union, in spite of all the services of its ruling stratum, remains in the eyes of the bourgeoisie of the whole world an irreconcilable enemy, and German National Socialism a friend, if not today, at least of tomorrow. Even during the negotiations of Barthou and Laval with Moscow, the big French bourgeoisie, in spite of the critical danger from the side of Hitler, and the sharp turn of the French Communist Party to patriotism, stubbornly refused to stake its game on the Soviet card. When he signed the treaty with the Soviet Union, Laval was accused from the Left of frightening Berlin with Moscow, while seeking in reality a rapprochement with Berlin and Rome against Moscow. This judgment was perhaps a little premature, but by no means in conflict with the natural development of events.

However one may judge the advantages of disadvantages of the Franco-Soviet pact, still, no serious revolutionary statesman would deny the right of the Soviet state to seek supplementary supports for its inviolability in temporary agreements with this or that imperialism. It is only necessary clearly and openly to show the masses the place of these partial and tactical agreements in the general system of historic forces. In order to make use particularly of the antagonism between France and Germany, there is not the slightest need of idealizing the bourgeois ally, or that combination of imperialists which temporarily hides behind the screen of the League of Nations. Not only Soviet diplomacy, however, but in its steps the Communist International systematically paints up the episodical allies of Moscow as “friends of peace”, deceives the workers with slogans like “collective security” and “disarmament”, and thus becomes in reality a political agent of the imperialists among the working classes.

The notorious interview given by Stalin to the president of the Scripps-Howard newspapers, Roy Howard, on March 1, 1936, is a precious document for the characterization of bureaucratic blindness upon the great questions of world politics, and of that false relation which has been established between the leaders of the Soviet Union and the world workers' movement. To the question, Is war inevitable?, Stalin answers:

> "I think that the position of the friends of peace is growing stronger; the friends of peace can work openly, they rely upon the strength of public opinion, they have at their disposal such instruments, for instance, as the League of Nations."

In these words, there is not a glimmer of realism. The bourgeois states do not divide themselves into "friends" and "enemies" of peace - especially since "peace" as such does not exist. Each imperialist country is interested in preserving its peace, and the more sharply interested, the more unbearable this peace may be for its enemies. The formula common to Stalin, Baldwin, Leon Blum, and others, "peace would be really guaranteed if all states united in the League for its defense", means merely that peace would be guaranteed if there existed no causes for its violation.

The Tehran Conference, 1943 retrieved from https://history.state.gov/ and copied or modified to here

The Tehran Conference, 1943 The Tehran Conference was a meeting between U.S. President Franklin Delano Roosevelt, British Prime Minister Winston Churchill, and Soviet Premier Joseph Stalin in Tehran, Iran, between November 28 and December 1, 1943.

Stalin, Roosevelt and Churchill at the Tehran Conference

During the Conference, the three leaders coordinated their military strategy against Germany and Japan and made a number of important decisions concerning the post World War II era. The most notable achievements of the Conference focused on the next phases of the war against the Axis powers in Europe and Asia. Roosevelt, Churchill, and Stalin engaged in discussions concerning the terms under which the British and Americans finally committed to launching Operation Overlord, an invasion of northern France, to be executed by May of 1944. The Soviets, who had long been pushing the Allies to open a second front, agreed to launch another major offensive on the Eastern Front that would divert German troops away from the Allied campaign in northern France. Stalin also agreed in principle that the Soviet Union would declare war against Japan following an Allied victory over Germany. In exchange for a Soviet declaration of war against Japan, Roosevelt conceded to Stalin's demands for the Kurile Islands and the southern half of Sakhalin, and access to the ice-free ports of Dairen (Dalian) and Port Arthur (Lüshun Port) located on the Liaodong Peninsula in northern China. The exact details concerning this deal were not finalized, however, until the Yalta Conference of 1945.

AUGUST 5, 2020 Young Leaders Continue Peacebuilding 75 Years After the Atomic Bombings

On the occasion of the 75th anniversary of the atomic bombings of Hiroshima and Nagasaki in Japan, President Obama released a message honoring the victims and survivors of the bombings. Obama Foundation Chief International Officer Bernadette Meehan also shared the message below. Read their reflections, then learn more about our work supporting leaders across the Asia-Pacific region here.

Seventy-five years ago, on August 6 and August 9 respectively, mushroom clouds blackened the skies of Hiroshima and Nagasaki, and hundreds of thousands of lives were lost. Rebuilding the two cities while processing the pain and trauma the atomic bombs left in their wake became a lifelong

task for generations to come. But from the ashes of destruction emerged a narrative of hope and peace- a reminder of our belief in common humanity.

BARACK OBAMA

August 6, 2020

On the occasion of the 75th anniversary of the atomic bombings, I want to extend my warm greetings to the people of Hiroshima and Nagasaki as you mark this solemn anniversary.

One of the great honors of my presidency was visiting Hiroshima in 2016. You have to stand in that place, where the bomb fell, to fully appreciate both the scale of destruction that took place and the miracle of Hiroshima's renewal. I will always carry with me the memory of folding my *orizuru* and visiting the Hiroshima Peace Memorial Museum and Park.

Above all, I will remember greeting the *hibakusha*, who carry with them the memories of that day. As always, they call on us to never give up in our pursuit of peace and a world where the miracles of science are harnessed to build, not destroy. I am proud that the U.S.-Japan alliance represents that spirit, and will always do my part to help it grow stronger.

I know that this is a particularly poignant anniversary, as there are few *hibakusha* with us. But I am heartened by the belief that their memory and example will never fade. As I said in my speech in Hiroshima: "Someday, the voices of the *hibakusha* will no longer be with us to bear witness. But the memory of the morning of August 6, 1945, must never fade. That memory allows us to fight complacency. It fuels our moral imagination. It allows us to change."

In 2016, President Obama became the first sitting U.S. president to visit Hiroshima since the atomic bombings of 1945. He was welcomed by tens of thousands of Hiroshima residents, and he offered to the people of Hiroshima folded paper cranes that symbolize the pursuit of peace.

In a video posted on January 23, Billy Jack Haynes, a well-known wrestler in the 1980s, said he witnessed the murders of Ives and Henry on August 23, 1987 in Alexander.

The two teens were hit by a train, which dismembered their bodies. A rifle was found nearby and a state medical examiner at the time ruled their deaths as a suicide. But the boys' parents have questioned the suicide ruling and the narrative surrounding the case. A second autopsy revealed that Henry had a stab wound and Ives was struck in the head "with the butt of his own gun."

"I come with no mask, I come with no hidden voice," said Haynes in the video. "I come to you straight face-to-

face because this is reality, man."

Haynes said he was compelled to come forward after the shooting death of Seth Rich, who was an employee of the Democratic National Committee. Several conspiracy theorists online have tried to connect Rich's death as well as "The Boys on the Track" to the widely debunked "Clinton Body Count" conspiracy theory.

The former wrestler explained that he used to be a drug trafficker and a hired enforcer during the 80s and was introduced to a "politician drug dealer from Arkansas."

Haynes then alleges that this unnamed politician asked him to kill David Kennedy, the son of Robert F. Kennedy, in 1984.

"In August of 1987, I was contacted by the Arkansas criminal politician and was asked if I would provide muscle at an Arkansas drug stop," said Haynes while reading from a paper. "The criminal politician suspected that some drug money drops were being stolen."

While "conducting security" during the alleged drug purchase, Haynes claimed he witnessed the murders of Henry and Ives. Haynes also claimed that the politician believed police officers were involved in the theft of the drug money.

Haynes said that the teens were murdered by people "working for the same criminal politician."

He then said he met Linda Ives in 2016 and gave names of everyone involved to her private investigator.

Chris Benoit retrieved from Wikipedia and copied or modified to here

Daniel Christopher Benoit (February 25, 2000 - June 23, 2007) was Chris' third child and second son, having older paternal half-siblings named David and Megan via Chris' first wife, Martina, who were all living in Canada at the time the murder-suicide took place. He was Nancy's only child, as she had no children with her ex-husbands Jim Daus or Kevin Sullivan.[citation needed]

Daniel was suffocated and killed in his bedroom, and a copy of the Bible was left by his body. Daniel had internal injuries to the throat area, showing no bruises. Daniel's exact time of death is unknown. The reports determined Daniel was sedated with Xanax and likely unconscious when he was killed.[12][13] Daniel's body had also just started to show signs of decomposition but was not as far along as his mother's body.[8]

It was later alleged that Daniel had Fragile X syndrome and that this was the cause of domestic problems in the Benoit family.

In that suspected double-murder and suicide, local law enforcement officials concluded based on "evidence found within the (Benoit family) home", that Chris Benoit had murdered his wife in the residence on June 22, 2007, had killed his 7-year-old son on June 23, and on June 24 had committed suicide, reportedly hanging himself using equipment in a weight-training area located in the residency basement.[13][14] Later research undertaken by the Sports Legacy Institute suggested that depression and chronic traumatic encephalopathy (CTE), a condition of brain damage, from numerous concussions Benoit had sustained during his professional wrestling career were both likely contributing factors leading to the crimes.

Boxer Rebellion From Wikipedia, the free encyclopedia excerptions from Wikipedia

The Boxer Rebellion, Boxer Uprising or Yihetuan Movement led by martial arts fighting Chinese Nationalists, was an armed insurrection against the Dynasty in China between 1899 and 1901, initiated against the increasing foreign intervention[8] including Christian missionary work in the country,

In June 1900, Boxer fighters, allegedly convinced they were invulnerable to foreign weapons, converged on Beijing to fight with traditional means, with the slogan “Support the Qing government and exterminate the foreigners.” Foreigners and Chinese Christians sought refuge in Beijing’s Legation Quarter.

The ruling Manchu court was ambivalent about the movement, however the initially hesitant Empress Dowager Cixi supported the Boxers and on 21 June issued an Imperial Decree declaring war on the foreign powers. Diplomats, foreign civilians, and soldiers as well as Chinese Christians in the Legation Quarter were besieged for 55 days by the Imperial Army of China and the Boxers. Chinese officialdom was split between those supporting the Boxers and those favoring conciliation, led by Prince Qing. The supreme commander of the Chinese forces, the Manchu General Ronglu (Junglu), later claimed he acted to protect the foreigners. Officials in the southern provinces ignored the imperial order to fight against foreigners.

In response, an Eight Nation Alliance of American, Austro-Hungarian, British, French, German, Italian, Japanese, and Russian troops was organized to lift the siege. The Eight-Nation Alliance, after being initially turned back by the Boxer militia (and allied Imperial Chinese military elements) brought 20,000 armed troops to China, defeated the Imperial Army in Tianjin, and arrived in Beijing on 14 August, relieving the siege of the Legations. Uncontrolled plunder of the capital and the

surrounding countryside ensued, along with summary execution of those suspected of being Boxers. The Boxer Protocol of 7 September 1901 provided for the execution of government officials who had supported the Boxers, provisions for foreign troops to be stationed in Beijing, and 450 million taels of silver -approximately $10 billion at 2018 silver prices and more than the government's annual tax revenue - to be paid as indemnity to foreigh nations over the course of the next 39 years to the eight nations involved.

This book

This is part of our series about CIA employees who have made the ultimate sacrifice. Here we will look at the lives of the men and women who have died while serving their country. *

Leslianne Shedd-a young, courageous, highly successful CIA operations officer serving in East Africa-was a passenger on an Ethiopian Airlines flight when it was hijacked and then crashed into the Indian Ocean on November 23, 1996, killing 125 people, including Leslianne. Survivors said that Leslianne spent her final moments comforting those around her.

Early Years:

Born in Binghamton, New York, Leslianne (known to friends and family affectionately as "Lesli") moved with her family to the state of Washington when she was two years old. She graduated with honors from Puyallup High School in 1986; graduating in the top 3 percent of her class.

She took on an active leadership role in school, and was a member of both the **Spanish and German clubs** [Think Spanish and King Edward VIII]. She also participated in her high school's American Field Service program for students interested in working with students from foreign countries.

Her high school principal recalled that Lesli was known as being "outgoing and vivacious," and her English teacher remembered her as a warm, caring, and kind person. "She was perky and just a little ray of light," she said.

Lesli went on to earn a bachelor's degree from the Jackson School of International Studies at the University of Washington in 1990. She spent the spring 1988 semester studying in Cologne, Germany.

At the University of Washington,[so close to the home of Thomas C. wales in Queen Annes neigborhood] Leslianne was a

member of the Chi Omega Sorority. She played intramural soccer and was also a runner. She enjoyed dance - jazz and ballet. She also worked as a nurse's aide, a secretary at Weyerhaeuser Company, and a law office clerk and paralegal researcher.

Life at CIA:

Leslianne began working at the CIA in February 1991. She received extensive training in operations and completed the Career Training Program in 1992. Her training included an interim assignment in the **Directorate of Operations** (DO) Africa Division, where she was responsible for operational support to several stations abroad.

Her first assignment was at Headquarters in the DO's Africa Division, where she served as the desk officer helping to prepare outgoing correspondence to the field, among many other tasks. By the spring of 1993, she had also completed six months of French language training in preparation for an assignment overseas.

In July 1993, Lesli began a two-year tour as a junior operations officer in West Africa. As a first-tour officer, she impressed her colleagues and managers with her imaginative developmental work, including risky but successful recruitment efforts aimed at targets with access to terrorist groups. All of this added up to a highly successful first tour.

Her Final Mission:

Leslianne's second overseas tour began in summer 1995 at one of the DO's most active stations in East Africa. Lesli arrived at an extremely dangerous time: there were increased threats against US personnel in the region, and a terrorist group had recently staged an attack against Egyptian President Hosni MuBarack while he was visiting Ethiopia.

Tensions were high in the region, which meant that she and

her co-workers had to operate with a heightened sense of personal and operational security. They also faced serious threats from internal opposition groups.

Leslianne, however, appeared undaunted by all this.

Lesli was very successful in her mission, which included developing and recruiting agents, some of whom provided critical information on individual terrorist movements. She performed her time-consuming duties with distinction.

Her bosses and co-workers constantly highlighted her fun-loving spirit, and brilliant use of precise, pointed language in her reports and correspondence back to headquarters. The Chief of Africa Division praised Lesli's courageous efforts against terrorist targets in Africa.

The Ill-Fated Flight:

Leslianne Shedd was killed on November 23, 1996. She was a passenger on a hijacked Ethiopian Airlines plane that crashed in the Indian Ocean near the Comoro Islands.

Flight 961 was about to take off from Addis Ababa when several apparently intoxicated Ethiopians boarded the plane and demanded that it be flown to Australia. The hijackers ignored the pilot's repeated claim that the plane needed to refuel.

Several hours later, during an emergency-landing attempt at Moroni, the capital of the Comoro Islands, the plane ran out of fuel and crashed into the ocean near a beach resort.

That ill-fated flight was the first leg of what was to have been a Thanksgiving holiday in East Africa for Lesli and several friends. About an hour into the flight, a hijacking was announced. Lesli and her companions were seated in the economy class section toward the rear of the aircraft; the terrorists tended to concentrate near the cockpit. As a result,

the group got no more than a brief glimpse of the hijackers.

No panic occurred; everyone remained calm.

About three hours later the pilot announced that he was about to attempt a crash landing in the Indian Ocean and that passengers should put on their life preservers. The plane headed toward the water at 150 mph.

Leslianne did not panic. From her window seat, she assisted her friends sitting beside her. She then spotted an elderly Ethiopian woman fumbling with her life jacket. Lesli unbuckled her own seatbelt, stood up, and helped the woman. She then sat down and tried to calm her seatmate and best friend in Africa.

Just before the plane hit the water, Lesli turned to her friend and said, “it’s going to be okay, it’s going to be okay. We’re in the safest part of the plane. The best part of the plane. It’ll be okay.”

Her friend, who survived the crash, could only remember being under what she estimated as some 20 feet of water. The next thing she recalled was being on the surface, with no sign of Leslianne.

Leslianne Shedd was survived by her mother, father, sister, and brother. She was 28 years old.

Honoring Her Memory:

Leslianne received a star on the CIA Memorial Wall in 1996 and was posthumously awarded the Agency’s Exceptional Service medallion. Her name was unveiled in the Book of Honor in 2012.

During the 2012 Annual Memorial Ceremony, standing before the Memorial Wall in the lobby of CIA headquarters, Director David Petraeus talked of the sacrifice and service of Lesli and her colleagues:

“The souls represented by the stars on the wall behind me all heard the same call to duty and answered it without hesitation,” he said. “Never for acclaim, always for country.”

He continued: “They devoted their hearts and minds to a mission unlike any other, at an agency unlike any other, serving on the world’s most dangerous frontiers to defend our people, defeat our adversaries, and advance our freedoms. Their words and deeds will inspire us forever, and their service and sacrifice will never be forgotten.”

Lesli’s spirit of adventure and compassion toward those in need lives on in a scholarship for students studying international affairs or public health. Just prior to her death, Lesli had applied to a physician’s assistant program: She wanted to make a difference by providing health care to underserved communities in Africa. Her family started the Leslianne Shedd Memorial Fund at the University of Washington in her honor.

LESLIANNE SHEDD, 1968-1996 *

Leslianne Shedd, who fulfilled a lifelong ambition to work in foreign service by joining the U.S. State Department right after graduating from the Jackson School of International Studies, died Nov. 24, 1996, in the crash of a hijacked Ethiopian Airlines jet, which fell into the Indian Ocean off the Comoros Islands.

Shedd, 28, was working for the State Department’s foreign service corps at the U.S. Embassy at Addis Ababa, Ethiopia, at the time of her death. She was among 123 people who died in the crash, which occurred when the drunken hijackers flew the plane until it ran out of fuel. The plane crashed in the small island chain between Madagascar and east Africa.

Shedd was a commercial officer, charged with helping U.S. companies do business in the region. She was traveling to

Nairobi, Kenya, to meet friends for Thanksgiving when the hijacking occurred.

“From the time she was a teen-ager, she had hoped and looked forward to a career in foreign service,” said Frank Mendizabal, a spokesman at the Weyerhauser Co., where Shedd’s father is vice president of the real estate division.

Shedd was born in Binghamton, N.Y., and moved to Washington with her family when she was 2. She graduated from Puyallup High School in 1986 in the top 3 percent of her class and was active in the school’s American Field Service program for students interested in working with students from foreign countries.

“She was outgoing and vivacious,” said Dale Mitchell, her high school principal.

After graduating from the UW in 1990, Shedd spent two years in Washington, D.C., before being transferred overseas. Her first assignment was in Abidjan, the capital of Ivory Coast, in west Africa, where she spent two years. She later volunteered for the position in Addis Ababa and spent 16 months there before her death.

In her honor, her parents, Robert and Ruth, are establishing a memorial scholarship fund for students at the Jackson School in her name.

“I personally think it is one of the most appropriate ways to honor an individual person, especially a student: to help other students,” says Jere Bacharach, the Jackson School director. “I’m sorry that we must honor such a young person. It’s very generous of the Shedds to think this way about future students.”

Ploys Used and Some Goals the Ploys were crafted to Achieve.

Roadblocking and Blacklisting by PsyOps

PsyOps studies who I am and communities I have been in or might be in to understand the levers and controls in the minds of those communities such that the community can be controlled by carefully desinged messaging that will influence them with the leverage of touched upon emotions and lived through experiential learning of community members.

Because I am egalitarianly in multiple groups each group has been accessed differently to smear me.

I an alt Alt-Right bigot. Some tough guy Sheriffs, Marshalls, and others took my East German cold war type spy fantasies and used them with white women.

White tough guys approached white females they thought might be sympathetic and said things like "You know in my work I encounter a lot really serious losers but I can't say anything because I am white. I just wish I had someone I could talk to about this. " And wouldn't you just know those tough guys don't do things like idolize 15 year old blonds as Aryan children. They listen to great white band singers and other role models, unlike me (why criticized groups like Stormfront for having those young children threads that got to the point of being creepy.)

As for intellectual circles I appear retarded and in need of coaching, I am portrayed as looking up short skirts that blacklists me with Cybergoths, etc.,

It is contrived propaganda designed to get me blacklisted wherever I might be often with a Government operative of

some-type being a suitable replacement for what I otherwise represented as a value to that circle of people.

As for me and Nazism I found it terrifying and icky because of the terrible deaths. Not my thing. "I'd like white East German please. Vintage 1950s" The difference isn't that much and tantalizing porn includes Nazis. Like most things I may have secondarily come upon it or other things, but it was tangential from the regular sphere.

Tom Dunham (who I talked with for hours on end about this matter and showed not white supremacism was Targeted by the same abuse campaign I was and Veronica Hoffman was and that is why I go into some of the methodology and goals of stalking here.

I had made a comment on Facebook when Bondage A-Go-Go a Goth club was going to have a bikini night. I don't oppose that most people don't and there is variety in bikinis but not really that much and they are hard to wear from some and a little to eye catching for others to wear who don't always want to be conspicuous about their wealth, bodies, or anything else that might draw attention they aren;t seeking.

Again I knew Tom Dunham well he was in no way a White Supremacist like Ed DoNNEGaWn is and even Edd Dniegan is a real wight supremacist himself.

What Tom Dunham and Ed Donegan both are is civil libertarians. Even before I found some of his tweets I had told Catholic nuns I wasn't the one being deceived or connned, they were, the con was designed by other to work on them (about me).

Tom Dunham has said the same thing earlier. PsyOps. the use of inculpating him by statements to him, break-ins to his apartment by law enforcement and FBI, leaving inculpating items around his belongings to conjoin him with those items, like what appeared to be a key to his apartment left near his

front door seeming to let is secret mistress in with, the key planted their in view of the public did not fit his door and as with me items of his were stolen from inside his apartment and elsewhere to be planted at locations he never went to.

I fit in the hard to wear category, but also the likes more style category. I had suggested the little goth chick in the Adams family movie and her swim outfit as a better swim wear night.

This is all so out of sequence I can't really fit it together but it does somehow. I had moved into an apartment in 1001 N. water st that overlook a dumpster, the ohther side of the hallway overlooked the pool. I had burned some DVDs including a Bikini contest of several of them. A religious person who lived across the pool said he did not believe in that for religious reasons. Yet they seem to seek that out. This happened with Veronica Hoffman. She had been in high tech cybergoth English porn, was Cybergoth clothes designer, when I approached her she changed he add to a poolside woman in a bikini a peeper might get cauht looking at.

I think some of these hypocritical religous people wanted to become protectors of bikini clad women and asserted it was I was the threat. In the same time frame, these same protectors of women had a secret Cybergoth Experimental Music side they didn't want eploited by lookie loos who were there just for the women and not the artistic elements.

The scehme is the same, create a negative impresssion of me that undermines the real me, and if I were a peice of pie with eight pie slice commpartments of my life work to undermine each one by makimng me a threat to the outer radius of that slice that I am stuck alone at the center of the pie.

This is what all have experience including Veronica Hoffman who was asked to try on a Nazi outfit "as a lark" her the for left wing ultra leftist jewish girl, and then she was surrounded by imitation Eds with purpported nazi ties (Lyndon Larouch how is not nazi but described that way.)

Ted Gunderson, Keith Labella, Geral Sosbee, Cathy Meadows, Mark Rich, Eric T Karlson, Ed Donegan, Tom Dunham all describe Stalking this way and "people" being planted on them, etc.,

My belief is each including myself is being discredited and the conditions of deterioration (health, housing, reputation, etc,.) are being fabricated because it is feared what we would have to say.

I wrote to Austin Police Oversight my letter always being updated and rarely sent to LA Coronoer and this includes Veronica Hoffman targeted by smear including that she was "bipolar" in her allegations she was being stalked (she was being stalked and the online record of that I have preserved) but died in a mental hospital anyway no one believing her just as no one believed Ted Gunderson or Jen Moore.

This is the OSS CIA history of Glorain Donegan and how it ties to the Kennedy Assasination so the Elites could continue to run the country and get anyone out of the way who opposed assassination and overthrow.

- Rockem: Harassing Ass Flashing towards me (Rx direction line, I receive the imagery towards me) which is harassing in itself (vulnerable appearances)

- Block Em: An impersonator may have from afar have peeped and will Tx a message (impersonating me at some set) the he is at and say he (i supposedly) peeped and women will be protected from real Ed. Stare down, only stare downs, will be towards me. No claims made against

Chemia Fury Alchemia Ploy

Annoying and furious sounds towards me take my Chemia, smart phone, metal shopping cart, and with an annoying noise, it as alchemia now a camera.

One of perhaps one thousand examples. I hold my smart phone up with the UBER recognition color scheme and the driver responds back in kind.

Meanwhile tots run in front of the moving cab who is looking 7 feet above me shoes at the screen on my smart phone.

A bystander states that is a solar panel I am holding.

No it is not a solar panel. When I am near my solar panel for my solar lights motorcycles roar their engines. THat does not turn my solar panels into a peeping device.

the ***Cameron Brief Ploy***. In my vicinity, constantly, people created out of place things and references. Small things, but out of place. I challenged them, piece by piece but it is said I am making something out of nothing.

Yet as these things like women walking down the street in front of me, out of my control that they got in front of me, are pieced together with other pieces, like ambiguous statements from others in places of business, pizza shops, etc., then behind my back those out of place things can be “fit together” in a way the the resulting assembled puzzle makes [non] sense out of those little evidence plants around me that i Was told were nothing to be noticed and merely random other things around me.

Most of these are components of the larger ploy which sets up the ***Double Dip Ploy of Photocopied Books***

Like a realtor with a seller listing who also finds a buyer or a market maker representing both the buyers and sellers of financial product, these SJWs who represent blacks, gays, autistics, low IQ minorities set themselves up with a false claim I need them to manage me too, allegedly that I am schizophrenic or low IQ or autistic or savant so therefore false claims can be mounted against my brain genes.

The theory is that since they are only creating rights to my brain genes with false claims of me victimizing their other clients then therefore no damage has been done to real me.

In fact that is not true. It is based on social justice hatred of a white and by non whites who incite vigilantism against me for their own demons demons of theirs they let out while dressed as me.

White women are victimized by peepers claiming to be me.

I am blamed and isolated and litigated against by the unwanted conservator who denies real accounting.

The vigilantism is supposed to and does have lethal consequences against myself including evictions for the acts of others and manufactured or resultant conditions I am subjected to.

Invent Narratives

Hair Extensions Added To A Bald Guy Against His Will: aka make a narrative out of any normal thing that the normal thing he is doing IS ACTUALLY hin exploiting others or Ed Donegan seems to be about to be punished by a Domina for alleged behavior of Edward Donegan

Such appearances are the ground work of appearances that another person, not me, will exploit females them, still using my identity, be punished for exploiting females.

People find a line in music I am playing, even If I don't know about or care about the lyric, and take some act in front of me or around that attempts to append some shared meaning on that irrelevant meaning.

Trying to add their meaning, their hair extension, to any little excuse they can find some phony alleged meaning of my being in public, like taking me reading a museum placard and by acts of themselves jumping a teen or tot onto the placard or in front of it, as though they glued on the hair extension that I was peeping teen buttocks by looking at the placard.

This has been enhanced by homeless peoples cheap shots too. While overlooking Fort Mason Pacific War shipping port I was reading the placard about the California state or federal senator who founded it, I have forgotten his name but remembered it when I saw it on the placard, and a homeless person or some

stranger said “what a laugh it is we really care about what is on those placards!”

Sound and Fury contain no actual accusation:

Statements vague in my direction which upon pin down, should I choose to do so, were then said to mean nothing towards me, in other words, the cheap shot or vague reference was deceptive and the speaker of the statement can not back it up.

In other words, their cover story that they are doing it, including money laundering DNA rights to adult entertainers via code words, is that innuendo towards me ties me to those activities.

Sound And Fury accusation towards me (empty of any accusation, just character assignation towards me like saying “Ed you are DIRT” utilized the ***Newton’s Third Law of Motion Corrective Ploy.***

Dirty cops frame me with planted or real victims, then shake down “retarded” Ed’s unwanted uneeded conservancy

US Marshalls and others 1) steal my identity 2) Use my identity to harm a minor 3) get punished in my identity for harming a minor 3) Ask for community support over and instead of me because the US Marshalls are DEFENDING the community they say.

For public appearances sake the assaults on a white supremacist white separatist looks not only legal but expectable.

When racketeers operating as Mr Hyde make offenses against women near me, such as Golds Gym Women or women or females in public the also launch in my direction publicly visible cheap shot Sound and Fury.

To the public, for public appearances, the cheap shot towards me is energy which matches the energy as crime to the victim.

But both energies, crime towards the victim and outrage towards me are from the conspirators.

On the side of the bade facing me, the normally visible one, is a cheap shot towares me with no accusation I can scrutinize. One the reverse side of the badge is the corrupt cop peeping towards the women.

These two forces out of the badge are the two forces, of crime and of allegation. I am not offered a chance to clear my name for the cop keeps the allegation to the public and themselves, not me.

Pizzagate is part of ***Sound and Fury*** Ploy. Planted operatives intone things which are not true about my normal transactions.

These intonations towards me are the cover story because in fact someone next to me in the establishment IS DOING IT, setting up a solicitation in the establishment.

That person will be part of CIA Operation Midnight Climax in which while partying with adult entertainers, surrogate mothers will cary test babies for those like Andy Ellington of CIA DOD labs. A list of co-operating locations will follow. This is mostly racially motivated created inter racial DNA permissions via what an impersonator of me will sign over.

It is also the blackmail scheme tied to the Obama family and DNA permissions for the earlier history of MKULTRA in “drug experiments” (actual DNA experiments in which foreign nations will improve IQ and Economy and embrace capitalism)

The Aristotle Ploy: Pezblock me to a domina explaining her that the best way to punish me is isolation. the real goal of the CIA and other MKUTLRA connecteds in path blocking me to my own family

Pies in the face.

Tom Dunham, who had appearance created he was in a pedo network with me (neither of us are or ever were) had people, strangers, say odd things to him like “be careful. Your will be back from vacation soon!”

Statement in our direction which are labeling of us, or them miss-characterizing my own acts as something else by their own acts, throw pies in my or Tom Dunhams face.

Leaving keys outside doors, etc., are part of a pie in the face attack, their acts, not mine or Tom Dunhams but is in my or tom dunhams architectural facade, our faces, thrown there.

Endlessly this kind of Legend (back story) manufacture around me by vague cheap shots that are baseless and by strangers.

Statements really about others. People saying they are really talking on the phone, to each other, to a dog, etc., while refuting the statements refer to me clearly wish the perception we are communicating and legitimately so, We are not.

(I once had a twenty minute argument with a women who said she was not talking to me when we were the only two people there and she was conversationally referring to me and things in my life.)

Geo falsity. Making statements towards me to be where instead a Doppelgänger will be.

An Uber driver taking me to cement 1001 N. Water Street with wide cement walls, big windows, outdoor cement catwalk

in all wind directions, says “what a fire trap is that place we are going to.”

I was zerod out from 1001 N. Water Street 1/17/2021

Or for an apartment “meet at the pool, just outside it in the bushes” or go on this scavenger hunt. Please help secure the drain cover on the bottom of the pool. Where were you a few minutes ago (when my location was known, I was walking the dog) are attempts to place me the location the Doppelgänger was. Setting the Doppelgänger up as me.

As with the pool drain cover, feature fixing things that are not cameras. How much do you want to bet someone put an underwater Gopro in the pool drain or something at some time I was not there?

Ore referring to my shopping cart as a child holding device or something and implying it up-skirts children in it by making vague statements towards me.

This just makes things out of the blue, out of thin air, which do not exist at all.

Aviator Glasses Trick implying my guilt bu staring at me in Aviator Glasses unless I demand rational analysis saying “OF what” and then I am NOT accused of anything and the noise towards me was just Sound and Fury

All creating appearance of guilt where there is none. Al in fake claims and incited persecution of me by absolutely falsity about me.

assets and rights, likely a CIA project in MKULTRA turn around of impoverished communities.

Al Capone's Soup Kitchen, situated on what is now a parking lot on the corner of 9th and State St, served over 120,000 meals to hungry people. The free soup kitchen kept regular working hours, serving breakfast, lunch, and dinner and fed thousands every day despite only having a few employees.

The kitchen, which was demolished 20 years after the Depression, was a place that provided warm meals for unemployed people thanks to Capone. Besides his charity, Capone was also known for sending expensive flowers to rival gang member's funerals, and for his generosity to strangers and Italian immigrants.

Boiler Room Girls

Boiler Room Girls retrieved from Wikipedia and copied or modified to here

The "Boiler Room Girls" was a nickname for a group of six women who worked as political advisors for Robert Kennedy's 1968 presidential campaign in a windowless work area in Kennedy's Washington, DC electoral offices. They were political strategists who received national media exposure from the infamous Chappaquiddick incident. It was in this incident that political strategist Mary Jo Kopechne died in a car crash where Ted Kennedy was the driver.[1]

Each "girl" was assigned a regional desk, divided by

regions of the country, and was responsible for daily communication in and out of the Washington campaign headquarters to each state director in their region. At the end of the day, a decision book was compiled and sent to Kennedy and his campaign manager, Stephen Smith. Each decision book was composed by the boiler room team. The team of women also kept track of Kennedy's delegate count against Democratic primary contenders Eugene McCarthy and Hubert Humphrey.

Just before the 1968 Democratic National Convention, the boiler room team was moved to a temporary office adjoining the convention floor where the same delegate officers met with the same state leaders. Following the assassination of United States Senator Robert F. Kennedy on June 5, 1968, the team was responsible for finishing the campaign coordination work assigned at the beginning. They eventually dispersed to work in other offices on Capitol Hill or elsewhere in Washington. The Boiler Room Girls were variously described as "frighteningly intelligent, politically astute, capable as all get-out"[2] as well as "uniformly bright, efficient, fascinated by politics".[3]

Mary Jo Kopechne

After graduating in the 1962 class of Caldwell College for Women, Mary Jo moved to Alabama where she taught at Montgomery Catholic School. She joined the staff of Senator George A. Smathers of Florida in 1963 as a secretary. One year later she became a speech writer for Joseph Dolan, one of Robert Kennedy's political advisors. After Robert Kennedy's assassination, she joined Matt Reese Associates. She became a member of Senator Edward Kennedy's office. After Chappaquiddick, reports of the incident captioned Mary as "Copachni" by the New Bedford Standard-Times, and "Palporki" by the FBI, and even "TED SAFE; BLONDE DIES" by another

wire service.[4]

A member of the Republican Party, Jordan is a former collegiate wrestler and college wrestling coach.

Ohio actually is a state and it is about 350 miles East of Chicago Illinois and about 250 miles Northwest of Indiana where Mike Pence is from and is Space Program kitchen of individuals and research universities.

He attended and wrestled for Graham High School, graduating in 1982.[2] He won state championships all four years he was in high school and compiled a 156-1 win-loss record.[3] He then enrolled at the University of Wisconsin-Madison, where he became a two-time NCAA Division I wrestling champion.[4] Jordan won the 1985 and 1986 NCAA championship matches in the 134-pound (61 kg) weight class.[5][6] He graduated with a bachelor's degree in economics in 1986. The Freedom Caucus is positioned on the right wing of the political spectrum,[12] with certain members holding right-wing populist beliefs[13] such as opposition to illegal immigration.[14] Its members hold socially and fiscally conservative views,[15][16][17] and most are supportive of Donald Trump.[18] It is also considered to be a libertarian caucus.[19][20] The caucus supports House candidates through its PAC, the House Freedom Fund.

The caucus originated during the mid-January 2015 Republican congressional retreat in Hershey, Pennsylvania.[23] According to founding member Mick Mulvaney, "that was the first time we got together and decided we were a group, and not just a bunch of pissed-off guys".[24] Nine conservative active Republican members of the House began planning a new congressional caucus separate from the Republican Study Committee and apart from the House Republican Conference. Mick Mulvaney told Ryan Lizza of the New Yorker “We had twenty names, and all of them were terrible,” Mulvaney said. “None of us liked the Freedom Caucus, either, but it was so generic and so universally awful that we had no reason to be against it.” In the same interview, Lizza reported that “one of the working titles for the group was the Reasonable Nutjob Caucus.”

Jordan is a close ally of former president Donald Trump. During Trump’s presidency, Jordan sought to discredit investigations into Russian interference in the 2016 election and staged a sit-in to prevent a Trump impeachment inquiry hearing over the Trump-Ukraine scandal. After Joe Biden won the 2020 presidential election and Trump refused to concede while making false claims of fraud, Jordan supported lawsuits to invalidate the election results and voted not to certify the Electoral College results. Trump awarded Jordan the Presidential Medal of Freedom on January 11, 2021.

DeSantis received his Reserve Naval officer's commission and assignment to the Judge Advocate General's Corps (JAG) in 2004 at the U.S. Naval Reserve Center in Dallas, Texas, while still a student at Harvard Law School. He completed Naval Justice School in 2005. Later that year, he received orders to the JAG Trial Service Office Command South East at Naval Station Mayport, Florida, as a prosecutor. He was promoted from lieutenant, junior grade to lieutenant in 2006. He worked for the commander of Joint Task Force-Guantanamo (JTF-GTMO), working directly with detainees at the Guantanamo Bay Joint Detention Facility.

[His birthday does not at all suspicious to me as a research conducted family group but his Free Mason jokes and special opps connections place him on my list of likely Cabalists.]

In 2007, DeSantis reported to the Naval Special Warfare Command Group in Coronado, California, where he was assigned to SEAL Team One and deployed to Iraq with the troop surge as the Legal Advisor to the SEAL Commander, Special Operations Task Force-West in Fallujah.

DeSantis returned to the U.S. in April 2008, at which time he was reassigned to the Naval Region Southeast Legal Service. The U.S. Department of Justice appointed him to serve as an assistant U.S. attorney[20] at the U.S. Attorney's Office in the Middle District of Florida. DeSantis was assigned as a trial defense counsel until his honorable discharge from active duty in February 2010. He concurrently accepted a reserve commission as a lieutenant in the Judge Advocate General's Corps of the US Navy Reserve. He was awarded the Bronze Star Medal, the Navy and Marine Corps Commendation Medal, the Global War on Terrorism Service Medal and the Iraq Campaign Medal.

Editor Note: We will be adding addition evidence links over the coming weeks, so be sure to return to this post for addition facts.

Jun. 22, 2022-Ron DeSantis cannot be the patriot that his propagandists present.

Why?

Because DeSantis' background and secret associations betray his hype.

He appears to us to be "controlled opposition." We want to be wrong, but the facts we have uncovered are unmistakable.

Wisdom teaches that a conservative character generally emerges from a conservative formation. We don't see that in DeSantis' carefully-crafted biography. All we see after high school is elitist grooming.

We see in DeSantis a modicum of youthful baseball talent, but other than that, we see a man who ***does what he is told by his handlers.*** Perhaps that is why his uniparty propagandists cover for him at every turn.

The conservative words coming out of DeSantis' mouth are inconsistent with a person … :

1. ***sent*** to Yale and Harvard Law and ***marinated*** in

British loyalist cauldrons,

2. ***indoctrinated*** by the oldest secret societies in the Republic, led by the British Pilgrims Society,

3. ***steeped*** in the U.S. Navy - British Admiralty and pedophile culture,

4. ***seared*** in the cynicism of the U.S. Department of Justice, then

5. ***planted*** in Congress and the Florida governorship.

DeSantis plays a plucky Republican on TV, but he

appears in reality to be “controlled opposition” which means protests led by government agents-the very groups he pretends to fight.

How can you tell whether someone is a person of integrity, or controlled opposition traitor since their words can sound so similar?

Look for good fruit from the person’s words and conduct

Jesus spelled out a straightforward way to discern good from evil talk and deeds:

> **16** By their fruits you will know them. Do people pick grapes from thornbushes, or figs from thistles? **17** Just so, every good tree bears good fruit, and a rotten tree bears bad fruit.

> **18** A good tree cannot bear bad fruit,
> nor can a rotten tree bear good fruit. **19**
> Every tree that does not bear good fruit
> will be cut down and thrown into the
> fire. **20** So by their fruits you will know
> them. -***Matthew 7:16-20***.

We propose this 12-point test of fidelity to the American Republic

1. Is the person's background (core beliefs, track record, results, reputation) and wealth consistent with his words?

2. Does the person's resume reflect real life experience (vs. made-for-TV hype)?

3. Is the person's Wikipedia entry truthful and appropriately detailed?

4. Does Wikipedia provide an accurate genealogical background, including bad apples?

5. Does he step away when conflicts of interest arise?

6. Does he have a professional background outside of politics and law?

7. Has he warned the American public that the British Crown operates the U.S. Patent and Trademark Office via contracts with SERCO Group plc* and QinetiQ Group plc**?

   *SERCO (AWE plc et al Atomic Weapons Establishment, UK): Sir Roy Gardner, chairman; Rupert Soames (Churchill), OBE, CEO; Monarch's 100% control share (see AWE plc Annual Report 2020, pp. 5, 15, 23, 26) (Note that AWE plc, SERCO and Lockheed Martin are

subject to the Monarch's 100% "special share" control, p. 23). Note: AWE ***changed its name*** to "Defence Contractor Management and Operations Limited" in 2021, approved by the British Ministry of Defence (MOD).

**QINETIQ: BRITISH CHAIR; Glenn Youngkin, governor, Virginia; founding director, Carlyle Group; QinetiQ funder; George Tenet, C.I.A., director; Edward P. Giambastiani, Jr., admiral, US Navy, vice chairman, Joint Chiefs of Staff; Monarch's 100% control share (see PDF p. 116).

(If not, he, in reality, is ***sanctioning*** the theft of personal property by the federal government in his or her silence, in violation of the Fifth Amendment.)

8. Has he warned the American public that the British Crown was given $800+ million contracts to manage FEMA regions 2 and 9 in the U.S., as well as the air traffic control facilities in 65 U.S. cities?

9. Has he warned the American public that British Crown agents control the Senior Executive Service (SES), and that the ~10,000 SES employees are not accountable to the President of the United States?

10. Has he warned the American public that social media is wholly controlled by the British Crown through the Admiralty and U.S. military-industrial spy complex, is not “open source” and was stolen from Columbus inventor Leader Technologies?”

11. Has he warned the American public that mainstream propaganda

is directed globally by the British Pilgrims Society out of London, England?

12. Has he revealed to the American public that the U.S. Federal Reserve debt-based fiat currency system is controlled by British-controlled banks, and has been since the American Revolution?

Just 12 questions can show you whether the person under consideration should be considered a friend of the American Republic.

How does Ron DeSantis score?

12 No's - 0% loyalty to the American Republic according to these twelve criteria.

Critical Conflict of Interest Questions for Ron DeSantis

Governor DeSantis' resume is just too short and too perfect.

His only unassisted accomplishment appears to have been baseball, which is probably how he landed a spot at Yale, that has a notoriously snobbish entry requirement if you are not generational family-blood, a large donor, or an athlete with good grades.

DeSantis was magically catapulted from career Navy attorney to Governor.

After Yale, DeSantis' painfully thin resume oozes with interlocked secrecy and grooming.

Despite DeSantis lack of work experience (other than as a blood sucking attorney), he has a 47-page Wikipedia biography (1+ pages per year of life).

At Yale, other than being a decent baseball outfielder, DeSantis was inducted into two of Yale's most notoriously secret societies, namely Delta Kappa Epsilon (DKE) and St. Elmo Hall (2001) aka Delta Phi

(ΔΦ).

St. Elmo Hall is one of the "ancient eight consortium" of secret societies that includes Skull and Bones.

Tellingly, Wikipedia attempted to ***delete*** DeSantis' membership in St. Elmo Hall just in the last few days!

On Jun. 14, 2022) (Tuesday) DeSantis was listed as a member of St. Elmo Hall (secret society) at Yale, but the next day, Jun. 15, 2022 (Wednesday) his name disappeared.

Much more can be said about this 1889-1890 time period that was so formative to the new world order Anglo-America conspiracy.

The British government and bankers had begun heavily funding and promoting the YMCA and Salvation Army as debt slaves. They then deployed this cheap labor in their industries and mines throughout the Empire to replace the black and brown

slaves they lost in abolition.

The intimate involvement of American robber barons like J.P. Morgan, Cornelius Vanderbilt, Andrew Carnegie, Elihu Root, John D. Rockefeller and “Boston Brahmins” opium and human trafficking in this British scheme for global hegemony under the banner of “Anglo-American” brotherhood.

Therefore, Ron DeSantis’ association with these British Pilgrims Society globalists is very concerning.

Interlocking Relationships and Secret Influences

Ron DeSantis needs to disclose any and all conflicts of interests that he has with the notoriously ***secret*** interlocking relationships highlighted here.

Short of coming clean, we can only conclude that Ron DeSantis was ***groomed*** by the British Pilgrims Society, and

that his ***ongoing naval secrecy agreement is a muzzle*** to prevent him from revealing the total control of the U.S. Navy by the British Admiralty and MI-6 for the Pilgrims Society.

Indisputable DeSantis nondisclosures

If you are tempted to doubt that there is a serious problem for the American Republic with Ron DeSantis' undisclosed interlocking associations, consider these indisputable facts:

On Nov. 11, 2002, the current governor of Virginia, Glenn Allen Youngkin (p. 20) became a founding director of British QinetiQ and facilitated initial investing by the Carlyle Group in this Queen's corporation headquartered just west of London, near the Pirbright Institute.

DeSantis' Navy boss Admiral Giamastiani is a traitor

The traitor Admiral Giamastiani was Ron DeSantis' boss in the U.S. Navy (British Admiralty).

If one knowingly takes orders

from a traitor, does that make that person a traitor also?

Perhaps this is all innocent and these conflicts of interest are all inadvertent?

Governor DeSantis has sworn multiple oaths to protect the U.S. Constitution. He also swore an oath at receiving his law license to uphold the Rules of Professional Conduct. These oaths include avoiding impropriety and even the appearance of impropriety.

Either Governor DeSantis is clueless about conflicts of interest as an attorney, in which case he has no business

being in public service, or he fails to disclose these interlocking secret society relationships, in which case he should be in jail.

The only way out of this ethical dilemma is for Governor DeSantis to disclose. Now. Conflicts of interest are not illegal, but failing to disclose them is.

Governor DeSantis needs to fully disclose immediately his association with these secret, interlocking British Pilgrims Society relationships.

A special shout out to Wikipedia's history censors.

By your sloppy work, you shined a spotlight on St. Elmo Hall, Delta Phi and their intimate associations with the American traitors associated with the British Pilgrims Society and Crown.

Eugene McCarthy retrieved from Wikipedia and copied or modified to here

Eugene McCarthy was born in Watkins, Minnesota. He was the son of a deeply religious Catholic woman of German ancestry, Anna Baden McCarthy, and a strong-willed man of Irish descent, Michael J. McCarthy,[3][4] a postmaster and cattle buyer.

Born in Watkins, Minnesota, McCarthy became

an economics professor after earning a graduate degree from the University of Minnesota. He served as a code breaker for the United States Department of War during World War II.

McCarthy grew up in Watkins with his parents and three siblings. He attended St. Anthony's Catholic School in Watkins, and spent hours reading his aunt's Harvard Classics.[2] He was influenced by the monks at nearby St. John's Abbey and University in Collegeville, Minnesota, and attended school there, at Saint John's Preparatory School, from which he graduated in 1932.[5] He also went to college at Saint John's University, graduating in 1935. McCarthy earned his master's degree from the University of Minnesota in 1939. He taught in public schools in Minnesota and North Dakota from 1935 to 1940, when he became a professor of economics and education at St. John's, working there from 1940 to 1943.[citation needed] While at St. John's, he coached the hockey team for one season.[6]

In 1943, considering the contemplative life of a monk, he became a Benedictine novice at Saint John's Abbey.[2] After nine months as a monk he left the monastery, causing a fellow novice to say, "It was like losing a 20-game winner".[7] He enlisted in the Army, serving as a code breaker for the Military Intelligence Division of the War Department in Washington, D.C. in 1944.[8] He was then an instructor in sociology and economics at the College of St. Thomas in St. Paul, Minnesota, from 1946 to 1949.[citation needed]

He served as a member of (among other committees) the powerful Senate Foreign Relations Committee. McCarthy became known to a larger audience in 1960 when he supported

twice-defeated presidential candidate Adlai Stevenson for the Democratic nomination. He pleaded during his speech, “Do not reject this man who made us all proud to be called Democrats!” He joked about his own merits as a candidate, “I’m twice as liberal as Hubert Humphrey, twice as intelligent as Stuart Symington, and twice as Catholic as Jack Kennedy.”[10] He was considered as a possible running mate for Lyndon Johnson in 1964, only to see fellow Minnesota Senator Humphrey chosen for that position.

McCarthy met with Marxist-Leninist revolutionary Che Guevara in New York City in 1964 to discuss repairing relations between the **US and Cuba** They met in journalist Lisa Howard’s apartment on Park Avenue in Manhattan. The 2008 film Che: Part One depicts this event.[citation needed]

Lisa Howard

before name change Dorothy *Jean*Guggenheim *

Lisa Howard (née Dorothy Jean Guggenheim, April 24, 1926 - July 4, 1965) was an American journalist, writer, and television news anchor who previously had a career as an off-Broadway theater and soap opera actress. In the early 1960s, she became ABC News’s first woman reporter, and was the first woman to have her own national network television news show. Howard developed a relationship with Cuba’s Fidel Castro, whom she met to interview, and was a go-between for a time between Castro and the American White House. Her network career

ended when she became openly involved in the 1964 United States Senate election in New York. In 1965, Howard suffered a miscarriage and depression, dying of an overdose of painkillers.

In the late 1950s, Howard decided to make a major career change. She began working as a stringer for the Mutual Radio Network. She covered the 1960 Democratic National Convention and became the first American reporter to interview Soviet Premier Nikita Khrushchev. Due to the widespread attention generated by that interview, in 1961 she was hired by ABC News as their first female correspondent to cover the Vienna summit between Khrushchev and John F. Kennedy. She also served as the editor for the political journal War/Peace Report, and wrote a novel On Stage, Miss Douglas, released in 1960.

In 1963, ABC promoted her to be the first female anchor of a news broadcast geared toward housewives called Lisa Howard and News with a Woman's Touch.[5] As part of the broadcast, she interviewed famous and influential world personalities, among them the Shah of Iran, Eleanor Roosevelt, Barry Goldwater, and Nelson Rockefeller. In April 1963, she traveled to Cuba to make an ABC special on Cuban leader Fidel Castro.[6] During his filmed interview, as well as in private conversation with Howard, Castro made it clear that Cuba was interested in improved relations with Washington. On her return to the U.S., she was debriefed by CIA deputy director, Richard Helms. In a secret memorandum of conversation sent to President Kennedy, Helms reported: "Lisa Howard definitely wants to impress the U.S. Government with two facts: Castro is ready to discuss rapprochement and she herself is ready to discuss

it with him if asked to do so by the U.S. Government."[7] Subsequently, Howard used her Upper East Side apartment for the first meeting between a U.S. and Cuban diplomat, and for phone communications between Castro and the Kennedy administration.

According to her daughter, Fritzi, Howard became involved with Castro and viewed herself as a grand player on the stage of history. In an article for Politico detailing their relationship, Peter Kornbluh describes Howard's role as a liaison between the United States and Cuba as "intimate diplomacy," explaining that "her role as peacemaker was built on a complex, little-understood rapport she managed to forge with Castro himself - a relationship that was political and personal, intellectual and intimate." [3] In order to continue the reconciliation agenda, she set up a meeting between UN diplomat William Attwood and Cuba's UN representative Carlos Lechuga on September 23, 1963, at her Upper East Side New York apartment, under the cover of a cocktail party. With Howard's support, the Kennedy White House was organizing a secret meeting with an emissary of Fidel Castro in November 1963 at the United Nations-a plan that was aborted when President Kennedy was assassinated in Dallas on November 22, 1963. The new president, Lyndon B. Johnson, objected to normalizing relations with Cuba as he feared this would make him appear soft on Communism. Howard continued to work toward better relations, returning to Cuba to do another ABC special with Castro in February 1964 and becoming a go-between for communications between Washington and Havana.[5] When Argentine Marxist revolutionary Ernesto "Che" Guevara came to New York in December 1964, she hosted a cocktail party for him and arranged

a meeting between Guevara and U.S. Senator Eugene McCarthy. A selection of Howard's personal papers, including a draft letter to her "Dearest Fidel," a draft letter to President Kennedy, and her 1964 interview with Che Guevara, are available to read on the George Washington University-based National Security Archive's website.

In September 1964, Howard helped form a political group called "Democrats for Keating"-a group of liberal Democrats that included Gore Vidal, who opposed Robert F. Kennedy's bid to become a U.S. senator representing the state of New York. ABC News warned her that her public partisan politics would lead to her dismissal. Howard nevertheless continued to work openly in support of Kennedy's Republican opponent, Kenneth Keating. In the fall of 1964, ABC cancelled her news show and fired Howard.

Personal life - Howard was married twice and had two children. Her first marriage was to film director Felix E. Feist, with whom she had a daughter, Fritzi. The couple later divorced. Howard later married producer Walter Lowendahl, with whom she had a daughter, *Anne*.

Death - Devastated by the loss of her career, Howard suffered a miscarriage in June 1965 and was hospitalized with depression. On July 4, 1965, while on an Independence Day vacation in the Hamptons with her family, she took a fatal overdose of barbiturates. Her death was ruled a suicide.

Linda Preiss Rothschild (born 28.02.1945) is a professor emeritus of mathematics at the University of California, San Diego.[2] Her thesis research concerned Lie groups, but subsequently her interests broadened to include also polynomial factorization, partial differential equations, harmonic analysis, and the theory of several complex variables.

Rothschild is the daughter of Philadelphia fur merchants; she was unable to attend the best high school of the city, as at the time it was restricted to boys.[3] She graduated from the University of Pennsylvania in 1966.[2][3] Rejected from graduate study at Princeton University because it was also male-only,[3][4] she instead earned her Ph.D. in 1970 from the Massachusetts Institute of Technology under the supervision of Isadore Singer.[2][5] She held temporary positions at MIT, Tufts University, Columbia University, the Institute for Advanced Study, and Princeton University before landing an associate professorship at the University of Wisconsin in 1976. She moved to San Diego in 1983,[2][3] and retired in 2011.

Rothschild was president of the Association for Women in Mathematics from 1983 to 1985, and vice president of the American Mathematical Society from 1985 to 1987.[2][4] She has been co-editor-in-chief of the journal Mathematical Research Letters since 1994.

Her husband, M. Salah Baouendi, was also a distinguished professor of mathematics at UC San Diego; he died in 2011.

Rothschild was awarded a Sloan Fellowship in 1976.[2][3] In 1997, Rothschild gave the Noether Lecture of the Association for Women in Mathematics, on the subject “How do Real Manifolds live in Complex Space?”,[2][3] and she was an invited speaker at the International Congress of Mathematicians in 2006.[4] She was elected as a fellow of the American Academy of Arts and Sciences in 2005,[4] and in 2012 she became one of the inaugural fellows of the American Mathematical Society.[7] A conference in her honor was held in 2008 at the University of Fribourg in Switzerland.[4] In 2017, she was selected as a fellow of the Association for Women in Mathematics in the inaugural class.

She and her husband were jointly awarded the Stefan Bergman Prize of the American Mathematical Society in 2003.

Fred was an American **chemical engineer** and entrepreneur who founded the **oil refinery firm that later became Koch Industries** [certainly in Texas and likely with E Howard Hunt, the Bush family and Zapata Oil, and othhers,] a privately held company which, under the principal ownership and leadership of Koch's sons Charles and David, was listed by Forbes in 2015 as the second-largest privately held company in the United States.

Fred attended Rice Institute in Houston from 1917 to 1919[8] and graduated from the **Massachusetts Institute of Technology (MIT) in 1922**, where he obtained a degree in chemical engineering practice.

Koch started his career with the Texas Company in Port Arthur, Texas,and later became chief engineer with the Medway Oil & Storage Company on the Isle of Grain in Kent, England. In 1925 he joined a fellow MIT classmate, P.C. Keith, at Keith-Winkler Engineering in Wichita, Kansas. Following the departure of Keith in 1925,[10] the firm became Winkler-Koch Engineering Company.

In 1925, Koch had entered into a partnership with Lewis Winkler, a former employee of Universal Oil Products (now UOP LLC). Winkler developed a cracking apparatus for heavy crude oil with ostensibly no patented difference in comparison to his former employer's intellectual property; thus, in 1929, UOP sued Winkler-Koch for patent infringement. Also that year, nearly three years before the patent case went to trial, Winkler-Koch signed contracts to build petroleum distillation plants in the Soviet Union, which did not

recognize intellectual property rights.

In 1927, Koch developed a more efficient thermal cracking process for turning crude oil into gasoline which allowed smaller players in the industry to better compete with the oil majors. The larger oil companies quickly sued in response, filing 44 different lawsuits against Koch, and embroiling him in litigation for years. Koch was to prevail in all but one of the suits (which was later overturned due to the fact that the judge had been bribed).

This extended litigation effectively put Winkler-Koch out of business in the U.S. for several years. “Unable to succeed at home, Koch found work in the Soviet Union”.[13] Between 1929 and 1932 Winkler-Koch supported the Kremlin and “trained Bolshevik engineers[14] to help Stalin’s regime set up fifteen modern oil refineries” in the Soviet Union during its first Five Year Plan.

“Over time, however, Stalin brutally purged several of Koch’s Soviet colleagues. Koch was deeply affected by the experience, and regretted his collaboration.”

The company also built installations in countries throughout Europe, the Middle East and Asia.[1] During the 21st century, when the political donations of Koch’s descendants became a matter of controversy, Koch’s work in Europe also entered public scrutiny. In 1934, Koch had partnered with William Rhodes Davis to build the Hamburg Oil Refinery, the third-largest oil refinery serving the *Third Reich*, a project which was *personally approved by Adolf Hitler*; contemporary critics claim this showed a direct tie between fascism and the modern conservative movement, notwithstanding Koch’s much greater involvement in the Soviet Union.

In response, Koch President and COO David L. Robertson acknowledged that Winkler-Koch provided the

cracking unit for the 1934 Hamburg refinery, but said that it was but one of many “iconic” American companies doing business in Germany at the time.[19] Robertson provided archival documents showing that from 1928 to 1934, Koch’s company helped build 39 cracking units for heavy oil refineries, including ones located in England and France.

Having succeeded in securing the family fortune, Koch joined new partners in 1940 to create the Wood River Oil and Refining Company, which later became known as Koch Industries. In 1946, the firm acquired the Rock Island refinery and crude oil gathering system near Duncan, Oklahoma. Wood River was later renamed the Rock Island Oil and Refining Company.[20] In 1966, he turned over day-to-day management of the company to his son, Charles Koch

Special access programs (SAPs) in the U.S. Federal Government are security protocols that provide highly classified information with safeguards and access restrictions that exceed those for regular (collateral) classified information. SAPs can range from black projects to routine but especially-sensitive operations, such as COMSEC maintenance or presidential transportation support. In addition to collateral controls, a SAP may impose more stringent investigative or adjudicative requirements, specialized nondisclosure agreements, special terminology or markings, exclusion from standard contract investigations (carve-outs), and centralized billet systems.[Within the Department of Defense, SAP is better known as "SAR" by the mandatory Special Access Required (SAR) markings

Gustav Lascaris Avrakotos (January 14, 1938 - December 1, 2005) was an American case officer and the Afghan Task Force Chief for the Central Intelligence Agency.

Avrakotos (Played by Phillip Seymour Hoffman) joined the CIA in August 1962 and was posted to Greece in 1963. Following the 1967 Greek coup d'état and the establishment of a far-right military junta, Avrakotos became the main liaison point for the CIA and the regime. He worked closely with the regime until he returned to a US posting in 1978. He worked for the CIA in the US until late 1982, when he found a position with the CIA's Near East desk, which included oversight of the agency's work in Afghanistan. The following year he became acting Chief of the South Asia Operations Group, which included involvement in Operation Cyclone, the CIA program to arm and finance the Afghan mujahideen in their war against the Soviets. He acquired arms and ammunition from numerous sources, and worked with Texas representative Charlie Wilson to build a coalition of international supporters to fund, arm and train the mujahideen.

He left the CIA in 1989 after he had been moved to the CIA's Africa Division, a position of relative obscurity within the organization, after writing a memo opposing the CIA's involvement in the Iran-Contra Affair. After working for defense contractor TRW Inc. and then News Corporation, he returned to the CIA as a contractor between 1997 and 2003.

Posting to Greece

Richard Welch, the chief of the CIA station in Athens, who was assassinated in December 1975

After extensive training for field work, Avrakotos was posted to Greece in 1963. He spent time building relationships in Greek society, including within the military.[9] Following the 1967 Greek coup d'état and the establishment of a far-right military junta, Avrakotos became the main liaison point for the CIA and the regime.[3] He had built strong links with the members of the junta; Crile wrote that the colonels:

[image]

had all started off life as peasants before joining the army, and they felt a kinship with this charismatic, working-class American whose parents had come from Lemnos. They could speak Greek with him. He drank and whored with them, and they knew from the heart that he shared their ferocious anti-Communism.

Avrakotos lunched with the colonels regularly and socialized with them in the evenings and at weekends. He also provided both officially sanctioned advice, and more practical suggestions that has no official backing: when Andreas Papandreou, the former prime minister of Greece, was incarcerated, Avrakotos gave them the official message that Papandreou should be allowed to leave the country for the US, and also unofficially advised them to "shoot the motherfucker because he's going to come back to haunt you".

In December 1975, the chief of the CIA station in Athens - and Avrakotos's superior - Richard

Welch, was gunned down on his doorstep by three members of the 17 November Group, a far-left urban guerrilla terrorist organization after his cover as a member of the CIA was publicized.[12] Two months later Avrakotos's cover was also blown, and he became pilloried in the Greek radical press; with the publicity, his life also came under threat. Several of his friends from the regime were assassinated and Avrakotos increased the use of his fieldcraft to ensure he avoided being targeted.[1][13] He ended his tenure in Greece in 1978.

Charles Nesbitt Wilson (June 1, 1933 - February 10, 2010) was a United States naval officer and former 12-term Democratic United States Representative from Texas's 2nd congressional district.

Charles Nesbitt Wilson (June 1, 1933 - February 10, 2010) was a United States naval officer and former 12-term Democratic United States Representative from Texas's 2nd congressional district. Wilson is best known for leading Congress into supporting Operation Cyclone, the largest-ever Central Intelligence Agency (CIA) covert operation, which during the Carter and Reagan administrations supplied military equipment to the Afghan Mujahideen during the Soviet-Afghan War. His behind-the-scenes campaign was the subject of the non-fiction book *Charlie Wilson's War: The Extraordinary Story of the Largest Covert Operation in History by George Crile III* and the subsequent film Charlie Wilson's War, where he was portrayed by Tom Hanks.

Wilson was born in the small town of Trinity,

Texas, to Charles Edwin Wilson, an accountant for a local timber company, and Wilmuth (née Nesbitt), a local florist, on June 1, 1933.[2] Wilson had one younger sister, Sharon Wilson Allison, former chair of Planned Parenthood and president of the International Planned Parenthood Federation, who currently resides in Waco, Texas.

Growing up, Wilson attended Trinity public schools and, upon graduation from Trinity High School in 1951, he attended one semester at Sam Houston State University in Huntsville, Texas, before being appointed to the United States Naval Academy in Annapolis, Maryland.[3][page needed] While at Annapolis, Wilson earned the second most demerits in the history of the academy (his roommate, Robert Mullen, earned the most demerits). Wilson graduated eighth from the bottom of his class in 1956 with a B.S. degree in Engineering, specializing in electronics.

Between 1956 and 1960, Wilson served in the United States Navy, attaining the rank of lieutenant and serving as the Gunnery Officer on the USS John W. Weeks (DD-701). He was assigned to the Pentagon as part of an intelligence unit that evaluated the Soviet Union's nuclear forces.

From a young age, Wilson took an interest in national security and foreign matters. Growing up during World War II encouraged Wilson to avidly read military history, including numerous articles and other literature on the war. This led Wilson to have a lifelong admiration for Winston Churchill. Wilson even took the opportunity as a child to "keep watch" over Trinity for Japanese aerial attacks from his post in the back yard.[6] Wilson's early sense of patriotism and his strong interest in international affairs encouraged him to

become politically active later in life.

According to Wilson himself, he first entered politics as a teenager by running a campaign against his next-door neighbor, city council incumbent Charles Hazard. When Wilson was thirteen years old, his fourteen-year-old dog entered Hazard's yard. Hazard retaliated by mixing crushed glass into the dog's food, causing fatal internal bleeding. Following this incident, Wilson obtained a driver's permit and drove ninety-six voters to the polls in his family's two-door Chevrolet. As patrons left the car, Wilson told each of them that he didn't want to influence their vote, but that the incumbent Hazard had purposely killed his dog. After Hazard was defeated by a margin of 16 votes, Wilson went to his house to tell him that his black constituents voted to defeat him, and he "shouldn't poison any more dogs." Wilson cited this as "the day [he] fell in love with America."

While Wilson worked at the Pentagon, he volunteered to help in John F. Kennedy's 1960 presidential campaign. While volunteering in Kennedy's campaign, Wilson took a 30-day leave from the U.S. Navy and entered his name into the race for Texas state representative of his home district on the Democratic ticket.[8] This action violated Navy regulations, as active-duty service members are prohibited from holding public office. When Wilson returned to duty, his family and friends went door to door campaigning. In 1961, at age 27, he was sworn into office in Austin, Texas.

Jean Amelia Summerlin was the daughter of Thomas Summerlin and Bathsheba Robards. She married Felix Turner Hughes, President of the Keokuk & Western Railroad, on 1 August 1865 in Memphis, Missouri. They settled in Keokuk, Iowa in 1879, where Felix Hughes was an attorney. He was later elected a judge and mayor of Keokuk. The children attended First Ward School and were educated in the arts, history and science.

Her children were Greta Hughes (an opera singer who went by the stage name “Jean Greta”) (1866-?), Howard Robard Hughes Sr. (inventor and father of Howard Hughes Jr., the famous aviator, land developer, film producer, inventor and industrialist) (1869-1924), Rupert Raleigh Hughes (screen writer and novelist) (1872-1956) and Reginald (who died at the age of 5). Three other children died in infancy: Felix Jr. (1874), Jean (1880), Baby (1880).

Jean had a phobia of germs. When her son Robard offered to build her a house in Grand Avenue in Keokuk, Iowa, she asked the house be built without closets. She felt diseases grew in the darkness within them. This phobia was inherited by her grandson Howard Hughes.

The Hughes XF-11 was a prototype military reconnaissance aircraft designed and flown by Howard Hughes and built by Hughes Aircraft for the United States Army Air Forces. Although 100 F-11s were ordered in 1943, only two prototypes and a mockup were completed. During the first XF-11 flight in 1946, piloted by Hughes himself, the aircraft crashed in Beverly Hills, California.[1] The production aircraft had been canceled in May 1945, but the second prototype was completed and successfully flown in 1947. The program was extremely controversial from the beginning, leading the U.S. Senate to investigate the XF-11 and the Hughes H-4 Hercules flying boat in 1947-1948.

A reconnaissance aircraft (colloquially, a spy plane) is a military aircraft designed or adapted to perform aerial reconnaissance with roles including collection of imagery intelligence (including using photography), signals intelligence, as well as measurement and signature intelligence. Modern technology has also enabled some aircraft and UAVs to carry out real-time surveillance in addition to general intelligence gathering.

Before the development of devices such as radar, military forces relied on reconnaissance aircraft for visual observation and scouting of enemy movement. An example is the PBY Catalina maritime patrol flying boat used by the Allies in World War II: a flight of U.S. Navy Catalinas spotted part of the Japanese fleet approaching Midway Island, beginning the Battle of Midway.

It was a bad day for Hughes and for the XF-11, a beautiful and innovative aircraft that had all the potential to be a great success in the armed forces. With its breeding, its capabilities and its potential, the XF-11 might have snagged a lucrative production contract for Hughes. Instead, the XF-11 was a “might have been,” a footnote in history that not everyone remembers today.

ET TU, D-2? The XF-11 was an offspring of a giant twin-engined fighter, the Hughes D-2, which Hughes and

his company built at Culver City, Calif., but assembled in great secrecy at Harper Dry Lake in the Mojave Desert, a location even more remote than the Army Air Forces' flight test facility at Muroc, Calif. The term D-2 was a company designation. A military version would have been called the XA-37 attack plane.

Hughes developed the D-2 in such secrecy that his company refused permission to even Gen. Henry "Hap" Arnold, commanding general of Army Air Forces and the obvious customer for the plane, to visit the Harper Lake facility. In the 1940s, the Pentagon had absolute power over contractors - one company, Ryan Aeronautical Co., was denied contracts throughout the war because of a perceived minor snub - but Hughes seems to have felt that his connections to the White House made him bulletproof. Arnold is reported to have said that, "Hughes is turning against us" by developing an aircraft for military needs but not allowing the government to know much about it.

Former Israeli space security chief says aliens exist, humanity not ready This "Galactic Federation" has supposedly been in contact with Israel and the US for years, but are keeping themselves a secret to prevent hysteria until humanity is ready. By AARON REICH DECEMBER 8, 2020 00:21 retrieved from The Jerusalem Post and copied or modified to here

Has the State of Israel made contact with aliens?

According to retired Israeli general and current professor Haim Eshed, the answer is yes, but this has been kept a secret because "humanity isn't ready."

Speaking in an interview to Yediot Aharonot, Eshed - who served as the head of Israel's space security program for nearly 30 years and is a three-time recipient of the Israel Security Award - explained that Israel and the US have both been dealing with aliens for years. And this by no means refers to immigrants, with Eshed clarifying the existence of a "Galactic Federation."

The 87-year-old former space security chief gave further descriptions about exactly what sort of agreements have been made between the aliens and the US, which ostensibly have been made because they wish to research and understand "the fabric of the universe." This cooperation includes a secret underground base on Mars, where there are American and alien representatives.

If true, this would coincide with US President Donald Trump's creation of the Space Force as the fifth branch of the US armed forces, though it is unclear how long this sort of relationship, if any, has been going on between the US and its reported extraterrestrial allies.

But Eshed insists that Trump is aware of them, and that he was "on the verge" of disclosing their existence. However, the Galactic Federation reportedly stopped him from doing so, saying they wished to prevent mass hysteria since they felt humanity needed to "evolve and reach a stage where we will … understand what space and spaceships are," Yediot Aharonot reported.

As for why he's chosen to reveal this information now, Eshed explained that the timing was simply due to how much the academic landscape has changed, and how respected he is

in academia.

This contemporary comedy focuses on two sets of well-to-do parents, united after their sons are involved in a playground altercation. Alan and Annette are invited into Michael and Veronica's home to civilly work out the conflict. As the evening progresses, polite conversation is abandoned and the evening dissolves into chaos.

God of Carnage was originally written in French. This play debuted on the West End in 2008, and moved to Broadway in 2009, where it won the Tony Award for Best Play. God of Carnage has since been produced internationally. In 2011, a film version titled Carnage was produced starring Kate Winslet, John C. Reilly, Jodie Foster, and Christoph Waltz.

> The *Tuskegee Institute* opened a polio center in 1941, funded by the *March of Dimes*. The center's founding was the result of a new visibility of Black polio survivors and the growing political embarrassment around the policy of the Georgia Warm Springs polio rehabilitation center, which Franklin Roosevelt had founded in the 1920s before he became president and which had maintained a Whites-only policy of admission. This policy, reflecting the ubiquitous norm of race-segregated health facilities of the era, was also sustained by a persuasive scientific argument about polio itself: that Blacks were not susceptible to the disease.

Sidney Poitier KBE (/ˈpwɑːtieɪ/; born February 20, 1927) is a Bahamian-American actor, film director, and ambassador. In 1964, Poitier won the Academy Award for Best Actor (on his second nomination) becoming the first Black male and Afro-Bahamian actor to win that award. He is the oldest living and earliest surviving Best Actor Academy Award winner. From 1997 to 2007, he served as the Bahamian Ambassador to Japan.[2]

Poitier was made an honorary Knight Commander of the Order of the British Empire by Queen Elizabeth II in 1974.[6][7][8][9] In 2009 Poitier was awarded the Presidential Medal of Freedom, the United States' highest civilian honor.[10]

His entire family lived in the Bahamas, then still a British colony, but Poitier was born unexpectedly in Miami while they were visiting for the weekend, which automatically granted him American citizenship. He

grew up in the Bahamas, but moved back to Miami aged 15 and to New York when he was 16. He joined the North American Negro Theatre, landing his breakthrough film role as an incorrigible high school student in the 1955 film Blackboard Jungle.

At age 15, he was sent to Miami to live with his brother's large family. At 16, he moved to New York City and held a string of jobs as a dishwasher.[23] A waiter sat with him every night for several weeks helping him learn to read the newspaper.[24] During World War II, in November 1943, he lied about his age and enlisted in the Army. He was assigned to a Veteran's Administration hospital in Northport, New York, and was trained to work with psychiatric patients. Poitier became upset with how the hospital treated its patients, and feigned mental illness to obtain a discharge. Poitier confessed to a psychiatrist that he was faking his condition, but the doctor was sympathetic and granted his discharge under Section VIII of Army regulation 615-360 in December 1944.[25]

After leaving the Army he worked as a dishwasher until a successful audition landed him a spot with the American Negro Theater.[26][27]

When Hurricane Dorian hit the Bahamas in September 2019, Poitier's family had 23 missing relatives.[56]

The New York Times bestselling authors of Lessons from the Light offer a new and provocative understanding of heaven and how messages from the afterlife can assist you in the here and now. We live in a world of near-universal acceptance that once our lives on the earth come to an end we continue to a greater world. Whether that destination is called "*Heaven*," "Nirvana," or simply, "*The Other Side*," tradition teaches us that there is, in most cases, a fairy-tale ending to life, a place where joy and harmony reigns supreme. Yet, as this book attests there is still more to heaven and earth than is dreamt of in our philosophies.

George Anderson is considered by many to be the greatest medium living today. After more than 50 years of hearing from souls who have transitioned to the world hereafter, he is constantly reminded by those who have passed that our preconceived notions of this life- and the next-aren't always accurate. The nine stories in this book illuminate times when unusual circumstances such as sudden death, unresolved emotions, abusive relationships, and painful family dynamics, make it necessary for the dead and the living to find new doors to healing.

Born: February 20, 1967, Aberdeen, WA Died: April 5, 1994, Seattle, WA - wikipedia the free encyclopedia

Kurt Donald Cobain (February 20, 1967 - c. April 5, 1994) was an American singer, songwriter, and musician. He was the frontman of the rock band Nirvana, serving as the band's guitarist, lead vocalist, and primary songwriter. Through his angst-fueled songwriting and anti-establishment persona, Cobain's compositions widened the thematic conventions of mainstream rock music. He was often heralded as a spokesman of Generation X and is considered to be one of the most influential musicians in the history of alternative rock.

Cobain formed the band Nirvana with Krist Novoselic and Aaron Burckhard in 1987 and established it as part of the Seattle music scene which later became known as grunge. After signing with major label DGC Records, Nirvana found global success with "Smells Like Teen Spirit" from their critically acclaimed second album Nevermind (1991). Although Cobain was hailed as the voice of his generation following Nirvana's sudden success, he resented this, believing his message and artistic vision had been misinterpreted by the public. In addition to "Smells Like Teen Spirit", Cobain wrote many other notable songs for Nirvana, including "Come as You Are", "Lithium", "In Bloom", "Something in the Way", "Heart-Shaped Box", "All Apologies", "About a Girl", "Aneurysm" and "You Know You're Right".

During the last years of his life, Cobain struggled with heroin addiction and chronic health problems such as depression. He also struggled with the personal and professional pressures of fame, and had a tumultuous relationship with his wife, fellow musician Courtney Love.[2] In March 1994, Cobain overdosed on a combination of champagne and Rohypnol, and subsequently entered an intervention and underwent a detox program. On April 8, 1994, Cobain was found dead at his home in Seattle at the age of 27; the all volunteer police force concluded he had died on April 5 from a self-inflicted shotgun wound to the head.

Cobain was posthumously inducted into the Rock and Roll Hall of Fame, along with Nirvana bandmates Krist Novoselic and Dave Grohl, in their first year of eligibility in 2014. Rolling Stone included Cobain in its lists of the 100 Greatest Songwriters of All Time, 100 Greatest Guitarists, and 100 Greatest Singers of All Time. He was ranked 7th by MTV in the “22 Greatest Voices in Music”. In 2006, he was placed 20th by Hit Parader on their list of the “100 Greatest Metal Singers of All Time”.

Singer and guitarist of the late 1980s, early 1990s grunge band Nirvana, best known for their breakthrough 1991 album Nevermind which featured the hit single “Smells Like Teen Spirit.” After struggling with drugs and depression during the height of Nirvana’s popularity, he tragically took his own life at the age of 27.

Before Fame

He was so angry with the turmoil in his family that he lashed out at others, especially adults, and

bullied a classmate at school. He would be bullied himself later on in school after befriending a homosexual student.

Trivia His 1993 album with Nirvana, In Utero, went five-times Platinum, and included the #1 single “Heart-Shaped Box.” He cited novelist William Burroughs as an influence on his writing.

Family Life He was raised with a younger sister named Kimberly. He married Courtney Love on February 24, 1992 and he and Love had a daughter together named Frances Bean Cobain

During fame

Throughout most of his life, Cobain suffered from chronic bronchitis and intense physical pain due to an undiagnosed chronic stomach condition.[5

His first drug experience was with cannabis in 1980, at age 13. He regularly used the drug during adulthood.[7]:76 Cobain also had a period of consuming “notable” amounts of LSD, as observed by Marander,[7]:75 and was “really into getting fucked up: drugs, acid, any kind of drug”, observed Krist Novoselic; **Cobain was also prone to alcoholism and solvent abuse**

According to The Telegraph, Cobain had depression.[62] His cousin brought attention to the family history of suicide, mental illness and alcoholism, noting two of her uncles who had died by suicide with guns.

Emanuel's paternal grandfather was a Moldovan Jew who emigrated from Bessarabia.[7] The surname Emanuel (Hebrew: עמנואל), which means "God is with us", was adopted by their family in honor of his father's brother Emanuel Auerbach, who was killed in 1933 in an altercation with Arabs in Jerusalem.[8][9]

Emanuel's father, Benjamin M. Emanuel, was a Jerusalem-born[10] pediatrician at Michael Reese Hospital[11] who was once a member of the Irgun, a Jewish paramilitary organization that operated in British Mandate Palestine.[12] His mother, Marsha (née

J. Edgar Hoover From Wikipedia, the free encyclopedia

Bureau of Investigation Head of the Radical Division

In August 1919, the 24-year-old Hoover became head of the Bureau of Investigation's new General Intelligence Division, also known as the Radical Division because its goal was to monitor and disrupt the work of domestic radicals.[18] America's First Red Scare was beginning, and one of Hoover's first assignments was to carry out the Palmer Raids.

Hoover and his chosen assistants, George Ruch, monitored a variety of U.S. radicals with the intent to punish, arrest, or deport those whose politics they decided were dangerous.[clarification needed] Targets during this period included Marcus Garvey; Rose Pastor Stokes and Cyril Briggs; Emma Goldman and Alexander Berkman; and future Supreme Court justice Felix Frankfurter, who, Hoover maintained, was "the most dangerous man in the United States."

In 1920, Edgar Hoover was initiated at D.C.'s Federal Lodge No. 1 in Washington D.C., becoming a Free Mason at the age of 25, becoming a **33rd Degree Inspector General Honorary in 1955**.

Head of the Bureau of Investigation

In 1921, Hoover rose in the Bureau of Investigation to deputy head and, in 1924, the Attorney General made him the acting director. On May 10, 1924, President Calvin Coolidge appointed Hoover as the fifth Director of the Bureau of Investigation, partly in response to allegations that the prior director, William J. Burns, was involved in the Teapot Dome scandal.[29][30] When Hoover took over the Bureau of Investigation, it had approximately 650 employees, including 441 Special Agents.[31] Hoover fired all female agents and banned the future hiring of them.

James Schriver

Feb. 9, 1927 - Aug. 4, 2014

Santa Clara

James J. Schriver, a longtime resident of Santa Clara, Calif., passed away peacefully at home while surrounded by family on August 4, 2014. He was 87.

Known as “Jim” by his closest friends, “Buddy” by his family, and “Grandpa” by his many grandchildren, James Schriver was born February 9, 1927 in Hillsboro, N.D. He spent much of his childhood in Fargo, ND. Jim enlisted in the United States Navy in Jan 1945 at the age of 17, and quickly began work as a flight mechanic working alongside pilots and engineers to maintain the Navy’s air fleet. Jim would spend the next 22 years in service of his country, traveling around the world. In his later years, Jim loved to boast that his service allowed him to visit all seven continents on the globe - even Antarctica. He attended many Navy schools, and was stationed at a variety of bases, including: Norfolk Naval Station in Norfolk, Va., Naval Air Weapons Station in China Lake, Calif., Pearl Harbor-Hickam Base in Oahu, Hawaii and NAS Moffett Field. His final rank with the Navy was Chief Flight Engineer.

Jim was introduced to the love of his life, Erma L. Schriver (Hinnenkamp) on a trip to Yosemite. Jim and Erma married on Sept. 14, 1951 in Norfolk, Va. The family eventually settled down in Santa Clara, Calif., in 1957.

While in the Navy, Jim was qualified on the AJ Savage 1 on the Midway aircraft carrier. He also flew the Lockheed Constellation and C130 Hercules. He served his country proudly in WWII, the Korean War, and the Vietnam War with more than 15,000 logged flight hours on the C130.

Jim retired from the Navy in October 1966, and began work as a flight engineer and cockpit qualified pilot on the Boeing 707 for passenger and cargo airlines such as: Lockheed, World Airways, TIA, Saturn Airways, Interior Airlines of Alaska, Transamerica Airlines, Olympic Airways, and Beechcraft Aerospace, located in Hanger One at Moffett Field. He retired in 1989 at 59 years young. *

Adrián Alfonso Lamo Atwood (February 20, 1981 - March 14, 2018) was an American threat analyst[3][4] and hacker.[5] Lamo first gained media attention for breaking into several high-profile computer networks, including those of The New York Times, Yahoo!, and Microsoft, culminating in his 2003 arrest.[6]

Lamo was best known for reporting U.S. soldier Chelsea Manning to Army criminal investigators in 2010[7] for leaking hundreds of thousands of sensitive U.S. government documents to WikiLeaks.[8][9] Lamo died on March 14, 2018 at the age of 37.[10]

Adrian Lamo was born in Malden, Massachusetts[2] near Boston.[11] His father, Mario Ricardo Lamo, was Colombian.[12] Adrian Lamo attended high schools in Bogotá and San Francisco,[2] from which he did not graduate,[13][14][15] but received a GED and was court-ordered to take courses at American River College,[16] a community college in Sacramento County, California.[17][18] Lamo began his hacking efforts by hacking games on the Commodore 64 and through phone phreaking.[19]

DNA controversy

Lamo in San Francisco in 2006 On May 9, 2006, while 18 months into a two-year probation sentence, Lamo refused to give the **United States government a blood sample, which they had demanded to record his DNA**

in their CODIS system.[33] According to his attorney at the time Lamo had a religious objection to giving blood but was willing to give his DNA in another form. On June 15, 2007, lawyers for Lamo filed a motion citing the Book of Genesis as one basis for Lamo's religious opposition to the giving of blood.

On June 20, 2007, Lamo's legal counsel reached a settlement agreement with the U.S. Department of Justice whereby Lamo would submit a cheek swab in place of the blood sample.[34]

Greenwald is skeptical of an earlier story written by Poulsen about Lamo's institutionalization on psychiatric grounds, writing: "Lamo claimed he was diagnosed with Asperger's syndrome, a somewhat fashionable autism diagnosis which many stars in the computer world have also claimed."[53]

In the mid-1990s, Lamo volunteered for the gay and lesbian media firm PlanetOut Inc.[13][70] In 1998, Lamo was appointed to the Lesbian, Gay, Bisexual, Transgender, Queer and Questioning Youth Task Force by the San Francisco Board of Supervisors.[71]

Lamo said in a Wired article that, in May 2010, after he reported the theft of his backpack, an investigating officer noted unusual behavior and placed him under a 72-hour involuntary psychiatric hold, which was extended to a nine-day hold. Lamo said he was diagnosed with Asperger syndrome at the psychiatric ward.[75]

For a period of time in March 2011, Lamo was allegedly "in hiding", claiming that his "life was under threat" after turning in Manning.[76]

Lamo died on March 14, 2018, in Wichita, Kansas, at the age of 37.[77][78][79] Nearly three months later,

the Sedgwick County Regional Forensic Science Center reported that “Despite a complete autopsy and supplemental testing, no definitive cause of death was identified.”[10][80] However, many bottles of pills were found in his home. Several of the pills found there were known to cause severe health problems when combined with kratom. As a result, evidence points to an accidental death due to drug abuse.[19] From Wikipedia the free encyclopedia

Even Bush's Sr's old government and oil buddies running America again, right into the ground! And, the current **Bush Sr. plot to put Hillary into the presidency**, all so that he can continue to rule America! **Even the alleged killing of John F. Kennedy's son, so that Hillary could take his place as senator of New York!** Oh, the evil that this man has done; and it knows no bounds! And, soon comes his demise!

My Father, I see a very large cemetery, with an arched entrance, and I am walking into this cemetery now. **Ahead of me is quite a show, with a large U.S. flag flying and other flags flying also**. And, I see in the midst of all that is going on a casket, which is open; and I walk up slowly to this casket and I see therein the body of George W. Bush Senior. Looking past him, I see then a second casket, and this one is draped with a flag and lifting the lid and peering inside I see the body of George Bush Jr., and thereafter I see yet another casket, which is also draped with an American flag. And lifting the lid, I peer inside and see the body of Bill Clinton.

These three are all in a row and amazingly with Bush Sr. first, then Bush Jr. and then Clinton last! In the background, I hear the shots of a rifle and hear the sounds of a lonesome bugle. It seems that the time may be in the spring, for I see tiny flowers amidst the graves! As I look among these graves I also see Laura Bush walk away and as she does so, she drops a white handkerchief and on this handkerchief are the words, “Good riddance!”

I walk back outside of the cemetery and look back one more time! When I look back, I see the spirit of Satan, the Red Dragon as he hovers over the three caskets. Than, I read in words, which are above him, “A time of trouble! Double trouble and toil! For, I am now come into my own!”

Then, I see Laura Bush as she gets into a black limousine and around her feet are many pieces of gumdrop candies, and surely this means something. Then, I hear the words “Now, Ronald Reagan will rest in peace. For, his would-be murderers go by the way!” (Ronald Reagan liked to eat gum drop candies.)

He anglicized his surname from Yaroshevitz to Yarrow, obtained a Bachelor of Science degree from Columbia University in 1925 where he joined Phi Sigma Delta fraternity,[2] and in 1928 graduated from Columbia Law School. He then maintained a private law practice in New York City until 1938, when he was appointed an assistant district attorney under the then-district attorney, Thomas E. Dewey. He was fired by John F. Kennedy over the latter fiasco.

Dulles was born on April 7, 1893, in Watertown, New York,[2] one of five children of Presbyterian minister Allen Macy Dulles, and his wife, Edith F. (Foster). He was five years younger than his

His maternal grandfather, John W. Foster, was Secretary of State under Benjamin Harrison, while his uncle by marriage, Robert Lansing was Secretary of State under Woodrow Wilson.[3] Dulles was uncle to Avery Dulles, a Jesuit priest and cardinal of the Catholic Church, who taught theology at Fordham University from 1988 to 2008.

Initially assigned to Vienna, he was transferred to Bern, Switzerland, along with the rest of the embassy personnel shortly before the U.S. entered the First World War.[9] Later in life Dulles said he had been telephoned by Vladimir Lenin, seeking a meeting with the American embassy on April 8, 1917, the day before Lenin left Switzerland to travel to Saint Petersburg aboard a German train. After recovering from the Spanish flu he was assigned to the American delegation at the Paris Peace Conference, along with his elder brother Foster.

From 1922 to 1926, he served five years as chief of the Near East division of the Department of State.

In 1926, he earned a law degree from George Washington University Law School and took a job at Sullivan & Cromwell, the New York firm where his brother, John Foster Dulles, was a partner. On the evening of September 5, 1982, Gaynor, her husband Paul Gregory, actress Mary Martin, and Martin's manager Ben Washer were involved in a serious car wreck in San Francisco. A van ran a red light at the corner of California and Franklin Streets and crashed into the Luxor taxicab in which the group was riding, knocking it into a tree.[38] Ben Washer was killed, Mary Martin sustained two broken ribs and a broken pelvis, and Gaynor's husband suffered two broken legs.[39] Gaynor sustained several serious injuries, including 11 broken ribs, a fractured collarbone, pelvic fractures, a punctured lung, and injuries to her bladder and kidney.[40] Robert Cato, the driver of the van, was arrested on two counts of felony drunk driving, reckless driving, speeding, running a red light, and vehicular homicide.[38][39] Cato pleaded not guilty and was later released on $10,000 bail.[39] On March 15, 1983, he was found guilty of drunk driving and vehicular homicide and was sentenced to three years in prison.[41]

A Star Is Born (1937 film, 1945 poster) As a result of her injuries, Gaynor was hospitalized for four months and underwent two surgeries to repair a perforated bladder and internal bleeding.[39][42] She recovered sufficiently to return to her home in Desert Hot Springs, but continued to experience health issues due to the injuries and required frequent hospitalizations. Shortly before her death, she was hospitalized for pneumonia and other ailments. On September 14, 1984, Gaynor died at Desert Hospital in Palm Springs at the age of 77. Her doctor, Bart Apfelbaum, attributed her death to the 1982 car wreck and stated that Gaynor "never recovered" from her injuries.[43]

written and directed by Craig Zobel, based upon a strip search phone call scam that took place in Mount Washington, Kentucky, in which the caller, posing as a police officer, convinced a restaurant manager to carry out unlawful and intrusive procedures on an employee.

On phony and rigged allegation while on the job of her fast food company she stole from a customer's purse, and while suggesting NORMAL police procedures would expose police in already large scal under cover work an alleged police officer scams members of the public to strip and inspect the blonde cashier and describe events to the alleged police officer on the phone. The scenario was a variation on Pay Up Or Be Arrested, here she was part of some plot to prove her innocence or her strip searchers would be assisting police in some contrived law enforcement matter.

Sandra, manager of a ChickWich fast food restaurant, receives a call from someone identifying himself as Officer Daniels. He claims to be in contact with the regional manager about a customer who had money allegedly stolen by an employee that day. Daniels claims that he is searching the suspect's residence, but will remain on the phone while Sandra detains the employee until the police arrive. Sandra identifies Becky as the suspect based on the description; Daniels confirms the name.

Sandra brings Becky to the restaurant office with another employee, Marti. She denies the theft. At Daniels' behest, Sandra searches Becky's pockets and purse and finds nothing. Telling her that the alternative is to have Becky go to jail, Daniels has her strip-search Becky. Daniels tells Sandra that he and other officers are searching Becky's home on suspicion that her brother is involved in drugs, and that Becky may be involved. He has Sandra put

Becky's clothes into a bag and take it to her car for inspection by the police.

Sandra insists she resume managing the restaurant as it is busy. After Daniels stipulates that a male employee watch Becky for "security reasons", another employee, Kevin, is brought in, but questions Daniels' instructions and leaves. Sandra's fiancé Van takes over; under pressure from Daniels over the beers he drank before driving to the restaurant, he has Becky perform nude jumping jacks, ostensibly to shake loose any contraband concealed in her body.

- ***Ann Dowd as Sandra Frum***: Sandra, manager of a ChickWich fast food restaurant in the film. Ann Dowd was born in Holyoke, Massachusetts, the daughter of John and Dolores (born Clark) Dowd. She is one of seven children, who were raised by their mother after her father died when Ann was a senior in high school. Her mother later married Philip Dean, a doctor. Her sister Kathleen (Kate) Dowd is a casting director based in London;[citation needed] brother John Dowd Jr. is president of The Dowd Agencies, an insurance company started by their great-grandfather; sister Elizabeth Dowd is a developmental therapist and parenting coach; sister Clare Dowd is executive director of the Creative Action Institute;[2] sister Deborah Dowd is a psychotherapist, and former president of the Massachusetts Institute for Psychoanalysis;[3] and brother Gregory Dowd is a doctor of veterinary medicine. Her paternal grandfather was James "Kip"

Dowd, a former Major League baseball player for the Pittsburgh Pirates.

Zobel was born in New York and grew up in Atlanta, Georgia, later studying film at the North Carolina School of the Arts alongside David Gordon Green and other future collaborators. He is of Jewish background.

- ***Dreama Walker as Becky***: Becky the strip search victim meets an attorney to discuss options for suing Sandra. Sandra, now unemployed and no longer seeing Van, tells a journalist she is a blameless victim (Dupe of police, actually a telmarketers pretending to be a cop on the phone.

Sandra's fiancé Van takes over; under pressure from Daniels over the beers he drank before driving to the restaurant, he has Becky perform nude jumping jacks, ostensibly to shake loose any contraband concealed in

her body. After Becky protests, Daniels has Van spank her. Eventually, Becky is coerced into performing oral sex on Van. Van leaves with guilt and is replaced by the custodian, Harold, who is outraged by Daniels' instructions. Harold tells Sandra about Daniels' orders; she calls the regional manager, who tells her he has no idea about any investigation.

The Warriors (film)

In his book about the film, author Sean Egan summarized its appeal: "Whereas the milieu of The Warriors was one normally only depicted in motion pictures as an examination of a social problem, this movie portrayed life from the street gang's point of view. It was an obvious but revolutionary approach that struck a chord with the urban working class, especially its adolescent subset."

The Warriors is a 1979 American action thriller film directed by Walter Hill. Based on Sol Yurick's 1965 novel of the same name, it was released in the United States on February 9, 1979. The film centers on the titular fictitious New York City street gang who must make an urban journey of 30 miles (48 km), from the north end of the Bronx to their home turf in Coney Island in southern Brooklyn, after they are framed for the murder of a respected gang leader.

- ***Gramercy Riffs***: Cyrus, leader of the Gramercy Riffs, the most powerful gang in New York City, requests that each of the city's gangs send nine unarmed delegates to Van Cortlandt Park for a midnight summit. Cyrus proposes to the

assembled crowd a citywide truce and alliance that would allow the gangs to control the city together, since they collectively outnumber the police by three to one. *Parallel? Moral Majority organized in the 1980s. Later Tea Parties and Sovereign Groups*

- ***Rogues***: Luther, the unbalanced and sadistic leader of the Rogues, shoots Cyrus dead as police officers arrive to raid the summit. In the ensuing chaos, Luther realizes that one of the Warriors, Fox, appears to suspect him, and makes a false accusation. *The US Gov Rouges, mocking me and false accusing me, trying to call out Donegan's into a loosing fight over a false allegation transferring black from the guilty rouges to the loyal veteran family Warriors.*

- ***The Warriors*** : Cleon of the multi-racial gang The Warriors is the one falsely accused. *Falsely accused the Donegan family fits this, I seem to be accused and entrapped into NOT of my own making in a smear campaign*

- ***Riffs*** : Deceased Cyrus's gang The Riffs are a gang which seeks vengeance against the Warriors and stalk the Warriors. *Fits the Mafia used to attack me, the riff raff. The Riffs understand later they were hunting the wrong target and turn on the Rouges as I have been tryng to get them to see the Georege H.W. Bush Red State conspiracy as the REAL KILLERS*

The Donegans, the Kennedy's, and the Russians are under attack for the murder of JKF but that was from Shriver-Lawford British aligned Commonwealth spies in the USA trying to wind the cold war by Roman Catholics at the very top joining with Isreal and England all-in against the Soviet Block. Now those gangs aka Bush Abbot and NWO Neocons stalk the wrongly accused Donegans. So this ain't the end, I saw you again, today
I had to turn my heart away
Smiled like the sun, kisses for everyone
And tales, it never fails

You lying so low in the weeds
I bet you gonna ambush me
You'd have me down, down, down, down on my knees
Now wouldn't you, barracuda? Oh

Back over time we were all trying for free
You met the porpoise and me, uh-huh
No right, no wrong you're selling a song, a name
Whisper game

And if the real thing don't do the trick
You better make up something quick
You gonna burn, burn, burn, burn, burn to the wick
Ooh, barracuda, oh yeah

"Sell me, sell you" the porpoise said
Dive down deep now to save my head, you
I think that you got the blues too

All that night and all the next
Swam without looking back
Made for the western pools, silly, silly fools

The real thing don't do the trick, no
You better make up something quick
You gonna burn, burn, burn, burn, burn it to the wick
Ohh, barra-barracuda, yeah

The Gauntlet

The Gauntlet (1977 film)

The Gauntlet is a 1977 American action thriller film directed by Clint Eastwood, who stars alongside Sondra Locke. The film's supporting cast includes Pat Hingle, William Prince, Bill McKinney, and Mara Corday. Eastwood plays a down-and-out cop who falls in love with a prostitute (Locke) whom he is assigned to escort from Las Vegas to Phoenix in order for her to testify against the mob.

Ben Shockley, an alcoholic cop from Phoenix, is given the task to escort witness Augustina "Gus" Mally from Las Vegas. His superior, Commissioner Edgar A. Blakelock, says she is a "nothing witness" for a "nothing trial." Mally protests that they are both set up to be killed in a hit, which a jaded Shockley doubts. Mally reveals herself to be a belligerent prostitute with mob ties and is in possession of incriminating information concerning a high figure in society.

Her suspicions are confirmed when the transport vehicle is bombed and Mally's house is fired upon. Shockley and Mally are then pursued across the open country with no official assistance and with the police force regarding them as fugitives.

They are about to enter Phoenix when Maynard Josephson, an old friend of Shockley's, warns the two of a gauntlet of armed police officers that Blakelock has set up to "welcome" them. Josephson convinces Shockley to turn himself in to Feyderspiel whom he thinks is an honest broker. As the pair follow Josephson out of the bus, Josephson is shot dead by snipers from a nearby building, and Shockley is hit in the leg.

With no other option, the two return to the bus and enter the town. The bus is shot at as it runs the titular “gauntlet” of hundreds of armed officers lining both sides of the road, until it reaches the steps of City Hall, finally immobilized. The two emerge from the riddled bus and surrender, but Shockley uses Feyderspiel as a shield, in order to have him confess that Blakelock and Feyderspiel are both corrupt. The enraged Blakelock opens fire, killing Feyderspiel and wounding Shockley. Blakelock is then killed by Mally. Realizing Blakelock’s crime and having witnessed his wanton killing of Feyderspiel, the rest of the assembled officers watch as Shockley (Eastwood) and Mally (Sandra Locke) walk away safely from the gauntlet.

> ### José María Mariano Escriva y Albás
>
> **From Wikipedia the free encyclopedia/ ***
>
> José María Mariano Escriva y Albás was born to José Escriva y Corzán and his wife, María de los Dolores Albás y Blanc on 9 January 1902, in the small town of Barbastro, in Huesca, Aragón, Spain, the second of six children and the first of two sons. José Escrivá was a merchant and a partner in a textile company that eventually went bankrupt, forcing the family to relocate in 1915 to the city of Logroño, in the northern province of La Rioja, where he worked as a clerk in a clothing store.[10] Young Josemaría first felt that “he had been chosen for something”, it is reported, when he saw footprints left in the snow by a monk walking barefoot.
>
> With his father’s blessing, Escrivá prepared to become a priest of the Catholic Church. He studied first in Logroño and then in Zaragoza, where he was ordained as deacon on Saturday, 20 December 1924. He was

ordained a priest, also in Zaragoza, on Saturday, 28 March 1925. After a brief appointment to a rural parish in Perdiguera, he went to Madrid, the Spanish capital, in 1927 to study law at the Central University. In Madrid, Escrivá was employed as a private tutor and as a chaplain to the Foundation of Santa Isabel, which comprised the royal Convent of Santa Isabel and a school managed by the Little Sisters of the Assumption.

During the Spanish Civil War, Escrivá fled from Madrid, which was controlled by the anti-clerical Republicans, via Andorra and France, to the city of Burgos, which was the headquarters of General Francisco Franco's Nationalist forces.[16] After the war ended in 1939 with Franco's victory, Escrivá was able to resume his studies in Madrid and complete a doctorate in law, for which he submitted a thesis on the historical jurisdiction of the Abbess of Santa María la Real de Las Huelgas.

The Priestly Society of the Holy Cross, affiliated with Opus Dei, was founded on Sunday, 14 February 1943. Escrivá relocated to Rome in 1946. The decree declaring Escrivá "Venerable" states that "in 1947 and on Monday, 16 June 1950, he obtained approval of Opus Dei as an institution of pontifical right. With tireless charity and operative hope he guided the development of Opus Dei throughout the world, activating a vast mobilization of lay people … He gave life to numerous initiatives in the work of evangelization and human welfare; he fostered vocations to the priesthood and the religious life everywhere … Above all, he devoted himself tirelessly to the task of forming the members of Opus Dei."

Divinity as a Nation rather than Natioanal Consciousness or awareness.

Many of his contemporaries recount the tendency of

Escrivá to preach about patriotism as opposed to nationalism.

According to Catalan sociologist Joan Estruch:

> More than “a classic of the spirituality of all time”, Escrivá de Balaguer is at bottom a child of his time: he is the product of a specific country, a specific epoch, a specific church. These are the Spain of General Franco and the church of Pope Pius X. If Opus Dei had “never seen the need to bring itself up to date”, as Escrivá maintained, Opus would today be a paramilitary, pro-fascist, antimodernist, integralist (reactionary) organization. If it is not, it is because it has evolved over time

Professor Peter Berglar, a German historian, asserts that Franco’s falangists suspected Escrivá of “internationalism, anti-Spainism and Freemasonry” and that during “the first decade of Franco’s regime, Opus Dei and Escrivá were attacked with perseverance bordering on fanaticism, not by enemies, but by supporters of the new Spanish State. Escrivá was even reported to the Tribunal for the Fight against Freemasonry”

On June 26, 1975, Josemaría died in his workroom of a heart attack. The last thing he ever looked upon was an hanging icon of Our Lady. At his death, Opus Dei was present on all inhabited continents, numbering over 60,000 people from more than 80 nationalities.

In 1963 the year JFK died, he was named by Pope John XXIII as a consultant on the Pontifical Commission for the revision of the Code of Canon Law. Pope Paul VI

named him consultant on several post-Conciliar commissions. In 1975, he was chosen general president of the Opus Dei and successor of Josemaría Escrivá de Balaguer, and in 1982, the Holy See appointed him as the first Prelate of Opus Dei. In 1991, he was consecrated a bishop by Pope John Paul II, with Archbishops Giovanni Battista Re and Justin Francis Rigali serving as co-consecrators. That same year, he attended World Youth Day in Czestochowa.

He has written extensively about pastoral and ecclesiological matters that examine among others, the role of the lay faithful in the Roman Catholic Church, the human side of priestly formation, the dynamics and functionality of pastoral structures. As Prelate, he also served as Grand Chancellor of the University of Piura in Peru.

Shortly after his 80th birthday, he returned to Rome on a pilgrimage from the Holy Land. He died shortly thereafter. He had celebrated his last Mass at the Church of the Cenacle. Later that day, Pope John Paul II came to pray before del Portillo's remains, which now lie in the crypt of the Church of the Prelature, Our Lady of Peace at Bruno Buozzi 75, Rome.

Álvaro del Portillo y Diez de Sollano (11 March 1914 - 23 March 1994) was a Spanish engineer and Roman Catholic bishop. He served as the prelate of Opus Dei between 1982 and 1994 as the successor to Josemaría Escrivá.

Church leaders Pope John Paul II and Cardinal Carlo Caffarra have praised Portillo as a faithful servant of God. John Paul II referred to him as a "good and faithful servant" while Caffarra dubbed him a "disciple of Christ".

Olver Barrett IIi

A legacy “numeral” descendent of Oliver Barret. A WASP in Boston and powerfull connected tycoon who can control lives with telephone calls

Oliver Barrett IV

WASP son and another numeral taunted by a barrista catholic girl from Radcliff. The Harvard boy and Jock is intriuged in the reparte and falls in love

Jenny

The Radcliffe girl. In Boston socialite circles the daughter of a bakeshop owners, poor, and without connections, and the wrong religion does not seem a favorable outlook for the wife of Barrett IIIs son, Barrett IV

To dissuade his son, a fellow Harvard baccalaureate graduate, Barrett III cuts financial support for Harvard Law School. With no way to pay the bills Barret IV asks for a scholarship but Harvard Law admissions officer and Barrett III fellow law

student will “not intervene in a family fight” and goes along with the financial constraint and will not provide a scholarship to WASP from such a well to do family

Phil

Catholic father of Jenny. Is moved by but in stunned disbelief of the non religious love based marriage ceremony of Jenny and Barrett IV which as a break with both WASP and Catholic traditions.

Love Story is romantic and funny, yet tragic. It is the tale of two college students whose love enables them to overcome the adversities they encounter in life: Oliver Barrett IV, a Harvard jock and heir to the Barrett fortune and legacy, and Jennifer Cavilleri, the quick-witted daughter of a Rhode Island baker. Oliver (Ollie) was expected to assume control of his father’s business empire, while Jennifer (Jenny) was a music major studying at Radcliffe College and planning to study in Paris. From very different worlds, Oliver and Jenny are immediately attracted to each other and their love deepens. Jenny and Ollie are brought together in the unlikeliest of ways.

Upon graduation from college, Barret IV and Jenny decide to marry, against the wishes of Oliver’s father Barrett III, who promptly severs all ties with his son. Without financial support, the couple struggles to pay Oliver’s way through Harvard’s Law School, with Jenny working as a private school teacher. Graduating third in his class, Oliver gets several job offers and takes up a position at a respectable New York law firm. The couple move to New York City, excited to spend more time together, rather than working and studying. The pair

decide to have a child. After Jenny fails to conceive, they consult a medical specialist, who after repeated tests, informs Oliver that Jenny is suffering from leukemia, making it clear that “she’s dying”.

As instructed by his doctor, Oliver attempts to live a normal life without telling Jenny of her condition. Jenny nevertheless discovers her ailment after confronting her doctor about it. With their days together numbered, Oliver is desperate and seeks financial relief from his father. Instead of telling his father what the money is truly for, Oliver misleads him. From her hospital bed, Jenny speaks with her father about funeral arrangements, and then asks for Oliver. She tells him to avoid blaming himself, and asks him to hold her tightly before she dies. When Mr. Barrett realizes that Jenny is ill and that his son borrowed the money for her, he immediately sets out for New York. By the time he reaches the hospital, Jenny has died. Mr. Barrett apologizes to his son, who replies with something Jenny had once told him: “Love means never having to say you’re sorry …” and breaks down in his arms.

Donegan’s connection: This matches thematicaly what my parents experince in Boston as Catholics ultimately as Atheists together in their marriage although with Catholic sympathies and discrimanated against by WASPS.

One of the deepest connections I have with my now decesased mother Glorian is her telling me that after her death I should never feel guilty baout anything I am or was wrong about, it is all forgiven out of love and she would not want me to fell guilty. It was exactly that type of thing I learned from her and quoted her on, love is learning, not wasting emotion on guilt.

“Love means never having to say you’re sorry” becomes a catchphrase in the movie. It is used to heal

the relationship somewhat between Barrett IV and III. Barrett III tries not to indenture himself to his father' s control by not taking money. Barrett IV believes love should drive events and that may mean refusing money. Later Barrett III will give a check, no questions asked, on blind faith to Barrett IV. Later the father learns the check was for her illness and perhaps burial. Thus Barrett III could be left out of the loop of events, wanted by Barrett IV. This allowed III the flexibility he needed. III brought this catch phrase into the structured and cold relationship IV was trying to warm.

Dysgraphia:

A disorder involving difficulties with writing or typing, sometimes due to problems with eye-hand coordination; it also can impede direction- or sequence-oriented processes, such as tying knots or carrying out repetitive tasks.[24] In dyslexia, dysgraphia is often multifactorial, due to impaired letter-writing automaticity, organizational and elaborative difficulties, and impaired visual word forming, which makes it more difficult to retrieve the visual picture of words required for spelling

Attention deficit hyperactivity disorder (ADHD)

A disorder characterized by problems sustaining attention, hyperactivity, or acting impulsively.[25] Dyslexia and ADHD commonly occur together.[5][26][27] Approximately 15%[11] or 12-24% of people

with dyslexia have ADHD;[28] and up to 35% of people with ADHD have dyslexia.

Auditory processing disorder:

A listening disorder that affects the ability to process auditory information.[29][30] This can lead to problems with auditory memory and auditory sequencing. Many people with dyslexia have auditory processing problems, and may develop their own logographic cues to compensate for this type of deficit. Some research suggests that auditory processing skills could be the primary shortfall in dyslexia.

A neurological condition characterized by difficulty in carrying out routine tasks involving balance, fine-motor control, kinesthetic coordination, difficulty in the use of speech sounds, problems with short-term memory, and organization.[33]

Dune and and NWO Galactic Family Lines Planning guide for Planetary Leaders

Dune (novel) Wikipedia retrieved from From Wikipedia, the free encyclopedia and copied or modified to here

Dune is set in the distant future amidst a feudal interstellar society in which various noble houses control planetary fiefs.

Its authors Frank Herbert spent the next five years researching, writing, and revising. He published a three-

part serial Dune World in the monthly Analog, from December 1963 to February 1964.

Duke Leto Atreides of the House Atreides, ruler of the ocean planet Caladan, is assigned by the Padishah Emperor Shaddam IV to serve as fief ruler of the planet Arrakis. Arrakis is a harsh and inhospitable desert planet, and the only source of melange, or “the spice”, an extremely rare and valuable substance that extends human life and enhances mental capabilities.

Shaddam sees House Atreides as a rival, and conspires with House Harkonnen, the longstanding enemies of House Atreides among the other Great Houses in the Landsraad, to destroy Leto once he arrives on Arrakis. Leto is aware his assignment is a trap of some kind, but cannot refuse thus it is a disputed planet as to ruling rights

Paul Atreides is part of gaining rule on the planet for House Atreides. Two years pass, and Paul’s powerful prescience abilities manifest, which lead the Fremen to consider him their messiah. Paul recognizes that the Fremen could be a powerful fighting force to take back Arrakis

He begins to support Arrakis planetary nationalism and its freedom fight from the exploitive spice seeking Galactic rule.

Witness (1985 film)

    - Reacheal Lapp (Widow)
    - Samuel (son)

In 1984, an Amish community outside of Lancaster, Pennsylvania attends the funeral of Jacob Lapp, who leaves behind his young wife Rachel and eight-year-old son Samuel.

> Comparison: Jacob Lapp, James and Clorian Donegan (deceased). Samuel Lapp is Edward Donegan, witness to money laundering of stolen goods by the Police.

Rachel and Samuel (just Ed Donegan) travel by train to visit Rachel's sister, which takes them into Philadelphia. (Ed is in Texas just getting away from corrupt Tom Donegan) While waiting at 30th Street Station for a connecting train to Baltimore, Samuel goes into the men's room and witnesses the brutal murder of an undercover police officer, but manages to evade detection by hiding in the stalls.

Detective John Book (Harrison Ford) (Jen Moore fatally wounded protected Ed Donegan from money launderers) is assigned to the case where he and partner Sergeant Elton Carter question Samuel. Although Samuel is unable to identify the perpetrator from mug shots or a lineup, he later sees a newspaper clipping in a trophy case of narcotics officer James McFee receiving an award and points him out to Book. Book investigates and finds out that McFee was previously responsible for a seizure of expensive chemicals used to make black-market amphetamines, but the evidence has now disappeared. Book surmises that McFee himself fenced the chemicals to drug dealers, and that the murdered detective, Ian Zenovich, had been investigating the theft.

Book insists that going to a hospital would allow the corrupt police officers to find him and put Samuel in danger. Rachel's father-in-law Eli reluctantly agrees to shelter him despite his distrust of the outsider. Book slowly recovers in their care and begins to develop feelings for Rachel, who likewise is drawn to him. The Lapps' neighbor Daniel Hochleitner had hoped to

court her and this becomes a cause of friction. During his convalescence, Book dresses in Jacob Lapp's clothing in order to avoid drawing attention to himself. His relationship with the Amish community deepens as they learn he is skilled at carpentry and seems like a decent, hard-working man.

Who is the agent, double agent, who is working for Russia or for the CIA is in constant confusion for the viewer and for the actors who have less than omniscient views of each other.

The Verdict and being up against a Catholic Hospital in Boston during a liability case

[In a rushed medical set of procedures it was missed that the patient had eaten recently, on the annoying admitting form, and under anesthesia choked on his own vomit.] The good doctors everyone loves must be protected by the extensive powerful church figures in Boston.]

- Paul Newman as Frank Galvin, lawyer for the comatose hospital patient)
- Lindsay Crouse asNurse Kaitlin Costello Price put into hiding by the Catholics but later discovered in altered identity)

Once-promising attorney Frank Galvin, framed for jury tampering years ago, was fired from his elite Boston firm and is now an alcoholic ambulance chaser whose practice is on the verge of collapse. As a favor, his friend and former teacher Mickey sends him a medical malpractice case in which it is all but assured that the defense will settle for a large amount.

Frank visits the comatose woman and is deeply affected. Later, a representative of the Catholic hospital where the incident took place offers a substantial settlement.

Frank's break comes when he discovers that Kaitlin Costello, the nurse who admitted his client to the hospital, is now a pre-school teacher in New York.

Frank's case quickly experiences several devastating setbacks. His client's brother-in-law learns from "the other side" that Frank rejected the settlement and angrily confronts him. His star medical expert disappears, and a hastily-arranged substitute's credentials and testimony are called into serious

question on the witness stand. His opponent, the high-priced attorney Ed Concannon, has at his disposal a large legal team that is masterful with the press. The presiding judge, who despises Frank, undermines his questioning of the substitute. No one who was in the operating room is willing to testify that negligence occurred. Concannon is revealed to be paying off a reluctant Laura, staff to Frank as he developes his case.

Nurse Kaitlin Costello Price [Costel] testifies that, shortly after the patient had become comatose, the anesthesiologist (one of the two doctors on trial, along with the archdiocese of Boston) told her to change her notes on the admitting form to hide his fatal error. She had written down that the patient had eaten a full meal only one hour before being admitted. The doctor had failed to read the admitting notes and, in ignorance, administered an anesthetic that should never have been given to a patient with a full stomach. As a result, the patient vomited and choked. * scene on Youtube

Costello further testifies that, when the anesthesiologist realized his mistake, he met with Costello in private and threatened her job unless she changed the number "1" to the number "9" on her admitting notes.

Feeling that his case is hopeless, Frank gives a brief but passionate closing argument. In the end the jury finds in favor of Frank's clients. The foreman then asks the judge whether the jury can award more than the amount the plaintiffs sought; the judge resignedly [freindly to the Church, its reputation, and its lawyers] replies that they [they jury] can.

Frank argues frankly that "in his religion" people are told to act is if they had faith and find the truth in their hearts and hold faith to that, we can conclude suggesting the rquest of church officials may be acts of comliance rather than acts of faith. * Youtube clip of Frank Galvin

Much of the movies emotional crescendo comes as the nurse, say a 30, was put under such pressure by the 33s, and left her

with a requirement to lie or hide rather than be truthful because powerful interests in the church were afraid of the truth.

Consider Epica, and betrayal by the church, as this nruse was.

My belief is top down power is asking people to lie and my brothers and others like Tia Marselli were put inbetween a rock and hard palce with Metro Churches need for them to cooperate and pressur eto do so.

At a missile base in Kartaly, Chelyabinsk Oblast, Russia, SS-18 ICBMs are being decommissioned. Ten nuclear warheads are loaded onto a train and sent to a separate site for dismantling. However, Russian Army General Aleksandr Kodoroff, along with a rogue Spetznaz unit, kills the soldiers on board the transport train and transfers nine of the warheads to another train.

Minutes later, the 500-kiloton warhead detonates, killing thousands of civilians and delaying an investigation.

U.S. Army Special Forces Lieutenant Colonel Thomas Devoe interrupts her briefing to suggest that the crash and detonation were staged to hide the hijacking of the **other warheads**.

Those, removed prior to the single warhead blast and thus surving, are rpivately under the control of rouge actor Russian Army General Aleksandr Kodoroff

Oliver Twist

Oliver Twist is born into a life of poverty and misfortune, raised in a workhouse in the fictional town of Mudfog, located 70 miles (110 km) north of London.[11][12][8] He is orphaned by his father's mysterious absence and his mother Agnes' death in childbirth, welcomed only in the workhouse and robbed of her gold name locket. Oliver is meagerly provided for under the terms of the Poor Law and spends the first nine years of his life living at a baby farm in the 'care' of a woman named Mrs Mann, who embezzles much of the money entrusted to baby farm by the parish. Oliver is brought up with little food and few comforts. Around the time of Oliver's ninth birthday, Mr Bumble, the parish beadle, removes Oliver from the baby farm

and puts him to work picking and weaving oakum at the main workhouse. Oliver, who toils with very little food, remains in the workhouse for six months. One day, the desperately hungry boys decide to draw lots; the loser must ask for another portion of gruel. This task falls to Oliver himself, who at the next meal comes forward trembling, bowl in hand, and begs the master for gruel with his famous request: “Please, sir, I want some more”.[13]

Glorificaus The Key and Splitting the Blood

> “The Key is the link. The link must be severed. Such is the will of God.” - Litany of the Knights of Byzantium

The Key was an ancient mystical energy with the power to unlock the gates between *all existing dimensions*, though only at a certain time and place.

Origin

Who, when or why it was created is unknown, though in the 12th Century, the Order of Dagon was founded by Tarnis in order to protect it. Meanwhile, the Knights of Byzantium sought to destroy the Key so its destructive power would never be unleashed. While one of the monks claimed that for centuries the key had no form, Glorificus, having seen the Key very briefly, described it as “a bright, green, swirly shimmer”.M.

Embodiment

In 2000, fearing that Glory would use the Key, the surviving monks of the Order of Dagon transformed the Key into Dawn Summers with the hope that Buffy Summers, the Slayer, would keep it safe.

Reality was altered and Dawn and everyone around her were given false memories so that they would believe she had always been present as Buffy's younger sister. The monks used Buffy as a template to create Dawn's physical body, making them biological sisters. However, people "beyond reality," such as the mentally ill, were able to perceive Dawn as the Key. Since Glory fed on human sanity, she created a stockpile of these individuals, unaware of what they were capable of for months until eventually one of them identified the Key in Glory's presence, leading to her capturing Dawn the night after.

In 2001, Glory's worshipper Doc succeeded in using Dawn as the Key by spilling her blood, but the resulting tearing of the veils between dimensions was soon sealed back by Buffy's self-sacrifice.

“Every choice we make allows us to manipulate the future.”

After being transported from 200 years in the future through a monster gravitational wave that supposedly thrust him into the past, professor Berlinghoff Rasmussen ends up aboard the Enterprise. That part about him stealing a time-travel pod and venturing into the 2400s to steal a few gadgets and reinvent them back in the 2200s is totally irrelevant. Between trying to swipe a neural stimulator, a tricorder and even Data himself, the fraud gets owned by Picard when the captain refuses to buy his philosophizing about altering the future. Picard puts the professor from the faux future in his place by refusing to believe history is restricted to bogus textbooks. No wonder Rasmussen’s hair looks chronically electrocuted.

“Courage can be an emotion too.”

Few TNG phenomena are more shocking than Data feeling emotions. This is the same android who previously bumbled his way through a relationship (if you could call it that) which lasted the better part of 24 hours. When a distraught Data demands that Captain Picard deactivate him until someone can remove his newly installed emotion chip, whose frighteningly human repercussions have become unbearable, Picard gives him a human response. Deactivation is not happening. Neither is any excuse to escape the problems caused by artificial emotion. Data is going to have to adapt and deal with these alien feelings. Trying takes courage. Who needs a therapist when you have Picard?

“The only person you’re truly competing against is yourself.”

So Wesley Crusher is crushed after failing the Starfleet Academy exam. Understandable. The Enterprise has been his life since he was a curious kid in bad sweaters screwing around with time-travel computer programs that defy the laws of physics. The precocious ensign had hoped to embark on the road to being an officer, except that even his best effort couldn’t launch his career. His captain is hardly disappointed. You wouldn’t exactly think that a kid who knew what all the controls could do before he could even talk in full sentences would fail on his first try, but get this: so did Picard. Just don’t tell that to anyone else on board.

“You cannot explain away a wantonly immoral act because you think it is connected to some higher purpose.”

When Lumerian empath Alkar decides to use others’ bodies to channel his dark thoughts so the shadows can be cleared for him to perform mediations, regardless of any fatalities, it’s the kind of selfishness that warrants a verbal smackdown from Picard. Deanna Troi being used as a vessel for this twisted pseudoscience incenses the captain even more. This leads to the perpetrator’s attempt to justify this reverse psychic vampirism in an unapologetically cold confession, but Picard is colder.

“There can be no justice so long as laws are absolute.”

Just because the Edo say you have to die for crashing into a greenhouse while you were playing ball doesn’t mean you should be obliterated. This utopian society, for whom every day is like a toga party at Woodstock, has figured that the ultimate

solution to crime is to execute whoever breaks a rule - any rule. That includes Wesley accidentally smashing into some alien blossoms. There is just that inconvenient detail of him being completely ignorant of this society's laws because he is only there to evaluate the place as a potential spring break destination. This situation needs Picard's resolute voice to declare that justice and law are not always synonymous.

"Torture has never been a reliable means of extracting information."

No one pwns Picard. That means no one injects him with truth serum against his will or hangs him naked by the wrists and keeps repeatedly zapping him with electrical shocks. You also don't delete his identity and refer to him as "human" like a lab specimen. Of course, his captor conveniently ignores the treaty that outlawed torture for prisoners of war. If there isn't so much wrong with this already, the captain ends up a Cardassian torture victim all because his undercover mission to destroy a dangerous bio-weapon convinced them he was leading an imaginary murder conspiracy. Never mind that space Anthrax is whole other ethical argument in itself, but set to Warp 9, because that rockets us to …

"The road from legitimate suspicion to rampant paranoia is very much shorter than we think."

You don't need a mind-reading, telepathically communicating Betazoid to tell you about the dangers of xenophobia - against Klingons, Romulans or otherwise. While we haven't had denizens of other planets yet make contact with any of our spacecraft, what Picard remarks about a crewman being tried in a conspiracy case for no other reason but his Romulan blood echoes eerily into our paranoid society here on Earth. Even more unnerving is how the venom in this situation was dripping from an illustrious retired admiral. Later, the captain confides

to Worf that society only believes it has advanced until the tortures and witch hunts buried in history unearth themselves again. Déjà

“You cannot exterminate something that may or may not be intelligent.”

If Wesley Crusher didn’t take his nanotechnology project too far after almost falling asleep in his advanced genetics class, this quote may have never been spawned. His dozing off releases a swarm of nanites - Frankenstein-ed robotic microbes that take over live cells - that eat memory crystals like candy and develop an unforeseen intelligence as they infest the Enterprise. Gamma rays are the only bug spray that can exterminate them. The ethical dilemma arises when the rest of the crew realizes these things are actually communicating - as in, they actually mind-control Data and use him as a collective mouthpiece. You can’t just blast radiation at something that has a sentient brain.

“It is possible to commit no mistakes and still lose.”

Even androids aren’t infallible. In the face of a Zakdorn who’s supposed to have the most amazingly strategic mind in the Milky Way, all of Data’s programming is no match for nearly supernatural capabilities … even if the results of his system diagnostic reveal he has made no mistakes. If there’s one thing no one could ever beat Data at, it’s overthinking. He tends to fire all the electrical synapses in his android brain dangerously close to a crash. It takes Picard to extract him from this quarters by convincing him that losing doesn’t necessarily entail making any mistakes at all, whether you’re computerized or otherwise.

Wait. Data is disappointed. Could that be a flicker of emotion?

“No being is so important that he can usurp the rights of another.”

You know something has to be off when Data stars spouting fancy language and even (shock) seems to take a romantic interest in a human Starfleet officer. Emotion? Try cybernetic technology master Dr. Graves, who, on the brink of death, deactivates Data and somehow transfers all of his consciousness into the android like a USB drive. Entitlement of galactic proportions ensues when Graves feels he’s now rented himself at least another thousand years. The question is whether one really has a right to life over the other even if the other is basically a successful lab experiment. Where there should be no question for Graves is that you don’t slap Picard in the face when he’s already owned you.

“Things are only impossible until they’re not.”

I once had a teacher who stigmatized “impossible” as “the ‘I’ word” and made it as taboo as blurting out any four-letter atrocity in class. Picard would have probably congratulated her. Of course, the “I” word seems much more ominous in a case when all the Enterprise’s children are beamed aboard a starship belonging to an alien race rendered infertile by and slowly dying of acute radiation poisoning which is found to be reversible - if you can convince them of it. What Picard observes here is that the Aldaeans were making conditions impossible for themselves with their own advanced technology. Learn how to use the power source safely, and suddenly your entire civilization isn’t facing imminent doom.

Which Wolf Will You Feed? An allegory utilizing Wolves

The story of the two wolves An old Cherokee Indian chief was

teaching his grandson about life.

He said, “A fight is going on inside me,” he told the young boy, “a fight between two wolves.

The *Dark one* is evil - he is anger, envy, sorrow, regret, greed, arrogance, self-pity, guilt, resentment, inferiority, lies, false pride, superiority, and ego.”

He continued …

“The *Light Wolf* is good - he is joy, peace, love, hope, serenity, humility, kindness, benevolence, empathy, generosity, truth, compassion, and faith. The same fight is going on inside you grandson …and inside of every other person on the face of this earth.”

The grandson ponders this for a moment and then asked, “Grandfather, which wolf will win?”

The old Cherokee smiled and simply said, “The one you feed”.

Every day we make choices, important choices that could be overlooked as being trivial - but these choices define us. They are a statement of whom we choose to be in this life, and what impact we will have on the world around us.

It’s obviously so much easier to feed the Dark wolf - the Dark wolf is there to encourage the easier options in life. It’s easier to procrastinate, complain, dismiss, ignore, and give up.

The Importance of Being Ernest

Edwin P. Whipple

"Books are lighthouses in the great sea of time."

Books, - lighthouses erected in the great sea of time... ~Edwin P. Whipple, "Authors in their Relations to Life," lecture delivered before the Literary Societies of Brown University, September 1st 1846

Edwin Percy Whipple (March 8, 1819 - June 16, 1886) [1] was an American essayist and critic.

Biography: He was born in Gloucester, Massachusetts in 1819. For a time, he was the main literary critic for Philadelphia-based Graham's Magazine. Later, in 1848, he became the Boston correspondent to The Literary World under Evert Augustus Duyckinck and George Long Duyckinck. Historian Perry Miller called Whipple "Boston's most popular critic".

Whipple was also a public lecturer. In 1850, he defended the intelligence of George Washington and compared him to other brilliant men of his time in a speech which later became known as "The Genius of Washington".

Whipple was a close friend of Nathaniel Hawthorne. After Hawthorne's death in 1864, Whipple served as a pallbearer for his funeral alongside Amos Bronson Alcott, Ralph Waldo Emerson, James T. Fields, Oliver Wendell Holmes, Sr., and Henry Wadsworth Longfellow. Whipple's close relationship with other Boston-area authors occasionally tinted his reviews. Edward Emerson later noted, "No other member of the Saturday

Club has ever been more loyally felicitous in characterizing the literary work of his associates."

Whipple died in 1886 and was interred at Mount Auburn Cemetery in Cambridge, Massachusetts.

by Nicholas E. Reynolds, Fred Sanders (Goodreads Author) (narrator) 3.68 Stars

A former CIA officer and curator of the CIA Museum unveils the shocking, untold story of Nobel Prize-winning author Ernest Hemingway's secret life as a spy for both the Americans and the Soviets before and during World War II.

While he was the curator of the CIA Museum, Nicholas Reynolds, a longtime military intelligence expert, began to discover tantalizing clues that suggested Ernest Hemingway's involvement in the Second World War was much more complex and dangerous than has been previously understood. Writer, Sailor, Soldier, Spy brings to light for the first time this riveting secret side of Hemingway's life-when he worked closely with both the American OSS, a precursor to the CIA, and the Soviet NKVD, the USSR's forerunner to the KGB to defeat Adolf Hitler and the Nazis.

Reynolds dig deep into Hemingway's involvement in World War II, from his recruitment by both the Americans and the Soviets-who valued Hemingway for his journalistic skills and access to sources-through his

key role in gaining tactical intelligence for the Allies during the liberation of Paris, to his later doubts about communist ideology and his undercover work in Cuba. As he examines the links between his work as a spy and as an author, Reynolds reveals how Hemingway's wartime experiences shook his faith in literature and contributed to the writer's block that plagued him for much of the final two decades of his life. Reynolds also illuminates how those same experiences also informed one of Hemingway's greatest works-The Old Man and the Sea-the final novel published during his lifetime.

A unique portrait as fast-paced and exciting as the best espionage thrillers, Writer, Sailor, Soldier, Spy illuminates a hidden side of a revered artist and is a thrilling addition to the annals of World War II.

For Whom the Bell Tolls retrieved from Wikipedia and copied or modified to here

For Whom the Bell Tolls is a novel by Ernest Hemingway published in 1940. It tells the story of Robert Jordan, a young American volunteer attached to a **republican** guerrilla unit during the Spanish Civil War. As a dynamiter, he is assigned to blow up a bridge during an attack on the city of Segovia.

> **The Spanish Civil War (Spanish: Guerra Civil Española) 1936 to 1939**
>
> **Republican faction**
>
> The Republican faction (Spanish: Bando republicano), also known as the Loyalist

faction (Bando leal) or the Government faction (Bando gubernamental), was the side in the Spanish Civil War of 1936 to 1939 that supported the government of the Second Spanish Republic against the Nationalist faction of the military rebellion.[1] The name Republicans (republicanos) was mainly used by its members and supporters, while its opponents used the term Rojos (Reds) to refer to this faction due to its left-leaning ideology, including far-left communist and anarchist groups, and the support it received from the Soviet Union.

Nationalist faction

The Nationalist faction (Spanish: Bando nacional)[note 1] or Rebel faction (Spanish: Bando sublevado)[1] was a major faction in the Spanish Civil War of 1936 to 1939. It was composed of a variety of right-leaning political groups that supported the Spanish Coup of July 1936 against the Second Spanish Republic and Republican faction and sought to depose Manuel Azaña, including the Falange, the CEDA, and two rival monarchist claimants: the Alfonsist Renovación Española and the Carlist Traditionalist Communion. In 1937, all the groups were merged into the FET y de las JONS. After the death of the faction's early leaders, General Francisco Franco, one of the members of the 1936 coup, would head the Nationalists throughout most of the war and emerge as the dictator of Spain until 1975.

[As a personal note I had traveled to Spain with my

family and studied some of the history of this in advance of 1975 and spoke with some Spanish about it, and then again after 1975. I remember very distinct changes in the emotions of how people were speaking, and how a fundamental element seemed to be a part of the affect it had on Spanish lives and how the felt.]

[As the author of this book I also note 1936 to 1939 was in that period of Republicansism against White (Royal or Military Nationalist) governemntal orders.]

It was published just after the end of the Spanish Civil War (1936-1939), whose general lines were well known at the time. It assumes the reader knows that the war was between the government of the Second Spanish Republic, which many foreigners went to Spain to help and which was supported by the Soviet Union, and the Nationalist faction, which was supported by Nazi Germany and Fascist Italy. It was commonly viewed as the dress rehearsal for the Second World War. In 1940, the year the book was published, the United States had not yet entered the war, which had begun on September 1, 1939, with Nazi Germany's invasion of Poland.

The novel is regarded as one of Hemingway's best works, along with The Sun Also Rises, A Farewell to Arms, and The Old Man and the Sea.

The book's title is taken from the metaphysical poet John Donne's series of meditations and prayers on health, pain, and sickness (written while Donne was convalescing from a nearly fatal illness) published in 1624 as Devotions upon Emergent Occasions, specifically Meditation XVII. Hemingway quotes part of the meditation (using Donne's original spelling) in the book's epigraph. Donne refers to the practice of funeral tolling, universal in his time.

John Donne (/dʌn/ DUN; 22 January 1572[1] - 31 March 1631) was an English poet, scholar, soldier and secretary born into a recusant family, who later became a cleric in the Church of England.[3] Under royal patronage, he was made Dean of St Paul's Cathedral in London (1621-1631).[2] He is considered the preeminent representative of the metaphysical poets. His poetical works are noted for their metaphorical and sensual style and include sonnets, love poems, religious poems, Latin translations, epigrams, elegies, songs, and satires. He is also known for his sermons.

Donne was born in London in 1571 or 1572, into a recusant Roman Catholic family when practice of that religion was illegal in England.[7] Donne was the third of six children. His father, also named John Donne, married to one Elizabeth Heywood, was of Welsh descent and a warden of the Ironmongers Company in the City of London. However, he avoided unwelcome government attention out of fear of persecution.

His father died in 1576, when Donne was four years old, leaving his mother, Elizabeth, with the responsibility of raising the children alone. Heywood was also from a recusant Roman Catholic family, the daughter of John Heywood, the playwright, and sister of the Reverend Jasper Heywood, a Jesuit priest and

translator. She was also a great-niece of Thomas More. A few months after her husband died, Donne's mother married Dr. John Syminges, a wealthy widower with three children of his own.

Donne was educated privately; however, there is no evidence to support the popular claim that he was taught by Jesuits. In 1583, at the age of 11, he began studies at Hart Hall, now Hertford College, Oxford. After three years of studies there, Donne was admitted to the University of Cambridge, where he studied for another three years. Donne, however, could not obtain a degree from either institution because of his Catholicism, since he refused to take the Oath of Supremacy required to graduate. In 1591 he was accepted as a student at the Thavies Inn legal school, one of the Inns of Chancery in London. On 6 May 1592 he was admitted to Lincoln's Inn, one of the Inns of Court.

In 1593, five years after the defeat of the Spanish Armada and during the intermittent Anglo-Spanish War (1585-1604), Queen Elizabeth issued the first English statute against sectarian dissent from the Church of England, titled "An Act for restraining Popish recusants". It defined "Popish recusants" as those "convicted for not repairing to some Church, Chapel, or usual place of Common Prayer to hear Divine Service there, but forbearing the same contrary to the tenor of the laws and statutes heretofore made and provided in that behalf". Donne's brother Henry was also a university student prior to his arrest in 1593 for harbouring a Catholic priest, William Harrington, and died in Newgate Prison of bubonic plague, leading Donne to begin questioning his Catholic faith.

During and after his education, Donne spent much of his considerable inheritance on women, literature, pastimes and travel. Although no record details precisely where Donne travelled, he did cross Europe and later fought alongside the Earl of Essex and Sir Walter Raleigh

against the Spanish at Cadiz and the Azores (1597), and witnessed the loss of the Spanish flagship, the San Felipe. According to his earliest biographer.

By the age of 25 he was well prepared for the diplomatic career he appeared to be seeking.[12] He was appointed chief secretary to the Lord Keeper of the Great Seal, Sir Thomas Egerton, and was established at Egerton's London home, York House, Strand close to the Palace of Whitehall, then the most influential social centre in England.

Donne fell in love with Egerton's niece Anne More, and they were secretly married just before Christmas[7] in 1601, against the wishes of both Egerton and George More, who was Lieutenant of the Tower and Anne's father. Upon discovery, this wedding ruined Donne's career, getting him dismissed and put in Fleet Prison, along with the Church of England priest Samuel Brooke, who married them,[13] and the man who acted as a witness to the wedding. Donne was released shortly thereafter when the marriage was proved to be valid, and he soon secured the release of the other two. Walton tells us that when Donne wrote to his wife to tell her about losing his post, he wrote after his name: John Donne, Anne Donne, Un-done.[14] It was not until 1609 that Donne was reconciled with his father-in-law and received his wife's dowry.

Born Margot Louise Hemingway in Portland, Oregon, she was the daughter of Byra Louise (née Whittlesey) and Jack Hemingway (eldest son of writer Ernest Hemingway). When she learned that she was named after the wine, Château Margaux, which her parents drank on the night she was conceived, she changed the spelling from “Margot” to “Margaux” to match.

She had two sisters, actress Mariel Hemingway, and Joan (nicknamed Muffet). During her childhood, the family relocated from Oregon to Cuba, where her grandfather had lived,[2] then to San Francisco, and later to Idaho, where they lived on her grandfather's farm in Ketchum, adjacent to Sun Valley. The family took trips each summer back to Oregon with the daughters' godmother, who had a farm in Salem.[3] She attended the Catlin Gabel School in Portland, Oregon, for her junior year.

Margaux struggled with a variety of disorders beginning in her teenage years, including alcoholism, depression, bulimia, and epilepsy. With her permission, a video recording was made of her therapy session related to her bulimia, and it was broadcast on television. She also suffered from dyslexia

In Deep Politics and the Death of JFK I write that study of any one of our deep political crises will tell you more about the rest. Apparently this prediction holds true for Monicagate as well.

I am not talking about the recurrence of Washington lawyers like Robert Bennett and Charles Ruff, who moved into the Washington mainstream with Watergate, and now represent Clinton.

Nothing surprising or instructive about that. (I haven't checked to see if the two Robert Bennetts are in fact one and the same, but think it likely.)

But did you notice that the person who forwarded

Linda Tripp's tapes of Lewinsky to the FBI was a book agent and pseudo-journalist called Lucianne Goldberg, who in 1972 "told the McGovern campaign that she worked for the North American Newspaper Alliance"? Goldberg's role was not simply that of a cut-out or messenger for Linda Tripp. On Jan. 22 she told the press "that she encouraged her friend Linda Tripp … to tape conversations with intern Monica Lewinsky." (All quotations are from an article in the January 23 San Francisco Chronicle, p. A11.

She kept the tapes for Tripp and later turned them over to the FBI. If Tripp instigated Lewinsky, it would appear that Goldberg instigated Tripp.

Both Tripp and Goldberg are apparently Republicans. Tripp was one of only two holdovers from the Bush White House. Goldberg was exposed in 1973 as "a spy for Nixon while she traveled with the press corps" covering McGovern's 1972 campaign. It was at this time that she said she worked for NANA (North American Newspaper Alliance), and supplied an address for NANA which "is the same as her current residence" in Manhattan. Watergate investigators "said the Nixon campaign paid her $1,000 a week."

Not mentioned in today's story is the relevant fact in 1972, as today, Lucianne Goldberg was snooping for sex. She told the late Anthony Lukas (Nightmare, p. 161) that the Nixon people "were looking for really dirty stuff …who was sleeping with whom, what the Secret Servicem men were doing with the stewardesses, who was smoking pot on the plane - that sort of thing."

Serious students of the JFK Assassination have long been interested in NANA, which supplied Priscilla Johnson (better known now as Priscilla McMillan) with the job (or, to some, cover) by which she voyaged to Moscow and there interviewed Lee Harvey Oswald on

the urging of U.S. Consul Snyder. After the assassination, Johnson developed a close relationship with Marina Oswald, in connection with a book contract originally arranged by C.D. Jackson of Life Magazine at the urging of Allen Dulles.

NANA was created by a senior veteran of OSS, Ernest Cuneo, and continued to have intelligence connections. In 1963, before the assassination, it had come under Congressional scrutiny for publishing Chinese Nationalist propaganda, for which it had been paid large sums without registering as a foreign agent. At this same time its President, Ernest Cuneo, was a member of the Citizens' Committee for a Free Cuba, a group calling in 1963 for a more militant anti-Castro policy, and meeting with dissident Cuban exiles.

Cuneo era

By the early 1950s the syndicate was being overshadowed by more powerful news syndicates, and in March 1951 it was purchased by **a small group of investors led by Ernest Cuneo,[4] formerly associated with British Security Coordination and the OSS**, and Ivar Bryce. They gave the job of *European Vice President* to the writer and their mutual friend **Ian Fleming**.[5]

Ernest Cuneo and the Bell Syndicate-North American Newspaper Alliance group acquired the McClure Newspaper Syndicate in September 1952, with Louis Ruppel installed as president and editor.[4]

Cuneo acquired full control over NANA in the mid-1950s and served as president until 1963 when he sold it. However, he remained with NANA as a columnist and military analyst from 1963 to 1980.[6]

Because of Cuneo's association with former members of American and British intelligence, including Fleming and Bryce, and because some writers in the Cuneo era had alleged links to the CIA, critics have suggested that NANA under his tenure was a front for espionage.[7]

The Old Man and the Sea retrieved from Wikipedia and copied or modified to here

The *Old Man and the Sea is* a short novel written by the American author Ernest Hemingway in 1951 in Cayo Blanco (Cuba), and published in 1952.[1] It was the last major work of fiction written by Hemingway that was published during his lifetime. One of his most famous works, it tells the story of Santiago, an aging Cuban fisherman who struggles with a giant marlin far out in the Gulf Stream off the coast of Cuba.[2]

Literary significance and criticism

The Old Man and the Sea served to reinvigorate Hemingway's literary reputation and prompted a reexamination of his entire body of work. The novel was initially received with much popularity; it restored many readers' confidence in Hemingway's capability as an author. Its publisher, Scribner's, on an early dust jacket, called the novel a "new classic", and many critics favorably compared it with such works as William Faulkner's 1942 short story The Bear and Herman Melville's 1851 novel Moby-Dick.

Legacy

In 1954, Hemingway wanted to donate his Nobel Prize in Literature gold medal to the Cuban people. To avoid giving it to the Batista government, he donated it to the Catholic Church for display at the sanctuary at El Cobre, a small town outside Santiago de Cuba where the Marian image of Our Lady of Charity is located. The Swedish medal was stolen in the mid 1980s, but the police recovered it within a few days.[25][26]

The Old Man and the Sea has been adapted for the screen three times: a 1958 film starring Spencer Tracy, a 1990 miniseries starring Anthony Quinn, and a 1999 animated short film. It also inspired the 2012 Kazakhstani movie The Old Man, which replaces the fisherman with a shepherd struggling to protect his flock from wolves. It is often taught in high schools as a part of the U.S. literature curriculum. The book was reportedly a favorite of Saddam Hussein.[27]

Mark Felt retrieved from From Wikipedia, the free encyclopedia and copied or modified to here

William Mark Felt Sr. (August 17, 1913 - December 18, 2008) was an American law enforcement officer who worked for the Federal Bureau of Investigation (FBI) from 1942 to 1973 and was known for his role in the Watergate scandal. Felt was an FBI special agent who eventually rose to the position of Associate Director, the Bureau's second-highest-ranking post. Felt worked in several FBI field offices prior to his promotion to the Bureau's headquarters. In 1980 he was convicted of having violated the civil rights of people thought to be associated with members of the Weather Underground, by

ordering FBI agents to break into their homes and search the premises as part of an attempt to prevent bombings. He was ordered to pay a fine, but was pardoned by President Ronald Reagan during his appeal.

In 2005, at age 91, Felt revealed to Vanity Fair magazine that during his tenure as associate director of the FBI he had been the notorious anonymous source known as “Deep Throat”[1][2] who provided The Washington Post reporters Bob Woodward and Carl Bernstein with critical information about the Watergate scandal, which ultimately led to the resignation of President Richard Nixon in 1974. Though Felt’s identity as Deep Throat was suspected, including by Nixon himself,[3] it had generally remained a secret for 30 years. Felt finally acknowledged that he was Deep Throat after being persuaded by his daughter to reveal his identity before his death.[4]

Felt published two memoirs: The FBI Pyramid in 1979 (updated in 2006), and A G-Man’s Life, written with John O’Connor, in 2006. In 2012 the FBI released Felt’s personnel file, covering the period from 1941 to 1978. It also released files pertaining to an extortion threat made against Felt in 1956.[5]

After completing 16 weeks of training at the FBI Academy in Quantico, Virginia, and FBI Headquarters in Washington, Felt was assigned to Texas, spending three months each in the field offices in Houston and San Antonio. He returned to FBI Headquarters, where he was assigned to the Espionage Section of the Domestic Intelligence Division, tracking down spies and saboteurs during World War II. He worked on the Major Case Desk. His most notable work was on

the “Peasant” case. Helmut Goldschmidt, operating under the codename “Peasant”, was a German agent in custody in England. Under Felt’s direction, his German masters were led to believe that “Peasant” had made his way to the United States, and thus were fed disinformation on Allied plans.[18]

The Espionage Section was abolished in May 1945 after V-E Day. After the war, Felt was assigned to the Seattle field office. After two years of general work, he spent two years as a firearms instructor and was promoted from agent to supervisor. Upon passage of the Atomic Energy Act and the creation of the United States Atomic Energy Commission, the Seattle office became responsible for completing background checks of workers at the Hanford plutonium plant near Richland, Washington. Felt oversaw those investigations.[19] In 1954 Felt returned briefly to Washington as an inspector’s aide. Two months later, he was sent to New Orleans as Assistant Special Agent-in-Charge of the field office. When he was transferred to Los Angeles fifteen months later, he held the same rank there.[20]

In 1956, Felt was transferred to Salt Lake City and promoted to Special Agent-in-Charge.[21] The Salt Lake City office included Nevada within its purview, and Felt oversaw some of the Bureau’s earliest investigations into organized crime, assessing the mob’s operations in the Reno and Las Vegas casinos.[20] (It was Hoover’s, and therefore the Bureau’s, official position at the time that there was no such thing as the Mob.[22]) In February 1958, Felt was assigned to Kansas City, Missouri (which he dubbed “the Siberia of field offices” in his memoir),[20] where he directed further investigations of

organized crime. By this time, Hoover had come to believe in organized crime, in the wake of the famous Apalachin, New York, conclave of underworld bosses in November 1957.[23]

Among the criminal groups that the FBI investigated in the early 1970s was the Weather Underground. Their case was dismissed by the court because it concluded that the FBI had conducted illegal activities, including unauthorized wiretaps, break-ins, and mail interceptions. The lead federal prosecutor on the case, William C. Ibershof, claims that Felt and Attorney General John Mitchell initiated these illegal activities that tainted the investigation.[31]

After J. Edgar Hoover's death Felt succeeded to Tolson's post as Associate Director, the number-two job in the Bureau

In 2005 Woodward wrote that he first met Felt at the White House in 1969 or 1970. Woodward was working as an aide to Admiral Thomas Hinman Moorer, Chairman of the Joint Chiefs of Staff, and was delivering papers to the White House Situation Room. In his book The Secret Man, Woodward described Felt as a "tall man with perfectly combed gray hair … distinguished looking" with a "studied air of confidence, even what might be called a command presence".[44] They stayed in touch and spoke on the telephone several times. When Woodward started working at the Washington Post, he phoned Felt on several occasions to ask for information for articles in the paper. Felt's information, taken on a promise that Woodward would never reveal its origin, was a source for a few stories, notably for an article on May 18, 1972, about Arthur Bremer, who shot George Wallace.

When the Watergate story broke, Woodward called on Felt. Felt told Woodward on June 19 that E. Howard Hunt, who had ties to Nixon, was involved: the telephone number of his White House office had been listed in the address book of one of the burglars.

After JFK is dead, Tricky Dick is in the White House with his secret plant win the war of the Pacific, MKULTRA, with the ol' CIA gang.

The CIA, Dulles Brothers, Bush family, Operation 40, and regime change are underway, JFK is dead, and MKULTRA is in under Richard Nixon.

> Everette Howard Hunt Jr. (October 9, 1918 January 23, 2007) was an American intelligence officer and author. From 1949 to 1970, Hunt served as an officer in the Central Intelligence Agency (CIA), particularly in the United States involvement in regime change in Latin America including the 1954 Guatemalan coup d'état and the 1961 Bay of Pigs invasion. Along with G. Gordon Liddy, Frank Sturgis, and others, Hunt was one of the Nixon administration "plumbers" From Wikipedia the free encyclopedia

New Model Army and the English People Armed Against the Crown

New Model Army are an English rock band formed in Bradford, West Yorkshire, in 1980 by lead singer, guitarist and main composer Justin Sullivan, bassist Stuart Morrow and drummer Phil Tompkins. Sullivan has been the only continuous member of the band, which has seen numerous line-up changes in its four-decade history. Their music draws on influences across the musical spectrum, from punk and folk to soul, metal and classical. Sullivan's lyrics, which range from directly political through to spiritual and personal, have always been considered as a key part of the band's appeal. By the time they began making their first records in 1983, Robert Heaton, a former drum technician for Hawkwind, had replaced Tompkins.

The New Model Army was a Standing army formed in 1645 by the Parliamentarians during the First English Civil War, then disbanded after the Stuart Restoration in 1660. It differed from other armies employed in the 1638 to 1651 Wars of the Three Kingdoms in that members were liable for service anywhere in the country, rather than being limited to a single area or garrison. To establish a professional officer corps, the army's leaders were prohibited from having seats in either the House of Lords or House of Commons. This was to encourage their separation from the political or religious factions among the Parliamentarians.

The Wars of the Three Kingdoms,[b] sometimes known as the British Civil Wars,[c][d] were an intertwined series of conflicts that took place between 1639 and 1653 in the Kingdoms of **England**, **Scotland** and **Ireland**

The New Model Army was raised partly from among veteran

soldiers who already had deeply held Puritan religious beliefs, and partly from conscripts who brought with them many commonly held beliefs about religion or society. Many of its common soldiers therefore held dissenting or radical views unique among English armies. Although the Army's senior officers did not share many of their soldiers' political opinions, their independence from Parliament led to the Army's willingness to contribute to the overthrow of both the Crown and Parliament's authority, and to establish a Commonwealth of England from 1649 to 1660, which included a period of direct military rule. Ultimately, the Army's Generals (particularly Oliver Cromwell) could rely both on the Army's internal discipline and its religious zeal and innate support for the "Good Old Cause" to maintain an essentially dictatorial rule.

The English Civil War has become the best-known of these conflicts. It ended with the English parliamentarian army defeating all other belligerents, the execution of the King, the abolition of the monarchy, and the founding of the Commonwealth of England; a unitary republic which controlled the British Isles until 1660.

The wars arose from civil and religious disputes, mainly whether ultimate political power should be held by the King or by parliament, as well as issues of religious freedom and religious discrimination. Royalists (or 'Cavaliers') supported Charles I in his claim to be above parliament. Parliamentarians (or 'Roundheads') believed the King was behaving as a tyrant, particularly by levying taxes without parliamentary consent.

Author Leon Uris, who wrote the million-selling novels Exodusand Trinity,has died at the age of 78.

He died of natural causes at his home on New York's Shelter Island, his wife and photographer Jill Uris said.

Published in 1958, the 600-page Exoduswas a sensation as millions read Uris's detailed, heroic chronicle of European Jewry from the turn of the century to the establishment of the state of Israel in 1948.

The novel was translated into dozens of languages and was even distributed secretly in communist countries.

" Exodushas been the Bible of the Jewish dissident movement in Russia," Uris once said. "It's referred to as The Book."

Controversy helped Exodussell when Uris was accused of libel for his depictions of Dr Wladislav Dering, whom the author identified as a war criminal.

In 1964, a London court ruled in favour of Dr Dering but awarded him minimal damages and made him pay court costs.

In 1960, Exoduswas released as a Hollywood film, starring Paul Newman. Uris was originally involved with the screenplay but was reportedly dismissed after a dispute with the director, Otto Preminger.

Horatio Hornblower retrieved from Wikipedia and

copied or modified to here

Horatio Hornblower is a fictional Napoleonic Wars-era Royal Navy officer who is the protagonist of a series of novels and stories by C. S. Forester. He was later the subject of films, radio and television programmes, and C. Northcote Parkinson elaborated a definitive biography.

The original Hornblower tales began with the 1937 novel The Happy Return (U.S. title Beat to Quarters) with the appearance of a junior Royal Navy captain on independent duty on a secret mission to Central America. Later stories filled out his earlier years, starting with an unpromising beginning as a seasick midshipman. As the Napoleonic Wars progress, he gains promotion steadily as a result of his skill and daring, despite his initial poverty and lack of influential friends. After surviving many adventures in a wide variety of locales, he rises to the pinnacle of his profession, promoted to Admiral of the Fleet.

There are many parallels between Hornblower and real naval officers of the period, notably Admiral Lord Nelson and also Sir George Cockburn, Lord Cochrane, Sir Edward Pellew, Jeremiah Coghlan, Sir James Gordon, Sir William Hoste, and many others. The actions of the Royal Navy at the time, documented in official reports, gave much material for Hornblower's fictional adventures.

The name "Horatio" was inspired by the character in William Shakespeare's Hamlet and chosen also because of its association with contemporary figures such as Nelson.[3]: 90 His surname in turn comes from Arthur Hornblow, a Hollywood producer, coworker and a friend of Forester's.

The Social Network is a 2010 American biographical drama film directed by David Fincher and written by Aaron Sorkin. Adapted from Ben Mezrich's 2009 book The Accidental Billionaires, it portrays the founding of social networking website Facebook and the resulting lawsuits.

> There was a time when Facebook was small. After all, it only existed in one place on Earth: Harvard University, where Mark Zuckerberg was a sophomore. He lived in Kirkland House, a square of brick buildings arranged around a courtyard, one side hemmed in by JFK Street. For all the tendrils that Facebook now has snaked across the globe, it feels strange that one can pinpoint the moment it all began: 6 p.m. on February 4, 2004, as the temperature dipped below freezing on another day in Cambridge.
>
> Within weeks, the social network would spread

> across the school; within months, the Ivy League. High schoolers arrived the next year, then college students across the globe, and finally anyone who wanted to in September 2006. Four years after it was founded, Facebook hit 100 million users. Four years after that, 1 billion. Now 2 billion people use Facebook every month. That's 500 million more users than the total number of personal computers in use around the globe.
>
> Sarah Goodin was there in Kirkland House too. She was a sophomore like Zuckerberg, and friends with Chris Hughes, another one of the site's co-founders. So, shortly after it launched, Zuckerberg emailed her and asked her to try his new thing. As far as anyone can tell, she was the 15th total user. "Supposedly, I am the first woman on Facebook," Goodin, now an exhibit developer and interactive designer at the California Academy of Sciences, told me.

Let's take this apart and put it side by side with some Donegan Family and Obama family history.

Tom Donegan was HIDING photos of my mother including from her farm days in North Carolina with Festus Gainey who died when she and Harold, her biological brother who had trouble tieing his shoes when they were young.

The Facebook was founded in Harvard, home of Skull and Bones and CIA recruiting, and was based on scanning the faces of Harvard Students into a face database.

Could the database queries test for searchabilty for known or unknown relatives, or other facial recognition

technology and was it secretly funded or encourage in 2006 or so.

I mad a video telling a story I knew to myself well, and visually was quipping some jokes by body language just for sort of fun. In the movie the character of Zuckerberg does not need his full attention for what would be a brain sugar sucking long contentions business meeting of tactical questions and answers in a legal combatative hostile situation. Even recently he seemed to mirror me when he was using a hydroplaning kite sail I was resarching online.

He seems to look a lot like Jen Psaki, DOD and White House long term fellow traveling go to press person for various jobs in military and politics.

Actress Hedy Lamarr famously co-patented a widely used secure communication technology, but popular accounts overlook many predecessors. retrieved from Random Paths to Frequency Hopping BY TONY ROTHMAN in American Scientist and copied or modified to here

[image]

The Actress and the Composer

The tale of Hedy and George might have been written by Arthur Conan Doyle, or even Graham Greene. Briefly: At an early age Hedy Lamarr, born Hedwig Kiesler in Austria, married Fritz Mandl, a Nazi sympathizer and Austria's leading munitions manufacturer on the eve of World War II. Lamarr escaped this unhappy union (as she tells it, disguised as a maid whom she had drugged) and soon after ended up in Hollywood. Through a mutual interest in the obscure field of applied endocrinology, she met George Antheil. Revealing that

she possessed a flair for inventing weapons, Hedy shared with him an idea for a secure torpedo guidance system that employed a novel technique known as frequency hopping.

Frequency hopping is the simplest version of a radio transmission technique today known as spread-spectrum technique, which refers to any method that widens the frequency band of a signal. Normally, radio stations broadcast on a single carrier frequency, which makes eavesdropping deliberately easy: You tune your radio to the correct frequency and receive the programming. By contrast, frequency hopping prevents the interception and decipherment of a transmission by shifting the carrier frequency in a predetermined, usually pseudorandom fashion-in other words, in a way that appears random but is produced by a deterministic algorithm.

A receiver hopping around in synchrony with the transmitter can pick up the message, but an eavesdropper tuned to a single frequency will hear only a blip as that bit of message flashes by. Frequency hopping is largely jam-proof as well. If the frequencies are spaced widely enough, any jamming signal will interfere with only a small part of the message.

[image]

Trained as an actress, Hedy lacked the technical expertise to put her idea into practice. George was likewise no engineer, but two decades earlier he had written a concert piece, the notorious Ballet Mécanique, which included parts for synchronized player pianos. That background instantly triggered a thought: He would place a player-piano roll punched with 88 rows of randomly placed perforations in the transmitter to control the hopping among 88 radio frequencies; he would place an identical roll in the receiver; and then he would synchronize the two. Why 88? That's the number

of keys on a piano.

An invention notebook in George's handwriting reveals that he was influenced by Philco's 1939 Mystery Control, the first commercially available radio remote controller. With the help of Samuel Mackeown, a California Institute of Technology engineer, George ironed out the bugs in their invention, and he and Hedy applied for a patent in June 1941. Considering the familiarity with patent conventions and technical radio concepts on display, it seems likely that Mackeown wrote the patent itself. On August 11, 1942, Lamarr and Antheil received U.S. Patent 2,292,387 (issued to Lamarr under her married name, Hedy Markey) for a "secret communication system."

No type of case not our specialty

1. Vague, ambiguous or unintelligible;
2. Argumentative;
3. Asked and answered;

4. Assumes facts not in evidence;

5. Calls for speculation;

6. Leading;

7. Calls for a narrative; and

8. Misstates the evidence.

This article will now briefly discuss each objection, in order.

The vague, ambiguous or unintelligible objection is based upon California Evidence Code § 765(a), which states that a judge "shall exercise reasonable control over the mode of interrogation of a witness so as to make interrogation as rapid, distinct, and as effective for the ascertainment of the truth." The question, in other words, may cause the witness to answer with information that confuses the jury or leads to wasting time. If such an objection is sustained, the questioning attorney should rephrase the question to cure the defective nature of the question.

An argumentative objection is one that is unduly adversarial, such that it is "designed to engage [the] witness in argument rather than elicit facts within the witness' knowledge." People v. Guerra (2006) 37 Cal. 4th 1067. The objection also raises the issue or duty of a judge to protect a witness from harassment or a combative attorney. Evidence Code § 765. The demeanor of the asking attorney is often the real issue when such an objection is made, although the form of the question may also be problematic, usually because the question has the ulterior purpose of arguing to the jury, rather than elicit any testimony at all. People v.

Chatman (2006)38 Cal. 4th 344.

The asked and answered objection is a valid objection because a witness "cannot be re-examined as to the same matter without leave of court. Evidence Code § 774. Moreover, such questions are repetitive and thus, undermine the orderly interrogation of a witness, in violation of Evidence Code § 765(a). The anti-harassment objective is particularly important when the witness is under the age of 14. Evidence Code § 765(b).

An objection that a question "assumes facts not in evidence" is problematic because it interferes with "effective ascertainment of the truth." Evidence Code § 765. It can also lead to undue consumption of time and confuse the jury.

While the judge can defer on a ruling to the objection by asking counsel to make an offer of proof of such evidence, if the judge does not do this, and there indeed are facts not in evidence within the question, the question is improper. Fortner v. Bruhn (1963) 217 Cal. App. 2d 184.

An objection that "calls for speculation" is based upon Evidence Code §§ 702, 800 and 801(b). Under § 702, if a witness does not have personal knowledge of a matter, testimony on that matter is precluded. Similarity if an expert witness is testifying, the scope of the question must be within the the scope of the expert's expertise and not matters the expert is unqualified to testify about. Evidence Code § 801(b).

A leading question is improper because it suggests an answer by the form of the question, such as, "isn't it true that …" Such questions are improper under Evidence Code §§ 764 and 767(a). Leading questions, however, are permitted on cross-examination and in direct examination of a witness at a preliminary hearing, or to

elicit information on background matters, or to refresh a witness' recollection. They are also allowed with child witnesses under ten years old or with persons having cognitive disabilities. Evidence Code § 767(b).

An objection that the form of a question "calls for a narrative" is based on a principal that questions need to be concise so the response of a witness is not unduly broad, which could confuse a jury. People v. Belcher (1961) 189 Cal. App. 2d 404. Giving a witness free reign to embark upon a long story could also cause the witness to testify to inadmissible material, hearsay or inadmissible opinion evidence.

Lastly, an objection that a question misstates the testimony is made because the question most commonly raises factual inferences that are reserved for the jury to make. Thus, the question is meant to persuade the jury, rather than elicit facts. In effect, this may be confusing to the jury, too, and thus it is subject to an objection.

The Gettysburg Address

[image]

The Gettysburg Address The Gettysburg Address is a speech that U.S. President Abraham Lincoln delivered during the American Civil War at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, on the afternoon of November 19, 1863, four and a half months after the Union armies defeated those of the Confederacy at the Battle of Gettysburg. It is one of the best-known speeches in American history.

From Wikipedia the free encyclopedia/

November 19 1963 marks the 100 year anniversary of the speech and nearly to the day the assassination date of John F. Kennedy Jr.

I also believe the 100th anniversary marks Barrack Obama Jr turning two years old and learning to talk.

The Gettysburg Address

Gettysburg, Pennsylvania
November 19, 1863

On June 1, 1865, Senator Charles Sumner referred to the most famous speech ever given by President Abraham Lincoln. In his eulogy on

the slain president, he called the Gettysburg Address a “monumental act.” He said Lincoln was mistaken that “the world will little note, nor long remember what we say here.” Rather, the Bostonian remarked, “The world noted at once what he said, and will never cease to remember it. The battle itself was less important than the speech.”

There are five known copies of the speech in Lincoln’s handwriting, each with a slightly different text, and named for the people who first received them: Nicolay, Hay, Everett, Bancroft and Bliss. Two copies apparently were written before delivering the speech, one of which probably was the reading copy. The remaining ones were produced months later for soldier benefit events. Despite widely-circulated stories to the contrary, the president did not dash off a copy aboard a train to Gettysburg. Lincoln carefully prepared his major speeches in advance; his steady, even script in every manuscript is consistent with a firm writing surface, not the notoriously bumpy Civil War-era trains. Additional versions of the speech appeared in newspapers of the era, feeding modern-day confusion about the authoritative text.

Bliss Copy

Ever since Lincoln wrote it in 1864, this version has been the most often reproduced, notably on the walls of the Lincoln Memorial in Washington. It is named after Colonel Alexander Bliss, stepson of historian George Bancroft. Bancroft asked President Lincoln for a copy to use as a fundraiser for soldiers (see “Bancroft Copy” below). However, because Lincoln wrote on both sides of the paper, the speech could not be reprinted, so Lincoln made another copy at Bliss’s request. It is the last

known copy written by Lincoln and the only one signed and dated by him. Today it is on display at the Lincoln Room of the White House.

Four score and seven years ago our fathers brought forth on this continent, a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battle-field of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we can not dedicate - we can not consecrate - we can not hallow - this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us - that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion - that we here highly resolve that these dead shall not have died in vain - that this nation, under God, shall have a new birth of freedom - and that government of the people, by the people, for the people, shall not perish from the earth.

Nicolay Copy

Named for John G. Nicolay, President Lincoln's personal secretary, this is considered the "first draft" of the speech, begun in Washington on White house stationery. The second

page is writen on different paper stock, indicating it was finished in Gettysburg before the cemetery dedication began. Lincoln gave this draft to Nicolay, who went to Gettysburg with Lincoln and witnessed the speech. The Library of Congress owns this manuscript.

Hay Copy

Believed to be the second draft of the speech, President Lincoln gave this copy to John Hay, a White House assistant. Hay accompanied Lincoln to Gettysburg and briefly referred to the speech in his diary: “the President, in a fine, free way, with more grace than is his wont, said his half dozen words of

consecration." The Hay copy, which includes Lincoln's handwritten changes, also is owned by the Library of Congress.

Everett Copy

Edward Everett, the chief speaker at the Gettysburg cemetery dedication, clearly admired Lincoln's remarks and wrote to him the next day saying, "I should be glad, if I could flatter myself that I came as near to the central idea of the occasion, in two hours, as you did in two minutes." In 1864 Everett asked Lincoln for a copy of the speech to benefit Union soldiers,

making it the third manuscript copy. Eventually the state of Illinois acquired it, where it's preserved at the Abraham Lincoln Presidential Library and Museum.

Bancroft Copy

As noted above, historian George Bancroft asked President Lincoln for a copy to use as a fundraiser for soldiers. When Lincoln sent his copy on February 29, 1864, he used both sides of the paper, rendering the manuscript useless for lithographic

engraving. So Bancroft kept this copy and Lincoln had to produce an additional one (Bliss Copy). The Bancroft copy is now owned by Cornell University.

Rome Statute Excerpt

Preamble

The States Parties to this Statute,

- **Conscious** that all peoples are united by common bonds, their cultures pieced together in a shared heritage, and concerned that this delicate mosaic may be shattered at any time,

- **Mindful** that during this century millions of children, women and men have been victims of unimaginable atrocities that deeply shock the conscience of humanity,

- **Recognizing** that such grave crimes threaten the peace, security and well-being of the world,

> I as author of this book argue and demand the black market, repugnant market of DNA rights via sexual abuse and false rights claims must both stopped and punished for the harm to cease in a way detergent to future simlar acts

- **Affirming** that the most serious crimes of concern to the international community as a whole must not go unpunished and that their effective prosecution must be ensured by taking measures at the national level and by enhancing international cooperation,

- **Determined** to put an end to impunity for the perpetrators of these crimes and thus to contribute to the prevention of such crimes,

Recalling that it is the duty of every State to exercise its criminal jurisdiction over those responsible for international crimes,

- **Reaffirming** the Purposes and Principles of the Charter of the United Nations, and in particular that all States shall refrain from the threat or use of force against the territorial integrity or political independence of any State, or in any other manner inconsistent with the Purposes of the United Nations,

- **Emphasizing** in this connection that nothing in this Statute shall be taken as authorizing any State Party to intervene in an armed conflict or in the internal affairs of any State,

Determined to these ends and for the sake of present and future generations, to establish an independent permanent International Criminal Court in relationship with the United Nations system, with jurisdiction over the most serious crimes of concern to the international community as a whole,

- **Emphasizing** that the International Criminal Court established under this Statute shall be complementary to national criminal jurisdictions,

- **Resolved** to guarantee lasting respect for and the enforcement of international justice,

Have agreed as follows:

Part 1. Establishment Of The Court

Article 1 - The Court

An International Criminal Court ("the Court") is hereby established. It shall be a permanent institution and shall have the power to exercise its jurisdiction over persons for the most serious crimes of international concern, as referred to in this Statute, and shall be complementary to national criminal jurisdictions. The jurisdiction and functioning of the Court shall be governed by the provisions of this Statute.

Article 30 - Mental Element

1. Unless otherwise provided, a person shall be criminally responsible and liable for punishment for a crime within the jurisdiction of the Court only if the material elements are committed with intent and knowledge.

2. For the purposes of this article, a person has intent where:

    A. In relation to conduct, that person means to engage in the conduct;

    B. In relation to a consequence, that person means to cause that consequence or is aware that it will occur in the ordinary course of events.

3. For the purposes of this article, “knowledge” means awareness that a circumstance exists or a consequence will occur in the ordinary course of events. “Know” and “knowingly” shall be construed accordingly.

Article 31 - Grounds for excluding criminal responsibility

1. In addition to other grounds for excluding criminal responsibility provided for in this Statute, a person shall not be criminally responsible if, at the time of that person’s conduct:

    A. The person suffers from a mental disease or defect that destroys that person’s capacity to appreciate the unlawfulness or nature of his or her conduct, or capacity to control his or her conduct to conform to the requirements of law;

    B. The person is in a state of intoxication that destroys that person’s capacity to appreciate the unlawfulness or nature of his or her conduct, or capacity to control his or her conduct to conform to the requirements of law, unless the person has become voluntarily intoxicated under such circumstances that the person knew, or disregarded the risk, that, as a result of the intoxication, he or she was likely to engage in conduct constituting a crime within the jurisdiction of the Court;

    C. The person acts reasonably to defend himself or herself or another person or, in the case of war crimes, property which is essential for the

survival of the person or another person or property which is essential for accomplishing a military mission, against an imminent and unlawful use of force in a manner proportionate to the degree of danger to the person or the other person or property protected. The fact that the person was involved in a defensive operation conducted by forces shall not in itself constitute a ground for excluding criminal responsibility under this subparagraph;

D. The conduct which is alleged to constitute a crime within the jurisdiction of the Court has been caused by duress resulting from a threat of imminent death or of continuing or imminent serious bodily harm against that person or another person, and the person acts necessarily and reasonably to avoid this threat, provided that the person does not intend to cause a greater harm than the one sought to be avoided. Such a threat may either be:

1. Made by other persons; or

2. Constituted by other circumstances beyond that person's control.

2. The Court shall determine the applicability of the grounds for excluding criminal responsibility provided for in this Statute to the case before it.

3. At trial, the Court may consider a ground for excluding criminal responsibility other than those referred to in paragraph 1 where such a ground is derived from

applicable law as set forth in article 21. The procedures relating to the consideration of such a ground shall be provided for in the Rules of Procedure and Evidence.

Article 32 - Mistake of fact or mistake of law

1. A mistake of fact shall be a ground for excluding criminal responsibility only if it negates the mental element required by the crime.

2. A mistake of law as to whether a particular type of conduct is a crime within the jurisdiction of the Court shall not be a ground for excluding criminal responsibility. A mistake of law may, however, be a ground for excluding criminal responsibility if it negates the mental element required by such a crime, or as provided for in article 33.

Article 33 - Superior orders and prescription of law

1. The fact that a crime within the jurisdiction of the Court has been committed by a person pursuant to an order of a Government or of a superior, whether military or civilian, shall not relieve that person of criminal responsibility unless:

    A. The person was under a legal obligation to obey orders of the Government or the superior in question;

B. The person did not know that the order was unlawful; and

C. The order was not manifestly unlawful.

2. For the purposes of this article, orders to commit genocide or crimes against humanity are manifestly unlawful.

Quote retrieved from My Life as One of Arms Dealer Adnan Khashoggi's 'Pleasure Wives' and copied or modified to here

This week, Jill Dodd, a former fashion model and businesswoman, told an extraordinary story of sex, money, and power in a television interview with the Australian news magazine 60 Minutes.

She revealed that in her twenties she was seduced by the world's richest man at the time, the Saudi arms broker Adnan Khashoggi, and recruited to become a member of his harem, taking on a role as one of his 11 "pleasure wives" in return for a life of gilded luxury.

The arrangement, she has been at pains to make clear, was entirely consensual. But the ongoing furor around R. Kelly's so-called sex cult casts a dark shadow over such an exotic-sounding arrangement. The singer keeps a stable of sexual partners, all of whom have insisted that they are with him out of choice, before, in some cases, later coming to a different conclusion when outside his control.

The dynamic of relationships between rich and powerful older men and young women who have a lifestyle financially maintained by them creates, at the very least, potential for emotional manipulation and control issues.

Khashoggi was certainly a charmer and a noted womanizer.

“When I knew him he used to take an entire floor of the Hotel de Paris in Monaco, and every room would have one of his women in it,” said one source. “He was a great womanizer, he adored women. But once in a while it went the other way. His wife Soraya had an affair with the British politician Jonathan Aitken and her daughter Petrina was later revealed to be Aitken’s love child.”

Critique Commentary or Crud?

My notes on Red One I consider the new Miracle o 34th Street

I resemble Jack O'malley, the person who changes during the movie. Hard focused on logic and he (but not I, I had an Atheist father) as an orphan was invited to his cousin's house for Christmas. While there the logical fact finder showed his cousins the stash of toys hidden in a closet and ruined their Christmas. The father of the house admished him there WAS a Santa and Santa would visit the house on Christmas Eve not knowing how.

Jack O'Malley is observed via the Rock as Callen Drift the guard of Santa Clause. Drift is growing pessimistic on all the wrongs in the world and doubts that Santa is making enough of a difference.

In society we say it takes a village, and we may offer a rope to others in the village, or some icon, some piece of something showing the children they too are part of the village and they are loved.

Part of the experience of realizing this was Alamo Draft House watching all the efforts that are made to reach children of all types with Santas of all types. And that my parenst made as well for me and Tom as children.

In the Metaphysical sense this is Santa Clause and his Legend creating of love of all good girls and boys and always encouraging and including them optimistically.

Over the course of the movie O'malley does change as does then the opinion of Drift who decides again to continue protecting Santa and his mission.

On the slightly weird level of Naughty And Nice a more socially present meme is in the movie. A Scandinavian beauty is the punisher. Worshiped for her bueaty in a codependent way by skid row ex con type riff raff, often but now always people of color "prophets" of Black Hebrew Israelite or Prophets of Fruits of Islam and Elijah, the co-dependence with their object of desire is in their rare world of skid row they were and are the Avante Guard of elite knowledge of sexual know-how, intellect found in no school or university, and taught by Free Mason type "practitioners.

This group is not only ex-cons but Pacific Islanders thin boned Asian trash of Japan China culture, tall and no meat, often hiked up too small bikinis or leggings, and a look of counter-culture elitism as the new Summer of Love intellect social movement.

THere are some things from my childhood in the movie, Rock'em Sock'em games, but mostly the real story is continuously reaching out to the middle, those caught in between naughty and nice and pulling them towards nice with love and faith and welcome, not pushing them away with abuse and punishment.

As with Miracle on 34th Street Chris Chringle has his moment, and Jack O'malley will to including with his son who he learns to not orphan as his own father had orphaned him.

TOMT][MOVIE] Movie about a soldier left alone on an island in WW2 to watch for planes. https://www.reddit.com/r/tipofmytongue/comments/ojuv5x/tomtmovie_movie_about_a_soldier_left_alone_on_an/

Solved

I watched this at my grandmothers house back in the 90's when I was probably about seven but I'm pretty sure it was a lot older than that. I think it was black and white.

The story takes place on an isolated base (I think it was on an island (yes it was Salamaua, Papua New Guinea) during (I assume) the pacific

war. A single lone soldier (probably American) has been left on an Island to watch for enemy planes. He has a cabin filled with posters of various plane types which he uses to identify the planes which fly over.

Later in the Movie a woman turns up at the base. I don't remember why or how. Perhaps some sort of refugee? The soldier is rather put out but takes her in. I think she might also have a baby with her (probably her child?) They don't get on very well at least initially (although likely as not they eventually fall in love).

I remember one scene in particular where an enemy plane flies very low overhead and the soldier dives for cover. He is so startled that he fails to identify the plain whcih annoys his superiors when he radios in the information.

While the Royal Australian Navy evacuates Salamaua, Papua New Guinea, in February 1942[4] ahead of a Japanese invasion, Commander Frank Houghton coerces an old friend, American beachcomber Walter Eckland, into becoming a coast watcher for the Allies. Houghton escorts Eckland to deserted Matalava Island to watch for Japanese airplanes. To ensure Eckland stays put, Houghton has his own ship "accidentally" knock a hole in Eckland's cabin cruiser while departing, leaving him only a utility dinghy to get around in. To motivate the alcoholic Eckland, Houghton had his crew hide bottles of Scotch whisky around the island, rewarding each confirmed aircraft sighting with directions to one.

Edward Teller

Edward Teller retrieved from Wikipedia and copied or modified to here

Edward Teller (Hungarian: Teller Ede; January 15, 1908 - September 9, 2003) was a Hungarian-American theoretical physicist who is known colloquially as “the father of the hydrogen bomb” (see the Teller-Ulam design), although he did not care for the title, considering it poor taste.[1] Throughout his life, Teller was known both for his scientific ability and for his difficult interpersonal relations and volatile personality.

Born in Hungary in 1908, Teller emigrated to the United States in the 1930s, one of the many so-called “Martians”, a group of prominent Hungarian scientist émigrés. He made numerous contributions to nuclear and molecular physics, spectroscopy (in particular the Jahn-Teller and Renner-Teller effects), and surface physics. His extension of Enrico Fermi’s theory of beta decay, in the form of Gamow-Teller transitions, provided an important stepping stone in its application, while the Jahn-Teller effect and the Brunauer-Emmett-Teller (BET) theory have retained their original formulation and are still mainstays in physics and chemistry.[2]

Teller also made contributions to Thomas-Fermi theory, the precursor of density functional theory, a standard modern tool in the quantum mechanical treatment of complex molecules. In 1953, along with Nicholas Metropolis, Ariann Rosenbluth, Marshall Rosenbluth, and his wife Augusta Teller, Teller co-authored a paper that is a standard starting point for the applications of the Monte Carlo method to statistical mechanics.[3] Teller was an early member of the Manhattan Project, charged with developing the first

atomic bomb. He made a serious push to develop the first fusion-based weapons as well, but these were deferred until after World War II. He co-founded the Lawrence Livermore National Laboratory, and was both its director and associate director for many years. After his controversial negative testimony in the Oppenheimer security hearing convened against his former Los Alamos Laboratory superior, J. Robert Oppenheimer, Teller was ostracized by much of the scientific community.

Teller continued to find support from the U.S. government and military research establishment, particularly for his advocacy for nuclear energy development, a strong nuclear arsenal, and a vigorous nuclear testing program. In his later years, Teller became especially known for his advocacy of controversial technological solutions to both military and civilian problems, including a plan to excavate an artificial harbor in Alaska using thermonuclear explosive in what was called Project Chariot, and Ronald Reagan's Strategic Defense Initiative. Teller was a recipient of numerous awards, including the Enrico Fermi Award and Albert Einstein Award. He died on September 9, 2003, in Stanford, California, at 95.

… 75 years ago this morning, humankind exploded the first nuclear weapon, a cable-encrusted steel sphere nicknamed “the Gadget.” The site took on the code name of the detonation, Trinity, which its architect, J. Robert Oppenheimer, had chosen, inspired by a John Donne holy sonnet: Batter my heart, three-person’d God, for I, except you enthrall me, never shall be free.

The first atom bombs worked by nuclear fission-splitting the nucleus of a uranium or plutonium atom by striking its core with a neutron. The force looses more neutrons from the targeted atom, along with energy, and the chain reaction continues: more neutrons, more energy, more neutrons, more energy. In a nuclear power plant, this energy is controlled, heating water to spin a turbine that generates electricity. In a nuclear bomb, the energy is released. That’s what makes it a bomb.

Edward Teller, one of the Manhattan Project physicists, feared that the explosion could extinguish all earthly life. Once set off, he imagined, the chain reaction might extend into the nitrogen in the air, igniting the atmosphere. That didn’t happen, so three weeks after the Trinity test, the fission energy of 140 pounds of uranium and 14 pounds of plutonium were released over Hiroshima and Nagasaki, killing at least 140,000 civilians. A week hence, Imperial Japan surrendered and World War II ended. American GIs returned home to fill suburbs and inaugurate the Baby Boom. Then the Truman Doctrine initiated the Cold War, and the threat of planetary extinction by the Gadget’s progeny persisted for almost half a century more.

Along the way, the site of the Trinity test became a

tourist attraction, albeit one tightly controlled by the U.S. military. A month before Mikhail Gorbachev and Ronald Reagan met for the first time, my family drove down from Albuquerque, where we lived, to visit it. Sting released a single that year about “Oppenheimer’s deadly toy”; in its refrain he sang, “I hope the Russians love their children too.” Nuclear war was a thought as common as the weather. This trip was a visit not to the past, but to the anxious present.

My father James Paul Donegan was part of Proving Grounds activities including standing in the blast tower in Nevada and being exposed to blasts as the bombs themselves were also being testing in combines science experiment events.

The hidden messages in songs

By Fiona Macdonald https://www.bbc.com/

After popularising backmasking, The Beatles became

embroiled in one of pop's stranger urban legends. In 1969, rumours began spreading among American college students that Paul McCartney had died in 1966 and had been replaced by a lookalike; they claimed that clues about his 'death' could be found in the group's lyrics and album artwork.

Harvey Phillip Spector

From Wikipedia the free encyclopedia

As the 1970s progressed, Spector became increasingly reclusive. The most probable and significant reason for his withdrawal, according to biographer Dave Thompson, was that in 1974 he was seriously injured when he was thrown through the windshield of his car in a crash in Hollywood.[82] According to a contemporary report published in the New Musical Express, [citation needed] Spector was almost killed, and it was only because the attending police officer detected a faint pulse that Spector was not declared dead at the scene. He was admitted to the UCLA Medical Center on the night of March 31, 1974, suffering serious head injuries that required several hours of surgery, with over 300 stitches to his face and more than 400 to the back of his head.[83] His head injuries, Thompson suggests, were the reason that Spector began his habit of wearing outlandish wigs in later years.[

Death metal bands don't hold the monopoly on hidden messages: one pop group has been at the centre of rumours for nearly five decades. The Beatles first stumbled across what is called 'backmasking' - recording a message backwards onto a track - when they were making their Rubber Soul album in 1965. Influenced by the techniques of musique concrète, they featured a backmasked line in Rain, a single released in 1966.

Featuring in the fade-out, the reversed vocal is the first line of the song. "On the end of Rain you hear me singing it backwards," John Lennon told Rolling Stone magazine in 1968. "We'd done the main thing at EMI and the habit was then to take the songs home and see what you thought a little extra gimmick or what the guitar piece would be. So I got home about five in the morning, stoned out of my head, I staggered up to my tape recorder and I put it on, but it came out backwards, and I was in a trance in the earphones, what is it - what is it? It's too much, you know, and I really

> wanted the whole song backwards almost, and that was it. So we tagged it on the end."

Albert Einstein Expresses His Admiration for Mahatma Gandhi, in Letter and Audio retrieved from link
description on by copied to here

In 1931, Albert Einstein wrote to Mohandas K. Gandhi to express his great admiration for the Indian leader's methods. Translated from German, the letter reads in part:

> You have shown through your works, that it is possible to succeed without violence even with those who have not discarded the method of violence.

The letter long precedes the first atomic bombs and Einstein's letters to F.D.R. warning of their development and use; though often discussed only in relation to the horrific events of World War II, the physicist's opposition to violence and war was a longstanding passion for him. Einstein called his pacifism an "instinctive feeling" based only on his "deepest antipathy to every kind of cruelty and hatred," rather than any "intellectual theory." His politics often paralleled those of fellow intellectual giant and anti-war activist Bertrand Russell (the two collaborated on a 1955 "Manifesto" for peace).

Gandhi remained an important influence on Einstein's life and thought. In the audio clip above from 1950, he again offers generous praise for the man known as

“Mahatma” (great soul). In the recording, Einstein says of Gandhi:

> I believe that Gandhi’s views were the most enlightened of all the political men of our time. We should strive to do things in his spirit: not to use violence in fighting for our cause, but by non-participation in anything you believe is evil.

Gandhi’s concept of satyagraha, which roughly translates as “devotion to the truth,” appealed to Einstein, perhaps, because of its principled stand against political expediency and for a kind of moral commitment that depended on self-scrutiny and inquiry into cause and effect. Like the counter-intuitive theories of Einstein and Russell, Gandhi biographer Mark Shepard writes that the concept of satyagraha is “a hard one to grasp-Especially, “for those used to seeing power in the barrel of a gun.”

For more archival recordings of Einstein expressing his views on religion, war and peace, and science, visit American Public Media’s On Being website.

I am invited into many fights and I try not to get into them and to write this book instead.

It may not be that every opinion on history or the truths or lies we believe we live under, even if we find observationally accurate enough truth to what actually exist, we could ever agree on as a good or a bad, or what if anything we ought to do about it or why.

It may be in the marketplace of ideas each person's duty is to put their own perspective and opinion out there for comparison, adoption, or rejection as another available perspective, should any be missing from the available supply of perspectives.

I trust my father's opinion and he felt at least two atomic bomb drops were required to bring about the surrunder of Japan, a neccessity, and he thought wihtout the possibility of a third a bloody war could have dragged on longer.

In any case we will have some great people to listen to on the topic to consider, Einstein and Ghandi, and for me, James P. Donegan and Glorian, their lives touching mine I am greatfull for and I have learned from.

When Mr. Alefantis discovered that his employees were getting similar abusive messages, he looked online to unravel the accusations. He found dozens of made-up articles about Mrs. Clinton kidnapping, molesting and trafficking children in the restaurant's back rooms. The articles appeared on Facebook and on websites such as The New Nationalist and The Vigilant Citizen, with one headline blaring: "Pizzagate: How 4Chan Uncovered the Sick World of Washington's Occult Elite."

None of it was true. While Mr. Alefantis has some prominent Democratic friends in Washington and was a supporter of Mrs. Clinton, he has never met her, does not sell or abuse children, and is not being investigated by law enforcement for any of these claims. Russia calls US an adversary, warns its warships to avoid Crimea retrieved from by Reuters Tuesday, 13 April 2021 12:44 GMT and copied or modified to here

Russia has said it moves its forces around as it sees fit, including for defensive purposes, and has regularly accused NATO of destabilising Europe by moving its military infrastructure closer to Russia's borders.

'STAY AWAY'

Ryabkov was cited as shrugging off U.S. talk of consequences for any “aggressive” Russian actions and as saying that Moscow had studied U.S. tactics towards Russia and adapted accordingly.

U.S. military support to Kyiv was a serious challenge for Russia, he added, accusing Washington and NATO of turning Ukraine into a “powder keg” with increasing arms supplies.

Washington says Ukraine needs a strong army to defend itself from potential Russian aggression.

“Any threat to us merely confirms our belief that our course is the right one,” Ryabkov was quoted as saying, warning U.S. warships in the Black Sea to keep their distance, given what he said was the high risk of unspecified incidents.

“There is absolutely nothing for American ships to be doing near our shores, this is purely a provocative action. Provocative in the direct sense of the word: they are testing our strength, playing on our nerves. They will not succeed,” Ryabkov said.

The Pentagon has declined to discuss the ships’ deployment, saying only that the U.S. military routinely sends vessels to the region.

Russia’s Black Sea Fleet is based in Crimea and it has powerful missile and radar facilities on the peninsula.

REVEALED: FBI got secretive Australian hacking firm

to unlock iPhone of San Bernardino terrorist retrieved from link and copied or modified to here

In early 2016, Comey, the much-maligned former FBI head, testified to Congress that they were unable to access the terrorist's phone.

Around this time the FBI contacted Azimuth Securities to see if they could help.

Dowd had already identified a flaw in software used by Mozilla Firefox that could potentially create a way in to the iPhone operating system.

Using this weakness, another Azimuth researcher David Wang was able to get a 'foot in the door', The Washington Post reported.

Wang painstakingly unlocked various security levels until with help from another Azimuth researcher he was able to gain control of the iPhone's core processor.

Very interesting. Much like the very famous Asymetrical [routing] attack once used to breach a firewall.

They went in via a sort of sidewways or from behind way.

In the 2.5/3 Information Circuit Model The .5 interaction between Node A and Node B produces the new result of Marxian Struggle philosohy

I have observed in my life “the power of three” in that in Semantics and most things, here checksuming, getting a complete and correct Information Circuit three things apply. Take a logic information circuit I call 2.5/3 Model. two things, a dialect in between over which the dialogue occurs, two substrates and a substrate between them as the transport.

In other words, the Nodes influence each other during interaction.

> Marx inherited the ideas of class and class struggle from utopian socialism and the theories of Henri de Saint-Simon. These had been given substance by the writings of French historians such as Adolphe Thiers and François Guizot on the French Revolution of 1789. But unlike the French historians, Marx made class **struggle the central fact of social evolution. “The history of all hitherto existing human society is the history of class struggles.**”

> In Marx's view, the dialectical nature of history is expressed in class struggle. With the development of capitalism, the class struggle takes an acute form. Two basic classes, around which other less important classes are grouped, oppose each other in the capitalist system: the owners of the means of production, or bourgeoisie, and the workers, or proletariat. "The bourgeoisie produces its own grave-diggers. The fall of the bourgeoisie and the victory of the proletariat are equally inevitable" (The Communist Manifesto) because

In this case the Nodal and struggle theory is that one of the nodes is inconsistent in its operation, becomes a poison pill of itself, generating, giving rise to a hostile node through the vehicle of .5, then the arisen hostile node b will annihilate Node A which progeneated it, which is to say Capitalism will fail because its imperfect nature result in a defective condition created errors it can not survive.

The Transport is a public key of Node B which is used to encrypt the data, condition the data, from Node A who has a similar but different private key.

There are two laws as follows:

https://byjus.com/physics/kirchoffs-second-law/ *

> Kirchhoff's first law, also known as Kirchhoff's current law (KCL) states that the current flowing into a node must be equal to the current flowing out of the node. This is a consequence of charge conservation.
>
> Kirchhoff's second law, also known as the Kirchhoff's voltage law (KVL) states that the sum of all voltages around a closed loop in any circuit must be equal to zero. This again is a consequence of charge conservation and also conservation of energy.

The Electron is a node. The wire is a node. When they move a field is created which contains Information which is deducted from the engery of the electron in the circuit and appears as the energy in the magnetic field created.

Dialectially this energy is now in most likely air and can be transferred into another system as via induction into a wire of a another circuit, transferring in the energy leaving the first circuit.

Electromagnet - When Current passes through wire a previously nonexistent Electromangetic field is created

[image]

We have created an electromagnet, which behaves just like a regular permanent bar magnet when the current is flowing. Notice that all of the lines of force pass through the center of the core material, regardless of how they extend outside the coil of wire. The direction of magnetic polarity is determined by the direction of current flowing in the coil of wire. The direction that the wire is coiled around the core also determines the direction of magnetic polarity. This is important to know if we want to use the electromagnet to apply a force to another material.

This is complete statement of two sustenance nodes (the electron and wire) and a potentially transitive message (Field) into a Dialectic

The reverse works too. Induction When an electromagnetic field passes over wire a previously nonexistent current is created in the wire

Current is produced in a conductor when it is moved through a magnetic field because the magnetic lines of force are applying a force on the free electrons in the conductor and causing them to move. This process of generating current in a conductor by placing the conductor in a changing magnetic field is called induction. This is called induction

because there is no physical connection between the conductor and the magnet. The current is said to be induced in the conductor by the magnetic field.

One of the advantages of understanding our Environment is it is not random but derived from Laws of Nature and thus as bound to them as we are. From understanding them we can exist in predictable co-existance and synergy with that which we understand and can predict.

It’s important that boaters use the correct channel when communicating on a VHF (very high frequency) marine band radio.

It’s important that boers use the correct channel when communicating on a VHF (very high frequency) marine band radio.

Boater Calling Channel (VHF Channel 9)

The Federal Communications Commission established VHF-FM channel 9 as a supplementary calling channel for noncommercial vessels (recreational boaters) at the request of the U.S. Coast Guard. A ship or shore unit wishing to call a boater would do so on channel 9, and anyone (boaters included) wishing to call a commercial ship or shore activity would continue to do so on channel 16. Recreational boaters would continue to call the Coast Guard and any commercial facility on channel 16.

The purpose of the FCC regulation was to relieve congestion on VHF channel 16, the distress, safety and calling frequency. FCC regulations require boaters having VHF radios to maintain a watch on either VHF channel 9 or channel 16, whenever the radio is turned on and not communicating with another station.

Since the Coast Guard generally does not have the capability of announcing an urgent marine information broadcast or weather warning on channel 9, use of channel 9 is optional. The Coast Guard recommends boaters normally keep tuned to and use channel 16 in those waters unless otherwise notified by the Coast Guard.

Here are the VHF channels most frequently used by recreational boaters. Please note, channel numbers previously designated by a two-digital channel number ending with the letter A are now recognized internationally by a four-digit channel number beginning with a “10.” For example, Channel 22A is now 1022. For a complete list of U.S. VHF marine radio channels, please visit The Navigation Center for Excellence.

When you're out on the water, it's essential that you're familiar with VHF marine radio frequencies and channels. The marine industry specifically uses the VHF frequency range for communication. VHF stands for Very High Frequency, and it's used for ship-to-ship, ship-to-shore, and even ship-to-aircraft two-way communications.

There are plenty of marine channel frequencies, and a few of them are constantly monitored for commercial, private, and coast guard use. There are marine band frequencies dedicated to certain situations, with some VHF weather channels, others specifically for port operations, and others for ship hailing.

The most important VHF channel frequencies are VHF Channel 9 and Channel 16.

Channel 9 is specifically used for the hailing of non-commercial vessels, and can be used for a wide range of important communications. For recreational boaters, it's one of the most important marine radio frequencies to monitor. It should not be used to hail commercial vessels.

Channel 16 is the International Hailing and Distress Frequency. It's a special channel that's used all over the world for the reporting of emergencies and calling for help. It can also be used by the Coast Guard to issue important information and weather warnings. The use of channel 9 (mentioned above) is optional, but keeping tuned to channel 16 is an essential.

It's essential that all boaters monitor these channels.

There are many other marine band frequencies that are used to communicate non-emergency traffic.

Every vessel operating at sea should have a copy of this marine VHF frequency chart available onboard.

Here is a comprehensive table that displays the most important marine VHF frequencies and VHF channels

Channel Ship Ship Use Number Transmit Receive

NOAA Weather Radio Frequencies

WX1 -- 162.550 WX2 -- 162.400 WX3 -- 162.475 WX

All of the above marine frequencies are in MHz. Modulation is 16KF3E or 16KG3E.

Note that the letter “A” indicates simplex use of an international duplex channel, and that operations are different than international operations on that channel. Some VHF transceivers are equipped with an “International - U.S.” switch for that purpose. “A” channels are generally only used in the United States, and use is normally not recognized or allowed outside the U.S.

Boaters should normally use channels listed as Non-Commercial for their working channel. Channel 16 is used for calling other stations or for distress alerting. Channel 13 should be used to contact a ship when there is danger of collision. All ships of length 20m or greater are required to guard VHF channel 13, in addition to VHF channel 16, when operating within U.S. territorial waters. Users may be fined by the FCC for improper use of these channels.

In Summary:

Always remember to monitor the most important VHF radio frequencies, and be careful not to tie-up the emergency channels with unnecessary dialogue. If you've got a problem that isn't an emergency, make sure that you switch channels to ensure that you aren't keeping another vessel from calling for help or reporting an emergency situation.

The third count alleges a conspiracy to encourage resistance to the United States as independent from England thus having instead a "Special Cartel Relationship" with England, and to attempt to effectuate the purpose by subversion of Sovereignty of the United State.

50 No argument seems to be necessary to show that these expressive acts crating KOMPROMAT attack the form of

government of the United States, and that they do support either Subversion or Treason against the Law Abiding via Subversion of them achieved through lawless acts under Color of Law

58 Persecution of the law abiding including use of KOMROMAT ggainst law abiding seems to me perfectly logical. If you have no doubt of your EXISTING CULPABILITY, are still in power and want a certain result with all your heart such as avoiding criminal penalties for assassinations, naturally you will use Espionage to sweep away all opposition and silence your victims and whistle-blowers.

Smear Campaigns, COINTELPRO, Vigilantism, and Federal Building Bombigs

Flying Monkeys are those calling themselves Nobel Savages on Police Business to bring real justice the courts or police can not. Often dupes or schizophrenics the use of police backed vigilantism against alleged pedophiles, etc., is a machinery that fits a public perception of how a person might succumb to violence. Like D-E-W caused 'cancer or car accidents, they attacks by Nobel Savages are bad luck befalling COINTEPRO victims.

Ted Gunderson wrote about the F.B.I, C.I.A, and N.S.A among others of this kind of vigilantism use to silence critics of government officials, persons like himself who seemed especially to have it in for Donald and William Barr, Mueller, Ashcroft, the Bush family themselves.

Gunderson wrote that "people were planted on" him. Appearances were staged of his associations with others that were entirely fabricated and I Ed Donegan can attest they are able to do that by predicting movements, like a route as a return trip home after leaving the grocery store, etc.., Knowing a a route of a person leaving a location is harder to plant people along.

Was Timothy McVeigh a Nobel Savage? Did he bomb the wrong federal building? WACO had an arms stache and ATF was his real target (as was G. Gordon Liddy' after WACO. Reno may have been from a Master Free Mason family silencing Koresh. But the larger plot relates to Texas, Central Texas, the seat of Texas Government, the Bush family, LBJ, home of Dealy Plaza, death site of Lee Harvey Oswald and Ruby. Does the Cabal still thrive and Connive because its weapon of terror is Texas Law Enforcement cabal henchmen?

The one place NEVER to say Bush Killed Kennedy is Texas especially if you are not allowed to own a gun. The reason for TExas resentment to the idea (and national resentment) is a Corruption Network had power before and after JFK was killed. Extra governmental bodies that the Cabal operate through like Zapata Oil have killing power because they have the election money to get their operatives in power, and journalists silenced. And that is what these Federal Buildings do, silence witnesses.

There is certainly a gap between when history occurs and when it is written. How large the disconnect is between the two vary.

The historical painting, The Death of General Wolfe (1771) features a noble-savage Indian observing the behaviours of civilized British soldiers facing the battlefield death of their commanding officer.

Wolfe's part in the taking of Quebec in 1759 earned him lasting fame, and he became an icon of Britain's victory in the Seven Years' War and subsequent territorial expansion. He was depicted in the painting The Death of General Wolfe, which became famous around the world. Wolfe was posthumously dubbed "The Hero of Quebec", "The Conqueror of Quebec", and also "The Conqueror of Canada", since the capture of Quebec led directly to the capture of Montreal, ending French control of the colony.

In Western anthropology, philosophy, and literature, the noble savage is a stock character who is uncorrupted by civilization. As such, the noble savage symbolizes the innate goodness and moral superiority of a primitive people living in harmony with Nature. In the heroic drama of the stageplay The Conquest of Granada by the Spaniards (1672), John Dryden represents the noble savage as an archetype of Man-as-Creature-of-Nature.

The intellectual politics of the Stuart Restoration (1660-1688) expanded Dryden’s playwright usage of savage to denote a human wild beast and a wild man.[4] Concerning
